Note: The bill rates and markups implied therefrom presented above include costs related to the "Affordable Care Act", but exclude certain statutory business and payroll costs that are imposed by some states and local government entities. Such costs include, for example, but are not limited to, Sales Taxes, WA Business and Occupational Tax, Ohio Commercial Activity Tax, San Francisco Payroll Expense Tax, Mandatory Paid Time Off for Illness ("Sick Time"), and other levies on business activity. These costs will be billed separately as incurred, based on actual costs, with no markup. Should any current statutory costs increase substantially or should new statutory costs be mandated, Acro reserves the right to pass the burden of such cost increases through to clients as incurred, based on actual costs, with no markup.

Pricing Sheet
Administrative/Professional/Labor/Technical/Misc.

1. For any job positions that you offer which are not listed here, please use a separate sheet to provide pricing for those positions. Maricopa County and U.S. Communities desire the full range of your company's offering.

2. If your company prefers to price major metropolitan areas separately please do so on a separate sheet.

3. Note: Overtime is calculated based on one and half times the base rate of pay. Should a Participating Public Agency have additional specific overtime requirements, your company has the ability to charge for these additional requirements as a pass through with no additional markup.

Note: The bill rates and markups implied therefrom presented above include costs related to the "Affordable Care Act", but exclude certain statutory business and payroll costs that are imposed by some states and local government entities. Such costs include, for example, but are not limited to, Sales Taxes, WA Business and Occupational Tax, Ohio Commercial Activity Tax, San Francisco Payroll Expense Tax, Mandatory Paid Time Off for Illness ("Sick Time"), and other levies on business activity. These costs will be billed separately as incurred, based on actual costs, with no markup. Should any current statutory costs increase substantially or should new statutory costs be mandated, Acro reserves the right to pass the burden of such cost increases through to clients as incurred, based on actual costs, with no markup.

Pricing Sheet
Administrative/Professional/Labor/Technical/Misc.

1. For any job positions that you offer which are not listed here, please use a separate sheet to provide pricing for those positions. Maricopa County and U.S. Communities desire the full range of your company's offering.

2. If your company prefers to price major metropolitan areas separately please do so on a separate sheet.

3. Note: Overtime is calculated based on one and half times the base rate of pay. Should a Participating Public Agency have additional specific overtime requirements, your company has the ability to charge for these additional requirements as a pass through with no additional markup.

Note: The bill rates and markups implied therefrom presented above include costs related to the "Affordable Care Act", but exclude certain statutory business and payroll costs that are imposed by some states and local government entities. Such costs include, for example, but are not limited to, Sales Taxes, WA Business and Occupational Tax, Ohio Commercial Activity Tax, San Francisco Payroll Expense Tax, Mandatory Paid Time Off for Illness ("Sick Time"), and other levies on business activity. These costs will be billed separately as incurred, based on actual costs, with no markup. Should any current statutory costs increase substantially or should new statutory costs be mandated, Acro reserves the right to pass the burden of such cost increases through to clients as incurred, based on actual costs, with no markup.

Pricing Sheet
Administrative/Professional/Labor/Technical/Misc.

1. For any job positions that you offer which are not listed here, please use a separate sheet to provide pricing for those positions. Maricopa County and U.S. Communities desire the full range of your company's offering.

2. If your company prefers to price major metropolitan areas separately please do so on a separate sheet.

3. Note: Overtime is calculated based on one and half times the base rate of pay. Should a Participating Public Agency have additional specific overtime requirements, your company has the ability to charge for these additional requirements as a pass through with no additional markup.

Note: The bill rates and markups implied therefrom presented above include costs related to the "Affordable Care Act", but exclude certain statutory business and payroll costs that are imposed by some states and local government entities. Such costs include, for example, but are not limited to, Sales Taxes, WA Business and Occupational Tax, Ohio Commercial Activity Tax, San Francisco Payroll Expense Tax, Mandatory Paid Time Off for Illness ("Sick Time"), and other levies on business activity. These costs will be billed separately as incurred, based on actual costs, with no markup. Should any current statutory costs increase substantially or should new statutory costs be mandated, Acro reserves the right to pass the burden of such cost increases through to clients as incurred, based on actual costs, with no markup.

Pricing Sheet
Administrative/Professional/Labor/Technical/Misc.

1. For any job positions that you offer which are not listed here, please use a separate sheet to provide pricing for those positions. Maricopa County and U.S. Communities desire the full range of your company's offering.

2. If your company prefers to price major metropolitan areas separately please do so on a separate sheet.

3. Note: Overtime is calculated based on one and half times the base rate of pay. Should a Participating Public Agency have additional specific overtime requirements, your company has the ability to charge for these additional requirements as a pass through with no additional markup.

Note: The bill rates and markups implied therefrom presented above include costs related to the "Affordable Care Act", but exclude certain statutory business and payroll costs that are imposed by some states and local government entities. Such costs include, for example, but are not limited to, Sales Taxes, WA Business and Occupational Tax, Ohio Commercial Activity Tax, San Francisco Payroll Expense Tax, Mandatory Paid Time Off for Illness ("Sick Time"), and other levies on business activity. These costs will be billed separately as incurred, based on actual costs, with no markup. Should any current statutory costs increase substantially or should new statutory costs be mandated, Acro reserves the right to pass the burden of such cost increases through to clients as incurred, based on actual costs, with no markup.

Pricing Sheet
Administrative/Professional/Labor/Technical/Misc.

1. For any job positions that you offer which are not listed here, please use a separate sheet to provide pricing for those positions. Maricopa County and U.S. Communities desire the full range of your company's offering.

2. If your company prefers to price major metropolitan areas separately please do so on a separate sheet.

3. Note: Overtime is calculated based on one and half times the base rate of pay. Should a Participating Public Agency have additional specific overtime requirements, your company has the ability to charge for these additional requirements as a pass through with no additional markup.

Note: The bill rates and markups implied therefrom presented above include costs related to the "Affordable Care Act", but exclude certain statutory business and payroll costs that are imposed by some states and local government entities. Such costs include, for example, but are not limited to, Sales Taxes, WA Business and Occupational Tax, Ohio Commercial Activity Tax, San Francisco Payroll Expense Tax, Mandatory Paid Time Off for Illness ("Sick Time"), and other levies on business activity. These costs will be billed separately as incurred, based on actual costs, with no markup. Should any current statutory costs increase substantially or should new statutory costs be mandated, Acro reserves the right to pass the burden of such cost increases through to clients as incurred, based on actual costs, with no markup.

Pricing Sheet
Administrative/Professional/Labor/Technical/Misc.

1. For any job positions that you offer which are not listed here, please use a separate sheet to provide pricing for those positions. Maricopa County and U.S. Communities desire the full range of your company's offering.

2. If your company prefers to price major metropolitan areas separately please do so on a separate sheet.

3. Note: Overtime is calculated based on one and half times the base rate of pay. Should a Participating Public Agency have additional specific overtime requirements, your company has the ability to charge for these additional requirements as a pass through with no additional markup.

Note: The bill rates and markups implied therefrom presented above include costs related to the "Affordable Care Act", but exclude certain statutory business and payroll costs that are imposed by some states and local government entities. Such costs include, for example, but are not limited to, Sales Taxes, WA Business and Occupational Tax, Ohio Commercial Activity Tax, San Francisco Payroll Expense Tax, Mandatory Paid Time Off for Illness ("Sick Time"), and other levies on business activity. These costs will be billed separately as incurred, based on actual costs, with no markup. Should any current statutory costs increase substantially or should new statutory costs be mandated, Acro reserves the right to pass the burden of such cost increases through to clients as incurred, based on actual costs, with no markup.

Pricing Sheet
Administrative/Professional/Labor/Technical/Misc.

1. For any job positions that you offer which are not listed here, please use a separate sheet to provide pricing for those positions. Maricopa County and U.S. Communities desire the full range of your company's offering.

2. If your company prefers to price major metropolitan areas separately please do so on a separate sheet.

3. Note: Overtime is calculated based on one and half times the base rate of pay. Should a Participating Public Agency have additional specific overtime requirements, your company has the ability to charge for these additional requirements as a pass through with no additional markup.

Note: The bill rates and markups implied therefrom presented above include costs related to the "Affordable Care Act", but exclude certain statutory business and payroll costs that are imposed by some states and local government entities. Such costs include, for example, but are not limited to, Sales Taxes, WA Business and Occupational Tax, Ohio Commercial Activity Tax, San Francisco Payroll Expense Tax, Mandatory Paid Time Off for Illness ("Sick Time"), and other levies on business activity. These costs will be billed separately as incurred, based on actual costs, with no markup. Should any current statutory costs increase substantially or should new statutory costs be mandated, Acro reserves the right to pass the burden of such cost increases through to clients as incurred, based on actual costs, with no markup.

Pricing Sheet
Administrative/Professional/Labor/Technical/Misc.

1. For any job positions that you offer which are not listed here, please use a separate sheet to provide pricing for those positions. Maricopa County and U.S. Communities desire the full range of your company's offering.

2. If your company prefers to price major metropolitan areas separately please do so on a separate sheet.

3. Note: Overtime is calculated based on one and half times the base rate of pay. Should a Participating Public Agency have additional specific overtime requirements, your company has the ability to charge for these additional requirements as a pass through with no additional markup.

Note: The bill rates and markups implied therefrom presented above include costs related to the "Affordable Care Act", but exclude certain statutory business and payroll costs that are imposed by some states and local government entities. Such costs include, for example, but are not limited to, Sales Taxes, WA Business and Occupational Tax, Ohio Commercial Activity Tax, San Francisco Payroll Expense Tax, Mandatory Paid Time Off for Illness ("Sick Time"), and other levies on business activity. These costs will be billed separately as incurred, based on actual costs, with no markup. Should any current statutory costs increase substantially or should new statutory costs be mandated, Acro reserves the right to pass the burden of such cost increases through to clients as incurred, based on actual costs, with no markup.

Pricing Sheet
Administrative/Professional/Labor/Technical/Misc.

1. For any job positions that you offer which are not listed here, please use a separate sheet to provide pricing for those positions. Maricopa County and U.S. Communities desire the full range of your company's offering.

2. If your company prefers to price major metropolitan areas separately please do so on a separate sheet.

3. Note: Overtime is calculated based on one and half times the base rate of pay. Should a Participating Public Agency have additional specific overtime requirements, your company has the ability to charge for these additional requirements as a pass through with no additional markup.

Note: The bill rates and markups implied therefrom presented above include costs related to the "Affordable Care Act", but exclude certain statutory business and payroll costs that are imposed by some states and local government entities. Such costs include, for example, but are not limited to, Sales Taxes, WA Business and Occupational Tax, Ohio Commercial Activity Tax, San Francisco Payroll Expense Tax, Mandatory Paid Time Off for Illness ("Sick Time"), and other levies on business activity. These costs will be billed separately as incurred, based on actual costs, with no markup. Should any current statutory costs increase substantially or should new statutory costs be mandated, Acro reserves the right to pass the burden of such cost increases through to clients as incurred, based on actual costs, with no markup.

Pricing Sheet
Administrative/Professional/Labor/Technical/Misc.

1. For any job positions that you offer which are not listed here, please use a separate sheet to provide pricing for those positions. Maricopa County and U.S. Communities desire the full range of your company's offering.

2. If your company prefers to price major metropolitan areas separately please do so on a separate sheet.

3. Note: Overtime is calculated based on one and half times the base rate of pay. Should a Participating Public Agency have additional specific overtime requirements, your company has the ability to charge for these additional requirements as a pass through with no additional markup.

Note: The bill rates and markups implied therefrom presented above include costs related to the "Affordable Care Act", but exclude certain statutory business and payroll costs that are imposed by some states and local government entities. Such costs include, for example, but are not limited to, Sales Taxes, WA Business and Occupational Tax, Ohio Commercial Activity Tax, San Francisco Payroll Expense Tax, Mandatory Paid Time Off for Illness ("Sick Time"), and other levies on business activity. These costs will be billed separately as incurred, based on actual costs, with no markup. Should any current statutory costs increase substantially or should new statutory costs be mandated, Acro reserves the right to pass the burden of such cost increases through to clients as incurred, based on actual costs, with no markup.

Pricing Sheet
Administrative/Professional/Labor/Technical/Misc.

1. For any job positions that you offer which are not listed here, please use a separate sheet to provide pricing for those positions. Maricopa County and U.S. Communities desire the full range of your company's offering.

2. If your company prefers to price major metropolitan areas separately please do so on a separate sheet.

3. Note: Overtime is calculated based on one and half times the base rate of pay. Should a Participating Public Agency have additional specific overtime requirements, your company has the ability to charge for these additional requirements as a pass through with no additional markup.

Note: The bill rates and markups implied therefrom presented above include costs related to the "Affordable Care Act", but exclude certain statutory business and payroll costs that are imposed by some states and local government entities. Such costs include, for example, but are not limited to, Sales Taxes, WA Business and Occupational Tax, Ohio Commercial Activity Tax, San Francisco Payroll Expense Tax, Mandatory Paid Time Off for Illness ("Sick Time"), and other levies on business activity. These costs will be billed separately as incurred, based on actual costs, with no markup. Should any current statutory costs increase substantially or should new statutory costs be mandated, Acro reserves the right to pass the burden of such cost increases through to clients as incurred, based on actual costs, with no markup.

Pricing Sheet
Administrative/Professional/Labor/Technical/Misc.

1. For any job positions that you offer which are not listed here, please use a separate sheet to provide pricing for those positions. Maricopa County and U.S. Communities desire the full range of your company's offering.

2. If your company prefers to price major metropolitan areas separately please do so on a separate sheet.

3. Note: Overtime is calculated based on one and half times the base rate of pay. Should a Participating Public Agency have additional specific overtime requirements, your company has the ability to charge for these additional requirements as a pass through with no additional markup.

Note: The bill rates and markups implied therefrom presented above include costs related to the "Affordable Care Act", but exclude certain statutory business and payroll costs that are imposed by some states and local government entities. Such costs include, for example, but are not limited to, Sales Taxes, WA Business and Occupational Tax, Ohio Commercial Activity Tax, San Francisco Payroll Expense Tax, Mandatory Paid Time Off for Illness ("Sick Time"), and other levies on business activity. These costs will be billed separately as incurred, based on actual costs, with no markup. Should any current statutory costs increase substantially or should new statutory costs be mandated, Acro reserves the right to pass the burden of such cost increases through to clients as incurred, based on actual costs, with no markup.

Pricing Sheet
Administrative/Professional/Labor/Technical/Misc.

1. For any job positions that you offer which are not listed here, please use a separate sheet to provide pricing for those positions. Maricopa County and U.S. Communities desire the full range of your company's offering.

2. If your company prefers to price major metropolitan areas separately please do so on a separate sheet.

3. Note: Overtime is calculated based on one and half times the base rate of pay. Should a Participating Public Agency have additional specific overtime requirements, your company has the ability to charge for these additional requirements as a pass through with no additional markup.

Note: The bill rates and markups implied therefrom presented above include costs related to the "Affordable Care Act", but exclude certain statutory business and payroll costs that are imposed by some states and local government entities. Such costs include, for example, but are not limited to, Sales Taxes, WA Business and Occupational Tax, Ohio Commercial Activity Tax, San Francisco Payroll Expense Tax, Mandatory Paid Time Off for Illness ("Sick Time"), and other levies on business activity. These costs will be billed separately as incurred, based on actual costs, with no markup. Should any current statutory costs increase substantially or should new statutory costs be mandated, Acro reserves the right to pass the burden of such cost increases through to clients as incurred, based on actual costs, with no markup.

Pricing Sheet
Administrative/Professional/Labor/Technical/Misc.

1. For any job positions that you offer which are not listed here, please use a separate sheet to provide pricing for those positions. Maricopa County and U.S. Communities desire the full range of your company's offering.

2. If your company prefers to price major metropolitan areas separately please do so on a separate sheet.

3. Note: Overtime is calculated based on one and half times the base rate of pay. Should a Participating Public Agency have additional specific overtime requirements, your company has the ability to charge for these additional requirements as a pass through with no additional markup.

Note: The bill rates and markups implied therefrom presented above include costs related to the "Affordable Care Act", but exclude certain statutory business and payroll costs that are imposed by some states and local government entities. Such costs include, for example, but are not limited to, Sales Taxes, WA Business and Occupational Tax, Ohio Commercial Activity Tax, San Francisco Payroll Expense Tax, Mandatory Paid Time Off for Illness ("Sick Time"), and other levies on business activity. These costs will be billed separately as incurred, based on actual costs, with no markup. Should any current statutory costs increase substantially or should new statutory costs be mandated, Acro reserves the right to pass the burden of such cost increases through to clients as incurred, based on actual costs, with no markup.

Pricing Sheet
Administrative/Professional/Labor/Technical/Misc.

1. For any job positions that you offer which are not listed here, please use a separate sheet to provide pricing for those positions. Maricopa County and U.S. Communities desire the full range of your company's offering.

2. If your company prefers to price major metropolitan areas separately please do so on a separate sheet.

3. Note: Overtime is calculated based on one and half times the base rate of pay. Should a Participating Public Agency have additional specific overtime requirements, your company has the ability to charge for these additional requirements as a pass through with no additional markup.

Note: The bill rates and markups implied therefrom presented above include costs related to the "Affordable Care Act", but exclude certain statutory business and payroll costs that are imposed by some states and local government entities. Such costs include, for example, but are not limited to, Sales Taxes, WA Business and Occupational Tax, Ohio Commercial Activity Tax, San Francisco Payroll Expense Tax, Mandatory Paid Time Off for Illness ("Sick Time"), and other levies on business activity. These costs will be billed separately as incurred, based on actual costs, with no markup. Should any current statutory costs increase substantially or should new statutory costs be mandated, Acro reserves the right to pass the burden of such cost increases through to clients as incurred, based on actual costs, with no markup.

Pricing Sheet
Administrative/Professional/Labor/Technical/Misc.

1. For any job positions that you offer which are not listed here, please use a separate sheet to provide pricing for those positions. Maricopa County and U.S. Communities desire the full range of your company's offering.

2. If your company prefers to price major metropolitan areas separately please do so on a separate sheet.

3. Note: Overtime is calculated based on one and half times the base rate of pay. Should a Participating Public Agency have additional specific overtime requirements, your company has the ability to charge for these additional requirements as a pass through with no additional markup.

Note: The bill rates and markups implied therefrom presented above include costs related to the "Affordable Care Act", but exclude certain statutory business and payroll costs that are imposed by some states and local government entities. Such costs include, for example, but are not limited to, Sales Taxes, WA Business and Occupational Tax, Ohio Commercial Activity Tax, San Francisco Payroll Expense Tax, Mandatory Paid Time Off for Illness ("Sick Time"), and other levies on business activity. These costs will be billed separately as incurred, based on actual costs, with no markup. Should any current statutory costs increase substantially or should new statutory costs be mandated, Acro reserves the right to pass the burden of such cost increases through to clients as incurred, based on actual costs, with no markup.

Pricing Sheet
Administrative/Professional/Labor/Technical/Misc.

1. For any job positions that you offer which are not listed here, please use a separate sheet to provide pricing for those positions. Maricopa County and U.S. Communities desire the full range of your company's offering.

2. If your company prefers to price major metropolitan areas separately please do so on a separate sheet.

3. Note: Overtime is calculated based on one and half times the base rate of pay. Should a Participating Public Agency have additional specific overtime requirements, your company has the ability to charge for these additional requirements as a pass through with no additional markup.

Note: The bill rates and markups implied therefrom presented above include costs related to the "Affordable Care Act", but exclude certain statutory business and payroll costs that are imposed by some states and local government entities. Such costs include, for example, but are not limited to, Sales Taxes, WA Business and Occupational Tax, Ohio Commercial Activity Tax, San Francisco Payroll Expense Tax, Mandatory Paid Time Off for Illness ("Sick Time"), and other levies on business activity. These costs will be billed separately as incurred, based on actual costs, with no markup. Should any current statutory costs increase substantially or should new statutory costs be mandated, Acro reserves the right to pass the burden of such cost increases through to clients as incurred, based on actual costs, with no markup.

Pricing Sheet
Administrative/Professional/Labor/Technical/Misc.

- For any job positions that you offer which are not listed here, please use a separate sheet to provide pricing for those positions. Maricopa County and U.S. Communities desire the full range of your company's offering.
- If your company prefers to price major metropolitan areas separately please do so on a separate sheet.
- Note: Overtime is calculated based on one and half times the base rate of pay. Should a Participating Public Agency have additional specific overtime requirements, your company has the ability to charge for these additional requirements as a pass through with no additional markup.

Note: The bill rates and markups implied therefrom presented above include costs related to the "Affordable Care Act", but exclude certain statutory business and payroll costs that are imposed by some states and local government entities. Such costs include, for example, but are not limited to, Sales Taxes, WA Business and Occupational Tax, Ohio Commercial Activity Tax, San Francisco Payroll Expense Tax, Mandatory Paid Time Off for Illness ("Sick Time"), and other levies on business activity. These costs will be billed separately as incurred, based on actual costs, with no markup. Should any current statutory costs increase substantially or should new statutory costs be mandated, Acro reserves the right to pass the burden of such cost increases through to clients as incurred, based on actual costs, with no markup.

Pricing Sheet
Administrative/Professional/Labor/Technical/Misc.

1. For any job positions that you offer which are not listed here, please use a separate sheet to provide pricing for those positions. Maricopa County and U.S. Communities desire the full range of your company's offering.

2. If your company prefers to price major metropolitan areas separately please do so on a separate sheet.

3. Note: Overtime is calculated based on one and half times the base rate of pay. Should a Participating Public Agency have additional specific overtime requirements, your company has the ability to charge for these additional requirements as a pass through with no additional markup.

Note: The bill rates and markups implied therefrom presented above include costs related to the "Affordable Care Act", but exclude certain statutory business and payroll costs that are imposed by some states and local government entities. Such costs include, for example, but are not limited to, Sales Taxes, WA Business and Occupational Tax, Ohio Commercial Activity Tax, San Francisco Payroll Expense Tax, Mandatory Paid Time Off for Illness ("Sick Time"), and other levies on business activity. These costs will be billed separately as incurred, based on actual costs, with no markup. Should any current statutory costs increase substantially or should new statutory costs be mandated, Acro reserves the right to pass the burden of such cost increases through to clients as incurred, based on actual costs, with no markup.

Pricing Sheet
Administrative/Professional/Labor/Technical/Misc.

1. For any job positions that you offer which are not listed here, please use a separate sheet to provide pricing for those positions. Maricopa County and U.S. Communities desire the full range of your company's offering.

2. If your company prefers to price major metropolitan areas separately please do so on a separate sheet.

3. Note: Overtime is calculated based on one and half times the base rate of pay. Should a Participating Public Agency have additional specific overtime requirements, your company has the ability to charge for these additional requirements as a pass through with no additional markup.

Note: The bill rates and markups implied therefrom presented above include costs related to the "Affordable Care Act", but exclude certain statutory business and payroll costs that are imposed by some states and local government entities. Such costs include, for example, but are not limited to, Sales Taxes, WA Business and Occupational Tax, Ohio Commercial Activity Tax, San Francisco Payroll Expense Tax, Mandatory Paid Time Off for Illness ("Sick Time"), and other levies on business activity. These costs will be billed separately as incurred, based on actual costs, with no markup. Should any current statutory costs increase substantially or should new statutory costs be mandated, Acro reserves the right to pass the burden of such cost increases through to clients as incurred, based on actual costs, with no markup.

Pricing Sheet
Administrative/Professional/Labor/Technical/Misc.

1. For any job positions that you offer which are not listed here, please use a separate sheet to provide pricing for those positions. Maricopa County and U.S. Communities desire the full range of your company's offering.

2. If your company prefers to price major metropolitan areas separately please do so on a separate sheet.

3. Note: Overtime is calculated based on one and half times the base rate of pay. Should a Participating Public Agency have additional specific overtime requirements, your company has the ability to charge for these additional requirements as a pass through with no additional markup.

Note: The bill rates and markups implied therefrom presented above include costs related to the "Affordable Care Act", but exclude certain statutory business and payroll costs that are imposed by some states and local government entities. Such costs include, for example, but are not limited to, Sales Taxes, WA Business and Occupational Tax, Ohio Commercial Activity Tax, San Francisco Payroll Expense Tax, Mandatory Paid Time Off for Illness ("Sick Time"), and other levies on business activity. These costs will be billed separately as incurred, based on actual costs, with no markup. Should any current statutory costs increase substantially or should new statutory costs be mandated, Acro reserves the right to pass the burden of such cost increases through to clients as incurred, based on actual costs, with no markup.

Pricing Sheet
Administrative/Professional/Labor/Technical/Misc.

1. For any job positions that you offer which are not listed here, please use a separate sheet to provide pricing for those positions. Maricopa County and U.S. Communities desire the full range of your company's offering.

2. If your company prefers to price major metropolitan areas separately please do so on a separate sheet.

3. Note: Overtime is calculated based on one and half times the base rate of pay. Should a Participating Public Agency have additional specific overtime requirements, your company has the ability to charge for these additional requirements as a pass through with no additional markup.

Note: The bill rates and markups implied therefrom presented above include costs related to the "Affordable Care Act", but exclude certain statutory business and payroll costs that are imposed by some states and local government entities. Such costs include, for example, but are not limited to, Sales Taxes, WA Business and Occupational Tax, Ohio Commercial Activity Tax, San Francisco Payroll Expense Tax, Mandatory Paid Time Off for Illness ("Sick Time"), and other levies on business activity. These costs will be billed separately as incurred, based on actual costs, with no markup. Should any current statutory costs increase substantially or should new statutory costs be mandated, Acro reserves the right to pass the burden of such cost increases through to clients as incurred, based on actual costs, with no markup.

Pricing Sheet
Administrative/Professional/Labor/Technical/Misc.

1. For any job positions that you offer which are not listed here, please use a separate sheet to provide pricing for those positions. Maricopa County and U.S. Communities desire the full range of your company's offering.

2. If your company prefers to price major metropolitan areas separately please do so on a separate sheet.

3. Note: Overtime is calculated based on one and half times the base rate of pay. Should a Participating Public Agency have additional specific overtime requirements, your company has the ability to charge for these additional requirements as a pass through with no additional markup.

Note: The bill rates and markups implied therefrom presented above include costs related to the "Affordable Care Act", but exclude certain statutory business and payroll costs that are imposed by some states and local government entities. Such costs include, for example, but are not limited to, Sales Taxes, WA Business and Occupational Tax, Ohio Commercial Activity Tax, San Francisco Payroll Expense Tax, Mandatory Paid Time Off for Illness ("Sick Time"), and other levies on business activity. These costs will be billed separately as incurred, based on actual costs, with no markup. Should any current statutory costs increase substantially or should new statutory costs be mandated, Acro reserves the right to pass the burden of such cost increases through to clients as incurred, based on actual costs, with no markup.

Pricing Sheet
Administrative/Professional/Labor/Technical/Misc.

1. For any job positions that you offer which are not listed here, please use a separate sheet to provide pricing for those positions. Maricopa County and U.S. Communities desire the full range of your company's offering.

2. If your company prefers to price major metropolitan areas separately please do so on a separate sheet.

3. Note: Overtime is calculated based on one and half times the base rate of pay. Should a Participating Public Agency have additional specific overtime requirements, your company has the ability to charge for these additional requirements as a pass through with no additional markup.

Note: The bill rates and markups implied therefrom presented above include costs related to the "Affordable Care Act", but exclude certain statutory business and payroll costs that are imposed by some states and local government entities. Such costs include, for example, but are not limited to, Sales Taxes, WA Business and Occupational Tax, Ohio Commercial Activity Tax, San Francisco Payroll Expense Tax, Mandatory Paid Time Off for Illness ("Sick Time"), and other levies on business activity. These costs will be billed separately as incurred, based on actual costs, with no markup. Should any current statutory costs increase substantially or should new statutory costs be mandated, Acro reserves the right to pass the burden of such cost increases through to clients as incurred, based on actual costs, with no markup.

Pricing Sheet
Administrative/Professional/Labor/Technical/Misc.

1. For any job positions that you offer which are not listed here, please use a separate sheet to provide pricing for those positions. Maricopa County and U.S. Communities desire the full range of your company's offering.

2. If your company prefers to price major metropolitan areas separately please do so on a separate sheet.

3. Note: Overtime is calculated based on one and half times the base rate of pay. Should a Participating Public Agency have additional specific overtime requirements, your company has the ability to charge for these additional requirements as a pass through with no additional markup.

Note: The bill rates and markups implied therefrom presented above include costs related to the "Affordable Care Act", but exclude certain statutory business and payroll costs that are imposed by some states and local government entities. Such costs include, for example, but are not limited to, Sales Taxes, WA Business and Occupational Tax, Ohio Commercial Activity Tax, San Francisco Payroll Expense Tax, Mandatory Paid Time Off for Illness ("Sick Time"), and other levies on business activity. These costs will be billed separately as incurred, based on actual costs, with no markup. Should any current statutory costs increase substantially or should new statutory costs be mandated, Acro reserves the right to pass the burden of such cost increases through to clients as incurred, based on actual costs, with no markup.

Pricing Sheet
Administrative/Professional/Labor/Technical/Misc.

1. For any job positions that you offer which are not listed here, please use a separate sheet to provide pricing for those positions. Maricopa County and U.S. Communities desire the full range of your company's offering.

2. If your company prefers to price major metropolitan areas separately please do so on a separate sheet.

3. Note: Overtime is calculated based on one and half times the base rate of pay. Should a Participating Public Agency have additional specific overtime requirements, your company has the ability to charge for these additional requirements as a pass through with no additional markup.

Note: The bill rates and markups implied therefrom presented above include costs related to the "Affordable Care Act", but exclude certain statutory business and payroll costs that are imposed by some states and local government entities. Such costs include, for example, but are not limited to, Sales Taxes, WA Business and Occupational Tax, Ohio Commercial Activity Tax, San Francisco Payroll Expense Tax, Mandatory Paid Time Off for Illness ("Sick Time"), and other levies on business activity. These costs will be billed separately as incurred, based on actual costs, with no markup. Should any current statutory costs increase substantially or should new statutory costs be mandated, Acro reserves the right to pass the burden of such cost increases through to clients as incurred, based on actual costs, with no markup.

Pricing Sheet
Administrative/Professional/Labor/Technical/Misc.

1. For any job positions that you offer which are not listed here, please use a separate sheet to provide pricing for those positions. Maricopa County and U.S. Communities desire the full range of your company's offering.

2. If your company prefers to price major metropolitan areas separately please do so on a separate sheet.

3. Note: Overtime is calculated based on one and half times the base rate of pay. Should a Participating Public Agency have additional specific overtime requirements, your company has the ability to charge for these additional requirements as a pass through with no additional markup.

Note: The bill rates and markups implied therefrom presented above include costs related to the "Affordable Care Act", but exclude certain statutory business and payroll costs that are imposed by some states and local government entities. Such costs include, for example, but are not limited to, Sales Taxes, WA Business and Occupational Tax, Ohio Commercial Activity Tax, San Francisco Payroll Expense Tax, Mandatory Paid Time Off for Illness ("Sick Time"), and other levies on business activity. These costs will be billed separately as incurred, based on actual costs, with no markup. Should any current statutory costs increase substantially or should new statutory costs be mandated, Acro reserves the right to pass the burden of such cost increases through to clients as incurred, based on actual costs, with no markup.

Pricing Sheet
Administrative/Professional/Labor/Technical/Misc.

1. For any job positions that you offer which are not listed here, please use a separate sheet to provide pricing for those positions. Maricopa County and U.S. Communities desire the full range of your company's offering.

2. If your company prefers to price major metropolitan areas separately please do so on a separate sheet.

3. Note: Overtime is calculated based on one and half times the base rate of pay. Should a Participating Public Agency have additional specific overtime requirements, your company has the ability to charge for these additional requirements as a pass through with no additional markup.

Note: The bill rates and markups implied therefrom presented above include costs related to the "Affordable Care Act", but exclude certain statutory business and payroll costs that are imposed by some states and local government entities. Such costs include, for example, but are not limited to, Sales Taxes, WA Business and Occupational Tax, Ohio Commercial Activity Tax, San Francisco Payroll Expense Tax, Mandatory Paid Time Off for Illness ("Sick Time"), and other levies on business activity. These costs will be billed separately as incurred, based on actual costs, with no markup. Should any current statutory costs increase substantially or should new statutory costs be mandated, Acro reserves the right to pass the burden of such cost increases through to clients as incurred, based on actual costs, with no markup.

Pricing Sheet
Administrative/Professional/Labor/Technical/Misc.

1. For any job positions that you offer which are not listed here, please use a separate sheet to provide pricing for those positions. Maricopa County and U.S. Communities desire the full range of your company's offering.
2. If your company prefers to price major metropolitan areas separately please do so on a separate sheet.
3. Note: Overtime is calculated based on one and half times the base rate of pay. Should a Participating Public Agency have additional specific overtime requirements, your company has the ability to charge for these additional requirements as a pass through with no additional markup.

Note: The bill rates and markups implied therefrom presented above include costs related to the "Affordable Care Act", but exclude certain statutory business and payroll costs that are imposed by some states and local government entities. Such costs include, for example, but are not limited to, Sales Taxes, WA Business and Occupational Tax, Ohio Commercial Activity Tax, San Francisco Payroll Expense Tax, Mandatory Paid Time Off for Illness ("Sick Time"), and other levies on business activity. These costs will be billed separately as incurred, based on actual costs, with no markup. Should any current statutory costs increase substantially or should new statutory costs be mandated, Acro reserves the right to pass the burden of such cost increases through to clients as incurred, based on actual costs, with no markup.

Pricing Sheet
Administrative/Professional/Labor/Technical/Misc.

1. For any job positions that you offer which are not listed here, please use a separate sheet to provide pricing for those positions. Maricopa County and U.S. Communities desire the full range of your company's offering.

2. If your company prefers to price major metropolitan areas separately please do so on a separate sheet.

3. Note: Overtime is calculated based on one and half times the base rate of pay. Should a Participating Public Agency have additional specific overtime requirements, your company has the ability to charge for these additional requirements as a pass through with no additional markup.
