

2021 Sussex County Crack Sealing Program **Distributed: June 9, 2022**

PROJECT STARTUP NOTICE

Project:

Asphalt wearing surface Crack Sealing is a core component of the Sussex County pavement maintenance program. Crack Sealing extends the useful service life of a roadway by limiting the infiltration of water into the pavement structure. Work locations are selected based upon an evaluation of pavement conditions, traffic volumes, and in coordination with other roadway maintenance activities.

Crack Sealing Operation CR 604, Byram

Contract & Project Funding:

- Contractor: Reivax Contracting Corporation
- 100% Sussex County Capital Funds
