Note: The bill rates and markups implied therefrom presented above include costs related to the "Affordable Care Act", but exclude certain statutory business and payroll costs that are imposed by some states and local government entities. Such costs include, for example, but are not limited to, Sales Taxes, WA Business and Occupational Tax, Ohio Commercial Activity Tax, San Francisco Payroll Expense Tax, Mandatory Paid Time Off for Illness ("Sick Time"), and other levies on business activity. These costs will be billed separately as incurred, based on actual costs, with no markup. Should any current statutory costs increase substantially or should new statutory costs be mandated, Acro reserves the right to pass the burden of such cost increases through to clients as incurred, based on actual costs, with no markup.

Pricing Sheet
Administrative/Professional/Labor/Technical/Misc.

1. For any job positions that you offer which are not listed here, please use a separate sheet to provide pricing for those positions. Maricopa County and U.S. Communities desire the full range of your company's offering.

2. If your company prefers to price major metropolitan areas separately please do so on a separate sheet.

3. Note: Overtime is calculated based on one and half times the base rate of pay. Should a Participating Public Agency have additional specific overtime requirements, your company has the ability to charge for these additional requirements as a pass through with no additional markup.

Note: The bill rates and markups implied therefrom presented above include costs related to the "Affordable Care Act", but exclude certain statutory business and payroll costs that are imposed by some states and local government entities. Such costs include, for example, but are not limited to, Sales Taxes, WA Business and Occupational Tax, Ohio Commercial Activity Tax, San Francisco Payroll Expense Tax, Mandatory Paid Time Off for Illness ("Sick Time"), and other levies on business activity. These costs will be billed separately as incurred, based on actual costs, with no markup. Should any current statutory costs increase substantially or should new statutory costs be mandated, Acro reserves the right to pass the burden of such cost increases through to clients as incurred, based on actual costs, with no markup.

Pricing Sheet
Administrative/Professional/Labor/Technical/Misc.

1. For any job positions that you offer which are not listed here, please use a separate sheet to provide pricing for those positions. Maricopa County and U.S. Communities desire the full range of your company's offering.

2. If your company prefers to price major metropolitan areas separately please do so on a separate sheet.

3. Note: Overtime is calculated based on one and half times the base rate of pay. Should a Participating Public Agency have additional specific overtime requirements, your company has the ability to charge for these additional requirements as a pass through with no additional markup.

Note: The bill rates and markups implied therefrom presented above include costs related to the "Affordable Care Act", but exclude certain statutory business and payroll costs that are imposed by some states and local government entities. Such costs include, for example, but are not limited to, Sales Taxes, WA Business and Occupational Tax, Ohio Commercial Activity Tax, San Francisco Payroll Expense Tax, Mandatory Paid Time Off for Illness ("Sick Time"), and other levies on business activity. These costs will be billed separately as incurred, based on actual costs, with no markup. Should any current statutory costs increase substantially or should new statutory costs be mandated, Acro reserves the right to pass the burden of such cost increases through to clients as incurred, based on actual costs, with no markup.

Pricing Sheet
Administrative/Professional/Labor/Technical/Misc.

1. For any job positions that you offer which are not listed here, please use a separate sheet to provide pricing for those positions. Maricopa County and U.S. Communities desire the full range of your company's offering.

2. If your company prefers to price major metropolitan areas separately please do so on a separate sheet.

3. Note: Overtime is calculated based on one and half times the base rate of pay. Should a Participating Public Agency have additional specific overtime requirements, your company has the ability to charge for these additional requirements as a pass through with no additional markup.

Note: The bill rates and markups implied therefrom presented above include costs related to the "Affordable Care Act", but exclude certain statutory business and payroll costs that are imposed by some states and local government entities. Such costs include, for example, but are not limited to, Sales Taxes, WA Business and Occupational Tax, Ohio Commercial Activity Tax, San Francisco Payroll Expense Tax, Mandatory Paid Time Off for Illness ("Sick Time"), and other levies on business activity. These costs will be billed separately as incurred, based on actual costs, with no markup. Should any current statutory costs increase substantially or should new statutory costs be mandated, Acro reserves the right to pass the burden of such cost increases through to clients as incurred, based on actual costs, with no markup.

Pricing Sheet
Administrative/Professional/Labor/Technical/Misc.

1. For any job positions that you offer which are not listed here, please use a separate sheet to provide pricing for those positions. Maricopa County and U.S. Communities desire the full range of your company's offering.

2. If your company prefers to price major metropolitan areas separately please do so on a separate sheet.

3. Note: Overtime is calculated based on one and half times the base rate of pay. Should a Participating Public Agency have additional specific overtime requirements, your company has the ability to charge for these additional requirements as a pass through with no additional markup.

Note: The bill rates and markups implied therefrom presented above include costs related to the "Affordable Care Act", but exclude certain statutory business and payroll costs that are imposed by some states and local government entities. Such costs include, for example, but are not limited to, Sales Taxes, WA Business and Occupational Tax, Ohio Commercial Activity Tax, San Francisco Payroll Expense Tax, Mandatory Paid Time Off for Illness ("Sick Time"), and other levies on business activity. These costs will be billed separately as incurred, based on actual costs, with no markup. Should any current statutory costs increase substantially or should new statutory costs be mandated, Acro reserves the right to pass the burden of such cost increases through to clients as incurred, based on actual costs, with no markup.

Pricing Sheet
Administrative/Professional/Labor/Technical/Misc.

1. For any job positions that you offer which are not listed here, please use a separate sheet to provide pricing for those positions. Maricopa County and U.S. Communities desire the full range of your company's offering.

2. If your company prefers to price major metropolitan areas separately please do so on a separate sheet.

3. Note: Overtime is calculated based on one and half times the base rate of pay. Should a Participating Public Agency have additional specific overtime requirements, your company has the ability to charge for these additional requirements as a pass through with no additional markup.

Note: The bill rates and markups implied therefrom presented above include costs related to the "Affordable Care Act", but exclude certain statutory business and payroll costs that are imposed by some states and local government entities. Such costs include, for example, but are not limited to, Sales Taxes, WA Business and Occupational Tax, Ohio Commercial Activity Tax, San Francisco Payroll Expense Tax, Mandatory Paid Time Off for Illness ("Sick Time"), and other levies on business activity. These costs will be billed separately as incurred, based on actual costs, with no markup. Should any current statutory costs increase substantially or should new statutory costs be mandated, Acro reserves the right to pass the burden of such cost increases through to clients as incurred, based on actual costs, with no markup.

Pricing Sheet
Administrative/Professional/Labor/Technical/Misc.

1. For any job positions that you offer which are not listed here, please use a separate sheet to provide pricing for those positions. Maricopa County and U.S. Communities desire the full range of your company's offering.

2. If your company prefers to price major metropolitan areas separately please do so on a separate sheet.

3. Note: Overtime is calculated based on one and half times the base rate of pay. Should a Participating Public Agency have additional specific overtime requirements, your company has the ability to charge for these additional requirements as a pass through with no additional markup.

Note: The bill rates and markups implied therefrom presented above include costs related to the "Affordable Care Act", but exclude certain statutory business and payroll costs that are imposed by some states and local government entities. Such costs include, for example, but are not limited to, Sales Taxes, WA Business and Occupational Tax, Ohio Commercial Activity Tax, San Francisco Payroll Expense Tax, Mandatory Paid Time Off for Illness ("Sick Time"), and other levies on business activity. These costs will be billed separately as incurred, based on actual costs, with no markup. Should any current statutory costs increase substantially or should new statutory costs be mandated, Acro reserves the right to pass the burden of such cost increases through to clients as incurred, based on actual costs, with no markup.

Pricing Sheet
Administrative/Professional/Labor/Technical/Misc.

1. For any job positions that you offer which are not listed here, please use a separate sheet to provide pricing for those positions. Maricopa County and U.S. Communities desire the full range of your company's offering.

2. If your company prefers to price major metropolitan areas separately please do so on a separate sheet.

3. Note: Overtime is calculated based on one and half times the base rate of pay. Should a Participating Public Agency have additional specific overtime requirements, your company has the ability to charge for these additional requirements as a pass through with no additional markup.

Note: The bill rates and markups implied therefrom presented above include costs related to the "Affordable Care Act", but exclude certain statutory business and payroll costs that are imposed by some states and local government entities. Such costs include, for example, but are not limited to, Sales Taxes, WA Business and Occupational Tax, Ohio Commercial Activity Tax, San Francisco Payroll Expense Tax, Mandatory Paid Time Off for Illness ("Sick Time"), and other levies on business activity. These costs will be billed separately as incurred, based on actual costs, with no markup. Should any current statutory costs increase substantially or should new statutory costs be mandated, Acro reserves the right to pass the burden of such cost increases through to clients as incurred, based on actual costs, with no markup.

Pricing Sheet
Administrative/Professional/Labor/Technical/Misc.

1. For any job positions that you offer which are not listed here, please use a separate sheet to provide pricing for those positions. Maricopa County and U.S. Communities desire the full range of your company's offering.

2. If your company prefers to price major metropolitan areas separately please do so on a separate sheet.

3. Note: Overtime is calculated based on one and half times the base rate of pay. Should a Participating Public Agency have additional specific overtime requirements, your company has the ability to charge for these additional requirements as a pass through with no additional markup.

Note: The bill rates and markups implied therefrom presented above include costs related to the "Affordable Care Act", but exclude certain statutory business and payroll costs that are imposed by some states and local government entities. Such costs include, for example, but are not limited to, Sales Taxes, WA Business and Occupational Tax, Ohio Commercial Activity Tax, San Francisco Payroll Expense Tax, Mandatory Paid Time Off for Illness ("Sick Time"), and other levies on business activity. These costs will be billed separately as incurred, based on actual costs, with no markup. Should any current statutory costs increase substantially or should new statutory costs be mandated, Acro reserves the right to pass the burden of such cost increases through to clients as incurred, based on actual costs, with no markup.

Pricing Sheet
Administrative/Professional/Labor/Technical/Misc.

1. For any job positions that you offer which are not listed here, please use a separate sheet to provide pricing for those positions. Maricopa County and U.S. Communities desire the full range of your company's offering.

2. If your company prefers to price major metropolitan areas separately please do so on a separate sheet.

3. Note: Overtime is calculated based on one and half times the base rate of pay. Should a Participating Public Agency have additional specific overtime requirements, your company has the ability to charge for these additional requirements as a pass through with no additional markup.

Note: The bill rates and markups implied therefrom presented above include costs related to the "Affordable Care Act", but exclude certain statutory business and payroll costs that are imposed by some states and local government entities. Such costs include, for example, but are not limited to, Sales Taxes, WA Business and Occupational Tax, Ohio Commercial Activity Tax, San Francisco Payroll Expense Tax, Mandatory Paid Time Off for Illness ("Sick Time"), and other levies on business activity. These costs will be billed separately as incurred, based on actual costs, with no markup. Should any current statutory costs increase substantially or should new statutory costs be mandated, Acro reserves the right to pass the burden of such cost increases through to clients as incurred, based on actual costs, with no markup.

Pricing Sheet
Administrative/Professional/Labor/Technical/Misc.

1. For any job positions that you offer which are not listed here, please use a separate sheet to provide pricing for those positions. Maricopa County and U.S. Communities desire the full range of your company's offering.

2. If your company prefers to price major metropolitan areas separately please do so on a separate sheet.

3. Note: Overtime is calculated based on one and half times the base rate of pay. Should a Participating Public Agency have additional specific overtime requirements, your company has the ability to charge for these additional requirements as a pass through with no additional markup.

Note: The bill rates and markups implied therefrom presented above include costs related to the "Affordable Care Act", but exclude certain statutory business and payroll costs that are imposed by some states and local government entities. Such costs include, for example, but are not limited to, Sales Taxes, WA Business and Occupational Tax, Ohio Commercial Activity Tax, San Francisco Payroll Expense Tax, Mandatory Paid Time Off for Illness ("Sick Time"), and other levies on business activity. These costs will be billed separately as incurred, based on actual costs, with no markup. Should any current statutory costs increase substantially or should new statutory costs be mandated, Acro reserves the right to pass the burden of such cost increases through to clients as incurred, based on actual costs, with no markup.

Pricing Sheet
Administrative/Professional/Labor/Technical/Misc.

1. For any job positions that you offer which are not listed here, please use a separate sheet to provide pricing for those positions. Maricopa County and U.S. Communities desire the full range of your company's offering.

2. If your company prefers to price major metropolitan areas separately please do so on a separate sheet.

3. Note: Overtime is calculated based on one and half times the base rate of pay. Should a Participating Public Agency have additional specific overtime requirements, your company has the ability to charge for these additional requirements as a pass through with no additional markup.

Note: The bill rates and markups implied therefrom presented above include costs related to the "Affordable Care Act", but exclude certain statutory business and payroll costs that are imposed by some states and local government entities. Such costs include, for example, but are not limited to, Sales Taxes, WA Business and Occupational Tax, Ohio Commercial Activity Tax, San Francisco Payroll Expense Tax, Mandatory Paid Time Off for Illness ("Sick Time"), and other levies on business activity. These costs will be billed separately as incurred, based on actual costs, with no markup. Should any current statutory costs increase substantially or should new statutory costs be mandated, Acro reserves the right to pass the burden of such cost increases through to clients as incurred, based on actual costs, with no markup.

Pricing Sheet
Administrative/Professional/Labor/Technical/Misc.

1. For any job positions that you offer which are not listed here, please use a separate sheet to provide pricing for those positions. Maricopa County and U.S. Communities desire the full range of your company's offering.

2. If your company prefers to price major metropolitan areas separately please do so on a separate sheet.

3. Note: Overtime is calculated based on one and half times the base rate of pay. Should a Participating Public Agency have additional specific overtime requirements, your company has the ability to charge for these additional requirements as a pass through with no additional markup.

Note: The bill rates and markups implied therefrom presented above include costs related to the "Affordable Care Act", but exclude certain statutory business and payroll costs that are imposed by some states and local government entities. Such costs include, for example, but are not limited to, Sales Taxes, WA Business and Occupational Tax, Ohio Commercial Activity Tax, San Francisco Payroll Expense Tax, Mandatory Paid Time Off for Illness ("Sick Time"), and other levies on business activity. These costs will be billed separately as incurred, based on actual costs, with no markup. Should any current statutory costs increase substantially or should new statutory costs be mandated, Acro reserves the right to pass the burden of such cost increases through to clients as incurred, based on actual costs, with no markup.

Pricing Sheet
Administrative/Professional/Labor/Technical/Misc.

1. For any job positions that you offer which are not listed here, please use a separate sheet to provide pricing for those positions. Maricopa County and U.S. Communities desire the full range of your company's offering.

2. If your company prefers to price major metropolitan areas separately please do so on a separate sheet.

3. Note: Overtime is calculated based on one and half times the base rate of pay. Should a Participating Public Agency have additional specific overtime requirements, your company has the ability to charge for these additional requirements as a pass through with no additional markup.

Note: The bill rates and markups implied therefrom presented above include costs related to the "Affordable Care Act", but exclude certain statutory business and payroll costs that are imposed by some states and local government entities. Such costs include, for example, but are not limited to, Sales Taxes, WA Business and Occupational Tax, Ohio Commercial Activity Tax, San Francisco Payroll Expense Tax, Mandatory Paid Time Off for Illness ("Sick Time"), and other levies on business activity. These costs will be billed separately as incurred, based on actual costs, with no markup. Should any current statutory costs increase substantially or should new statutory costs be mandated, Acro reserves the right to pass the burden of such cost increases through to clients as incurred, based on actual costs, with no markup.

Pricing Sheet
Administrative/Professional/Labor/Technical/Misc.

1. For any job positions that you offer which are not listed here, please use a separate sheet to provide pricing for those positions. Maricopa County and U.S. Communities desire the full range of your company's offering.

2. If your company prefers to price major metropolitan areas separately please do so on a separate sheet.

3. Note: Overtime is calculated based on one and half times the base rate of pay. Should a Participating Public Agency have additional specific overtime requirements, your company has the ability to charge for these additional requirements as a pass through with no additional markup.

Note: The bill rates and markups implied therefrom presented above include costs related to the "Affordable Care Act", but exclude certain statutory business and payroll costs that are imposed by some states and local government entities. Such costs include, for example, but are not limited to, Sales Taxes, WA Business and Occupational Tax, Ohio Commercial Activity Tax, San Francisco Payroll Expense Tax, Mandatory Paid Time Off for Illness ("Sick Time"), and other levies on business activity. These costs will be billed separately as incurred, based on actual costs, with no markup. Should any current statutory costs increase substantially or should new statutory costs be mandated, Acro reserves the right to pass the burden of such cost increases through to clients as incurred, based on actual costs, with no markup.

Pricing Sheet
Administrative/Professional/Labor/Technical/Misc.

1. For any job positions that you offer which are not listed here, please use a separate sheet to provide pricing for those positions. Maricopa County and U.S. Communities desire the full range of your company's offering.

2. If your company prefers to price major metropolitan areas separately please do so on a separate sheet.

3. Note: Overtime is calculated based on one and half times the base rate of pay. Should a Participating Public Agency have additional specific overtime requirements, your company has the ability to charge for these additional requirements as a pass through with no additional markup.

Note: The bill rates and markups implied therefrom presented above include costs related to the "Affordable Care Act", but exclude certain statutory business and payroll costs that are imposed by some states and local government entities. Such costs include, for example, but are not limited to, Sales Taxes, WA Business and Occupational Tax, Ohio Commercial Activity Tax, San Francisco Payroll Expense Tax, Mandatory Paid Time Off for Illness ("Sick Time"), and other levies on business activity. These costs will be billed separately as incurred, based on actual costs, with no markup. Should any current statutory costs increase substantially or should new statutory costs be mandated, Acro reserves the right to pass the burden of such cost increases through to clients as incurred, based on actual costs, with no markup.

Pricing Sheet
Administrative/Professional/Labor/Technical/Misc.

1. For any job positions that you offer which are not listed here, please use a separate sheet to provide pricing for those positions. Maricopa County and U.S. Communities desire the full range of your company's offering.

2. If your company prefers to price major metropolitan areas separately please do so on a separate sheet.

3. Note: Overtime is calculated based on one and half times the base rate of pay. Should a Participating Public Agency have additional specific overtime requirements, your company has the ability to charge for these additional requirements as a pass through with no additional markup.

Note: The bill rates and markups implied therefrom presented above include costs related to the "Affordable Care Act", but exclude certain statutory business and payroll costs that are imposed by some states and local government entities. Such costs include, for example, but are not limited to, Sales Taxes, WA Business and Occupational Tax, Ohio Commercial Activity Tax, San Francisco Payroll Expense Tax, Mandatory Paid Time Off for Illness ("Sick Time"), and other levies on business activity. These costs will be billed separately as incurred, based on actual costs, with no markup. Should any current statutory costs increase substantially or should new statutory costs be mandated, Acro reserves the right to pass the burden of such cost increases through to clients as incurred, based on actual costs, with no markup.

Pricing Sheet
Administrative/Professional/Labor/Technical/Misc.

1. For any job positions that you offer which are not listed here, please use a separate sheet to provide pricing for those positions. Maricopa County and U.S. Communities desire the full range of your company's offering.

2. If your company prefers to price major metropolitan areas separately please do so on a separate sheet.

3. Note: Overtime is calculated based on one and half times the base rate of pay. Should a Participating Public Agency have additional specific overtime requirements, your company has the ability to charge for these additional requirements as a pass through with no additional markup.

Note: The bill rates and markups implied therefrom presented above include costs related to the "Affordable Care Act", but exclude certain statutory business and payroll costs that are imposed by some states and local government entities. Such costs include, for example, but are not limited to, Sales Taxes, WA Business and Occupational Tax, Ohio Commercial Activity Tax, San Francisco Payroll Expense Tax, Mandatory Paid Time Off for Illness ("Sick Time"), and other levies on business activity. These costs will be billed separately as incurred, based on actual costs, with no markup. Should any current statutory costs increase substantially or should new statutory costs be mandated, Acro reserves the right to pass the burden of such cost increases through to clients as incurred, based on actual costs, with no markup.

Pricing Sheet
Administrative/Professional/Labor/Technical/Misc.

1. For any job positions that you offer which are not listed here, please use a separate sheet to provide pricing for those positions. Maricopa County and U.S. Communities desire the full range of your company's offering.

2. If your company prefers to price major metropolitan areas separately please do so on a separate sheet.

3. Note: Overtime is calculated based on one and half times the base rate of pay. Should a Participating Public Agency have additional specific overtime requirements, your company has the ability to charge for these additional requirements as a pass through with no additional markup.

Note: The bill rates and markups implied therefrom presented above include costs related to the "Affordable Care Act", but exclude certain statutory business and payroll costs that are imposed by some states and local government entities. Such costs include, for example, but are not limited to, Sales Taxes, WA Business and Occupational Tax, Ohio Commercial Activity Tax, San Francisco Payroll Expense Tax, Mandatory Paid Time Off for Illness ("Sick Time"), and other levies on business activity. These costs will be billed separately as incurred, based on actual costs, with no markup. Should any current statutory costs increase substantially or should new statutory costs be mandated, Acro reserves the right to pass the burden of such cost increases through to clients as incurred, based on actual costs, with no markup.

Pricing Sheet
Administrative/Professional/Labor/Technical/Misc.

1. For any job positions that you offer which are not listed here, please use a separate sheet to provide pricing for those positions. Maricopa County and U.S. Communities desire the full range of your company's offering.

2. If your company prefers to price major metropolitan areas separately please do so on a separate sheet.

3. Note: Overtime is calculated based on one and half times the base rate of pay. Should a Participating Public Agency have additional specific overtime requirements, your company has the ability to charge for these additional requirements as a pass through with no additional markup.

Overtime bill rates for non-exempt employees will apply a 24% markup to the overtime wage rates. For example, a non-exempt employee earning a straight-time wage of \$15 per hour will earn \$22.50 per hour when working overtime (\$22.50 = \$15.00 x 150%). The overtime bill rate for this employee will be \$27.90 (\$27.90 = \$22.50 x 124%).

* Overtime wage rates will fluctuate with pay rates and will be equal to 150% of straight-time pay rates for non-exempt employees. Overtime bill rates for non-exempt employees will apply a 24% markup to the overtime wage rates. For example, a non-exempt employee earning a straight-time wage of \$15 per hour will earn \$22.50 per hour when working overtime (\$22.50 = \$15.00 x 150%). The overtime bill rate for this employee will be \$27.90 (\$27.90 = \$22.50 x 124%).

Note: The bill rates and markups implied therefrom presented above include costs related to the "Affordable Care Act", but exclude certain statutory business and payroll costs that are imposed by some states and local government entities. Such costs include, for example, but are not limited to, Sales Taxes, WA Business and Occupational Tax, Ohio Commercial Activity Tax, San Francisco Payroll Expense Tax, Mandatory Paid Time Off for Illness ("Sick Time"), and other levies on business activity. These costs will be billed separately as incurred, based on actual costs, with no markup. Should any current statutory costs increase substantially or should new statutory costs be mandated, Acro reserves the right to pass the burden of such cost increases through to clients as incurred, based on actual costs, with no markup.

* Overtime wage rates will fluctuate with pay rates and will be equal to 150% of straight-time pay rates for non-exempt employees. Overtime bill rates for non-exempt employees will apply a 24% markup to the overtime wage rates. For example, a non-exempt employee earning a straight-time wage of \$15 per hour will earn \$22.50 per hour when working overtime (\$22.50 = \$15.00 x 150%). The overtime bill rate for this employee will be \$27.90 (\$27.90 = \$22.50 x 124%).

Note: The bill rates and markups implied therefrom presented above include costs related to the "Affordable Care Act", but exclude certain statutory business and payroll costs that are imposed by some states and local government entities. Such costs include, for example, but are not limited to, Sales Taxes, WA Business and Occupational Tax, Ohio Commercial Activity Tax, San Francisco Payroll Expense Tax, Mandatory Paid Time Off for Illness ("Sick Time"), and other levies on business activity. These costs will be billed separately as incurred, based on actual costs, with no markup. Should any current statutory costs increase substantially or should new statutory costs be mandated, Acro reserves the right to pass the burden of such cost increases through to clients as incurred, based on actual costs, with no markup.

* Overtime wage rates will fluctuate with pay rates and will be equal to 150% of straight-time pay rates for non-exempt employees. Overtime bill rates for non-exempt employees will apply a 24% markup to the overtime wage rates. For example, a non-exempt employee earning a straight-time wage of \$15 per hour will earn \$22.50 per hour when working overtime (\$22.50 = \$15.00 x 150%). The overtime bill rate for this employee will be \$27.90 (\$27.90 = \$22.50 x 124%).

Note: The bill rates and markups implied therefrom presented above include costs related to the "Affordable Care Act", but exclude certain statutory business and payroll costs that are imposed by some states and local government entities. Such costs include, for example, but are not limited to, Sales Taxes, WA Business and Occupational Tax, Ohio Commercial Activity Tax, San Francisco Payroll Expense Tax, Mandatory Paid Time Off for Illness ("Sick Time"), and other levies on business activity. These costs will be billed separately as incurred, based on actual costs, with no markup. Should any current statutory costs increase substantially or should new statutory costs be mandated, Acro reserves the right to pass the burden of such cost increases through to clients as incurred, based on actual costs, with no markup.

* Overtime wage rates will fluctuate with pay rates and will be equal to 150% of straight-time pay rates for non-exempt employees. Overtime bill rates for non-exempt employees will apply a 24% markup to the overtime wage rates. For example, a non-exempt employee earning a straight-time wage of \$15 per hour will earn \$22.50 per hour when working overtime (\$22.50 = \$15.00 x 150%). The overtime bill rate for this employee will be \$27.90 (\$27.90 = \$22.50 x 124%).

Note: The bill rates and markups implied therefrom presented above include costs related to the "Affordable Care Act", but exclude certain statutory business and payroll costs that are imposed by some states and local government entities. Such costs include, for example, but are not limited to, Sales Taxes, WA Business and Occupational Tax, Ohio Commercial Activity Tax, San Francisco Payroll Expense Tax, Mandatory Paid Time Off for Illness ("Sick Time"), and other levies on business activity. These costs will be billed separately as incurred, based on actual costs, with no markup. Should any current statutory costs increase substantially or should new statutory costs be mandated, Acro reserves the right to pass the burden of such cost increases through to clients as incurred, based on actual costs, with no markup.

* Overtime wage rates will fluctuate with pay rates and will be equal to 150% of straight-time pay rates for non-exempt employees. Overtime bill rates for non-exempt employees will apply a 24% markup to the overtime wage rates. For example, a non-exempt employee earning a straight-time wage of \$15 per hour will earn \$22.50 per hour when working overtime (\$22.50 = \$15.00 x 150%). The overtime bill rate for this employee will be \$27.90 (\$27.90 = \$22.50 x 124%).

Note: The bill rates and markups implied therefrom presented above include costs related to the "Affordable Care Act", but exclude certain statutory business and payroll costs that are imposed by some states and local government entities. Such costs include, for example, but are not limited to, Sales Taxes, WA Business and Occupational Tax, Ohio Commercial Activity Tax, San Francisco Payroll Expense Tax, Mandatory Paid Time Off for Illness ("Sick Time"), and other levies on business activity. These costs will be billed separately as incurred, based on actual costs, with no markup. Should any current statutory costs increase substantially or should new statutory costs be mandated, Acro reserves the right to pass the burden of such cost increases through to clients as incurred, based on actual costs, with no markup.

* Overtime wage rates will fluctuate with pay rates and will be equal to 150% of straight-time pay rates for non-exempt employees. Overtime bill rates for non-exempt employees will apply a 24% markup to the overtime wage rates. For example, a non-exempt employee earning a straight-time wage of \$15 per hour will earn \$22.50 per hour when working overtime (\$22.50 = \$15.00 x 150%). The overtime bill rate for this employee will be \$27.90 (\$27.90 = \$22.50 x 124%).

Note: The bill rates and markups implied therefrom presented above include costs related to the "Affordable Care Act", but exclude certain statutory business and payroll costs that are imposed by some states and local government entities. Such costs include, for example, but are not limited to, Sales Taxes, WA Business and Occupational Tax, Ohio Commercial Activity Tax, San Francisco Payroll Expense Tax, Mandatory Paid Time Off for Illness ("Sick Time"), and other levies on business activity. These costs will be billed separately as incurred, based on actual costs, with no markup. Should any current statutory costs increase substantially or should new statutory costs be mandated, Acro reserves the right to pass the burden of such cost increases through to clients as incurred, based on actual costs, with no markup.

* Overtime wage rates will fluctuate with pay rates and will be equal to 150% of straight-time pay rates for non-exempt employees. Overtime bill rates for non-exempt employees will apply a 24% markup to the overtime wage rates. For example, a non-exempt employee earning a straight-time wage of \$15 per hour will earn \$22.50 per hour when working overtime (\$22.50 = \$15.00 x 150%). * Overtime wage rates will fluctuate with pay rates and will be equal to 150% of straight-time pay rates for non-exempt employees. Overtime bill rates for non-exempt employees will apply a 24% markup to the overtime wage rates. For example, a non-exempt employee earning a straight-time wage of \$15 per hour will earn \$22.50 per hour when working overtime (\$22.50 = \$15.00 x 150%). The overtime bill rate for this employee will be \$27.90 (\$27.90 = \$22.50 x 124%).

Note: The bill rates and markups implied therefrom presented above include costs related to the "Affordable Care Act", but exclude certain statutory business and payroll costs that are imposed by some states and local government entities. Such costs include, for example, but are not limited to, Sales Taxes, WA Business and Occupational Tax, Ohio Commercial Activity Tax, San Francisco Payroll Expense Tax, Mandatory Paid Time Off for Illness ("Sick Time"), and other levies on business activity. These costs will be billed separately as incurred, based on actual costs, with no markup. Should any current statutory costs increase substantially or should new statutory costs be mandated, Acro reserves the right to pass the burden of such cost increases through to clients as incurred, based on actual costs, with no markup.

* Overtime wage rates will fluctuate with pay rates and will be equal to 150% of straight-time pay rates for non-exempt employees. Overtime bill rates for non-exempt employees will apply a 24% markup to the overtime wage rates. For example, a non-exempt employee earning a straight-time wage of \$15 per hour will earn \$22.50 per hour when working overtime (\$22.50 = \$15.00 x 150%). * Overtime wage rates will fluctuate with pay rates and will be equal to 150% of straight-time pay rates for non-exempt employees. Overtime bill rates for non-exempt employees will apply a 24% markup to the overtime wage rates. For example, a non-exempt employee earning a straight-time wage of \$15 per hour will earn \$22.50 per hour when working overtime (\$22.50 = \$15.00 x 150%). The overtime bill rate for this employee will be \$27.90 (\$27.90 = \$22.50 x 124%).

Note: The bill rates and markups implied therefrom presented above include costs related to the "Affordable Care Act", but exclude certain statutory business and payroll costs that are imposed by some states and local government entities. Such costs include, for example, but are not limited to, Sales Taxes, WA Business and Occupational Tax, Ohio Commercial Activity Tax, San Francisco Payroll Expense Tax, Mandatory Paid Time Off for Illness ("Sick Time"), and other levies on business activity. These costs will be billed separately as incurred, based on actual costs, with no markup. Should any current statutory costs increase substantially or should new statutory costs be mandated, Acro reserves the right to pass the burden of such cost increases through to clients as incurred, based on actual costs, with no markup.

* Overtime wage rates will fluctuate with pay rates and will be equal to 150% of straight-time pay rates for non-exempt employees. Overtime bill rates for non-exempt employees will apply a 24% markup to the overtime wage rates. For example, a non-exempt employee earning a straight-time wage of \$15 per hour will earn \$22.50 per hour when working overtime (\$22.50 = \$15.00 x 150%). The overtime bill rate for this employee will be \$27.90 (\$27.90 = \$22.50 x 124%).

Note: The bill rates and markups implied therefrom presented above include costs related to the "Affordable Care Act", but exclude certain statutory business and payroll costs that are imposed by some states and local government entities. Such costs include, for example, but are not limited to, Sales Taxes, WA Business and Occupational Tax, Ohio Commercial Activity Tax, San Francisco Payroll Expense Tax, Mandatory Paid Time Off for Illness ("Sick Time"), and other levies on business activity. These costs will be billed separately as incurred, based on actual costs, with no markup. Should any current statutory costs increase substantially or should new statutory costs be mandated, Acro reserves the right to pass the burden of such cost increases through to clients as incurred, based on actual costs, with no markup.

* Overtime wage rates will fluctuate with pay rates and will be equal to 150% of straight-time pay rates for non-exempt employees. Overtime bill rates for non-exempt employees will apply a 24% markup to the overtime wage rates. For example, a non-exempt employee earning a straight-time wage of \$15 per hour will earn \$22.50 per hour when working overtime (\$22.50 = \$15.00 x 150%). The overtime bill rate for this employee will be \$27.90 (\$27.90 = \$22.50 x 124%).

Such costs include, for example, but are not limited to, Sales Taxes, WA Business and Occupational Tax, Ohio Commercial Activity Tax, San Francisco Payroll Expense Tax, Mandatory Paid Time Off for Illness ("Sick Time"), and other levies on business activity. * Overtime wage rates will fluctuate with pay rates and will be equal to 150% of straight-time pay rates for non-exempt employees. Overtime bill rates for non-exempt employees will apply a 24% markup to the overtime wage rates. For example, a non-exempt employee earning a straight-time wage of \$15 per hour will earn \$22.50 per hour when working overtime (\$22.50 = \$15.00 x 150%). The overtime bill rate for this employee will be \$27.90 (\$27.90 = \$22.50 x 124%).

Note: The bill rates and markups implied therefrom presented above include costs related to the "Affordable Care Act", but exclude certain statutory business and payroll costs that are imposed by some states and local government entities. Such costs include, for example, but are not limited to, Sales Taxes, WA Business and Occupational Tax, Ohio Commercial Activity Tax, San Francisco Payroll Expense Tax, Mandatory Paid Time Off for Illness ("Sick Time"), and other levies on business activity. These costs will be billed separately as incurred, based on actual costs, with no markup. Should any current statutory costs increase substantially or should new statutory costs be mandated, Acro reserves the right to pass the burden of such cost increases through to clients as incurred, based on actual costs, with no markup.

RE: Rate correction request for contract - 16111

Dear Steve,

Thank you for the time to discuss the issue with the A – 1 pricing sheet to contract 16111. We are requesting that the pricing attachment A-1 be amended to correct clerical errors made when we submitted the additional 60+ positions that have been amended to our existing contract. In doing so, mistakes in adding the data to the spreadsheet were made by the operator, affecting rates already in the spreadsheet template and input errors or inaccurate information affected many of the new rates added.

For example, one such error was the CPA in row 29: The operator copied the data from the row below to copy the formula, however they copied the entire row with rates and formula, pasted it in the row above, but failed to enter the new pay rates, this was the case with a number of the errors, this is just one example.

Accounting/Finance	CPA	\$ 9.32	\$ 11.39	31.05%
Accounting/Finance	Fiscal Assistant	\$ 9.32	\$ 11.39	31.05%

The rate for CPA in our 2015 Contract is:

Accounting/Finance	CPA	\$ 28.00	\$ 37.00
--------------------	-----	----------	----------

So we corrected that rate to reflect the proper rates from the existing contract.

In other cells the incorrect rate was input from the existing contract, which was the case in the food service section which has been added to our present contract by addendum from our Texas program, for example:

Food Related Services	Dishwasher	\$ 38.81	\$46.58
-----------------------	------------	----------	---------

A number of the rates added in other classifications with similar errors and we have corrected them with the correct rates..

The correct rates for the dishwasher are \$10.00 to \$13.00/hour.

Food Related Services	<u>Dishwasher</u>	\$ 10.00	\$ 13.00
-----------------------	-------------------	----------	----------

This was the case with many positions where the incorrect data was input, some just clerical error and some the incorrect data was provided.

Finally, in the trades section, the Veterinary Pathologist in our 2015 contract was the last entry for Technical.

Technical	Veterinary Pathologist	\$ 37.50	\$ 45.00
-----------	------------------------	----------	----------

As an example, the rate for the Veterinary Pathologist was input, but during the process of adding the job title it was cut and pasted (Position Category and Job Position) in the Trades Section and when they inserted the cut cells, they selected the option to shift cells up. Therefore, the Job Positions were shifted up to the incorrect rates. As you can see the rates for the Veterinary Pathologist are the rates that are now listed as Boiler Operator I, but affected all titles in the Trades section down to the location where the Veterinary Pathologist was added.

Trades	Boiler Operator I	\$ 37.50	\$ 45.00
Trades	Boiler Operator II	\$ 15.49	\$ 19.06
Trades	Boiler Operator Senior I	\$ 19.11	\$ 21.94

Trades	Trades Utility Worker	\$ 12.97	\$ 19.00
Trades	Tradesman Helper	\$ 9.91	\$ 12.92
Trades	Tradesman Helper Senior	\$ 9.91	\$ 15.96
Trades	Veterinary Pathologist	\$ 15.96	\$ 19.89

To fix this issue, the Veterinary Pathologist was cut and inserted in the proper location next to its rate and the positions were realigned to match their rates.

The 60 job titles were in all States and have been corrected in the same methodology. The exception is the State of New Jersey where there are many more than 455 job titles.

In summary there were 3 reasons for error 1) Incorrect data input from adjoining cells 2) Data input error or incorrect data input and 3) Column alignment inadvertently adjusted.

Also find attached the Excel files you had requested. 1) with corrected rates without the minimum wage adjustment 2) The rate sheet with the minimum adjustment. We also listed the minimum wage applicable to the state in the title section of the spreadsheet. The minimum wage adjustment includes the 21 states that were adjusted for 2017, but also states that were adjusted to be compliant with all minimum wage requirements.

I appreciate your attention to this matter,

Sincerely, Kent

Kent Stastny

MARICOPA COUNTY OFFICE OF PROCUREMENT SERVICES

DETERMINATION: CONTRACT CHANGE/AMENDMENT
BID SERIAL TITLE: STAFFING SERVICES AND RELATED SOLUTIONS AND SERVICES
BID SERIAL NUMBER: 16111-RFP

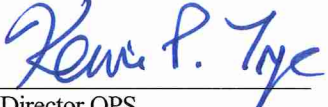

Contractor (ACRO Service Corporation) has requested that this Contract be changed for the following reason(s):
I am permitting this request for the following reason(s):

1. During the process of finalizing the contract the contractor requested to add additional Title Positions that had been added to the previous contract (Exhibit A-1). During this process the spreadsheets were modified incorrectly so position titles and fees no longer aligned correctly.
2. Updated pricing required by new minimum wage rates approved by state (twenty one states).
3. This was not an error in judgement but an administrative error and a mandated increase in minimum wages and did not affect the price analysis of the other offers.
4. The original pricing that was finalized on October 6, 2016 remains for those positions but the titles that were added from the last contract are corrected and the exhibit was updated to reflect the new minimum wage rates by state. This revised Exhibit A-1 replaces the current contract Exhibit A-1 pricing in total.

Based on the above, I hereby determine it to be in the County's interest to change this Contract as requested.

Pricing Sheet
Administrative/Professional/Labor/Technical/Misc.

- 1. For any job positions that you offer which are not listed here, please use a separate sheet to provide pricing for those positions. Maricopa County and U.S. Communities desire the full range of your company's offering.
2. If your company prefers to price major metropolitan areas separately please do so on a separate sheet.
3. Note: Overtime is calculated based on one and half times the base rate of pay. Should a Participating Public Agency have additional specific overtime requirements, your company has the ability to charge for these additional requirements as a pass through with no additional markup.

Arizona

Table with columns: Position Category, Job Position, Pay Rate - Low, Pay Rate - High, Regular Markup, Regular Bill Rate - Low, Regular Bill Rate - High, Overtime Markup, Overtime Bill Rate - Low, Overtime Bill Rate - High. Rows include Accounting/Finance, Call Center/Customer Service, and General Administrative roles.

The markups presented here include costs related to the "Affordable Care Act," but they exclude certain other statutory business and payroll costs that are imposed by some states and municipalities. These costs include charges such as sales taxes, mandatory paid time off for illness ("sick time"), payroll expense taxes, and other levies on business activity. These costs will be billed separately as incurred, based on actual costs, with no markup. Should any current statutory costs increase substantially or should new statutory costs be mandated, Acro reserves the right to pass the burden of such expense increases through to clients, as well.

The markups presented here include costs related to the "Affordable Care Act," but they exclude certain other statutory business and payroll costs that are imposed by some states and municipalities. These costs include charges such as sales taxes, mandatory paid time off for illness ("sick time"), payroll expense taxes, and other levies on business activity. These costs will be billed separately as incurred, based on actual costs, with no markup. Should any current statutory costs increase substantially or should new statutory costs be mandated, Acro reserves the right to pass the burden of such expense increases through to clients, as well.

Pricing Sheet
Administrative/Professional/Labor/Technical/Misc.

1. For any job positions that you offer which are not listed here, please use a separate sheet to provide pricing for those positions. Maricopa County and U.S. Communities desire the full range of your company's offering.

2. If your company prefers to price major metropolitan areas separately please do so on a separate sheet.

3. Note: Overtime is calculated based on one and half times the base rate of pay. Should a Participating Public Agency have additional specific overtime requirements, your company has the ability to charge for these additional requirements as a pass through with no additional markup.

The markups presented here include costs related to the "Affordable Care Act," but they exclude certain other statutory business and payroll costs that are imposed by some states and municipalities. These costs include charges such as sales taxes, mandatory paid time off for illness ("sick time"), payroll expense taxes, and other levies on business activity. These costs will be billed separately as incurred, based on actual costs, with no markup. Should any current statutory costs increase substantially or should new statutory costs be mandated, Acro reserves the right to pass the burden of such expense increases through to clients, as well.

Pricing Sheet
Administrative/Professional/Labor/Technical/Misc.

1. For any job positions that you offer which are not listed here, please use a separate sheet to provide pricing for those positions. Maricopa County and U.S. Communities desire the full range of your company's offering.

2. If your company prefers to price major metropolitan areas separately please do so on a separate sheet.

3. Note: Overtime is calculated based on one and half times the base rate of pay. Should a Participating Public Agency have additional specific overtime requirements, your company has the ability to charge for these additional requirements as a pass through with no additional markup.

Note: The bill rates and markups implied herefrom presented above include costs related to the "Affordable Care Act", but exclude certain statutory business and payroll costs that are imposed by some states and local government entities. Such costs include, for example, but are not limited to, Sales Taxes, WA Business and Occupational Tax, Ohio Commercial Activity Tax, San Francisco Payroll Expense Tax, Mandatory Paid Time Off for Illness ("Sick Time"), and other levies on business activity. These costs will be billed separately as incurred, based on actual costs, with no markup. Should any current statutory costs increase substantially or should new statutory costs be mandated, Acro reserves the right to pass the burden of such cost increases through to clients as incurred, based on actual costs, with no markup.

Pricing Sheet
Administrative/Professional/Labor/Technical/Misc.

1. For any job positions that you offer which are not listed here, please use a separate sheet to provide pricing for those positions. Maricopa County and U.S. Communities desire the full range of your company's offering.

2. If your company prefers to price major metropolitan areas separately please do so on a separate sheet.

3. Note: Overtime is calculated based on one and half times the base rate of pay. Should a Participating Public Agency have additional specific overtime requirements, your company has the ability to charge for these additional requirements as a pass through with no additional markup.

Dear Business Representative:

Congratulations! You are now registered with the New Jersey Division of Revenue.

Use the Taxpayer Identification Number listed above on all correspondence with the Divisions of Revenue and Taxation, as well as with the Department of Labor (if the business is subject to unemployment withholdings). Your tax returns and payments will be filed under this number, and you will be able to access information about your account by referencing it.

APPENDIX A

AMERICANS WITH DISABILITIES ACT OF 1990

Equal Opportunity for Individuals with Disability

The respondent and the County of Sussex, (hereafter "owner") do hereby agree that the provisions of Title 11 of the Americans With Disabilities Act of 1990 (the "Act") (42 U.S.C. S121 01 et seq.), which prohibits discrimination on the basis of disability by public entities in all services, programs, and activities provided or made available by public entities, and the rules and regulations promulgated pursuant there unto, are made a part of this contract. In providing any aid, benefit, or service on behalf of the owner pursuant to this contract, the respondent agrees that the performance will be in strict compliance with the Act. In the event that the respondent, its agents, servants, employees, or subcontractors violate or are alleged to have violated the Act during the performance of this contract, the respondent will defend the owner in any action or administrative proceeding commenced pursuant to this Act. The respondent will indemnify, protect, and save harmless the owner, its agents, servants, and employees from and against any and all suits, claims, losses, demands, or damages, of whatever kind or nature arising out of or claimed to arise out of the alleged violation. The respondent will, at its own expense, appear, defend, and pay any and all charges for legal services and any and all costs and other expenses arising from such action or administrative proceeding or incurred in connection therewith. In any and all complaints brought pursuant to the owner's grievance procedure, the respondent agrees to abide by any decision of the owner which is rendered pursuant to said grievance procedure. If any action or administrative proceeding results in an award of damages against the owner, or if the owner incurs any expense to cure a violation of the ADA which has been brought pursuant to its grievance procedure, the respondent will satisfy and discharge the same at its own expense.

The owner will, as soon as practicable after a claim has been made against it, give written notice thereof to the respondent along with full and complete particulars of the claim. If any action or administrative proceeding is brought against the owner or any of its agents, servants, and employees, the *owner will* expeditiously forward or have forwarded to the respondent every demand, complaint, notice, summons, pleading, or other process received by the owner or its representatives.

It is expressly agreed and understood that any approval by the owner of the services provided by the respondent pursuant to this contract will not relieve the respondent of the obligation to comply with the Act and to defend, indemnify, protect, and save harmless the owner pursuant to this paragraph.

It is further agreed and understood that the owner assumes no obligation to indemnify or save harmless the respondent, its agents, servants, employees and subcontractors for any claim which may arise out of their performance of this Agreement. Furthermore, the respondent expressly understands and agrees that the provisions of this indemnification clause will in no way limit the respondent's obligations assumed in this Agreement, nor will they be construed to relieve the respondent from any liability, nor preclude the owner from taking any other actions available to it under any other provisions of the Agreement or otherwise at law.

In providing any aid, benefit, or service on behalf of the owner pursuant to this contract, the respondent agrees that the performance will be in strict compliance with the Act. In the event that the respondent, its agents, servants, employees, or subcontractors violate or are alleged to have violated the Act during the performance of this contract, the respondent will defend the owner in any action or administrative proceeding commenced pursuant to this Act. The respondent will indemnify, protect, and save harmless the owner, its agents, servants, and employees from and against any and all suits, claims, losses, demands, or damages, of whatever kind or nature arising out of or claimed to arise out of the alleged violation. The respondent will, at its own expense, appear, defend, and pay any and all charges for legal services and any and all costs and other expenses arising from such action or administrative proceeding or incurred in connection therewith. In any and all complaints brought pursuant to the owner's grievance procedure, the respondent agrees to abide by any decision of the owner which is rendered pursuant to said grievance procedure. If any action or administrative proceeding results in an award of damages against the owner, or if the owner incurs any expense to cure a violation of the ADA which has been brought pursuant to its grievance procedure, the respondent will satisfy and discharge the same at its own expense.

The owner will, as soon as practicable after a claim has been made against it, give written notice thereof to the respondent along with full and complete particulars of the claim. If any action or administrative proceeding is brought against the owner or any of its agents, servants, and employees, the *owner will* expeditiously forward or have forwarded to the respondent every demand, complaint, notice, summons, pleading, or other process received by the owner or its representatives.

It is expressly agreed and understood that any approval by the owner of the services provided by the respondent pursuant to this contract will not relieve the respondent of the obligation to comply with the Act and to defend, indemnify, protect, and save harmless the owner pursuant to this paragraph.

It is further agreed and understood that the owner assumes no obligation to indemnify or save harmless the respondent, its agents, servants, employees and subcontractors for any claim which may arise out of their performance of this Agreement. Furthermore, the respondent expressly understands and agrees that the provisions of this indemnification clause will in no way limit the respondent's obligations assumed in this Agreement, nor will they be construed to relieve the respondent from any liability, nor preclude the owner from taking any other actions available to it under any other provisions of the Agreement or otherwise at law.

The following Executive Order applies the State of New Jersey Contracts:

**State of New Jersey
Executive Order #117**

Governor Jon S. Corzine

WHEREAS, the residents of New Jersey are entitled to a government that is effective, efficient, and free from corruption, favoritism, and waste; and

WHEREAS, in pursuit of those goals, a series of actions have been taken in New Jersey since 2004 – through legislation, executive order, and regulation – to protect the integrity of government contractual decisions and increase the public’s confidence in government by prohibiting the awarding of government contracts to business entities that also are contributors to certain candidates and political parties; and

WHEREAS, among those actions were the issuance of Executive Order No. 134 (2004) and the codification of its provisions into statute in P.L.2005, c.51 (C.19:44A-20.13 et seq.) (“Chapter 51”); and

WHEREAS, since its adoption, Chapter 51 has significantly reduced the influence of contractor contributions in the process of awarding State government contracts and has proven to be an effective method of ensuring that merit and cost-effectiveness drive the government contracting process; and

WHEREAS, this administration is committed to ensuring the highest ethical standards in government contracting and rooting out corruption, favoritism, and waste; and

WHEREAS, experience has shown that additional measures are needed to ensure there is no dilution of the protections provided by Chapter 51 against the improper influence of political contributions on the process of awarding State government contracts and to ensure compliance with the provisions of Chapter 51; and

WHEREAS, many State government contractors, particularly those that provide professional services, are business entities whose form of business organization and ownership structure are such that the political contribution limits in Chapter 51 apply to few if any of the individuals who own or control the entity; and

WHEREAS, the strong public interest in limiting political contributions by businesses that contract with the State requires that the contribution limits in Chapter 51 be applied to such individuals and that those limits otherwise be applied in such a way that the purposes of Chapter 51 will be served regardless of the form of business organization of the State government contractor; and

WHEREAS, because New Jersey’s campaign finance laws permit large, and in some cases unlimited, political contributions to flow between and among various types of political committees and State officeholders, the effectiveness of the restrictions in Chapter 51 can be, and have been,

undermined by the current ability of State government contractors to make large contributions to legislative leadership committees and municipal political party committees; and

WHEREAS, the Constitution of this State requires the Governor to manage the operations of State government effectively and fairly, uphold the law to ensure public order and prosperity, and confront and uproot malfeasance in whatever form it may take; and

WHEREAS, it is the Governor's responsibility to safeguard the integrity of the State government procurement process by ensuring that there is no dilution of the protections provided by Chapter 51 against the improper influence of political contributions on the process of awarding and overseeing the performance of State government contracts and that there be full compliance with the provisions of Chapter 51;

NOW, THEREFORE, I, JON S. CORZINE, Governor of the State of New Jersey, by virtue of the authority vested in me by the Constitution and by the Statutes of this State, do hereby ORDER and DIRECT:

1. For the purposes of this Order:

a. "Business entity" means:

i. a for-profit entity as follows:

- A. in the case of a corporation: the corporation, any officer of the corporation, and any person or business entity that owns or controls 10% or more of the stock of the corporation;
- B. in the case of a general partnership: the partnership and any partner;
- C. in the case of a limited partnership: the limited partnership and any partner;
- D. in the case of a professional corporation: the professional corporation and any shareholder or officer;
- E. in the case of a limited liability company: the limited liability company and any member;
- F. in the case of a limited liability partnership: the limited liability partnership and any partner;
- G. in the case of a sole proprietorship: the proprietor; and

To Whom It May Concern:

Pursuant to the New Jersey Local Unit "Pay-to-Play" Law (P.L. 2004, Chapter 19 (as amended by P.L. 2005, c. 51) and P.L. 2005, Chapter 271) the County of Sussex County is required to obtain on an annual basis certain documentation from a business entity when the anticipated or actual value of its contract with the County is in excess of \$17,500. Because your contract with the County is anticipated to meet that threshold in 2018, enclosed are double-sided required Pay-to-Play notifications and forms. Please review the notifications carefully, complete the forms pursuant to the Contractor Instructions, sign and date the forms where indicated, then return the forms to me by email at VForgione@sussex.nj.us. Note that I must receive the forms before I can place a Resolution on the Agenda of the Sussex County Board of Chosen Freeholders authorizing the issuance of purchase orders to your business.

In addition to the foregoing, the Pay-to-Play law also requires a business awarded a contract in excess of \$50,000 a year to file an annual report directly with the New Jersey Election Law Enforcement Commission (ELEC). If your business falls into this category, please attend to this filing as required by law.

Please fill out the enclosed documentation, including a point of contact and e-mail. Thank you in advance for your efforts and assistance in insuring that the County can continue to receive goods and/or services from your agency without disruption to the County of Sussex. If I can assist you in any way, please feel free to contact me.

Very truly yours,

Victoria Forgione, QPA, RPPS

Contractor Instructions

Business entities (contractors) receiving contracts from a public agency that are NOT awarded pursuant to a "fair and open" process (defined at N.J.S.A. 19:44A-20.7) are subject to the provisions of P.L. 2005, c. 271, s.2 (N.J.S.A. 19:44A-20.26). This law provides that 10 days prior to the award of such a contract, the contractor shall disclose contributions to:

- any State, county, or municipal committee of a political party
- any legislative leadership committee*
- any continuing political committee (a.k.a., political action committee)
- any candidate committee of a candidate for, or holder of, an elective office:
 - of the public entity awarding the contract
 - of that county in which that public entity is located
 - of another public entity within that county
 - or of a legislative district in which that public entity is located or, when the public entity is a county, of any legislative district which includes all or part of the county

The disclosure must list reportable contributions to any of the committees that exceed \$300 per election cycle that were made during the 12 months prior to award of the contract. See N.J.S.A. 19:44A-8 and 19:44A-16 for more details on reportable contributions.

N.J.S.A. 19:44A-20.26 itemizes the parties from whom contributions must be disclosed when a business entity is not a natural person. This includes the following:

- individuals with an "interest" ownership or control of more than 10% of the profits or assets of a business entity or 10% of the stock in the case of a business entity that is a corporation for profit
- all principals, partners, officers, or directors of the business entity or their spouses
- any subsidiaries directly or indirectly controlled by the business entity
- IRS Code Section 527 New Jersey based organizations, directly or indirectly controlled by the business entity and filing as continuing political committees, (PACs).

When the business entity is a natural person, "a contribution by that person's spouse or child, residing therewith, shall be deemed to be a contribution by the business entity." [N.J.S.A. 19:44A-20.26(b)] The contributor must be listed on the disclosure.

Any business entity that fails to comply with the disclosure provisions shall be subject to a fine imposed by ELEC in an amount to be determined by the Commission which may be based upon the amount that the business entity failed to report.

The enclosed list of agencies is provided to assist the contractor in identifying those public agencies whose elected official and/or candidate campaign committees are affected by the disclosure requirement. It is the contractor's responsibility to identify the specific committees to which contributions may have been made and need to be disclosed. The disclosed information may exceed the minimum requirement.

The enclosed form, a content-consistent facsimile, or an electronic data file containing the required details (along with a signed cover sheet) may be used as the contractor's submission and is disclosable to the public under the Open Public Records Act.

The contractor must also complete the attached Stockholder Disclosure Certification. This will assist the agency in meeting its obligations under the law. **NOTE: This section does not apply to Board of Education contracts.**

Dear Business Representative:

Congratulations! You are now registered with the New Jersey Division of Revenue.

Use the Taxpayer Identification Number listed above on all correspondence with the Divisions of Revenue and Taxation, as well as with the Department of Labor (if the business is subject to unemployment withholdings). Your tax returns and payments will be filed under this number, and you will be able to access information about your account by referencing it.

We have attached a Proof of Registration Certificate for your use. To comply with the law, if you are currently under contract or entering into a contract with a State agency, you must provide a copy of the certificate to the contracting agency.

If you have any questions or require more information, feel free to call our Registration Hotline at (609)292-9292.

I wish you continued success in your business endeavors.

Sincerely,

This law provides that 10 days prior to the award of such a contract, the contractor shall disclose contributions to:

- any State, county, or municipal committee of a political party
- any legislative leadership committee*

 - or of a legislative district in which that public entity is located or, when the public entity is a county, of any legislative district which includes all or part of the county

The disclosure must list reportable contributions to any of the committees that exceed \$300 per election cycle that were made during the 12 months prior to award of the contract. See N.J.S.A. 19:44A-8 and 19:44A-16 for more details on reportable contributions.

It is the contractor's responsibility to identify the specific committees to which contributions may have been made and need to be disclosed. The disclosed information may exceed the minimum requirement.

The enclosed form, a content-consistent facsimile, or an electronic data file containing the required details (along with a signed cover sheet) may be used as the contractor's submission and is disclosable to the public under the Open Public Records Act.

Dear Mr. Vanderploeg,

The Ogdensburg Police Department, along with myself, were made aware of the request from the Franklin American Legion Post 132 to host a parade on County Route 517 on 28 May 2018 at approximately 0730 hours. The parade route is from the Ogdensburg Fire House on Route 517 to the St. Thomas of Aquin Catholic Church on Kennedy Avenue. The return parade route is reverse of the above.

The Ogdensburg Police Department will assist, as we have done in the past, with traffic control for the parade. The Police Department will provide the necessary amount of Officers and marked patrol units to stop and start motor vehicle traffic on Route 517. The road closure should last no more than fifteen minutes so as not to unnecessarily delay motorists traveling through the Borough of Ogdensburg.

Please contact me if you have any questions or concerns in regard to the above. Thank you in advance.

Sincerely,

Guidelines for Evaluating Requests to install Small Wireless Antennas in the County Rights-of-Way”

Introduction: The County’s residents and visitors are increasingly relying on cellular phones, tablets, portable computers, other mobile smart devices, and wireless broadband services that provide internet connections, carry voice, text, photos, video, and other data to and from such devices. As a result, various companies are seeking to deploy additional systems to extend and expand wireless network capabilities and coverage. The County expects this initiative will result in requests for permission to install small wireless communication devices along with supporting equipment in the County’s rights-of-way, either on existing or new utility poles.

The County finds that there are several state and federal statutory and regulatory schemes that may impact the County’s consideration of such requests.

The County further finds that it is tasked with protecting other important interests of the public, particularly related to, conserving the County’s limited rights-of-way for the long term benefit of the public; preserving the aesthetics and safety of the rights-of-way; and managing the use of the rights-of-way; all of which require the County’s responsible management of the use of the County’s rights-of-way when rendering permitting decisions regarding the safety, placement, construction, and maintenance of wireless facilities which may be permitted in the County rights-of-way. The prudent management of expected requests to utilize the limited right-of-way resource dictates that the County require applicants to obtain applicable municipal and other approvals prior to obtaining permission to utilize the County rights-of-way.

Accordingly, in order to address such important interests consistent with applicable law, the County has determined that it is beneficial to specify the requirements and procedures that will apply to requests for permission to install small wireless communication system antennas and associated equipment in the County rights-of-way.

These guidelines are not meant to apply to small cell tower sites, other similar wireless communications devices and associated equipment, or macrocell sites mounted on tall antenna structures including but not limited to monopoles or lattice towers that are inappropriate for installation in the County’s rights-of-way, but rather only to installations on utility type poles. The County has also determined that it will not permit any installations on street lights or stanchions or traffic signal systems.

General Requirements: Notwithstanding any other law to the contrary, no antenna(s), small cell(s), or other device for wireless communication or poles for the purposes of supporting an antenna may be installed in the County’s right-of-way except in accordance with this Section.

1. Unless otherwise modified herein the Road Open and Access Permit Policy and Land Development Standards will govern.
2. No antenna(s) or antenna pole(s) may be installed in the County's rights-of-way unless and until:
 - a. Applicable permissions and approvals have been obtained and verified, including but not limited to:
 - i. Local Land Use approvals such as Planning and Zoning Approvals,
 - ii. Permissions from the owner(s) of the subject (utility) poles,
 - iii. Permissions of private property owners,
 - iv. Applicable permits secured,
 - v. Consent of the local governing body,
 - vi. Approvals from other jurisdictional entities,
 - vii. The applicant of any proposed antenna(s) or antenna pole(s) shall bear full responsibility for obtaining and demonstrating, with written evidence acceptable to the County, that all approvals have been obtained or that no such approvals are required.
 - b. As applicable, approvals from the Sussex County Planning Board.
 - c. Issuance of the applicable County Road Opening Permit(s).
 - d. Any deviation from these standards will require a Right-of-Way Agreement with the County.
3. Standards:
 - a. Antennas(s) or antenna pole(s) and related equipment established in the County's rights-of-way shall be designed and camouflaged to mitigate negative visible impacts meeting the context of the surrounding area.

 - c. Any antenna, pole, or equipment established within the County's rights-of-way shall be done so in consideration of minimizing impacts to existing or planned circulation facilities.
 - d. Priority shall be provided to establishment of antennas on existing utility or antenna poles.
 - e. The Applicant of any antenna proposed must demonstrate by clear and convincing technical evidence that the inability to install an antenna at the proposed location would prohibit or have the effect of prohibiting the provisions of the telecommunications or personal wireless service.
 - i. An antenna installed on an existing pole shall be no greater than ten percent (10%) or ten (10) feet higher, whichever is less, than the height of the existing utility or antenna pole.

- ii. Any equipment supporting or associated with the establishment of the antenna shall be no greater than 20 square feet and no greater than 2 feet in width.
- f. Establishment of Antenna Pole(s): The Applicant of any proposed antenna pole must demonstrate by clear and convincing technical evidence that co-locating the proposed antenna on an existing utility or antenna pole would prohibit or have the effect of prohibiting the provision of telecommunications or personal wireless service.
 - i. An antenna pole established in the County right-of-way shall be no greater than ten percent (10%) or ten (10) feet higher, whichever is less, than the nearest existing utility pole within the right-of-way (excluding any antenna or other fixture extending beyond the top of the pole) within 50-feet, and in no event shall the antenna pole be greater than 60 feet in height.
 - ii. An antenna established on the antenna pole shall be no greater than ten percent (10%) or ten (10) feet higher, whichever is less, than the antenna pole itself.
 - iii. Any equipment supporting or associated with the establishment of the antenna shall be no greater than 20 square feet and no greater than 2 feet in width.

 - iv. A signed and sealed Engineer's Certification certifying that the design complies with applicable standards for placement adjacent to a roadway.
- l. In no event shall any work permitted under this Section interfere with the existence or operations of any existing or proposed public infrastructure systems or facilities.

- m. All work authorized by a permit issued under this Section shall be the full responsibility of the Applicant, including all design, construction, operations, and maintenance.
 - n. Work authorized under this Section is authorized at the pleasure of the County. It remains the responsibility of the applicant or their assigns to maintain, service, modify, and accommodate future public right-of-way needs, all at their sole cost. Any future maintenance work is subject to applicable Road Opening Permits issued by the County.
 - o. The Applicant is solely responsible for obtaining any real property rights which may be required outside permission to utilize the available County rights-of-way.
 - p. The County reserves the rights at all times to reasonably specify the types and methods of design, construction, and maintenance of the equipment.
4. Responsible Party: Any equipment or systems installed under a permit issued subject to this Section is solely the responsibility of the Applicant their heirs or assigns. This extends to the removal of decommissioned equipment from the rights-of-way.
5. Finality and Appeals: Any decision under this Section by the County Engineer shall be final. Appeals may be made to the Board or in accordance with the rules of NJ courts.
6. Savings Clause: The provisions of this Section are severable. If any part of this section is declared invalid or unenforceable by a competent court of law, that declaration shall not affect the part(s) which remain.

“Guidelines for Evaluating Requests to install a Utility Infrastructure System Access Points to a County Route”

Introduction: The County has received requests to permit County Route access points to service utility infrastructure systems. These include infrastructure systems such as cell towers, utility substations, and solar farms. The County recognizes the nature of these systems, once operational, require minimal visits by the owner/operator. Currently the Land Development Standards include design standards for commercial access points, which are access points that are anticipated to service multiple daily vehicle trips. The operations needs of utility infrastructure access points generally deviate from normal commercial access points in that they service extremely limited vehicle trips. Given the deviation and limited use it is reasonable to conclude that alternate design standards should be provided governing the approval and construction of accesses servicing utility infrastructure systems.

Accordingly, in order to address such operational deviations, the County has established the following design and development parameters which will be used to guide the permitting and construction of utility infrastructure systems requiring limited operational access:

General Requirements – Utility Infrastructure Systems:

1. Unless otherwise modified herein the Road Open and Access Permit Policy and Land Development Standards will govern.
2. For the purpose of this section “Utility Infrastructure Systems” shall be defined as those utility systems which do not require daily vehicle access or staff accommodations, examples include, but are not limited to, cell towers, substations, and solar farms.
3. Utility Infrastructure System Accesses require approval from the Sussex County Planning Board and will be designed in accordance with the Sussex County Land Development Standards unless modified herein.
4. Utility Infrastructure System Accesses will be permitted as needed to provide access to independently operated utility infrastructure systems.
5. Access will be designed to safely accommodate the subject design vehicle movements, including access width and radii.
6. Unless otherwise approved by the County Engineer the access point shall be paved a minimum of 25-ft from the edge of road.
7. Curbing will only be required when curbing systems exist along the adjacent roadway segment OR as may be required to control stormwater.
8. Access locations shall be determined in consideration of AASHTO sight distance requirements. If the AASHTO standards cannot be met the access shall be located at the optimal location along the frontage. Substandard sight distances will require waivers from the Sussex County Planning Board.
9. Access points will require an acceptable on-site turn around.

10. The existing County Route cross-section and drainage patterns shall remain unchanged unless alterations are included in the Permittee's supportive engineering designs (plans) as accepted by the County.
11. The site development and access will not result in the direct uncontrolled discharge of any stormwater or debris into the County rights-of-way.
12. Unless approved in the Permit Plans on file with the Division work under this permit will not alter or impede the flow and management of stormwater in or along the County Route. The Permittee is responsible to provide adequate provisions for all transverse, lateral, and longitudinal drainage facilities and flows affected by construction under this permit.
13. The Permittee accepts responsibility of the Operation and Maintenance of new drainage facilities installed by the Permittee or their agent per the approved plans unless otherwise accepted by the County.
14. All regulatory, warning, and guide signs which may need to be relocated because of the construction of new access points or appurtenances thereto shall be done by the Permittee under the Access Permit. All traffic sign work will shall be completed in substantial conformance with MUTCD and NJDOT standards and require the direct supervision of the Sussex County Division of Engineering.
15. Beam Guide Rail or other type of roadside barrier which must be altered by the work under this permit shall be completed in substantial conformance with current standards by the Permittee through the service of a qualified installer. All guide rail work will require the direct supervision of the Sussex County Division of Engineering.
16. Unless otherwise permitted by the County Engineer access points shall be gated.
17. Utility Infrastructure System Accesses standards shall not apply to access points which are used on a daily basis.

“Guidelines for Evaluating Requests to install an Agricultural Access Point to a County Route”

Introduction: There exists a number of agricultural based operations within Sussex County. The County and public support the continued agricultural endeavors found within and around the County. The County further recognizes that many of the agricultural operations require occasional access to large tracts of land, each potentially segregated to particular agricultural purposes. It is further recognized that the agricultural operations deviate from traditional operational activities considered in the design of other commercial access points. Given the deviation and limited use experienced by some agricultural access points it is reasonable to conclude that alternate design standards should be used to govern the approval and construction of occasional agricultural access points.

Accordingly, in order to address such considerations and use parameters the County has established the following design and development parameters which will be used to guide the permitting and construction of agricultural access points:

Occasional Use Agricultural Access Design Guide:

1. Unless otherwise modified herein the Road Open and Access Permit Policy and Land Development Standards will govern.
2. For the purpose of this section “Occasional or Limited Use” agricultural access points shall be defined as those agricultural access points which do not service prolonged daily reoccurring vehicle needs. These guidelines only apply to “Occasional” Use Agricultural Access points.
3. Occasional use agricultural access points will be permitted as needed to provide access to isolated or independently operated agricultural land parcels. This may include tracts of land segregated by environmentally sensitive areas through which construction or use of an agricultural access would degrade the environmentally sensitive features.
4. Access width should be the minimum required to safely accommodate the design vehicle.
5. Unless otherwise approved by the County Engineer access points shall provide for a stable entrance apron onto the County Route. Stabilization shall be developed in consideration of Soil Erosion and Sediment Control standards and extend for a minimum of 25-ft from the edge of road. Paving and curbing will not be required for traditional limited use agricultural access.
6. Access locations shall be minimized whenever possible by off-road interconnections within the agricultural operations.
7. Access locations shall be determined in consideration of AASHTO sight distance requirements. If the AASHTO standards cannot be met the access shall be located at the optimal location along the frontage. Substandard sight distances may be mitigated by advanced warning signs.

8. Access points will require an acceptable on-site turn around.
9. The existing County Route cross-section and drainage patterns shall remain unchanged unless alterations are included in the Permittee's supportive engineering designs (plans) as accepted by the County.
10. The site development and access will not result in the direct uncontrolled discharge of any stormwater or debris into the County rights-of-way.
11. Unless approved in the Permit Plans on file with the Division work under this permit will not alter or impede the flow and management of stormwater in or along the County Route. The Permittee is responsible to provide adequate provisions for all transverse, lateral, and longitudinal drainage facilities and flows affected by construction under this permit.
12. The Permittee accepts responsibility of the Operation and Maintenance of new drainage facilities installed by the Permittee or their agent per the approved plans unless otherwise accepted by the County.
13. All regulatory, warning, and guide signs which may need to be relocated because of the construction of new access points or appurtenances thereto shall be done by the Permittee under the Access Permit. All traffic sign work will shall be completed in substantial conformance with MUTCD and NJDOT standards and require the direct supervision of the Sussex County Division of Engineering.
14. Beam Guide Rail or other type of roadside barrier which must be altered by the work under this permit shall be completed in substantial conformance with current standards by the Permittee through the service of a qualified installer. All guide rail work will require the direct supervision of the Sussex County Division of Engineering.
15. Unless otherwise permitted by the County Engineer access points shall be gated.
16. Agricultural access points shall not include farm market or other agricultural based operations which invite the general public to a retail operation. These type of access points will be governed by the Sussex County Land Development Standards.

ORDINANCE AMENDING THE PREVIOUSLY ESTABLISHED REGULATIONS GOVERNING ROAD OPENING AND ACCESS PERMITS ISSUED BY THE DIVISION OF ENGINEERING FOR WORK WITHIN THE SUSSEX COUNTY RIGHTS OF WAY AND WORK IMPACTING TRANSPORTATION INFRASTRUCTURE OWNED OR MAINTAINED BY THE COUNTY AND AUGMENTING THE SUSSEX COUNTY LAND DEVELOPMENT STANDARDS

STATEMENT

The Ordinance published herewith has been finally adopted on June 13, 2018 and the 20-day period of limitation within which a suit, action or proceeding questioning the validity of such Ordinance can be commenced has begun to run from the date of the first publication of this statement.

ORDINANCE RE: ORDINANCE AMENDING THE PREVIOUSLY ESTABLISHED REGULATIONS GOVERNING ROAD OPENING AND ACCESS PERMITS ISSUED BY THE DIVISION OF ENGINEERING FOR WORK WITHIN THE SUSSEX COUNTY RIGHTS OF WAY AND WORK IMPACTING TRANSPORTATION INFRASTRUCTURE OWNED OR MAINTAINED BY THE COUNTY AND AUGMENTING THE SUSSEX COUNTY LAND DEVELOPMENT STANDARDS

Summary: This Ordinance will authorize:

- Modifications to the Permit Fee Schedule. The fee schedule has been expanded to include select operational requests commonly received by the Division of Engineering as well as a general reduction in fees.
- Modification to the standard conditions for Road Opening and Access Permits. The updated conditions clarify and define a number of issues related to permit administration, work quality, and public safety.
- Establish guidelines for the review and permitting of small wireless antennas in the County right-of-way under the Road Opening Permit procedures.
- Establish guidelines for evaluating and permitting access points which will service utility infrastructure systems. These include facilities such as cellular towers, utility substations, and solar farms. These access points are currently managed as a typical commercial access under the Land Development Standards. The proposed guidelines recognize these access points operate significantly different from a typical commercial access, specifically typical commercial access points service large volumes of daily traffic, utility infrastructure access points normally operate one to two trips per month. These standard guidelines will be applicable to Planning Board reviews and issuance of permits.
- Establish guidelines for the evaluation and permitting of agricultural access points.
- Provide authorization for the County Engineer or their duly authorized representative to develop formal documentation including applications, checklists, letters, and other documents as may be needed to provide for the efficient and streamlined administration of these policies.

CORRECTIVE ACTION REPORT
2017 Audit Report

County of Sussex

May 2018

Finding #1 **Segregation of Duties – Outside Departments**

1. Description: The County does not maintain an adequate segregation of duties with respect to the recording and treasury functions of outside departments.
2. Analysis: Due to staffing limitations within some outside Departments the County recognizes that segregation of duties is not maintained up to the standards that the auditor would prefer or recommend.
3. Corrective Action: County Finance personnel have received from the auditor the details identifying the specific departments that require a greater segregation of duties. County Finance personnel will meet with the department heads involved, discuss the specifics as provided by the auditor, and to the best of all parties' abilities, implement change to the extent possible.
4. Implementation Date: Continues to be monitored.

Finding #2 **Library Account**

1. Description: Deposit slips were not available for audit inspection.
2. Analysis: Due to personnel error, deposit slips that were in the process of being moved between file cabinets were inadvertently placed with Library records that were set aside for disposal.
3. Corrective Action: An updated procedure has been put into effect where the deposit slips will be kept separate from other files at all times, in a locked file cabinet, and retained through year-end. Arrangements will be made with the County's Office of Records Management for the retention of such records following completion of the auditor field work.
4. Implementation Date: Immediately.
