## **Bridge X-48 Geotechnical Soil Borings**

**Distributed: April 21, 2020**

### **Project:**

#### **Replacement of Bridge X-48**

Carrying Mudtown Road over Clove Brook, Wantage Township

### **Traffic Advisory:**

The design consultant for the project will perform additional soil borings to further evaluate the subsurface conditions in preparation for the design of the replacement structure.

A truck mounted drilling rig will be mobilized to the bridge site to perform the soil boring operation.

### **Traffic Impacts:**

Mudtown Road, at Bridge X-48, will remain open to traffic during the geotechnical investigation, utilizing a single lane closure and flagging operation.

Access to driveways will be maintained throughout the duration of the operation.

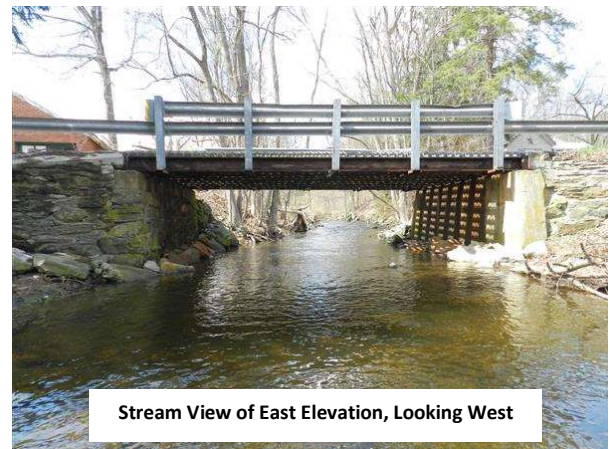

### **Schedule:**

The geotechnical investigation is expected to take one day with traffic delays expected from 7:00 AM to 5:00 PM on either:

- Friday April 24<sup>th</sup> or Monday April 27<sup>th</sup>
- Schedule subject to change pending weather conditions or other unforeseen circumstances.

### **Contact Information:**

For more information regarding this notice or the bridge replacement project, please contact Susan Delmar at the Sussex County Division of Engineering at 973-579-0430 extension 1339 or [sdelmar@sussex.nj.us](mailto:sdelmar@sussex.nj.us).
