Construction Notice – Traffic Signal Enhancements **Distributed: April 29, 2016**

Project:

Traffic Signal Enhancements at Signal SC-06

Intersection of CR 622 (Newton Swartswood Road) and CR 519 (Mill Street) near Sussex County Community College in Newton Twp.

These traffic signal enhancements are being completed in advance of the 2015 High Risk Rural Road safety upgrades of CR 622, which is scheduled to take place Summer/Fall 2016.

Construction Forces:

- Sussex County Office of Bridge & Traffic Safety

Anticipated Schedule:

- Work is preliminarily scheduled to begin on or about Monday, May 2, 2016.
- Anticipated duration of construction work is Approximately 4 weeks.
- Work will be completed intermittently as weather and staffing availability permits.

Traffic Control:

- Lane shifts and closure of auxiliary turn lanes will be utilized for construction.
- Daily deployment of temporary traffic control devices (signs and cones) will be utilized as necessary.
- No full closure of the roadway or detour of traffic is anticipated for this work.

Construction Activities:

- Upgrade existing Signal Head Indications and Housings (i.e. bulbs) from 8" to 12" diameter.
- Install / relocate pedestrian push buttons in accordance with current MUTCD (Manual on Uniform Traffic Control Devices) and ADA (Americans with Disabilities Act) guidelines.
- Install / Upgrade ADA accessible concrete curb ramps (to be completed by contractor as part of 2015 HRRRP project).

Contact Information:

For more information about this project please feel free to contact Matt Sinke, Supervising Engineer, of the Sussex County Division of Engineering at 973-579-0430 or dpw@sussex.nj.us
