funds. Rather it is a document use described in this section must be g	Ided with the Annual Budget pursuant to N.J.A.C. 5:30-4. It does not in itself confer any authorization to raise or expend d as part of the local unit's planning and management program. Specific authorization to expend funds for purposes ranted elsewhere, by a separate bond ordinance, by inclusion of a line in the Capital Improvement Section of this money from the Capital Improvement Fund, or other lawful means.
CAPITAL BUDGET	 A plan for all capital expenditures for the current fiscal year. If no Capital Budget is included, check the reason why: Total capital expenditures this year do not exceed \$25,000, including appropriations for Capital Improvement Fund, Capital Line Items and Down Payments for Improvements. No bond ordinances are planned this year.
CAPITAL IMPROVEMENT PLAN	 A multi-year list of planned capital projects, including the current year. Check appropriate box for number of years covered, including current year: 3 years. (Population under 10,000) X 6 years. (Over 10,000 and all county governments) years. (Exceeding minimum time period)

The County of Sussex must adopt a Capital Budget and Capital Improvement Program for the six-year period 2015 through 2020. The Capital Budget is for projects planned to be authorized in 2015. The Capital Improvement Program, in turn, must attempt to project capital expenditures through 2020. The Capital Budget may be amended by resolution during the year for projects not determined at this time or due to a change in project priorities and/or availability of funding.

2015 Capital Budget

Planned projects in the 2015 Capital Budget include annual appropriations for the replacement and enhancement of technology, \$838,750; replacement of Fleet vehicles and equipment, \$591,000; various road improvements, \$10,331,185; bridge replacement and rehabilitation, \$2,762,000; facilities improvements, \$3,001,000, with \$298,170,000 environmental improvements; Sussex County Technical School, \$124,000; and Sussex County Community College, \$3,200,000. The sum of the 2015 Capital Budget is \$21,563,105. Planned funding for 2015 capital projects will come from the following sources:Capital improvement line-items/budget appropriations, \$298,170; Capital Improvement Fund, \$417,000; Capital Surplus, \$15,000; FY2014 & FY2015 NJDOT State Aid, \$4,940,200; FY2013 & FY2014 Local Bridges Future Needs Program Grants, \$2,000,000; NJTPA High Risk Rural Roads Program Grants, \$2,235,735; Vocational School Bonds, \$124,000; County College Bonds, \$1,600,000; Chapter 12 County College Bonds, \$1,600,000; and General Improvement Bonds, \$8,333,000. The planned debt to be authorized would be financed in two ways: temporary financing to meet immediate cash flow needs would be the issuance of bond anticipation notes for a one-year period or less; and/or the permanent financing for these projects through the sale of general obligation, and vocational school bonds to be held when municipal bond market conditions and other factors are favorable.

Debt Service, Net Debt and Remaining Borrowing Capacity

The 2015 Operating Budget contains line-item appropriations totaling \$10,481,000 for the payment of bond principal for outstanding bonds maturing in 2015. Vocational bonds, \$585,000; General Improvement Bonds including Refunding Bonds, \$7,295,000; County College Bond Act, \$865,000; and County College Bonds, \$1,736,000; Interest on Other Bonds, Vocational School Bonds, County College Bonds, and County College Chapter 12 Bonds totals \$2,985,150.

The County's net debt as of December 31, 2014 was \$68,100,067 or thirty-nine hundredths of one per cent of its debt incurring capacity of \$349,593,677. Permanently financed debt for serial bonds amounts to \$88,975,000 and unfunded debt is \$7,600 for Sussex County Technical School improvements, \$400 for various County capital improvements, and \$1,948,544 for the County road reconstruction and resurfacing program (which is reimbursable by NJDOT under the High Risk Rural Roads Program). Solar-related debt service is \$900,000.

Capital Projects Authorized in Calendar Year 2014

Capital appropriations (by bond ordinance) authorized during 2014 included \$1,902,000 for Sussex County Technical School Improvements, \$10,974,600 for Various County Capital Improvements, including computer equipment, public works vehicles, facilities improvements, resurfacing of various roads, roadway, intersection, bridge and drainage improvements, and \$1,948,544 for reconstruction and resurfacing of County roads (subject to reimbursement by NJDOT under the federal High Risk Rural Roads Program grant).

Capital ordinance appropriations authorized during 2014: \$22,120 for Transit vehicle acquisitions funded from capital fund surplus, and \$400,000 for the rehabilitation of Bridge V-39 (Vernon) funded from the Local Bridges, Future Needs grant.

The project cost of the construction or acquisition may include architect's fees, and other 'soft' costs such as engineering and inspection fees, legal expenses, preliminary planning, test and survey expenses, and the costs of authorizing, selling and issuing bonds or notes for permanent or temporary financing.

Temporary and Permanent Financing Activity in 2014

In June 2014, the County sold \$10,305,000 General Obligation Refunding Bonds consisting of \$7,350,000 in General Improvement Refunding Bonds and \$2,955,000 County College Refunding Bonds (County College Bond Act, 1971 NJ Laws c.12), at interest rates of 2.00% to 4.00%, and \$47,394,000 General Obligation Bonds consisting of \$41,746,000 General Improvement Bonds and \$5,648,000 Vocational-Technical School Bonds (NJ School Bond Reserve Act, 1980 NJ Laws c.72), at interest rates of 2.00% to 5.00%.

Capital Process for Capital Construction

The Capital Projects Committee has set forth a detailed planning process for capital construction. This process follows a general theme whereby certain departments/divisions develop plans including specific requests for projects. Those plans are sent to the Capital Projects Committee, which prioritizes the requests using previously adopted criteria for what must be done, should be done and could be done. The initial list contains plenty of the core infrastructure projects that we believe are essential to meeting efficiently and effectively the County's responsibilities for public works, regulation, human services, health and welfare, public safety and educational functions. After thorough review and discussion by the Capital Projects Committee, the recommended list includes projects that have the approvals necessary for construction to start, lacking only the funds to proceed. As well as improvements that may only be in the redesign, design, property acquisition or environmental review stage. Of course, a common management problem that most bedevils states, counties and municipalities is insufficient funding for regular maintenance of the structures that are already in place.

The County has an estimated annual capital spending needs in excess of \$14 million with about 85 percent of the capital budget for repair and replacement projects to keep roads, bridges, and buildings in working order. Facilities improvements, \$2,000,000; vehicles and heavy equipment, \$1,300,000; information technology, including electronic voting systems, \$800,000; roads resurfacing & improvements, \$5,400,000; bridge repair, replacement, and rehabilitation, \$4,500,000. Regular inventory by our Information Systems, Facilities Management, Engineering & Public Works, and Fleet Management staff as to the condition of our infrastructure and vehicles and heavy equipment makes known that the repair and maintenance backlog is beyond the funding capacity. However, the Capital Projects Committee looks at the priorities of the County's infrastructure plan to make the best use of available funding to help ensure that required levels of investment are met to maintain operations. The County's secondary and postsecondary educational institutions, Sussex Technical School and SCCC's capital needs must also be factored into the Capital Budget and Capital Improvement Program.

Implementation and Management of Capital Improvement Projects

The County's infrastructure assets are currently planned, budgeted and managed through the Capital Projects Committee; with elected officials and staff knowledge and experience from all participating departments (engineering, public works, facilities, human services, finance, executive management, fleet management). Consolidation of capital project management responsibility under the Capital Projects Committee facilitates the timeline for moving a project from concept to completion.

Conclusion

The Capital Budget and Capital Improvement Program is a planning tool for updating an effective and efficient infrastructure plan. Although it will not resolve the preventative maintenance deficit. But it will help stretch bond dollars borrowed against future revenues, and generate the most suitable capital appropriations for maintaining a transportation, physical plant, information and education infrastructure that supports County government services.

Annual List of Change Orders Approved Pursuant to N.J.A.C. 5:30-11

Contracting Unit County of Sussex

Year Ending December 31, 2014

The following is a complete list of all change orders which caused the originally awarded contract to be exceeded by more than 20 percent. For regulatory details please consult N.J.S.A. 5:30-11.1 et seq. Please identify each change order by name of the project.

1.			
2.			
3.			
4.			
5.			

For each change order listed above, submit with introduced budget a copy of the governing body resolution authorizing the change order and an Affidavit of Publication for the newspaper notice required by N.J.S.A. 5:30-11.9(d). (Affidavit must include a copy of the newspaper notice.)

If you have not had a change order exceeding the 20 percent threshold for the year indicated above, please check here \Box and certify below.

Date

Clerk of the Governing Body
