Resolution Summary
Capital Project/Asset Bid Award

RESOLUTION RE: AWARD OF CONTRACT FOR THE 2021 SUSSEX COUNTY ROAD RESURFACING PROGRAM FOR THE COUNTY OF SUSSEX, DEPARTMENT OF ENGINEERING AND PLANNING TO RIVERVIEW PAVING INC., IN THE AMOUNT OF \$10,773,923.57

Description of project awarded or asset purchased including need for same:

This project advances the 2021 Sussex County Road Resurfacing Program. The 2021 program includes milling and construction of a new asphalt wearing surface on approximately 34.36 miles of county road segments.

Age/condition of asset to be replaced: (where applicable)

The target roads were last resurfaced between 1996-2007 and have provided between 14 and 25 years of wearing surface service life.

Table comparing overall and unit pricing of bids submitted:

Bid summary table is attached.

Project estimate: (including source of estimate)

The project estimate is \$10,773,923.57 based on the Engineer's Estimate.

Discussion of variance of low bid either +10% or -10% from project estimate:

The Division of Engineering has reviewed the low bid in comparison to the Engineer's Estimate. The low bid, in the amount of \$10,773,923.57 subceeds the Engineer's Estimate of \$11,045,829.35 by \$271,905.78 and represents a 2.46% decrease below the Engineer's Estimate.

A review of the individual bid items indicates that this decrease below the Engineer's Estimate is driven primarily by two items: Item 12 – HMA Milling, 3" or Less and Item 15 – Hot Mix Asphalt 9.5 M 64 Surface Course. As the unit price provided in the low bid for these two items do not appear inconsistent with currently available unit pricing on other contracts or the unit prices provided by other bidders and both of these items could be influenced by fluctuations due to fuel or asphalt price changes, this deviation from the Engineer's estimate is acceptable.
