**I. County Guaranteed Leasing Program, Series 2004 (County Guaranteed)**

On August 4, 2004, the MCI A established a County Guaranteed Leasing Program with the Banc of America Leasing and Capital, LLC, up to a maximum amount of \$10,000,000. On June 12, 2006 this amount was increased to \$20,000,000. On June 11, 2007 it was increased an additional \$10,000,000 to \$30,000,000. The Leasing Program is being entered into to provide low cost, timely and turnkey lease financing to local units desiring to lease finance their equipment needs. The MCI A (Lessee) through a master lease purchase agreement which in 2005 was changed to Commerce Commercial Leasing, LLC (Lessor), requests lessor to finance the acquisition of equipment on behalf of the local units.

Concurrently with or subsequent to the execution and delivery of this Lease, Lessee shall enter into a "Sublease Purchase Agreement", with a political subdivision of the State or a state or local governmental unit within the meaning of 1.103-1(a) of the Treasury Regulations promulgated under the Internal Code of 1986, as amended ("*Sublessee*"), pursuant to which Lessee will sublease the Equipment to Sublessee.

In consideration of Lessor and Lessee entering into this Lease, Lessee intends to issue to Lessor a performance bond in a principal amount up to the Maximum Program Amount, which Bond will be issued directly to Lessor and will be payable to Lessor only upon a deficiency in Rental Payments due and owing under the Sublease, in which case the County of Morris will have fully, unconditionally and irrevocably guaranteed the payment of the principal of the Bond up to the Maximum Program Amount, plus interest thereon.

9) Budget and Audit Submission Requirements

- a) Has the current years budget been approved and adopted by the Division of Local Government Services? Yes
- b) Has the previous years audit been completed and submitted to the Division of Local Government Services? Yes.
- c) Provide a statement of the impact on the local unit or units budget, debt service requirements, debt service ratings, local tax rate and service fees if the proposed project is implemented or the proposed project financing is undertaken.

The Authority's obligation to pay debt service on the Series 2011 Bonds is limited solely to the Basic Lease Payments of the Company under the Company Lease Agreement. As a result, debt service on the Series 2011 Bonds will have no impact on the Authority's finances. The expenses (i.e., trustee and Authority expenses) of administering the Series 2011 Bonds will be covered by the Authority's annual Administrative Fee in the amount of approximately \$20,000 payable by the Company under the Company Lease Agreement as an Additional Lease Payment, and the Authority's approximately \$100,000 up front Administrative Fee payable out of a portion of the Series 2011 Bonds.

This issue will require the Authority to appropriate from approximately \$2.3M to 5.4M per year (the initial year's amortization shall be provided with the proceeds of the Series 2011B Notes to be issued and repaid in 2013) in its budget in order to meet the debt service payments on the Series 2011 Bonds (the amortization on the Series 2011 Bonds may be front - loaded, in which case these amounts shall change - see Part II). The Series 2011 Bonds are further secured by the general obligation guaranty of the County of Sussex and the full faith and credit of the County of Sussex under the County Guaranty. The Authority anticipates an equal amount of revenue to offset debt service and other expenses related to the administration of the bond issue. Therefore, there will be no effect on the Authority's budget.

The issue will not affect the Authority's bond rating since the Series 2011 Bonds will be rated on the underlying credit worthiness of the County of Sussex. The Authority has no ad valorem taxing power. The Series 2011 Bonds are not expected to affect the County of Sussex's credit rating, since the anticipated cash flows from the Program are expected to be sufficient to allow the Company to make its Basic Lease Payments under the Company Lease Agreement in full and on time. To the extent notwithstanding any such anticipation, if the County Guaranty is to be called upon, the County of Sussex shall have secured a reimbursement from the Letter of Credit or other County Security to be provided by the solar vendor Company along with their RFP responses to fund the County Deficiency Amount, or alternatively, the transaction shall be structured to avoid any such deficiency, as discussed herein.

The issue will have no impact on the bond rating of the Series 2011 Local Units as under the Program, they have no obligation to repay the debt service on the Authority's Series 2011 Bonds.

d) Has the Annual Debt Statement been submitted to the Division of Local Government Services? yes.  
(if applicable) (yes/no)

e) Has the Supplemental Debt Statement for this proposed issuance of obligations been submitted to the Division of Local Government Services? N/A  
(if applicable) (yes/no)

f) Has the Capital Budget been adopted? N/A  
(if applicable) (yes/no)

10) Provide a certified copy of an introduced ordinance and/or resolution adopted by the local unit indicating the intent of the local unit for the issuance of the proposed obligation(s).  
(if applicable)

See Authority resolutions regarding application to Local Finance Board, tab 4, Part I, and Authority resolution seeking the County of Sussex N.J.S.A. 40:37A-56 (i) approvals and seeking the County of Sussex's N.J.S.A. 40:37A-80 guaranty of the Bonds in tab 7, Part V(a)(ii), that was adopted at the Authority's board meeting of April 19, 2011.

See County of Sussex guaranty ordinance pursuant to N.J.S.A. 40:37A-80 and County of Sussex authorizing resolution pursuant to N.J.S.A. 40:37A-56 (i) in tab 7, Part V(b)(i) and (ii).

**PART III**

**TRANSACTIONS TO FINANCE THE CONSTRUCTION OR ACQUISITION OF FACILITIES, INFRASTRUCTURE, EQUIPMENT, ETC.**

1) Description of Proposed Project:

See Executive Summary and Exhibit II-A to Part II for a breakdown of Renewable Energy Project Costs, per Series 2011 Local Unit. These are estimates, pending receipt of responses to the RFP by the solar vendors.

2) Who will: a) Use the Renewable Energy Project (i.e. solar projects):

Each Participating Local Unit shall purchase the renewable energy produced by the Renewable Energy Projects for use in their respective Local Unit Facilities, as required by the PPA and the Local Unit License Agreements.

b) Operate and Maintain the Renewable Energy Projects:

The Company, as required under the Company Lease Agreement.

c) Own the Renewable Energy Projects:

The Authority for State law purposes, subject to the lease by the Authority to the Company under the Company Lease Agreement, which Company shall own the Renewable Energy Projects for Federal income tax purposes in order to take advantage of the Federal income tax benefits available for solar financing, the benefits of which shall inure to the Series 2011 Local Units in the form of a lower PPA price.

Note: No Capital Improvement Projects are anticipated (i.e., roofing improvements), but if required, they shall be owned, maintained and used by the respective Series 2011 Local Units.

3) When will the facilities (i.e., the Projects) be fully acquired or completed?

Completed - The private solar developer is entitled to queue the projects under the terms of the RFP, and a firm deadline shall be established, after which the solar developer will incur economic penalties. The original RFP period will be one year to complete all 21 projects, although this may change due to RFP responses. It is difficult to predict with greater accuracy until the RFP responses have been received and reviewed.

Acquired - all Projects will be acquired within the timeframe set forth above.

4) Provide a breakdown of the hard cost of the proposed project being constructed, acquired, etc. EXCLUDING financing costs, such as capitalized interest, cost of issuance, etc.

See list of participants and Renewable Energy Projects attached to the Executive Summary \*. The Authority's energy consultants, Gabel Associates, and PMK Birdsall have estimated \$6.00 per watt (for approximately 9.37 MW of power = approximately \$47M project costs) in arriving at the estimated solar costs is a safe assumption, although the Authority anticipates, but cannot guaranty, lower costs.

\*\* The Project Development costs consist of fees for the one year plus period of development of the Program by the Authority, its energy consultants and its counsel plus development costs (e.g. Local Unit site review and procurement process) exist for each Program tranche. This is a not to exceed amount.

To the extent an up to \$2M Federal Department of Energy Grant that is earmarked for the County of Sussex is realized, the DOE Grant may be used to offset a portion of the Series 2011 Bonds, or otherwise be used as a source of funds.

- 
- \* Break out for Renewable Energy Projects (Solar) is attached to the Executive Summary. The approximately \$47M aggregate of project costs is an estimate as we are waiting for proposals.
  - \*\* The not to exceed Series 2011 Bond authorization is \$50,000,000. Therefore, if these costs come in higher than projected, the Authority shall decrease the scope of the Project if necessary, probably through the downsizing of one or more Local Unit Facilities, or come back to LFB for a supplemental appropriation. At some point, if the solar project costs come in too high, there will not be energy savings generated under applicable law, a pre-condition to moving forward with the transaction.

(part III)

5) Schedule of Project Permits: Standard Building Permits, and site plan review/approval (typically on a courtesy basis since the property owners remain the local governments) for ground or parking canopy Renewable Energy Projects.

The Series 2011 School Board Local Units are applying for amendments to their Long Range Facilities Plan regarding their Projects pursuant to N.J.S.A. 18A:7G-4 and N.J.A.C. 6A:26-2.1 to 2.3.

**IMPACT OF THE PROPOSED FINANCING  
ON THE COUNTY OF SUSSEX, NEW JERSEY**

**Tax Rate Effect on Sussex County as Guarantor:**

In this transaction, an unconditional and irrevocable guaranty by Sussex County of the principal of and interest on the Series 2011 Bonds pursuant to N.J.S.A. 40:37A-80 will be provided. There is no anticipated adverse tax rate effect on Sussex County in its capacity as Guarantor since (i) Sussex County expects cash flow generated from the Program to be sufficient to allow the Company to make its Basic Lease Payments on time and in full, and (ii) Sussex County shall be entitled to reimbursement for any County Guaranty payment in accordance with the County Deficiency Amount concept described earlier in this LFB Application, and restated immediately below, or, as noted herein, depending on Company proposals received, to the extent the County Deficiency Amount is structurally eliminated in any such received proposals.

If Sussex County makes a payment under their County Guaranty (and/or defeases the Series 2011B Notes for \$1), the County of Sussex shall be reimbursed from a combination of the following: (i) PPA payments (the solar projects shall be owned by the Authority for State law purposes, but leased to the solar developer under the lease purchase agreement to convey federal tax ownership to the solar developer – in the event of a solar developer default, the lease goes away, and the Authority's ownership rights are no longer subject to the lien of the lease with the solar developer. In this instance, the panels will not be removed from the Series 2011 Local Unit roofs, and the Series 2011 Local Units shall continue to make PPA payments under their respective license agreements. Since the Solar developer has defaulted, the bond holders will have been paid by the County guaranty, at that point, the Bond Resolution and related documents provide that the PPA payments by the Series 2011 Local Units made under their still in existence license agreement go to reimburse the County of Sussex for draws under the County Guaranty, (ii) SRECs (similar analysis to (i) above), and (iii) a County Deficiency Amount posted by the Solar Developer. The County Deficiency Amount is established by the winning solar developer under the competitive contracting RFP process as the difference between the amount of the County Guaranty, and the sum of the future PPA payments ((i) above) and SRECs ((ii) above). The County recognizes there is this gap, a delta, so the solar developers are required to close that gap defined under the RFP, the Bond Resolution and related documents as the County Deficiency Amount, through the provision of cash, a letter of credit, a parent guaranty, and/or some other security acceptable to the County of Sussex. In addition to PPA price, this provision of security back to the County of Sussex is one of the most important evaluation criteria (Section 6.2 of the RFP) to be reviewed by the Authority and the County of Sussex in selecting the solar developer under the RFP, in addition to experience and ability to perform. The County of Sussex considered full solar developer security for the entire amount of the County Guaranty, (a) but the County of Sussex appreciates that the cost of same will dramatically reduce effective PPA pricing and (b), since the PPA payments and SRECs are expected to continue, the County of Sussex has determined its true risk that needs to be managed is the County Deficiency Amount, and therefore the County of Sussex is focused on maximizing the security for that amount.

In Somerset IA's Tranche I, the County Deficiency Amount was eliminated when the proposed amortization in the initial post capitalized interest period was equal to half of the bond issue, with the sole condition being the construction of the projects. Since that condition was further secured with a payment and performance bond in the amount of the Tranche I bond issue, the Authority and County of Sussex anticipated, in Tranche I, that the initial amortization payment would be made. At that point, remaining SRECS and PPA payments provided in excess of 100% debt service coverage. The Authority and County of Sussex will strongly consider such an alternative structure, if presented in this tranche, as security is one of the primary considerations for selection of a solar developer under the Authority's competitive contracting process.

**Tax Rate Effect on the series 2011 Local Units:**

This financing should have a positive tax rate effect for the Series 2011 Local Unit boards of education, municipalities, nonprofits and the County of Sussex, as Series 2011 Local Units, because (i) they have no obligation to repay the Series 2011 Bond debt service and (ii) the PPA price shall be locked in at a rate anticipated to be lower than the existing retail rate. In Tranche I, these savings average 35%. Similar recent transactions had savings of 60%.

RESOLUTION AUTHORIZING THE ISSUANCE OF COUNTY OF SUSSEX GUARANTEED RENEWABLE ENERGY PROGRAM LEASE REVENUE NOTES AND BONDS, SERIES 2011 AND ADDITIONAL BONDS OF THE MORRIS COUNTY IMPROVEMENT AUTHORITY

WHEREAS, the County of Sussex, New Jersey, a political subdivision of the State (the "County") desires to undertake the development and implementation of a renewable energy program (the "Renewable Energy Program") for the financing, design, permitting, acquisition, construction, installation, operation and maintenance of renewable energy capital equipment and facilities such as solar panels, wind turbines, and hydro-electric, bio-diesel, geothermal, and biomass facilities, including any related electrical modifications, work related to the maintenance of roof warranties, or other work required, desirable or convenient for the installation of such systems (collectively, the renewable energy capital equipment and facilities, the "Renewable Energy Projects") for and on behalf of the County and its affiliates, and the local governmental units within the County, including without limitation municipalities, boards of education for school districts, local authorities and any other local government instrumentalities, public bodies or other local government entities (collectively, including the County, the "Local Units");

WHEREAS, the Morris County Improvement Authority (the "Authority") has been duly created by resolution no. 42 entitled "Resolution of the Board of Chosen Freeholders of Morris County, New Jersey creating the Morris County Improvement Authority" duly adopted by the Board of Chosen Freeholders (the "Morris County Board of Freeholders") of the County of Morris (the "Morris County") in the State of New Jersey (the "State") on April 10, 2002 as a public body corporate and politic of the State pursuant to and in accordance with the county improvement authorities law, constituting Chapter 183 of the Pamphlet Laws of 1960 of the State, and the acts amendatory thereof and supplemental thereto (as codified at N.J.S.A. 40:37A-44 et seq., the "Act"), and other applicable law;

WHEREAS, as of the date hereof, the County has not created its own county improvement authority, and therefore pursuant to the Act, the County may determine to utilize the services of another county improvement authority, including without limitation the Authority, with the consent of both the County, a beneficiary county under the Act, and the Morris County Board of Freeholders, for any purpose for which an improvement authority shall exist, including those set forth in Section 11 of the Act (N.J.S.A. 40:37A-54, "Section 11"), which purposes include the development and implementation of the Renewable Energy Program;

WHEREAS, the County desires to implement the Renewable Energy Program through the Authority pursuant to the Act, the Uniform Shared Services and Consolidation Act, constituting Chapter 63 of the Pamphlet Laws of 2007 of the State, and the acts amendatory [00016247-1]

thereof and supplemental thereto (as codified at N.J.S.A. 40A:65-1 et seq., the "Shared Services Act"), and all other applicable law, the terms of which agreement has been set forth in that certain "Service Agreement (Sussex County Renewable Energy Program)" dated as of March 1, 2011 (as amended and supplemented from time to time in accordance with its terms, the "Service Agreement") between the County and the Authority, and consented to by Morris County;

WHEREAS, the County has determined to enter into the Service Agreement and utilize the services of the Authority and the Authority Consultants (as hereinafter defined) for the following primary reasons: (i) the County does not have a county improvement authority, which type of entity possesses legal authority to enter into the kind of transactions that make a successful regional Renewable Energy Program more likely to succeed, (ii) Morris County has developed and implemented its own renewable energy program through the Authority, which Authority has retained (in accordance with all applicable law) experienced legal, engineering, energy consulting, and financial advisory consultants, consisting of the Authority's energy engineering and energy service consulting firms, Birdsdall Services Group and Gabel Associates, its energy counsel and bond counsel, Inglesino, Pearlman, Wyciskala & Taylor, LLC, and its financial advisor, NW Financial Group, LLC, (collectively, the "Authority Consultants") and (iii) accordingly, it is more administratively efficient for the County to utilize the services of the Authority and the Authority Consultants to implement the Renewable Energy Program, with such changes as desired by the County, rather than incur the time and expense of the County establishing a new program;

WHEREAS, in addition, Sussex County may determine, but shall not be required, to seek the assistance of its auditor, financial advisor, if any, bond counsel, energy consultant, engineer or any other professional advisors deemed necessary, desirable and convenient by Sussex County (the "Sussex County Consultants"), if any, and together with the Authority Consultants, the "Consultants"; to the extent Sussex County determines not to hire any Sussex County Consultants, references to the term Consultants herein shall be deemed to mean the Authority Consultants) to assist the Authority, the County and the Authority Consultants in connection with the Renewable Energy Program;

WHEREAS, the Renewable Energy Projects procured under the Renewable Energy Program, limited initially to solar panels, are to be installed on, in, affixed or adjacent to and/or for any other Local Unit controlled buildings, other structures, lands or other properties of the Local Units (collectively, the "Local Unit Facilities");

WHEREAS, it may be necessary, desirable or convenient, in connection with the financing, design, permitting, acquisition, construction, installation, operation and maintenance of the Renewable Energy Projects, to finance, design, permit, acquire, construct, renovate and install certain capital improvements to the Local Unit Facilities, including without limitation, improvements to or replacements of, roofing systems, if any (the "Capital Improvement Projects") and together with the Renewable Energy Projects and any Completion Project as defined in the hereinbefore defined Bond Resolution, the "Projects"), and so the extent no Capital Improvement Projects are so financed, references herein shall have no meaning;

[00016247-1]

-2-

WHEREAS, the primary goal of the Renewable Energy Program is to expand the use of renewable energy sources available and utilized by the Local Units for their Local Unit Facilities, with the attendant environmental and financial benefits associated thereby, and to reduce the energy related operating costs to the Local Units for their Local Unit Facilities, all intended to be offered at no net cost to the Local Units;

WHEREAS, in order to implement the Renewable Energy Program, the Authority has determined to finance the respective Renewable Energy Projects and Capital Improvement Projects, if any, on, in or about the respective Local Unit Facilities, all as set forth on Exhibits B, C, and A to the hereinafter defined Local Unit License Agreement for each of the following participating Local Units:

- (i) Fredon Township, Green Township and Town of Newton (collectively, the "Municipal Series 2011 Local Units"); and
- (ii) Byram Township School District, Frankford Board of Education, Franklin Borough Board of Education, Hardyston Township Board of Education, High Point Regional Board of Education, Kittatinny Regional School District, Lafayette Township Board of Education, Lenape Valley Board of Education, Newton Board of Education (collectively, the "Board of Education Series 2011 Local Units"); and
- (iii) County, Sussex County Municipal Utilities Authority and Sussex County Technical School (the "County Series 2011 Local Units");

(each a "Series 2011 Local Unit", and together with any additional local governmental units within the County that might be added by the Authority to the Renewable Energy Program, pursuant to the hereinafter defined Local Finance Board Application or otherwise, collectively, the "Series 2011 Local Units"), through the issuance by the Authority of one or more series of bonds and notes entitled "County of Sussex Guaranteed Renewable Energy Program Lease Revenue [Notes] Bonds (County of Sussex Program), Series 2011 (Federally Taxable)" dated their date of delivery, Outstanding (as defined in the Bond Resolution upon issuance) in the aggregate principal amount (including Sinking Fund Installments, if any, as such term is defined in the Bond Resolution) not to exceed \$50,000,000 (the "Series 2011 Bonds");

WHEREAS, in order to finance the Renewable Energy Projects for the Series 2011 Local Units on, in or about their Local Unit Facilities, the Authority may sell one or more series of Series 2011 Bonds, (i) one series by either a competitive process or by negotiated sale after a competitive process an underwriter (the "Underwriter") the terms of which sale shall be as set forth in that certain Bond Purchase Agreement between the Underwriter and the Authority (the "Series 2011A Bonds"), and (ii) one or more series of notes (collectively, the "Series 2011B Notes", and together with the Series 2011A Bonds, the previously defined "Series 2011 Bonds"), either by the same sale method as the Series 2011A Bonds or by direct sale to the County;

(b) Upon the issuance of the Series 2011B Bonds, \$ \_\_\_\_\_ (all from the Series 2011B Bonds) shall be deposited in the Capitalized Interest Account of the Debt Service Fund, which amount, together with interest earned thereon, if any, shall be sufficient to pay the interest on the Series 2011A Bonds on May 1, 2012 and November 1, 2012.

(c) There shall be \$ \_\_\_\_\_/no Series 2011 Bond proceeds deposited in the County Security Fund. Upon issuance of the Series 2011 Bonds, the County Security Fund Requirement is \$ \_\_\_\_\_, and accordingly, the Company shall not be required to provide County Security for deposit by the Trustee in the County Security Fund. (e) The remaining balance of the proceeds of the Series 2011 Bonds in the amount of \$ \_\_\_\_\_ (\$ \_\_\_\_\_ of which shall be sourced from the Series 2011A Bonds, and \$ \_\_\_\_\_ of which shall be sourced from the Series 2011B Bonds), shall be deposited in the Project Fund, (i) \$ \_\_\_\_\_ of which (\$ \_\_\_\_\_ from the Series 2011A Bonds and \$ \_\_\_\_\_ from the Series 2011B Bonds) shall be applied to the payment of the Renewable Energy Projects for the Series 2011 Local Units, (ii) \_\_\_\_\_ of which shall be applied to the payment of the Capital Improvement Projects for the Series 2011 Local Units and (iii) \$ \_\_\_\_\_ of which (all from the Series 2011A Bonds) shall be applied to the payment of the Company Development Fees and Expenses, all in accordance with Section 3.02(2) hereof; provided that a Certificate of an Authorized Officer of the Company, as consented to by an Authorized Officer of the Authority, delivered to the Trustee may adjust the payment categories within the Project Fund set forth above.

8. Upon the authentication and delivery of the Series 2011 Bonds, the Authority shall furnish to the Trustee:

(a) An opinion of Bond Counsel to the effect that, under existing law, interest on the Series 2011 Bonds and any gain on the sale thereof are excluded from gross income for purposes of the New Jersey Gross Income Tax Act.

Opinions of Counsel to the effect that each of the Authority and the County has the right and power under the Act, as amended to the date of such opinion, and any other applicable law to enter into the County Guaranty Agreement; the County Guaranty Agreement has been duly and lawfully authorized and executed by the Authority and the County, is in full force and effect, and is valid and binding upon the Authority and the County, enforceable against the Authority and the County in accordance with its terms; and no other authorization for the County Guaranty Agreement is required. Such opinions may take exception as to the effect of, or for restrictions or limitations imposed by or resulting from, bankruptcy, insolvency, debt adjustment, moratorium, reorganization or other similar laws affecting creditors' rights generally and judicial discretion, and may state that no opinion is being rendered as to the availability of any particular remedy, but that such limitations do not make the rights and remedies of the Bondholders, taken as a whole, inadequate for the practical realization of the benefits of the Company Lease Agreement and the County Guaranty Agreement.

(c) Upon the termination of the services of DTC with respect to the Series 2011 Bonds pursuant to subsection 2.06(3)(b)(ii) hereof, or upon the discontinuance or termination of the services of DTC with respect to the Series 2011 Bonds pursuant to subsection 2.06(3)(a) or subsection 2.06(3)(b)(i) hereof, after which no substitute securities depository willing to undertake the functions of DTC hereunder can be found that, in the opinion of the Authority, is willing and able to undertake such functions upon reasonable and customary terms, the Series 2011 Bonds shall no longer be restricted to being registered in the registration books of the Authority kept by the Trustee in the name of Cede & Co., as nominee for DTC, but may be registered in whatever name or names Bondholders transferring or exchanging Series 2011 Bonds shall so designate, all in accordance with the provisions of Article II hereof.

4. Notwithstanding any other provision of this Bond Resolution to the contrary, so long as any Series 2011 Bond is registered in the name of Cede & Co., as nominee for DTC, all payments with respect to the principal or Redemption Price, if any, of and the interest on such Series 2011 Bond and all notices with respect thereto shall be made and given, respectively, to DTC as provided in the representation letter of the Authority addressed to DTC with respect to the Series 2011 Bonds.

5. In connection with any notice or other communication to be provided to Bondholders by the Authority or the Trustee pursuant to this Bond Resolution with respect to any consent or other action to be taken by Bondholders, the Authority or the Trustee, as the case may be, shall establish a record date for such consent or other action and shall give DTC notice of such record date not less than fifteen (15) calendar days in advance of such record date, to the extent possible.

**SECTION 3.03. Execution and Authentication.**

1. The Bonds shall be executed in the name of the Authority by the manual or facsimile signature of the Chairman or other Authorized Officer of the Authority, and its corporate seal (or a facsimile thereof) shall be impressed, imprinted, engraved or otherwise reproduced thereon and attested by the manual or facsimile signature of the Secretary, Assistant Secretary or other Authorized Officer of the Authority, or in such other manner as may be required or permitted by law. In case any one or more of the Authorized Officers who shall have signed or sealed any of the Bonds shall cease to be such officer before the Bonds so signed and sealed shall have been authenticated and delivered by the Trustee, such Bonds may, nevertheless, be authenticated and delivered as herein provided, and may be issued as if the persons who signed or sealed such Bonds had not ceased to hold such offices. Any Bond of a Series may be signed and sealed on behalf of the Authority by such persons who, at the time of the execution of such Bonds, shall be duly authorized or shall hold the proper office in the Authority, although at the date borne by the Bonds of such Series such persons may not have been so authorized or have held such office.

2. The Bonds of each Series shall bear thereon a certificate of authentication, in the form set forth in this Bond Resolution or in a Supplemental Resolution authorizing such Series of Bonds, executed manually by the Trustee. Only such Bonds as shall bear thereon such certificate of authentication shall be entitled to any right or benefit under this Bond Resolution, and no Bond shall be valid or obligatory for any purpose until such certificate of authentication shall have been duly executed by the Trustee. Such certificate of the Trustee upon any Bond executed on behalf of the Authority shall be conclusive evidence that the Bond so authenticated has been duly authenticated and delivered under this Bond Resolution and that the Holder thereof is entitled to the benefits of this Bond Resolution.

**SECTION 3.04. Transfer and Registry.**

1. Each Bond shall be transferable only upon the books of the Authority, which shall be kept for that purpose at the Principal Office of the Trustee, by the Holder thereof in person or by his attorney duly authorized in writing upon surrender thereof together with a written instrument of transfer satisfactory to the Trustee duly executed by the Holder or his duly authorized attorney. Upon the transfer of any such Bond, the Authority shall issue in the name of the transferee a new Bond or Bonds of the same aggregate principal amount, Series and maturity as the surrendered Bond.

2. The Authority and each Fiduciary may deem and treat the person in whose name any Bond shall be registered upon the books of the Authority as the absolute Owner of such Bond, whether such Bond shall be overdue or not, for the purpose of receiving payment of, or on account of, the principal and Redemption Price, if any, of and the interest on such Bond and for all other purposes, and all such payments so made to any such Holder or upon his order shall be

valid and effectual to satisfy and discharge the liability upon such Bond to the extent of the sum or sums so paid, and neither the Authority nor any Fiduciary shall be affected by any notice to the contrary.

**SECTION 3.05. Regulations With Respect to Exchanges and Transfers.**

In all cases in which the privilege of exchanging Bonds or transferring Bonds is exercised, the Authority shall execute, and the Trustee shall authenticate and deliver, Bonds in accordance with the provisions of this Bond Resolution. All Bonds surrendered in any such exchange or transfer shall forthwith be canceled by the Trustee. For every such exchange or transfer of Bonds, whether temporary or definitive, the Authority or the Trustee may make a charge sufficient to reimburse it for any administrative costs associated with any exchange or transfer and for any tax, fee or other governmental charge required to be paid with respect to such exchange or transfer. Neither the Authority nor the Trustee shall be required (a) to transfer or exchange Bonds for a period beginning on the Record Date next preceding an Interest Payment Date for the Bonds and ending on such Interest Payment Date, or for a period of fifteen (15) days (or such lesser period as may be specified in a Supplemental Resolution for a particular Series of Bonds) next preceding the date of any selection of Bonds to be redeemed or thereafter until after the mailing of any notice of redemption, or (b) to transfer or exchange any Bonds called or tendered for redemption.

**SECTION 3.06. Bonds Mutilated, Destroyed, Stolen or Lost.**

In case any Bond shall become mutilated or be destroyed, stolen or lost, the Authority shall execute, and thereupon the Trustee shall authenticate and deliver, a new Bond of like Series, maturity and principal amount as the Bond so mutilated, destroyed, stolen or lost (i) in exchange and substitution for such mutilated Bond upon surrender and cancellation of such mutilated Bond or (ii) in lieu of and in substitution for the Bond so destroyed, stolen or lost upon filing with the Trustee evidence satisfactory to the Authority that such Bond has been destroyed, stolen or lost and proof of ownership thereof, and upon furnishing the Authority and the Trustee with indemnity satisfactory to them and complying with such other reasonable regulations as the Authority may prescribe and paying such expenses as the Authority and the Trustee may incur. All mutilated Bonds so surrendered to the Trustee shall be canceled by it. Any such new Bonds issued pursuant to this Section 3.06 in substitution for Bonds alleged to be destroyed, stolen or lost shall constitute original additional contractual obligations on the part of the Authority, whether or not the Bonds so alleged to be destroyed, stolen or lost be at any time enforceable by anyone, and such Bonds shall be equally secured by, and entitled to equal and proportionate benefits with all other Bonds issued under this Bond Resolution in, any moneys or securities held by the Authority or any Fiduciary for the benefit of the Bondholders.

**SECTION 3.07. Temporary Bonds.**

1. Until the definitive Bonds of any Series are prepared in the form required by the Authority, the Authority may execute, in the same manner as is provided in Section 3.03 hereof,

The Authority, at its own expense, shall prepare and execute, and upon the surrender of such temporary Bonds for exchange and the cancellation of such surrendered temporary Bonds, the Trustee shall authenticate and, without charge to the Holder thereof (but at the expense of the Authority), deliver in exchange therefor, definitive Bonds of the same aggregate principal amount, Series and maturity as the temporary Bonds surrendered. Until so exchanged, the temporary Bonds shall in all respects be entitled to the same benefits and security as definitive Bonds authenticated and issued pursuant to this Bond Resolution.

2. All temporary Bonds surrendered in exchange either for another temporary Bond or Bonds or for a definitive Bond or Bonds shall be forthwith canceled by the Trustee.

**SECTION 3.08. Cancellation and Destruction of Bonds.**

All Bonds paid or redeemed, either at or before maturity, shall be delivered to the Trustee when such payment or redemption is made, and such Bonds, together with all Bonds purchased by the Trustee, shall thereupon be promptly canceled. Bonds so canceled may at any time be destroyed by the Trustee, which shall execute a certificate of destruction in duplicate by the signature of one of its Authorized Officers describing the Bonds so destroyed, and one executed certificate shall be filed with the Authority and the other executed certificate shall be retained by the Trustee.

**SECTION 3.09. Parties Interested Herein.**

Nothing in this Bond Resolution expressed or implied is intended or shall be construed to confer upon, or to give to, any person or entity, other than the Authority, the Trustee, the Paying Agent and the Registered Owners of the Bonds, any right, remedy or claim under or by reason of this Bond Resolution or any covenant, condition or stipulation hereof, and all covenants, stipulations, promises and agreements in this Bond Resolution contained by and on behalf of the Authority shall be for the sole and exclusive benefit of the Authority, the Trustee, the Paying Agent and the Registered Owners of the Bonds. Accordingly, nothing in this Bond Resolution expressed or implied is intended or shall be construed to confer upon, or to give to any other Renewable Energy Program Interested Party any right, remedy or claim under or by reason of this Bond Resolution or any covenant, condition or stipulation hereof.

5. (a) The Trustee shall accept the pledge and assignment of all right, title and interest in and to the Pledged Collateral under the terms of, and as defined in, the Company Pledge Agreement, which shall not be part of the Trust Estate, and therefore shall not be available to Holders of any Series of Outstanding Bonds, including the Series 2011 Bonds. (b) Should no such Event of Default under the Company Pledge Agreement occur prior to or as of the end of the recapture period relating to the investment tax credit (or the Section 1603 Grant, as defined in the Company Pledge Agreement, in lieu of such credit) available to the Company under Sections 35, 46 and 48 of the Code in connection with the Renewable Energy Projects, as certified to the Trustee by an Authorized Officer of the Company in a Certificate to such effect delivered by or on behalf of the Company to the Trustee and the Authority, the Trustee shall promptly take all actions to release and/or terminate the pledge under the Company Pledge Agreement, including without limitation returning any Certificated Securities, received pursuant to and as defined under the Company Pledge Agreement, to the Company.

6. Notwithstanding any provision to the contrary herein or in any other Program Document, to the extent the Company has not caused an Event of Default under any Program Document (or any shall have been cured by such time), and the Company delivers to the County, County Security and a fully executed County Security Agreement providing such County Security in an amount greater than or equal to the County Security Fund Requirement applicable at such time, all in a form and substance acceptable, in the County's sole discretion, to the

2. Any such funds, upon withdrawal from the General Fund, are not subject to the pledge of the Trust Estate unless and until deposited in any Fund or Account under the Bond Resolution, which purposes may include, without limitation, the application to any Fund or Account under the Bond Resolution at the written direction of a Certificate of an Authorized Officer of the Authority filed with the Trustee, which Certificate for all Series of Tax-exempt Bonds, must also comply with the Tax Certificate or otherwise be subject to an opinion of Bond Counsel filed with the Trustee that such application won't adversely affect exclusion from gross income of the holders of any such Series of Tax-exempt Bonds for Federal income tax purposes.

The Supplemental Resolution for any Series of Additional Bonds constituting Tax-exempt Bonds shall contain such provisions regarding a rebate fund, rebatable arbitrage, notice, records and other matters as may be required by a Tax Certificate or otherwise required to allow Bond Counsel to issue an opinion that the interest on the gross income of any such Series of Tax-exempt Bonds shall be excludable from the gross income of the Holders thereof for Federal income tax purposes.

The Bonds of each Series shall not be payable from the general funds of the Authority, and shall not constitute a legal or equitable pledge of, or lien or encumbrance upon, any of the assets or property of the Authority (other than the Trust Estate) or upon any of its income, receipts or revenues, except as provided in this Bond Resolution. The full faith and credit of the Authority are not pledged, either expressly or by implication, to the payment of the Bonds. To the extent Revenues are received, the Authority will pay or cause to be discharged, or will make adequate provision to satisfy and discharge, within sixty (60) days after the same shall accrue, all lawful claims and demands that if unpaid might by law become a lien upon the Trust Estate; provided, however, that nothing contained in this Section 8.03 shall require the Authority to pay or cause to be discharged, or to make provision for, any such lien, encumbrance or charge so long as the validity thereof shall be contested in good faith and by appropriate legal proceedings.

So long as Bonds of any Series shall be Outstanding, the Authority shall not issue any bonds, notes or other evidences of indebtedness, other than such Bonds, secured by any pledge of or other lien or charge on the Trust Estate. Nothing in this Bond Resolution is intended to or shall affect the right of the Authority to issue bonds, notes and other obligations under other resolutions or indentures for any of its other purposes.

#### SECTION 8.04. Accounts and Audits.

The Authority shall keep, or cause to be kept, proper books of records and accounts (separate from all other records and accounts) in which complete and correct entries shall be made of its transactions relating to the Projects, this Bond Resolution and any Supplemental Resolution, which books and accounts (at reasonable hours and subject to the reasonable rules and regulations of the Authority) shall be subject to the inspection of the Trustee, the Series 2011 Local Units, the County, the Company, any Holder of any Bonds or their agents or representatives duly authorized in writing. Annually, within thirty (30) days after the receipt by the Authority of the report of such audit, a signed copy of such report shall be furnished to the Trustee. Such report shall include at least: (i) a statement of all Funds and Accounts (including investments thereof) held by the Trustee pursuant to the provisions of this Bond Resolution; (ii) a statement of the Revenues collected in connection with this Bond Resolution; and (iii) a statement that, in making such audit, no knowledge of any payment default in the fulfillment of any of the terms, covenants or provisions of this Bond Resolution was obtained or, if knowledge of any such default was obtained, a statement thereof.

performed or observed under this Bond Resolution or under the Bonds of each Series, which default shall continue for thirty (30) days after written notice specifying such default and requiring the same to be remedied shall be given to the Authority by the Trustee or the Bondholders in accordance with Section 9.09 hereof.

#### SECTION 9.02. Acceleration of Bonds; Remedies.

If an Event of Default described in Section 9.01 hereof shall occur for any Series of Bonds, the Trustee shall give written notice thereof to Holders, and at the written request of the Holders of not less than 25% in aggregate principal amount of the Bonds then Outstanding shall, by telephonic notice to the Authority (promptly confirmed in writing), declare the principal of all Bonds then Outstanding to be due and payable; provided, however, that before making such declaration, the Trustee shall give thirty (30) days' notice to the Authority and the Company during which time the Authority shall be able to cure such default. Upon any such declaration, the Trustee shall forthwith give notice thereof to the Company, each Local Unit and the Paying Agent.

At any time after the principal of the Bonds shall have been so declared to be due and payable and before the entry of final judgment or decree in any suit, action or proceeding instituted on account of such Event of Default, or before the completion of the enforcement of any other remedy under this Bond Resolution, the Trustee, by written notice to the Authority, may annul such declaration and its consequences if: (i) moneys shall have accumulated in the Interest Account and the Principal Account in the Debt Service Fund sufficient to pay all arrears of interest, if any, upon all of the Outstanding Bonds (except the interest accrued on such Bonds since the last Interest Payment Date) and the principal then due on all Bonds (except the principal on any such Bonds due solely as a result of any such declaration of acceleration); (ii) moneys shall have accumulated and be available sufficient to pay the charges, compensation, expenses, disbursements, advances and liabilities of the Trustee; and (iii) every other default known to the Trustee in the observance or performance of any duty, covenant, obligation, condition or agreement contained in the Bonds or in this Bond Resolution shall have been remedied to the satisfaction of the Trustee; provided, however, that such declaration may be annulled only with the written consent of the Holders of not less than 25% in aggregate principal amount of the Bonds Outstanding and not then due by their terms. No such annulment shall extend to or affect any subsequent default or impair any right consequent thereon.

Upon the occurrence of an Event of Default, the Trustee shall also have the following rights and remedies:

(a) The Trustee may pursue any available remedy at law or in equity or by statute to enforce the payment of the principal of and the interest on the Bonds then Outstanding, including (without limitation) enforcement of any rights of the Authority or the Trustee under the Company Lease Agreement.

hereunder, provided, however, that such direction shall not be otherwise than in accordance with the provisions of law and of this Bond Resolution.

#### SECTION 9.04. Application of Moneys.

All moneys received by the Trustee pursuant to any right or remedy given or action taken under the provisions of this Article IX upon any acceleration of the due date for the payment of the principal of and the interest on the Bonds in default (including, without limitation, moneys received by virtue of action taken under provisions of the Company Lease Agreement, after payment of the costs and expenses of the proceedings resulting in the collection of such moneys and of the expenses, liabilities and advances incurred or made by the Trustee and any other moneys owed to the Trustee in connection with such Bonds hereunder) shall be applied, first, to the payment of the principal and the interest then due and unpaid upon the Bonds in default, without preference or priority of principal over interest or of interest over principal, or of any installment of interest over any other installment of interest, or of any Bond over any other Bond, ratably, according to the amounts due respectively for principal and interest, to the persons entitled thereto, without any discrimination or privilege.

Whenever moneys are to be applied pursuant to the provisions of this Section 9.04, such moneys shall be applied at such times, and from time to time, as the Trustee shall determine, having due regard for the amount of such moneys available for application in the future. Whenever the Trustee shall apply such funds, it shall fix the date (which shall be an Interest Payment Date, unless the Trustee shall deem another date more suitable) upon which such application is to be made, and upon such date interest on the amounts of principal to be paid on such date shall cease to accrue. The Trustee shall give such notice as it may deem appropriate of the deposit with it of any such moneys and of the fixing of any such date, and shall not be required to make payment to the Holder of any Bond in default until such obligation shall be presented to the Trustee for appropriate endorsement or for cancellation, as the case may be.

#### SECTION 9.05. Remedies Vested in Trustee.

All rights of action (including, without limitation, the right to file proofs of claims) under this Bond Resolution or under any of the Bonds in default may be enforced by the Trustee without possession of any of the Bonds or the production thereof in any trial or other proceeding related thereto, and any such suit or proceeding instituted by the Trustee shall be brought in its name as Trustee for the equal and ratable benefit of the Holders of all the Outstanding Bonds without the necessity of joining as plaintiffs or defendants any Holders of such Bonds.

#### SECTION 9.06. Rights and Remedies of Holders of Bonds.

No Holder of Bonds then Outstanding in default shall have any right to institute any suit, action or proceeding at law or in equity for the enforcement of this Bond Resolution or for the execution of any trust hereof or for the appointment of a receiver or any other remedy hereunder, unless (a) an Event of Default shall have occurred, (b) the Holders of not less than 25% in

1000163471

(c) Upon the filing of a suit or other commencement of judicial proceedings to enforce any rights of the Trustee and of the Holders of Bonds under this Bond Resolution, the Trustee will be entitled as a matter of right to the appointment of a receiver or receivers of the Trust Estate and the issues, earnings, income, products and profits thereof, pending such proceedings, with such powers as the court making such appointment shall confer.

If an Event of Default shall have occurred with respect to any Bonds, and if requested so to do by the Holders of a majority in aggregate principal amount of the Bonds then Outstanding, and upon being indemnified to its reasonable satisfaction therefor, the Trustee shall be obligated to exercise such one or more of the rights, remedies and powers conferred by this Section 9.02 as directed by such Holders of Bonds.

No right or remedy by the terms of this Bond Resolution conferred upon or reserved to the Trustee (or to the Holders of Bonds) is intended to be exclusive of any other right or remedy, but each and every such right or remedy shall be cumulative and shall be in addition to any other right or remedy given to the Trustee or to such Holders hereunder or now or hereafter existing at law or in equity or by statute other than pursuant to the Act. The assertion or employment of any right or remedy shall not prevent the concurrent or subsequent assertion or employment of any other right or remedy.

No delay or omission to exercise any right or remedy accruing upon any Event of Default shall impair any such right or remedy or shall be construed to be a waiver of any such Event of Default or acquiescence therein, and every such right or remedy may be exercised from time to time and as often as may be deemed expedient.

No waiver of any Event of Default hereunder, whether by the Trustee or by the Holders of any Bonds in default, shall extend to or shall affect any subsequent Event of Default or shall impair any rights or remedies consequent thereon.

#### SECTION 9.03. Right of Holders of Bonds to Direct Proceedings.

Anything in this Bond Resolution to the contrary notwithstanding, the Holders of a majority in aggregate principal amount of Bonds in default then Outstanding shall have the right at any time during the continuance of an Event of Default of such Bonds, by an instrument or instruments in writing executed and delivered to the Trustee, to direct the time, method and place of conducting all proceedings to be taken in connection with the enforcement of the terms and conditions of this Bond Resolution or for the appointment of a receiver or any other proceedings

It is understood and intended that no one or more Holders of Bonds shall have any right in any manner whatsoever to affect, disturb or prejudice the lien of this Bond Resolution by his or their action or to enforce any right hereunder except in the manner herein provided, and that all proceedings at law or in equity shall be instituted, had and maintained in the manner herein provided, and for the equal and ratable benefit of the Holders of all Bonds then Outstanding; provided, however, that nothing contained in this Bond Resolution shall affect or impair the right of the Holder of any Bond to enforce the payment of the principal or Redemption Price of and the interest on such Bond at and after the maturity thereof, or the obligation of the Authority to pay the principal or Redemption Price of and the interest on each of the Bonds issued hereunder to the respective Holders thereof, at the time and place, from the source and in the manner expressed in the Bonds and in this Bond Resolution and the Applicable Supplemental Resolution.

#### SECTION 9.07. Termination of Proceedings.

In case the Trustee or a Holder of a Bond in default shall have proceeded to enforce any right under this Bond Resolution by the appointment of a receiver or otherwise, and such proceedings shall have been discontinued or abandoned for any reason or shall have been determined adversely to the Trustee or such Holder, then and in every such case the Authority, the Trustee and the Holders of Bonds shall be restored to their former positions and rights hereunder, respectively, and all rights, remedies and powers of the Trustee and the Holders shall continue as if no such proceedings had been taken.

#### SECTION 9.08. Waivers of Events of Default.

The Trustee may, and upon the written request of the Holders of 50% in aggregate principal amount of all Bonds in default then Outstanding shall, waive any Event of Default that shall have been remedied before the completion of the enforcement of any remedy under this Bond Resolution; but no such waiver shall extend to any subsequent or other Event of Default or impair any rights consequent thereon.

In making any determination under this Section 11.02, the Trustee may conclusively rely upon an opinion of Counsel.

#### SECTION 11.03. Supplemental Resolutions Effective With Consent of Bondholders.

At any time or from time to time, a Supplemental Resolution may be adopted subject to consent by the Bondholders in accordance with and subject to the provisions of Sections 11.06 and 11.07 hereof, which Supplemental Resolution, upon the filing with the Trustee of a copy thereof certified by an Authorized Officer of the Authority and upon compliance with the provisions of Sections 11.06 and 11.07 hereof, shall become fully effective in accordance with its terms as provided in Section 11.07 hereof; provided, however, any Supplemental Resolution that, by its terms, only affects one or more Series of Bonds may be adopted subject solely to the consent of the Holders of such Series of Bonds so affected.

#### SECTION 11.04. General Provisions.

1. This Bond Resolution shall not be modified or amended in any respect except by a Supplemental Resolution as provided in, in accordance with and subject to the provisions of this Article XI. Nothing contained in this Article XI shall affect or limit the right or obligation of the Authority to adopt, make, do, execute, acknowledge or deliver any resolution, act or other instrument pursuant to the provisions of this Bond Resolution or the right or obligation of the Authority to execute and deliver to any Trustee any instrument that it is elsewhere provided in this Bond Resolution shall be delivered to said Trustee.

2. Any Supplemental Resolution referred to in and permitted or authorized by Section 11.01 or 11.02 hereof may be adopted by the Authority without the consent of any Bondholder, but shall become effective only on the conditions, to the extent and at the times provided in Section 11.01 or 11.02, respectively. Every Supplemental Resolution filed with the Trustee shall be accompanied by an opinion of Counsel stating that such Supplemental Resolution has been duly and lawfully adopted by the Authority in accordance with the terms and provisions of this Bond Resolution, is authorized or permitted by this Bond Resolution, and is valid and binding upon the Authority in accordance with its terms.

3. The Trustee is hereby authorized to accept the delivery of a certified copy of any Supplemental Resolution referred to in and permitted or authorized by Section 11.01, 11.02 or 11.03 hereof and to make all further agreements and stipulations that may be therein contained, and the Trustee, in taking such action, shall be fully protected in relying upon an opinion of Counsel that such Supplemental Resolution is authorized or permitted by the terms and provisions of this Bond Resolution.

4. No Supplemental Resolution shall change or modify any of the rights or obligations of any Fiduciary without its written assent thereon.

#### SECTION 11.05. Mailing.

Any provision in this Article XI for the mailing of a notice or other paper to Holders of Bonds shall be fully complied with if it is mailed, postage prepaid only, to each Registered Owner of Bonds then Outstanding at his address, if any, appearing upon the registry books of the Authority.

#### SECTION 11.06. Powers of Amendment by Supplemental Resolution.

Unless otherwise permitted under Section 11.01 or 11.02 hereof, any modification or amendment of this Bond Resolution and of the rights and obligations of the Authority and the Holders of Bonds hereunder, in any particular, may be made only by a Supplemental Resolution with the written consent (i) of the Holders of not less than two-thirds (2/3) in aggregate principal amount of the Bonds Outstanding at the time such consent is given, (ii) in case less than all of the several Series of Bonds then Outstanding are affected by the modification or amendment, of the Holders of not less than two-thirds (2/3) in aggregate principal amount of the Bonds of each Series so affected and Outstanding at the time such consent is given, and (iii) in case the modification or amendment changes the terms of any Sinking Fund Installment, of the Holders of not less than two-thirds (2/3) in aggregate principal amount of the Bonds of the particular Series and maturity entitled to such Sinking Fund Installment and Outstanding at the time such consent is given; provided, however, that if such modification or amendment will, by its terms, not take effect so long as any Bonds of any specified like Series and maturity remain Outstanding, the consent of the Holders of such Bonds shall not be required, and such Bonds shall not be deemed to be Outstanding for the purpose of any calculation of Outstanding Bonds under this Section 11.06. No such modification or amendment shall (i) permit a change in the terms of redemption or maturity of the principal of any Outstanding Bond or of any installment of interest thereon or a reduction in the principal amount or the Redemption Price thereof or in the rate of interest thereon without the consent of the Holder of such obligation, (ii) reduce the percentages or otherwise affect the classes of Bonds the consent of the Holders of which is required to effect any such modification or amendment, or (iii) change or modify any of the rights or obligations of any Trustee without its written assent thereto. For the purposes of this Section 11.06, a Series shall be deemed to be affected by a modification or amendment of this Bond Resolution if the same adversely affects or diminishes the rights of the Holders of Bonds of such Series. The Trustee may, in its discretion, determine whether or not, in accordance with the foregoing powers of amendment, Bonds of any particular Series or maturity would be affected by any modification or amendment of this Bond Resolution, and any such determination shall be binding and conclusive upon the Authority and all Holders of Bonds. For purposes of this Section 11.06, the Holders of any Bonds may include the initial Holders thereof, regardless of whether or not such Bonds are being held for resale.

#### SECTION 11.07. Consent of Bondholders.

The Authority may at any time adopt a Supplemental Resolution making a modification or amendment permitted by the provisions of Section 11.06 hereof to take effect when and as

(00016347-1)

-101-

provided in this Section 11.07. A copy of such Supplemental Resolution (or brief summary thereof or reference thereto in form approved by the Trustee), together with a request to Holders of Bonds for their consent thereto in form satisfactory to the Trustee, shall be mailed by the Authority to Holders of Bonds (but failure to mail such copy and request shall not affect the validity of the Supplemental Resolution when consented to as in this Section 11.07 provided). Such Supplemental Resolution shall not be effective unless and until there shall have been filed with the Trustee (a) the written consent of the Holders of the percentages of Outstanding Bonds specified in Section 11.06 hereof and (b) an opinion of Counsel stating that such Supplemental Resolution has been duly and lawfully adopted and filed by the Authority in accordance with the terms and provisions of this Bond Resolution, is authorized or permitted by this Bond Resolution, and is valid and binding upon the Authority in accordance with its terms. It shall not be necessary that the consents of the Holders of Bonds approve the particular form of wording of the proposed modification or amendment; or of the proposed Supplemental Resolution effecting such modification or amendment, but it shall be sufficient if such consents approve the substance of the proposed amendment or modification. Each such consent shall be effective only if accompanied by proof of the holding, at the date of such consent, of the Bonds with respect to which such consent is given, which proof shall be such as is permitted by Section 12.02 hereof. A certificate or certificates executed by the Trustee and filed with the Authority stating that the Trustee has examined such proof and that such proof is sufficient in accordance with Section 12.02 hereof shall be conclusive evidence that the consents have been given by the Holders of the Bonds described in such certificate or certificates. Any such consent shall be binding upon the Holder of the Bonds giving such consent and, anything in Section 12.02 hereof to the contrary notwithstanding, upon any subsequent Holder of such Bonds and of any Bonds issued in exchange therefor (whether or not such subsequent Holder has notice thereof), unless such consent is revoked in writing by the Holder of such Bonds giving such consent or by a subsequent Holder thereof by filing with the Trustee, prior to the time when the written statement of the Trustee is filed (as hereinafter provided for in this Section 11.07), such revocation and proof that such Bonds are held by the signer of such revocation in the manner permitted by Section 12.02 hereof. The fact that a consent has not been revoked may likewise be proved by a certificate of the Trustee filed with the Authority to the effect that no revocation thereof is on file with the Trustee.

At any time after the Holders of the required percentages of Bonds shall have filed their consents to the Supplemental Resolution as hereinabove provided, the Trustee shall make and file with the Authority a written statement that the Holders of such required percentages of such Bonds have filed such consents. Such written statements shall be conclusive that such consents have been so filed. At any time thereafter, notice stating in substance that the Supplemental Resolution (which may be referred to as a Supplemental Resolution adopted by the Authority on a stated date, a copy of which is on file with the Trustee) has been consented to by the Holders of the required percentages of Bonds and will become effective as provided in this Section 11.07 may be given to Bondholders by the Authority by mailing such notice to Bondholders (but failure to mail such notice shall not prevent such Supplemental Resolution from becoming effective and binding as in this Section 11.07 provided). The Authority shall file with the Trustee proof of the mailing thereof. A record, consisting of the certificates or statements required or permitted by

(00016347-1)

-102-

this Section 11.07 to be made by the Trustee, shall be proof of the matters therein stated. Such Supplemental Resolution making such amendment or modification shall be deemed conclusively binding upon the Authority, the Fiduciaries and the Holders of all Bonds at the expiration of forty (40) days after the filing with the Trustee of proof of the mailings of such last-mentioned notice, except in the event of a final decree of a court of competent jurisdiction setting aside such Supplemental Resolution in a legal action or equitable proceeding for such purpose commenced within such forty (40) day period; provided, however, that the Authority and any Fiduciary during such forty (40) day period and any such further period during which any such action or proceeding may be pending shall be entitled in its absolute discretion to take such action, or to refrain from taking such action, with respect to such Supplemental Resolution as it may deem expedient.

#### SECTION 11.08. Modifications or Amendments by Unanimous Consent.

The terms and provisions of this Bond Resolution and the rights and obligations of the Authority and of the Holders of Bonds hereunder may be modified or amended in any respect upon the adoption and filing by the Authority of a Supplemental Resolution and the consent of the Holders of all Bonds then Outstanding, such consent to be given as provided in Section 11.07 hereof, except that no notice to Holders of Bonds either by mail or publication shall be required; provided, however, that no such modification or amendment shall change or modify any of the rights or obligations of any Fiduciary without the filing with the Trustee of the written assent thereto of such Fiduciary in addition to the consent of the Holders of Bonds.

#### SECTION 11.09. Exclusion of Bonds.

Bonds owned or held by or for the account of the Authority shall not be deemed Outstanding for the purpose of consent or other action or for any calculation of Outstanding Bonds provided for in this Article XI, and the Authority shall not be entitled with respect to such Bonds to give any consent or to take any other action provided for in this Article XI. At the time of any consent or other action taken under this Article XI, the Authority shall furnish the Trustee a Certificate of an Authorized Officer of the Authority, upon which the Trustee may conclusively rely, describing all Bonds to be so excluded.

#### SECTION 11.10. Notation on Bonds.

Bonds authenticated and delivered after the effective date of any Supplemental Resolution adopted pursuant to this Article XI may, and, if the Authority so determines, shall, bear a notation by endorsement or otherwise in form approved by the Authority as to any modification or amendment provided for in such Supplemental Resolution, and, in that case, upon demand of the Holder of any Bond then Outstanding and upon presentation of any Bond for such purpose at the Principal Office of the Trustee, a suitable notation shall be made on such Bond. If the Authority shall so determine, new Bonds so modified as to conform, in the opinion of the Authority, to any modification or amendment contained in such Supplemental Resolution shall be prepared, authenticated and delivered and, upon demand of the Holder of any Bond then

Outstanding, shall be exchanged upon surrender of such Bonds, without cost to such Holder, for Bonds of the same Series, principal amount, maturity and interest rate then Outstanding. Any action taken as provided in Article X hereof or in this Article XI shall be effective and binding upon all Holders of Bonds notwithstanding that the notation is not endorsed on all Bonds.

#### SECTION 11.11. Effect of Supplemental Resolutions.

Upon the effective date of any Supplemental Resolution, this Bond Resolution shall be deemed to be modified and amended in accordance therewith, and the respective rights, duties, covenants, obligations and agreements under this Bond Resolution of the Authority, the Trustee and all Holders of Bonds then Outstanding shall thereafter be determined, exercised and enforced hereunder subject in all respects to such modification and amendment, and all of the terms and conditions of any such Supplemental Resolution shall be deemed to be part of the terms and conditions of this Bond Resolution for any and all purposes.

#### SECTION 11.12. Notice of Amendments.

Promptly after the adoption by the Authority of any Supplemental Resolution, the Trustee shall mail a notice, setting forth in general terms the substance of such amendment or modification, to the Holders of any Series of Bonds so affected thereby, and to the other Renewable Energy Program Interested Parties. However, any failure to give such notice, or any defect therein, shall not in any way impair or affect the validity of any such Supplemental Resolution.

#### SECTION 12.01. Defeasance of Bonds.

1. If the Authority shall pay or cause to be paid, or there shall otherwise be paid, to the Holders of all Bonds of any Series the principal or Redemption Price, if applicable, thereof and the interest due or to become due thereon at the times and in the manner stipulated therein and in this Bond Resolution, then the pledge of the Trust Estate and all duties, covenants, agreements and other obligations of the Authority to the Holders of such Bonds shall thereupon cease, terminate and become void and be discharged and satisfied. In such event, the Trustee shall cause an accounting for such period or periods as shall be requested by the Authority to be prepared and filed with the Authority, and, upon the request of the Authority, shall execute and deliver to the Authority all such instruments as may be desirable to evidence such discharge and satisfaction, and the Trustee shall pay over or deliver to the Authority all moneys or securities held by it pursuant to this Bond Resolution that are not required for the payment of the principal or Redemption Price, if applicable, of and the interest due or to become due on the Bonds of any Series not theretofore surrendered for such payment or redemption. If the Authority shall pay or cause to be paid, or there shall otherwise be paid, to the Holders of any Outstanding Bonds of any Series the principal or Redemption Price, if applicable, thereof and the interest due or to become due thereon at the times and in the manner stipulated therein and in this Bond Resolution, such Bonds shall cease to be entitled to any lien, benefit or security under this Bond Resolution, and all duties, covenants, agreements and other obligations of the Authority to the Holders of such Bonds shall thereupon cease, terminate and become void and be discharged and satisfied. Notwithstanding any other provision in this Article XII, all duties, covenants, agreements and other obligations of the Authority to the Holders of Bonds relating to the exclusion of interest from gross income of the Holders thereof for federal income tax purposes shall survive the defeasance of the Bonds.

2. Bonds or interest installments for the payment or redemption of which moneys shall have been set aside and held in trust by the Paying Agent (through deposit by the Authority of funds for such payment or redemption or otherwise) at the maturity or redemption date thereof shall be deemed to have been paid within the meaning and with the effect expressed in subsection (1) of this Section 12.01. Subject to the provisions of subsections (3), (4) and (5) of this Section 12.01, Outstanding Bonds of any Series or Outstanding Bonds of any maturity within any Series shall, prior to the maturity or redemption date thereof, be deemed to have been paid within the meaning and with the effect expressed in subsection (1) of this Section 12.01 if (a) in case any of said Bonds are to be redeemed on any date prior to their maturity, the Authority shall have given to the Trustee instructions in writing accepted by the Trustee to mail notice of redemption of such Bonds (other than Bonds of a Series that have been purchased by the Trustee at the written direction of the Authority or purchased or otherwise acquired by the Authority and delivered to the Trustee as hereinafter provided prior to the mailing of such notice of redemption) on said date, (b) there shall have been deposited with the Trustee either moneys in an amount that

shall be sufficient for Investment Securities (including any Investment Securities issued or held in book-entry form on the books of the Department of the Treasury of the United States of America) the principal of and the interest on which, when due, will provide moneys that, together with the moneys, if any, deposited with the Trustee at the same time, shall be sufficient to pay, when due, the principal or Redemption Price, if applicable, of and the interest due and to become due on such Series of Bonds on or prior to the redemption date or maturity date thereof, as the case may be, and (c) in the event such Series of Bonds are not by their terms subject to redemption within the next succeeding sixty (60) days, the Authority shall have given the Trustee, in form satisfactory to it, instructions to mail, as soon as practicable, a notice to the Holders of such Bonds at their last addresses appearing upon the registry books at the close of business on the last Business Day of the month preceding the month for which notice is mailed that the deposit required by clause (b) above has been made with the Trustee and that such Series of Bonds are deemed to have been paid in accordance with this Section 12.01 and stating such maturity or redemption date upon which moneys are expected, subject to the provisions of subsection (5) of this Section 12.01, to be available for the payment of the principal or Redemption Price, if applicable, of and the interest due and to become due on such Series of Bonds (other than Bonds that have been purchased by the Trustee at the written direction of the Authority or purchased or otherwise acquired by the Authority and delivered to the Trustee as hereinafter provided prior to the mailing of the notice of redemption referred to in clause (a) hereof). Any notice of redemption mailed pursuant to the preceding sentence with respect to any Series of Bonds, which notice relates to a redemption contemplating less than all of the Outstanding Bonds of any maturity within a Series being redeemed, shall specify the letter and number or other distinguishing mark of each such Bond to be so redeemed. The Trustee shall, as and to the extent necessary, apply moneys held by it pursuant to this Section 12.01 to the retirement of said Bonds in amounts equal to the unsatisfied balances of any Sinking Fund Installments with respect to such Bonds, all in the manner provided in this Bond Resolution.

The Trustee shall, if so directed in writing by the Authority (i) prior to the maturity date of Bonds deemed to have been paid in accordance with this Section 12.01 that are not to be redeemed prior to their maturity or (ii) prior to the mailing of the notice of redemption referred to in clause (a) above with respect to any Bonds deemed to have been paid in accordance with this Section 12.01 that are to be redeemed on any date prior to their maturity, apply moneys deposited with the Trustee with respect to such Bonds and redeem or sell Investment Securities so deposited with the Trustee and apply the proceeds thereof to the purchase of such Bonds, and the Trustee shall immediately thereafter cancel all such Bonds so purchased; provided, however, that the moneys and Investment Securities remaining on deposit with the Trustee after the purchase and cancellation of such Bonds shall be sufficient to pay, when due, the principal or Redemption Price, if applicable, of and the interest due or to become due on all Bonds with respect to which such moneys and Investment Securities are being held by the Trustee on or prior to the redemption date or maturity date thereof, as the case may be. If, at any time (i) prior to the maturity date of Bonds deemed to have been paid in accordance with this Section 12.01 that are not to be redeemed prior to their maturity or (ii) prior to the mailing of the notice of redemption referred to in clause (a) above with respect to any Bonds deemed to have been paid in accordance with this Section 12.01 that are to be redeemed on any date prior to their maturity, the Authority

The directions given by the Authority to the Trustee referred to in the preceding sentence shall also specify (i) the portion, if any, of such Bonds so purchased or delivered and canceled to be applied against the obligation of the Trustee to pay Bonds deemed paid in accordance with this Section 12.01 upon their maturity date or dates and (ii) the portion, if any, of such Bonds so purchased or delivered and canceled to be applied against the obligation of the Trustee to redeem Bonds deemed paid in accordance with this Section 12.01 on any date or dates prior to their maturity. #### SECTION 12.02. Evidence of Signatures and Ownership of Bonds.

1. Any request, consent, revocation of consent or other instrument that this Bond Resolution or any Supplemental Resolution may require or permit to be signed and executed by the Holders of Bonds of any Series may be in one or more instruments of similar tenor, and shall be signed or executed by such Holders of Bonds in person or by their attorneys duly appointed in writing. Proof of the execution of any such instrument, or of any instrument appointing any such attorney, shall be sufficient for any purpose of this Bond Resolution or any Supplemental Resolution (except as otherwise expressly provided therein) if made in the following manner, or in any other manner satisfactory to the Trustee, which may nevertheless in its discretion require further or other proof in cases where it deems the same desirable. The fact and date of the execution of such instruments by any Holder of any Bond or his attorney may be proved by a guarantee of the signature thereon by a bank or trust company or at the discretion of the Trustee, by a certificate of any notary public or other officer authorized to take acknowledgments of deeds that the person signing such request or other instrument acknowledged to him the execution thereof, or by an affidavit of a witness of such execution, duly sworn to before such notary public or other officer. Where such execution is by an officer of a corporation or association or by a member of a partnership on behalf of such corporation, association or partnership, such signature guarantee, certificate or affidavit shall also constitute sufficient proof of his authority.

2. The ownership of Bonds and the amount, numbers, other identification and date of holding the same shall be proved by the registry books maintained by the Authority and kept by the Trustee.

3. Any request or consent by the Holder of any Bond shall be binding on all future Owners of such Bond with respect to anything done or suffered to be done by the Authority or any Trustee in accordance therewith.

3. Investment Securities described in clause (z) of subsection (2) of this Section 12.01 may be included in the Investment Securities deposited with the Trustee in order to satisfy the requirements of clause (b) of subsection (2) of this Section 12.01 if and only if, in making the determination as to whether the moneys and Investment Securities to be deposited with the Trustee would be sufficient to pay, when due, the principal or Redemption Price, if applicable, of and the interest due and to become due on the Bonds that will be deemed to have been paid as provided in subsection (2) of this Section 12.01, such determination is made both (i) on the assumption that the Investment Securities described in said clause (z) were not redeemed at the option of the issuer thereof prior to their maturity date and (ii) on the assumption that such Investment Securities were redeemed by the issuer thereof at its option on each date on which such option could be exercised, that as of such date or dates interest ceased to accrue on such Investment Securities, and that the proceeds of such redemption were not reinvested by the Trustee.

4. In the event that, after compliance with the provisions of subsection (3) of this Section 12.01, the Investment Securities described in clause (z) of subsection (2) of this Section 12.01 are included in the Investment Securities deposited with the Trustee in order to satisfy the requirements of clause (b) of subsection (2) of this Section 12.01 and any such Investment Securities are actually redeemed by the issuer thereof prior to their maturity date, then the Trustee, at the written direction of the Authority, shall reinvest the proceeds of such redemption in Investment Securities; provided, however, that the aggregate of the moneys and Investment Securities to be held by the Trustee, taking into account any changes in redemption dates or instructions to give notice of redemption given to the Trustee by the Authority in accordance with subsection (5) of this Section 12.01, shall at all times be sufficient to satisfy the requirements of clause (b) of subsection (2) of this Section 12.01.

5. In the event that, after compliance with the provisions of subsection (3) of this Section 12.01, the Investment Securities described in clause (z) of subsection (2) of this Section 12.01 are included in the Investment Securities deposited with the Trustee in order to satisfy the requirements of clause (b) of subsection (2) of this Section 12.01, then any notice of redemption to be mailed by the Trustee and any set of instructions relating to a notice of redemption given to the Trustee may provide, at the option of the Authority, that (i) any redemption date or dates with respect to all or any portion of the Bonds to be redeemed on such date or dates may, at the option of the Authority, be changed to any other permissible redemption date or dates, and (ii) redemption dates may be established for any Bonds deemed to have been paid in accordance with this Section 12.01 upon their maturity date or dates at any time prior to the actual mailing of any applicable notice of redemption in the event that all or any portion of any Investment Securities described in clause (z) of subsection (2) of this Section 12.01 have been called for redemption pursuant to an irrevocable notice of redemption or have been redeemed by the issuer thereof prior to their maturity date. No such change of redemption dates or establishment of redemption dates may be made unless, taking into account such changed redemption dates or newly established redemption dates, the moneys and Investment Securities on deposit with the Trustee (including any Investment Securities deposited with the Trustee in connection with any reinvestment of

THE MORRIS COUNTY IMPROVEMENT AUTHORITY OF THE AUTHORITY'S  
COUNTY OF SUSSEX GUARANTEED RENEWABLE ENERGY PROGRAM LEASE  
REVENUE BONDS (COUNTY OF SUSSEX PROGRAM), SERIES 2011 (FEDERALLY  
TAXABLE) IN AN AGGREGATE PRINCIPAL AMOUNT NOT TO EXCEED  
\$50,000,000 AND RELATED DOCUMENTS**

WHEREAS, the County of Sussex, New Jersey, a political subdivision of the State (the "County") desires to undertake the development and implementation of a renewable energy program (the "Renewable Energy Program") for the financing, design, permitting, acquisition, construction, installation, operation and maintenance of renewable energy capital equipment and facilities such as solar panels, wind turbines, and hydro-electric, bio-diesel, geothermal, and bio-mass facilities, including any related electrical modifications, work related to the maintenance of roof warranties, or other work required, desirable or convenient for the installation of such systems (collectively, the renewable energy capital equipment and facilities, the "Renewable Energy Projects") for and on behalf of the County and its affiliates, and the local governmental units within the County, including without limitation municipalities, boards of education for school districts, local authorities and any other local government instrumentalities, public bodies or other local government entities (collectively, including the County, the "Local Units");

WHEREAS, the Morris County Improvement Authority (the "Authority") has been duly created by resolution no. 42 entitled "Resolution of the Board of Chosen Freeholders of Morris County, New Jersey creating the Morris County Improvement Authority" duly adopted by the Board of Chosen Freeholders (the "Morris County Board of Freeholders") of the County of Morris (the "Morris County") in the State of New Jersey (the "State") on April 10, 2002 as a public body corporate and politic of the State pursuant to and in accordance with the county improvement authorities law, constituting Chapter 183 of the Pamphlet Laws of 1960 of the State, and the acts amendatory thereof and supplemental thereto (as codified at N.J.S.A. 40:37A-44 *et seq.*, the "Act"), and other applicable law;

WHEREAS, as of the date hereof, the County has not created its own county improvement authority, and therefore pursuant to the Act, the County may determine to utilize the services of another county improvement authority, including without limitation the Authority, with the consent of both the County, a beneficiary county under the Act, and the Morris County Board of Freeholders, for any purpose for which an improvement authority shall exist, including those set forth in Section 11 of the Act (N.J.S.A. 40:37A-54, "Section 11"), which purposes include the development and implementation of the Renewable Energy Program;

WHEREAS, the County desires to implement the Renewable Energy Program through the Authority pursuant to the Act, the Uniform Shared Services and Consolidation Act, constituting Chapter 63 of the Pamphlet Laws of 2007 of the State, and the acts amendatory thereof and supplemental thereto (as codified at N.J.S.A. 40A:65-1 *et seq.*, the "Shared Services Act"), and all other applicable law, the terms of which agreement has been set forth in that

**WHEREAS**, the County has determined to enter into the Service Agreement and utilize the services of the Authority and the Authority Consultants (as hereinafter defined) for the following primary reasons: (i) the County does not have a county improvement authority, which type of entity possesses legal authority to enter into the kind of transactions that make a successful regional Renewable Energy Program more likely to succeed, (ii) Morris County has developed and implemented its own renewable energy program through the Authority, which Authority has retained (in accordance with all applicable law) experienced legal, engineering, energy consulting, and financial advisory consultants, consisting of the Authority's energy engineering and energy service consulting firms, Birsdall Services Group and Gabel Associates, its energy counsel and bond counsel, Inglesino, Pearlman, Wyciskala & Taylor, LLC, and its financial advisor, NW Financial Group, LLC, (collectively, the "*Authority Consultants*") and (iii) accordingly, it is more administratively efficient for the County to utilize the services of the Authority and the Authority Consultants to implement the Renewable Energy Program, with such changes as desired by the County, rather than incur the time and expense of the County establishing a new program;

**WHEREAS**, in addition, Sussex County may determine, but shall not be required, to seek the assistance of its auditor, financial advisor, if any, bond counsel, energy consultant, engineer or any other professional advisors deemed necessary, desirable and convenient by Sussex County (the "*Sussex County Consultants*", if any, and together with the Authority Consultants, the "*Consultants*"; to the extent Sussex County determines not to hire any Sussex County Consultants, references to the term Consultants herein shall be deemed to mean the Authority Consultants) to assist the Authority, the County and the Authority Consultants in connection with the Renewable Energy Program;

**WHEREAS**, the payment of the principal (including mandatory sinking fund installments, if any) in an aggregate principal amount not to exceed \$50,000,000 of, and interest (at interest rates not to exceed the maximum rates set forth in the Local Finance Board Application) on the Series 2011 Bonds, but not any redemption premium, shall be fully, unconditionally and irrevocably guaranteed in accordance with (i) the terms of a guaranty ordinance of the County to be finally adopted by the Board of Freeholders, (ii) by a guaranty certificate to be executed by an authorized officer of the County within each Series 2011 Bond and (iii) a "County Guaranty Agreement (Sussex County Renewable Energy Program, Series 2011)" to be dated as of the first day of the month of issuance of the Series 2011 Bonds (as the same may be amended and supplemented from time to time in accordance with its terms, the "*County Guaranty Agreement*") by and between the County and the Authority, as acknowledged by the Company and the Credit Facility Provider, if any (as hereinafter defined) setting forth, among other things, the County's obligation to make any such guaranty payments in accordance with and within the parameters set forth in the guaranty ordinance and the Bond Resolution (collectively, the "*County Guaranty*"), all pursuant to Section 37 ("*Section 37*") of the Act (N.J.S.A. 40:37A-80);

**WHEREAS**, the holders of any Additional Bonds issued under the terms of the Bond Resolution, the Act and all other applicable law shall also be entitled to the pledge of the Trust Estate under the Bond Resolution on a pro-rata basis with the holders of any Outstanding Bonds as defined therein, including the Series 2011 Bonds, although the guaranty of the County shall only extend to any such Series of Additional Bonds to the extent (i) the aggregate principal amount of all such Series of Additional Bonds, when taken together with the aggregate principal amount of the Series 2011 Bonds, shall not exceed \$50,000,000, or (ii) the County adopts and executes similar official action and documents constituting the County Guaranty;

**WHEREAS**, under the County Guaranty Agreement, the Company RFP, and as applicable, the Company Proposal, the Authority shall be obligated to obtain a letter of credit, cash, a covenant to provide same, or other form of security acceptable to and issued for the benefit of the County (the "*County Security*") to be issued by a sufficiently rated banking or other financial institution, or if the County Security is provided in the form of immediately available funds or the right to same, then the Company (in any such case, the "*County Security Provider*"), all to secure, in part, the County's payment obligations under the County Guaranty (but not to secure the payment of debt service on the Series 2011 Bonds, as any such County Security shall be deposited in the County Security Fund under the Bond Resolution, which Fund shall not be a part of the Trust Estate pledged for the payment of the Series 2011 Bonds), the terms of which County Security shall be set forth in a letter of credit and reimbursement or other agreement to be dated the first day of the month of issuance of the applicable series of Bonds (as the same may be amended and supplemented from time to time in accordance with its terms, the "*County Security Agreement*") among the Company, the County Security Provider, and the Authority, and acknowledged by the County, the provisions of which County Security Agreement, to the extent the County Security is in the form of immediately available funds or the right to same deposited in the County Security Fund created under the Bond Resolution, shall (i) not be set forth in an independent County Security Agreement, and accordingly (ii) be set forth in the Bond Resolution, the County Guaranty Agreement and the Company Lease Agreement;

**WHEREAS**, should the Company fail to make its Basic Lease Payments on time and in full, thereby causing the County to make payments to the Series 2011 Bondholders under the County Guaranty, which in turn causes the County Security to be drawn upon to reimburse the County for all or a portion of any such County Guaranty repayments, (i) the County Security Agreement, if any, shall provide that the Authority assign and pledge the Reimbursement Collateral (as defined in the Bond Resolution) to the County Security Provider, as reimbursement security for any such draw on the County Security, or (ii) to the extent the County Security is in the form of immediately available funds or the right to same deposited in the County Security Fund created under the Bond Resolution, in which case no County Security Agreement shall exist, then the Company, as County Security Provider in such instance, shall only be entitled to such excess County Security, as Reimbursement Collateral, if any shall remain available, after and to the extent the County has been fully paid under its County Guaranty;

**WHEREAS**, the Authority, with the consent of the County, may, depending on the Company Proposal, determine to (i) waive County Security due to the strength of the Company

Proposal or otherwise, in which case the terms County Security, County Security Fund, County Security Fund Requirement, County Security Provider and Reimbursement Collateral shall have no effect, or (ii) initially accept as County Security, in lieu of a County Security Agreement, immediately available funds in such amount (defined under the Bond Resolution as the County Security Fund Requirement) as set forth in the Company Proposal, to be funded by the Company in accordance with the terms of the Company Lease Agreement, all as contemplated by the Company Proposal, and all to secure, in part, the County's payment obligations under its County Guaranty should such County Guaranty ever be drawn upon, and which County Security Fund Requirement monies would then be deposited by the Trustee in the County Security Fund created and defined in the Bond Resolution, and which County Security Fund would be specifically excepted from the pledge of the Trust Estate and would not be available to secure the payment of debt service on the Series 2011 Bonds;

**WHEREAS**, in the event the Company provides the County Security Fund Requirement through such a covenant to provide immediately available funds, if applicable, but in any event to secure other Company obligations under the Company Documents, the Authority shall require the Company to further secure such obligations by pledging certain property interests of the Company and its managing member's interest in and to the Company to the Trustee, all as shall be set forth in the Company Lease Agreement and that certain "Pledge and Security Agreement (Sussex County Renewable Energy Program, Series 2011)" to be dated as of the first day of the month of issuance of the Series 2011 Bonds (as the same may be amended or supplemented from time to time in accordance with its terms, the "*Company Pledge Agreement*"), and issued by the managing member of the Company, in favor of the Trustee, and acknowledged and accepted by the Company;

**WHEREAS**, payment of the principal of (including mandatory sinking fund installments, if any) and interest on the Series 2011 Bonds, shall be secured by the Trust Estate as defined under and in accordance with the terms of the Bond Resolution, which shall include, among other things, (i) Basic Lease Payments to be made by the Company under, and as defined in, the Company Lease Agreement, (ii) certain Additional Lease Payments to be made by the Company under, and as defined in, the Company Lease Agreement, which Additional Lease Payments shall be attributable to (a) the Purchase Option Price payable in accordance with Section 701 of the Company Lease Agreement upon any optional redemption of the Series 2011 Bonds or (b) the Mandatory Purchase Price payable in accordance with Section 702 of the Company Lease Agreement upon any acceleration of the Series 2011 Bonds, and (iii) payments by the County under the hereinafter defined County Guaranty to the extent other funds (including the Basic Lease Payments) are not available to make the Series 2011 Bond debt service payments on time and in full, all in accordance with the terms of the Bond Resolution;

**WHEREAS**, the payment of the principal (including mandatory sinking fund installments, if any) in an aggregate principal amount not to exceed \$50,000,000 of, and interest (at interest rates not to exceed the maximum rates set forth in the Local Finance Board Application) on the Series 2011 Bonds, but not any redemption premium, shall be fully, unconditionally and irrevocably guaranteed in accordance with (i) the terms of a guaranty ordinance of the County to be finally adopted by the Board of Freeholders, (ii) by a guaranty certificate to be executed by an authorized officer of the County within each Series 2011 Bond and (iii) a "County Guaranty Agreement (Sussex County Renewable Energy Program, Series 2011)" to be dated as of the first day of the month of issuance of the Series 2011 Bonds (as the same may be amended and supplemented from time to time in accordance with its terms, the "*County Guaranty Agreement*") by and between the County and the Authority, as acknowledged by the Company and the Credit Facility Provider, if any (as hereinafter defined) setting forth, among other things, the County's obligation to make any such guaranty payments in accordance with and within the parameters set forth in the guaranty ordinance and the Bond Resolution (collectively, the "*County Guaranty*"), all pursuant to Section 37 ("*Section 37*") of the Act (N.J.S.A. 40:37A-80);

**WHEREAS**, the holders of any Additional Bonds issued under the terms of the Bond

Resolution, the Act and all other applicable law shall also be entitled to the pledge of the Trust Estate under the Bond Resolution on a pro-rata basis with the holders of any Outstanding Bonds as defined therein, including the Series 2011 Bonds, although the guaranty of the County shall only extend to any such Series of Additional Bonds to the extent (i) the aggregate principal amount of all such Series of Additional Bonds, when taken together with the aggregate principal amount of the Series 2011 Bonds, shall not exceed \$50,000,000, or (ii) the County adopts and executes similar official action and documents constituting the County Guaranty;

**WHEREAS**, under the County Guaranty Agreement, the Company RFP, and as applicable, the Company Proposal, the Authority shall be obligated to obtain a letter of credit, cash, a covenant to provide same, or other form of security acceptable to and issued for the benefit of the County (the "*County Security*") to be issued by a sufficiently rated banking or other financial institution, or if the County Security is provided in the form of immediately available funds or the right to same, then the Company (in any such case, the "*County Security Provider*"), all to secure, in part, the County's payment obligations under the County Guaranty (but not to secure the payment of debt service on the Series 2011 Bonds, as any such County Security shall be deposited in the County Security Fund under the Bond Resolution, which Fund shall not be a part of the Trust Estate pledged for the payment of the Series 2011 Bonds), the terms of which County Security shall be set forth in a letter of credit and reimbursement or other agreement to be dated the first day of the month of issuance of the applicable series of Bonds (as the same may be amended and supplemented from time to time in accordance with its terms, the "*County Security Agreement*") among the Company, the County Security Provider, and the Authority, and acknowledged by the County, the provisions of which County Security Agreement, to the extent the County Security is in the form of immediately available funds or the right to same deposited in the County Security Fund created under the Bond Resolution, shall (i) not be set forth in an independent County Security Agreement, and accordingly (ii) be set forth in the Bond Resolution, the County Guaranty Agreement and the Company Lease Agreement;

**WHEREAS**, should the Company fail to make its Basic Lease Payments on time and in full, thereby causing the County to make payments to the Series 2011 Bondholders under the County Guaranty, which in turn causes the County Security to be drawn upon to reimburse the County for all or a portion of any such County Guaranty repayments, (i) the County Security Agreement, if any, shall provide that the Authority assign and pledge the Reimbursement Collateral (as defined in the Bond Resolution) to the County Security Provider, as reimbursement security for any such draw on the County Security, or (ii) to the extent the County Security is in the form of immediately available funds or the right to same deposited in the County Security Fund created under the Bond Resolution, in which case no County Security Agreement shall exist, then the Company, as County Security Provider in such instance, shall only be entitled to such excess County Security, as Reimbursement Collateral, if any shall remain available, after and to the extent the County has been fully paid under its County Guaranty;

**WHEREAS**, the Authority, with the consent of the County, may, depending on the Company Proposal, determine to (i) waive County Security due to the strength of the Company Proposal or otherwise, in which case the terms County Security, County Security Fund, County

Security Fund Requirement, County Security Provider and Reimbursement Collateral shall have no effect, or (ii) initially accept as County Security, in lieu of a County Security Agreement, immediately available funds in such amount (defined under the Bond Resolution as the County Security Fund Requirement) as set forth in the Company Proposal, to be funded by the Company in accordance with the terms of the Company Lease Agreement, all as contemplated by the Company Proposal, and all to secure, in part, the County's payment obligations under its County Guaranty should such County Guaranty ever be drawn upon, and which County Security Fund Requirement monies would then be deposited by the Trustee in the County Security Fund created and defined in the Bond Resolution, and which County Security Fund would be specifically excepted from the pledge of the Trust Estate and would not be available to secure the payment of debt service on the Series 2011 Bonds;

**WHEREAS**, in the event the Company provides the County Security Fund Requirement through such a covenant to provide immediately available funds, if applicable, but in any event to secure other Company obligations under the Company Documents, the Authority shall require the Company to further secure such obligations by pledging certain property interests of the Company and its managing member's interest in and to the Company to the Trustee, all as shall be set forth in the Company Lease Agreement and that certain "Pledge and Security Agreement (Sussex County Renewable Energy Program, Series 2011)" to be dated as of the first day of the month of issuance of the Series 2011 Bonds (as the same may be amended or supplemented from time to time in accordance with its terms, the "*Company Pledge Agreement*"), and issued by the managing member of the Company, in favor of the Trustee, and acknowledged and accepted by the Company;

**WHEREAS**, the Company as a potential "materially obligated person" within the meaning and for the purposes set forth in Rule 15c2-12 ("*Rule 15c-12*") promulgated by the Securities and Exchange Commission pursuant to the Securities and Exchange Act of 1934, as amended, may be required to enter into that certain "Company Continuing Disclosure Agreement (Sussex County Renewable Energy Program, Series 2011)" to be dated as of the first day of the month of issuance of the Series 2011 Bonds (as the same may be amended and supplemented from time to time in accordance with its terms, the "*Company Continuing Disclosure Agreement*") with the Authority and the Trustee, as dissemination agent (the "*Dissemination Agent*") in order to satisfy the secondary market disclosure requirements of Rule 15c2-12;

**WHEREAS**, prior to the issuance of the Series 2011 Bonds and in accordance with N.J.S.A. 40A:5A-6, 7 and 8 of the Local Authorities Fiscal Control Law, the Authority shall have made an application (the “*Local Finance Board Application*”) to, and seek, obtain, and officially recognize the findings from, the Local Finance Board (the “*Local Finance Board*”) in the Department of Local Government Services of the State Department of Community Affairs;

**WHEREAS**, in order to market and sell the Series 2011 Bonds, the Authority shall determine to either (i) privately place the Series 2011 Bonds with any of the County, the State or State affiliate, or other third party, either directly, or through a private placement agent (“*Private Placement Agent*”), or (ii) alternatively, by negotiated or competitive sale, publicly offer the Series 2011 Bonds, in which public offering case the Authority shall need to:

- (b) If the Series 2011 Bonds shall be sold by:

**WHEREAS**, the Morris County Improvement Authority (the "*Authority*") has been duly created by resolution no. 42 entitled "Resolution of the Board of Chosen Freeholders of Morris County, New Jersey creating the Morris County Improvement Authority" duly adopted by the Board of Chosen Freeholders (the "*Morris County Board of Freeholders*") of the County of Morris (the "*Morris County*") in the State of New Jersey (the "*State*") on April 10, 2002 as a public body corporate and politic of the State pursuant to and in accordance with the county improvement authorities law, constituting Chapter 183 of the Pamphlet Laws of 1960 of the State, and the acts amendatory thereof and supplemental thereto (as codified at N.J.S.A. 40:37A-44 *et seq.*, the "*Act*"), and other applicable law;

**WHEREAS**, as of the date hereof, the County has not created its own county improvement authority, and therefore pursuant to the Act, the County may determine to utilize the services of another county improvement authority, including without limitation the Authority, with the consent of both the County, a beneficiary county under the Act, and the Morris County Board of Freeholders, for any purpose for which an improvement authority shall exist, including those set forth in Section 11 of the Act (N.J.S.A. 40:37A-54, "*Section 11*"), which purposes include the development and implementation of the Renewable Energy Program;

**WHEREAS**, the County desires to implement the Renewable Energy Program through the Authority pursuant to the Act, the Uniform Shared Services and Consolidation Act, constituting Chapter 63 of the Pamphlet Laws of 2007 of the State, and the acts amendatory thereof and supplemental thereto (as codified at N.J.S.A. 40A:65-1 *et seq.*, the "*Shared Services*

**WHEREAS**, the County has determined to enter into the Service Agreement and utilize the services of the Authority and the Authority Consultants (as hereinafter defined) for the following primary reasons: (i) the County does not have a county improvement authority, which type of entity possesses legal authority to enter into the kind of transactions that make a successful regional Renewable Energy Program more likely to succeed, (ii) Morris County has developed and implemented its own renewable energy program through the Authority, which Authority has retained (in accordance with all applicable law) experienced legal, engineering, energy consulting, and financial advisory consultants, consisting of the Authority’s energy engineering and energy service consulting firms, Birsdall Services Group and Gabel Associates, its energy counsel and bond counsel, Inglesino, Pearlman, Wyciskala & Taylor, LLC, and its financial advisor, NW Financial Group, LLC, (collectively, the “*Authority Consultants*”) and (iii) accordingly, it is more administratively efficient for the County to utilize the services of the Authority and the Authority Consultants to implement the Renewable Energy Program, with such changes as desired by the County, rather than incur the time and expense of the County establishing a new program;

**WHEREAS**, in addition, Sussex County may determine, but shall not be required, to seek the assistance of its auditor, financial advisor, if any, bond counsel, energy consultant, engineer or any other professional advisors deemed necessary, desirable and convenient by Sussex County (the “*Sussex County Consultants*”, if any, and together with the Authority Consultants, the “*Consultants*”; to the extent Sussex County determines not to hire any Sussex County Consultants, references to the term Consultants herein shall be deemed to mean the Authority Consultants) to assist the Authority, the County and the Authority Consultants in connection with the Renewable Energy Program;

(I) The Company shall establish a power purchase price based, in part, on the Authority's covenant in the Company Lease Agreement to issue the Series 2011 Bonds to finance the Renewable Energy Projects, and if applicable, the Capital Improvement Projects, for the Series 2011 Local Units, and the Company shall be entitled to draw a dedicated portion of the net proceeds of the Series 2011 Bonds for the design, permitting, acquisition construction, renovation, and installation of such Projects on a requisition basis,

(II) The Company shall establish a power purchase price based, in part, on the Authority's covenant in the Company Lease Agreement, as nominal owner of the Renewable Energy Projects for State law purposes, to assign to the Company all or a portion of the Authority's rights to the Solar Renewable Energy Certificates ("*SRECs*") generated by the Renewable Energy Projects for the Series 2011 Local Units, and

(III) The Company shall sell to the Authority for the benefit of the Series 2011 Local Units, for a term of fifteen

(15) years, plus extensions if applicable, for a fixed power purchase price per kilowatt hour, as escalated under the terms thereof (such terms to be established pursuant to the Company Proposal), the renewable energy generated by the Renewable Energy Projects, which Authority obligation to purchase shall be assigned to the Series 2011 Local Units as part of the Local Unit License Agreements; and

- (c) The Company Lease Agreement, the Power Purchase Agreement, the hereinafter defined Company Disclosure Agreement, and the hereinafter defined Company Pledge Agreement, may be collectively defined as the "*Company Documents*";

**WHEREAS**, payment of the principal of (including mandatory sinking fund installments, if any) and interest on the Series 2011 Bonds, shall be secured by the Trust Estate as defined under and in accordance with the terms of the Bond Resolution, which shall include, among other things, (i) Basic Lease Payments to be made by the Company under, and as defined in, the Company Lease Agreement, (ii) certain Additional Lease Payments to be made by the Company under, and as defined in, the Company Lease Agreement, which Additional Lease Payments shall be attributable to (a) the Purchase Option Price payable in accordance with Section 701 of the Company Lease Agreement upon any optional redemption of the Series 2011 Bonds or (b) the Mandatory Purchase Price payable in accordance with Section 702 of the Company Lease Agreement upon any acceleration of the Series 2011 Bonds, and (iii) payments by the County under the hereinafter defined County Guaranty to the extent other funds (including the Basic Lease Payments) are not available to make the Series 2011 Bond debt service payments on time and in full, all in accordance with the terms of the Bond Resolution;

**WHEREAS**, the payment of the principal (including mandatory sinking fund installments, if any) in an aggregate principal amount not to exceed \$50,000,000 of, and interest (at interest rates not to exceed the maximum rates set forth in the Local Finance Board Application) on the Series 2011 Bonds, but not any redemption premium, shall be fully, unconditionally and irrevocably guaranteed in accordance with (i) the terms of a guaranty ordinance of the County to be finally adopted by the Board of Freeholders, (ii) by a guaranty certificate to be executed by an authorized officer of the County within each Series 2011 Bond and (iii) a "County Guaranty Agreement (Sussex County Renewable Energy Program, Series 2011)" to be dated as of the first day of the month of issuance of the Series 2011 Bonds (as the same may be amended and supplemented from time to time in accordance with its terms, the "*County Guaranty Agreement*") by and between the County and the Authority, as acknowledged by the Company and the Credit Facility Provider, if any (as hereinafter defined) setting forth, among other things, the County's obligation to make any such guaranty payments in accordance with and within the parameters set forth in the guaranty ordinance and the Bond Resolution (collectively, the "*County Guaranty*"), all pursuant to Section 37 ("*Section 37*") of the Act (N.J.S.A. 40:37A-80);

**WHEREAS**, the holders of any Additional Bonds issued under the terms of the Bond Resolution, the Act and all other applicable law shall also be entitled to the pledge of the Trust Estate under the Bond Resolution on a pro-rata basis with the holders of any Outstanding Bonds as defined therein, including the Series 2011 Bonds, although the guaranty of the County shall only extend to any such Series of Additional Bonds to the extent (i) the aggregate principal amount of all such Series of Additional Bonds, when taken together with the aggregate principal amount of the Series 2011 Bonds, shall not exceed \$50,000,000, or (ii) the County adopts and executes similar official action and documents constituting the County Guaranty;

**WHEREAS**, under the County Guaranty Agreement, the Company RFP, and as applicable, the Company Proposal, the Authority shall be obligated to obtain a letter of credit, cash, a covenant to provide same, or other form of security acceptable to and issued for the benefit of the County (the "*County Security*") to be issued by a sufficiently rated banking or other financial institution, or if the County Security is provided in the form of immediately available funds or the right to same, then the Company (in any such case, the "*County Security Provider*"), all to secure, in part, the County's payment obligations under the County Guaranty (but not to secure the payment of debt service on the Series 2011 Bonds, as any such County Security shall be deposited in the County Security Fund under the Bond Resolution, which Fund shall not be a part of the Trust Estate pledged for the payment of the Series 2011 Bonds), the terms of which County Security shall be set forth in a letter of credit and reimbursement or other agreement to be dated the first day of the month of issuance of the applicable series of Bonds (as the same may be amended and supplemented from time to time in accordance with its terms, the "*County Security Agreement*") among the Company, the County Security Provider, and the Authority, and acknowledged by the County, the provisions of which County Security Agreement, to the extent the County Security is in the form of immediately available funds or the right to same deposited in the County Security Fund created under the Bond Resolution, shall (i) not be set forth in an independent County Security Agreement, and accordingly (ii) be set forth in the Bond Resolution, the County Guaranty Agreement and the Company Lease Agreement;

**WHEREAS**, should the Company fail to make its Basic Lease Payments on time and in full, thereby causing the County to make payments to the Series 2011 Bondholders under the County Guaranty, which in turn causes the County Security to be drawn upon to reimburse the County for all or a portion of any such County Guaranty repayments, (i) the County Security Agreement, if any, shall provide that the Authority assign and pledge the Reimbursement Collateral (as defined in the Bond Resolution) to the County Security Provider, as reimbursement security for any such draw on the County Security, or (ii) to the extent the County Security is in the form of immediately available funds or the right to same deposited in the County Security Fund created under the Bond Resolution, in which case no County Security Agreement shall exist, then the Company, as County Security Provider in such instance, shall only be entitled to such excess County Security, as Reimbursement Collateral, if any shall remain available, after and to the extent the County has been fully paid under its County Guaranty;

**WHEREAS**, the Authority, with the consent of the County, may, depending on the Company Proposal, determine to (i) waive County Security due to the strength of the Company

Proposal or otherwise, in which case the terms County Security, County Security Fund, County Security Fund Requirement, County Security Provider and Reimbursement Collateral shall have no effect, or (ii) initially accept as County Security, in lieu of a County Security Agreement, immediately available funds in such amount (defined under the Bond Resolution as the County Security Fund Requirement) as set forth in the Company Proposal, to be funded by the Company in accordance with the terms of the Company Lease Agreement, all as contemplated by the Company Proposal, and all to secure, in part, the County's payment obligations under its County Guaranty should such County Guaranty ever be drawn upon, and which County Security Fund Requirement monies would then be deposited by the Trustee in the County Security Fund created and defined in the Bond Resolution, and which County Security Fund would be specifically excepted from the pledge of the Trust Estate and would not be available to secure the payment of debt service on the Series 2011 Bonds;

**WHEREAS**, in the event the Company provides the County Security Fund Requirement through such a covenant to provide immediately available funds, if applicable, but in any event to secure other Company obligations under the Company Documents, the Authority shall require the Company to further secure such obligations by pledging certain property interests of the Company and its managing member's interest in and to the Company to the Trustee, all as shall be set forth in the Company Lease Agreement and that certain "Pledge and Security Agreement (Sussex County Renewable Energy Program, Series 2011)" to be dated as of the first day of the month of issuance of the Series 2011 Bonds (as the same may be amended or supplemented from time to time in accordance with its terms, the "*Company Pledge Agreement*"), and issued by the managing member of the Company, in favor of the Trustee, and acknowledged and accepted by the Company;

**WHEREAS**, the Company as a potential "materially obligated person" within the meaning and for the purposes set forth in Rule 15c2-12 ("*Rule 15c-12*") promulgated by the Securities and Exchange Commission pursuant to the Securities and Exchange Act of 1934, as amended, may be required to enter into that certain "Company Continuing Disclosure Agreement (Sussex County Renewable Energy Program, Series 2011)" to be dated as of the first day of the month of issuance of the Series 2011 Bonds (as the same may be amended and supplemented from time to time in accordance with its terms, the "*Company Continuing Disclosure Agreement*") with the Authority and the Trustee, as dissemination agent (the "*Dissemination Agent*") in order to satisfy the secondary market disclosure requirements of Rule 15c2-12;

**WHEREAS**, pursuant to the terms of the Bond Resolution, as a "materially obligated person" within the meaning and for the purposes set forth in Rule 15c2-12, the County will be required to enter into that certain "County Continuing Disclosure Agreement (Sussex County Renewable Energy Program, Series 2011)" to be dated as of the first day of the month of issuance of the Series 2011 Bonds (as the same may be amended and supplemented from time to time in accordance with its terms, the "*County Continuing Disclosure Agreement*" and together with the Company Continuing Disclosure Agreement, the "*Continuing Disclosure Agreements*") with the Dissemination Agent in order to satisfy the secondary market disclosure requirements of Rule 15c2-12;

**WHEREAS**, pursuant to the terms of the Bond Resolution and/or the Continuing Disclosure Agreements, the Authority shall (i) not be considered a “materially obligated person” within the meaning and for the purposes set forth in Rule 15c2-12, and (ii) be required to provide certain material events notices in accordance with Rule 15c2-12, and accordingly, the Authority shall be required to provide such material events notices under the terms of the Company Continuing Disclosure Agreement and the County Continuing Disclosure Agreement, all in order to satisfy the secondary market disclosure requirements of Rule 15c2-12;

**WHEREAS**, prior to the issuance of the Series 2011 Bonds and in accordance with N.J.S.A. 40A:5A-6, 7 and 8 of the Local Authorities Fiscal Control Law, the Authority shall have made an application (the “*Local Finance Board Application*”) to, and seek, obtain, and officially recognize the findings from, the Local Finance Board (the “*Local Finance Board*”) in the Department of Local Government Services of the State Department of Community Affairs;

**WHEREAS**, in order to market and sell the Series 2011 Bonds, the Authority shall determine to either (i) privately place the Series 2011 Bonds with any of the County, the State or State affiliate, or other third party, either directly, or through a private placement agent (“*Private Placement Agent*”), or (ii) alternatively, by negotiated or competitive sale, publicly offer the Series 2011 Bonds, in which public offering case the Authority shall need to:

- (a) Authorize the distribution of a preliminary official statement “deemed final” within the meaning and for the purposes of Rule 15c2-12 describing the terms of the Series 2011 Bonds, the Series 2011 Project and the other transactions contemplated hereby (the “*Preliminary Official Statement*”);
- (b) If the Series 2011 Bonds shall be sold by:
  - (I) Competitive sale, authorize the distribution of a notice of sale (“*Notice of Sale*”), pursuant to which the Authority shall select an underwriter to purchase all of the Series 2011 Bonds (the “*Underwriter*”), or
  - (II) Negotiated sale, enter into a bond purchase agreement (the “*Bond Purchase Agreement*”) with an underwriter to be selected by the Authority through a fair and open process (alternatively, the “*Underwriter*”) to purchase all of the Series 2011 Bonds; and
- (c) Execute and deliver a final Official Statement incorporating the terms of the sale of the Series 2011 Bonds and certain other information into the Preliminary Official Statement (the “*Official Statement*”, and together with the Preliminary Official Statement, the Notice of Sale or the Bond Purchase Agreement, as applicable, and any of the same or other offering

or sale documents that may be required by any Private Placement Agent or direct purchaser under the private sale methodology in clause (i) above, the "Sale Documents");

**WHEREAS**, prior to the issuance of the Series 2011 Bonds and in accordance with Section 13 ("Section 13") of the Act (N.J.S.A. 40:37A-56), the Authority shall have made a detailed report regarding the Renewable Energy Program to Board of Chosen Freeholders of the County of Sussex (the "Sussex County Board of Freeholders") and the Morris County Board of Freeholders, which report shall include, without limitation, descriptions of the Series 2011 Bonds, the Bond Resolution, the Company Lease Agreement, the County Guaranty (including the County Guaranty Agreement), the Power Purchase Agreement, the Company Pledge Agreement, the Continuing Disclosure Agreements, the Local Unit License Agreements, and if and as applicable, the Sale Documents (collectively, the "Program Documents"), and which report and amended report shall be accepted by both the County and Morris County by resolution adopted by the Sussex County Board of Freeholders and the Morris County Board of Freeholders pursuant to Section 13.

#### ARTICLE IV

#### LEASE OF LEASED PROPERTY; TERM OF COMPANY LEASE AGREEMENT

##### SECTION 401. Lease of Leased Property.

(a) The Lessor hereby agrees to (i) finance the Renewable Energy Projects and the Capital Improvement Projects, if any, for the Series 2011 Local Units, through the issuance of the Series 2011 Bonds, and (ii) enter into the Local Unit License Agreements with the Series 2011 Local Units, thereby giving the Lessor nominal ownership of the Renewable Energy Projects, and providing the Company with a license and access to the Local Unit Facilities for the Series 2011 Local Units.

(b) The Lessee hereby agrees to (i) design, permit, acquire, construct, install, operate and maintain the Renewable Energy Projects as described on Exhibit A-1 hereof and (ii) design, permit, acquire, construct, renovate, and install the Capital Improvement Projects, if any, as described on Exhibit A-2 hereof, all for the Series 2011 Local Units.

(c) Upon the acquisition of title to the Leased Property from the Contractor (the timing of which does not adversely affect the Lessee's obligations hereunder, including the obligations to make Lease Payments), the Lessor hereby agrees to lease to the Lessee, except for the Reserved Rights, all of its right, title and interest in and to the Leased Property for the duration of the Lease Term hereof, and to grant to the Lessee an option to purchase the Leased Property as set forth in Article VII hereof. The Lessee hereby agrees to take and lease from the Lessor, other than the Reserved Rights, all of the Lessor's right, title and interest in and to the Leased Property on the terms and conditions set forth in this Company Lease Agreement, including, without limitation, all of the Lessee's duties and obligations under the Program Documents. The lease of the Leased Property from the Lessor to the Lessee is also intended to convey to the Lessee any product of the Leased Property, including any right, title and interest of the Lessor in and to the SRECs and the right to electricity generated from the Renewable Energy Projects for the Series 2011 Local Units at their respective Local Unit Facilities, subject to the terms and conditions of the Program Documents. The Lessor hereby acknowledges the Lessee's intent to exercise such option to purchase the Leased Property during or upon the termination of the Lease Term.

(d) It is an express purpose of this Company Lease Agreement that the benefits and burdens of owning the Leased Property being conveyed by the Lessor to the Lessee pursuant to this Company Lease Agreement be such that the Lessee shall be deemed to be the owner of the Leased Property for purposes of the Code. Accordingly, Lessor and Lessee agree and acknowledge that, for federal income tax purposes: (i) Lessee will treat the use of Series 2011 Bond proceeds to purchase, construct and install the Renewable Energy Projects as construction loan advances of Series 2011 Bond proceeds to Lessee by Authority, (ii) Lessee will treat all payments (or credits against such payments) made under this Company Lease Agreement as payments of interest and principal to the Authority with respect to such construction loan,

with an allocation of principal and interest based upon the Authority's related principal and interest payments on the Series 2011 Bonds; and (iii) Lessee will report all payments made by the Series 2011 Local Units under the Power Purchase Agreements as revenues earned by Lessee. Notwithstanding the foregoing, for State law purposes, Lessor and Lessee agree that under the Program Document structure, any benefit to the Company shall be deemed incidental, the primary purpose of the Renewable Energy Program being to provide the Series 2011 Local Units with electricity at multi-year locked in rates to the greatest extent practicable below tariff, which goal has been effectively realized through the financing structure contemplated by the Program Documents.

#### SECTION 402. Lease Term.

(a) This Company Lease Agreement shall be and remain in effect with respect to the Leased Property (the "Lease Term") commencing on the date of authorization, execution, authentication and delivery of the Series 2011 Bonds that shall finance, among other things, the Renewable Energy Project component of the Leased Property, and continuing until terminated as provided for in this Section 402. The Term of this Company Lease Agreement shall terminate upon the occurrence of the first of the following of events:

(i) The exercise by the Lessee of its option or its requirement to purchase the Lessor's entire interest in the Leased Property pursuant to Article VII hereof;

(ii) The occurrence and continuation of an Event of Default hereunder by the Lessee and the Lessor's election to exercise remedies under this Company Lease Agreement pursuant to Section 1002 hereof;

(iii) Subject to an extension of this Company Lease Agreement in accordance with clause (iv) below, which provisions shall control even if the other requirements of this clause (iii) have been satisfied, the occurrence of all of the following: (A) the payment by the Lessee of all Lease Payments, which requirement as to Basic Lease Payments (unless sooner terminated or extended in accordance with the provisions hereof) shall be fully satisfied on December 15, 2025 (unless extended by an amendment hereto resulting from the issuance of Additional Bonds), (B) the Bonds, including the Series 2011 Bonds, shall no longer be Outstanding under the Bond Resolution, and if the provisions of Section 703(b) are applicable, (C) on the date specified in the Certificate of Authorized Officer of the Lessee required by Section 703(b)(iii); or

(iv) The expiration date of any extension to the initial term of this Company Lease Agreement, which initial term would be determined by clauses (i), (ii), and (iii) above, as such extension date shall be set forth in any amendment of this Company Lease Agreement (in accordance with the amendment provisions of Section 1103 hereof), to the extent permitted under then

applicable law.

(b) Notwithstanding the foregoing, this Company Lease Agreement shall be in effect until all the obligations created hereunder have been fulfilled.

(c) Notwithstanding the foregoing, any termination by reason of clause (a)(ii) above shall not alter or terminate the Lessee's unconditional payment obligations hereunder, including Sections 302 and 309 hereof.

#### SECTION 403. Net Lease.

(a) The Lessee intends for the Lease Payments to be net to the Lessor. The obligation of the Lessee to pay Lease Payments shall be absolute and unconditional and shall in no way be released, discharged or otherwise affected for any reason, including, without limitation, (i) any defect in the condition, quality or fitness for use of, or title to, any Project or (ii) any damage to or abandonment, destruction, requisition or taking of any portion of any Project.

(b) The Lessee shall comply with and pay all (i) local, state and federal taxes incurred with respect to the design, permitting, acquisition, construction, renovation, installation, operation, maintenance, ownership, possession or use of any Renewable Energy Project or the design, permitting, acquisition, construction, renovation or installation of any Capital Improvement Projects, including, without limitation, income, franchise, gross receipts, sales, use, documentary stamp, excise and real and personal property taxes, (ii) payments in lieu of taxes, assessments, licenses, registration fees, freight and transportation charges and any other charges imposed or liabilities incurred with respect to the design, permitting, acquisition, construction, renovation, installation, operation, maintenance, ownership, possession or use of any Renewable Energy Project or the design, permitting, acquisition, construction, renovation or installation of any Capital Improvement Projects, (iii) Lease Payments, and (iv) penalties, fines or interest imposed on any of the foregoing, during the Lease Term.

(c) The Lessee shall pay, from a portion of the proceeds of the Bonds or otherwise, all reasonable expenses incurred by the Lessor in connection with all filings or recordings of any documents relating to this Company Lease Agreement, the other Company Documents, or the Lessor's rights hereunder and thereunder. The Lessor shall have the right to make any of the payments required of the Lessee, but shall not be obligated to pay the same, and to charge such payment with interest at the Overdue Rate from the due date thereof through the date of payment as an Additional Lease Payment to be paid by the Lessee with the next Basic Lease Payment due under this Company Lease Agreement.

(a) Within ninety (90) days of the execution and delivery of this Company Lease Agreement, the Lessee shall cause Plans and Specifications to be prepared by one or more Architects or other Contractors with respect to all of the Projects for all of the Series 2011 Local Units and within the parameters set forth in the Company RFP. In preparing or causing the preparation of such Plans and Specifications, the Lessee expressly acknowledges that the Lessor shall only be providing financing, through the issuance of the Series 2011 Bonds, for the Maximum Net Bond Funded Project Cost Amount, and that any costs and expenses beyond such amount, except for any Completion Projects agreed in writing to be financed by the Lessor, are to be borne solely and wholly by the Lessee from any available funds.

(b) Copies of the Plans and Specifications, when in form satisfactory to the Lessee, shall be promptly delivered to the Lessor and the Applicable Series 2011 Local Units for the review, comment and approval of the Applicable Series 2011 Local Units. Within five (5) Business Days of receipt, each Applicable Series 2011 Local Unit shall have reviewed, and either commented on or approved the Plans and Specifications prepared by the Lessee for each respective Renewable Energy Project and each Capital Improvement Project, if any, for the respective Series 2011 Local Units. To the extent approval from any Series 2011 Local Unit shall not be received, the Lessee shall promptly modify the Plans and Specifications to address the Series 2011 Local Unit's reasonable concerns, whereupon the Lessee shall resubmit the Plans and Specifications to the Lessor and the Applicable Series 2011 Local Unit for further review, comment and approval. Such process shall continue until the Lessor and Lessee have received the approval of all of the Series 2011 Local Units; provided however, that both parties and the Applicable Series 2011 Local Units shall endeavor to complete the review, comment and approval process within one (1) month of the original submission to the Lessor and the Series 2011 Local Units.

(c) Promptly after having received the respective Series 2011 Local Unit approvals of the Plans and Specifications related to their respective Projects, the Lessee shall submit or cause the submission of such Plans and Specifications to all other federal, state or local governmental or quasi-governmental agencies having jurisdiction over the Projects or any part thereof, and shall receive any required Project permits or approvals.

Improvement Projects for all of the Series 2011 Local Units, (c) the completion and acceptance of the Renewable Energy Projects in accordance with the Plans and Specifications therefor; and the other terms hereof, including the filing of the REP Acceptance Certificates in accordance with Section 510(d)(i) hereof, (d) the completion of the Capital Improvement Projects in accordance with the Plans and Specifications therefor and the other terms hereof, including the filing of the CIP Acceptance Certificates in accordance with Section 510(d)(ii) hereof, and (e) all other matters that are incidental to the performance of the duties and powers that are expressly granted to the Lessee herein in connection with any of the foregoing. The Lessee may carry out its functions hereunder without obtaining any further approval of the Lessor, provided, however, that the Lessee shall issue monthly reports to the Lessor and the Applicable Series 2011 Local Unit detailing the progress of the foregoing and the anticipated completion dates thereof.

(b) After complying with the notification provisions of this subsection (b), the Lessee shall enter into one or more Development Contracts with the Contractor(s) providing for (i) the design, permitting, acquisition, construction, installation, operation and/or maintenance of the Renewable Energy Projects in accordance with the Plans and Specifications and/or (ii) the design, permitting, acquisition, construction, renovation, and/or installation of the Capital Improvement Projects in accordance with the Plans and Specifications. At least five (5) Business Days prior to the Lessee's entering into of each such Development Contract, the Lessee shall notify and provide each of the Lessor, the Applicable Series 2011 Local Unit and the Construction Manager with substantially final drafts thereof. Within a reasonable period of time thereafter, the Lessor, the Applicable Series 2011 Local Units and/or the Construction Manager shall notify the Lessee of any deviation therein from the Plans and Specifications for the Projects or from applicable law, if any. The Lessee shall, in its discretion, determine to incorporate or disregard any such advice into the final form of such Development Contracts; provided, however, that any such action or inaction shall not relieve the Lessee from completing the Projects in accordance with the agreed upon Plans and Specifications and in accordance with all applicable law. After such five (5) day notice period, the Lessee may enter into such Development Contracts, providing only that final executed copies thereof be delivered to each of the Lessor, the Applicable Series 2011 Local Unit and the Construction Manager. After such execution, the Lessee shall cause each Contractor to perform its obligations under the Development Contracts, and shall deliver the completed Project available for occupancy and use by the Company with respect to the Renewable Energy Projects and the Applicable Series 2011 Local Unit with respect to the Capital Improvement Projects, on or before the date specified in the Development Contracts.

(c) None of the Lessor, the Series 2011 Local Unit or the Trustee makes any warranties or representations or accepts any liabilities or responsibilities with respect to or for the adequacy, sufficiency or suitability of, or defects in or with respect to, the design, permitting, acquisition, construction, renovation or installation of the Project.

#### SECTION 504. Default in Contractors' Performance.

(a) In the event of default of the Contractor, including any subcontractor, under any Development Contract made in connection with any Project, the Lessee shall promptly proceed, either separately or in conjunction with others, to exhaust the remedies of the Lessee against the Contractor or any subcontractor so in default and against each surety for the performance of such Contractor or subcontractor. All such actions shall be construed to be Costs of the Project for purposes of this Company Lease Agreement, inasmuch as the same shall be necessary to enable any such Project to be designed, permitted, constructed, acquired, renovated or installed in accordance with the terms hereof and of the Development Contracts. The Lessee agrees to advise the Lessor, in writing, of the steps it intends to take in connection with any such default. If the Lessee shall so notify the Lessor, the Lessor may, in good faith, in its own name or in the name of the Lessee, with notice to the Lessee, prosecute or defend any action or proceeding or take such other action involving the Contractor, including any subcontractor, or surety that the Lessor deems reasonably necessary, and in such event the Lessor hereby agrees to cooperate fully with the Lessee, but at the sole cost and expense of the Lessor. Any amounts recovered by way of damages, refunds, adjustments or otherwise in connection with the foregoing shall be paid into the Project Fund or the Revenue Fund, as shall be determined by the Lessee.

(b) In the event that the Lessee is unable to comply with its requirements under this Company Lease Agreement prior to the execution of any Acceptance Certificate or if for any reason the design, permitting, acquisition, construction, renovation and installation of any Project is delayed, there shall be no resulting liability on the part of the Lessor and there shall be no diminution in or postponement of the amounts that are due and payable by the Lessee to the Lessor under the terms of this Company Lease Agreement.

The Lessor shall cooperate, and shall cause the Applicable Series 2011 Local Unit to cooperate fully with the Lessee in any such contest upon such request at the sole cost and expense of the Lessee.

#### SECTION 507. Possession and Enjoyment of Projects during Lease Term.

(a) From and after the execution and delivery of the REP Acceptance Certificate with respect to the applicable Renewable Energy Projects, the Lessor hereby agrees that during the Lease Term the Lessee, so long as the Lessee is not in default hereunder, shall have the quiet use and enjoyment of such Renewable Energy Projects, and the Lessee shall during such Lease Term peaceably and quietly have, hold and enjoy such Renewable Energy Projects, without suit, trouble or hindrance from the Lessor, any 2011 Local Unit, or any party claiming under or through the Lessor or such Local Unit, except as expressly set forth in the Program Documents. The Lessor and the Applicable Series 2011 Local Unit shall, at the request of the Lessee and at the Lessee's sole cost and expense, join in any legal action in which the Lessee asserts its right to such possession and enjoyment against any third-party to the extent the Lessor and the Applicable Series 2011 Local Unit lawfully may so do; in addition, the Lessee, while not in default hereunder, may in its discretion and at its sole cost and expense bring any such action in the name of the Lessor.

(b) From and after the execution and delivery of the CIP Acceptance Certificate with respect to the applicable Capital Improvement Projects, if any, the Lessor and the Lessee hereby agree that during the Lease Term, the Applicable Series 2011 Local Unit, as fee owner thereof, shall have the quiet use and enjoyment of such Capital Improvement Projects, and the Applicable Series 2011 Local Unit shall during such Lease Term peaceably and quietly have, hold and enjoy such Capital Improvement Projects, without suit, trouble or hindrance from the Lessor or the Lessee, or any party claiming under or through the Lessor or the Lessee, except as may be expressly set forth in the Program Documents.

The Lessor agrees that the Lessee shall, at its own expense, have the right to make immaterial changes to any Project or to make such additions, modifications and improvements thereto as in the Lessee's judgment are necessary to enable it to perform its obligations under this Company Lease Agreement without materially impairing the Project or materially changing the design of the Project from the Plans and Specifications; provided, however, that none of the foregoing shall in any way damage the Project or cause the Project to be used for purposes other than those authorized under the provisions of all applicable law. With respect to any such additions (only) to the Project in accordance with the provisions of this Section 505, such additions shall for all purposes of this Company Lease Agreement be deemed to be and remain the property of the Lessee and shall not become part of the Project, and any such item may be removed, altered or changed by the Lessee upon or before the termination of this Company Lease Agreement; provided, however, that such removal, alteration or change shall not damage the Project or, if any such damage shall occur, the Lessee shall repair the same at its sole cost and expense.

#### SECTION 506. Maintenance and Use of Project; Lessor Access; Repairs Not to Create Liens.

(a) With respect to the Renewable Energy Projects or a portion thereof financed under this Company Lease Agreement, the Lessee shall, at its own and sole expense, maintain, preserve and keep such Projects or any portion thereof, as the case may be, in good repair, working order and condition, and shall from time to time make all repairs, replacements and improvements necessary to keep such Projects or any portion thereof in such condition. The requirements to repair and keep the Capital Improvement Projects in good working order shall remain with the owners thereof, the Applicable Series 2011 Local Units.

(b) The Lessee agrees that the Lessor and the Applicable Series 2011 Local Unit shall have the right (but not the obligation) to enter upon the premises at reasonable times and upon reasonable notice in a reasonable manner where the Renewable Energy Projects or a portion thereof, as the case may be, is located in order to inspect the same for the purpose of assuring that such Renewable Energy Projects are being properly maintained, preserved and kept in good repair and condition. The Lessee further agrees that the Lessor or the Applicable Series 2011 Local Unit shall have such rights of access to such Renewable Energy Projects as may be reasonably necessary to cause the proper maintenance, preservation and keeping in good repair of such Renewable Energy Projects in the event of a failure by the Lessee to perform its obligations hereunder, which rights of access shall in no way imply any obligation on the part of the Lessor or the Applicable Series 2011 Local Unit.

(c) The Lessee shall not permit any mechanic's or materialmen's or other lien to be established or remain against any portion of the Projects for labor or materials furnished in connection with any remodeling, additions, modifications, improvements, repairs, renewals or replacements made by the Lessee pursuant to Section 503 hereof and this Section 506, other than

The Lessee hereby assumes responsibility for and agrees to reimburse the Lessor and the Applicable Series 2011 Local Unit for all liabilities, obligations, losses, damages, penalties, claims, actions, costs and expenses (including reasonable attorneys' fees), of whatsoever kind and nature, imposed on, incurred by or asserted against the Lessor or the Applicable Series 2011 Local Unit that in any way relate to or arise out of a claim, suit or proceeding based in whole or in part upon the negligent conduct of the Lessee or its officers, employees and agents, to the maximum extent permitted by law.

#### SECTION 509. Project Costs; Payment.

(a) The Project Costs to be incurred by the Lessee, or on behalf of the Lessee by any Contractor, relating to the acquisition, construction, and installation of the Renewable Energy Projects and the acquisition, construction, renovation and installation of the Capital Improvement Projects for all Series 2011 Local Units have been estimated by the Lessee under the Company RFP to be an aggregate amount not to exceed the Maximum Gross Bond Funded Project Cost Amount. Accordingly, the Lessor shall cause the Series 2011 Bonds to be issued, and further, shall cause the Maximum Net Bond Funded Project Cost Amount to be deposited in the Project Fund upon issuance of the Series 2011 Bonds pursuant to Section 2.03(7)(c)(i) and (ii) of the Bond Resolution. The Lessee represents that such initial deposit of the Maximum Net Bond Funded Project Cost Amount, together with interest to be earned thereon prior to disbursement in accordance with the terms hereof and of the Bond Resolution giving rise to the Maximum Gross Bond Funded Project Cost Amount, shall be sufficient to pay all of the Costs to design, permit, acquire, construct, and install all of the Renewable Energy Projects and to design, permit, acquire, construct, renovate, and install all of the Capital Improvement Project Costs, in either case for all of the Series 2011 Local Units on, in or about their Local Unit Facilities and in accordance with the Plans and Specifications.

(c) Any Project Costs in excess of such estimated Project Cost amount as set forth in subsection (a) above shall be solely borne by and solely paid from any funds available to the Lessee (which shall not include monies under the Bond Resolution, absent the Lessor's written consent). The Lessee hereby covenants to complete all of the Projects in accordance with the Plans and Specifications regardless of the actual Costs of such Projects and regardless of the amounts remaining on deposit in the Project Fund to pay such Project Costs. To the extent the Lessee shall complete all of the Projects in accordance with the Plans and Specifications in an

The Lessee, at its sole discretion, may apply less of the aggregate amount on deposit in the Project Fund and earmarked for payment of Company Development Fees and Expenses to such purpose, and instead apply all or a portion of such earmark (including any interest earned thereon) toward Costs of the Renewable Energy Projects or Capital Improvement Projects in the manner contemplated by Sections 510 and 511 hereof, and Section 5.02(2)(a) of the Bond Resolution. Any moneys remaining on deposit in the Project Fund, including interest earnings, upon the payment of all Project Costs (for which the Company shall submit Draw Papers) and all Company Development Fees and Expenses (for which the Company shall submit such Exhibit D form Certificate), shall be applied in the manner set forth in Section 510(e) hereof.

operation, condition, sale or return of the Projects, and (b) reimburse the Lessor or the Series 2011 Local Units for all losses, costs, charges and expenses (including, but not limited to, reasonable attorneys' fees) that the Lessor or the Series 2011 Local Units may incur or be subject to as a consequence, directly or indirectly, of involvement in any legal proceeding or action relating to the foregoing; provided, however, that no indemnification or reimbursement shall be due to the extent that the Lessor or the Series 2011 Local Units, as applicable, has acted with gross negligence or willful misconduct in connection with the liabilities for which the Lessor or the Series 2011 Local Units, as applicable, is seeking indemnification or reimbursement. All amounts that become due from the Lessee under this Section 608 shall be credited with any amounts received by the Trustee from insurance provided by the Lessee, shall be payable by the Lessee within thirty (30) days following demand therefore by the Lessor or the Series 2011 Local Units, as applicable (which demand cannot be made prior to the Lessee's receipt thereof), and shall survive the termination or expiration of this Company Lease Agreement.

**SECTION 609. Title to Projects Upon Termination of Company Lease Agreement.**

(a) Upon the financing of the Renewable Energy Projects with a portion of the proceeds of the Bonds and the filing of the REP Acceptance Certificates, the Lessor shall be the holder of title to such Renewable Energy Projects for all State law purposes, subject to the lease of the Leased Property contemplated hereby. Upon the filing of the CIP Acceptance Certificates, if any, the parties hereto acknowledge that the respective Series 2011 Local Units shall be the fee owners of the respective Capital Improvement Projects described in any such Certificates. The parties further acknowledge that the Lessor may assign the Reimbursement Collateral pursuant to the terms of the County Security Agreement, if any, and/or the County Guaranty Agreement. So long as no Event of Default shall have occurred and be continuing hereunder, the Lessor shall not sell, assign or alienate all or any part of the Renewable Energy Projects (but such provision shall not apply to the Capital Improvement Projects, the Lessor having no interest therein) or any interest therein to any other Renewable Energy Program interested Party or other third-party (other than to the Lessee pursuant to Article VII hereof), it being the purpose and intent hereof that the Lessee shall have the option to purchase all of the Lessor's right, title and interest in and to the Renewable Energy Projects during or upon the termination of this Company Lease Agreement, with credit toward the Basic Lease Payments for any such purchase price paid, all in accordance with Article VII hereof.

(b) Upon the termination of this Company Lease Agreement in accordance with Section 402(a)(iii) or (iv) hereof, (i) all of the Lessor's right, title and interest in and to the Renewable Energy Projects (and not the Capital Improvement Projects, the Lessor having no interest therein) shall be deemed sold, for purposes of State law, by the Lessor to the Lessee for the consideration of all previous Basic Lease Payments, and to the extent the Lessor was deemed to have a fee interest therein or to have retained title thereto for purposes of State law, such interest shall be deemed extinguished under State Law and such title thereto shall be deemed automatically and without further action conveyed by Lessor to Lessee, (ii) except for the rights

of the Series 2011 Local Units to effect a fair market value purchase of their respective Renewable Energy Projects in accordance with subsection (d) below, to the extent all Lease Payments have been made by the Lessee in full, all other covenants, agreements and obligations of the parties hereto under this Company Lease Agreement shall cease, terminate, and be deemed discharged and satisfied, and (iii) the Lessor and its officers shall take all actions necessary to authorize, execute and deliver to the Lessee any and all documents necessary to vest in the Lessee all of the Lessor's right, title and interest in and to the Renewable Energy Projects, free and clear of all liens, leasehold interests and encumbrances, including, if necessary, a release of any and all liens or interests created under the provisions of this Company Lease Agreement. In such event, the Trustee shall cause a statement of debits and credits for such period or periods as shall be requested by the Lessor or the Lessee to be prepared and filed with the Lessor and the Lessee, and, upon the request of the Lessor or the Lessee, shall execute and deliver to the Lessor and the Lessee all such instruments as may be desirable to evidence such discharge and satisfaction.

(c) Upon the termination of this Company Lease Agreement due to an optional or mandatory pre-purchase of the Renewable Energy Projects in accordance with Section 402(a)(f) and Sections 701 or 702, as applicable, hereof, (i) the rights of the Lessor and the Lessee in the title to the Renewable Energy Projects (but not the Capital Improvement Projects, which title shall remain with the respective Series 2011 Local Units) shall be as set forth in Section 703 hereof, (ii) except for the rights of the Series 2011 Local Units to effect a fair market value purchase of their respective Renewable Energy Projects in accordance with subsection (d) below, to the extent all Lease Payments have been made by the Lessee in full, all other covenants, agreements and obligations of the parties hereto under this Company Lease Agreement shall cease, terminate, and be deemed discharged and satisfied, and (iii) the Lessor and its officers shall take all actions necessary to authorize, execute and deliver to the Lessee any and all documents necessary to vest in the Lessee all of the Lessor's right, title and interest in and to the Renewable Energy Projects, free and clear of all liens, leasehold interests and encumbrances, including, if necessary, a release of any and all liens or interests created under the provisions of this Company Lease Agreement. In such event, the Trustee shall cause a statement of debits and credits for such period or periods as shall be requested by the Lessor or the Lessee to be prepared and filed with the Lessor and the Lessee, and, upon the request of the Lessor or the Lessee, shall execute and deliver to the Lessor and the Lessee all such instruments as may be desirable to evidence such discharge and satisfaction.

(d) Upon the termination of the Power Purchase Agreement, the parties acknowledge that (i) the Company and each Series 2011 Local Unit shall have thirty (30) days from any such termination to negotiate a fair market value purchase price for the Renewable Energy Project developed for any such Applicable Series 2011 Local Unit and (ii) to the extent the Company and any such Applicable Series 2011 Local Unit can agree to any such fair market value purchase price for such Renewable Energy Project, the parties acknowledge that the right, title and interest in and to such Renewable Energy Project may be sold by the Lessee to any such Applicable Series 2011 Local Unit for such fair market value price, and any other terms and conditions, all in accordance with the provisions of Section 5.2(d) of the Local Unit License

Agreement for any such Applicable Series 2011 Local Unit.

(e) Upon the termination of this Company Lease Agreement due to a Lessee Event of Default in accordance with Section 402(a)(g) hereof, (i) Lessor shall possess full right, title and interest in and to the Renewable Energy Projects for all of the Series 2011 Local Units (but not the Capital Improvement Projects, if any, which title shall remain with the respective Series 2011 Local Units), (ii) Lessee shall have no further leasehold or other right, title and interest in and to such Renewable Energy Projects (nor any such Capital Improvement Projects), (iii) except for the rights of the Series 2011 Local Units to effect a nominal value purchase of their respective Renewable Energy Projects in accordance with subsection (f) below, to the extent all Lease Payments have been made by the Lessee in full, all other covenants, agreements and obligations of the parties hereto under this Company Lease Agreement shall cease, terminate, and be deemed discharged and satisfied, and (iii) the Lessee and its officers shall take all actions necessary to authorize, execute and deliver to the Lessor any and all documents necessary to vest in the Lessor all of the Lessee's right, title and interest in and to the Renewable Energy Projects, free and clear of all liens, leasehold interests and encumbrances, including, if necessary, a release of any and all liens or interests created under the provisions of this Company Lease Agreement. In such event, the Trustee shall cause a statement of debits and credits for such period or periods as shall be requested by the Lessee or the Lessor to be prepared and filed with the Lessee and the Lessor, and, upon the request of the Lessee or the Lessor, shall execute and deliver to the Lessee and the Lessor all such instruments as may be desirable to evidence such discharge and satisfaction.

(f) Upon the termination of this Company Lease Agreement as contemplated in Section 609(c) above, the parties acknowledge that the right, title and interest in and to the Renewable Energy Project developed for any one or more Series 2011 Local Units may be sold by the Lessor to any such Applicable Series 2011 Local Unit for nominal consideration in accordance with the provisions of Section 5.2(a)(iv) of the Local Unit License Agreement for such Applicable Series 2011 Local Unit.

**SECTION 610. No Further Encumbrances; Exceptions.**

(a) The Lessee shall not, directly or indirectly, create, incur, assume or suffer to exist any mortgage, pledge, lien, charge, encumbrance or claim on or with respect to the Projects, other than the respective rights of the Lessor and the Lessee as herein provided and the Permitted Encumbrances or in any other Program Document. Except as expressly provided in this Article VI, the Lessee shall promptly, at its own expense, take such action as may be necessary to discharge or remove any such mortgage, pledge, lien, charge, encumbrance or claim if the same shall arise at any time. The Lessee shall reimburse the Lessor and/or the Applicable Series 2011 Local Units, as applicable, for any expense incurred by it in order to discharge or remove any such mortgage, pledge, lien, charge, encumbrance or claim.

(b) The Lessee may, at its own expense and in its name, contest in good faith any taxes, assessments or utility and other charges and, in the event of any such contest, permit

00016245-1

the taxes, assessments or other charges so contested to remain unpaid during the period of such contest and any appeal therefrom, unless the Lessor shall notify the Lessee that, in the opinion of independent counsel, by nonpayment of any such items the interest of the Lessor in the Projects shall be materially affected or the Projects or any part thereof shall be subject to loss or forfeiture, in which event the Lessee shall promptly pay such taxes, assessments or charges or provide the Lessor with full security against any loss that may result from nonpayment, in form satisfactory to the Lessor.

**SECTION 611. Trustee Indemnification.**

The Lessee shall (a) indemnify and save harmless the Trustee and its agents, employees, officers and directors from and against any and all liabilities, including, without limitation, all claims, demands, damages, losses, costs, penalties, charges and expenses (including, but not limited to, reasonable attorneys' fees) in any way relating to or arising from (i) the development, ownership, possession, operation, condition, sale, rental, sub-rental or return of the Projects, (ii) the Program Documents, and (iii) any resignation by the Trustee in accordance with Section 10.07(2) of the Bond Resolution; and (b) reimburse the Trustee for all losses, costs, charges and expenses (including, but not limited to, reasonable attorneys' fees) that the Trustee may incur or be subject to as a consequence, directly or indirectly, of involvement in any legal proceeding or action relating to the foregoing; provided, however, that no indemnification or reimbursement shall be due to the extent that the Trustee has acted with negligence or willful misconduct in connection with the liabilities for which the Trustee is seeking indemnification or reimbursement. All amounts that become due from the Lessee under this Section 611 shall be credited with any amounts received by the Trustee from insurance provided by the Lessee, shall be payable by the Lessee within thirty (30) days following demand therefor by the Trustee, and shall survive the termination or expiration of this Company Lease Agreement.

**SECTION 612. Advances.**

If the Lessee shall fail to perform any of its obligations under this Company Lease Agreement, the Lessor or the Applicable Series 2011 Local Units may, but shall not be obligated to, take such action as may be necessary to cure such failure, including the advancement of money, and the Lessee shall be obligated to repay all such advances on demand to the Lessor or the Applicable Series 2011 Local Units, as the case may be, as Additional Lease Payments with interest at the Overdue Rate from the date of the advance to the date of repayment.

**SECTION 613. Net Proceeds of Insurance; Form of Policies.**

(a) Each policy of insurance obtained pursuant to or required by this Article VI shall provide that all Net Proceeds thereunder shall be payable (i) with respect to the Renewable Energy Projects, to the Lessor for deposit with the Trustee in the Project Fund, the Revenue Fund or such other Fund or Account under the Bond Resolution, in any event as directed by the Lessee, but only so long as the Lessee has not caused an Event of Default hereunder, in which latter case such Net Proceeds shall be payable to the Lessor, (ii) with respect

to the Capital Improvement Projects, to the Applicable Series 2011 Local Unit, or at their direction, to the Trustee for deposit in the Project Fund, or other Fund or Account under the Bond Resolution, or (iii) if not discernable as to Project or otherwise, payable to the Lessor or at the Lessor's direction, to the Trustee for deposit in the Project Fund, the Revenue Fund, or other Fund or Account under the Bond Resolution.

(b) The Lessee shall pay or cause to be paid when due the premiums for all insurance policies required by this Company Lease Agreement, and shall promptly furnish or cause to be furnished to the Lessor and the Series 2011 Local Units evidence of such payments. All such policies shall provide that the Applicable Series 2011 Local Units and the Lessor shall be given not less than thirty (30) days' notice of each expiration, any intended cancellation and any intended reduction of the coverage provided thereby.

(c) Neither the Applicable Series 2011 Local Units nor the Authority shall be responsible for the sufficiency of any insurance herein required, and shall be fully protected in accepting payment on account of such insurance or any adjustment, compromise or settlement of any loss agreed to by the Applicable Series 2011 Local Units or the Authority, as the case may be.

(d) The Lessee shall cause to be delivered to the Applicable Series 2011 Local Units and the Lessor on each anniversary of the date of issuance of the Series 2011 Bonds a Certificate of an Authorized Officer of the Lessee, satisfactory to the Applicable Series 2011 Local Units and the Lessor, that the insurance policies required by this Company Lease Agreement are in full force and effect.

**SECTION 614. Self-Insurance.**

(b) The self-insurance program shall be approved by an Independent Insurance Consultant;

**ARTICLE VII**

**OPTION TO PURCHASE; PREPAYMENT OF LEASE PAYMENTS**

**SECTION 701. Lessee's Prepayment and Purchase Option; Purchase Option Price.**

(a) The Lessee is hereby granted the option to prepay its Basic Lease Payments in part, in accordance with Section 5.07 of the Bond Resolution. Any partial prepayment shall not affect the Lessor's right, title and interest in and to the Renewable Energy Projects, nor the Series 2011 Local Units' right, title and interest in and to the Capital Improvement Projects. At the Lessee's option, as directed in a Certificate of an Authorized Officer of the Company delivered by the Company to the Trustee, the Lessor, and the County accompanying any such partial prepayment, any such partial prepayment shall be either (i) credited to the next due Interest Portion of Basic Lease Payments due from the Lessee, and if not fully applied, to the next due Principal Portion of Basic Lease Payments due from the Lessee, and then to the next due future Interest Portion, and then Principal Portion, of Basic Lease Payments until fully applied or (ii) applied to defease Outstanding Bonds in the manner contemplated by Article XR of the Bond Resolution, and in the amounts and on the dates as set forth in any such partial prepayment Certificate of the Company, which in the case of such defeasance option selected by the Company, such Certificate of the Company shall be acknowledged by an Authorized Officer of the Authority to the effect that such dates and amounts conform to the requirements of the Bond Resolution. Upon any such partial prepayment, new schedules reflecting the revised Basic Lease Payments due from the Lessee, taking into account any such partial prepayment, shall be attached by the Lessor hereto.

The Lessee may not utilize funds in the County Security Fund, if any, toward any such partial prepayment; provided, however, that such limitation does not extend to monies previously released from the County Security Fund and transferred to the Aged Account in the Revenue Fund in accordance with Section 5.07(3)(a) of the Bond Resolution at the time of any such partial prepayment; provided, further however, that such limitation does not extend to such amounts that would be eligible for release pursuant to the calculations referred to in Section 5.07(3)(e) of the Bond Resolution immediately after any such partial prepayment (to the extent the Series 2011 Bonds will not be redeemed simultaneously with the prepayment, the Series 2011 Bonds that will be defeased upon the prepayment shall not be considered Outstanding for purposes of such calculations, and therefore can be released and applied to any such prepayment if the calculations so warrant release), to the extent the Lessor has verified such calculations in writing to the Lessee and the Trustee. In any such instance where this limitation does not so extend, the Lessee may direct the Trustee in writing, with a copy to the Lessor, to apply any such amounts in the County Security Fund, if any, to any such partial prepayment, and the Lessor shall cause the Trustee, pursuant to the terms set forth in the Bond Resolution, to promptly comply with any such direction.

(b) The Lessee is further hereby granted the option to prepay and purchase all

of the Lessor's right, title and interest in and to the Renewable Energy Projects (but not the Capital Improvement Projects, if any) in whole, at the times set forth in Section 701(c) hereof, by paying to the Trustee the "Purchase Option Price", which for any date of calculation shall be the sum of (i) the aggregate amount of unpaid principal of the Bonds to their maturity date under the terms of the Bond Resolution and as set forth in the Lessee's notice to the Trustee of such prepayment, (ii) any interest accrued on the Bonds from the last Interest Payment Date thereof on which interest thereon was paid to the final maturity date set forth in clause (i) above, (iii) the redemption premium, if any, applicable to the payment of the Bonds on the maturity date set forth in clause (i) above, and (iv) any costs of redemption or defeasance or other Administrative Expenses incurred by any party to a Program Document in implementing such prepayment.

The Lessee may direct the Trustee in writing, with a copy to the Lessor, that all or a portion of the Purchase Option Price (where all of the Outstanding Bonds shall be paid) shall be funded from the County Security Fund, if any, and the Lessor shall cause the Trustee, pursuant to the terms set forth in the Bond Resolution, to promptly comply with any such direction.

(c) The prepayment options set forth in subsections (a) and (b) above may be exercised by the Lessee at any time by (i) giving written notice to the Trustee and the Lessor of the exercise of such option at least fifty-two (52) days prior to the final maturity date set forth in such notice, and (ii) if the prepayment shall occur before [November 15, 2017], complying with any other requirements of Article XII of the Bond Resolution that may be required by the Trustee or the Lessor to defease the Bonds in accordance with the terms of the Bond Resolution, including, without limitation, a verification report from a nationally recognized accounting firm approved by the Trustee and the Lessor to the effect that the amount so prepaid shall equal the Purchase Option Price (for a full prepayment) and shall therefore be sufficient to defease the Bonds (in whole or in part, as the case may be) by paying all of the principal thereof and redemption premium, if any, thereon through and including the final maturity thereof, plus all interest accruing thereon to such final maturity date. Such option shall be exercised by depositing with said notice cash and/or Investment Securities in such amount as shall be sufficient, together with interest to accrue thereon, to pay the Bonds to be defeased on said redemption date.

(c) Notwithstanding any provision herein or in any Program Document to the contrary, the Lessee may not advance refund, currently refund or otherwise refund any Series of Bonds with bonds, notes or other obligations of the Lessee, or such other moneys available to the Lessee, and use such moneys to make any prepayments hereunder unless (i) provision has been made by the Lessee for the payment of all (A) principal of, redemption premium if any, and interest on the Series of Bonds being refunded to any redemption date and (B) Administrative Expenses of the Lessor relating thereto, and (ii) if applicable, prior written notification of any such refunding has been given to the Lessor. Notwithstanding the foregoing, the Lessor may, in its sole discretion at the times and under the circumstances and for the purposes set forth in the Bond Resolution, advance refund, currently refund, or otherwise refund any Series of Bonds, the allocation of the benefit from which shall be determined between the Lessor and the Lessee at the time of any such defeasance and/or refunding.

#### SECTION 702. Mandatory Prepayment and Purchase of Project; Mandatory Purchase Price.

(a) Upon the acceleration of the Bonds, the Lessee shall forthwith prepay and purchase all of the Renewable Energy Projects (but not the Capital Improvement Projects, if any) by paying to the Trustee, immediately upon receipt of notice of such acceleration, the "Mandatory Purchase Price", which for any date of calculation shall be the sum of (i) the aggregate amount of the unpaid principal of the Bonds, (ii) any interest accrued on the Bonds from the last Interest Payment Date thereof on which interest thereon was paid to the date that the amount in clause (i) above has been paid in full, and (iii) any costs of acceleration or other Administrative Expenses incurred by any party to a Program Document in implementing such prepayment.

(b) In the event the Mandatory Purchase Price remains unpaid when due, the Lessee shall make an Additional Lease Payment immediately due and payable equal to, for any date of such deficiency, the amount of such deficiency times the per diem Overdue Rate.

#### SECTION 703. Effect of Prepayment.

(a) In the event of a deposit sufficient to purchase the Renewable Energy Projects (but not the Capital Improvement Projects, if any) pursuant to Section 701 or 702 hereof and to pay any and all amounts due hereunder, (i) all of the Lessor's right, title and interest in and to such Renewable Energy Projects (but not the Capital Improvement Projects, as to which the Lessor has no right, title or interest) shall be deemed sold to the Lessee for the consideration set forth in such Sections, (ii) except for the rights of the Series 2011 Local Units to effect a Fair Market Value purchase of their respective Renewable Energy Projects in accordance with Section 609(d) hereof, to the extent all Lease Payments have been made by the Lessee in full, all other covenants, agreements and obligations of the parties hereto under this Company Lease Agreement shall cease, terminate, and be deemed discharged and satisfied, and (iii) the Lessor and its officers shall take all actions necessary to authorize, execute and deliver to the Lessee any and all documents necessary to vest in the Lessee all of the Lessor's right, title and interest in and to the Renewable Energy Projects (but not the Capital Improvement Projects, as to which the Lessor has no right, title or interest), free and clear of all liens, leasehold interests and encumbrances, including, if necessary, a release of any and all liens or interests created under the provisions of this Company Lease Agreement. In such event, the Trustee shall cause a statement of debits and credits for such period or periods as shall be requested by the Lessor or the Lessee to be prepared and filed with the Lessor and the Lessee, and, upon the request of the Lessor or the Lessee, shall execute and deliver to the Lessor and the Lessee all such instruments as may be desirable to evidence such discharge and satisfaction.

(b) Notwithstanding anything to the contrary herein or in any Program Document, including without limitation subsection (a) above, to the extent the Lessee has satisfied all of the conditions of subsection (a) above in order to terminate this Company Lease Agreement,

[00016343]

including the payment of all amounts due and owing hereunder and under the other Company Documents, and at the date all of such conditions are satisfied, (i) the Lessee is not in any continuing default or Event of Default hereunder or under any Company Document, (ii) the term of one (1) or more Local Unit License Agreements with one (1) or more Series 2011 Local Units has not expired, (iii) the Lessee delivers to the Lessor and such Series 2011 Local Unit a Certificate of an Authorized Officer of the Lessee expressing the Lessee's interest in continuing the term of this Company Lease Agreement to a specified date which date shall be no later than the termination date of any such Local Unit License Agreements, then without any further action (a) the Company Lease Agreement shall not terminate, but rather shall continue for a term no longer than the termination date of the Applicable Local Unit License Agreement, all as set forth in any such Certificate, (b) the Lessee's only remaining payment obligations under the Company Lease Agreement are to pay rent for the Leased Property in an amount that shall be the sum of (i) the Authority's annual Administrative Fee, (ii) any Administrative Expense that Lessee causes the Authority, the County or any such Series 2011 Local Unit to incur, both as Additional Lease Payments hereunder, there being no continuing obligation to make Basic Lease Payments as the Series 2011 Bonds and any Additional Bonds that are Outstanding are either defeased or redeemed under the Bond Resolution, and (iii) ten (10) dollars per annum, payable annually in advance, (c) the Lessee can only cause an Event of Default hereunder should the Lessee fail to pay such amounts, fail to operate and maintain the Applicable Renewable Energy Project, or fail to allow the Applicable Series 2011 Local Unit to discharge its obligations under its Local Unit License Agreement, such as to take and pay for the Electricity generated under the Renewable Energy Program by the Lessee for the benefit of any such Series 2011 Local Unit, and (d) the Company retains all other rights, duties and obligations under the Program Documents, until the termination of the Applicable Local Unit License Agreement with respect to the particular Project, including without limitation the right to receive the PPA Price, as escalated, for the duration of any such term. The Lessee may continue this arrangement with the Authority and more than one (1) Series 2011 Local Unit, to the extent all such conditions are satisfied with respect to any other Series 2011 Local Unit and their respective Renewable Energy Projects, until the termination of this Company Lease Agreement, without interruption, in accordance with the terms of Section 402(a)(iii) hereof, in which case title to the Applicable Renewable Energy Project(s) shall transfer in accordance with the provisions of Section 609(b) hereof.

#### SECTION 704. Substitution of Project.

(c) In the event of any damage, destruction, condemnation, taking or other event that constitutes a revocation or deemed revocation under Section 3.7 of any Local Unit License Agreement with respect to a Project requiring payment of the amounts set forth in Section 3.7(a)(iv) of such Local Unit License Agreement, upon receipt of such amount, this Company Lease Agreement and the obligations of Lessee thereunder with respect of and solely with respect to such Project, shall terminate and title thereto shall vest in Lessee. Such event shall have no effect on the Lessee's obligations to continue to make all Lease Payments on time and in full.

#### SECTION 802. Insufficiency of Net Proceeds.

If the Net Proceeds are insufficient to pay in full the cost of any repair, restoration, modification or improvement relating to the Projects as so damaged or taken, the Lessee shall either:

(a) direct the application of the Net Proceeds in the manner as set forth in Sections 801(a)(y) or 801(b)(y) above, thereby requiring the Lessee to complete the work relating to the Projects as so set forth, except that the Lessee shall itself pay any Project Costs in excess of the amount of the Net Proceeds, and, if by reason of any such insufficiency of the Net Proceeds the Lessee shall make any payments pursuant to the provisions of this Section 802(a), the Lessee shall not be entitled to any reimbursement therefor from the Lessor, nor shall the Lessee be entitled to any diminution of the Lease Payments due hereunder with respect to the Projects;

(b) direct the application of the Net Proceeds in the manner as set forth in Section 801(a)(z) above, thereby requiring the Lessee to make an equity contribution to the extent the Net Proceeds are insufficient to cover the Purchase Option Price and thereupon exercise Lessee's option to purchase the Project in whole, in accordance with Article VII hereof, in which event the Net Proceeds shall be used toward this purpose; or

(c) direct the application of the Net Proceeds consistent with the determination contemplated in Section 801(b)(y) above, thereby causing the Net Proceeds to be applied to the payment of the Interest Portion and, to the extent available, the Principal Portion of the Basic Lease Payments due on the immediately succeeding Basic Lease Payment Dates until all of the Net Proceeds have been so applied, in which event the Lessee shall not be entitled to any reimbursement therefor from the Lessor nor shall the Lessee be entitled to any diminution of the Lease Payments due hereunder with respect to the Project. Subsections (a), (b) and (c) above are mutually exclusive.

### ARTICLE IX

#### ASSIGNMENT, SUBLEASING, MORTGAGING AND SELLING

##### SECTION 901. Assignment by Lessor.

Except for this Company Lease Agreement and as otherwise provided below and in any other Program Document, including without limitation with respect to its payment obligations under the Power Purchase Agreement to the Series 2011 Local Units under the Local Unit License Agreements, or with respect to the assignment of the Reimbursement Collateral to the County and the County Security Provider, if any, under the County Guaranty Agreement and the County Security Agreement, if any and as applicable, the Lessor shall not assign its obligations under this Company Lease Agreement and no such purported assignment thereof shall be effective. All of the Lessor's right, title and interest in and to this Company Lease Agreement, the Lease Payments and the other amounts due to it hereunder and under the Project shall be assigned by the Lessor to the Trustee pursuant to the pledge of the Trust Estate under the Bond Resolution no later than the execution and delivery hereof.

##### SECTION 902. Lease Payments to Trustee.

The Lessor and the Lessee hereby agree that from and after the adoption of the Bond Resolution and the execution of this Company Lease Agreement, so long as the same shall remain in effect, payment by the Lessee to the Trustee or, if applicable, to the successor thereto of any moneys or sums due hereunder from the Lessee to the Lessor shall satisfy the obligation of the Lessee to pay such money or sums.

##### SECTION 903. Assignment and Subleasing by Lessee.

This Company Lease Agreement may not be assigned or subleased by the Lessee without the prior written consent of the Lessor and the Applicable Series 2011 Local Units, in their sole discretion, as the Lessee entered into this Company Lease Agreement as the successful respondent pursuant to the Company RFP and all applicable law, and the Lessor and the Series 2011 Local Units have selected the Lessee, and not any assignee, to receive the rights, and perform the duties and obligations hereunder. Any such purported assignment or sublease shall be deemed null and void without such prior written consent.

##### SECTION 904. Restriction on Mortgage or Sale of Project by Lessee.

The Lessee shall not mortgage, sell, assign, transfer or convey the Projects or any portion thereof during the Term of this Company Lease Agreement without the prior written consent of the Lessor and the Applicable Series 2011 Local Units, in their sole discretion, as the Program Documents contemplate such Projects being available, directly in the case of the Capital Improvement Projects, or indirectly in the case of the Renewable Energy Projects as a source of power, for the benefit of the Series 2011 Local Units.

[00016345-1]

##### SECTION 905. Reorganization.

It is understood and agreed by the parties hereto that reorganization of the Lessee with the consent of the Lessor shall not constitute an assignment under this Article IX.

EVENTS OF DEFAULT; REMEDIES

SECTION 1001. Events of Default.

(a) An Event of Default hereunder means the occurrence of any one or more of the following events:

(i) The Lessee fails to (A) make any Basic Lease Payment or any Additional Lease Payment as it becomes due or (B) maintain any insurance requirement set forth hereunder.

(ii) The Lessee fails to perform or observe any other covenant, condition or agreement to be performed or observed by it hereunder or under any Company Document, and such failure is not cured within ninety (90) days after written notice thereof has been given to the Lessee by the Lessor or the Trustee; provided, however, that if such failure cannot be cured within said ninety (90) day period, the Lessee shall not be in default if it has commenced to cure within such ninety (90) day period, it continuously proceeds with the cure, and if such action to cure the default is acceptable to the Lessor and the Lessor indicates the same in writing.

(iii) The discovery by the Lessor or the Trustee that any material statement, representation or warranty made by the Lessee in this Company Lease Agreement, or in any writing delivered by the Lessee pursuant hereto or in connection herewith, is false, misleading or erroneous in any material respect.

(iv) The Lessee becomes insolvent or admits in writing its inability to pay its debts as they mature or applies for, consents to or acquiesces in the appointment of a trustee, receiver or custodian for the Lessee or a substantial part of its property; or in the absence of such application, consent or acquiescence, a trustee, receiver or custodian is appointed for the Lessee or a substantial part of its property and is not discharged within sixty (60) days; or any bankruptcy, reorganization, debt arrangement, moratorium or other proceeding under bankruptcy or insolvency law, or any dissolution or liquidation proceeding, is instituted by or, if permitted by law, against the Lessee and, if instituted against the Lessee, is consented to or acquiesced in by the Lessee or is not dismissed within sixty (60) days.

(v) The entering of an order or decree appointing a receiver for the Leased Property or for any part thereof or for the revenues thereof with or without the consent or acquiescence of the Lessee, and such order or decree shall not be vacated, discharged or stayed within ninety (90) days after the date of such

immediately due and payable by the Lessee, whereupon such Lease Payments shall be immediately due and payable.

(v) Take whatever action at law or in equity may appear necessary or desirable to collect the Lease Payments then due and thereafter to become due hereunder with respect to the Project or to enforce performance and observance of any obligation, agreement or covenant of the Lessee under this Company Lease Agreement.

SECTION 1003. Reinstatement.

Notwithstanding any termination of this Company Lease Agreement that shall be made in accordance with the provisions of Section 1002 hereof, unless the Lessor shall have entered into a firm bilateral agreement providing for the reletting of the Project for a period of at least one year, if, after the maturity of the Outstanding Bonds shall have been accelerated by the Trustee (upon the occurrence of an Event of Default) under the terms of the Bond Resolution, (a) all arrearages of interest on such Outstanding Bonds and interest on overdue installments of principal, redemption premium, if any, and (to the extent permitted by law) interest on such Bonds at a rate per annum equal to the highest rate per annum borne by any of the Bonds shall have been paid, (b) the principal and redemption premium, if any, on all Outstanding Bonds that have become due and payable (other than by an acceleration) shall have been paid, (c) all other sums payable under the terms of the Bond Resolution, except the principal of and the interest on such Bonds that by such acceleration shall have become due and payable, and under the terms of the other Program Documents shall have been paid, (d) all other things shall have been performed in respect of which there was an Event of Default, (e) the reasonable fees and expenses of the Lessor, the Trustee, the Series 2011 Local Units, the County, the County Security Provider, and the Bondholders, including Administrative Expenses thereof (including reasonable attorneys' fees paid or incurred) shall have been paid, and (f) such acceleration under the terms of the Bond Resolution is rescinded, then the Lessee's Event of Default hereunder shall be waived without further action by the Trustee or the Lessor or any other Renewable Energy Program Interested Party. Upon such payment and waiver, this Company Lease Agreement shall be fully reinstated as if it had never been terminated, and the Lessee shall be restored to the use, occupancy and possession of the Renewable Energy Projects and the other Leased Property.

SECTION 1004. Election of Remedies; No Waiver of Elected Remedies.

No failure on the part of either party to exercise, and no delay in exercising any right or remedy so provided for herein, shall operate as a waiver thereof, nor shall any single or partial exercise by either party of any right or remedy so provided hereunder preclude any other or further exercise of any other right or remedy provided hereunder.

SECTION 1005. No Additional Waiver Implied by One Waiver.

In the event any agreement contained in this Company Lease Agreement should be

(b) Upon the occurrence of an Event of Default under this Section 1001, the Trustee shall transmit a written notice, including electronic mail, of such Event of Default to the Lessor, the Lessee and the Series 2011 Local Units within thirty (30) days of the Trustee's knowledge thereof.

(c) Upon the occurrence of an Event of Default under this Section 1001, all obligations of the Lessee under this Company Lease Agreement shall remain in full force and effect.

SECTION 1002. Remedies.

(a) Upon the occurrence and continuation of any Event of Default as described in Section 1001 hereof, at the option of the Lessor, the Mandatory Purchase Price with respect to the Project shall become immediately due and payable by the Lessee upon the Lessor's declaration. So long as the Lessor is not in default hereunder, the Lessor shall have the right to direct all remedial proceedings under this Company Lease Agreement, including the consent to remedies taken upon an Event of Default. Subject to the preceding sentence, the Lessor shall have the right, without any further demand or notice, to take one or any combination of the remedial steps below:

(i) With or without terminating this Company Lease Agreement, take possession of the Renewable Energy Projects, the SRECs, and any other portion of the Leased Property, and exclude the Lessee from using it; provided, however, that if this Company Lease Agreement has not been terminated, the Lessor shall return possession of same to the Lessee when the Event of Default has been cured; and provided, further, that the Lessee shall continue to be responsible for the Lease Payments due hereunder during the remainder of the Lease Term.

(ii) With or without terminating this Company Lease Agreement, take possession of the Renewable Energy Projects, the SRECs, and any other portion of the Leased Property, and sell, lease or sublease its interest therein or any part thereof.

(iii) With or without terminating this Company Lease Agreement, take possession of the Renewable Energy Projects, the SRECs, and any other portion of the Leased Property, and apply any portion of same, or of the proceeds of same (in accordance with clause (ii) above) in accordance with the provisions of Section 5.07(1)(b) of the Bond Resolution.

(iv) With or without terminating this Company Lease Agreement, declare all Lease Payments due or to become due hereunder to be

190016345-1

breached by either party and thereafter waived by the other party, such waiver shall be limited to the particular breach so waived and shall not be deemed to waive any other breach hereunder, and shall not be construed to be an implied term hereof or a course of dealing between the parties hereto.

SECTION 1006. Agreement to Pay Attorneys' Fees and Expenses.

In the event either party to this Company Lease Agreement should default under any of the provisions hereof and the non-defaulting party should employ attorneys or incur other expenses for the collection of moneys or the enforcement, performance or observance of any obligation or agreement on the part of the defaulting party herein contained, the defaulting party agrees that it shall, on demand therefor, pay to the non-defaulting party the reasonable fees of such attorneys and such other expenses so incurred by the non-defaulting party.

SECTION 1007. Late Charges.

Whenever any payment of Lease Payments is not made when due, the Lessee promises to pay to the Lessor, in addition to the amount due, interest thereon at the Overdue Rate; provided, however, that this Section 1007 shall not be applicable if or to the extent the application thereof would affect the validity of this Company Lease Agreement.

SECTION 1008. Delay; Notice.

No delay or omission to exercise any right or power accruing upon any default shall impair any such right or power or shall be construed to be a waiver thereof. Any such right or power may be exercised from time to time and as often as may be deemed expedient, and any one exercise thereof shall not be deemed an exclusive exercise. To entitle any party to exercise any remedy reserved to it in this Company Lease Agreement, it shall not be necessary to give any notice other than as may be specifically required in this Company Lease Agreement.

Waiver of any such covenant or obligation or a forbearance to invoke any remedy on any occasion shall not constitute or be treated as a waiver of such covenant or obligation or any other covenant or obligation as to any other occasion and shall not preclude the Lessor from invoking such remedy at any later time prior to the Lessee's cure of the condition giving rise to such remedy. "Fair Market Value" shall mean the price at which an asset would change hands between a willing buyer and a willing seller, neither being under any compulsion to buy or to sell, and both having reasonable knowledge of relevant facts, and which price shall be established by one or more third party appraisals from firms experienced in the valuation of assets similar to those comprising the Renewable Energy Projects, as contemplated by Section 3.7(b) hereof.

"Force Majeure" shall mean any event which is beyond the reasonable control of, and not the result of the fault or negligence of, the affected Party or its affiliates, including, but not limited to and without limitation, (a) strikes or other labor disputes (other than strikes or labor disputes solely by employees or contractors of the Parties to this Power Purchase Agreement as a result of such Party's failure to comply with a collective bargaining agreement), (b) adverse weather conditions, breakdown or failure of the utility transmission or distribution system not caused by the Service Provider and (c) other acts of nature, riot or civil unrest. The term Force Majeure does not include (i) any acts or omissions of any third party, including, without limitation, any vendor, customer, or supplier of the Service Provider, unless such acts or omissions are themselves excused by reason of Force Majeure; (ii) any full or partial curtailment in the electric output of the Renewable Energy Projects that is caused by or arises from a mechanical or equipment breakdown or other mishap or events or conditions attributable to normal wear and tear, unless such mishap is caused by Force Majeure; (iii) changes in market conditions that affect the cost of the Service Provider's supplies, or that affect demand or price for any of the Service Provider's products, including, but not limited to the price of electricity, SRECs or other environmental attributes; or (iv) any action that constitutes negligence or gross negligence by the Party claiming a Force Majeure event.

"Initial Term" shall have the meaning set forth in Section 3.1(a) of this Power Purchase Agreement.

## ARTICLE II

### CONDITIONS

#### Section 2.1 Conditions Precedent for Service Provider.

The obligations of Service Provider under this Power Purchase Agreement are expressly conditioned on and subject to the satisfaction, or waiver by Service Provider, of the following conditions precedent:

(a) The execution and delivery by the Customer of any license, easement, or other real property interests in or contract rights to use the Customer's real property that Customer is obligated to deliver hereunder prior to the scheduled commencement of construction of the Projects. The Parties acknowledge that such condition precedent shall be satisfied by the authorization, execution and delivery of the Local Unit License Agreements by each Customer and the Authority contemporaneously herewith, which Local Unit License Agreements, among other things, by their respective terms (including Section 3.1(a) thereof) provide authority for the Company (and their subcontractors, consultants, agents or other designees) to access the Local Unit Facilities of Customer for the purpose of (i) designing, permitting, acquiring, constructing, installing, operating and maintaining the Renewable Energy Projects and (ii) designing, permitting, acquiring, constructing, renovating and installing the Capital Improvement Projects.

#### Section 2.2 Conditions Precedent for Authority.

The obligations of the Authority hereunder, assumed by the respective Customers under the Local Unit License Agreements (including Section 5.11 thereof) to accept deliveries of Electricity derived from the Renewable Energy Projects and make service payments hereunder to the Service Provider, are expressly conditioned on and subject to the satisfaction or waiver of the following conditions precedent:

(a) The receipt by the Authority of the County Security, County Security Agreement, and the Company Lease Agreement.

#### Section 2.3 Conditions Precedent for all Parties.

The respective obligations of Service Provider, the Authority and the Customer with respect to the Projects related to any Customer are each expressly conditioned on and subject to the receipt, prior to the commencement of construction of such Projects, of (a) any policies of insurance that the Service Provider is required to maintain hereunder and under the Company Lease Agreement and (b) the receipt by Service Provider of all required State and local regulatory permits, consents and approvals, including without limitation the New Jersey Department of Education to (i) design, permit, acquire, construct and install the Renewable Energy Projects in accordance with the Plans and Specifications and the technical specifications of Appendix C to the Company RFP attached as a portion of Exhibit A-1 to the Company Lease Agreement, such that the REP Acceptance Certificates required under the Company Lease Agreement can be obtained prior to the Required Completion

Date, and (ii) design, permit, acquire, construct, renovate and install the Capital Improvement Projects, if any, in accordance with the Plans and Specifications and the attached technical specifications of the Company RFP such that the CIP Acceptance Certificates required under the Company Lease Agreement can be obtained prior to the Required Completion Date.

#### Section 2.4 Non-Satisfaction of Conditions.

In the event that the conditions precedent set forth in this Article II are not satisfied, unless Service Provider, or the Authority, on behalf of the Customers, shall elect to waive such conditions precedent, then Service Provider or the Authority may terminate this Power Purchase Agreement with respect to such Projects without further liability effective upon five (5) days advance written notice to the other Party, in which event neither Party shall have any further rights or obligations hereunder. Notwithstanding the Service Provider's commercially reasonable efforts to satisfy the conditions precedent in Section 2.3, in the event that the conditions precedent in Section 2.3 are not satisfied by \_\_\_\_\_, the Parties agree to act in good faith to secure a replacement Project in accordance with the relevant provisions in Section 4.6 hereof.

#### Section 2.5 Inapplicable Terms.

Notwithstanding anything to the contrary contained in this Power Purchase Agreement, the Parties hereto acknowledge and agree that (a) the Service Provider is not responsible for the construction of any Capital Improvement Projects under the Program Documents and any references herein to Capital Improvement Projects, CIP Acceptance Certificates or any other term defined by reference to Capital Improvement Projects (without limiting the application of any such term to the extent not related to Capital Improvement Projects) shall be of no further force and effect, (b) as recited in the preambles, there shall be no need for a County Security Agreement, a County Security Provider or County Security and any references thereto shall be of no further force and effect and (c) any County Security Fund Requirement shall equal \$0. [To be revised based upon successful Company RFP if such RFP meets certain criteria.]

### ARTICLE III

#### COMMENCEMENT DATES, REQUIRED COMPLETION DATE, AND INITIAL TERM

#### Section 3.1 Commencement and Length of Initial Term.

(a) This Power Purchase Agreement shall become effective and legally binding upon the Parties (including their permitted successors and assigns) and be enforceable in accordance with its terms, upon the execution and delivery hereof by the Authority, the Company and each Customer (the "Effective Date"), and shall remain in full force and effect, (i) with respect to the Authority and the Service Provider, until the end of the fifteenth (15<sup>th</sup>) annual anniversary of the final Commencement Date of all Customers, as set forth in subsection (b) below, and (ii) with respect to each respective Customer, until the end of the applicable period for such Customer set forth in subsection (b) below (as applicable, the "Initial Term").

(b) Unless otherwise terminated as provided herein, this Power Purchase Agreement shall remain in full force and effect, for each Customer, for a period of time (i) beginning on the respective Commencement Dates for each such Customer as established in accordance with Section 3.5 below and (ii) ending on the fifteenth (15<sup>th</sup>) annual anniversary of each such Commencement Date.

#### Section 3.2 The Construction and Interconnection Phase.

The period commencing on the Effective Date and continuing until the earlier occurrence of either (a) the respective Commencement Dates for each Customer or (b) a termination of this Power Purchase Agreement in accordance with Section 2.4 herein shall be hereinafter referred to as the "Construction and Interconnection Phase" for each such Customer. During this phase, the Service Provider shall use commercially reasonable efforts to complete (but in any event shall complete by \_\_\_\_\_), unless extended, per Project, by Force Majeure or Series 2011 Local Unit Event of Default as defined in and contemplated by the applicable Local Unit License Agreement) for each such Customer, the construction, start-up and testing of their respective Renewable Energy Projects and the interconnection of their Renewable Energy Projects to their applicable Local Unit Facility, all to permit the transfer of Electricity on or before the applicable Required Completion Date. Note that pursuant to the Company Lease Agreement, the applicable Interconnection Agreement must be in place prior to the issuance of the Acceptance Certificates, which are a prerequisite to the Commencement Dates for each Customer. The Service Provider further agrees to commence construction of all Renewable Energy Projects for each Customer no later than \_\_\_\_\_, unless extended, per Project, by Force Majeure or Series 2011 Local Unit Event of Default as defined in and contemplated by the applicable Local Unit License Agreement. Service Provider agrees to the maximum extent practicable that it shall not interfere with the Customer's use of the Local Unit Facility during the Construction and Interconnection Phase.

- 17 -

#### Section 3.3 Designated Representatives.

(a) To insure a smooth and orderly coordination of activities during the Construction and Interconnection Phase, the Authority, the Service Provider and each Customer shall appoint a designated representative of such Party (each a "Designated Representative") who or which shall be authorized and directed by its principal to meet with the Designated Representative of the other Parties and shall have full power and authority, to the greatest extent practicable in light of applicable law governing the actions of the Authority and Customer, to bind its principal with respect to all construction matters relating to the Projects, and all operational matters relating to the Renewable Energy Projects.

(b) As soon as practicable following the Effective Date, the Designated Representatives shall hold, at a mutually acceptable time and location, an initial Project meeting, at which time the Designated Representatives shall prepare jointly, based on the best information available to Customer and Service Provider (and if applicable, the Authority) at such time, a preliminary schedule for completing the construction of the Projects, and the interconnection, testing and start-up of the Renewable Energy Projects. After the initial Project meeting, the Designated Representatives shall meet periodically, but no less frequently than once every two (2) weeks, at such times and locations as they may mutually agree or as may be requested by one of the Parties for the purposes of coordinating all relevant construction matters with respect to the Projects, and all relevant operational matters with respect to the Renewable Energy Projects, and achieving a timely completion of all Project work and all testing of the Renewable Energy Projects.

(c) The Authority hereby appoints the Construction Manager designated by it under the Company Lease Agreement as its Designated Representative. The Service Provider shall submit its proposed Designated Representative to each Customer. Each Customer shall have five (5) Business Days to either approve or reject Service Provider's proposed Designated Representative, provided however, that its approval shall not be unreasonably withheld, and any failure to respond within the five (5) Business Days specified shall be deemed to be a conclusive approval of Service Provider's proposed Designated Representative.

#### Section 3.4 Cooperation.

The Authority and each Customer agree to reasonably cooperate and assist Service Provider to the fullest extent practicable, at Service Provider's cost, to perform any and all actions within their respective control that Service Provider may reasonably request in connection with (a) the design, permitting, acquisition, construction, installation, interconnection, start-up, and testing of the Renewable Energy Projects, and (b) the design, permitting, acquisition, construction, renovation, and installation of the Capital Improvement Projects, including, without limitation, the granting of any required rights of access to Service Provider and its contractors in accordance with the terms of the Local Unit License Agreements, the timely execution and return of any required consent of the Authority and/or such Customers, the execution and delivery of any interconnection Agreement, and the participation as and when required of the Authority's and/or Customers' employees and representatives, including the Construction Manager, in the performance of any test in respect of the Renewable Energy Projects.

- 18 -

#### Section 3.5. Commencement Dates and PPA Price.

(a) Each Customer shall have its own Commencement Date (which may or may not be the same date as that for one or more other Customers) determined as set forth in subsection (b) below. Accordingly, except as set forth in subsection (c) below, there shall be fifteen (15) Commencement Dates for purposes of this Power Purchase Agreement and the Local Unit License Agreements.

(b) Except as the Authority, in its sole discretion, may determine in accordance with subsection (c) below, the "Commencement Date" for each Customer shall be the date on which the Company shall have filed with the Trustee both the REP Acceptance Certificate and the CIP Acceptance Certificate with respect to all of the Local Unit Facilities for such Customer (see Exhibit A hereto for a list of Customers and their Local Unit Facilities), certifying that all of the Renewable Energy Projects and Capital Improvement Projects for such Customer have been completed and accepted.

(c) Notwithstanding subsection (b) above, the Authority may, in its sole discretion, determine to establish an earlier Commencement Date for one or more Customers, by written notification of same to the Company, the Trustee, and the affected Customer, but only with respect to the completed Renewable Energy Projects and Capital Improvement Projects for the Local Unit Facilities of such Customer (otherwise eligible for the issuance of Acceptance Certificates, were it not for the following), and only in the event the Authority determines that the Acceptance Certificates (which require completion of all such Projects for a Customer under subsection (b) above) are being unduly delayed for some reason not within the control of the Company.

(i) Nothing in this subsection (c) shall waive the requirement to ultimately receive such Acceptance Certificates for other purposes of the Renewable Energy Program.

(ii) Should the Authority act to establish an earlier Commencement Date for one or more Renewable Energy Projects for a Customer (as opposed to when all Renewable Energy Projects for such Customer shall have received Acceptance Certificates under subsection (b) above) in accordance with this subsection (c), there shall be more than one Commencement Date for such Customer, and the terms and provisions in this Power Purchase Agreement relating to Commencement Dates shall be applied separately, as applicable, for such one or more Renewable Energy Projects of such Customer.

(d) Upon the earlier to occur of (i) the completion of the construction and start-up of each Renewable Energy Project for any Customer and the interconnection thereof to the applicable Local Unit Facility for such Customer, or (ii) the applicable Commencement Date for such Customer, then:

100016344

- 19 -

- (A) The full Electricity production capability of such completed Renewable Energy Project for such Customer shall be exclusively dedicated to such Customer for the applicable Initial Term and any extensions thereto;
- (B) Service Provider shall operate and maintain the Renewable Energy Projects for such Customer through the Initial Term and any extensions thereof;
- (C) Service Provider shall commence the delivery of all Electricity produced from such Renewable Energy Projects to such Customer; and
- (D) Upon receipt of such Electricity, such Customer shall pay the PPA Price in the amount and manner as set forth in subsection (e) below, in Section 6.4 hereof, and Exhibit B attached hereto.

(e) (i) When Service Provider commences deliveries of Electricity to such Customer in accordance with subsection (d) above, either prior to or on the applicable Commencement Date for such Customer, such Customer shall pay for such deliveries, at the initial PPA Price specified in Exhibit B, Section 1 attached hereto, without escalation. Therefore, the escalation to the first year PPA Price specified in Exhibit B, Section 1 attached hereto shall not be made until the first annual anniversary of the Commencement Date for such Customer. The escalation (as specified in Exhibit B, Section 2 attached hereto) for amounts payable in any following year shall be made on each succeeding anniversary after such Commencement Date, for such succeeding year. Escalation adjustments (as specified in Exhibit B, Section 2 attached hereto) shall be made on each such anniversary date through the end of the Initial Term and any extension thereto for such Customer. As so adjusted for each subsequent year beyond the first annual anniversary of the Commencement Date, each such escalated amount (as specified in Exhibit B attached hereto) shall be the PPA Price payable for such year.

(ii) Notwithstanding anything to the contrary herein or in any other Program Document, the PPA Price set forth in Exhibit B, Section 1 attached hereto, shall be promptly adjusted (without any further authorization or other action required by any Renewable Energy Program Interested Party, but with notice of such change to be promptly provided by the Authority to the Company (and any other County Security Provider, if any), the County, the Series 2011 Local Unit, and the Trustee) to reflect (A) any change in the County Security Fund Requirement in accordance with the terms of the definition thereof as set forth in the Bond Resolution, or (B) a mutually agreeable allocation of the unknown financial / environmental benefits attributable to the Renewable Energy Projects for the Series 2011 Local Units or the Renewable Energy Program relating thereto, including but not limited to the refunding of any Series 2011 Bonds.

(08016344)

- 20 -

(f) The obligations of Customers under this Power Purchase Agreement, including those to take and pay for Electricity with respect to their applicable Local Unit Facilities, shall be several, and not joint. The Authority shall have no obligation with respect to such take and pay obligations other than to obligate the Series 2011 Local Units, as Customers, to take and pay for such Electricity in accordance with the terms hereof, including this Section 3.5, and other than to enforce such obligations, all as set forth in the Local Unit License Agreements, including Section 5.11 thereof.

### Section 3.6. Required Completion Date; Liquidated Completion Damages.

(a) Unless excused by reason of Force Majeure, fault of Customer due to its default under the Local Unit License Agreement, or otherwise as may be expressly provided herein, Service Provider hereby covenants to satisfy the following conditions (the "Completion Conditions") no later than [ ] (the "Required Completion Date"):

(i) Service Provider shall, in such order and timeframe as Service Provider shall determine, as shall be communicated by Service Provider to the Authority and Customer in accordance with Section 3.3 hereof, complete, in accordance with the Plans and Specifications for Projects prepared by or on behalf of Service Provider and approved by the applicable Customer (all in accordance with Section 501 of the Company Lease Agreement), which Customer approval shall be promptly provided to Service Provider and not withheld unreasonably, which Plans and Specifications shall incorporate, as necessary, desirable or convenient, the technical specifications of the Company RFP, and any further applicable requirements of (A) Exhibits C and D to this Power Purchase Agreement, (B) Exhibit A-2 to the Company Lease Agreement and (C) Exhibit C to the Local Unit License Agreements:

(Y) The design, permitting, acquisition, construction, installation, interconnection, start-up, and testing of all of the Renewable Energy Projects for all Customers on their Local Unit Facilities (see Exhibit A attached hereto); and

(Z) The design, permitting, acquisition, construction, renovation, and installation of the Capital Improvement Projects, if any, for all applicable Customers on their Local Unit Facilities (see Exhibit A attached hereto);

(ii) Service Provider shall obtain all of the Acceptance Certificates relating to all Customers on all of the Local Unit Facilities; and

(iii) Service Provider shall commence the production, delivery and sale of Electricity to all Customers through the operation and maintenance of the Renewable Energy Projects, to continue through the Initial Term of this Power Purchase Agreement, and any extensions hereof.

(08016344)

- 21 -

(b) Unless excused by reason of Force Majeure, fault of Customer due to its default under the Local Unit License Agreement, or otherwise as may be expressly provided herein, if Service Provider fails to satisfy the conditions set forth in subsection (a) prior to the Required Completion Date, then Service Provider shall pay liquidated damages to each such Customer equal to the difference between the variable line item per kWh costs for delivered electricity payable by each such Customer to the local electric utility distribution provider, minus the initial PPA Price (as specified in Exhibit B, Section 1 attached hereto per kWh), multiplied by the guaranteed kWh production of Electricity referenced in Section 6.1(b) of this Power Purchase Agreement for each day after the Required Completion Date, until the Renewable Energy Projects for such respective Customers are able to produce, and Service Provider shall deliver, Electricity for and to such Customers as contemplated by this Power Purchase Agreement.

(c) At the Authority's option, whereby the Authority may look to be directed by the respective Customers, or determine on its own, as the Authority shall in its sole discretion decide, the Authority may recover any amounts due and owing by the Service Provider in accordance with subsection (b) above either through realization of such liquidated damage amount under the Construction Performance Bond provided by Service Provider, or alternatively, accrue and offset such liquidated damage amount against next due PPA Price payments made by Customers, or some combination thereof, in any event as such determination shall be communicated in writing by the Authority to Service Provider and Customer.

(d) In the event Service Provider has an allowable excuse as outlined in subsection (a) above, which shall be the sole cause for failing to meet the timeframes and conditions set forth in subsection (a) above, and after Service Provider has used all commercially reasonable efforts to meet such timeframes and conditions (e.g., overtime), then Service Provider shall not be liable to Customer for such liquidated damages contemplated by subsection (b) above. In the event of any such performance excusing event, Service Provider shall promptly give written notice to Customer and the Authority (but in no event later than twenty-four (24) hours following such occurrence), specifying the Force Majeure event or Customer's alleged failure to act, cooperate or assist Service Provider or other performance excusing event, as applicable. Should the Service Provider performance excusing event be caused by Customer's action or inaction, Customer shall promptly respond (but in no event later than forty-eight (48) hours) to Service Provider and the Authority regarding such notice by outlining all such remedial actions to be undertaken by or on behalf of Customer, and further, Customer shall promptly implement such action outlined in such response as shall be necessary, desirable or convenient in order to remedy such event, and allow Service Provider to meet such conditions as set forth in subsection (a), as soon as practicable, after the Required Completion Date.

### Section 3.7 Extension of Initial Term and other options; Obligations at Termination.

(a) At least one-hundred and twenty (120) days prior to the expiration of the Initial Term, to the extent then permitted by applicable law, the Authority, on behalf of one or more Customers, may submit a written request to Service Provider expressing a desire by such Customer

(08016344)

- 22 -

to pursue a possible extension of this Power Purchase Agreement. Upon receipt of the Authority's request, Service Provider, the Authority and Customer agree to promptly meet with the intent of negotiating an amendment on mutually agreeable terms and conditions, reflecting, among other things, the cost of any necessary equipment replacements or upgrades, the costs of contract maintenance and operating services, and Service Provider's profit and overhead. Neither Service Provider nor Customer shall be legally obligated to enter into or perform any extension or replacement of this Power Purchase Agreement until and unless reduced to a writing duly executed and delivered by both parties, and the provisions of Sections 5.1 and 7.1 of the applicable Local Unit License Agreement are either complied with or waived by the Authority and/or the applicable Customer.

(b) If the parties shall fail to enter into an agreement extending the Initial Term, then Customer shall elect, at its sole option, to either require that the Service Provider promptly remove the Renewable Energy Projects and return the Local Unit Facilities to the state and condition existing prior to construction and installation of the Renewable Energy Projects (i.e., after the construction, renovation and installation of the Capital Improvement Projects on the applicable Local Unit Facility, if applicable), reasonable wear and tear excluded, at Service Provider's sole cost, or purchase the physical Renewable Energy Projects at Fair Market Value, in any event in compliance with Sections 5.1 and 7.1 of the applicable Local Unit License Agreement. Such Fair Market Value shall be established by an appraisal firm agreed to by the Parties. The cost of the appraisal shall be shared equally by Service Provider and the applicable Customer. In the event the Parties cannot agree to a single appraisal firm, then the Company, the Authority and the Customer shall each contract with a qualified appraisal firm for an appraisal at its own cost, and Fair Market Value shall be the average of the three (3) appraisals.

(i) In the event the end of term option selected by the Local Unit is removal of the Renewable Energy Projects, Service Provider shall remove all of its tangible property comprising such Renewable Energy Projects from the Local Unit Facility by a mutually convenient date but in no case later than one hundred eighty (180) days after the end of the Initial Term. Service Provider shall provide Customer, the applicable roof warrantor for the applicable Local Unit Facility, and the Authority, with a removal plan, at Service Provider's sole cost and expense, with respect to such removal. Such removal plan is subject to the review and approval by Customer, such warrantors, and the Authority, which approval (with respect to Customer and the Authority) shall not be unreasonably withheld or delayed.

(ii) In implementing such removal plan, Service Provider (A) shall cause the portion of the Local Unit Facility on which the Renewable Energy Projects were installed to be returned to the state and condition set forth in subsection (b) above, including removal of above grade electrical wires and conduits, inverters, photovoltaic panels, steel superstructure, combiner boxes, and Renewable Energy Projects disconnect switches, and (B) shall not adversely affect the remaining warranties then in existence with respect to such roofs on such Local Unit Facilities. Not included in the removal schedule are below-grade electric/wiring components (unless otherwise specified in the approved removal plan), material that cannot be

(08016344)

removed due to safety concerns, and ordinary wear and tear. Service Provider shall leave the portion of the Local Unit Facilities on which the Renewable Energy Projects were installed in neat and clean order, having sealed any penetrations into such portion of the roofs of such Local Unit Facilities, all subject to the applicable Customer's inspection and approval, not to be unreasonably withheld or delayed.

## ARTICLE IV

### DEVELOPMENT OF PROJECTS AND RELATED AGREEMENTS AND UNDERTAKINGS

#### Section 4.1 Development of Projects.

(a) Service Provider has covenanted to undertake the obligations set forth in Section 3.6(a) hereof with respect to the development of the Projects prior to the Required Completion Date. Thereupon, Service Provider shall deliver Electricity to each Customer, each Customer shall pay for such Electricity, and Service Provider shall operate and maintain the Renewable Energy Projects, all through the Initial Term and any extensions thereof, and all as set forth in Section 3.5(d) hereof.

(b) Service Provider shall be solely responsible for taking, and shall take or cause to be taken, with the cooperation of the Authority and Customer, including as applicable and as required pursuant to Section 3.4 hereof, all action deemed necessary, desirable or convenient by Service Provider in order to discharge its obligations set forth in subsection (a) above. Toward that end, Service Provider shall coordinate all Project construction activities with the Authority and the applicable Customer, and shall provide the Authority and such Customer with all Plans and Specifications and other information that the Authority or such Customer may reasonably request from time to time. The Authority and such Customer shall be provided with submittals during design and construction of such Projects. Such Customer shall provide comments, if any, within ten (10) Business Days of receipt of such submittals. Review and comments by Customer, if any, shall not relieve Service Provider of its obligations under this Power Purchase Agreement. The Authority shall have no obligation, but may on its own volition undertake, to review and comment on such submittals. Service Provider reserves the right to substitute products provided such substitutions are equal or better in quality and performance than the products submitted in Service Provider's Company Proposal, based on which the Authority selected Service Provider, as the successful respondent to the Company RFP, as such substitution shall be agreed to and approved in writing (consent not to be unreasonably withheld) by such Customer and the Authority. Service Provider shall timely apply for all required permits and approvals from all applicable authorities having jurisdiction relating to the construction of the Projects, and the operation and maintenance of the Renewable Energy Projects, and any other activities contemplated by this Power Purchase Agreement. If despite commercially reasonable efforts, Service Provider is unable to obtain a required permit, such occurrence shall be deemed an event of Force Majeure hereunder.

(c) For its undertaking of the obligations set forth in subsection (a), Service Provider shall be entitled to receive the PPA Price from Customer in accordance with Section 6.2 hereof, as full and complete consideration for such services and the undertaking and discharging such obligations by Service Provider.

#### Section 4.2 Operation and Maintenance of the Renewable Energy Projects.

Throughout the Initial Term and any extensions thereof, Service Provider shall operate and maintain the Renewable Energy Projects in a manner that meets or exceeds good industry practice, and in good working order and repair, and shall coordinate all planned maintenance activities with Customer in order to minimize any adverse impact on Customer and/or its Local Unit Facility. The Renewable Energy Projects shall remain in Service Provider's sole custody and control during the term of this Power Purchase Agreement and Customer shall not attempt to use, repair or otherwise interfere with Service Provider's custody, except in accordance with Service Provider's express consent. Service Provider shall have the right, but not the obligation, to replace or exchange, in its discretion, any component of the Renewable Energy Projects during the Initial Term or any extensions thereof provided that the Renewable Energy Projects continue to operate in accordance with the Plans and Specifications. Service Provider shall be responsible, at its sole cost and expense, for performing all required Renewable Energy Projects operation and maintenance to insure that the Renewable Energy Projects shall operate in an efficient manner in accordance with the Plans and Specifications. It is understood and agreed that Service Provider may delegate its operation and maintenance responsibilities to a technically qualified and financially responsible third party, upon notification to the Authority and the applicable Customer, and upon their review and approval of any such contract, which Authority and Customer approval shall be promptly provided to Service Provider and not withheld unreasonably. Any delegation by Service Provider to such third party shall not relieve Service Provider from its obligations under this Power Purchase Agreement.

#### Section 4.3 Reserved

#### Section 4.4 Outages

Service Provider, the Authority and Customer understand and agree that from time to time it shall be necessary for Service Provider to remove all or part of the production, distribution, and interconnection portions of the Renewable Energy Projects from service to make any necessary repairs or replacements. Accordingly, Service Provider shall have the right to interrupt, reduce or discontinue the delivery of Electricity for the purposes of inspection, maintenance, repair, replacement, construction, installation, removal or alteration of the equipment used for the production or delivery of the same; provided however, that unless the exigencies of the situation require otherwise, Service Provider shall use commercially reasonable efforts to only interrupt or restrict delivery of Electricity at such times as Service Provider and Customer shall mutually agree. Customer and Service Provider agree to act in good faith to accommodate the reasonable requests of the other in fulfilling their respective obligations under this Power Purchase Agreement. If the circumstances require Service Provider to remove the Renewable Energy Projects from service for more than several hours, Service Provider shall take such actions as are reasonable under the circumstances to minimize the effect on Customer's Local Unit Facility and its operations. Unless the exigencies of the situation require otherwise, Service Provider shall provide Customer with at least ten (10) days prior notice of any proposed service outage, which notice shall explain in detail the reason for the proposed interruption, the proposed maintenance or other corrective action to be undertaken, and the expected length of the interruption. For the purposes of this Section 4.4, exigent circumstances shall include, but shall not be limited to, conditions which, in Service Provider's

reasonable judgment, pose an imminent and unreasonable risk of personal injury or property loss, or circumstances under which Service Provider's failure to remove its system from service would, in Service Provider's reasonable judgment, constitute an illegality or violation of any statute, regulation or order of any federal, State, or local governmental authority in the exercise of its regulatory jurisdiction, or any similar events or circumstances.

#### Section 4.5 Removal and Re-installation of Panels; Roof Maintenance & Repairs.

(a) If at any time during the term of this Power Purchase Agreement, Customer is required to remove or interrupt, or cause the removal or interruption, as applicable, of the operation of one or more of Service Provider's solar panels that comprise a portion of the Renewable Energy Projects, to repair or replace the roof of such Customer's Local Unit Facility, or perform required maintenance on any other of the Local Unit's equipment located on such roof, or for any other governmental reason for which no other commercially reasonable solution exists other than to interrupt some portion of service provided by the Renewable Energy Projects, Customer shall promptly notify Service Provider and the Authority of the specific panels and/or other portion of the affected Renewable Energy Project that must be removed or shut down, and when removal or shut-down is required, taking into account to the greatest extent practicable any efforts within Customer's control to minimize the loss of Electricity generated by such removed or shut down (in whole or in part) of the Renewable Energy Project. In such instance, Service Provider agrees to remove and re-install or shut down and re-initiate the operation of such minimum number of panels for the minimum amount of time necessary in order to allow Customer access to its Local Unit Facility to undertake the required task causing the need for such removal.

(b) To the extent Customer is required to take the action set forth in subsection (a) above in whole or in part due to some action or inaction of Service Provider or any of its designees, consultants, subcontractors or agents, or another licensee (other than the Authority or the Authority's designees, consultants, subcontractors or agents) under Customer's Local Unit License Agreement, then Service Provider shall (i) bear and pay for the cost of such removal, and (ii) reimburse Customer for the difference between (A) Customer's actual cost for electricity, as evidenced by that amount delivered and billed by the local electric utility distribution provider to Customer in lieu of the Electricity to have been provided by Service Provider during such applicable period for which Customer is not receiving Electricity from Service Provider, in whole or in part, and (B) the PPA Price that would have been applicable to such amount of electricity so delivered to Customer under clause (i) above, had Service Provider delivered such deficient amount of Electricity during such period.

(c) Conversely, to the extent Service Provider is required, with the Authority's consent, to remove and re-install or shut down and re-initiate the operation of a portion, or all of a Renewable Energy Project due to some action or inaction by Customer or any of its designees, consultants, subcontractors, or agents, Service Provider shall be reimbursed by Customer at Service Provider's actual out-of-pocket cost, plus ten percent (10%) overhead. Further, Customer shall reimburse the Service Provider for the cost of lost production during the period of removal or shut-down in excess of ten (10) days in any twelve (12) month period, starting on the Commencement Date (for such Customer or as applicable, such Local Unit Facility) and each anniversary thereafter.

00010344-1

- 26 -

00010344-1

- 27 -

The cost of lost production shall include an allowance for both lost Electricity at the applicable PPA Price, and lost SRECs, at the market value of such SREC's as determined in comparable transactions. Customer may at its option, elect to pay Service Provider any amounts in this subsection (c) in either a lump sum payment, or in uniform monthly payments, including interest on the unpaid balance, at the rate set out in Section 6.4 (relating to payment terms) over not greater than a twelve (12) month period. For purposes of this subsection, an action of inaction of a Customer's designees, consultants, subcontractors or agents shall not include students unless such students are under the direct control of the Customer at the time such action or inaction occurred.

#### Section 4.6 Certain Local Unit Facility Issues.

(a) Prior to commencement of construction of each of the Renewable Energy Projects, preferably prior to the Effective Date, and no later than the completion of the design, permitting, acquisition, construction, renovation, and installation of the Capital Improvement Projects, if applicable, for each Local Unit Facility, Service Provider shall investigate and secure an opinion from a structural engineer licensed in the State that the Local Unit Facility roof is structurally sound and requires no structural reinforcement to support the Renewable Energy Projects to be provided in accordance with the terms hereof. A wind analysis shall also be conducted by or on behalf of Service Provider to insure the proposed mounting structures for the Renewable Energy Projects shall be sufficient to meet wind conditions at each Local Unit Facility. A copy of such opinion and analysis for each Local Unit Facility shall be delivered to the Authority and applicable Customer.

(b) If the Service Provider delivers to the Authority a Certificate of an Authorized Officer of the Service Provider to the effect that such opinion and/or analysis and/or other credible evidence demonstrates any of the following: (i) that structural reinforcement of a Local Unit Facility would be required in order to support the contemplated Renewable Energy Projects, (ii) that any roof of a Local Unit Facility is structurally unsound or that the Local Unit Facility is not otherwise available for the contemplated Project, including issues of title, damage, or condemnation affecting the Local Unit Facility, (iii) that there are other latent subsurface or structural conditions present at any Local Unit Facility that is not a roof, which latent subsurface or structural conditions were not contemplated in its Company Proposal and would have a material adverse financial impact on the Service Provider or (iv) that the existing warranties can only be maintained through an unreasonable scope of work, or at an unreasonable cost, in either case as determined solely by the Authority, and if in any such case (clauses (i) - (iv) inclusive) the Authority, in exercising its reasonable discretion, agrees with such determination as evidenced by their acknowledgment of such Service Provider Certificate by an Authorized Officer of the Authority, then neither the Authority nor Customer shall have any responsibility to provide any additional funding for such Renewable Energy Projects, and Service Provider is not entitled to any additional compensation for such Renewable Energy Projects, it being understood by the Parties that any such circumstance has been preliminarily reviewed and diligenced by Service Provider, as any contemplated cost relating thereto shall have been included in the Company Proposal as part of the submitted cost of the Projects.

(c) To the extent the Authority executes and delivers to the Service Provider the acknowledgment contemplated by subsection (b) above, notwithstanding the other provisions of

100010344

- 28 -

subsection (b) above the Parties shall work together in good faith to select an alternative location (hereinafter, such alternative location shall be known as the revised Local Unit Facility for such Series 2011 Local Unit for all purposes hereof and of the other Program Documents) within the jurisdiction of the following, and in the following order: (i) first of the affected Series 2011 Local Unit for which the Renewable Energy Project shall no longer be developed, in which case the revised Local Unit Facility shall act as the location for the replacement renewable energy project (hereinafter a Renewable Energy Project for all purposes hereof and of the other Program Documents), and as necessary, required or desirable, the revised capital improvement project (hereinafter a Capital Improvement Project for all purposes hereof and of the other Program Documents), both of which Projects, shall to the maximum extent practicable, be of a similar (or more advantageous to the Parties) size, scope and economic impact as the Projects being replaced, (ii) second, within the jurisdiction of any other Series 2011 Local Unit, in which case the revised Local Unit Facility and Project shall be located in such agreed upon jurisdiction, and (iii) if a suitable replacement location within such jurisdiction is still not available on a mutually agreeable basis, then from any location within (and including) the County upon which the Parties can agree, in which case the revised Local Unit Facility and Project shall be located in such agreed upon jurisdiction.

(d) Should an alternative Local Unit Facility be selected by the Parties in accordance with subsection (c) above, (i) a new Commencement Date and a new Completion Date shall be developed for the replacement Renewable Energy Project, and as applicable, Capital Improvement Project, (ii) such revised Commencement Date and Completion Date for such replacement Renewable Energy Project shall be incorporated into this Power Purchase Agreement via a written amendment executed by the Parties, which amendment shall also incorporate a revised Exhibit A hereto and any other changes the Parties deem necessary, desirable, or convenient to implement the change in Project and Local Unit Facility, and (iii) the other Program Documents shall be amended to reflect any required changes caused by such amendment hereof, including without limitation the revised Project, the replaced Local Unit Facility, and if necessary, a new Series 2011 Local Unit (in which case instead of an amended Local Unit License Agreement with such new Series 2011 Local Unit, there shall be a new Local Unit License Agreement with such new Series 2011 Local Unit), provided that the economic rights and responsibilities of the Parties shall not be amended (including without limitation, the PPA Price), unless agreed to at the complete discretion of the Parties.

(e) If after good faith negotiations the Parties are unable to secure a replacement Local Unit Facility and Project within six (6) months of the date of the Authority's acknowledgment of the Certificate of an Authorized Officer of the Service Provider contemplated in subsection (b) above, then the Service Provider shall have the option, exercisable at any time within nine (9) months of the date of such Authority Certificate, to abandon the Project associated with the Local Unit Facility that was to be replaced. Such option shall be exercised by the Service Provider delivering a Certificate of an Authorized Officer of the Service Provider to the Trustee, the County, the Authority, and the affected Series 2011 Local Unit, (i) setting forth the authorization for, and the reasons why the Project and Local Unit Facility are being abandoned, and (ii) further, that attached thereto is a partial prepayment of Basic Lease Payments (or evidence thereof, in the case of a wire transfer or other similar conveyance) in immediately available funds that shall be applied in the manner set forth in Section 701(a) of the Company Lease Agreement. Upon the abandonment of any

100010344

Project, the Service Provider, the Authority and the Customer will enter into such amendments of the Program Documents as shall be necessary to evidence the partial termination of the Program Documents solely with respect to such Project.

#### Section 4.7 Incorporation of Certain Company RFP Terms and Conditions.

To the extent not otherwise inconsistent with the provisions of this Power Purchase Agreement, the terms and conditions of Article VII and Appendix C to the RFP, as attached to the Company Lease Agreement as part of Exhibit A-1 thereto, are hereby incorporated by reference into this Power Purchase Agreement.

#### Section 4.8 Service Provider's Ability to Choose Subcontractors.

Service Provider shall enter into the applicable contract(s) for construction, renovation and installation of the Projects, subject to the terms of any Renewable Energy Program agreement executed by any Party. Prior to implementing any such contract(s), Service Provider and Customer shall have agreed upon a list of acceptable subcontractors, with all other subcontractors subject to notification to the Authority and Customer's consent, such consent not to be unreasonably withheld or delayed; provided, however, that Customer's agreement as to the list of acceptable subcontractors shall not make the Authority or Customer in any way responsible for, or a guarantor of, such subcontractors, nor relieve Service Provider of any of its duties and obligations with respect to subcontractors or otherwise hereunder. Service Provider shall insure all subcontractors are qualified, reputable and adhere to all applicable regulations and laws of the State. The Service Provider identified and the Authority and Customer have approved the initial list of subcontractors, as set forth in Exhibit H, by the time of execution and delivery hereof (such list is not intended to be exclusive, should Service Provider subsequently determine to proffer one or more other subcontractors).

### LOCAL UNIT LICENSE AGREEMENT - LOCAL UNIT FACILITY ACCESS

#### Section 5.1. Local Unit License Agreement.

(a) For consideration of the transactions contemplated by this Power Purchase Agreement and the Local Unit License Agreement, Service Provider, the Authority and Customer hereby agree that Service Provider and their subcontractors, including \_\_\_\_\_ pursuant to their Development Contract with Service Provider, and other agents and designees shall each be deemed a permitted licensee under Customer's Local Unit License Agreement, and accordingly, Service Provider and their subcontractors and other agents and designees shall have access to the Local Unit Facility of Customer to (i) design, permit, acquire, construct, install, operate and maintain the Renewable Energy Projects, (ii) design, permit, acquire, construct, renovate, and install the Capital Improvement Projects, and (iii) perform the other related Project activities set forth in Section 3.1, including subsection (c) thereof, of the Local Unit License Agreement for Customer.

(b) The license provided to Service Provider in accordance with subsection (a) and Customer's Local Unit License Agreement, subject to Section 3.7 of such Customer's Local Unit License Agreement, shall be irrevocable for the Initial Term of this Power Purchase Agreement and any extension, for so long as Service Provider is not in default of its delivery obligations hereunder, thereby causing an Event of Default hereunder, and except as otherwise expressly provided in this Power Purchase Agreement.

(c) Service Provider shall insure that any equipment used or installed by the Service Provider shall not adversely affect the structural integrity or existing roofing warranties of the Local Unit Facility roof and shall be completed in strict accordance with manufacturer's requirements by a certified manufacturer roofing contractor.

(d) In the event a Customer exercises revocation rights pursuant to Section 3.7 of such Customer's Local Unit License Agreement, upon the satisfaction of all requirements under such Section 3.7, this Power Purchase Agreement shall be terminated in respect of, and solely with respect to, such applicable Project.

ARTICLE VI

ENERGY SERVICES PROVIDED BY SERVICE PROVIDER  
PRIOR TO OR UPON COMMENCEMENT DATE

Section 6.1 Sale and Purchase of Electricity Converted from Solar Energy.

(a) On the date set forth in Section 3.5(d) of this Power Purchase Agreement, which date shall be on or prior to the Commencement Date, Customer shall purchase and take, and Service Provider shall sell and deliver, all Customer's electric energy requirements for the Local Unit Facility (upon or in which the Renewable Energy Project shall have been constructed and installed) from the Electricity produced from the Renewable Energy Projects, up to the actual output from the Renewable Energy Project, regardless of its estimated delivery capability, prior to Customer supplementing its electricity requirements with other sources, including the local electric utility distribution provider.

(b) The Plans and Specifications for the Renewable Energy Projects shall provide for the output guaranteed by Service Provider in Section 6 of its Form A-1 of the Company Proposal attached hereto as Exhibit C (which, in accordance with Form A-1 of the Company Proposal, needs to be adjusted to reflect the actual solar insulation measured at the site for the time period under review), unless Customer agrees in writing to a different output to be set forth in such Plans and Specifications. For the avoidance of doubt, the Parties hereto expressly agree that the proposed output so set forth in Form A-1 of the Company Proposal is \_\_\_\_\_ MW, and is the standard against which the output guaranty contemplated by this Power Purchase Agreement is measured, notwithstanding the fact that the anticipated output set forth in Exhibit A hereto is \_\_\_\_\_ MW (as the difference was financed by the Service Provider away from the Series 2011 Bonds).

(c) Service Provider shall guarantee the output of the Renewable Energy Projects cumulatively through the 5<sup>th</sup>, 10<sup>th</sup>, and 15<sup>th</sup> years of the Initial Term to be within ten percent (10%) of the output (calculated using the PV Watts version 2 with initial system sizes rated at STC methodology employed by the Company in the Company Proposal as described in Exhibit C attached hereto) as set forth in the final Plans and Specifications for the Renewable Energy Projects; provided, that to the extent that such output shall fall below such limit, the remedy therefor shall be solely as set forth in subclause (d) below.

(d) To the extent that the Renewable Energy Projects' output shall fall below the limits set out in the preceding subsection (c) and such shortfall is not due to an action of the Customer, Service Provider shall reimburse Customer for the difference between Customer's variable line item cost for electricity, per kWh, as evidenced by that amount delivered and billed by the local electric utility distribution provider to Customer in lieu of the Electricity to have been provided by Service Provider, and the PPA Price, per kWh, set forth in this Power Purchase Agreement, such difference in price per kWh to be applied to the amount of such Renewable Energy Projects' output deficiency. Such reimbursement shall occur no later than sixty (60) days after the next occurring anniversary of the Commencement Date that arises after the date in which the

(00010344-)

- 32 -

shortfall occurred. In the event such reimbursement payment is not made by Service Provider, Customer shall be entitled to deduct such amount in three (3) equal amounts from its PPA Price invoice payments in the following three (3) months after such sixty (60) days, or if invoice amounts are not large enough to allow for the entirety of such credit during such time, the balance shall be credited as quickly as possible thereafter.

(e) To the extent that the Renewable Energy Projects' output shall fall below the limits set out in the preceding subsection (c) at the end of one of the 5-year periods of the Initial Term, and Service Provider reimburses Customer as set out in the preceding subsection (d), the amount of the shortfall in kWh upon which the reimbursement payment is based shall be deducted from the cumulative guaranteed output amounts at the end of subsequent 5-year periods.

(f) To the extent that a reduction in the amount of Electricity produced by the Renewable Energy Projects is caused due to action of the Customer, such as that contemplated in the preceding section 4.5, subsection (c) or due to the circumstances described in Sections 3.6(d), 4.6(b) or 6.6 hereof, 100% of the amount of Electricity that would otherwise have been produced will be deducted from both (i) the cumulative guaranteed output at the end of the 5-year period in which the reduction due to Customer action occurs, and (ii) the cumulative guaranteed output amounts at the end of all subsequent 5-year periods.

Section 6.2 Rates and Charges.

Customer shall pay to Service Provider the monthly fees and charges for Electricity as set forth in Exhibit B and Sections 3.5(e) and 6.4 hereof (the "PPA Price").

Section 6.3 Service Provider Reservation of Rights; Benefits Shared.

(a) Service Provider retains all ownership and rights to use, sell, or transfer (i) SRECs and (ii) rights with respect to Federal tax benefits (Investment Tax Credit and MACRS Depreciation) associated with the Renewable Energy Projects. Nothing in this Section 6.3 shall relieve Service Provider from its obligation to sell Electricity generated by the Renewable Energy Projects to the Customers.

(b) Any financial / environmental benefits, with the exception of SRECs, determined in the future (but unknown at this time) to be attributable to Renewable Energy Projects shall be the property of the Service Provider.

Section 6.4 Payment Terms.

Service Provider shall measure and read all Meters on or about the first Business Day of each calendar month during the term of this Power Purchase Agreement, commencing the first month immediately following the date set forth in Section 3.5(d) of this Power Purchase Agreement, which date shall be on or prior to the Commencement Date. Promptly thereafter, Service Provider shall provide in writing to Customer, with a copy to the Trustee, an invoice setting forth the Electricity

(00010344-)

- 33 -

charges as set forth in Exhibit B and quantity of Electricity delivered during the previous period. Should an error in invoicing be determined, then Service Provider agrees to promptly provide for an adjustment of the next due invoice to remedy said error. Customer shall have thirty (30) Business Days after the date of the invoice in which to pay the invoice in full. Any sums owing and remaining unpaid after the expiration of said period of time shall bear interest at a rate equal to the lesser of one and one-half percent (1 and 1/2%) per month until paid in full, or highest rate allowed by law.

Section 6.5 Taxes; Other Governmental Charges.

To the extent that Service Provider, Customer, and/or the Authority shall become responsible for the payment of any tax as a result of the placement, operation or maintenance of the Renewable Energy Projects on the Local Unit Facility (other than taxes imposed by Customer after the date of this Power Purchase Agreement), Service Provider shall be responsible for the payment of all such taxes and/or assessments. Such obligation shall be limited to the Renewable Energy Project improvements constructed by the Service Provider on the Local Unit Facility. The Service Provider shall have the right to challenge the lawfulness of any tax or assessment associated with the construction, operation, or maintenance of the Renewable Energy Projects on the Local Unit Facility that shall be imposed on Service Provider, or that shall be attributable to Customer and/or the Authority for which Service Provider shall be required to pay. The Authority and Customer shall be notified of any such challenge by Service Provider, and further, shall be periodically kept informed of all developments, including copies of any pleadings or other documents comprising the docket of any such challenge.

Section 6.6 Alterations to Customer's Facilities.

The Authority and Customer agree not to undertake any structural alterations or repairs in the Local Unit Facilities that may adversely impact the operation and maintenance of the Renewable Energy Projects by Service Provider, without giving prior written notice to Service Provider, and without obtaining the input from Service Provider regarding the best manner in which such alterations or repairs might be conducted without affecting, or minimizing the affect on, as applicable, the operations and maintenance of the Renewable Energy Projects. If the Authority or Customer shall perform any alterations or repairs that permanently reduce the production of the Renewable Energy Projects resulting from such alteration or repairs, then the Parties shall negotiate a per kWh PPA Price adjustment to make the Service Provider whole for any loss in production capability. The per kWh PPA Price adjustment shall be established by negotiation by the Parties or, failing agreement within a reasonable time, by arbitration pursuant to the provisions of Section 14.5.

Section 6.7 Point of Delivery.

Service Provider agrees that it shall provide Electricity services to Customer at the Point of Delivery as specified in the Plans and Specifications.

(00010344-)

- 34 -

Section 6.8 Energy Metering.

The output of the Renewable Energy Projects will be measured by revenue grade production meters in addition to load metering, inverter monitoring, and sub-combiner monitoring meters installed by the Service Provider in accordance with industry standards. Service Provider shall conduct tests of the Meters at such times as it deems appropriate in accordance with industry standards, but not less than once in any two year period. Service Provider shall promptly repair all Meter failures or defects. Should a Meter ever be deemed to reflect inaccuracies in measurement, the Service Provider shall make corresponding adjustments to the records of the amount of electrical energy being provided by the Renewable Energy Project delivered based on the period in between the date of the discovery of the inaccuracy and the last testing date of the Meter. Should the Meter ever become non-operational, but Electricity is still being provided by Service Provider to Customer hereunder, then, the Parties hereto shall endeavor in good faith to address the Meter failure based upon, among other things, historical and cyclical consumption. To the extent that the Parties hereto are unable to adjust the inaccuracy, then they shall appoint their respective engineers or an independent meter consultant who, along with a third party independent engineer chosen by the Parties' engineers, shall review, examine, mediate and arbitrate the Meter adjustment. The decision of the engineers shall be final, and shall be reduced to the form of an invoice adjustment to be delivered by Service Provider to Customer. Notwithstanding the existence of any inaccuracy, or the allegation or belief of the existence of an erroneous Meter reading, Customer shall at all times pay all invoices in accordance with those time periods set forth herein, with the understanding that adjustments shall be reflected on subsequent invoices. Customer shall have no right to withhold invoice payment due to the actual or alleged existence of Meter inaccuracy except in the case when the current invoice varies by thirty percent (30%) or greater compared with historic like month data.

Section 6.9 Information Technology Support.

Customer shall provide Service Provider with access to the Customer's data management network for the Service Provider to monitor system performance and metering from remote locations, as required by Section 3.1(c)(iv) of the Local Unit License Agreement.

**Section 10.1 Remedies upon a Service Provider Event of Default.**

(a) Upon a Service Provider Event of Default as described in Section 9.1(a) hereof, the affected Customer may terminate the Power Purchase Agreement by written notice to Service Provider, which notice shall be effective upon delivery, which may give rights to certain Parties or other interested parties involved in the Renewable Energy Program to the County Security and/or the Construction Performance Bond. Such rights shall be in addition to any and all other rights and remedies that Customer may have at law or in equity including, without limitation, the right to recover monetary damages and thereafter pursue such damages or other relief to which Customer may be entitled with respect to any monetary damages owed by Service Provider which do not result in a termination of this Power Purchase Agreement,

(b) Upon a Service Provider Event of Default as described in Section 9.1(b), the Authority may exercise its rights under any other Company Document

(c) Upon a Service Provider Event of Default as described in section 9.1(c), the sole remedy of any other Party shall be specific performance or if applicable monetary damages.

**Section 10.2 Remedies upon a Customer Event of Default.**

(a) Upon a Customer Event of Default as described in Section 9.2(a) hereof (i.e., following expiration of the 45-day period following Service Provider's written demand for payment), (i) Service Provider may suspend performance hereunder until such time as Customer cures the Event of Default, and (ii) if such Event of Default continues for another 30 days, Service Provider may terminate the Power Purchase Agreement with respect to such Customer by written notice to the Authority and Customer, which notice shall be effective upon delivery, it being expressly understood however that any such termination shall not relieve Service Provider from its obligations under the Company Lease Agreement with respect to the lease payments due thereunder, or under any other Company Lease Agreement, with respect to any other Customer. Such rights shall be in addition to any and all other rights and remedies that Service Provider may have at law or in equity including, without limitation, the right to recover monetary damages and thereafter pursue such damages or other relief to which Service Provider may be entitled.

(b) Upon a Customer Event of Default as described in section 9.2(b), subject to Section 9.2(c), the sole remedy available to any other Party shall be specific performance or, if applicable, monetary damages.

(c) To the extent a Customer Event of Default would constitute a Licensor Event of Default under the applicable Customer's Local Unit License Agreement, the remedies set forth in Section 6.2 of such Customer's Local Unit License Agreement shall apply to the same extent as set forth herein.

**Section 10.3 Remedies upon an Authority Event of Default.**

(a) Upon an Authority Event of Default as described in section 9.1, the sole remedy available to any other Party shall be specific performance, or if applicable, monetary damages.

**ARTICLE XI**

**FORCE MAJEURE**

**Section 11.1 Suspension of Performance.**

No Party shall be in default in respect of any obligation under this Power Purchase Agreement with respect to one or more Projects if the Party is unable to perform such obligation by reason of a Force Majeure event affecting any such Project; provided that the suspension of performance with respect to such Project shall be commensurate with the nature and duration of the Force Majeure event and the nonperforming Party is using its commercially reasonable efforts to restore its ability to perform.

**Section 11.2 Termination by Reason of Force Majeure.**

If a Party's performance with respect to any Project is excused by reason of Force Majeure for more than twelve (12) consecutive months, any of the Parties (otherwise not in breach of this Agreement) may terminate the Agreement in so far as it relates to such Project upon thirty (30) days written notice to the other Parties, notwithstanding the existence of Force Majeure.

**ARTICLE XII**

**LIMITATION ON LIABILITY**

**Section 12.1 Limitation on Liability.**

Notwithstanding anything in this Power Purchase Agreement to the contrary, none of the Authority, Customer or Service Provider shall be responsible to any other in contract or in tort for any special, incidental or consequential loss or damage, including opportunity costs, arising out of this Power Purchase Agreement. The parties hereto agree that Customer is fully responsible for the upkeep and maintenance of all of the Customer's equipment and property after the Point of Delivery to Customer's operating site that is utilized in connection with the operation of the Renewable Energy Projects including, without limitation, electric panels, sub-panels and sub-metering. Except as provided in Section 3.6 hereof, which shall be Customer's sole and exclusive remedy, Service Provider shall not be responsible for any damages that Customer may incur as a result of delays associated with the construction of the Projects.

**ARTICLE XIII**

**TERMINATION**

**Section 13.1 Termination.**

No Party may terminate the Agreement, except upon the other's Event of Default as provided herein, or as otherwise expressly provided in this Power Purchase Agreement.

**ARTICLE XIV**

**MISCELLANEOUS**

**Section 14.1 Assignment.**

None of Service Provider, the Authority or any Customer shall assign this Power Purchase Agreement without first having obtained the written consent of the other Parties; provided, however, Service Provider may assign its rights and delegate its duties and obligations under this Power Purchase Agreement to any special purpose entity which it may organize for the purpose of owning and operating the Renewable Energy Projects (a "Permitted Provider Assignee"), so long as contemporaneously herewith such Service Provider, or its Permitted Provider Assignee, delivers the County Security and the Construction Performance Bond; and provided, further, that with the consent of Service Provider and Customer, certain payments hereunder may be assigned to the Trustee for the Series 2011 Bonds as further security therefor.

**Section 14.2 Governing Law, Waiver of Right to Jury Trial, and Jurisdiction.**

(a) This Power Purchase Agreement and the rights and obligations of the Parties shall be governed by, construed, and enforced in accordance with, the laws of the State. In order to expedite resolution of any actions, suits, or proceedings that arise under this Power Purchase Agreement, and in light of the complexity of the transactions contemplated hereby, each of the Parties (i) irrevocably waives the right to trial by jury in any such actions, suit, or proceeding of any kind or nature in any court to which it may be a Party and (ii) other than with respect to arbitration in accordance with the provisions of Section 14.5 hereof, agrees that venue shall be laid in the Superior Courts of Morris County, New Jersey.

(b) With respect to any such action, suit, or proceedings relating to this Power Purchase Agreement or arising in connection with the transactions contemplated hereby, the Parties irrevocably (i) submit to the exclusive jurisdiction of the federal and State courts of the State; (ii) waive any objection which it or they may have at any time to the laying of venue of any action, suit or proceeding in any such court; (iii) waive any claim that any such action, suit, or proceeding has been brought in an inconvenient forum and (iv) waive the right to object that such court does not have jurisdiction over the Parties.

**Section 14.3. Successors and Assigns.**

This Power Purchase Agreement shall inure to the benefit of, and be binding upon the Parties hereto and to their successors and assigns.

**Section 14.4 Waiver.**

No provision of this Power Purchase Agreement may be waived absent the express written consent of the Authority, the Service Provider and each affected Customer, if any. The failure of any Party hereto to assert any of its rights under this Power Purchase Agreement shall not be construed to constitute a waiver of such provision, nor in any way be deemed to affect the validity of this Power Purchase Agreement or any part hereof or the right of any Party hereto to thereafter subsequently enforce its rights and remedies as otherwise provided herein. No express and written waiver of any breach of this Power Purchase Agreement shall be held to constitute a waiver of any other provision hereof or any subsequent breach hereof.

**Section 14.5 Arbitration.**

Should any dispute, controversy or claim arise hereunder, then the Parties covenant and agree, to the extent permitted by law, that all such disputes, controversies or claims shall be submitted to non-binding arbitration, and in all other cases legal actions concerning such disputes, controversies and claims shall be brought in the Superior Court of Morris County, New Jersey. Arbitration shall be conducted before an arbitrator chosen by the American Arbitration Association, should the Parties hereto not be able to otherwise agree upon an arbitrator to adjudicate said matter. The arbitration shall be conducted in accordance with the Commercial Arbitration Rules of the American Arbitration Association. The cost of arbitration, along with the prevailing Party's legal fees and costs of arbitration, shall be borne by that Party which the arbitrator deems to be the non-prevailing party to the arbitration. It is the intent of the Parties that there shall be liberal discovery permitted including depositions and document production.

**Section 14.6 Entire Agreement, Amendment.**

This Power Purchase Agreement, together with the other Program Documents, constitutes the entire agreement by and between the Parties hereto and supersedes and replaces all previous understandings and agreements, whether written or oral, which may have existed between the Parties hereto. This Power Purchase Agreement may only be modified by a subsequent written instrument which shall be executed by the Authority and the Service Provider, and to the extent any such amendment involves any terms that could adversely affect any Customer, by such Customer.

**Section 14.7 Partial Invalidity.**

If any non-material part of this Agreement is held to be unenforceable, the rest of the Agreement will continue in effect. If a material provision is determined to be unenforceable and the Party which would have been benefited by the provision does not waive its unenforceability, then the Parties shall negotiate in good faith and if they are unable to reach agreement on an

appropriate amendment within a reasonable time, their disagreement shall constitute a dispute and be resolved pursuant to the provisions of Section 14.5 (relating to arbitration). The arbitrator may grant any remedy or relief, including reformation of the Agreement, that the arbitrator deems just and equitable.

**Section 14.5 Non-Substitution.**

Customer covenants and agrees that throughout the Initial Term of this Power Purchase Agreement, and all extensions hereof, that with respect to the Local Unit Facility (a) it shall not purchase, lease or rent property to perform the same function or provide the same services as, or functions or services taking the place of, those functions and services being provided by Service Provider under this Power Purchase Agreement, (b) it shall not permit such functions of services to be performed or supplied by Customer's own employees or by Customer or any agency, affiliate or third party of Customer, (c) it shall not otherwise enter into any agreement with any third party or otherwise affiliated party to perform such functions or services, and/or (d) otherwise take steps to circumvent or defeat the intentions of this paragraph or this Power Purchase Agreement. During the Initial Term of this Power Purchase Agreement and throughout all extensions hereof, Customer covenants and agrees to look to and consider Service Provider as the Local Unit's sole and exclusive supplier of Electricity up to the total amount generated by the Renewable Energy Projects.

**Section 14.9 Further Assurances.**

The Parties hereto agree to execute all documents and take all further actions which might be reasonably requested by the other party in order to better fulfill or evidence the intentions of the Parties hereto.

This Power Purchase Agreement may be executed and acknowledged in counterparts, and when signed by all of the Parties hereto shall constitute one binding agreement. Facsimile Signatures shall be deemed the same as originals.

**Section 14.11 Waiver of Sovereign Immunity.**

For the purposes of this Power Purchase Agreement, the Authority and each Customer acknowledge and agree that (a) its execution and delivery of this Power Purchase Agreement and (b) its performance of the actions contemplated by this Power Purchase Agreement, constitute private and commercial acts rather than public or governmental acts. To the extent that, in any jurisdiction, the Authority or such Customer in respect of itself or its assets, properties or revenues, shall be entitled to any immunity from suit, from the jurisdiction of any court, from attachment prior to judgment, from attachment in aid of execution of judgment, from execution, or enforcement of a judgment, or from any other legal or judicial process or remedy, such party hereby (i) expressly and irrevocably agrees not to claim or assert, and expressly and irrevocably waives, any such immunity to the fullest extent permitted by the laws of such jurisdiction and (ii) consents generally to the giving of any relief or the issue of any process in connection with any proceeding.

**Section 14.12 Notice.**

Unless otherwise provided in writing, any notices to be given or to be served upon any Party hereto, or any other documents to be delivered to Party, all in connection with this Power Purchase Agreement, must be in writing and may be delivered personally, by telecopy, by e-mail, or by overnight, certified or registered mail. For any year of this Power Purchase Agreement and with respect to each respective Customer, the PPA Price payable by any one such Customer is the sum of Sections 1 and 2 below (after the escalation percentage factor in Section 2 below is converted into a dollar amount for the applicable year of computation). For the period prior to the first anniversary of the Commencement Date for such Customer, the amount in Section 2 below shall be \$\_\_\_\_\_.

(a) Cost of Electricity, per kWh, pursuant to the Power Purchase Agreement, for the period (a) from the date of the first delivery by the Service Provider to such Customer of Electricity from the Renewable Energy Project; on the Local Unit Facility of such Customer (b) to, but excluding, the first anniversary of the applicable Commencement Date for such Customer: \$\_\_\_\_\_/kWh.

(b) Annual escalation (expressed as a fixed percentage increase from the prior year's PPA Price) applicable as of each anniversary date of the Commencement Date for such Customer in effect for the following year (c, but not including, the next succeeding anniversary of such Commencement Date for such Customer: two and three-quarters percent (\_\_\_\_\_%).

(i) This escalation factor commences on the first anniversary of the Commencement Date for such Customer, and ends at the end of the Initial Term, unless further adjusted in accordance with the terms of any extension of the Initial Term pursuant to the terms of the Power Purchase Agreement.

(c) The Parties further agree to the following:

(i) Although the percentage of escalation is fixed in Section 2, since it is based on the prior year's PPA Price, which is itself increasing on an annual basis, the actual dollar amount of each year's escalation increases.

(ii) With the possibility that each Customer shall have different Commencement Dates, and although each Customer shall be subject to the same base cost of Electricity governed by Section 1 above and the same escalation factor governed by Section 2 above, the actual PPA Price payable by one or more Customers may vary on the same date of computation for different Customers.

(iii) In light of the provisions of Section 6.5 of the Power Purchase Agreement, the PPA Price for any Applicable Customer shall be further escalated for any increase in taxes assessed or levied against the Renewable Energy Projects, which taxes shall be imposed by or on behalf of any such Customer, if any, provided, however, that any such increase shall be solely available to the entity that must pay any such tax, the intent being that there shall be no after tax effect on the PPA Price, should any such tax ever be imposed.

to give control of any pledged Investment Property to the Trustee within the meaning of §8-106 of the UCC, (b) cause each Pledged Entity to execute and deliver the Agreement and Acknowledgement of Pledge attached hereto as Exhibit A (the "Acknowledgement"), and (c) promptly take all other actions required to perfect the security interest of the Trustee in the Pledged Collateral under applicable law. Section 1.04 Acts of the Trustee. ### POWERS OF THE PLEDGOR PRIOR TO AN EVENT OF DEFAULT

Section 2.01 Distributions; Exercise of Rights. Unless an Event of Default has occurred and is continuing, and subject to the terms of the Company Agreements, the Pledgor shall be entitled to (a) receive cash Distributions (including in respect of the Section 1603 Grant or the proceeds from the sale of any SRECs) allocable to the Pledged Collateral, and (b) exercise (but only in a manner that will not (i) violate or be inconsistent with the terms hereof or of any other Company Agreement or (ii) have the effect of impairing the position or interests of the Trustee) the voting, consent, administration, management and all other powers, rights and remedies of the Pledgor with respect to the Pledged Collateral under the Organizational Agreements of any Pledged Entity (including all other rights and powers thereunder which are pledged hereunder or otherwise). If the Pledgor shall become entitled to receive or shall receive from any Pledged Entity (A) any non-cash Distribution as an addition to, an account of, in substitution of, or in exchange for the Pledged Collateral or any part thereof, or (B) upon the occurrence of any Event of Default that is continuing, any cash Distributions, in either case the same shall immediately be remitted to the Trustee (in the exact form received, with the Pledgor's endorsement or assignment or other instrument as the Trustee may deem appropriate) to be held as additional Pledged Collateral for the Obligations or for application thereto, as applicable, and until so remitted, shall be received and held by the Pledgor in trust and as agent for the Trustee. For the avoidance of doubt, upon payment in full by the Company of its initial scheduled Basic Lease Payment (as defined in the Company Lease Agreement) due January 1, 2013, any Distribution by the Company (including in respect of the Section 1603 Grant or any proceeds from the sale of SRECs) occurring prior to an Event of Default shall be irrevocable and shall not be subject to refund or recovery by the Trustee, including without limitation, upon the occurrence of an Event of Default.

Section 2.02 Termination of Powers. Upon the occurrence of an Event of Default that is continuing, all such powers, rights and remedies of the Pledgor, which are conditionally permitted pursuant to Section 2.01 of this Agreement, shall cease and the provisions of Article II of this Agreement shall apply.

ARTICLE III  
REPRESENTATIONS, WARRANTIES  
AND COVENANTS OF PLEDGOR

The Pledgor hereby represents, warrants and covenants with and to the Trustee as follows:

**Section 3.01 Percentage Ownership.** The Pledgor owns one hundred (100%) percent of the legal and beneficial ownership interests in and to all Pledged Equity. The Pledgor does not have any outstanding options or rights or other agreements to acquire or sell or otherwise transfer all or any portion of any Pledged Equity.

**Section 3.02 Title to Pledged Collateral.** The Pledgor validly acquired and is the legal and beneficial owner of the Pledged Collateral in which it has granted a security interest, and transferred a collateral interest, herein, free and clear of all Liens except such as are created pursuant to this Agreement. The Pledgor has the legal right to pledge and grant a security interest in the Pledged Collateral as herein provided without the consent of any other person or entity, other than any such consent that has been obtained. The Pledgor will have like title in, and the right to pledge, any other property at any time hereafter acquired by the Pledgor and pledged to the Trustee as Pledged Collateral hereunder.

**Section 3.03 Defense of Title.** The Pledgor will defend the Trustee's right, title and interest in and to the Pledged Collateral against the claims and demands of all other persons and entities.

**Section 3.04 No Transfer.** Except for the transfer effected by this Agreement, the Pledgor will not transfer the Pledged Collateral, or any portion thereof, or suffer or permit any transfer thereof to occur. Any transfer made in violation of the foregoing provisions shall be an immediate Event of Default hereunder without notice or opportunity to cure and shall be void and of no force and effect, and upon demand of the Trustee, shall forthwith be cancelled or satisfied by an appropriate instrument in writing.

**Section 3.05 Perfected Security Interest.** Giving effect to this Agreement, the Trustee has, with respect to all Pledged Collateral owned by the Pledgor on the Closing Date, and will have with respect to any other property at any time hereafter acquired by the Pledgor and pledged to the Trustee as Pledged Collateral hereunder, a valid, perfected and continuing first lien upon and security interest in the Pledged Collateral.

**Section 3.06 No Financing Statements.** Except for financing statements filed or to be filed in favor of the Trustee as secured party, or such other financing statements expressly permitted with the Trustee's prior written consent, which may be withheld in the Trustee's sole and absolute discretion, there are not now any financing statements under the UCC covering any or all of the Pledged Collateral filed in any public office, and the Pledgor will not authorize the filing of any such financing statements.

[00014852]

- 9 -

**Section 3.07 Certificated Securities.** The Pledgor represents and warrants that if all of the Pledged Equity is not evidenced by a Certificated Security, it shall promptly take all actions required to perfect the security interest of the Trustee in such Pledged Equity under applicable law as required under Section 1.03 of this Agreement. The Pledgor further agrees to take such additional actions as the Trustee deems necessary or desirable to effect the foregoing and to permit the Trustee to exercise any of its rights and remedies hereunder and agrees to provide an opinion of counsel satisfactory to the Trustee with respect to any such pledge of Equity Interests which are not Certificated Securities promptly upon request of the Trustee. Without limiting the effect of the immediately preceding clause, the Pledgor, upon the occurrence of an Event of Default, hereby grants to the Trustee an irrevocable proxy to vote the Pledged Equity and to exercise all other rights, powers, privileges and remedies to which a holder of the pledged equity would be entitled (including without limitation (a) giving or withholding written consents, (b) calling special meetings, (c) voting at such meetings, and (d) voting at any time or place) with respect to any action, decision, determination or election by the pledged entities or the holders of the respective equity interests therein that the Pledged Equity (or any new or additional equity interest in such Pledged Entity) be, or cease to be, a certificated security, and all other matters related to any such action, decision, determination or election, which proxy shall be effective automatically and without the necessity of any action (including any transfer of any pledged equity on the record books of the issuer thereof) by any other person (including the issuer of the Pledged Equity or any officer or agent thereof) as of the date hereof, and which proxy shall only terminate upon the termination of this Agreement.

**Section 3.08 Fully Paid and Non-Assessable.** All of the Pledged Equity has been duly authorized and validly created and is subject to no options to purchase or similar rights of any Person. The Pledgor is not, and will not become, a party to or otherwise be or become bound by any agreement, other than this Agreement and the other Company Agreements, which restricts in any manner the rights of any present or future holder of any of the Pledged Equity with respect thereto. There are no set-offs, counterclaims or defenses with respect to the Pledged Collateral owned by the Pledgor and no agreement, oral or written, has been made with any other person or party under which any deduction or discount may be claimed with respect to such Pledged Collateral and the Pledgor knows of no fact which would prohibit or prevent the Pledgor assigning or granting a security interest in the Pledged Collateral.

**Section 3.09 Organizational Agreements.** Attached hereto as Exhibit B are true, correct, and complete copies of the Organizational Agreements of each Pledged Entity. The Organizational Agreements are in full force and effect and have not been modified or amended except as attached hereto. The Pledgor is not in default of any of its obligations under the Organizational Agreements nor is the Pledgor aware of a default by any other member in their respective obligations under the Organizational Agreements.

**Section 3.10 Amendments.** The Pledgor shall not allow any Pledged Entity to (a) amend any provision of its Organizational Agreements, (b) dissolve, liquidate, wind-up, merge or consolidate with any other entity or (c) transfer any of its respective assets and properties to any Person except as permitted by the Company Agreements.

If an Event of Default shall occur during the term of this Agreement and during its continuance:

**Section 4.01 Transfer Rights.** Subject to the limitation of Section 4.10 hereof, the Trustee shall have the right, at any time and from time to time, to affect the transfer of any or all of the Pledged Collateral, subject only to the provisions of the UCC and any other applicable statute which, in accordance with such statute, cannot be waived, in any one or more of the following ways:

(a) Register in the name of, or transfer to, the Trustee, a nominee or nominee, or designee or designees, of the Trustee; provided that the provisions of Section 5.06 of this Agreement are complied with;

(b) Sell, resell, assign and deliver, in the Trustee's sole and absolute discretion, any or all of the Pledged Collateral (whether in whole or in part and at the same or different times) and all right, title and interest, claim and demand therein and right of redemption thereof, at public or private sale, for cash or upon credit (by the Trustee only), in accordance with the applicable procedures specified in Article V of this Agreement; and

(c) Proceed by a suit or suits at law or in equity to foreclose all or any part of the security interests in the Pledged Collateral and sell the Pledged Collateral or any portion thereof, under a judgment or decree of a court of competent jurisdiction, retaining during the duration of such judicial enforcement all other rights with respect to the Pledged Collateral, including specifically the rights specified hereafter in Article V of this Agreement with respect to each Pledged Entity.

**Section 4.02 Voting Rights.** Upon the occurrence of an Event of Default and during its continuance, the Trustee may exercise, either by itself or by its nominee or designee, in the name of the Pledgor, the rights, powers and remedies granted to the Trustee hereunder and under the other Company Agreements in respect of the Pledged Collateral at any time prior to effecting the transfer of such Pledged Collateral to the Trustee or its nominee or designee, or any third party purchasers, as contemplated in Sections 4.01(a) and (b) above, and whether or not any judicial action as contemplated in Sections 4.01(c) above has been commenced or is continuing prior to a final unappealable judgment. Such rights and remedies shall include, without limitation, and the Pledgor hereby grants to the Trustee the right to exercise by delivering notice to the Pledgor and the applicable Pledged Entity, (a) all voting, consent, managerial and other rights relating to the Pledged Equity, whether in the Pledgor's name or otherwise, including without limitation the right to appoint officers, directors, managers and other similar positions and (b) the right to exercise the Pledgor's rights, if any, of conversion, exchange, or subscription, or any other rights, privileges or options pertaining to any of the Pledged Equity, including, without limitation, the

right to exchange, at the Trustee's sole and absolute discretion, any and all of the Pledged Equity upon the merger, consolidation, reorganization, recapitalization or other readjustment of such Pledged Entity, all without liability, except to account for property actually received by the Trustee. The Pledgor hereby irrevocably authorizes and directs each Pledged Entity, on receipt of any such notice (i) to deem and treat the Trustee or its nominee in all respects as a member, partner or shareholder, as applicable (and not merely an assignee of a member, partner or shareholder) of such Pledged Entity, entitled to exercise all the rights, powers and privileges (including, without limitation, the right to vote on or take any action with respect to such Pledged Entity matters pursuant to the Organizational Agreement) thereof, to receive all distributions, to be credited with the capital account and to have all other rights, powers and privileges pertaining to such member, partner or shareholder interest, as applicable, to which the Pledgor would have been entitled had the Pledgor not executed this Agreement and (ii) to file an amendment to the Organizational Agreement of such Pledged Entity admitting the Trustee or such nominee(s) as a member, partner or shareholder in place of the Pledgor.

#### Section 4.03 Power of Attorney.

(a) The Pledgor hereby irrevocably authorizes and empowers the Trustee, and assigns and transfers of the Trustee, and constitutes and appoints the Trustee and any of its assigns, its true and lawful attorney-in-fact (coupled with an interest) and as its agent with full power of substitution for the Pledgor to proceed from time to time in the Pledgor's name, in order to more fully vest in the Trustee the rights and remedies provided for herein, in any statutory or non-statutory legal or other proceeding, including without limitation, any Bankruptcy proceeding affecting any Pledged Entity or the Pledged Collateral and Pledgor's interest in any Pledged Entity or the Pledged Collateral.

(b) The Trustee and any of its assigns, or their respective nominees, may, to the extent permitted by applicable law, either pursuant to such power-of-attorney or otherwise, take any action and exercise and execute any instrument that it determines necessary or advisable to accomplish the purposes of this Agreement, including without limitation: (i) execute and file proof of claim with respect to any or all of the Pledged Collateral against any Pledged Entity and vote such claims with respect to all or any portion of such Pledged Collateral (A) for or against any proposal or resolution, (B) for a trustee or trustees or for a receiver or receivers or for a committee of creditors, and/or (C) for the acceptance or rejection of any proposed arrangement, plan of reorganization, composition or extension; (ii) receive, endorse and collect all drafts, checks and other instruments for the payment of money made payable to the Pledgor representing any interest, payment of principal or other distribution payable in respect of the Pledged Collateral; (iii) execute endorsements, assignments or other instruments of conveyance or transfer in respect of any other property which is or may become a part of the Pledged Collateral hereunder; and (iv) execute releases and negotiate settlements, as appropriate, including on account of, or in exchange for, any or all of the Pledged Collateral, or any payment or distribution received by the Pledgor, or the Trustee on the Pledgor's behalf.

(c) The foregoing power-of-attorney is irrevocable and coupled with an interest, and any similar or dissimilar powers previously given by the Pledgor in respect

100014737-1

- 13 -

of the Pledged Collateral or any Pledged Entity to any Person or any other person or entity (other than the Trustee) are hereby revoked. The power-of-attorney granted herein shall terminate automatically upon the termination of this Agreement in accordance with the terms hereof.

Section 4.04 Management Rights. The Trustee may at such time and from time to time thereafter, without notice to, or consent of, the Pledgor or any Person (to the extent permitted by law), but without affecting any of the Obligations, in the name of the Pledgor or in the name of the Trustee: (a) notify any other party to make payment and performance directly to the Trustee, (b) extend the time of payment and performance of, compromise or settle for cash, credit or otherwise, and upon any terms and conditions, any obligations owing to the Pledgor, or claims of the Pledgor under any Organizational Agreement of any Pledged Entity, as applicable, (c) file any claims, commence, maintain or discontinue any actions, suits or other proceedings deemed by the Trustee reasonably necessary or advisable for the purpose of collecting upon or enforcing any Organizational Agreement of any Pledged Entity and (d) execute any instrument and do all other things deemed reasonably necessary and proper by the Trustee to protect and preserve and realize upon the Pledged Collateral or any portion thereof and the other rights contemplated hereby.

Section 4.05 Right of Substitution. The Trustee shall have the right, without notice to or consent of the Pledgor, to become, or to designate its nominee, designee, agent or assignee to become, a partner, member, officer or director, as applicable, of any Pledged Entity, in substitution of any existing Person serving in such capacity, subject to the terms of the Organizational Agreement.

Section 4.06 UCC Rights. The Trustee may exercise all of the rights and remedies of a secured party under the UCC.

#### Section 4.07 The Trustee Self-Help Rights.

(a) Subject to all applicable Laws, the Trustee shall have the right, but not the obligation, to take any appropriate action as it, in its reasonable judgment, may deem necessary to (i) cure any Event of Default, (ii) cause any term, covenant, condition or obligation required under this Agreement or other Company Agreement to be promptly performed or observed on behalf of the Pledgor or (iii) protect the Pledged Collateral and any other security obtained pursuant to the other Company Agreements. All amounts advanced by, or on behalf of, the Trustee in exercising its rights under this Article IV (including, without limitation, reasonable legal expenses and disbursements incurred in connection therewith), together with interest thereon at the Default Rate from the date of any such advance, shall be payable by the Pledgor to the Trustee upon demand therefor and shall be secured by the Pledged Collateral.

(b) The Trustee shall not be obligated to perform or discharge any obligation of the Pledgor or any Pledged Entity as a result of this Agreement. The acceptance by the Trustee of this Agreement shall not at any time or in any event obligate the Trustee to (i) appear in or defend any action or proceeding relating to the Pledged Collateral to which it

100014737-1

- 14 -

is not a party, or (ii) take any action hereunder or thereunder, or expend any money or incur any expenses or perform or discharge any obligation, duty or liability under the Pledged Collateral.

Section 4.08 Remedies Cumulative. The obligations of the Pledgor under this Agreement shall be absolute and unconditional and shall remain in full force and effect without regard to, and shall not be released, suspended, discharged, terminated or otherwise affected by, any circumstances or occurrence except as specifically provided in this Agreement. The rights, powers and remedies of the Trustee under this Agreement shall be cumulative and not exclusive of any other right, power or remedy which the Trustee may have against the Pledgor or any Person pledging collateral pursuant to the other Company Agreements or existing at law or in equity or otherwise. The Trustee's rights, powers and remedies may be pursued singly, concurrently or otherwise, at such time and in such order as the Trustee may determine in its sole and absolute discretion. **THE TRUSTEE SHALL HAVE NO DUTY TO EXERCISE ANY OF THE AFORESAID RIGHTS, POWERS AND REMEDIES AND SHALL NOT BE RESPONSIBLE FOR ANY FAILURE TO DO SO OR DELAY IN SO DOING.**

Section 4.09 Notice of Exercise of Remedies. The Pledgor hereby waives notice of acceptance hereof, and except as otherwise specifically provided herein or required by provision of law which may not be waived, hereby waives any and all notices or demands with respect to any exercise by the Trustee of any rights or powers which it may have or to which it may be entitled with respect to the Pledged Collateral.

Section 4.10 Limitation. Unless the Pledgor or the Company shall cause an Event of Default, the Trustee may not sell or otherwise transfer any interest in the Pledged Collateral to a person (such as a governmental entity) if such transfer would result in a Tax Benefit Recapture Event. The expression, "Tax Benefit Recapture Event", means an event which would entitle the United States Department of the Treasury or Internal Revenue Service to require that the Company return all or part of the Section 1603 grant in lieu of tax credit received in connection with the Renewable Energy Projects, or to disallow the Company's tax deductions with respect to investments in energy property or for depreciation.

## ARTICLE V

### SALES OF THE PLEDGED COLLATERAL

Section 5.01 Right to Conduct Partial Sale of Pledged Collateral. In connection with any sale of the Pledged Collateral, the Trustee may grant options and may impose reasonable conditions such as requiring any purchaser to represent that any "securities" constituting any part of the Pledged Collateral are being purchased for investment only. If all or any of the Pledged Collateral is sold at any such sale by the Trustee to a third party upon credit, the Trustee shall not be liable for the failure of the purchaser to purchase or pay for the same and, in the event of any such failure, the Trustee may resell such Pledged Collateral. It is expressly agreed that the Trustee may exercise its rights with respect to less than all of the Pledged Collateral, leaving unexercised its rights with respect to the remainder of the Pledged Collateral; provided, however, that such partial exercise shall in no way restrict or jeopardize the Trustee's right to exercise its rights with respect to the remaining Pledged Collateral at a later time or times. The Pledgor hereby waives and releases any and all rights of redemption with respect to the sale of any Pledged Collateral.

Section 5.02 Sale Procedures. Except as may be required by any applicable laws, no demand, advertisement or notice, all of which are hereby expressly waived by the Pledgor, shall be required in connection with any sale or other disposition of all or any part of the Pledged Collateral, except that the Trustee shall give the Pledgor at least ten (10) days' prior notice of the time and place of any public sale or of the time and the place at which any private sale or other disposition is to be made, which notice the Pledgor hereby agrees is reasonable. All other demands, advertisements and notices are hereby irrevocably waived by the Pledgor. The notice of such sale shall (a) in case of a public sale, state the time and place fixed for such sale, (b) in case of a sale at a broker's board or on a securities exchange, state the board or exchange at which such sale is to be made and the day on which the Pledged Collateral, or the portion thereof so being sold, first will be offered for sale at such board or exchange, and (c) in the case of a private sale, state the date after which such sale may be consummated. Any such public sale shall be held at such time or times within ordinary business hours and at such place or places as the Trustee may fix in the notice of such sale.

Section 5.03 Adjournment; Credit Sale. The Trustee shall not be obligated to make any sale of the Pledged Collateral if it shall determine, in its sole and absolute discretion, not to do so, regardless of the fact that notice of sale may have been given, and the Trustee may without notice or publication adjourn any public or private sale, and such sale may, without further notice, be made at the time and place to which the same was so adjourned. Upon each public or private sale of all or any portion of the Pledged Collateral, unless prohibited by any applicable statute which cannot be waived, the Trustee (or its nominee or designee) may purchase all or any portion of the Pledged Collateral being sold, free and clear of, and discharged from, any trusts, claims, equity or right of redemption of the Pledgor, all of which are hereby waived and released to the extent permitted by law, and may make payment therefor by credit against any of the Obligations in lieu of cash or any other obligations.

Section 5.04 Expenses of Sale. In the case of any sale, public or private, of any portion of or all of the Pledged Collateral, the Pledgor shall be responsible for the payment of all reasonable costs and expenses of every kind for the sale and delivery, including, without limitation, brokers' and reasonable attorneys' fees and disbursements and any tax imposed thereon. The proceeds of the sale of the Pledged Collateral shall be available to cover such costs and expenses, and, after deducting such costs and expenses from the proceeds of the sale, the Trustee shall apply any remaining amounts to the payment of the Obligations in the order of priority as set forth in the Company Agreements.

Section 5.05 No Public Registration of Sale. The Pledgor is aware that §9-610(c) of the UCC may restrict the Trustee's ability to purchase the Pledged Collateral at a private sale. The Pledgor is also aware that Securities and Exchange Commission (the "SEC") staff personnel have, over a period of years, issued various No-Action Letters that describe procedures which, in the view of the SEC staff, permit a foreclosure sale of securities to occur in a manner that is public for purposes of Part 6 of Article 9 of the UCC, yet not public for purposes of Section 4(2) of the Securities Act of 1933 (the "Securities Act"). The Pledgor is also aware that the Trustee may wish to purchase certain interests that are sold at a foreclosure sale, and the Pledgor believes that such purchases would be appropriate in circumstances in which such interests are sold in conformity with the principles set forth in such No-Action Letters. §9-603 of the UCC permits the Pledgor to agree on the standards for determining whether the Trustee has complied with its obligations under §9-610. Pursuant to §9-603 of the UCC, the Pledgor specifically agrees that a foreclosure sale conducted in conformity with the principles set forth in such No-Action Letters (a) shall be considered to be a "public disposition" for purposes of §9-610(c) of the UCC; (b) will be considered commercially reasonable notwithstanding that the Trustee has not registered or sought to register the interests under the Securities Act, even if the Pledgor or any Pledged Entity agree to pay all costs of the registration process; and (c) shall be considered to be commercially reasonable, notwithstanding that the Trustee purchases such interests at such a sale.

Section 5.06 Strict Foreclosure. Upon the occurrence of an Event of Default:

(a) The Trustee may, but shall have no obligation to, in its sole and absolute discretion, either negotiate an agreement ("Strict Foreclosure Agreement") with the Pledgor, or make a written proposal ("Strict Foreclosure Proposal") to the Pledgor, to retain the Pledged Collateral in full or partial satisfaction of the financial Obligations in accordance with the procedures specified in §9-620 of the UCC.

(b) In the case of a Strict Foreclosure Proposal, the Pledgor shall, within ten (10) Business Days of the Pledgor's receipt of the Strict Foreclosure Proposal, indicate the Pledgor's (i) acceptance or rejection of such Strict Foreclosure Proposal and (ii) waiver of any right to redeem the Pledged Collateral pursuant to §9-624(c) of the UCC ("UCC Waiver"). The Pledgor's indication of acceptance of a Strict Foreclosure Proposal shall be made by delivering a notice in a form substantially identical to the form attached hereto as Exhibit C.

(c) The Trustee shall notify any guarantor, any other creditor with perfected lien rights in the Pledged Collateral, and any Person, or any other person or entity entitled to notice under §9-621 of the UCC ("Interested Parties") of any Strict Foreclosure Agreement or Strict Foreclosure Proposal. Such Interested Party shall, within ten (10) Business Days of receipt of notice thereof, indicate its (i) acceptance or rejection of the Strict Foreclosure Agreement or the Strict Foreclosure Proposal, and (ii) UCC Waiver.

(d) If the Trustee fails to receive (i) the Pledgor's acceptance of a Strict Foreclosure Proposal and UCC Waiver or (ii) acknowledgments from all Interested Parties of acceptance of the Strict Foreclosure Agreement or the Strict Foreclosure Proposal, as applicable) and their respective UCC Waivers, within ten (10) Business Days of receipt of the notice periods specified in subsections (b) and (c) above (collectively the "Notice Period"), then the Pledgor, or such other Interested Party, as applicable, shall be deemed to have objected to the Strict Foreclosure Agreement or the Strict Foreclosure Proposal, as applicable.

(e) Notwithstanding the acceptance of either a Strict Foreclosure Agreement or a Strict Foreclosure Proposal by the Pledgor and each Interested Party within the applicable Notice Period, the Pledgor and the Trustee shall not be required to consummate such transfer of the Pledged Collateral unless and until (i) twenty (20) days have elapsed after the delivery of such acceptance and, (ii) any Interested Party shall have not paid and satisfied the financial Obligations in full within such twenty (20) day period as contemplated under §9-623 of the UCC (a "Redemption"). If a Redemption is consummated, the Pledgor's acceptance shall be deemed to have been revoked with the consent of the Trustee.

(f) If all the conditions specified in subsections (a) through (e) of this Section 5.06 have been satisfied, the Pledgor and each Pledged Entity shall fully cooperate, at their sole expense, in all matters deemed reasonably necessary by the Trustee to effect such transfer of ownership on the records of such Pledged Entity in accordance with any applicable requirements of the Organizational Agreement of such Pledged Entity and/or the Company Agreements. Such cooperation shall include using the Pledgor's best efforts to assist the Trustee in obtaining any necessary review, approvals and other administrative action from such Pledged Entity and the Trustee. Such assistance shall include, at the Trustee's request (i) attending all meetings with, and providing all related financial and operational documents and materials to, such third parties, and (ii) providing such assurances and executing such documentation as is required by such third parties or The Trustee to effect such transfer.

Section 5.07 Receipt of Sales Proceeds. Upon any sale of the Pledged Collateral, or any portion thereof, by the Trustee hereunder (whether by virtue of the power of sale herein granted, pursuant to judicial process or otherwise), the receipt of the proceeds by the Trustee or the officer making the sale shall be a sufficient discharge to the purchaser or purchasers of the Pledged Collateral so sold, and such purchaser or purchasers shall not be obligated to see to the application of any part of the purchase money paid over to the Trustee or such officer or be answerable in any way for the misapplication or non-application thereof.

Section 5.08 Application of Pledged Collateral. All proceeds from the sale of all or any portion of the Pledged Collateral, and all Distributions now or at any time hereafter received or retained by the Trustee pursuant to the provisions of this Agreement shall be applied by the Trustee to the satisfaction of the Obligations in such order and priority as determined by the Trustee in its sole and absolute discretion and in accordance with applicable law.

Section 5.09 Preferences. The Trustee shall have no obligation to marshal any assets in favor of the Pledgor or any other party or against, or in payment of, any or all of the Obligations. To the extent the Pledgor makes a payment or payments to the Trustee, which payment or payments or any part thereof are subsequently invalidated, declared to be fraudulent or preferential, set aside or required to be repaid to a trustee, receiver or any other party under any Bankruptcy law, state or federal law, common law or equitable cause, then, to the extent of such payment or proceeds received, the Obligations intended to be satisfied shall be revived and continue in full force and effect, as if such payment or proceeds had not been received by the Trustee.

Section 5.10 Limitation. The rights and powers of the Trustee set out in this Article V are subject to the limitation of Section 4.10 hereof.

Section 6.01 Private Securities Sale. If at any time when the Trustee shall determine to exercise its right to sell all or any part of the Pledged Collateral pursuant to Article V of this Agreement, and such Pledged Collateral or the part thereof to be sold shall not, for any reason whatsoever, be effectively registered under the Securities Act, as then in effect, the Trustee may, in its sole and absolute discretion, sell such Pledged Collateral or part thereof by private sale (for securities law purposes) in such manner and under such circumstances as the Trustee may deem necessary or advisable in order that such sale may legally be effected without such registration, provided that at least ten (10) days' notice is given to the Pledgor in accordance with the private sale notice provisions of Article V of this Agreement. Without limiting the generality of the foregoing, in any such event the Trustee, in its sole and absolute discretion (a) may proceed to make such private sale notwithstanding that a registration statement for the purpose of registering such Pledged Collateral or part thereof shall have been filed under such Securities Act, (b) may approach and negotiate with a single potential purchaser to effect such sale, and (c) may restrict such sale to a purchaser who will represent and agree that such purchaser is purchasing for its own account, for investment, and not with a view to the distribution or sale of such Pledged Collateral or part thereof. In the event of any such sale, the Trustee shall incur no responsibility or liability for selling all or any part of the Pledged Collateral at a price which the Trustee may in good faith deem reasonable under the circumstances, notwithstanding the possibility that a substantially higher price might be realized if the sale was made pursuant to a filed registration statement under the Securities Act.

MISCELLANEOUS

Section 7.01 Further Assurances. The Pledgor hereby agrees to sign and deliver to the Trustee financing statements, continuation statements and other documents, agreements, and instruments, in form acceptable to the Trustee, and do such further acts, as the Trustee may from time to time reasonably request or which are reasonably necessary to establish and maintain a valid and perfected security interest in the Pledged Collateral (and to pay any filing fees relative thereto) or to further assure or confirm the Trustee's rights hereunder. Without limiting the foregoing, the Pledgor authorizes the Trustee, to the extent permitted by law, to file such financing statements and amendments thereto and continuations thereof relating to all or any part of the Pledged Collateral without the signature of the Pledgor (including, to the extent permitted by law, to file a photographic or other reproduction of this Agreement).

Section 7.02 No Release, Etc. No delay or omission to exercise any remedy, right or power accruing upon a default or an Event of Default shall impair any such remedy, right or power or shall be construed as a waiver thereof, but any such remedy, right or power may be exercised from time to time and as often as may be deemed expedient. A waiver of any default or Event of Default shall not be construed to be a waiver of any subsequent default or Event of Default or to impair any remedy, right or power of the Trustee. Any and all of the Trustee's rights with respect to any Pledged Collateral shall continue unimpaired, and the Pledgor shall be and remain obligated in accordance with the terms hereof, notwithstanding, among other things: (a) any renewal, extension, amendment or modification of, or addition or supplement to, or deletion from, this Agreement or any other Company Agreement or any other instrument or agreement referred to therein, or any assignment or transfer of any thereof; (b) any waiver, consent, delay, extension of time, indulgence or other action or inaction under or in respect of this Agreement or any other Company Agreement; (c) any exercise or non-exercise of any right, remedy, power or privilege under or in respect of this Agreement or any other Company Agreement; (d) any sale, exchange, release, surrender, or substitution of, or realization upon, any Pledged Collateral (except to the extent otherwise specifically agreed to by the Trustee) or any other security held by the Trustee to secure the financial Obligations; (e) the furnishing to or acceptance by the Trustee of any additional security to secure the financial Obligations; or (f) any invalidity, irregularity or unenforceability of all or any part of the Obligations or of any security therefor.

Section 7.03 Notices. All notices, consents, approvals, demands and requests required or permitted hereunder shall be given in the manner set forth in the Acknowledgment.

Section 7.04 Modification, Waiver in Writing. No modification, amendment, extension, discharge, termination or waiver of any provision of this Agreement, nor consent to any departure by the Pledgor therefrom, shall in any event be effective unless the same shall be in a writing signed by the party against whom enforcement is sought, and then such waiver or consent shall be effective only in the specific instance, and for the purpose, for which given. Except as otherwise expressly provided herein, no notice to, or demand on the Pledgor, shall

[000163124]

entitle the Pledgor to any other or future notice or demand in the same, similar or other circumstances.

Section 7.05 Number and Gender. All references to sections and exhibits are to sections and exhibits in or to this Agreement unless otherwise specified. Unless otherwise specified, the words "hereof," "herein" and "hereunder" and words of similar import when used in this Agreement shall refer to this Agreement as a whole and not to any particular provision, article, section or other subdivision of this Agreement. Unless otherwise specified, all meanings attributed to defined terms herein shall be equally applicable to both the singular and plural forms of the terms so defined. Whenever the context may require, any pronouns used herein shall include the corresponding masculine, feminine or neuter forms, and the singular form of nouns and pronouns shall include the plural and vice versa.

Section 7.06 Headings, Etc. The headings and captions of various paragraphs of this Agreement are for the convenience of reference only and are not to be construed as defining or limiting, in any way, the scope or intent of the provisions hereof.

Section 7.07 Counterparts. This Agreement may be executed in several counterparts, each of which counterparts shall be deemed an original instrument and all of which together shall constitute a single Agreement. The failure of any party hereto to execute this Agreement, or any counterpart hereof, shall not relieve the other signatories from their obligations hereunder.

Section 7.08 GOVERNING LAW; SEVERABILITY. THIS AGREEMENT AND THE RIGHTS AND OBLIGATIONS OF THE PARTIES HERETO SHALL BE GOVERNED BY, AND CONSTRUED AND INTERPRETED IN ACCORDANCE WITH, THE LAWS OF THE STATE OF NEW JERSEY, WITHOUT REGARD TO THE PRINCIPLES OF CONFLICT OF LAWS THEREUNDER. WHEREVER POSSIBLE, EACH PROVISION OF THIS AGREEMENT SHALL BE INTERPRETED IN SUCH MANNER AS TO BE EFFECTIVE AND VALID UNDER APPLICABLE LAW, BUT IF ANY PROVISION OF THIS AGREEMENT SHALL BE PROHIBITED BY OR INVALID UNDER APPLICABLE LAW, SUCH PROVISION SHALL BE INEFFECTIVE TO THE EXTENT OF SUCH PROHIBITION OR INVALIDITY, WITHOUT INVALIDATING THE REMAINDER OF SUCH PROVISION OR THE REMAINING PROVISIONS OF THIS AGREEMENT.

Section 7.09 JURY TRIAL. THE PLEDGOR AND THE TRUSTEE (BY ACCEPTANCE OF THIS AGREEMENT) MUTUALLY HEREBY KNOWINGLY, VOLUNTARILY AND INTENTIONALLY WAIVE THE RIGHT TO A TRIAL BY JURY IN RESPECT OF ANY CLAIM BASED HEREON, ARISING OUT OF, UNDER OR IN CONNECTION WITH THE COMPANY AGREEMENTS CONTEMPLATED TO BE EXECUTED IN CONNECTION HERewith OR ANY COURSE OF CONDUCT, COURSE OF DEALINGS, STATEMENTS (WHETHER VERBAL OR WRITTEN) OR ACTIONS OF ANY PARTY, INCLUDING, WITHOUT LIMITATION, ANY COURSE OF CONDUCT, COURSE OF DEALINGS, STATEMENTS OR ACTIONS OF THE TRUSTEE RELATING TO THE ADMINISTRATION OR ENFORCEMENT OF THE COMPANY AGREEMENTS, AND AGREE THAT NEITHER PARTY WILL SEEK TO CONSOLIDATE ANY SUCH ACTION WITH ANY OTHER ACTION IN WHICH A JURY TRIAL CANNOT BE OR HAS,

[000163124]

NOT BEEN WAIVED. EXCEPT AS PROHIBITED BY LAW, THE PLEDGOR HEREBY WAIVES ANY RIGHT IT MAY HAVE TO CLAIM OR RECOVER IN ANY LITIGATION ANY EXEMPLARY, OR PUNITIVE DAMAGES OR ANY DAMAGES OTHER THAN, OR IN ADDITION TO, ACTUAL DAMAGES. THE PLEDGOR CERTIFIES THAT NO REPRESENTATIVE, AGENT OR ATTORNEY OF THE TRUSTEE HAS REPRESENTED, EXPRESSLY OR OTHERWISE, THAT TRUSTEE WOULD NOT, IN THE EVENT OF LITIGATION, SEEK TO ENFORCE THE FOREGOING WAIVER. THIS WAIVER CONSTITUTES A MATERIAL INDUCEMENT FOR TRUSTEE TO ACCEPT THIS AGREEMENT.

IN WITNESS WHEREOF, the Pledgor has caused this Pledge and Security Agreement to be duly executed and delivered, all as of the day and year first above written.

County of Sussex Guaranteed Renewable Energy Program Lease Revenue Bonds, Series 2011

THIS COUNTY CONTINUING DISCLOSURE AGREEMENT (SUSSEX COUNTY RENEWABLE ENERGY PROGRAM, SERIES 2011) (including any amendments or supplements hereto from time to time in accordance with the terms hereof, this "County Continuing Disclosure Agreement") is made and entered into as of November 1, 2011 by and among the COUNTY OF SUSSEX, NEW JERSEY, a political subdivision of the hereinafter defined State (the "County"), [NAME OF TRUSTEE] (the "Bank"), a national banking association authorized and acting under the laws of the United States of America and further authorized to conduct business in the State of New Jersey (the "State"), where the Bank acts as trustee under and pursuant to the hereinafter defined Bond Resolution (including any successors and assigns, the "Trustee"), and the MORRIS COUNTY IMPROVEMENT AUTHORITY, a public body corporate and politic duly created and validly existing under the laws of the State (including any successors and assigns, the "Authority").

WITNESSETH

WHEREAS, the County of Sussex, New Jersey, a political subdivision of the State (the "County") desires to undertake the development and implementation of a renewable energy program (the "Renewable Energy Program") for the financing, design, permitting, acquisition, construction, installation, operation and maintenance of renewable energy capital equipment and facilities such as solar panels, wind turbines, and hydro-electric, bio-diesel, geothermal, and biomass facilities, including any related electrical modifications, work related to the maintenance of roof warranties, or other work required, desirable or convenient for the installation of such systems (collectively, the renewable energy capital equipment and facilities, the "Renewable Energy Projects") for and on behalf of the County and its affiliates, and the local governmental units within the County, including without limitation municipalities, boards of education for school districts, local authorities and any other local government instrumentalities, public bodies or other local government entities (collectively, including the County, the "Local Units");

WHEREAS, the Morris County Improvement Authority (the "Authority") has been duly created by resolution no. 42 entitled "Resolution of the Board of Chosen Freeholders of Morris County, New Jersey creating the Morris County Improvement Authority" duly adopted by the Board of Chosen Freeholders (the "Morris County Board of Freeholders") of the County of Morris (the "Morris County") in the State of New Jersey (the "State") on April 10, 2002 as a public body corporate and politic of the State pursuant to and in accordance with the county improvement authorities law, constituting Chapter 183 of the Pamphlet Laws of 1960 of the State, and the acts amendatory thereof and supplemental thereto (as codified at N.J.S.A. 40:37A-44 et seq., the "Act"), and other applicable law,

WHEREAS, as of the date hereof, the County has not created its own county improvement authority, and therefore pursuant to the Act, the County may determine to utilize the services of another county improvement authority, including without limitation the Authority, with the consent of both the County, a beneficiary county under the Act, and the Morris County Board of Freeholders, for any purpose for which an improvement authority shall exist, including those set forth in Section 11 of the Act (N.J.S.A. 40:37A-54, "Section 11"), which purposes include the development and implementation of the Renewable Energy Program;

WHEREAS, the County desires to implement the Renewable Energy Program through the Authority pursuant to the Act, the Uniform Shared Services and Consolidation Act, constituting Chapter 63 of the Pamphlet Laws of 2007 of the State, and the acts amendatory thereof and supplemental thereto (as codified at N.J.S.A. 40A:65-1 et seq., the "Shared Services Act"), and all other applicable law, the terms of which agreement has been set forth in that certain "Service Agreement (Sussex County Renewable Energy Program)" dated as of March 1, 2011 (as amended and supplemented from time to time in accordance with its terms, the "Service Agreement") between the County and the Authority, and consented to by Morris County;

WHEREAS, the County has determined to enter into the Service Agreement and utilize the services of the Authority and the Authority Consultants (as hereinafter defined) for the following primary reasons: (i) the County does not have a county improvement authority, which type of entity possesses legal authority to enter into the kind of transactions that make a successful regional Renewable Energy Program more likely to succeed, (ii) Morris County has developed and implemented its own renewable energy program through the Authority, which Authority has retained (in accordance with all applicable law) experienced legal, engineering, energy consulting, and financial advisory consultants, consisting of the Authority's energy engineering and energy service consulting firms, Birdall Services Group and Gabel Associates, its energy counsel and bond counsel, Inglesino, Pearlman, Wyciskala & Taylor, LLC, and its financial advisor, NW Financial Group, LLC, (collectively, the "Authority Consultants") and (iii) accordingly, it is more administratively efficient for the County to utilize the services of the Authority and the Authority Consultants to implement the Renewable Energy Program, with such changes as desired by the County, rather than incur the time and expense of the County establishing a new program;

WHEREAS, in addition, Sussex County may determine, but shall not be required, to seek the assistance of its auditor, financial advisor, if any, bond counsel, energy consultant, engineer or any other professional advisors deemed necessary, desirable and convenient by Sussex County (the "Sussex County Consultants"), if any, and together with the Authority Consultants, the "Consultants"; to the extent Sussex County determines not to hire any Sussex County Consultants, references to the term Consultants herein shall be deemed to mean the Authority Consultants to assist the Authority, the County and the Authority Consultants in connection with the Renewable Energy Program;

WHEREAS, the Renewable Energy Projects procured under the Renewable Energy Program, limited initially to solar panels, are to be installed on, in, affixed or adjacent to and/or

for any other Local Unit controlled buildings, other structures, lands or other properties of the Local Units (collectively, the "Local Unit Facilities");

WHEREAS, it may be necessary, desirable or convenient, in connection with the financing, design, permitting, acquisition, construction, installation, operation and maintenance of the Renewable Energy Projects, to finance, design, permit, acquire, construct, renovate and install certain capital improvements to the Local Unit Facilities, including without limitation, improvements to or replacement of, roofing systems, if any (the "Capital Improvement Projects") and together with the Renewable Energy Projects and any Completion Project as defined in the hereinafter defined Bond Resolution, the "Projects", and to the extent no Capital Improvement Projects are so financed, references herein shall have no meaning;

WHEREAS, the primary goal of the Renewable Energy Program is to expand the use of renewable energy sources available and utilized by the Local Units for their Local Unit Facilities, with the attendant environmental and financial benefits associated thereby, and to reduce the energy related operating costs to the Local Units for their Local Unit Facilities, all intended to be offered at no net cost to the Local Units;

WHEREAS, in order to implement the Renewable Energy Program, the Authority has determined to finance the respective Renewable Energy Projects and Capital Improvement Projects, if any, on, in or about the respective Local Unit Facilities, all as set forth on Exhibits B, C, and A to the hereinafter defined Local Unit License Agreement for each of the following participating Local Units:

- (i) Fredon Township, Green Township and Town of Newton (collectively, the "Municipal Series 2011 Local Units"); and

- (iii) County, Sussex County Municipal Utilities Authority and Sussex County Technical School (the "County Series 2011 Local Units");

(each a "Series 2011 Local Unit", and together with any additional local governmental units within the County that might be added by the Authority to the Renewable Energy Program, pursuant to the hereinafter defined Local Finance Board Application or otherwise, collectively, the "Series 2011 Local Units"), through the issuance by the Authority of one or more series of bonds and notes entitled "County of Sussex Guaranteed Renewable Energy Program Lease Revenue [Notes] Bonds (County of Sussex Program), Series 2011 (Federally Taxable)" dated their date of delivery, Outstanding (as defined in the Bond Resolution upon issuance) in the

WHEREAS, the Series 2011 Bonds shall also finance all other costs associated with the Renewable Energy Program that the Authority determines to be necessary, convenient or desirable for the successful implementation of the Renewable Energy Program, including without limitation (i) all or a portion of the Preliminary Program Costs, Administrative Expenses and Company Development Fees and Expenses (as such terms are defined in the hereinafter defined Bond Resolution), (ii) costs incurred in connection with the issuance of the Series 2011 Bonds, (iii) costs incurred or to be incurred in connection with the design, permitting, acquisition, construction, installation, operation and maintenance of the Renewable Energy Projects for the Series 2011 Local Units, (iv) costs incurred or to be incurred in connection with the design, permitting, acquisition, construction, renovation, and installation of the Capital Improvement Projects for the Series 2011 Local Units, if any, (v) capitalized interest and/or reserves, if any, and (vi) such other amounts as shall be set forth in the Bond Resolution (collectively, the "Series 2011 Project");

**LICENSE AND ACCESS AGREEMENT**  
(Sussex County Renewable Energy Program, Series 2011)

THIS "LICENSE AND ACCESS AGREEMENT (Morris County Renewable Energy Program, Series 2011)" (including any amendments or supplements hereto from time to time in accordance with the terms hereof, this "[A] Local Unit License Agreement"), dated as of November 1, 2011, is made by and among [insert name of Local Unit] (the "Licensor"), a public body corporate and politic organized and existing under the laws of the State of New Jersey, in the County of Morris (the "County"), State of New Jersey ("State") and the MORRIS COUNTY IMPROVEMENT AUTHORITY (including any successors and assigns, the "Authority" or the "Licensee"), duly created by resolution of the Board of Chosen Freeholders ("Board of Freeholders") of the County as a public body corporate and politic of the State pursuant to and in accordance with the provisions of the county improvement authorities law, constituting Chapter 183 of the Pamphlet Laws of 1960 of the State, and the acts amendatory thereof and supplemental thereto (as codified at N.J.S.A. 40:37A-44 *et seq.*, the "Act") and other applicable law.

WHEREAS, the County of Sussex, New Jersey, a political subdivision of the State (the "County") desires to undertake the development and implementation of a renewable energy program (the "Renewable Energy Program") for the financing, design, permitting, acquisition, construction, installation, operation and maintenance of renewable energy capital equipment and facilities such as solar panels, wind turbines, and hydro-electric, bio-diesel, geothermal, and bio-mass facilities, including any related electrical modifications, work related to the maintenance of roof warranties, or other work required, desirable or convenient for the installation of such systems (collectively, the renewable energy capital equipment and facilities, the "Renewable Energy Project") for and on behalf of the County and its affiliates, and the local governmental units within the County, including without limitation municipalities, boards of education for school districts, local authorities and any other local government instrumentalities, public bodies or other local government entities (collectively, including the County, the "Local Unit");

WHEREAS, the Morris County Improvement Authority (the "Authority") has been duly created by resolution no. 42 entitled "Resolution of the Board of Chosen Freeholders of Morris County, New Jersey creating the Morris County Improvement Authority" duly adopted by the Board of Chosen Freeholders (the "Morris County Board of Freeholders") of the County of Morris (the "Morris County") in the State of New Jersey (the "State") on April 10, 2002 as a public body corporate and politic of the State pursuant to and in accordance with the county improvement authorities law, constituting Chapter 183 of the Pamphlet Laws of 1960 of the State, and the acts amendatory thereof and supplemental thereto (as codified at N.J.S.A. 40:37A-44 *et seq.*, the "Act"), and other applicable law;

WHEREAS, as of the date hereof, the County has not created its own county improvement authority, and therefore pursuant to the Act, the County may determine to utilize the services of another county improvement authority, including without limitation the

WHEREAS, in addition, Sussex County may determine, but shall not be required, to seek the assistance of its auditor, financial advisor, if any, bond counsel, energy consultant, engineer or any other professional advisors deemed necessary, desirable and convenient by Sussex County (the "Sussex County Consultants"), if any, and together with the Authority Consultants, the "Consultants"; to the extent Sussex County determines not to hire any Sussex County Consultants, references to the term Consultants herein shall be deemed to mean the Authority Consultants) to assist the Authority, the County and the Authority Consultants in connection with the Renewable Energy Program;

WHEREAS, the Authority, with the consent of the County, may, depending on the Company Proposal, determine to (i) waive County Security due to the strength of the Company Proposal or otherwise, in which case the terms County Security, County Security Fund, County Security Fund Requirement, County Security Provider and Reimbursement Collateral shall have no effect, or (ii) initially accept as County Security, in lieu of a County Security Agreement, immediately available funds in such amount (defined under the Bond Resolution as the County Security Fund Requirement) as set forth in the Company Proposal, to be funded by the Company

in accordance with the terms of the Company Lease Agreement, all as contemplated by the Company Proposal, and all to secure, in part, the County's payment obligations under its County Guaranty should such County Guaranty ever be drawn upon, and which County Security Fund Requirement monies would then be deposited by the Trustee in the County Security Fund created and defined in the Bond Resolution, and which County Security Fund would be specifically excepted from the pledge of the Trust Estate and would not be available to secure the payment of debt service on the Series 2011 Bonds;

WHEREAS, in the event the Company provides the County Security Fund Requirement through such a covenant to provide immediately available funds, if applicable, but in any event to secure other Company obligations under the Company Documents, the Authority shall require the Company to further secure such obligations by pledging certain property interests of the Company and its managing member's interest in and to the Company to the Trustee, all as shall be set forth in the Company Lease Agreement and that certain "Pledge and Security Agreement (Sussex County Renewable Energy Program, Series 2011)" to be dated as of the first day of the month of issuance of the Series 2011 Bonds (as the same may be amended and supplemented from time to time in accordance with its terms, the "Company Pledge Agreement"), and issued by the managing member of the Company, in favor of the Trustee, and acknowledged and accepted by the Company;

(i) The Licensor shall notify, in writing, the Licensee, the County, the Trustee and the Company that the Licensor intends to revoke its [A] Local Unit License for the [A] Local Unit Facilities, at least one (1) year prior to any such revocation; and

(ii) The Licensor, working cooperatively with the Authority, shall seek to provide the Licensee, within such one (1) year period, with a substitute location for the [A] Renewable Energy Projects, with as similar physical conditions to the existing [A] Local Unit Facilities as is practicable, it being expressly understood that (A) the substitution shall not occur until the substitute [A] Renewable Energy Project on the [A] Local Unit Facilities is up and running so that none of the Authority, the Licensor, or the Company shall lose any electricity or SREC production during any transition period, and (B) the Licensor shall continue to pay all amounts due under this [A] Local Unit License Agreement during such period (including without limitation the amounts set forth in Section 5.1(c)(i) hereof) as if such attempted revocation were not occurring, regardless of whether Licensor continues to receive and utilize the electricity from the [A] Renewable Energy Projects located on, or as applicable in, the [A] Local Unit Facilities, all as contemplated hereby, during such period; and

(iii) To the extent the Authority and the Company agree to such relocation within such period, as evidenced by a Certificate of an Authorized Officer of each of the Authority and the Company delivered to the Licensor, the Trustee, and the County, then (A) the Licensor shall pay for all costs of relocating the [A] Renewable Energy Projects on, or as applicable in, such new location (thereupon such new agreed upon location shall be deemed the new [A] Local Unit Facilities for all purposes of this [A] Local Unit License Agreement and the other Program Documents, and similarly, the new [A] Renewable Energy Projects on, or as applicable in, such new [A] Local Unit Facilities shall be deemed the new [A] Renewable Energy Projects for all purposes of this [A] Local Unit License Agreement and the other Program Document), including without limitation any relocation costs, re-installation costs, costs improving the condition of the new location to accept the [A] Renewable Energy Projects, and the fees and expenses of all Renewable Energy Program Interested Parties involved with any such relocation, and as applicable, their consultants, and (B) prospectively, after such relocation, the Licensor shall continue to pay all amounts due under this [A] Local Unit License Agreement for the remainder of the Term hereof (including without limitation the amounts set forth in Section 5.1(c)(i) hereof) and the parties shall be entitled to and obligated to perform, as applicable, the rights, duties, and

100016346-1

obligations hereunder, as if such relocation never occurred, in which case clause (iv) of this Section 3.7(a) shall have no effect.

(iv) To the extent the Authority and the Company do not agree to such relocation within such period (or alternatively, the Licensor has been unable to secure an acceptable alternative site within such period), as evidenced by a Certificate of an Authorized Officer of each of the Authority and the Company delivered to the Licensor, the Trustee, and the County, then Licensor shall pay (A) the Trustee an amount sufficient to pay the principal of, redemption premium, if any, and interest on all of the Outstanding Bonds allocable to the [A] Renewable Energy Projects (as determined by the Authority, in its sole discretion, based on the Projects funded by the proceeds of Bonds and the pro-rata share of all other Bond proceeds) or provision for payment thereof and thereon shall have been made in accordance with Article XII of the Bond Resolution, together with the fees and expenses of all Renewable Energy Program Interested Parties involved in effecting such prepayment, redemption, and/or defeasance, and as applicable, their consultants, and (B) the Company an amount that reimburses the Company, on a net present value basis, for (i) the value of all SRECs that would have been obtained and accrued to the benefit of the Company during the remainder of the then existing Term hereof, such value to be based on an objective standard of valuation acceptable to the Company and available at such time, as approved by the Authority, (ii) any other revenues the Company would have received under the Program Documents through the remainder of the then existing Term had the [A] Renewable Energy Projects been operating at the [A] Local Unit Facilities for the remainder of such then existing Term, if any (other than the credit against its Basic Lease Payments for payments that would have been made by the Licensor under Section 5.1(c)(i) hereof, as the Company is already receiving that benefit through the payment to the Trustee contemplated by sub-clause (A) above, which payments shall be credited against the Company's Basic Lease Payment obligations under the terms of the Program Documents) and (iii) any penalties or other payments required to be made by or on behalf of the Company or its investors under the Code caused by an early revocation within any recapture period for any grants or tax benefits claimed by the Company relating to the [A] Renewable Energy Projects.

(b) The Licensor shall not, except in respect of a deemed revocation pursuant to Section 3.7(c), revoke the [A] Local Unit License prior to the expiration of the Term hereof, in accordance with Section 7.1 hereof, unless any such revocation notice in writing shall be delivered to the Authority and the other Renewable Energy Program Interested Parties to the effect that (i) the provisions of Section 3.7(a) hereof have been complied with, (ii) that no suitable site for relocating the [A] Renewable Energy Projects was found and/or approved in accordance with the terms of Section 3.7(a) hereof, and (iii) such notice is accompanied by immediately available funds in the amounts set forth in Section 3.7(a)(iv) hereof.

(c) Any damage, taking, condemnation or otherwise of any [A] Local Unit Facility as a result of which such [A] Local Unit Facility is unavailable to allow the Company to perform its

[A] Project Activities shall be deemed to be a revocation of the [A] Local Unit License by Licensor pursuant to Section 3.7(a) hereof.

To the extent the Licensor requests a material change to the [A] Renewable Energy Projects prior to the issuance of the Acceptance Certificates, the Licensor shall notify, in writing, the Licensee, the County, the Trustee and the Company of any requests for such material changes. To the extent the Authority and the Company agree to such material changes to the [A] Renewable Energy Projects (the "Revised [A] Renewable Energy Projects"), as evidenced by a Certificate of an Authorized Officer of each of the Authority and the Company delivered to the Licensor, the Trustee, and the County, the Licensor shall, prior to the Company undertaking the Revised [A] Renewable Energy Project, reimburse the Company for all costs incurred by the Company upon reliance of the [A] Renewable Energy Projects set forth on Exhibit B hereof.

ARTICLE V

POWER PURCHASE AGREEMENT

Section 5.1. Power Purchase Agreement.

(a) The Authority shall enter into the Power Purchase Agreement, if not contemporaneously herewith, on such terms and conditions as shall be approved by the Licensor, which approval shall not be unreasonably withheld or delayed, and which approval shall be dispositively evidenced by the Licensor's acknowledgment of the terms thereof as part of the Power Purchase Agreement, including all amendments or supplements thereto that would have a material effect on the Licensor, it being expressly understood that any such amendment having no material effect other than (x) on the Authority, (y) one or more of the other Series 2011 Local Units, or (z) some other third party shall not require the acknowledgment of the Licensor.

(i) Unless the Licensor specifically acknowledges terms and conditions other than the following, the Power Purchase Agreement shall provide, at a minimum, (A) for the sale of electricity conforming to the parameters set forth in subsection (c)(i) below, and (B) for a minimum fifteen (15) year term, unless extended in accordance with subsection (b) below; and

(ii) Although the following related matters need not be set forth in the Power Purchase Agreement, the Authority shall cause such terms to be provided for in the Company Lease Agreement or other Company Documents, which may, to the extent desirable, include the Power Purchase Agreement. (A) the Licensor's fair market value purchase option set forth in subsection (d) below, and (B) the removal of the [A] Renewable Energy Projects and restoration of the [A] Local Unit Facilities matters set forth in subsection (e) below.

(b) The Power Purchase Agreement shall not be extended beyond its original fifteen (15) year term, regardless of whether permitted by the original terms of the Power Purchase Agreement, or by an amendment thereof or supplement thereto, without the express written consent of the Licensor, which consent shall not be unreasonably withheld, but which consent shall not be forthcoming unless any such extension is allowable under applicable law. To the extent an amendment or supplement of the Power Purchase Agreement is required to effect such an extension, such Licensor consent shall be dispositively evidenced if set forth in the Licensor's acknowledgement of the terms of any such amendment thereto or supplement thereof as part of the Power Purchase Agreement.

(c) The Authority hereby assigns to the Licensor and the Licensor hereby assumes (and to the extent any such Power Purchase Agreement shall be entered into subsequent to the date of authorization, execution and delivery of this [A] Local Unit License Agreement, such assignment shall take effect immediately upon the authorization, execution and delivery of the Power Purchase Agreement) all of its rights, duties and obligations under the Power Purchase Agreement, insofar as it relates to the Licensor or the applicable Series 2011 Local Unit, subject to the proviso below, including without limitation the rights and obligations to purchase power

have damaged the Licensor's Local Unit Facility from the Company's operation and maintenance of such Renewable Energy Projects, in which case the restoration obligations shall remain in effect. The purchase price for any such Fair Market Value purchase is not contemplated in the sizing of the Bonds, and the Licensor shall be solely obligated to finance and pay (or pay out of available funds) such purchase price to or on behalf of the Company; provided, however, that to the extent practicable, the Authority shall determine whether it can assist the Licensor with the funding of any such Fair Market Value purchase through the issuance of bonds, notes or other obligations of the Authority, if so requested by the Licensor at such time, and if practicable, the Authority shall provide such Fair Market Value purchase funds to the Licensor at terms that are consistent with then existing current market conditions.

(e) Upon the expiration of the Power Purchase Agreement (without or after one or more extensions to the extent permissible under applicable law), and to the extent the Licensor foregoes its right to exercise its Fair Market Value option set forth in subsection (d) above or, as applicable, its purchase option set forth in Section 5.2 below, the Authority shall cause the Company Documents to include provisions to the effect that the Company, or any other [A] Licensees, as applicable, shall be obligated to (i) remove, within a reasonable period of time, the [A] Renewable Energy Projects from the [A] Local Unit Facilities at the sole cost and expense and effort of the Company or any such other [A] Licensees, and (ii) restore, within a reasonable period of time, the [A] Local Unit Facilities, as improved by the [A] Capital Improvement Projects, to the condition prior to the installation of the [A] Renewable Energy Projects, reasonable wear and tear excepted, it being expressly understood by the Parties that the Local Unit shall expend no effort or cost in any such removal or restoration, but shall, to the extent practical, provide such assistance as shall be necessary, desirable or convenient to effect such removal and restoration, and the [A] Local Unit License shall not expire until such removal and restoration shall have been completed, and the Licensor issues a written certificate of an Authorized Officer of the Licensor to such effect to the Authority.

Section 5.2. Substitute Power Purchase Price.

(a) To the extent the Company causes an Event of Default to occur as defined under the Company Lease Agreement prior to the expiration of its original fifteen (15) year term, or any subsequent period of extension, and the nature of such Event of Default (including, without limitation, the failure of the Company to make all Basic Lease Payments thereunder on time and in full) causes the termination of the Company Lease Agreement and the Power Purchase Agreement, this [A] Local Unit License Agreement shall continue in full force and effect, with the following changes, which shall not require amendment or supplement hereof or hereto, but which changes shall be in place automatically upon the termination of the Company Lease Agreement and the Power Purchase Agreement:

(i) As Section 5.1(c)(i) hereof controls the purchase and payment by the Licensor for electricity generated from its [A] Renewable Energy Projects so long as the Power Purchase Agreement is in effect, upon the early termination of the Power Purchase Agreement for the reasons set forth above in subsection (a), the Licensor shall and hereby does agree, during the remainder of the Term, to purchase the electricity generated by the [A] Renewable Energy

from the Company thereunder from the [A] Local Unit Facilities, all in accordance with the terms and conditions set forth in the Power Purchase Agreement; provided however that such assignment shall and hereby does specifically exclude (I) any rights specifically reserved under the Power Purchase Agreement to the Authority, if any, and (II) the Local Unit License and the other rights being assigned by the Authority to the other Series 2011 Local Units with respect to their Local Unit Facilities under their respective Local Unit License Agreements.

(f) Specifically, without limitation, upon the Licensor's acknowledgment of the Power Purchase Agreement, as assignee of such Authority interests contemplated by this subsection (c), the Licensor shall and hereby does agree, during the Term for so long as the Power Purchase Agreement shall be in effect, to purchase the electricity generated by the [A] Renewable Energy Projects located on, or as applicable, in the [A] Local Unit Facilities from the Company for the price established under the Power Purchase Agreement (including any escalators set forth therein), and the Licensor shall pay the Trustee directly, on behalf of the Company (unless the Licensor receives a written notice from the Authority to the effect that the Company has prepaid all of the Series 2011 Bonds and that the Lessee has delivered the required Certificates of an Authorized Officer of the Lessee pursuant to Sections 402(a)(iii) and 703(f)(iii) of the Company Lease Agreement, in which case the Licensor shall pay either (i) the Company, or (ii) a third-party at the direction of the Company), for any such electricity, upon the terms set forth in the Power Purchase Agreement. Such terms include, without limitation, the payment by the Licensor of the PPA Price on or before the Commencement Date, (as such terms are defined in the Power Purchase Agreement), all as set forth in Section 3.5 (including any adjustments referenced therein) and Exhibit B of the Power Purchase Agreement. The Licensor shall make such payments in full and on time, without regard to set-off or any other rights it might assert against the Authority, the Company or the Trustee for any reason, which rights against the Authority, the Company and the Trustee are hereby waived by the Licensor.

(d) Subject to Section 5.2 hereof, upon the expiration of the Power Purchase Agreement (without or after one or more extensions to the extent permissible under applicable law), the Authority shall cause the Company Documents to include provisions (i) giving the Licensor or the Authority, at the direction of the Licensor, as applicable, an option to purchase the [A] Renewable Energy Projects installed on or, as applicable, in the [A] Local Unit Facilities, which option shall remain outstanding for a period of no fewer than thirty (30) days, (ii) for a purchase price equal to the then existing Fair Market Value (as defined in the Power Purchase Agreement) of the [A] Renewable Energy Projects, such Fair Market Value to be determined in accordance with Section 3.7(b) of the Power Purchase Agreement which determination of Fair Market Value shall take into account all the facts and circumstances of the marketplace for such [A] Renewable Energy Projects at such time, including without limitation, its continued operation and maintenance costs, its technological feasibility, as compared to then existing alternatives, and its continued utility to the Licensor, and (iii) to the effect that upon the exercise of any such Fair Market Value option by the Licensor, the removal and restoration obligations set forth in subsection (e) below shall be of no further effect, unless the Company or their agents

Projects located on, or as applicable, in the [A] Local Unit Facilities from the Authority, as owner of the [A] Renewable Energy Projects, for the same price previously established under the prior Power Purchase Agreement (including any escalators set forth therein, the "Gross Substitute Power Purchase Price"), and the Licensor shall pay the Authority directly for any such electricity, or alternatively, the Authority may direct the Licensor to pay all or a portion of such Gross Substitute Power Purchase Price, less the amounts set forth in clauses (ii) and (iii) below (after taking into account such payments in clauses (ii) and (iii) below, the "Net Substitute Power Purchase Price") (A) to or on behalf of the County Security Provider, as part of the Reimbursement Collateral to the extent a County Security Agreement is then in place and the County Security has fully reimbursed the County for payments under its County Guaranty, or (B) if such conditions are not fulfilled, to the Trustee, on behalf of the County for deposit in the County Security Fund, as the case may be, or (C) as otherwise set forth in a Certificate of an Authorized Officer of the Authority. The Licensor shall make all such payments in full and on time, without regard to set-off or any other rights it might assert against the Authority, the County, the Trustee or any other person or entity for any reason, which rights against such persons or entities, if any, are hereby waived by the Licensor;

(ii) The Licensor acknowledges that a portion of the Gross Substitute Power Purchase Price may be retained by the Authority as payment of its annual Administrative Fee previously payable by the Company as an Additional Lease Payment under the Company Lease Agreement;

(iii) The Licensor acknowledges that upon the termination of the Company Lease Agreement, the Authority may determine, under the Act, in accordance with all other applicable law, and in its sole discretion, to select an entity to operate and maintain the [A] Renewable Energy Projects for the balance of the Term to the same extent as previously required in the Company Lease Agreement, or any performance bond required under the Company RFP and/or the Power Purchase Agreement, as the case may be, and the Licensor further acknowledges, that upon the written direction of the Authority and at the Authority's sole discretion, a portion of the Gross Substitute Power Purchase Price shall be paid over or directed to the payment of such firm(s) rendering such services, if so required by the terms of any agreement between the Authority and such entity so rendering such services, the terms of which such agreement shall be automatically acceptable to the Licensor, without any further act, if the terms of any such agreement are in fact so within the parameters of the applicable Company Lease Agreement, the Company Service Agreement, or any performance bond required under the Company RFP and/or the Power Purchase Agreement; and

(iv) Notwithstanding Section 5.1(d) hereof, due to the termination of the Company Lease Agreement, and the Company's extinguishment of any interest in and to the [A] Renewable Energy Projects,

unless a replacement person or entity and agreements are in place immediately prior to the expiration of the Term hereof, at such time the Licensor shall be entitled to acquire all of the Authority's right, title and interest in and to the [A] Renewable Energy Projects for the purchase price of \$1, which shall be full and complete consideration for the acquisition thereof.

to be remedied shall be given to the Licensor by the Authority or a Licensee; *provided, however*, that if any above default be such that it is correctable, but cannot be so corrected within such thirty (30) day period, it shall not constitute a Licensor Event of Default if (A) corrective action is instituted by or on behalf of the Licensor within such thirty (30) day period, (B) such corrective action is diligently pursued until such default is corrected, and (C) the Authority is kept informed of the progress of such corrective action by the Licensor no less frequently than once a week.

### Section 6.2. Remedies.

(a) In the case of an Authority Event of Default, unless liquidated damages are specifically set forth herein, the Licensor may pursue any available remedy at law or in equity or by statute to enforce the rights of the Licensor under this [A] Local Unit License Agreement.

(b) In the case of a Licensor Event of Default of the type set forth in Section 6.1(b)(i) hereof, the Authority shall be entitled, as liquidated damages for such Licensor Event of Default hereunder, to payment from or on behalf of the Licensor in the amount necessary to pay, through the first available redemption date, all of the principal of, redemption premium, if any, and interest on all of the Outstanding Bonds, or otherwise cause provision thereof and thereon to be made in accordance with Article XII of the Bond Resolution. Such liquidated damages amount shall be payable by the Licensor to the Authority or at its direction the Trustee, at the times required by the Authority or as applicable the Trustee, and shall be a non-exclusive remedy (see subsection (c) below). It is expressly understood that any such amount owing shall not be subject to set-off or any other defense to non-payment, any of which defenses the Licensor hereby waives.

Further in the case of a Licensor Event of Default of the type set forth in Section 6.1(b)(i) hereof, the Authority shall be entitled, as liquidated damages for such Licensor Event of Default hereunder, to payment from or on behalf of the Licensor in the amount necessary to pay the other amounts contemplated by Section 3.7(a)(iv) hereof. Such additional amounts shall be promptly paid by the Authority to the Company, but only to the extent the Company has not caused either an Event of Default, or a default, which event after the occurrence of time will become an Event of Default, as defined in and contemplated by any of the Company Documents. It is expressly understood that any such amount owing shall not be subject to set-off or any other defense to non-payment, any of which defenses the Licensor hereby waives.

(c) In the case of a Licensor Event of Default of the type set forth in Section 6.1(b)(i) or (ii) hereof, the Authority may pursue any available remedy at law or in equity or by statute to enforce the rights of the Authority under this [A] Local Unit License Agreement.

this [A] Local Unit License Agreement shall continue for the duration of the Term hereof, as if such Event of Default shall never have occurred.

(b) No right or remedy by the terms of this [A] Local Unit License Agreement conferred upon or reserved to the non-defaulting party is intended to be exclusive of any other right or remedy, but each and every such right or remedy shall be cumulative and shall be in addition to any other right or remedy given to such non-defaulting party hereunder or now or hereafter existing at law or in equity or by statute. The assertion or employment of any right or remedy shall not prevent the concurrent or subsequent assertion or employment of any other right or remedy.

(c) No delay or omission to exercise any right or remedy accruing upon any Event of Default shall impair any such right or remedy or shall be construed to be a waiver of any such Event of Default or acquiescence therein, and every such right or remedy may be exercised from time to time and as often as may be deemed expedient.

(d) No waiver of any Event of Default hereunder shall extend to or shall affect any subsequent Event of Default or shall impair any rights or remedies consequent thereon.

Attached hereto are the required engineering certifications and / or reports evidencing same.

2. The Company has previously submitted all eligible Draw Papers to the Trustee with respect to the [A] Renewable Energy Projects, against which the Company has received (or has directed receipt to a third party vendor) from the Trustee sufficient funds from the Project Fund to pay all Costs of the [A] Renewable Energy Projects, including the design, permitting, acquisition, construction and installation thereof, or if such funds were insufficient, the Company has provided available funds to complete the design, permitting, acquisition, construction and installation thereof.

Timely, complete and conforming responses ("Proposals") submitted by photovoltaic development firms ("Respondents") in response to the RFP shall be reviewed, evaluated and considered by the Authority and its consultants, with respect to the Municipal Series 2011 Local Units, pursuant to the competitive contracting provisions of the Local Public Contracts Law (N.J.S.A. 40A:11-4.1(k)), with respect to the Board of Education Series 2011 Local Units, the Public Schools Contracts Law (N.J.S.A. 18A:18A-4.1(k)) of the State of New Jersey (the "State"), and on behalf of the County Series 2011 Local Unit, the State College Contracts Law (N.J.S.A. 18A:64-52 *et seq.*), all pursuant to (i) Local Finance Board Notice 2008-20, December 3, 2008, *Contracting for Renewable Energy Services ("LFB Notice 2008-20")*, (ii) the Board of Public Utilities protocol for measuring energy savings in PPA Agreements (*Public Entity Energy Efficiency and Renewable Energy Cost Savings Guidelines, Dated February 20, 2009*), (iii) Local Finance Board Notice 2009-10 dated June 12, 2009, *Contracting for Renewable Energy Services: Update on Power Purchase Agreements (the "LFB Notice 2009-10")*, and together with LFB Notice 2008-20, the "Local Finance Board Notice") and applicable law. Proposals are also being solicited through, and the RFP is being issued in accordance with, a fair and open process pursuant to the State Pay to Play Law, N.J.S.A. 19:44A-20.1 *et seq.*

Under the competitive contracting provisions of applicable law, the Authority is not bound to select the lowest responsible bidder, although the PPA Price, the elimination or minimization of the County Deficiency Amount, and as applicable, the provision of County Security to fund any such County Deficiency Amount, and the ability to perform the other Company Services, are each significant factors of the RFP. The Authority reserves the right to conduct interviews with any or all of the Respondents, prior to the award of a contract, for clarification of any response to the RFP. See Section 6.2 of the RFP for the Evaluation Criteria (defined in such Section) that shall serve as the basis for the contract award (see Section 6.3 of the RFP) pursuant to the RFP. The Respondent who receives the contract award from the Authority to provide the Company Services shall be known as the "Successful Respondent" or the "Company" for purposes of the RFP.

**REGISTRATION**

In order to be considered as the Successful Respondent and in order to access certain important information on the Authority's website needed to prepare its Proposal, each Respondent must register with the Authority providing information pursuant to Section 2.3 of the RFP, including the following: (i) a statement that such Respondent intends to submit a Proposal, and (ii) providing the name of its contact person (the "Respondent Contact Person") and contact information (name, company, address, phone, cell, fax, and e-mail address) for any and all communication with the Respondent during the RFP timeframe. OR

(b) Restoration Security Consent of Surety (RFP Section 7.2(c)(iii)(B)) ..... ( )

ARTICLE 1

INTRODUCTION, OVERVIEW, FINANCING OPTIONS AND DEFINITIONS

Section 1.1 Introduction and Overview.

(a) The Program. The Morris County Improvement Authority (the "Authority"), in combination with and for the County of Sussex, New Jersey (the "County"), has created its "Sussex County Renewable Energy Program" (the "Program"). The Program seeks to develop photovoltaic and other renewable energy systems (including any related electrical modifications, the maintenance of existing warranties and other work necessary, desirable or convenient for the installation of such systems, the "Renewable Energy Projects") for certain local government buildings, parking canopy and other structures, and lands (the "Local Unit Facilities") owned or controlled by local governments within and including the County (the "Local Units").

The Program shall be implemented over time, developing Renewable Energy Projects for the Local Unit Facilities of a limited group of Local Units participating in each segment or tranche of the Program. From time to time, the Program may also fund certain capital improvement projects for one or more Local Units (the "Capital Improvement Projects", and together with the Renewable Energy Projects, the "Projects") participating in any such tranche of the Program.

On February 18, 2010, the Authority financed approximately 3.2 MW of photovoltaic and related system Renewable Energy Projects for seven (7) Local Units at fifteen (15) Local Unit Facilities (the "Series 2010 Program"). The Authority is currently undertaking a second tranche of its Renewable Energy Program for Morris County (the "Morris County Series 2011 Program"). The Series 2010 Program and the Morris County Series 2011 Program are unrelated to the hereinafter defined Series 2011 Program, which is the subject of this RFP (as hereinafter defined).

(b) The Series 2011 Program, the Series 2011 Local Units.

The 2011 tranche of the Program (the "Series 2011 Program") consists of developing photovoltaic and related system Renewable Energy Projects (here are no Capital Improvement Projects in the Series 2011 Program) for the following ~~Series 2011~~ (3) Local Units (the "Series 2011 Local Units"):

*[Insert list of local units in paragraph form]*

(c) The Renewable Energy Projects. The Series 2011 Program shall develop photovoltaic and related system Renewable Energy Projects at the following ~~Series 2011~~ (3) Local Unit Facilities for the ~~Series 2011~~ (3) Series 2011 Local Units (see (i)(A)

100016570-1

(C) below), which include any related electrical modifications, the maintenance of existing warranties and other work necessary, desirable or convenient for the installation of such systems, all as more particularly described in Appendix B-1 to this RFP. Appendix B-1 to this RFP includes the Conceptual Site Plans designating the specific portion of the Local Unit Facilities where Renewable Energy Projects can be located, which plans have been based upon a preliminary feasibility assessment performed by the Authority's energy engineering consultants to identify the technical potential for each of the Renewable Energy Projects. Further, based upon this assessment, the Authority estimates these Renewable Energy Projects shall produce, in the aggregate, approximately ~~3.2~~ 3.2 MW of electricity. The Authority understands that detailed site review and proposed Renewable Energy Project designs by or on behalf of Respondents (as hereinafter defined), including assessment of roof and building conditions, panel selection, shading analysis, etc., may change the final Renewable Energy Project scope and the kW capacities indicated below at any of these Local Unit Facilities. As the Successful Respondent (as hereinafter defined) is required to maintain existing roof warranties for roof type Renewable Energy Projects, Appendix B-1 to this RFP also includes the applicable roof warranty information obtained by or on behalf of the Authority from the Local Units. Note that the costs for Renewable Energy Projects submitted by the Successful Respondent shall be firm when submitted in Section B3(b)(1) of Form A-1 (as defined herein) of the Proposal, and shall be incorporated into the Program Documents. Accordingly, the Successful Respondent bears the total risk of actual costs increasing from the time of the submission of their Proposal, and stands to gain the entire benefit from costs decreasing during such timeframe.

(i) The following sets forth the list of Local Unit Facilities for the Series 2011 Local Units:

*[Insert list of local units in paragraph form]*

(d) The REP. As part of the Series 2011 Program, the Authority has issued this "Request for Proposals for a Developer of Photovoltaic Systems with respect to certain Local Government Facilities in the County of Sussex, New Jersey" dated [Post Date] (including any addenda issued by the Authority that would amend or supplement this document, the "RFP"). The RFP was authorized for issuance pursuant to resolution of the Authority adopted by its governing body on July 20, 2011, a copy of which is attached in Appendix A to this RFP.

(e) Proposals. Photovoltaic development firms ("Respondents") interested in (i) performing the various Company Services (as hereinafter defined) for the Authority and the Series 2011 Local Units outlined in this RFP, and other obligations, and (ii) enjoying the benefits and other rights, all as detailed in the Company Documents (as hereinafter defined) to be authorized, executed or acknowledged, as applicable, and delivered by the Successful Respondent, may submit one or more written proposals (each a "Proposal") to the Authority no later than the deadline, and within the various requirements and parameters set forth in this RFP.

100016570-1

(f) **Review and Evaluation of Proposals.** Timely, complete and conforming Proposals submitted by Respondents in response to this RFP shall be reviewed, evaluated and considered by the Authority and its consultants, with respect to the Municipal Series 2011 Local Units, pursuant to the competitive contracting provisions of the Local Public Contracts Law (N.J.S.A. 49A:11-4.1(k)), with respect to the Board of Education Series 2011 Local Units, the Public Schools Contracts Law (N.J.S.A. 18A:18A-4.1(k)) of the State of New Jersey (the "State"), and on behalf of the County Series 2011 Local Unit, the State College Contracts Law (N.J.S.A. 18A:64-52 *et seq.*), all pursuant to (i) Local Finance Board Notice 2008-20, December 3, 2008, *Contracting for Renewable Energy Services*, (ii) the Board of Public Utilities ("BPU") protocol for measuring energy savings in power purchase agreements (*Public Entity Energy Efficiency and Renewable Energy Cost Savings Guidelines, Dated February 26, 2009*), (iii) Local Finance Board Notice 2009-10 dated June 12, 2009, *Contracting for Renewable Energy Services: Update on Power Purchase Agreements (the "LFB Notice 2009-10"*), and together with LFB Notice 2008-20, the "Local Finance Board Notices") and applicable law. Proposals are also being solicited through, and this RFP is being issued in accordance with, a fair and open process pursuant to the State Pay to Play Law, N.J.S.A. 19:44A-20.1 *et seq.*

Under the competitive contracting provisions of applicable law, the Authority is not bound to select the lowest responsible bidder, although the PPA Price (as defined in Section 1.3(b) herein), the elimination or minimization of the County Deficiency Amount (as hereinafter defined), and as applicable, the provision of Reimbursement Collateral, as County Security (as such terms are hereinafter defined) to fund any such County Deficiency Amount, and the ability to perform the other Company Services, are each significant factors of this RFP. The Authority reserves the right to conduct interviews with any or all of the qualified Respondents, prior to any award of a contract(s), for clarification of any response to this RFP. See Section 6.2 of this RFP for the Evaluation Criteria (as defined in Section 1.3(b) herein) that shall serve as the basis (see Section 6.3 of this RFP) for the award pursuant to this RFP. The Respondent that shall receive the award by the Authority to provide the services required by this RFP (the "Company Services"), which Company Services shall be set forth in the Company Documents, shall be known as the "Successful Respondent" or the "Company" for purposes of this RFP.

(g) **Registration of Respondents Required.** In order to be considered as the Successful Respondent and in order to access certain important information on the Authority's website needed to prepare its Proposal, each Respondent must register with the Authority providing information pursuant to Section 2.3 of this RFP, including the following: (i) a statement that such Respondent intends to submit a Proposal, and (ii) providing its Respondent Contact Person (as defined in Section 1.8(b) herein) and contact information (name, company, address, phone, cell, fax, and e-mail address) for any and all communication with the Respondent during this RFP timeframe. Any changes to any information in this RFP, including any future addenda amending or supplementing any terms, shall be both posted on the Authority's website (<http://www.co.morris.nj.us/improvement/>) and issued, via fax or e-mail, to the Respondent Contact Person. Registration should occur immediately upon downloading this RFP from the website or otherwise receiving a copy of this RFP from the Authority or otherwise. Registration should be made by e-mailing the required information in clauses (i) and (ii) above to

(j) **Site-Tours.** Potential Respondents shall have an opportunity to inspect the Local Unit Facilities for the Series 2011 Local Units, upon or in which the Projects are to be developed, at the dates and times, and upon the conditions, all as set forth in Section 3.3 of this RFP.

(k) **Rejection Waiver.** The Authority reserves the right to reject any Proposals that are not submitted by the time, date, and manner and at the place designated in this RFP, or if not completed in conformance with the terms of this RFP. The Authority further reserves the right to waive any defects in specific Proposals that the Authority, in its sole discretion and in accordance with applicable law, determines to be immaterial to the purposes of the Authority, the County, the Series 2011 Local Units and/or the Series 2011 Program. The Authority further reserves the right to reject all Proposals or otherwise take such action that the Authority, in its sole discretion and in accordance with law, shall determine to be in the best interests of the Authority, the County, the Series 2011 Local Units and/or the Series 2011 Program. The Authority anticipates that due to the Local Finance Board Notices, the Authority would likely reject all Proposals should the PPA purchase price for electricity submitted in each Proposal be in excess of the existing delivered cost of electrical power from the local electric utility distribution companies, which in the case of the Local Unit Facilities for the \_\_\_\_\_, is the \_\_\_\_\_, and in the case of the Local Unit Facilities for the other Series 2011 Local Units, is the Jersey Central Power & Light Company.

(l) **Proposals are Property of the Authority: OPRA.**

(i) Each Proposal, without any further act, shall be deemed to be the property of the Authority, and shall be prepared, reviewed, finalized, submitted and if applicable, presented, at the sole cost and expense of the Respondent, without payment or reimbursement for any portion thereof by or on behalf of the Authority.

(ii) Each Respondent, by submitting its Proposal and without any further act, acknowledges that the Proposal, now a public document owned by the Authority, is subject to review by the general public under the Open Public Records Act, constituting Chapter 73 of the Pamphlet Laws of 1963 of the State, and the acts amendatory thereof and supplemental thereto (as codified at N.J.S.A. 47:1A-1 *et seq.*, "OPRA").

(iii) To the extent the Respondent desires to claim that a portion of its Proposal constitutes trade secrets and proprietary commercial or financial information that is expressly precluded from public disclosure pursuant to N.J.S.A. 47:1A-1.1 of OPRA or such other applicable exception to OPRA, and therefore such portion should be withheld from public disclosure, such Respondent must comply with the provisions of Section 5.4(j) of this RFP.

(a) In determining the PPA Price and other requirements of the Proposal, including the funding of the various Renewable Energy Projects, each Respondent may, at its option, utilize the Authority Financing Option, as defined in Section 1.3(e) of this RFP, and/or the Company Financing Option, as defined in Section 1.5(c) of this RFP.

(b) If the Respondent selects the Authority Financing Option, it must submit Form A-1-a, which is found in Appendix D-A-1-a to this RFP (and described in Section 4.1 of this RFP), as part of Exhibit A to be attached to the Respondent's Proposal.

(c) If the Respondent selects the Company Financing Option, it must submit Form A-1-b, which is also found in Appendix D-A-1-b to this RFP (and also described in Section 4.1 of this RFP), as part of Exhibit A to be attached to the Respondent's Proposal.

(d) If multiple alternative Proposals are to be submitted by a Respondent, they will need to submit as part of their Proposal (among other things), Form A-1-a, or Form A-1-b, as applicable, for each Proposal alternative. Note that in accordance with Section 5.4(a)(iv) of this RFP, each Respondent may submit up to three (3) alternative Proposals using the Authority Financing Option, and up to one (1) Proposal using the Company Financing Option. Pursuant to Section 1.3(g)(vii), Respondents submitting under both Option F-1 and Option F-2 are deemed to have submitted one (1) Proposal under the Authority Financing Option, and a second alternative Proposal under the Authority Financing Option. Finally, Respondents are encouraged, but not required, to submit a Proposal under each of the Authority Financing Option and the Company Financing Option.

**Section 1.3 Authority Financing Option.**

(a) Each Respondent may submit a Proposal utilizing funds provided by the Authority through the issuance of the Authority's hereinafter defined Series 2011 Bonds to finance all or a portion of the following, all of which must be provided for if utilizing the Authority Financing Option, and all as shall be designated by the Respondent in its Proposal:

(i) The cost of the Renewable Energy Projects for the Series 2011 Local Units (there are no Capital Improvement Projects for the Series 2011 Local Units), which cost shall be determined by the Respondent in their Proposal, within the parameters of this RFP, including Section 1.1(e) and Appendix B-1 hereof;

(ii) The sum of the following amounts: (A) the costs incurred by or on behalf of the Authority, the County or the Series 2011 Local Units, including consultants, in developing the Series 2011 Program, (B) the cost of issuing the Series 2011 Bonds, including all first year administrative costs, and (C) construction management costs to be incurred by the Authority in overseeing the construction and implementation of the Renewable Energy Projects by the

Successful Respondent (collectively and under the Authority Financing Option, the "Project Development Costs"), which Project Development Costs have been estimated at the time of this RFP by the Authority to total \$[Project Development Costs], to be adjusted in accordance with Section 4.1(c)(iii)(B) of this RFP; and

(iii) Capitalized interest for one (1) year (i.e., two (2) semi-annual interest payments) on the Series 2011A Bonds (as hereinafter defined), to be funded through the issuance of the Series 2011B Note (as hereinafter defined) ("Capitalized Interest").

(b) The Respondent may also determine to finance reserves, its own soft costs, including development fees and that of its consultants, or other related amounts with the proceeds of a portion of the Series 2011A Bonds, so long as the Respondent provides for same in its Proposal (under the Authority Financing Option, the "Company Development Costs"). None of the Authority, the County or the Series 2011 Local Units are responsible for these Company Development Costs, which are the sole obligation of the Respondent, although the Authority shall provide for Company Development Costs in its earmarking of Series 2011 Bond proceeds if requested by the Respondent in its Proposal and if permitted in accordance with subsection (d) below.

(c) Subject to subsection (d) below, the Respondent may, at its option, finance one hundred percent (100%) of the costs and expenses set forth in subsections (a) and, if applicable, (b) above (collectively, and under the Authority Financing Option, the "Total Project Costs") through the issuance of the Authority's Series 2011 Bonds, or such lesser amount as the Respondent shall determine. However, to the extent the Respondent determines to finance less than one hundred percent (100%) of the Total Project Costs through the issuance of the Series 2011 Bonds (either at Respondent's option, or as a result of subsection (d) below), the Respondent shall provide an equity contribution (which can be in the form of a debt obligation incurred by or on behalf of the Respondent, so long as any equity stakeholders or debt obligees agree to subordinate their rights to be repaid to the Authority's rights to receive Basic Lease Payments (as defined in Section 1.8(b) herein) under the Company Lease Agreement, as such terms are hereinafter defined, the "Equity Contribution") to cover the balance of the Total Project Costs.

(i) If the Equity Contribution is cash to be provided upon the signing of the PPA or a covenant for the Company (or affiliates) to provide cash in the future, the Respondent must provide to the Authority at the time of submission of Respondent's Proposal (the "Equity Contribution Cash Commitment") (A) details regarding the source, timing and any conditions regarding the provision of the cash (e.g. on deposit in a bank account, or to come from Program Agreement revenues received over time), and (B) an irrevocable commitment to provide same, whereupon the Authority will determine the reasonableness and likelihood of receiving that cash.

action upon the Authority's award of the Successful Respondent to this RFP. The Authority anticipates that all of these remaining official actions shall occur, well within the timeframes for Series 2011A Bond closing established in the Proposed Schedule for the Series 2011 Program set forth in Exhibit 3 to this RFP.

(g) The Authority Financing Option is structured as follows.

(i) Bond Resolution. Pursuant to the county improvement authorities law, constituting Chapter 183 of the Pamphlet Laws of 1960 of the State, and the acts amendatory thereof and supplemental thereto (the "Act"), including Sections 17-19 thereof (N.J.S.A. 40:37A-60, 61 and 62), and other applicable law, on ~~December 1, 2011~~, 2011, the governing body of the Authority is scheduled to adopt its "RESOLUTION AUTHORIZING THE ISSUANCE OF COUNTY OF SUSSEX GUARANTEED RENEWABLE ENERGY PROGRAM LEASE REVENUE NOTES AND BONDS, SERIES 2011 (SUSSEX COUNTY PROGRAM) AND ADDITIONAL BONDS OF THE MORRIS COUNTY IMPROVEMENT AUTHORITY", as such resolution may be amended and supplemented from time to time in accordance with its terms, including by one or more Certificates of an Authorized Officer of the Authority, each dated the date of issuance of the respective series of Series 2011 Bonds (the "Bond Resolution"). The form of Bond Resolution is set forth in Appendix A to this RFP.

(ii) Series 2011 Bonds. The Bond Resolution shall authorize one or more series of bonds and notes entitled "County of Sussex Guaranteed Renewable Energy Program Lease Revenue [Notes] Bonds, Series 2011 (County of Sussex Program) (Federally Taxable)" dated their date of delivery, Outstanding (as defined in the Bond Resolution upon issuance) in the aggregate principal amount (including Sinking Fund Installments, if any, as such term is defined in the Bond Resolution) not to exceed \$50,000,000 (the "Series 2011 Bonds"). In accordance with the Proposed Schedule for the Series 2011 Program set forth in Exhibit 3 to this RFP, the Authority anticipates issuing a series of Series 2011 Bonds (the "Series 2011A Bonds") to fund all of the Total Project Costs, if under \$50,000,000, except for Capitalized Interest for the Series 2011A Bonds, on or about November 3, 2011. The Authority shall finance the Capitalized Interest for the Series 2011A Bonds in one or more series of Series 2011 Bonds (collectively, the "Series 2011B Note") to be issued after January 1, 2012, and prior to the respective semi-annual interest payment dates for the Series 2011A Bonds coming due on ~~December 1, 2012~~ and ~~December 1, 2013~~.

(iii) Company Lease Agreement. The principal of, redemption premium, if any, and interest on the Series 2011A Bonds shall be payable from Basic Lease Payments to be made by the Company (i.e., the Successful Respondent) under that certain "Lease Purchase Agreement (Sussex County Renewable Energy Program, Series 2011)" to be dated as of the first day

(ii) If the Equity Contribution is some non-cash form of security from a third-party (even if that third-party, upon Company action or inaction, will provide cash, such as a letter of credit), (A) an irrevocable commitment letter to provide such security, along with (B) the material terms regarding the source, timing and any conditions for the provision of such security (collectively, the "Equity Contribution Consent of Surety") from the source of the Equity Contribution must be provided to the Authority at the time of submission of Respondent's Proposal.

(iii) If notwithstanding the Equity Contribution Cash Commitment or the Equity Contribution Consent of Surety, the Authority determines the plan for the funding of cash or other security to be unreasonable or unlikely to actually occur, or if no Equity Contribution Cash Commitment or Equity Contribution Consent of Surety, as applicable, is provided with the Proposal upon its submission, then the Authority will weight negatively the Respondent's ability to fund the Equity Contribution. The Authority will allow the Respondent to provide either the Equity Contribution Cash Commitment or Equity Contribution Consent of Surety, if not provided with the Proposal, no later than \_\_\_\_\_. Any post-Proposal submission of the Equity Contribution Cash Commitment or Equity Contribution Consent of Surety runs the added risk of the Authority and its consultants not having sufficient review time to adequately determine the reasonableness or likelihood of the realization of the Equity Contribution proposed by the Respondent.

(d) Notwithstanding the provisions of subsection (c) above, due to constraints of applicable law, the Authority shall not issue the Series 2011 Bonds in an amount in excess of fifty million dollars (\$50,000,000).

(e) Utilizing the Series 2011 Bonds, and as applicable, other sources, to fund the costs and expenses set forth in this Section 1.3 of this RFP shall be known as the "Authority Financing Option".

(f) The Local Finance Board, Division of Local Government Services, State Department of Community Affairs (the "Local Finance Board") has taken all required official action to authorize the Authority Financing Option under the Series 2011 Program, including the issuance of the Series 2011 Bonds. This RFP has been approved by the Office of the State Comptroller for issuance, including the Authority Financing Option. The County has taken all official action required for it to participate in the Series 2011 Program, including the Authority Financing Option. The Authority has taken all official action, except for the adoption of the Bond Resolution, which action is scheduled for July 20, 2011, and except for the award of the Successful Respondent and the approval of the final terms of the Series 2011 Bonds, in order to implement the Series 2011 Program, including the Authority Financing Option. The Series 2011 Local Units have each adopted resolutions expressing their interest in participating in the Series 2011 Program, including the Authority Financing Option, and are scheduled to take final official

of the month of issuance of the Series 2011A Bonds (as the same may be amended or supplemented from time to time in accordance with its terms, the "Company Lease Agreement") between the Authority, as owner and lessor of the Renewable Energy Projects, and the Company, as lessee. The form of Company Lease Agreement is set forth in Appendix A to this RFP.

(iv) Basic Lease Payments - Series 2011A Bonds

The principal of the Series 2011A Bonds shall be due each May 1, commencing May 1, 2013, through and including May 1, 2027. The interest on the Series 2011A Bonds shall be due and payable each May 1 and November 1, commencing May 1, 2012 through and including May 1, 2027, although the May 1 and November 1 interest payments on the Series 2011A Bonds payable in 2012 shall be paid from the Capitalized Interest provided from the principal of the Series 2011B Note. Basic Lease Payments to pay the principal of and interest on the Series 2011A Bonds shall be due each December 1 and June 1, commencing December 1, 2012, through and including December 1, 2026. The Basic Lease Payments have been purposely established five (5) months' prior to the corresponding Series 2011A Bond principal and interest payment dates. The estimated Basic Lease Payments allocable to debt service on the Series 2011A Bonds is set forth in Appendix E to this RFP.

(v) Basic Lease Payment - Series 2011B Note

The principal of and interest on the Series 2011B Note shall be due, in full, on the first Basic Lease Payment date, ~~December 1, 2012~~. The estimated Basic Lease Payment allocable to debt service on the Series 2011B Note is also set forth in Appendix E to this RFP.

(vi) Additional Lease Payments. In addition to Basic Lease Payments, the Company is responsible for payment of certain Additional Lease Payments as defined under the Company Lease Agreement, which includes an Authority's Annual Administrative Fee (as defined in Section 1.8(b) herein). Any further administrative expenses incurred by or on behalf of the Authority during the term of the Company Lease Agreement, including the annual fees of the trustee (the "Trustee") for the Series 2011 Bonds (in an amount not to exceed \$5,000 per annum until the Series 2011 Bonds have been fully paid off), any late payment fees, or prepayment, through redemption or mandatory acceleration (due to a Company default) of the Series 2011 Bonds. The first year annual fee of \$20,000, along with a one-time Authority acceptance fee, shall be payable from a portion of the proceeds of the Series 2011A Bond issue and are included in the Project Development Costs.

100165701

- 10 -

(vii) County Guaranty. The Series 2011 Bonds shall also be secured by a full faith and credit guaranty (the "County Guaranty") of the County under Section 37 of the Act (N.J.S.A. 40:37A-30) and in accordance with the terms of that certain "County Guaranty Agreement (Sussex County Renewable Energy Program, Series 2011)" to be dated as of the first day of the month of issuance of the Series 2011A Bonds (as the same may be amended and supplemented from time to time in accordance with its terms, the "County Guaranty Agreement"). The form of County Guaranty Agreement is set forth in Appendix A to this RFP. As the County is presently rated AAA, the Authority anticipates the Series 2011 Bonds shall be rated AAA. The Series 2011A Bonds shall be offered to the public through a public underwriting. The Authority anticipates that the Series 2011B Note shall be issued directly to, and held by, the County, for its under one (1) year term.

(viii) Company Continuing Disclosure Agreement. As a materially obligated person through its Basic Lease Payment obligation under the Company Lease Agreement in accordance with applicable Federal securities law, the Company shall be obligated to authorize, execute, and deliver with the Authority and the Trustee, as dissemination agent, that certain "Company Continuing Disclosure Agreement (Sussex County Renewable Energy Program, Series 2011)" to be dated as of the first day of the month of issuance of the Series 2011A Bonds (as the same may be amended and supplemented from time to time in accordance with its terms, the "Company Continuing Disclosure Agreement"). The form of Company Continuing Disclosure Agreement is set forth in Appendix A to this RFP. The Company obligations under the Company Continuing Disclosure Agreement are expected to be contiguous in length with the final maturity of the Series 2011 Bonds, which is expected to be approximately the same as the fifteen (15) year PPA.

(ix) Principal Amortization and Interest Rates

The principal amortization, and interest rates used in the Basic Lease Payment schedule set forth in Appendix E to this RFP is based upon a level principal amortization of \$50,000,000, the maximum Total Project Cost to be funded by the Authority under this RFP, and a total interest cost ("TIC") of 5.00%. See Section 4.1(c)(iv) of this RFP, which allows the Respondent to amortize the principal of the Series 2011A Bonds (and therefore the Basic Lease Payment schedule allocable thereto) on an accelerated basis (i.e., sooner than a level principal payback). This TIC is approximately 50 basis points above current market conditions for the taxable Series 2011A Bonds in order to provide some hedge against rising interest rates from the date of this RFP through the anticipated sale date of the Series 2011A Bonds. Also see Article IV for the interest rate adjustment factor (up or down), post Proposal submission, for the PPA Price, which allows the Respondent to propose a PPA Price and be held

(xi) Local Unit License Agreements. Prior to the issuance of the Series 2011A Bonds, the Authority will have authorized, executed and delivered a "License and Access Agreement (Sussex County Renewable Energy Program, Series 2011)" to be dated as of the first day of the month of issuance of the Series 2011A Bonds (as the same may be amended or supplemented from time to time in accordance with its terms, each agreement shall constitute a "Local Unit License Agreement", and collectively, the "Local Unit License Agreements") with each Series 2011 Local Unit. Each Local Unit License Agreement shall be acknowledged by the Company. The form of the master Local Unit License Agreements is set forth in Appendix A to this RFP. The Local Unit License Agreement shall designate the location of the Local Unit Facilities and the Renewable Energy Projects, and allow the Authority and its designee through the Company Lease Agreement and the PPA (as hereinafter defined), the Company, on site to design, permit, acquire, construct, install, operate and maintain the respective Renewable Energy Projects for the Series 2011 Local Units.

(xii) PPA. Under the terms of the Company Lease Agreement and that certain "Power Purchase Agreement (Sussex County Renewable Energy Program, Series 2011)" to be dated as of the first day of the month of issuance of the Series 2011A Bonds (as the same may be amended or supplemented from time to time in accordance with its terms, the "PPA") between the Authority and the Company, the Company shall sell to the Authority the electricity generated by the respective Renewable Energy Projects at the PPA Price for the fifteen (15) year term allowed or permitted under applicable law. The form of the PPA is set forth in Appendix A to this RFP. The obligation to receive and utilize this electricity at the respective Local Unit Facilities, and to pay for same, is passed through to the respective Local Units from the Authority in accordance with the terms of the Local Unit License Agreements. Accordingly, under the terms of the Company Lease Agreement, the PPA, and the Local Unit License Agreements, the Company shall be entitled to:

- (A) Solar Renewable Energy Certificates ("SRECs") generated from the Renewable Energy Projects; and
- (B) The PPA Price payments made by the Series 2011 Local Units.

(xiii) End of Lease Term Options. At the end of the lease term under the Company Lease Agreement, the Company shall purchase the Renewable Energy Projects for nominal consideration. To the extent permitted by then applicable law, the Company has the option to extend the PPA with either the Authority and/or the applicable Series 2011 Local Units, to the extent the parties can agree upon a new PPA price for the balance of the useful life of the Renewable Energy Projects. Alternatively, such parties could agree to a fair

harmless for movement in interest rates in the taxable municipal market from the date of Proposal submission until the Series 2011A Bonds are sold. The TIC for the Series 2011B Note to be placed with the County is anticipated to be derived from the TIC for the Series 2011A Bonds.

(x) Tax Structure. The Company Lease Agreement is structured as a conditional sale of the Renewable Energy Projects by the Authority, as State law owner, to the Company, as State law lessee, for Federal income tax purposes. Assuming conditional sale treatment under the Internal Revenue Code of 1986, as amended, including the regulations promulgated pursuant thereto (the "Code"), the Company may be entitled to the items in clauses (A) and (B) below, provided the Respondent should note the disclaimer in clause (C) below:

(A) Thirty percent (30%) investment tax credit (or Section 1603 grant in lieu thereof; see Section 1603 of the American Recovery and Reinvestment Tax Act of 2009 as extended by *The Tax Relief, Unemployment Insurance Reauthorization, and Job Creation Act of 2010 (H.R. 4653)* approved by Congress in December 2010 (i.e., the stimulus bill, "ARRA", applicability of which to be determined by Company) and Section 4 of IRS Notice 2009-52, 2009-25 I.R.B. 1) (the "TIC"); and

(B) five (5) year accelerated depreciation for Renewable Energy Projects and other available benefits, if applicable (the "Accelerated Depreciation").

(C) BY REGISTERING FOR RECEIPT OF THIS RFP, AND WITHOUT ANY FURTHER ACT, EACH POTENTIAL AND ACTUAL RESPONDENT ACKNOWLEDGES THAT SUCH RESPONDENTS SHOULD CONSULT WITH, AND RELY UPON, THEIR OWN TAX ADVISORS IN CONNECTION WITH ALL FEDERAL AND STATE TAX MATTERS IN THIS RFP, INCLUDING THE INTERPRETATION OF THE COMPANY LEASE AGREEMENT AND ANY OTHER PROGRAM DOCUMENTS, AND THAT NONE OF THE AUTHORITY, THE COUNTY, THE SERIES 2011 LOCAL UNITS, NOR THEIR ADVISORS, ARE RENDERING ANY ADVICE OR OPINION IN CONNECTION WITH SUCH TAX MATTERS

market value sale of the Renewable Energy Projects from the Company to the Authority and/or the applicable Series 2011 Local Units. If terms cannot be reached for either option, the Company is responsible for both removing the Renewable Energy Projects and restoring the roofs or other applicable property to the condition that existed prior to the Local Unit License Agreements.

(xiv) Company Default. Under the terms of this RFP (see Section 7.2(a)) and the Company Lease Agreement, the Company is required to post a Construction Performance Bond (as defined in Section 1.8(b) herein) for the construction and installation of the Renewable Energy Projects. Should the Company default under its Basic Lease Payment obligations, the Authority anticipates that the County would be required to pay the principal of and interest on the Series 2011 Bonds pursuant to its County Guaranty. Although under this Company default scenario, the Company would have lost its rights with respect to the Renewable Energy Projects under the Company Documents, the Authority anticipates that it would invoke the provisions of the Construction Performance Bond to complete the construction and installation of the Renewable Energy Projects. If, alternatively, the Renewable Energy Projects were already installed, or after completion of construction and installation of same to the extent the Construction Performance Bond were called upon, the Authority anticipates allowing the Series 2011 Local Units to continue receiving the benefit of their fifteen (15) year bargain under the terms of their respective Local Unit License Agreements (i.e., receive solar energy and pay for it at the PPA Price).

(xv) County Deficiency Amount. In a Company default scenario, the Authority would be entitled to all SREC and PPA revenues, less an amount necessary to hire a developer to operate and maintain the Renewable Energy Projects, and less any administrative costs of the Authority (such net revenue shall be known as the "Default Revenues"). Due to the unavailability to the Authority of all Federal tax benefits, the Authority anticipates that the amounts paid by the County under its County Guaranty would not be wholly offset by the Default Revenues. This difference shall be known as the "County Deficiency Amount".

(xvi) Eliminate, Minimize, and/or Fund the County Deficiency Amount. Although in a Company default scenario the Authority may attempt to replace the defaulting Company with a substitute developer that might accept the same material terms under the Company Documents, the Authority and the County cannot rely on that occurrence. Accordingly, the Authority is requiring the Respondent to do any of the following, all of which are acceptable to the Authority, although the Authority's preference is stated in the following order:

- (A) Eliminate the County Deficiency Amount;

[00016370-]

- 14 -

(B) Minimize the County Deficiency Amount; if it is not eliminated, then the Respondent must fund it; or

(C) Fund the County Deficiency Amount.

(xvii) Reimbursement Collateral, County Security, County Security Agreement.

Funding the County Deficiency Amount can occur at closing upon issuance of the Series 2011A Bonds, over time through a covenant to fund, or some combination thereof. Funding at closing is preferable to the Authority. The provision of immediately available funds in the form of cash, an irrevocable letter of credit, or otherwise is preferable to the Authority. Other non-immediately available funding sources, such as Company parent guarantees, are acceptable at the option of the Authority. The funding sources shall be known as the "Reimbursement Collateral", as such amounts shall be earmarked to reimburse the County for any payments under the County Guaranty (the "County Security"). The Authority is not imposing a debt service coverage ratio on the Respondents, although greater coverage is preferable to the Authority over lesser coverage. Reimbursement Collateral received as County Security for the County Deficiency Amount shall be deposited with the Trustee in the County Security Fund created under the Bond Resolution (although not pledged to the Series 2011 Bondholders), and may be released over time, as established in the Proposal, if agreed to by the Authority, especially as the potential County Guaranty obligation reduces as the Series 2011 Bonds are repaid. It may be necessary for the Company to enter into an agreement (the "County Security Agreement") concerning the Reimbursement Collateral as County Security, such as a letter of credit and reimbursement agreement with a third-party provider (the "County Security Provider") of any such Reimbursement Collateral as County Security. Since the form of such Reimbursement Collateral is up to the Respondent, if required depending on the nature of the Proposal and the Reimbursement Collateral being offered, the Authority cannot impose a form of County Security Agreement to provide County Security. If the Respondent is required to execute a County Security Agreement in order to produce the Reimbursement Collateral as County Security, the form of the County Security Agreement is subject to the reasonable acceptance of the terms thereof by the Authority and the County, and a form of which must be included with the Proposal.

(xviii) Sizing the County Deficiency Amount. To the extent the Respondent is unable to eliminate the County Deficiency Amount, the Respondent must determine the size of the County Deficiency Amount to be funded using SREC amounts no greater than the minimum SREC values set forth in either Option F-1 or Option F-2 in Appendix F to this RFP. The option

selected shall be considered the base case (using both options shall be considered the base case, plus the submission of an alternative Proposal - see Section 5.4(a)(iv) of this RFP for the maximum number of alternative Proposals the Authority is required to review). "Option F-1", attached hereto in Appendix F, provides for a higher County Deficiency Amount, but allows for the release of excess funds in the County Security Fund as soon as the amount on deposit exceeds the remaining debt service obligations on the Outstanding Series 2011 Bonds (at 100% coverage, unless the Respondent offers a higher debt service coverage ratio in its Proposal). "Option F-2", attached hereto in Appendix F, presumes the Respondent is sufficiently incentivized under the Code to avoid the recapture provisions during the initial five (5) year period. Therefore, although the initial County Deficiency Amount is lower under Option F-2, the amount in the County Security Fund does not release to the Company until after the noted recapture period. There are a number of adjustment factors set forth in Appendix F that will alter the Amount of the County Deficiency Amount, including without limitation the par amount and amortization of the Series 2011 Bonds, the TIC on the Series 2011 Bonds, the EPA Price offered by Respondent, and even the SREC values, assuming Respondent desires to utilize more conservative SREC values than those set forth in Appendix F. The assumption of minimum SREC values for the calculation of the County Deficiency Amount shall have NO EFFECT on the Respondent's view of SRECs in determining its PPA Price, as this County Deficiency Amount calculation assumes the minimum SREC values for the sole purpose of providing security to the County, should it ever have to make payment under its County Guaranty.

(xix) County Security Cash Commitment, County Security Consent of Surety.

(A) If the County Deficiency Amount has not been eliminated, after calculating the County Deficiency Amount in clause (xviii) above, the Respondent is required to provide Reimbursement Collateral, as County Security for and in the amount of the County Deficiency Amount.

(B) If the Reimbursement Collateral, as County Security for and in the amount of the County Deficiency Amount is cash to be provided upon the signing of the PPA or a covenant for the Company (or affiliate) to provide cash in the future, the Respondent must provide to the Authority at the time of submission of Respondent's Proposal (the "County Security Cash Commitment") (I) details regarding the source, timing and any conditions regarding the provision of the cash (e.g. on deposit in a bank account, or to come from Program Agreement revenues received over time), and (II) an irrevocable commitment to provide

[00016570-]

- 15 -

[00016570-]

- 16 -

same, whereupon the Authority will determine the reasonableness and likelihood of receiving that cash.

(C) If the Reimbursement Collateral, as County Security for and in the amount of the County Deficiency Amount is some non-cash form of security from a third-party (even if that third-party, upon Company action or inaction, will provide cash, such as a letter of credit), (I) an irrevocable commitment letter to provide such security, along with (II) the material terms regarding the source, timing and any conditions for the provision of such security (collectively, the "County Security Consent of Surety") from the County Security Provider to provide the funds or other security that comprises the Reimbursement Collateral must be provided to the Authority at the time of submission of Respondent's Proposal.

(D) If, notwithstanding the County Security Cash Commitment or the County Security Consent of Surety, the Authority determines the plan for the funding of cash or other security to be unreasonable or unlikely to actually occur, or if no County Security Cash Commitment or County Security Consent of Surety, as applicable, is provided with the Proposal upon its submission, then the Authority will weight negatively the Respondent's ability to fund the County Deficiency Amount. The Authority will allow the Respondent to provide either the County Security Cash Commitment or County Security Consent of Surety, if not provided with the Proposal, no later than September 27, 2011. Any post-Proposal submission of the County Security Cash Commitment or County Security Consent of Surety runs the added risk of the Authority and its consultants not having sufficient review time to adequately determine the reasonableness or likelihood of the realization of the County Security proposed by the Respondent.

(xx) Company Pledge Agreement. In order to protect the County, the Authority shall require the Respondent and/or the owner of one hundred percent (100%) of the special purpose or other Respondent affiliated entity that shall become the Company to enter into that certain "Pledge and Security Agreement (Sussex County Renewable Energy Program, Series 2011)" to be dated as of the first day of the month of issuance of the Series 2011A Bonds (as the same may be amended or supplemented from time to time in accordance with its terms, the "Company Pledge Agreement"), and issued by the managing member (or equivalent in a non-limited liability company form of corporate governance) of the Company in favor of the Trustee, and acknowledged and

accepted by the Company. The form of the Company Pledge Agreement is set forth in Appendix A to this RFP.

Section 1.4 Company Services Under the Authority Financing Option.

(a) The Company Services under the Authority Financing Option are set forth in the obligations of the Company under the Company Lease Agreement, the PPA, the Local Unit License Agreements, the Company Continuing Disclosure Agreement, the Company Pledge Agreement, and as applicable, the County Security Agreement (collectively, under the Authority Financing Option, the "Company Documents").

(b) The Company Documents, together with the Authority's Bond Resolution and the County Guaranty Agreement, shall be collectively referred to under the Authority Financing Option as the "Program Documents". The Successful Respondent shall be prepared to exercise the rights, and perform all of the duties and obligations of the Company as set forth in the Program Documents.

Section 1.5 Company Financing Option.

(a) Each Respondent may submit a Proposal utilizing funds provided by or on behalf of the Company. There are no Series 2011 Bonds to be issued by the Authority under the Company Financing Option. Funds provided by or on behalf of the Company, whether in the form of equity, mezzanine debt, senior and/or subordinated debt, and/or otherwise, shall, at a minimum, be sufficient to provide for the following, as shall be designated by the Respondent in its Proposal:

(i) The cost of the Renewable Energy Projects for the Series 2011 Local Units (there are no Capital Improvement Projects for the Series 2011 Local Units), which cost shall be determined by the Respondent in their Proposal;

(ii) The sum of the following amounts: (A) the costs incurred by or on behalf of the Authority, the County or the Series 2011 Local Units, including consultants, in developing the Series 2011 Program, and (B) construction management costs to be incurred by or on behalf of the Authority in overseeing the construction and implementation of the Renewable Energy Projects by the Successful Respondent (collectively and under the Company Financing Option, the "Project Development Costs"), which Project Development Costs have been estimated at the time of this RFP by the Authority to total \$3,000,000, to be adjusted in accordance with Section 4.1(d) of this RFP. As there are no Series 2011 Bonds under the Company Financing Option, there is no cost of issuing the Series 2011 Bonds to be provided for under the Company Financing Option, resulting in a lower Project Development Cost; and

[00016570-]

- 17 -

[00016570-]

- 18 -

(iii) Similarly, there is no need to provide for capitalized interest under the Company Financing Option.

(b) The Respondent may also determine to finance reserves, its own soft costs, including development fees and that of its consultants, or such other amounts as it shall deem necessary, desirable or convenient in connection with the Series 2011 Program, regardless of whether the Respondent provides for same in its Proposal (the "Company Development Costs"). None of the Authority, the County or the Series 2011 Local Units is responsible for these Company Development Costs, which are the sole obligation of the Respondent.

(c) Utilizing equity and/or debt (or otherwise) provided by or on behalf of the Company to fund the costs and expenses set forth in this Section 1.5 of this RFP shall be known as the "Company Financing Option".

(d) This RFP has been approved by the Office of the State Comptroller for issuance, including the Company Financing Option. The County has taken all official action required for it to authorize the Series 2011 Program, including the Company Financing Option. The Authority has taken all official action for it to participate in the Series 2011 Program, including the Company Financing Option, except for the award of the Successful Respondent and the approval of the final terms of the Company Financing Documents in order to implement the Series 2011 Program, including the Company Financing Option. The Series 2011 Local Units have each adopted resolutions expressing their interest in participating in the Series 2011 Program, including the Company Financing Option, and are scheduled to take final official action upon the Authority's award of the Successful Respondent to this RFP. The Authority anticipates that all of these remaining official actions shall occur, well within the timeframes for closing established in the Proposed Schedule for the Series 2011 Program set forth in Exhibit 3 to this RFP.

(e) The Company Financing Option is structured as follows.

(i) PPA. Under the Company Financing Option, the Company is providing and/or obtaining through a third party its own financing for one hundred percent (100%) of the costs and expenses set forth in subsections (a) and (b) above (collectively, and under the Company Financing Option, the "Total Project Costs") in the form of equity, mezzanine debt, senior and/or subordinated debt, and/or otherwise. Accordingly, the Company should, to the greatest extent practicable, utilize the form documents required by its funding source(s) (the "Company Funding Documents"). Nevertheless, to the extent the material risk sharing provisions of the PPA are different from those set forth in the attached form of the PPA as set forth in Appendix A to this RFP, (A) such material deviations should be identified in the Proposal, (B) such material deviations may be viewed as a negative factor in the Evaluation Criteria pursuant to Section 6.2 of this RFP, and (C) the Respondent should note if it would be using the form PPA provided, or its own form of PPA, in which latter case such

PPA form (along with any other material documents to be executed or acknowledged by the Authority, the County and/or the Series 2011 Local Units) shall be provided as part of the Proposal. If the Respondent is using the form PPA provided in Appendix A to this RFP, such PPA shall be adjusted to provide the requisite license and other provisions required to make such document work in conjunction with the Local Unit License Agreements.

(ii) Local Unit License Agreements. The Local Unit License Agreements shall continue to provide their primary purposes under the Company Financing Option; i.e., allowing the Company site access to design, permit, acquire, construct, install, operate, and maintain the Renewable Energy Projects, while providing the Local Units with the right and obligation to use and pay for the electricity generated thereby at the PPA Price. The form of the master Local Unit License Agreement is set forth in Appendix A to this RFP. The master Local Unit License Agreement shall be adjusted to conform to the PPA utilized under the Company Financing Option.

(iii) Allocation of Benefits. Under the PPA and the Local Unit License Agreements, as among the Authority, the County, the Series 2011 Local Units, and the Company, so long as the Company is not in default under the Company Documents as hereinafter defined, the Company shall be entitled to all of the following under the Company Financing Option:

- (A) The ITC;
(B) Accelerated Depreciation;
(C) SRECs generated from the Renewable Energy Projects; and
(D) The PPA Price payments made by the Series 2011 Local Units.

(iv) Analogous Provisions to Company Financing Documents under the Authority Financing Option. The Company Financing Documents under the Company Financing Option shall include provisions, as adjusted for the difference in financing structure, similar to those set forth in Section 1.3(g)(vi), and Section 1.3(g)(x) - (xiv) inclusive.

Section 1.6 Company Services Under the Company Financing Option.

(a) The Company Services under the Company Financing Option are set forth in the obligations of the Company under the PPA, the Local Unit License Agreements, and the Company Funding Documents (collectively, under the Company Financing Option, the

"Company Documents" or the "Program Documents"). The Successful Respondent shall be prepared to exercise the rights, and perform all of the duties and obligations of the Company as set forth in the Program Documents.

(b) The Company shall not be obligated to submit the Company Funding Documents as part of the Proposal, unless the Company Funding Documents have a material effect on provisions of the other Program Documents under the Company Financing Option. In such instance, the Company shall either (i) supply the relevant Company Funding Documents as part of the Proposal or (ii) provide excerpts of the relevant provisions thereof as part of the Proposal.

Section 1.7 Material Changes to RFP. The Series 2011 Program differs from the Series 2010 Program, in addition to different Local Units, Local Unit Facilities, and Renewable Energy Projects, in the following material ways:

(a) The Series 2011 Program includes a Company Financing Option. See Sections 1.5 and 1.6 to this RFP.

(b) Appendix F to this RFP has been added to provide Respondents with minimum SREC values in determining the County Deficiency Amount. See Section 1.3(g)(xviii) of this RFP regarding the options available in sizing the County Deficiency Amount.

(c) Section 5.4(j) of this RFP provides for the Respondent to submit an additional redacted version of its Proposal in order to invoke an applicable OPRA exception regarding certain information contained in the Proposal.

~~(insert site visit chart)~~

(c) The locations of such site tours for each Local Unit Facility shall be as set forth in Section 1.1(c) of this RFP. The Authority anticipates that representatives of both the Authority and the respective Series 2011 Local Units shall participate in these site tours, and that plans and site drawings, as available, and other background information concerning the Local Unit Facilities shall be available on the Authority's website prior to each site tour, and possibly available at such site tours. Any such background information shall be deemed to be incorporated in this RFP, as if fully set forth herein, and shall be a part of this RFP. Respondent Contact Persons shall be notified, via e-mail, of any updates or changes to such posted background information, or with respect to any change in the site tour meeting times and locations.

(d) While the Series 2011 Local Units shall make their Local Unit Facilities available to Respondents at the designated times set forth in subsection (b) above, none of the Authority, the County, nor such Series 2011 Local Units accept any responsibility regarding potential injury to person or property of Respondents or any of their accompanying contract parties and/or guests during such site tours. Respondents and any such guests should take care in participating in the site tours, especially in moving on roofs, parking lots or grounds and in handling any electrical equipment. By participating in such site tours, all Respondents and any such guests are deemed to have assumed any and all risks associated with such participation, and all Respondents and any such guests that attend site tours expressly waive any claims or rights related to any of the foregoing that may arise out of the participation by Respondents and any such guests in such site tours. All Respondents and any such guests have been granted a license to attend these site tours for each Local Unit Facility, fully revocable by the Authority or the respective Series 2011 Local Units for any action or inaction deemed inconsistent with policies of the respective Series 2011 Local Units then in effect for visitors, including dress code, noise, safety and the like.

Section 3.4 Proposed Schedule for Series 2011 Program

(a) The Authority's proposed schedule for the remainder of the Series 2011 Program is set forth in Exhibit 3 to this RFP.

(b) The Authority reserves the right to change this schedule from time to time, as circumstances warrant, and no Respondent shall rely on this schedule as a commitment on the part of the Authority to proceed within that time-frame, although the Authority will use commercially reasonable efforts to meet that schedule.

ARTICLE IV

CERTAIN INFORMATION TO BE INCLUDED IN PROPOSALS

Section 4.1 Pricing and Other Terms of Forms A-1-a and A-1-b.

(a) Respondents shall be required to submit, as a portion of Exhibit A to their Proposal (see Section 7.1 of this RFP), a fully completed "Form A-1-a, Authority Financing Option, PPA Price Quotation Sheet" (with respect to the Authority Financing Option, "Form A-1-a") and/or "Form A-1-b, Company Financing Option, PPA Price Quotation Sheet" (with respect to the Company Financing Option, "Form A-1-b"), as the case may be, which forms are set forth in Appendix D-A-1-a and Appendix D-A-1-b, respectively, to this RFP. References in this RFP to "Form A-1" shall be deemed to be references to both Form A-1-a and Form A-1-b. Form A-1-a shall be completed by the Respondent in accordance with the provisions set forth in the subsections (b) and (c) of this Section 4.1 below. Form A-1-b shall be completed by the Respondent in accordance with the provisions set forth in the subsections (b) and (d) of this Section 4.1 below. All Respondents must completely fill out Section A, subsections 1, 2, 3, and 4 of Form A-1, and Section B, subsections 3, 4, 5, 6, 7 (even if to check the no changes box) and 8, 9 and 10 (even if to check the none box) of Form A-1.

(b) Section A of Form A-1. Section A, subsections 1, 2, 3, 4, and 5 of Form A-1 are self-explanatory, although any joint venture or other joint arrangement should identify all entities in the Respondent line item of subsection 1, along with a designation of which entity shall be the managing or lead entity.

(c) Section B of Form A-1-a (Authority Financing Option).

(i) Subsections 1 and 2. These subsections provide general information, and no information is required to be filled out by the Respondent.

(ii) Subsection 3.

(A) Subsection 3(a). Respondents must base their PPA Price (including any escalation), in part, on the Total Project Costs. See Section 1.3(a) - (c), inclusive, of this RFP to determine the Total Project Costs that must be filled out in Section B(3)(a) of Form A-1-a. Note the adjustment footnotes on Form A-1-a, and the references back to the RFP. Regarding Company Development Costs of Section B(3)(e)(iv) of Form A-1-a, please note that while Respondents may include development fees in that amount, Section 509(d) of the Company Lease Agreement limits when such funds can be drawn by the Company (i.e., after all of the Renewable Energy Projects have been constructed and are operational).

[00016370-1]

(B) Subsection 3(b) and (c). See Section 1.3(c) and (d) of this RFP. Respondents shall determine what percentage, of the Total Project Costs, shall be funded with the net proceeds of the Series 2011 Bonds, mindful of the aggregate limitation of \$30,000,000, and what balance, if any, shall be funded from an Equity Contribution. Note that the Series 2011B Note is only being issued for one (1) year's worth of Capitalized Interest on the Series 2011A Bonds. The amount of this Capitalized Interest should be based on the Total Project Cost funded with the Series 2011A Bonds, as determined by the Respondent, established at the TIC interest rate. Note that as stated in Section B(3)(c) of Form A-1-a, any principal amount of Series 2011 Bonds set forth in a Respondent's Proposal in excess of \$30,000,000 shall be automatically converted into an (additional) Equity Contribution of the Respondent.

(C) Subsections 3(d) and (e). See Section 1.3(c)(i), (ii), and (iii) of this RFP. Respondents that have determined to make an Equity Contribution, shall (i) provide either the Equity Contribution Cash Commitment, or the Equity Contribution Consent of Surety, as applicable, in a form that shall be reasonably acceptable to the Authority and (ii) check the appropriate box in Section B(3)(c)(i) or (ii) of Form A-1-a. If the appropriate form is not supplied with the Proposal, the Respondent should so note same in the Proposal, and estimate an approximate delivery date for such form, which date shall be no later than September 27, 2011. The structure and material terms of the applicable form submitted or to be submitted shall be set forth by the Respondent in Section B(3)(d) of Form A-1-a.

(iii) Subsection 4.

(A) Subsection 4(a). Each Respondent must determine the annual dollar price or prices, per kWh (the "PPA Price"), at which the Respondent will agree to sell all of the electricity generated from all of the Renewable Energy Projects to the eleven (11) Series 2011 Local Units. The Respondent must set forth this single PPA Price applicable to all eleven (11) Series 2011 Local Units, in \$ per kWh, (assuming a TIC of 5.00% for the Series 2011 Bond portion of the Authority Financing Option), from the Commencement Date applicable to each Series 2011 Local Unit (i.e., when all of the Renewable Energy Projects for a particular Series 2011 Local Unit have been completed) for one

[00016370-1]

year from the applicable Commencement Date, to but excluding the first anniversary of such Commencement Date. With \_\_\_\_\_ ( ) Local Units Facilities and \_\_\_\_\_ ( ) Series 2011 Local Units, there shall be only \_\_\_\_\_ ( ) Commencement Dates.

(B) Subsection 4(b)(i). The Authority reserves the right to increase or decrease the amount of the Project Development Costs, and will pass through such increase or decrease in a comparable post-Proposal submission adjustment to the PPA Price (see Section B(4)(b)(i) of Form A-1-a). Any such post-Proposal submission adjustment will not impact the evaluation of the Proposals and the determination of the Successful Respondent. As such, the only Respondent that the subject adjustment will be discussed with, is the Successful Respondent. In Section B(4)(b)(i) of Form A-1-a, Respondents must set forth an adjustment factor to the PPA Price for each \$100,000 change in the Project Development Costs in the initial year of the PPA Price (from the Commencement Dates) due to the fact that the Project Development Costs (presently estimated at \$[Project Development Costs] million) portion of Total Project Costs will not be finally determined until the execution of Program Documents (see Exhibit 3 to this RFP for the estimated Series 2011 Bond sale and closing schedule). Such Project Development Costs may increase or decrease, so Respondents should carefully select this adjustment factor, as the ultimate PPA Price shall be increased or decreased by such adjustment factor, and the intent is to hold the Successful Respondent harmless from any such increase, and to prevent the Successful Respondent from receiving a windfall from any such decrease.

(C) Subsection 4(b)(ii). As the TIC payable on the Series 2011 Bonds will not be determined until the sale date of the Series 2011A Bonds, the Authority will pass through to the Successful Respondent the actual TIC on the Series 2011A Bonds. In Section B(4)(b)(ii) of the Form A-1-a, Respondent must set forth an adjustment factor to the PPA Price in the initial year of the PPA Price (from the Commencement Dates) to adjust for any change in the interest rate (computed on the basis of the aggregate yield to maturity, or "TIC," as described below) on the Series 2011 Bonds from the current TIC rate of 5.00% (computed as the rate, compounded semi-annually, necessary to discount the debt service payments on the Series 2011A Bonds to the purchase price for the Series 2011A Bonds). Such TIC may increase or decrease, so

00016170-1

- 31 -

Respondents should carefully select this adjustment factor, as the ultimate PPA Price shall be increased or decreased by such adjustment factor, and the intent is to hold the Successful Respondent harmless from any such increase, and to prevent the Successful Respondent from receiving a windfall from any such decrease. The Authority intends to sell the Series 2011B Note either to the County at the TIC for the Series 2011A Bonds, or if it can achieve the same or lower TIC, through a private placement. For purposes of its Proposal, the Respondent can assume the same TIC for the Series 2011B Note as for the Series 2011A Bonds.

For example, if at the time of the sale of the Series 2011 Bonds, when all numbers are finalized, assume interest rates on the Series 2011 Bonds (calculated as the TIC) were to decrease to 5.00% from the 4.50% estimated in the RFP over the life of the Series 2011 Bonds, resulting in a total interest cost savings of approximately \$1,930,000. Also assume that Project Development Costs increased from \$[Project Development Costs] million to \$2,250,000.00. Combining the two, there would be a net decrease in costs of \$1,630,000 (\$1,930,000 - \$300,000). If the annual PPA Price adjustment factor proposed by the Respondent for each \$5,000 change in cost was 0.000029, since there were three hundred and twenty-six (326) changes of \$5,000 in order to give back the extra \$1,630,000 actually saved when final cost numbers came in, the PPA Price would be decreased, before the escalation factor were to be applied, by .009454 cents ( $0.000029 \times 326$ ). The converse would be true, and the PPA Price would be automatically adjusted higher by .009454 cents, if the \$1,630,000 net reduction in cost were in fact a net increase in cost to be included in or borne by the Series 2011 Bonds.

(D) Subsection 4(c). Section B(4)(c) of Form A-1-a allows the Respondent to propose an escalation factor (Respondents can fill in "none" if no escalation is proposed) expressed as a percentage of the increase in the PPA Price over the prior year PPA Price. In order to determine the PPA Price (plus any escalation factor), Respondents should consider, as a minimum, all of the Program benefits to the Successful Respondent, including without limitation, the size of the transaction, funding supplied from the Authority at below commercially available costs of capital, the Federal tax benefits, SRECs, and the PPA Price initially established by the Respondent.

- 32 -

(E) If either of the adjustments set forth in sub-clause (B) (Project Development Costs) or (C) (TIC) above results in a net increase in cost to the Company, the annual PPA Price shall be automatically increased (such increase to be reflected in the PPA Price table to be included in the PPA) by the recurring upward adjustment in the annual PPA Price proposed by the Successful Respondent in Section B(4)(b) of Form A-1. If either of the adjustments results in a net decrease in cost to the Company, the annual PPA Price shall be automatically decreased (such decrease to be reflected in the PPA Price table to be included in the PPA) by the recurring downward adjustment in the annual PPA Price proposed by the Successful Respondent in Section B(4)(b) of Form A-1. Note that this adjustment shall occur prior to the application of any escalation factor contemplated in sub-clause (D) above, as this adjustment is intended to produce what would have been the PPA Price, prior to escalation, were the interest cost of the Series 2011 Bonds and the final Project Development Costs known at the time of this RFP. Each Respondent expressly acknowledges that by the submission of their respective Proposals, and without any further act, any such adjustment (increase or decrease) in the PPA Price from that set forth in Section B(4)(a) of Form A-1 shall be automatically binding on the Successful Respondent, and that any such adjustment shall not serve as the basis for any non-Successful Respondent to challenge any award under this RFP. Unless specified otherwise in a Respondent's Proposal, the information set forth by the Respondent in Sections B(4)(a), (b) and (c) of Form A-1-a shall be based on the amortization schedule set forth in Appendix E to this RFP. The amortization schedule set forth in Appendix E provides for a level amortization of principal. As noted in clause (iv) below, Respondents may propose an accelerated amortization schedule.

(iv) Subsection 5. The Respondent can accept the level principal amortization schedule for the Series 2011A Bonds, as reflected in the mirror Basic Lease Payment structure set forth in Exhibit E to the RFP, by checking box (a) in Section B(5) of the Form A-1-a. If the Respondent desires a level principal amortization schedule, but on a reduced principal amount of Series 2011A Bonds (e.g., due to an Equity Contribution), or after one (1) or more initial large payments, then the Respondent shall check box (b) in Section B(5) of the Form A-1-a, and provide the revised schedule attached to the Form A-1-a. Alternatively, if the Respondent desires an accelerated principal amortization schedule, then the Respondent shall check box (c) in Section B(5) of the Form A-1-a, and provide the revised schedule attached to the Form A-1-a.

(v) Subsection 6. See Sections 1.3(g)(xv) - (xix), inclusive, to determine whether the County Deficiency Amount can be eliminated, or if not eliminated, minimized. If the County Deficiency Amount cannot be eliminated, it must be funded. See sub-clause (B) below.

(A) If the County Deficiency Amount can be eliminated through the financing structure proposed by the Respondent in their Proposal, the Respondent should check box (i) in Section B(6)(a) of Form A-1-a, and set forth the reasoning for same in Section B(6)(b) of Form A-1-a.

(B) Respondents that have identified a County Deficiency Amount of > \$0, regardless of whether minimized, shall (i) provide either the County Security Cash Commitment, or the County Security Consent of Surety, as applicable, in a form that shall be reasonably acceptable to the Authority and (ii) check the appropriate box in Section B(6)(a)(iii) ((A) or (B)) of Form A-1-a. If the appropriate form is not supplied with the Proposal, the Respondent should so note same in the Proposal, and estimate an approximate delivery date for such form, which date shall be no later than September 27, 2011. The structure and material terms of the applicable form submitted or to be submitted shall be set forth by the Respondent in Section B(6)(b) of Form A-1-a.

(vi) Subsection 7. See Sections 7.2(c) to determine whether the Respondent shall exercise its option to provide Restoration Security. If the option to provide Restoration Security is to be properly exercised, and to receive a positive Evaluation Criteria, it must be funded. See sub-clause (B) below.

(A) If the Respondent is not providing any Restoration Security in their Proposal, the Respondent should check box (i) in Section B(7)(a) of Form A-1-a, and set forth the reasoning for same in Section B(7)(b) of Form A-1-a.

(B) Respondents that desire a positive Evaluation Criteria by providing Restoration Security shall (i) provide either the Restoration Security Cash Commitment, or the Restoration Security Consent of Surety, as applicable, in a form that shall be reasonably acceptable to the Authority and (ii) check the appropriate box in Section B(7)(a)(iii) ((A) or (B)) of Form A-1-a. If the appropriate form is not supplied with the Proposal, the Respondent should so note same in the Proposal, and estimate an approximate delivery date for such form, which date shall be no

later than September 27, 2011. The structure and material terms of the applicable form submitted or to be submitted shall be set forth by the Respondent in Section B(7)(b) of Form A-1-a.

(vii) Subsection 8.

(A) Subsection 8(a). Section B(8)(a) of Form A-1-a requires that the Respondent set forth the amount of electricity to be generated by each of the Renewable Energy Projects for each Series 2011 Local Unit on each Program Local Unit Facility, measured in kW (dc), and post inversion, annual kWh (ac) for each year of the fifteen (15) year PPA.

(B) Subsection 8(b). Section B(8)(b) of Form A-1-a requires that Respondents set forth the guaranteed amount of electricity to be generated by the Renewable Energy Projects for each Series 2011 Local Unit, measured in kW (dc), and post inversion, annual kWh (ac) for each year of the fifteen (15) year PPA. A true-up payment is required of the Company under the PPA in the event any such production is not met. In such instance, the difference between the PPA Price, and the amount paid by the Series 2011 Local Unit to the existing local electric utility distribution provider (i.e. which in the case of the Local Unit Facilities for the \_\_\_\_\_, is the \_\_\_\_\_, and in the case of the Local Unit Facilities for the other Series 2011 Local Units, is the Jersey Central Power & Light Company) for the amount of electricity guaranteed, but not provided, by the Successful Respondent, is the true-up amount owed by the Company under the PPA. Note that the PPA also provides an offset in the PPA Price, to the extent any such true-up payment is not timely made by the Company under the PPA. Please take particular note of Section 6.1 of the PPA, including the minimum output guarantees.

(viii) Subsection 9. Section B(9) of Form A-1-a allows Respondents to propose material changes to Program Documents, if any. Please note that in accordance with Section 5.1(f) and 6.2(k) (Evaluation Criteria) of this RFP, any changes that adversely affect the Series 2011 Program (as determined by the Authority) are strongly discouraged. By the Authority's award (conditional or otherwise) to a Successful Respondent, the Authority shall not have accepted any such changes, which if accepted by the Authority in whole or in part or in modified form, shall only be evidenced by duly authorized, executed and delivered Program Documents reflecting such accepted changes. Unless the Authority specifically accepts any such material changes in writing, Respondents

100016370-1

available and sufficient to allow the Successful Respondent to complete construction and reach the Commencement Dates for all Series 2011 Local Units by the one (1) year anniversary of executing and delivering the PPA.

(iii) Subsection 4.

(A) Subsection 4(a). Each Respondent must determine the annual dollar price or prices, per kWh (the "PPA Price"), at which the Respondent will agree to sell all of the electricity generated from all of the Renewable Energy Projects to the eleven (11) Series 2011 Local Units. The Respondent must set forth this single PPA Price applicable to all \_\_\_\_\_ ( ) Series 2011 Local Units, in \$ per kWh, from the Commencement Date applicable to each Series 2011 Local Unit (i.e., when all of the Renewable Energy Projects for a particular Series 2011 Local Unit have been completed) for one year from the applicable Commencement Date, to but excluding the first anniversary of such Commencement Date. With \_\_\_\_\_ ( ) Local Unit Facilities and \_\_\_\_\_ ( ) Series 2011 Local Units, there shall be only \_\_\_\_\_ ( ) Commencement Dates.

(B) Subsection 4(b)(i). The Authority reserves the right to increase or decrease the amount of the Project Development Costs, and will pass through such increase or decrease in a comparable post-Proposal submission adjustment to the PPA Price (see Section B(4)(b)(i) of Form A-1-b). Any such post-Proposal submission adjustment will not impact the evaluation of the Proposals and the determination of the Successful Respondent. As such, the only Respondent that the subject adjustment will be discussed with, is the Successful Respondent. In Section B(4)(b)(i) of Form A-1-b, Respondents must set forth an adjustment factor to the PPA Price in the initial year of the PPA Price (from the Commencement Dates) due to the fact that the Project Development Costs (presently estimated at \$1.2 million) portion of Total Project Costs will not be finally determined until the execution of Program Documents (see Exhibit 3 to this RFP for the estimated closing schedule for the Program Documents, including the PPA). Such Project Development Costs may increase or decrease, so Respondents should carefully select this adjustment factor, as the ultimate PPA Price shall be increased or decreased by such adjustment factor, and the intent is to hold the Successful Respondent harmless from any such increase, and to

should deem all requested changes denied. If there are no material changes being proposed, Respondents should check the box in Section B(9)(a) marked no changes.

Notwithstanding the foregoing, should Respondents strongly desire Program Document changes, the Authority will consider any Program Document changes proposed during the question and answer period. If accepted by the Authority, in its sole discretion, such changes would be available to all Respondents. The Authority reserves the sole and exclusive right to accept, reject or modify any and all such changes proposed by a Respondent during the question and answer period. Any changes received either in Form A-1-a, or outside of the question and answer time period, will be dealt with as noted in the paragraph above.

(xi) Subsection 10. Section B(10) of Form A-1-a allows Respondents to propose additional economic benefits, as contemplated by Section 5.2 of this RFP. If there are no additional economic benefits being proposed, Respondents should check the box in Section B(10)(a) marked none.

(x) Subsection 11. Section B(11) of Form A-1-a allows Respondents, at their option, the ability to provide early termination and end of term fair market value purchase option prices or formulas for each of the Renewable Energy Projects. The Authority reserves the right as to whether it desires to include any such prices in the Program Documents.

(d) Section B of Form A-1-b (Company Financing Option).

(i) Subsections 1 and 2. These subsections provide general information, and no information is required to be filled out by the Respondent.

(ii) Subsection 3.

(A) Subsection 3(a). Respondents must base their PPA Price (including any escalation), in part, on the Total Project Costs. See Section 1.5(a) - (c), inclusive, of this RFP to determine the Total Project Costs that must be filled out in Section B(3)(a) of Form A-1-b. Note the adjustment footnotes on Form A-1-b, and the references back to the RFP.

(B) Subsection 3(b). Respondents should set forth the sources, structure, and material terms of the Company Financing Option, so that the Authority can receive comfort that the funds to implement the Renewable Energy Projects for the Series 2011 Local Units at the Local Unit Facilities will be timely

100016370-1

- 36 -

prevent the Successful Respondent from receiving a windfall from any such decrease.

(C) Subsection 4(c). Section B(4)(c) of Form A-1-b allows the Respondent to propose an escalation factor (Respondents can fill in "none" if no escalation is proposed) expressed as a percentage of the increase in the PPA Price over the prior year PPA Price. In order to determine the PPA Price (plus any escalation factor), Respondents should consider, at a minimum, all of the Program benefits to the Successful Respondent, including without limitation, the size of the transaction, the Federal tax benefits, SRECS, and the PPA Price initially established by the Respondent.

(iv) Subsection 5. See Sections 7.2(c) to determine whether the Respondent shall exercise its option to provide Restoration Security. If the option to provide Restoration Security is to be properly exercised, and to receive a positive Evaluation Criteria, it must be funded. See sub-clause (B) below.

(A) If the Respondent is not providing any Restoration Security in their Proposal, the Respondent should check box (i) in Section B(5)(a) of Form A-1-b, and set forth the reasoning for same in Section B(5)(b) of Form A-1-b.

(B) Respondents that desire a positive Evaluation Criteria by providing Restoration Security shall (I) provide either the Restoration Security Cash Commitment, or the Restoration Security Consent of Surety, as applicable, in a form that shall be reasonably acceptable to the Authority and (II) check the appropriate box in Section B(5)(a)(iii) ((A) or (B)) of Form A-1-b. If the appropriate form is not supplied with the Proposal, the Respondent should so note same in the Proposal, and estimate an approximate delivery date for such form, which date shall be no later than September 27, 2011. The structure and material terms of the applicable form submitted or to be submitted shall be set forth by the Respondent in Section B(5)(b) of Form A-1-b.

(v) Subsection 6.

(A) Subsection 6(a). Section B(6)(a) of Form A-1-b requires that the Respondent set forth the amount of electricity to be generated by each of the Renewable Energy Projects for each Series 2011 Local Unit on each Program Local

Unit Facility, measured in kW (dc), and post inversion, annual kWh (ac) for each year of the fifteen (15) year PPA.

(B) **Subsection 8(f)** Section B(6)(b) of Form A-1-b requires that Respondents set forth the guaranteed amount of electricity to be generated by the Renewable Energy Projects for each Series 2011 Local Unit, measured in kW (dc), and post inversion, annual kWh (ac) for each year of the fifteen (15) year PPA. A true-up payment is required of the Company under the PPA in the event any such production is not met. In such instance, the difference between the PPA Price, and the amount paid by the Series 2011 Local Unit to the existing local electric utility distribution provider (i.e. which in the case of the Local Unit Facilities for the \_\_\_\_\_ is the \_\_\_\_\_ and in the case of the Local Unit Facilities for the other Series 2011 Local Units, is the Jersey Central Power & Light Company) for the amount of electricity guaranteed, but not provided, by the Successful Respondent, is the true-up amount owed by the Company under the PPA. Note that the PPA also provides an offset in the PPA Price, to the extent any such true-up payment is not timely made by the Company under the PPA. Please take particular note of Section 6.1 of the PPA, including the minimum output guarantees.

(vi) **Subsection 7** Section B(7) of Form A-1-b allows Respondents to propose material changes to Program Documents, if any. Please note that in accordance with Section 5.1(f) and 6.2(k) (Evaluation Criteria) of this RFP, any changes that adversely affect the Series 2011 Program (as determined by the Authority) are strongly discouraged. By the Authority's award (conditional or otherwise) to a Successful Respondent, the Authority shall not have accepted any such changes, which if accepted by the Authority in whole or in part or in modified form, shall only be evidenced by duly authorized, executed and delivered Program Documents reflecting such accepted changes. Unless the Authority specifically accepts any such material changes in writing, Respondents should deem all requested changes denied. If there are no material changes being proposed, Respondents should check the box in Section B(7)(a) marked no changes.

Notwithstanding the foregoing, should Respondents strongly desire Program Document changes, the Authority will consider any Program Document changes proposed during the question and answer period. If accepted by the Authority, in its sole discretion, such changes would be available to all Respondents. The Authority reserves the sole and exclusive right to accept, reject or modify any and all such changes proposed by a Respondent during the question

and answer period. Any changes received either in Form A-1-b, or outside of the question and answer time period, will be dealt with as noted in the paragraph above.

(vii) **Subsection 8** Section B(8) of Form A-1-b allows Respondents to propose additional economic benefits, as contemplated by Section 5.2 of this RFP. If there are no additional economic benefits being proposed, Respondents should check the box in Section B(8)(a) marked none.

(viii) **Subsection 9** Section B(9) of Form A-1-b allows Respondents, at their option, the ability to provide early termination and end of term fair market value purchase option prices or formulas for each of the Renewable Energy Projects. The Authority reserves the right as to whether it desires to include any such prices in the Program Documents.

#### Section 4.2. Renewable Energy Projects.

(a) The Authority is providing technical specifications attached as Appendix C to this RFP as a preliminary guide for the final design of the Renewable Energy Projects. Respondents must maintain the existing roof warranties associated with each of the Series 2011 Local Unit Facilities, as detailed in Appendix B-1 to this RFP. These plans should be considered as the minimum requirements to satisfy this RFP. The technical design proposed by the Respondents must meet the Authority's goals as indicated in this RFP. This preliminary Renewable Energy Project configuration is being provided to Respondents as a guide only and Respondents are not bound by the configuration set forth in Appendix C to this RFP.

(b) Respondents are encouraged to propose innovative (but achievable) Renewable Energy Project designs to maximize the value of the Renewable Energy Projects to the Authority and its Series 2011 Local Units. However, the Renewable Energy Projects must meet the technical specifications set forth in Appendix C to this RFP including maintaining the existing roof warranties associated with each of the Series 2011 Local Unit Facilities as set forth in Appendix B-1, must comply with all BPU Clean Energy Program technical and administrative requirements, and must satisfy aesthetic considerations as determined by the Authority and the Series 2011 Local Units.

(c) The Authority is aware that the removal of trees at certain Local Unit Facilities could increase the size of the Renewable Energy Projects. Respondents should submit their proposals based upon existing conditions at Program Local Unit Facilities. The Authority intends to work with the Successful Respondent and the Series 2011 Local Units to determine a reasonable number of trees that could be removed at certain Local Unit Facilities to allow for an increase in the overall size of the Renewable Energy Projects.

## ARTICLE V

### PROCEDURES FOR SUBMISSION OF PROPOSALS

#### Section 5.1 Substantive Requirements for Proposals.

In order to be responsive, Proposals must include all of the information required in this Section 5.1 of this RFP. Notwithstanding the foregoing, Section 5.1(f) is included in this Section of this RFP because if such changes are to be proposed to the Program Documents, they must be disclosed at the time of the submission of the Proposal, and be included in the Proposal. Accordingly, the inclusion of Section 5.1(f) in the following list is NOT intended to require that a Respondent submits material changes to the Program Documents (note that material changes to Program Documents are negatively viewed in the Section 6.2 Evaluation Criteria).

(a) Proposals must include the legal name of the Respondent and a statement identifying the Respondent as a sole proprietor, joint venture, partnership, single purpose entity, corporation or other legal entity, as appropriate. The Proposal must indicate whether or not the Respondent intends to form a special purpose entity to own and operate the Renewable Energy Projects, and the proposed ownership structure of that special purpose entity (including the entities) that would execute the Company Pledge Agreement. The original Proposal shall be executed by the person or persons legally authorized to bind the Respondent. A Proposal by a limited liability company or corporation shall further set forth the state of organization or incorporation, as applicable, and whether the Respondent is qualified to transact business in the State as a foreign corporation or other business entity. The Company will be required to have a business registration certificate by the execution of all Program Documents (see <http://www.state.nj.us/treasury/revenue/businesscert.shtml>). A Proposal submitted by an agent shall have a current power of attorney attached certifying the agent's authority to bind the Respondent.

(b) Proposals must also include the following information about the Respondent:

(i) **Respondent History/Qualification.** Provide a detailed history of Respondent and a statement of qualifications including a description of comparable services provided for comparable projects including dates. Respondent must demonstrate a minimum of three (3) years experience for design, construction, and installation of Renewable Energy Projects of a similar size and scope (not all joint venture partners need comply, although lack of experience of the entire team can be considered negatively in the Evaluation Criteria), and provide at least three (3) references, including contact information, for projects of similar size and scope.

(ii) **Financial Qualifications.** Provide evidence that Respondent has the financial ability to perform the required Company Services.

Respondent must provide complete financial statements, including the following statements for the current fiscal year-to-date and the prior fiscal year: balance statement (detailing cash and cash equivalents, current assets, current liabilities, stockholder equity), statement of operations (detailing pre-tax earnings) and statement of cash flows. The Respondent shall also submit any other information that the Respondent believes to be relevant to demonstrate its financial strength. In the case of a subsidiary, statements must provide information with respect to the operating entity. The Authority reserves the right to submit the financial statements to the rating agencies in connection with the rating agencies review of an Authority's Series 2011 Bonds. The rating agencies have agreed to keep the content of said financial statements confidential, although the Authority shall not be responsible to Respondent should the rating agencies act in a different manner.

(c) Proposals must also include the following:

(i) Proposed PPA Price and other pricing elements specified in Section 4.1 and Appendix D (Form A-1) of this RFP, including without limitation Total Project Cost, a component breakout of Total Project Cost, and the amount of electricity generated by each of the Renewable Energy Projects, measured in kW (dc), and post inversion, annual kWh (ac);

(ii) Proposed Renewable Energy Project Technical Design consistent with Sections 4.2 and 4.3 and Appendix C of this RFP;

(iii) Proposal and Construction Bonding requirements consistent with Section 7.2 of this RFP; and

(iv) Insurance Requirements consistent with Section 7.3 of this RFP.

(d) The following attachments must be included in the Proposal.

(i) Proposal Form A-1 PPA Price Quotation Sheet(s)<sup>12</sup>

(ii) Proposal Form A-2 Respondent Information / Cover Letter Form,

(iii) Proposal Form A-3 Consent of Surety Form

(iv) Proposal Form A-4<sup>13</sup> Agreement for Proposal Security In Lieu of Proposal Bond;

- (xi) Proposal Form A-11 Sealed Proposal Checklist (See Exhibit 2);

(f) The Authority has taken great care to craft the Series 2011 Program, and as discussed elsewhere in this RFP, has received virtually all approvals of the applicable governing bodies, including the State, for this Series 2011 Program. Accordingly, the Authority shall not look to accept any material changes to the forms of the Program Documents attached as Appendix A to this RFP, and Respondents should be aware that any such proposed changes could be a negative factor in any Evaluation Criteria. However, if a Respondent believes it is absolutely necessary to materially change any of the terms and provisions of the Program Documents set forth in Appendix A to this RFP (and this includes any of Respondent's team, such as the County Security Provider), Respondent *must* include said changes in its Proposal at the time of submission, along with a detailed explanation clearing setting forth justification for the proposed changes (See Section B(9) of Form A-1-a, and Section B(7) of Form A-1-b). The Authority reserves the right, in its sole discretion and in accordance with applicable law, to determine whether or not to accept or reject any proposed material changes to the form of such Program Agreements.

#### Section 5.2 Permitted Inclusions in Proposals.

In addition to the items that must be included in the Proposals as set forth in Section 5.1 of this RFP, the following items may be included, each to be considered an option under applicable competitive contracting law. To the extent, pursuant to this Section 5.2, other items are included in submitted Proposals, the Authority may consider any such potential inclusion a positive or negative factor in its Evaluation Criteria, depending on the nature of the inclusion. The Authority reserves the right in its sole discretion and in accordance with applicable law to determine whether or not to accept or reject any permitted inclusion in the Proposals as part of

the Series 2011 Program, regardless of any perceived benefits to the Authority and/or the Series 2011 Local Units.

(a) The Respondent may include a form of the proposed County Security Agreement, so long as it meets the minimum criteria for such County Security Agreement as outlined in Section 1.3(g)(vii) of this RFP. In preparing or causing the preparation of any such County Security Agreement, Respondents should cause their County Security Provider, if any, to be mindful of Section 5.1(f) of this RFP. It is also acceptable, and shall not be evaluated as a negative factor in the Evaluation Criteria, for a Respondent to include a general form of County Security Agreement from any such County Security Provider, so long as it is clearly marked as such, thereby making it clear to both the Authority and any Successful Respondent that such document is a general form, and is not intended to be providing material changes to other Program Documents strongly discouraged by Section 5.1(f) of this RFP.

(b) Respondents may include a summary of any additional benefits to be provided to the Authority and/or the Series 2011 Local Units beyond that set forth in the Program Documents. The Respondents are encouraged to be creative in the benefits offered. In addition to the benefits afforded to the Authority by the PPA Price, such benefits offered might include the following: (i) a sharing in the SREC market revenues realized, (ii) a sharing in any federal or State tax benefits realized, (iii) a sharing in any other financial / environmental market value realized, (iv) end of contract provisions and options beyond those included in the Program Documents (i.e., (A) extension of PPA if permitted under applicable law, upon then applicable to be determined terms, such as PPA Price, (B) sale of Renewable Energy Projects to Series 2011 Local Units for fair market value, or (C) removal of Renewable Energy Projects from Local Unit Facilities by and for the Company), and (v) additional services to be performed by the Respondent in addition to the Company Services. The Authority is mindful of tax considerations, and is willing to consider commercially reasonable arrangements to provide same.

(c) Optimally, the Authority would prefer to share, on an equitable to be determined basis, any future, but at this time unknown financial / environmental benefits attributable to the Renewable Energy Projects or the Series 2011 Program, including but not limited to the refunding of any Series 2011 Bonds, either by the Authority or the Successful Respondent, and any savings generated by such refunding. In the event such benefits are not easily monetized, a sharing methodology would need to be developed at the time of any precipitating event. The Respondents may desire to include in their Proposals, as part of Section 5.2(b), any suggested allocation or other offers regarding these concepts, to be worked into the Program Documents if amenable to the Authority and the Series 2011 Local Units.

#### Section 5.3 Proposals Governed by Applicable Law.

In order for the Authority to consider a Proposal, any such Proposal, and the terms it proposes with respect to the Company Services, must comply with all applicable law, including

[00016370-1]

the procurement law of the State. The Authority suggests that each Respondent take particular note of the following:

(a) The provisions of Article I of this RFP that guided the structure of this Series 2011 Program, and to which the Authority must adhere.

(b) Any Successful Respondent and its subcontractors, if any, must comply with all "Buy American" statutes and regulations, including N.J.S.A. 40A:11-18. Given the lack of regulations interpreting N.J.S.A. 40A:11-18, the Authority reserves the right to accept non-domestic materials under this RFP in accordance with guidance provided by N.J.S.A. 52:33-2 and 52:33-3 in the event: (i) it determines the use of domestic materials is "impractical" or "inconsistent with the public interest;" (ii) it determines that the cost of using domestic materials is "unreasonable;" or (iii) domestic materials of the class or kind sought are not mined, produced, or manufactured, as the case may be, in the United States in commercial quantities and of a quality satisfactory to the Authority.

(c) Respondent(s) shall not offer any gratuities, favors, or anything of monetary value to any official or employee of the Authority, any Authority consultant working on this RFP or the State for the purpose of influencing consideration of any Proposal. Any attempt shall be reported to the proper law enforcement authorities.

#### Section 5.4 Procedural Requirements and Other Matters for Proposals.

(a) One original and nine (9) copies of a fully authorized, completed (in accordance with the terms of this RFP, including Section 7.1 hereof), executed and sealed (either opaque envelopes or boxes may be used if necessary or desirable, so long as the Respondent and RFP are clearly marked on the outside) Proposal are due from Respondents by 1:00 p.m., Eastern time, [Due Date] (time is of the essence, the "Due Date"), to be delivered to the following address:

- (i) The Morris County Improvement Authority  
Administration and Records Building  
10 Court Street  
P.O. Box 900  
Morristown, New Jersey 07963-0900  
Attention: John Bonanni, Chairman

(ii) Immediately thereafter, Proposals will be opened and acknowledged as timely received. For each such Proposal, the Respondent, PPA price and escalation factors (per each alternative submitted) shall be publicly read by or on behalf of the Authority. No further action is required to be taken on the due date. Proposals received after that time and date will be returned unopened. The Respondents shall assume full responsibility for timely delivery at the location designated for the receipt of Proposals.

[00016370-1]

(iii) See Section 5.4(j) of this RFP for the option of submitting a redacted version of the Proposal under OPRA.

(iv) Each Respondent may submit up to three (3) alternative Proposals using the Authority Financing Option, and up to one (1) Proposal using the Company Financing Option, for a total of four (4) Proposals. Assuming each of the up to four (4) Proposals conform to the requirements of this RFP, the Authority will review, consider and report on all such Proposals submitted. Pursuant to Section 1.3(g)(xviii), Respondents submitting under both Option F-1 and Option F-2 are deemed to have submitted one (1) Proposal under the Authority Financing Option, and a second alternative Proposal under the Authority Financing Option (leaving the Respondent with the ability to submit one (1) more alternative Proposal under each of the Authority Financing Option and the Company Financing Option). Respondents are encouraged, but not required, to submit a Proposal under each of the Authority Financing Option and the Company Financing Option. The Authority may, in its sole discretion, determine to review, consider and report on (A) Proposals in excess of the maximum number and type of permitted Proposals and/or (B) non-conforming Proposals (with defects other than fatal defects under applicable law), particularly if such Proposals provide the Authority, the County, the Series 2011 Local Units and/or the Series 2011 Program with one (1) or more of the Evaluation Criteria to a material degree not found in the other Proposals.

(b) The Proposal should be accompanied by a PDF of the Proposal on a CD-ROM or other disc or flash drive.

(c) All comments and questions concerning any facet of this RFP, including the corresponding procedures and requirements for submitting the Proposal, must be addressed in writing, no later than the time established in the Proposed Schedule for the Series 2011 Program set forth in Exhibit 3 to this RFP.

- (i) if via hard copy, to the following address:

[00016370-1]

(d) Oral or telephonic Proposals, and letter Proposals (without meeting the requirements of this RFP) are invalid and will not receive consideration by the Authority.

(e) The Authority presumes that Submission of a Proposal signifies careful examination of this RFP by the Respondent, and a complete understanding by the Respondent of the nature, extent and location of the Company Services to be performed as part of the Series 2011 Program, and a thorough due diligence of the Local Unit Facilities of the Series 2011 Local Units with respect to the contemplated Renewable Energy Projects. Accordingly, prior to submitting a Proposal, each Respondent shall make all investigations and examinations necessary to ascertain conditions and requirements affecting provision of the proposed Company Services. Failure to make such investigation and examinations shall not relieve the Successful Respondent of the obligation to comply, in every detail, with all provisions and requirements, nor shall it be a basis for any claim whatsoever for alteration in any provision required by this RFP or the Program Documents.

(f) During the RFP process and prior to the award to a Successful Respondent, no contact shall be made by any prospective Respondent, or any of their agents or advisors or contract parties, including subcontractors and counsel, with any board member or staff of the Authority, the County or the Series 2011 Local Units, or any of their agents, advisors or contract parties, except (i) as expressly provided for in this RFP (e.g., Local Unit Facility site tours, design review by Local Unit Facility roof warrantors) and (ii) in compliance with Section 5.4(c) and 5.5 of this RFP. Failure to abide by these guidelines is cause for an automatic rejection of an otherwise qualified Proposal. Respondents are responsible for the actions of their agents, advisors or contract parties.

(g) The Proposals and any information made a part of the Proposals shall become part of the Authority official files without any obligation on the Authority's part to compensate, or return them to, the individual Respondent(s).

(h) This RFP and the Successful Respondent's Proposal may, by reference, become part of any formal contract between the Authority and Respondent, including any Program Document. Only the due authorization, execution and delivery by the Successful Respondent, the Authority, and any other party or parties to the Program Documents creates a valid and binding obligation of all such entities, notwithstanding any award to a Successful Respondent, which award is and shall be conditional until and unless such Program Documents are so authorized, executed and delivered. The Successful Respondent is not entitled to any excess Series 2011 Bond authorization capacity, although the Authority may utilize same in the Series 2011 Program, but at the Authority's sole discretion.

(i) The following is the Authority's policy regarding modification or withdrawal of Proposals:

(i) A Proposal may not be modified, withdrawn or canceled by the Respondent for a period of sixty (60) days from the Proposal submission due

1000165700

provided to the public; the said information shall not be disclosed without first notifying the Respondent in writing.

(v) A Respondent claiming that any portion of its Proposal constitutes trade secrets and proprietary commercial or financial information that is expressly precluded from public disclosure pursuant to N.J.S.A. 47:1A-1.1 of OPRA or such other applicable exception to OPRA shall:

(A) Expressly state such position and request such treatment, in the cover letter accompanying the Proposal or elsewhere clearly marked in the Proposal;

(B) Provide an accompanying affidavit of an authorized officer of the Respondent supporting the reasoning for such exclusion; and

(C) Provide one (1) additional copy of the Proposal, with the confidential information redacted using any reasonable means, along with a CD-ROM disk of the redacted Proposal in PDF format, both included in a sealed envelope marked "Redacted Version of Proposal submitted by [fill in name of Respondent] for OPRA purposes". The Authority reserves the right to make all determinations under OPRA regarding whether the redacted material is entitled to any such OPRA exception, so long as the Authority notifies the Respondent Contact Person in writing prior to responding to any valid OPRA request through the Authority's dissemination of the Proposal in response to any such valid OPRA request, but only if the Authority disagrees with the Respondent as to the OPRA exception sought for any portion of the redacted Proposal. Further, the Authority reserves the right to request another redacted version of the Proposal (and accompanying CD-ROM) to the extent the Authority so disagrees as to the applicability of any such OPRA exception to any portion of the redacted Proposal submitted by the Respondent.

#### Section 5.5 Clarification of Proposals.

(a) Each Respondent shall carefully examine the Local Unit Facilities and this RFP, and thoroughly familiarize themselves with all RFP requirements prior to submitting a Proposal. Should a Respondent find discrepancies or ambiguities in, or omissions from this RFP, or should the Respondent be in doubt as to the meaning of any provision in this RFP, Respondent shall at once, and in any event, not later than fifteen (15) business days prior to the proposal due date, and only through the Respondent Contact Person, submit to the Authority a written request for interpretation or correction thereof (see Section 5.4(c) of this RFP). The

1000165700

- 49 -

date, and each Respondent agrees to this condition in submitting a Proposal, although the Authority reserves the right to request a Respondent to clarify certain terms of its Proposal;

(ii) Proposals submitted prior to the time and date designated for receipt of Proposals may be modified or withdrawn by notice from the Respondent Contact Person to an Authority Contact Person up until the time and Due Date for the receipt and opening of Proposals. Such notice shall be in writing over the signature of an authorized officer of the Respondent. Such Respondent should be careful so that any information set forth in the previously submitted Proposal, such as a PPA Price, shall not be revealed through this process; and

(iii) A withdrawn Proposal may be resubmitted up to the time and Due Date designated for the receipt of Proposals, provided that it is then fully in conformance with this RFP.

(j) The following is the Authority's policy regarding confidentiality of materials within the Proposal:

(i) If a Respondent believes that any portion of its Proposal constitutes trade secrets and proprietary commercial or financial information that is expressly precluded from public disclosure pursuant to N.J.S.A. 47:1A-1.1 of OPRA or such other applicable exception to OPRA, and therefore such portion should be withheld from public disclosure, it is the responsibility of the Respondent to identify such information in its Proposal, or at the Authority's discretion, subsequent to the submission of the Proposal, in accordance with the provisions of clause (v) below;

(ii) Proposals received in response to this RFP shall not be discussed or otherwise made available to the public or any other Respondent until such time as a PPA and the other Program Documents relating to Company Services are approved and executed by all parties thereto. Disclosure shall be subject to the provisions of OPRA;

(iii) The Successful Respondent shall establish and maintain procedures and controls that are acceptable to the Authority for the purpose of assuring that information provided by the Authority remains confidential;

(iv) All information identified by a Respondent as confidential and proprietary in nature shall be kept confidential by the Authority only after receiving a written determination, from counsel or from some applicable government authority, as to whether the information qualifies as confidential and proprietary. Should the Authority determine that such information must be

1000165700

- 48 -

Respondent Contact Person will be responsible for its prompt delivery to the Authority via the methodology permitted in Section 5.4(c) of this RFP. Each Respondent is responsible for confirming receipt of any facsimile or email materials to the Authority.

(b) Any interpretation or correction of this RFP will be made by the Authority only by written addenda available to all Respondents through publications on the Authority's website, and through an e-mail notification to the Respondent Contact Persons. No allowance will be made after Proposals are received for oversight, omission, error, or mistake by the Respondent or by the Authority or other Series 2011 Program participants, including by the County or the Series 2011 Local Units; although by their submission of the Proposals, and without any further act, Respondents acknowledge that any such oversight, omission, error, or mistake by the Authority, the County or the Series 2011 Local Units, if any, shall be deemed to be immaterial, and waived by the Respondent in any event. Addenda so issued will become part of this RFP and receipt and review thereof by the Respondent shall be acknowledged in their Proposal.

(c) The Authority reserves the right to clarify any provision of any timely received and properly completed Proposal, in any manner suitable to the issue, whether through interview, meeting, written request for clarification to any one or more Respondents or to all similarly situated Respondents, through telephone call, teletype, e-mail through the Respondent Contact Person or otherwise.

#### Section 5.6 No Tax Advice Offered.

BY ACCEPTING THIS RFP, AND WITHOUT ANY FURTHER ACT, RESPONDENTS ARE DEEMED TO HAVE AUTOMATICALLY ACCEPTED THE FOLLOWING, REGARDLESS OF WHETHER OR NOT THEY SUBMIT A PROPOSAL: IT SHALL BE EXPRESSLY UNDERSTOOD BY ALL POTENTIAL AND ACTUAL RESPONDENTS, INCLUDING THE SUCCESSFUL RESPONDENT, THAT SUCH RESPONDENTS SHOULD CONSULT WITH, AND RELY UPON, THEIR OWN TAX ADVISORS IN CONNECTION WITH ALL FEDERAL AND STATE TAX MATTERS IN THIS RFP, INCLUDING THE INTERPRETATION OF ANY PROGRAM DOCUMENTS, AND THAT NONE OF THE AUTHORITY, THE COUNTY, THE SERIES 2011 LOCAL UNITS, NOR THEIR ADVISORS, ARE RENDERING ANY ADVICE OR OPINION IN CONNECTION WITH SUCH TAX MATTERS.

## ARTICLE VI

### AWARD TO SUCCESSFUL RESPONDENT

#### Section 6.1 Submitted Proposals.

(a) Timely submitted and properly completed Proposals shall be opened in accordance with Section 5.4(a) (ii) of this RFP.

(b) The Authority, together with its evaluation team, shall review such Proposals in accordance with the Evaluation Criteria set forth in Section 6.2 of this RFP. The Authority shall use commercially reasonable efforts to keep to the schedule set forth in Exhibit 3 to this RFP, but failure to do so shall not serve as the basis for any challenge under this RFP, to which all Respondents acknowledge and agree by their submission of their Proposal.

(c) The Authority reserves the right to conduct one or more interviews with qualified Respondents prior to any award to a Successful Respondent for clarification of any response to this RFP. The Authority shall determine the scope of the interview at such time, which may include a forum for response to questions, and/or a presentation from the Respondents. Any such interview shall not be a forum to engage in negotiation of Company Services or the material terms of Program Documents. By the submission of a Proposal and without any further action, each Respondent specifically acknowledges that it has accepted both the scope of Company Services and the material terms of the Program Documents. Failure to comply with an interview request may disqualify a Respondent from consideration under this RFP.

(d) Proposals submitted by Respondents shall be irrevocable by them for sixty (60) days from the date of opening by the Authority. The Authority may seek clarification from one or more Respondents concerning their respective Proposals in accordance with Section 5.5 of this RFP.

#### Section 6.2 Evaluation Criteria.

The Authority, in combination with its evaluation team, shall review each properly completed and timely submitted Proposal applying the following economic and non-economic criteria (the "Evaluation Criteria"), in accordance with all applicable law, in determining the Successful Respondent. The Authority reserves the right to apply different weight to any one or more of the following Evaluation Criteria, as the Authority, in its sole discretion and in accordance with law, shall determine to be in the best interests of the Authority, the County, the Series 2011 Local Units and the Series 2011 Program.

(a) The PPA Price and the other information supplied on Form A-1, along with any other relevant factors of economic value to the Authority, the County, and/or the Series 2011 Local Units supplied by Respondent in their Proposal.

100016570-1

- 51 -

(k) The extent to which the Respondent proposes material changes to the Program Documents, as discussed in Section 5.1 of this RFP.

(l) The extent to which the Respondent proposes more favorable option terms to the Authority, as contemplated by Section 5.2 of this RFP.

(m) The Respondent's demonstrated knowledge of State laws and regulations for permitting and construction of Renewable Energy Projects and State and federal renewable energy programs, requirements, regulations and financial incentive programs.

(n) The Authority reserves the right to waive immaterial, non-conforming components in any Proposal. Materiality shall be determined by the Authority, in its sole discretion and in accordance with law, and in making such determination, the Authority may take into account the overall best interests of the Authority, the County, the Series 2011 Local Units and the Series 2011 Program.

(o) The Respondent's inclusion of Restoration Security in its Proposal.

(p) The form of Construction Security.

#### Section 6.3 Basis of Award.

(a) After review of all timely submitted and complete Proposals, after any clarification authorized by Section 5.5 of this RFP, after any interview process contemplated by Section 6.1(c) of this RFP, and after applying the Evaluation Criteria set forth in Section 6.2 of this RFP, the Authority, by resolution of its governing body, may award the Company Services contemplated by this RFP to the Respondent (now the Successful Respondent) that the Authority, in its sole discretion and in accordance with law, shall determine to be in the best interests of the Authority, the County, the Series 2011 Local Units and/or the Series 2011 Program.

(b) Only the due authorization, execution and delivery by the Successful Respondent, the Authority, and any other party or parties to the Program Documents creates a valid and binding obligation of all such entities, notwithstanding any award to a Successful Respondent and notwithstanding Section 6.5 of this RFP, which award is and shall be conditional until and unless such Program Documents are so authorized, executed and delivered.

(c) Following the evaluation and award, the Authority shall issue a report concerning the RFP process and award, in accordance with applicable law. At their request, such report shall be made available to all Respondents.

(b) The Respondent's general approach and plans in meeting the requirements of this RFP.

(c) The Respondent's detailed approach and plans to perform the Company Services as required in the Program Documents and as set forth in this RFP, including Respondent's ability to design, permit, acquire, construct, install, operate, and maintain the Renewable Energy Projects on the Local Unit Facilities for all of the Series 2011 Local Units in accordance with the requirements of Appendix B-1 and Appendix B-3 of this RFP and the technical specifications set forth in Appendix C of this RFP.

(d) The Respondent's detailed approach and plans to perform the Company Services required under the Program Documents in connection with the operation and maintenance of the Renewable Energy Projects on the Local Unit Facilities for all of the Series 2011 Local Units.

(e) The Respondent's documented experience in successfully completing contracts of a similar size and scope to those required by this RFP, including the Program Documents.

(f) The qualifications of the Respondent's management, supervisory and other key staff assigned to perform the Company Services under the Program Documents, with emphasis upon documented experience in successfully completing contracts of a similar size and scope to those required by this RFP.

(g) The overall ability of the Respondent to mobilize, undertake and successfully and timely complete the Company Services under the Program Documents. This judgment will include the qualifications, number, and availability of management, supervisory and other key staff assigned to this transaction and the Respondent's management plan for the performance of the Company Services under the Program Documents.

(h) The financial strength of the Respondent and the proposed Company.

(i) The elimination of the County Deficiency Amount, or failing that, the minimization of same. To the extent a County Deficiency Amount shall exist, the early availability in immediately available funds, amount, quality, and strength of the Reimbursement Collateral, as County Security, to reimburse the County up to the County Deficiency Amount, should the County ever have to pay debt service on the Series 2011 Bonds under its County Guaranty.

(j) Excess County Security, beyond the funding of the County Deficiency Amount, if any, while not required under this RFP, would be a positive Evaluation Criteria.

100016570-1

- 52 -

#### Section 6.4 Rejection of Proposals.

(a) Proposals may be rejected without review because they have been submitted on an untimely basis or not otherwise in conformity with the requirements of this RFP, to which requirements the Authority is entitled to apply strict scrutiny.

(b) This RFP does not commit the Authority to the awarding of a Successful Respondent, or the execution and delivery of a PPA or any other Program Document.

(c) The Authority reserves the right to reject specific Proposals if not submitted by the time, Due Date, manner and at the place designated in this RFP, or if not completed in conformance with the terms of this RFP. The Authority further reserves the right to waive any defects in specific Proposals that the Authority, in its sole discretion and in accordance with law, determines to be immaterial to the purposes of the Authority, the County, the Series 2011 Local Units and the Series 2011 Program. The Authority further reserves the right to reject all Proposals or otherwise take such action that the Authority, in its sole discretion and in accordance with law, shall determine to be in the best interests of the Authority, the County, the Series 2011 Local Units and the Series 2011 Program. The Authority anticipates that due to LFB Notices, it is possible the Authority would reject all Proposals should the PPA purchase price for electricity submitted in each Proposal be in excess of the existing delivered cost of electrical power from the Local Distribution Companies, which in the case of the Local Unit Facilities for the \_\_\_\_\_ is the \_\_\_\_\_, and in the case of the Local Unit Facilities for the other Series 2011 Local Units, is the Jersey Central Power & Light Company.

(d) Once a Successful Respondent has been selected, the other Respondents will be notified that their Proposals have been rejected.

#### Section 6.5 Conditional Award.

(a) The Authority reserves the right to conditionally award this RFP to a Respondent (which would become the Successful Respondent, when and if such condition is satisfied), if and only if (i) the only items not included with the original Proposal are those permitted to be submitted thereafter in accordance with Section 7.1 of this RFP, and (ii) the Authority is otherwise ready and able to make an award to any such Respondent pursuant to Section 6.3(a) hereof.

(b) The Authority reserves the right to notify the Respondent of any such conditional award under subsection (a) above that it has a deadline in making all such final submissions, and that if such deadline, and if applicable, any extensions, are not met, the Authority reserves the right to (i) revoke the conditional award, (ii) bypass such Respondent and (iii) award the Successful Respondent to this RFP (conditionally or otherwise) to another Respondent in accordance with Section 6.3(a) or 6.5(a) of this RFP.

ARTICLE VII

CERTAIN GENERAL MATTERS

Section 7.1 Exhibit 2 Checklist.

(a) For a Proposal to be complete, and be reviewed, considered, and reported on by or on behalf of the Authority, each Respondent must submit all items required for submission as set forth in the Exhibit 2 checklist. See Appendix D to this RFP for a list of the forms to be included in each Proposal as Exhibit A to each such Proposal.

(b) **IMPORTANT NOTE:** Please note that all items set forth in Section 1 of Exhibit 2 must be submitted with the original Proposal, or else the Authority shall reject the Proposal without substantive review. Failure to provide all such items shall, in and of itself, cause the Proposal to contain a fatal, non-curative flaw.

(c) **IMPORTANT NOTE:** The items set forth in Section 2 of Exhibit 2 may or may not be submitted with the Proposal, but all such items in Section 2 of Exhibit 2 must be submitted prior to any award to a Successful Respondent pursuant to Section 6.3(a) of this RFP. To the extent a Respondent submits one or more items from Section 2 of Exhibit 2 after the original Proposal but within the allowable timeframe, such items shall be deemed part of the Proposal as if fully set forth in the original Proposal. Failure of the Respondent to submit all the items in Exhibit 2 within the permitted timeframe shall, in and of itself, cause the Proposal to contain a fatal, non-curative flaw, even once a conditional award may have been made pursuant to Section 6.5 hereof, in which instance the Authority shall reject the Proposal without substantive review.

(d) To the extent the Respondent determines to make an Equity Contribution in accordance with the provisions of Section 1.3(c) of this RFP, the Respondent must provide either an Equity Contribution Cash Commitment, or an Equity Contribution Consent of Surety, as required by Section 3 of Exhibit 2. The Authority shall determine the timeliness and sufficiency of any such submission in accordance with Section 1.3(c)(iii) of this RFP. The Respondent may provide these items either upon submission of the Proposal, or prior to the award to the Successful Respondent, but in any event no later than September 27, 2011.

(e) Unless the Respondent has eliminated the County Deficiency Amount (see RFP Sections 1.3(g)(xv) through 1.3(g)(xix), inclusive), the Respondent must provide either a County Security Cash Commitment, or a County Security Consent of Surety, as required by Section 4 of Exhibit 2. The Authority shall determine the timeliness and sufficiency of any such submission in accordance with Section 1.3(g)(xvii)(D) of this RFP. The Respondent may provide these items either upon submission of the Proposal, or prior to the award to the Successful Respondent pursuant to Section 6.3(a) of this RFP, but in any event no later than September 27, 2011.

(f) The items in Section 5 of Exhibit 2 are relevant only if the Respondent exercises its option to provide Restoration Security. See Section 7.2(e) of this RFP. The Authority shall determine the timeliness and sufficiency of any such submission in accordance with Section 7.2(c)(iii)(C) of this RFP. The Respondent may provide these items either upon submission of the Proposal, or prior to the award to the Successful Respondent pursuant to Section 6.3(a) of this RFP, but in any event no later than September 27, 2011.

(g) The item in Section 6 of Exhibit 2 is only required from the Successful Respondent, prior to any award to the Successful Respondent pursuant to Section 6.3(a) of this RFP, but in any event no later than September 27, 2011.

Section 7.2 Proposal and Construction Bonding.

(a) **Proposal Security.** Each Respondent must submit with the Proposal either (i) a certified check, cashier's check, or other immediately available funds in the amount of \$20,000, unconditionally and irrevocably payable to the Authority, accompanied by Form A-4 prepared and signed by the Respondent in the form set forth in Appendix D-A-4 to this RFP (the "Proposal Funds"); OR (ii) a proposal bond in the amount of \$20,000 in the form set forth as Form A-5, as set forth in Appendix D-A-5 to this RFP (the "Proposal Bond"). Delivery to the Authority of either the Proposal Funds or the Proposal Bond (whichever is selected by the Respondent, such alternate Proposal security may be referred to collectively as the "Proposal Security"), as part of the Proposal, satisfies the mandatory submittal requirements of this RFP (see Exhibit 2), so long as the other provisions of this Section 7.2(a) are met.

When submitting a Proposal Bond, it shall contain a power of attorney for the full amount of the Proposal Bond from a surety company authorized to do business in the State, shall have an A.M. Best's rating of at least "A" or the equivalent thereof, and shall be listed in the United States Treasury Department Circular 570. The Proposal Security of the Successful Respondent to whom the PPA is awarded shall be retained until a PPA is executed and the required Construction Performance Bond (as hereinafter defined) is submitted.

The Proposal Security of all unsuccessful Respondents shall be returned within three (3) days, Saturdays, Sundays and holidays excepted, after the award of the PPA and upon receipt and approval of the Successful Respondent's Construction Performance Bond (not merely the Successful Respondent's Construction Consent of Surety, as hereinafter defined).

Non-performance by the Successful Respondent as contemplated by this RFP, including their failure to execute the PPA for any reason or meet the Construction Performance Bond requirements within ten (10) days after notice of the award to the Respondent made by the Authority shall result in its Proposal Security being forfeited to the Authority as liquidated damages.

[00016570]

- 55 -

[00016570]

- 56 -

If no PPA has been awarded within sixty (60) days after the opening of Proposals, the Authority may request the Respondents to allow the Authority a reasonable amount of additional time prior to awarding a contract and returning the Proposal Security to the Respondents. The Authority will not require the forfeiture of any Proposal Security in the instance that execution of the PPA is delayed by the governmental action of the Authority, the County or the Series 2011 Local Units.

(b) **Construction Security.** In order for the Proposal of a Respondent to be reviewed, considered, and reported on, the Respondent must provide,

(i) Upon and as part of the submission of the Proposal, the Respondent must provide a fully executed consent of surety substantially in the form set forth in the back of Form A-3 found in Appendix D-A-3 to this RFP (the "Construction Consent of Surety"), with any deviations from such form to be reviewed with strict scrutiny, and accepted or not, at the Authority's sole discretion (and hence any changes from the form provided is at the Respondent's risk). Failure to submit a conforming Construction Consent of Surety along w/ the Proposal is a fatal flaw that will result in the rejection of the Proposal, just for this fact, without any substantive review of the Proposal, all as required by applicable State law (See Exhibit 2).

(ii) No later than the issuance of and closing for the Series 2011A Bonds, at which time the PPA shall be executed, the Successful Respondent must provide, and further, the Successful Respondent must maintain, during the construction of the Renewable Energy Projects, a "Construction Performance Bond", all as required by the Company Lease Agreement. The Construction Consent of Surety, together with the Construction Performance Bond, shall be collectively known as the "Construction Security". The Construction Performance Bond shall contain, at a minimum, the following elements:

(A) The Construction Performance Bond must be in the amount of one hundred percent (100%) of the costs for design, permitting and construction of the Renewable Energy Projects;

(B) Such Construction Performance Bond shall be in effect and maintained until construction is completed and commercial operation of the Renewable Energy Projects commences;

(C) The Construction Performance Bond shall be substantially in the form set forth in the front of Form A-3 found in Appendix D-A-3 to this RFP, with any deviations from such form to be reviewed with strict scrutiny, and accepted or not, at the Authority's sole discretion (and hence any changes from the form provided is at the Respondent's risk). In particular, the Construction Performance Bond

shall not contain any conditions to the obligations of the surety company(ies) issuing such Construction Performance Bond, other than as expressly provided in Proposal Form A-3;

(D) The Construction Performance Bond shall be obtained from a surety(s) that is (are) authorized to transact business in the State, that satisfies the requirements set forth in N.J.S.A. 2A:44-143(1)(b), has an A.M. Best's rating of at least "A" or the equivalent thereof, and that is listed in the United States Treasury Department Circular 570;

(iii) For the avoidance of all doubt, the Construction Security shall only apply to the Respondent's obligations related to construction of the Renewable Energy Systems, and shall not apply to or address any other services or requirements that the Respondent is responsible for under the Power Purchase Agreement or any other Program Document.

(iv) Alternatively, the Construction Performance Bond can be provided by the Successful Respondent's EPC contractor in the form of a dual obligee bond (where both the Authority and Successful Respondent are obligees). However, if the Construction Performance Bond is provided in this manner, the Successful Respondent will be required to pledge its rights under said Dual Obligatee Bond directly to the Authority through the Company Pledge Agreement (Appendix A-4 attached hereto). Although less favored by the Authority, this form of Construction Performance Bond will be acceptable to the Authority.

(c) **Restoration Security (OPTIONAL).** "Restoration Security" is security in the form of cash, a payment and/or performance bond, a letter of credit, or other form of security that provides a payment and/or performance guaranty in the event the Successful Respondent removes the Renewable Energy Projects upon the end of the term of the PPA, and no extension or other agreement is then in place, the roofs and/or grounds of the respective Local Unit Facilities will be restored to the condition that existed prior to the execution and delivery of the PPA, all as required under the Program Documents.

(i) If the fiduciary holding the Restoration Security is not identified in the Proposal, the Authority will presume the Restoration Security shall be held by the Trustee or some other designee of the Authority.

(ii) Restoration Security is optional and can be provided by a Respondent as part of its Proposal in any amount the Respondent deems appropriate.

(iii) **IMPORTANT NOTE:** If a Respondent chooses to include Restoration Security in its Proposal:

[00016570]

- 57 -

[00016570]

- 58 -

(A) If the Restoration Security is cash to be provided upon the signing of the PPA or a covenant for the Company (or affiliate) to provide cash in the future, the Respondent must provide to the Authority at the time of submission of Respondent's Proposal (the "Restoration Security Cash Commitment") (I) details regarding the source, timing and any conditions regarding the provision of the cash (e.g. on deposit in a bank account, or to come from Program Agreement revenues received over time), and (II) an irrevocable commitment to provide same, whereupon the Authority will determine the reasonableness and likelihood of receiving that cash.

(B) If the Restoration Security is some non-cash form of security from a third-party (even if that third-party, upon Company action or inaction, will provide cash, such as a letter of credit), (I) an irrevocable commitment letter to provide such security, along with (II) the material terms regarding the source, timing and any conditions for the provision of such security (collectively, the "Restoration Security Consent of Surety") from the source of the Equity Contribution must be provided to the Authority at the time of submission of Respondent's Proposal.

(C) If notwithstanding the Restoration Security Cash Commitment or the Restoration Security Consent of Surety, the Authority determines the plan for the funding of cash or other security to be unreasonable or unlikely to actually occur, or if no Restoration Security Cash Commitment or Restoration Security Consent of Surety, as applicable, is provided with the Proposal upon its submission, then the Authority will weight negatively the Respondent's ability to fund the Restoration Security. The Authority will allow the Respondent to provide either the Restoration Security Cash Commitment or Restoration Security Consent of Surety, if not provided with the Proposal, no later than \_\_\_\_\_ Any post-Proposal submission of the Restoration Security Cash Commitment or Restoration Security Consent of Surety runs the added risk of the Authority and its consultants not having sufficient review time to adequately determine the reasonableness or likelihood of the realization of the Restoration Security proposed by the Respondent

(d) In order for its Proposal to be reviewed by the Authority, each Respondent must include in its Proposal, at a minimum, Proposal Security and a Construction Consent of Surety, in accordance with the requirements of Sections 7.2 (a) and (b) above. See Section 7.1 hereof and Exhibit 2 for the other mandatory requirements for submittal in this RFP.

Such coverage will be obtained from an insurance company authorized and licensed to do business in the State of New Jersey and rated not less than A-VIII by the most current Best's Manual. Furthermore, said insurance company or companies must be approved by the Authority. It is anticipated that such coverage shall include the following:

(i) Comprehensive General Liability Coverage in the amount of \$1,000,000.00. This coverage must be in writing on an occurrence form, claims made policies will be unacceptable. This Comprehensive General Liability insurance shall cover the Successful Respondent, the Authority, the Series 2011 Local Units and their directors, employees, agents and officers from and against any claim arising out of any action of the Successful Respondent or any subcontractors or the Successful Respondent's failure to comply with the terms of this PPA. Such policy or policies of insurance shall include coverage for claims of any persons as a result of an incident directly or indirectly related to the employment of such persons by a Respondent or by any subcontractors or other persons. This coverage shall include blanket contractual insurance and such coverage shall make express reference to the indemnification provisions set forth in the PPA. The policy shall also be endorsed to include coverage for products, completed operations, and independent contractors.

(ii) Casualty and Property Damage in an amount equal to the replacement value of all Renewable Energy Projects.

(iii) Workers' Compensation Coverage as statutorily required by the State of New Jersey for all employees of Successful Respondent. Employers' Liability coverage on the Workers Compensation policy shall be written in the minimal amount of \$1,000,000.00.

(iv) Excess Liability Coverage, in the amount of \$1,000,000.00 shall be in the form of an Umbrella policy rather than a following form excess policy. This policy or policies shall be specifically endorsed to be excess of the required Comprehensive General Liability Coverage, the Employers' Liability Coverage on the Workers' Compensation policy, and the Comprehensive Automobile Liability policy.

(v) Comprehensive Automobile Liability Coverage, in an amount not less than \$1,000,000.00, shall be maintained. Such coverage will include all owned, non-owned, leased and/or hired motor vehicles, which may be

100016570-1

(b) All such insurance coverage, with the exception of Workers' Compensation, shall name Authority, the Series 2011 Local Units, and their employees, agents, officers and directors as additional insured hereunder.

(c) Evidence of such coverage being in place will be promptly delivered to the Authority prior to the commencement of the term of the PPA. All such coverage shall be endorsed to indicate that coverage will not be materially changed or canceled without at least thirty (30) days prior notice to the Authority, such prior notice being mandatory and not the best efforts of the carrier to notify. Prior to the expiration of the required coverage, the Successful Respondent will provide the Authority with evidence of the renewal of all coverage required on at least the same terms and conditions as originally required for the PPA. All contractors working for the Successful Respondent will also be required to maintain all insurance coverages listed above.

### Section 7.4 Indemnification.

The Successful Respondent shall defend, indemnify, and save harmless the Authority, the County, the Series 2011 Local Units and as applicable their chairpersons, members, elected officials, officers, directors, employees and agents, from, and against all claims, suits, judgments, expense, fines, penalties assessments and costs of every kind and description, by reason of injury to persons or damage to property, resulting or alleged to result from any negligent act or omission of the Successful Respondent or his employees or agents, including, but not limited to, expenses or claims related to environmental contamination, investigation, injury, remediation, remediation cost assessment, request for contribution or Natural Resource Damage claims.

### Section 7.5 Labor.

(a) The Successful Respondent shall provide, at its own expense, qualified, union or licensed labor in the applicable trades. Respondent, at the Authority's request, will remove or replace any employee at our discretion.

(b) To the extent the Successful Respondent, its contractor or subcontractor, where applicable, will be undertaking any construction activities associated with the Renewable Energy Project each shall not discriminate against any employee or applicant for employment because of age, race, creed, color, national origin, ancestry, marital status, affectional or sexual orientation, gender identity or expression, disability, nationality or sex. Except with respect to affectional or sexual orientation and gender identity or expression, the contractor will ensure that equal employment opportunity is afforded to such applicants in recruitment and employment, and that employees are treated during employment, without regard to their age, race, creed, color, national origin, ancestry, marital status, affectional or sexual orientation, gender identity or expression, disability, nationality or sex. Such equal opportunity shall include, but not be limited

100016570-1

- 61 -

to the following: employment, up-grading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided by the Public Agency Compliance Officer setting forth provisions of this nondiscrimination clause;

To the extent the Successful Respondent, its contractor or subcontractor, where applicable, will be undertaking any construction activities associated with the Renewable Energy Project each will in all solicitations or advertisements for employees placed by or on behalf of the contractor, state that all qualified applicants will receive consideration for employment without regard to age, race, creed, color, national origin, ancestry, marital status, affectional or sexual orientation, gender identity or expression, disability, nationality or sex.

To the extent the Successful Respondent, its contractor or subcontractor, where applicable, will be undertaking any construction activities associated with the Renewable Energy Project each will send to each labor union or representative of workers with which it has a collective bargaining agreement or other contract or understanding, a notice, to be provided by the agency contracting officer advising the labor union or worker's representative of the contractor's commitments under this act and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

To the extent the Successful Respondent, its contractor or subcontractor, where applicable, will be undertaking any construction activities associated with the Renewable Energy Project each agrees to comply with any regulations promulgated by the Treasurer of the State of New Jersey ("Treasurer"), pursuant to N.J.S.A. 10:5-31 *et seq.*, as amended and supplemented from time to time and the Americans with Disabilities Act.

To the extent the Successful Respondent, its contractor or subcontractor, where applicable, will be undertaking any construction activities associated with the Renewable Energy Project each shall, when hiring or scheduling workers in each construction trade, agree to make good faith efforts to employ minority and women workers in each construction trade consistent with the targeted employment goal prescribed by N.J.A.C. 17:27-7.2; provided, however, that the Division of Public Contracts Equal Employment Opportunity Compliance in the Department of Treasury ("Division") may, in its discretion, exempt a Successful Respondent, its contractor or subcontractor from compliance with the good faith procedures prescribed by the following provisions, (i), (ii) and (iii), as long as the Division is satisfied that the Successful Respondent, its contractor or subcontractor is employing workers provided by a union which provided evidence, in accordance with standards prescribed by the Division, that its percentage of active "card carrying" members who are minority and women workers is equal to or greater than the targeted employment goal established in accordance with N.J.A.C. 17:27-7.2. To the extent the Successful Respondent, its contractor or subcontractor, where applicable, will be undertaking any construction activities associated with the Renewable Energy Projects each agrees that a good faith effort shall include compliance with the following procedures:

100016570-1

- 62 -

(i) If the Successful Respondent, its contractor or subcontractor has a referral agreement or arrangement with a union for a construction trade, the contractor or subcontractor shall, within three business days of the contract award, seek assurances from the union that it will cooperate with the Successful Respondent, its contractor or subcontractor as it fulfills its affirmative action obligations under this contract and in accordance with the rules promulgated by the Treasurer pursuant to N.J.S.A. 10:5-31 et seq., as supplemented and amended from time to time and the Americans with Disabilities Act. If the Successful Respondent, its contractor or subcontractor is unable to obtain said assurance from the construction trade union at least five business days prior to the commencement of construction work, the Successful Respondent, its contractor or subcontractor agrees to afford equal employment opportunities to minority and women workers directly, consistent with this chapter.

If the Successful Respondent's, its contractor's or subcontractor's prior experience with a construction trade union, regardless of whether the union has provided said assurances, indicates a significant possibility that the trade union will not refer sufficient minority and women workers consistent with affording equal employment opportunities as specified in this chapter, the Successful Respondent, its contractor or subcontractor agrees to be prepared to provide such opportunities to minority and women workers directly, consistent with this chapter, by complying with the procedures prescribed under (i) below, and the Successful Respondent, its contractor or subcontractor further agrees to take said action immediately if it determines or is so notified by the Division that the union is not referring minority and women workers consistent with the equal employment opportunity goals set forth in this chapter.

(ii) If good faith efforts to meet targeted employment goals have not or cannot be met for each construction trade by adhering to the procedures of (i) above, or if the Successful Respondent, its contractor or subcontractor does not have a referral agreement or arrangement with a union for a construction trade, the Successful Respondent, its contractor or subcontractor agrees to take the following actions:

(A) To notify the Public Agency Compliance Officer, the Division, and minority and women referral organizations listed by the Division pursuant to N.J.A.C. 17:27-5.3, of its workforce needs, and request referral of minority and women workers;

(B) To notify any minority and women workers who have been listed with it as awaiting available vacancies;

(C) Prior to commencement of work, to request that the local construction trade union refer minority and women workers to fill job openings, provided the contractor or subcontractor has a referral agreement or arrangement with a union for the construction trade;

(D) To leave standing requests for additional referrals to minority and women workers with the local construction trade union, provided the contractor or subcontractor has a referral agreement or arrangement with a union for the construction trade, the State Training and Employment Service and other approved referral sources in the area;

(E) If it is necessary to lay off some of the workers in a given trade on the construction site, layoffs shall be conducted in compliance with the equal employment opportunity and non-discrimination standards set forth in this regulation, as well as with applicable Federal and State court decisions.

(F) To adhere to the following procedures when minority and women workers apply or are referred to the contractor or subcontractor:

(i) If said individuals have never previously received any document or certification signifying a level of qualification lower than that required in order to perform the work of the construction trade, the contractor or subcontractor shall in good faith determine the qualifications of such individuals. To the extent the Successful Respondent, its contractor or subcontractor, where applicable, will be undertaking any construction activities associated with the Renewable Energy Projects each shall hire or schedule those individuals who satisfy appropriate qualification standards in conformity with the equal employment opportunity and non-discrimination principles set forth in this chapter. However, a Successful Respondent, its contractor or subcontractor shall determine that the individual at least possesses the requisite skills, and experience recognized by a union, apprentice program or a referral agency, provided the referral agency is acceptable to the Division. If necessary, the Successful Respondent, its contractor or subcontractor shall hire or schedule minority and women workers who qualify as trainees

pursuant to these rules. All of the requirements, however, are limited by the provisions of (iii) below.

(ii) The name of any interested women or minority individual shall be maintained on a waiting list, and shall be considered for employment as described in paragraph (i) above, whenever vacancies occur. At the request of the Division, the Successful Respondent, its contractor or subcontractor shall provide evidence of its good faith efforts to employ women and minorities from the list to fill vacancies.

(iii) If, for any reason, said Successful Respondent, its contractor or subcontractor determines that a minority individual or a woman is not qualified or if the individual qualifies as an advanced trainee or apprentice, the Successful Respondent, its contractor or subcontractor shall inform the individual in writing of the reasons for the determination, maintain a copy of the determination in its files, and send a copy to the public agency compliance officer and to the Division.

(G) To keep a complete and accurate record of all requests made for the referral of workers in any trade covered by the contract, on forms made available by the Division and submitted promptly to the Division upon request.

(iii) The Successful Respondent, its contractor or subcontractor agrees that nothing contained in (ii) above shall preclude the Successful Respondent its contractor or subcontractor from complying with the union hiring hall or apprenticeship policies in any applicable collective bargaining agreement or union hiring hall agreement, and, where required by custom or agreement, it shall send journeymen and trainees to the union for referral, or to the apprenticeship program for admission, pursuant to such agreement or arrangement. However, where the practices of a union or apprenticeship program will result in the exclusion of minorities and women or the failure to refer minorities and women consistent with the targeted county employment goal, the contractor or subcontractor shall consider for employment persons referred pursuant to (ii) above without regard to such agreement or arrangement; provided further, however, that the Successful Respondent, its contractor or subcontractor shall not be required to employ women and minority advanced trainees and trainees in numbers which result in the employment of advanced trainees and trainees as a percentage of the total workforce for the construction trade, which percentage significantly exceeds the apprentice to journey worker ratio specified in the

applicable collective bargaining agreement, or in the absence of a collective bargaining agreement, exceeds the ratio established by the practice in the area for said construction trade. Also, the Successful Respondent, its contractor or subcontractor agrees that, in implementing the procedures of (ii) above, it shall, where applicable, employ minority and women workers residing within the geographical jurisdiction of the union.

(iv) After notification of award, but prior to signing a construction contract, the Successful Respondent, or its contractor shall submit to the public agency compliance officer and the Division an Initial Project Workforce (Form AA201) provided to the public agency by the Division for distribution to and completion by the Successful Respondent and its contractor, in accordance with N.J.A.C. 17:27-7. The Successful Respondent and its contractor also agree to submit a copy of the Monthly Project Workforce Report once a month thereafter for the duration of this contract to the Division and to the public agency compliance officer. The contractor agrees to cooperate with the public agency in the payment of budget funds, as is necessary, for on the job end/or off-the-job programs for outreach and training of minority and women.

(v) To the extent applicable, the Successful Respondent, its contractor and its subcontractors shall furnish such reports or other documents to the Division as may be requested by the office from time to time in order to carry out the purposes of these regulations, and public agencies shall furnish such information as may be requested by the Division for conducting a compliance investigation pursuant to Subchapter 10 of the Administrative Code N.J.A.C. 17:27.

#### Section 7.6 Licenses and Laws

(b) A Respondent is required to submit a valid Business Registration Certificate from the State of New Jersey Department of Treasury, Division of Revenue, prior to the award of a contract. Failure to timely submit proof of registration shall be deemed a material and non-waivable defect, and shall be cause for rejection of the bid without further consideration. All Respondents should be advised that Business Registration Certificate can be obtained on-line

from the State Division of Revenue by following the following on-line procedures that can be completed within a week's time.

(i) Go to [www.nj.gov/treasury/revenue/taxreg.htm](http://www.nj.gov/treasury/revenue/taxreg.htm) and complete a Form NJ-REG on-line (NOTE: you will need to reference the filed copy of your company's formation certificate (i.e., a certificate of formation for your New Jersey limited liability company, etc.) or the certificate of authority for a foreign entity (collectively, the "Formation Certificates") to complete the Form NJ-REG);

Once the online registration process is completed, it will take about 2-3 business days to be entered into the State's record database.

(iii) After this 2-3 day waiting period, you can obtain a Business Registration Certificate online at [https://www.state.nj.us/TYTR\\_BRC/isp/BRCLocalInp.ism](https://www.state.nj.us/TYTR_BRC/isp/BRCLocalInp.ism) by using the company's 10 digit ID number or Federal EIN.

(iv) Print a copy of the Business Registration Certificate online.

(c) All Respondents, their contractors and subcontractors shall hold a valid Public Works Contractor Certificate. APPENDIX B-1

RENEWABLE ENERGY PROJECTS SUMMARY INFORMATION

The Program Renewable Energy Projects are to be located on the roofs, parking lots and/or grounds of the Local Unit Facilities of the Series 2011 Local Units, with the precise location and system size to be supplied by the Successful Respondent in their Proposal. Respondents should take care to understand the requirements of the roof warranties, as set forth in Appendix B-2 and the Respondents should follow up in whatever manner they desire to understand those requirements, including conversation with roof warrantors and architects if desired for their review of potential Program Renewable Energy Project plans and specifications for the effect of such design on any such roof warranties, all for the purpose to ensure that any Program Renewable Energy Project will not have an adverse effect on such roof warranties. Program Renewable Energy Projects involving ground mounted systems should be reviewed by the Successful Respondent and/or their professionals in respect to any and all environmental or geotechnical constraints that may be present and potentially impacting the project area. The Conceptual Site Plans set forth later in this Appendix B-1 were based on a feasibility study conducted on behalf of the Authority, and should be utilized by the Respondents as a guide only, but not as a limitation, so long as all of the provisions of this RFP, including the technical specifications set forth in Appendix C to this RFP, are satisfied. The Respondent is required to secure all necessary approvals, as required, for all proposed Program Renewable Energy Projects.

The following chart is for informational purposes only, and is the Authority's estimate of the Renewable Energy Project system sizes (expressed in Kw) for each Program Local Unit Facility:

This inspection shall be conducted in the presence of the Engineer. Pipe sizes larger than 36 inches shall be entered and examined, while smaller diameter pipe shall be inspected by shining a light or laser between manholes or manhole locations, or by the use of television cameras passed through the pipe. If, in the judgment of the Engineer, the interior of the pipe shows poor alignment or any other defects that would cause improper functioning of the system, the defects shall be remedied as directed at no additional cost to the Authority, the Local Units and the County, as applicable.

3.9 PROTECTION OF FINISHED WORK

- A. Reshape and re-compact fills subjected to vehicular traffic during construction.
- B. All excavations for utilities shall be adequately guarded with barricades and lights so as to protect the public from hazard. A minimum of one field density test per lift of backfill for every 100 feet of installation shall be performed. One moisture density relationship shall be determined for every 1500 cubic yards of material used. Field in-place density shall be determined in accordance with ASTM D 1556, ASTM D 2167 or ASTM D 2922. When ASTM D 2922 is used, the calibration curves shall be checked and adjusted using the sand cone method as described in paragraph Calibration of the ASTM publication. ASTM D 2922 results in a wet unit weight of soil and when using this method, ASTM D 3017 shall be used to determine the moisture content of the soil. The calibration curves furnished with the moisture gauges shall be checked along with density calibration checks as described in ASTM D 3017. The calibration checks of both the density and moisture gauges shall be made at the beginning of a job, on each different type of material encountered, at intervals as directed by the Engineer. Copies of calibration curves, results of calibration tests, and field and laboratory density tests shall be furnished to the Engineer. Trenches improperly compacted shall be reworked to the depth directed, then refilled and compacted to the density

Before placing any paving material, the existing topsoil shall be stripped and the remaining soil shall be proof rolled with a heavy static roller. Any soft zones shall be excavated and replaced with compacted sub-base material as defined above. The subgrades are to be brought to the required finished grades and elevations and compacted to 95 percent of its Modified Proctor Density established in accordance with ASTM Designation D1557. The Engineer is then to check the sub-grade. The Company is to place no stone, bituminous materials or concrete on any subgrade until it has been inspected and approved by the Engineer.

B. Subgrades for pavements, sidewalks, curbs and gutters, and other roadway structures are not to vary more than 1/4-inch from the specified grade and cross section. Variations within the above specified tolerances are to be compensating so that the average grade and cross sections specified are met.

C. Any castings within the area to be paved or graded are to be set to finished grade by the Company. Any concrete curbs disturbed are to be constructed by the Company and approved by the Engineer before any bituminous pavement is placed.

D. The subgrade is to be maintained in a satisfactory condition and properly furnished to the satisfaction of the Engineer. No material is to be placed upon the prepared subgrade until it has been inspected for proper depth and compaction and has met the approval of the Engineer. 2. **Defined Terms and Proper Form.** Capitalized terms not defined in this Proposal form shall be as defined in the RFP.

3. Total Project Costs and Equity Contribution, if any:

(a) For purposes of arriving at the PPA Price, Respondent proposes that the Total Project Costs shall be \$ \_\_\_\_\_, the sum of:

- (i) Renewable Energy Project costs of \$ \_\_\_\_\_ (RFP Section 1.3(a)(i))<sup>20</sup>;
- (ii) Project Development Costs of \$ [Project Development Costs] million (RFP Section 1.3(a)(ii))<sup>20</sup>;

Respondent hereby proposes the following PPA Price, and related information, to perform the Company Services, which PPA Prices for each year of the PPA (including any adjustment and escalation factors below) shall be established in a PPA Price table to be included in the PPA.

(a) PPA Price. The following is Respondent's offer of the PPA Price to be charged through the Authority to each Series 2011 Local Unit expressed in dollars per kWh, from each such Series 2011 Local Unit's Commencement Date to, but excluding the first anniversary of such Commencement Date (exclusive of any adjustment or escalation factor):

the basis of yield to maturity) on the Series 2011 Bonds will not be finally determined until the sale date of the Series 2011A Bonds. The annual adjustment proposed shall be for each ten basis point (10 bp) change in such yield from the currently estimated 5.00% as included in this RFP or any addendum thereto issued by the Authority, either upward or downward, after such yield has been finally determined.

Recurring adjustment to annual PPA Price (\$ per kWh) for each 10 basis points change in the yield on the Series 2011 Bonds \$ \_\_\_\_\_ /kWh

Note that these adjustments, if necessary, shall occur prior to the application of any escalation factor contemplated by subsection (c) below, as this adjustment is intended to produce what would have been the PPA Price, prior to escalation, were the interest cost of the Series 2011 Bonds and the final Project Development Costs known at the time of the RFP.

(c) Escalation Factor. The PPA Price proposed in subsection (a) above, shall be increased for each remaining year of the PPA (other than the initial year from the Commencement Date), by the following, constant, escalation factor, expressed as an annual percentage increase from the prior year's PPA Price. If no escalation factor is being proposed, write none in the space below:

5. Accelerated Amortization of Series 2011A Bonds.

If the Respondent desires to repay the principal amount of the Series 2011A Bonds (through its Basic Lease Payment schedule) sooner than on a level principal basis, the Proponent must provide an alternative Basic Lease Payment Schedule using the principal amounts set forth in Exhibit E to this RFP (principal portion required, as the interest portion shall be established by the TIC of the Series 2011A Bonds). This accelerated amortization schedule shall be attached to this Form A-1-a, the box in subsection (c) below should be checked, and such revised schedule shall include the annual principal payments, semi-annual interest payments, and interest rates used in developing the revised amortization. Should the actual principal amount of the Series 2011 Bonds issued be less (more) than the principal amount set forth on Exhibit E to the RFP, then the accelerated amortization schedule proposed by the Respondent shall be reduced (increased), on a pro-rata basis for each maturity, to account for the lower (higher) par amount of Series 2011 Bonds actually issued. The adjusted amortization will be agreed upon by the Successful Respondent prior to the sale of the Authority's Series 2011A Bonds.

If level principal amortization is acceptable as is, then the Respondent need only check box (a) below. If due to an Equity Contribution, a large initial payment, or otherwise, the Respondent will use a level principal amortization schedule, but one different from that set forth on Exhibit E to this RFP, then check (b) below and provide the revised level principal amortization schedule.

(a) \_\_\_\_\_ Level Principal Amortization (Exhibit E) is acceptable.

(a) **General.** The Power Purchase Agreement provides the Authority with an option to purchase the Renewable Energy Projects at each Local Unit Facility upon expiration of the term of the Power Purchase Agreement at fair market value. Accordingly, the Respondent is requested (but not required) to provide its estimate of the end of term fair market value of all of the Renewable Energy Projects, which amount, if accepted by the Authority, which acceptance shall be at the Authority's sole discretion, would form the basis of the Authority's Purchase Option Price for all of the Renewable Energy Projects under the Power Purchase Agreement. APPENDIX F

[To be supplied to Successful Respondent]

\* Basic Lease Payment Schedule derived from cost will be equal to the debt service payments and amortization schedule for the Series 2011 Bonds and the Series 2012 Notes, once determined. The Series 2011 Bonds are assumed to include normal principal payments on May 1, 2013 through and including May 1, 2017 and semiannual interest payments on May 1st and November 1st of each year, commencing on May 1, 2013 (the May 1, 2012 and November 1, 2012 interest payments will be paid by capitalized interest being funded through the Series 2011B Notes). The Series 2011B Notes are assumed to be issued on or after January of 2013 and will include a single payment of principal and interest on December 1, 2012. The interest rates included in this schedule correspond to the principal payments of the Series 2011 Bonds which are 3-months after each Basic Lease Payment date.

\*\* Basic Lease Payments are due 3 months prior to the payments on the Series 2011 Bonds.

The amortization of the Series 2011 Bonds shall be level principal over the fifteen year PPA unless the Company wishes to repay the principal sooner in accordance with Section 4.1(c)(iv) of the RFP. If the Company wishes to repay the principal sooner, it should provide an alternative Basic Lease Payment Schedule (principal portion required, as the interest portion shall be established by the interest cost of the Series 2011 Bonds) with its proposal submission, as required by Section 5 of Form A-1-a, based on the total principal amount of Series 2011 Bonds set forth in this Exhibit E. Should the actual total principal amount of the Series 2011 Bonds issued be less (more) than the principal portion set forth on this Exhibit E, then the accelerated amortization schedule proposed by the Respondent shall be reduced (increased), on a pro-rata basis for each maturity, to account for the lower (higher) par amount of Series 2011 Bonds actually issued. Such adjusted amortization schedule will be agreed upon by the Authority and the Successful Respondent prior to the sale of the Series 2011 Bonds. Please note, any adjusted amortization schedule may have an impact on the County Deficiency Amount calculation included in Appendix F since such calculation, as included in this RFP, is based on the amortization schedule included above.

**RESOLUTION OF THE MORRIS COUNTY IMPROVEMENT AUTHORITY  
CONCERNING THE REVIEW OF FINDINGS AND RECOMMENDATIONS OF THE

THE AUTHORITY'S COUNTY OF SUSSEX GUARANTEED RENEWABLE ENERGY  
PROGRAM LEASE REVENUE BONDS (COUNTY OF SUSSEX PROGRAM), SERIES  
2011 (FEDERALLY TAXABLE) IN AN AGGREGATE PRINCIPAL AMOUNT NOT TO  
EXCEED \$50,000,000**

WHEREAS, the County of Sussex, New Jersey, a political subdivision of the State (the "County") desires to undertake the development and implementation of a renewable energy program (the "Renewable Energy Program") for the financing, design, permitting, acquisition, construction, installation, operation and maintenance of renewable energy capital equipment and facilities such as solar panels, wind turbines, and hydro-electric, bio-diesel, geothermal, and bio-mass facilities, including any related electrical modifications, work related to the maintenance of roof warranties, or other work required, desirable or convenient for the installation of such systems (collectively, the renewable energy capital equipment and facilities, the "Renewable Energy Projects") for and on behalf of the County and its affiliates, and the local governmental units within the County, including without limitation municipalities, boards of education for school districts, local authorities and any other local government instrumentalities, public bodies or other local government entities (collectively, including the County, the "Local Units");

WHEREAS, the Morris County Improvement Authority (the "Authority") has been duly created by resolution no. 42 entitled "Resolution of the Board of Chosen Freeholders of Morris County, New Jersey creating the Morris County Improvement Authority" duly adopted by the Board of Chosen Freeholders (the "Morris County Board of Freeholders") of the County of Morris (the "Morris County") in the State of New Jersey (the "State") on April 10, 2002 as a public body corporate and politic of the State pursuant to and in accordance with the county improvement authorities law, constituting Chapter 183 of the Pamphlet Laws of 1960 of the State, and the acts amendatory thereof and supplemental thereto (as codified at N.J.S.A. 40:37A-44 *et seq.*, the "Act"), and other applicable law;

**WHEREAS**, as of the date hereof, the County has not created its own county improvement authority, and therefore pursuant to the Act, the County may determine to utilize the services of another county improvement authority, including without limitation the Authority, with the consent of both the County, a beneficiary county under the Act, and the Morris County Board of Freeholders, for any purpose for which an improvement authority shall exist, including those set forth in Section 11 of the Act (N.J.S.A. 40:37A-54, "*Section 11*"), which purposes include the development and implementation of the Renewable Energy Program;

**WHEREAS**, the County desires to implement the Renewable Energy Program through the Authority pursuant to the Act, the Uniform Shared Services and Consolidation Act, constituting Chapter 63 of the Pamphlet Laws of 2007 of the State, and the acts amendatory thereof and supplemental thereto (as codified at N.J.S.A. 40A:65-1 *et seq.*, the "*Shared Services Act*"), and all other applicable law, the terms of which agreement has been set forth in that certain "Service Agreement (Sussex County Renewable Energy Program)" dated as of March 1, 2011 (as amended and supplemented from time to time in accordance with its terms, the "*Service Agreement*") between the County and the Authority, and consented to by Morris County;

**WHEREAS**, the County has determined to enter into the Service Agreement and utilize the services of the Authority and the Authority Consultants (as hereinafter defined) for the following primary reasons: (i) the County does not have a county improvement authority, which type of entity possesses legal authority to enter into the kind of transactions that make a successful regional Renewable Energy Program more likely to succeed, (ii) Morris County has developed and implemented its own renewable energy program through the Authority, which Authority has retained (in accordance with all applicable law) experienced legal, engineering, energy consulting, and financial advisory consultants, consisting of the Authority's energy engineering and energy service consulting firms, Birsdall Services Group and Gabel Associates, its energy counsel and bond counsel, Inglesino, Pearlman, Wyciskala & Taylor, LLC, and its financial advisor, NW Financial Group, LLC, (collectively, the "*Authority Consultants*") and (iii) accordingly, it is more administratively efficient for the County to utilize the services of the Authority and the Authority Consultants to implement the Renewable Energy Program, with such changes as desired by the County, rather than incur the time and expense of the County establishing a new program;

**WHEREAS**, in addition, Sussex County may determine, but shall not be required, to seek the assistance of its auditor, financial advisor, if any, bond counsel, energy consultant, engineer or any other professional advisors deemed necessary, desirable and convenient by Sussex County (the "*Sussex County Consultants*", if any, and together with the Authority Consultants, the "*Consultants*"; to the extent Sussex County determines not to hire any Sussex County Consultants, references to the term Consultants herein shall be deemed to mean the Authority Consultants) to assist the Authority, the County and the Authority Consultants in connection with the Renewable Energy Program;

**WHEREAS**, the Renewable Energy Projects procured under the Renewable Energy Program, limited initially to solar panels, are to be installed on, in, affixed or adjacent to and/or for any other Local Unit controlled buildings, other structures, lands or other properties of the Local Units (collectively, the "*Local Unit Facilities*");

**WHEREAS**, it may be necessary, desirable or convenient, in connection with the financing, design, permitting, acquisition, construction, installation, operation and maintenance of the Renewable Energy Projects, to finance, design, permit, acquire, construct, renovate and install certain capital improvements to the Local Unit Facilities, including without limitation, improvements to or replacement of, roofing systems, if any (the "*Capital Improvement Projects*") and together with the Renewable Energy Projects and any Completion Project as defined in the hereinafter defined Bond Resolution, the "*Projects*"), and to the extent no Capital Improvement Projects are so financed, references herein shall have no meaning;

**WHEREAS**, the primary goal of the Renewable Energy Program is to expand the use of renewable energy sources available and utilized by the Local Units for their Local Unit Facilities, with the attendant environmental and financial benefits associated thereby, and to reduce the energy related operating costs to the Local Units for their Local Unit Facilities, all intended to be offered at no net cost to the Local Units;

**WHEREAS**, in order to implement the Renewable Energy Program, the Authority has determined to finance the respective Renewable Energy Projects and Capital Improvement Projects, if any, on, in or about the respective Local Unit Facilities, all as set forth on Exhibits B, C, and A to the hereinafter defined Local Unit License Agreement for each of the following participating Local Units:

- (i) Fredon Township, Green Township and Town of Newton (collectively, the "*Municipal Series 2011 Local Units*"); and

- (iii) County and Sussex County Technical School (the "*County Series 2011 Local Units*");

(each a "*Series 2011 Local Unit*", and together with any additional local governmental units within the County that might be added by the Authority to the Renewable Energy Program, pursuant to the hereinafter defined Local Finance Board Application or otherwise, collectively, the "*Series 2011 Local Units*"), through the issuance by the Authority of one or more series of bonds and notes entitled "County of Sussex Guaranteed Renewable Energy Program Lease Revenue [Notes] Bonds (County of Sussex Program), Series 2011 (Federally Taxable)" dated their date of delivery, Outstanding (as defined in the Bond Resolution upon issuance) in the aggregate principal amount (including Sinking Fund Installments, if any, as such term is defined in the Bond Resolution) not to exceed \$50,000,000 (the "*Series 2011 Bonds*");

**WHEREAS**, in order to finance the Renewable Energy Projects for the Series 2011 Local Units on, in or about their Local Unit Facilities, the Authority may sell one or more series of Series 2011 Bonds, (i) one series by either a competitive process or by negotiated sale after a competitive process an underwriter (the "Underwriter") the terms of which sale shall be as set forth in that certain Bond Purchase Agreement between the Underwriter and the Authority (the "Series 2011A Bonds"), and (ii) one or more series of notes (collectively, the "*Series 2011B Notes*", and together with the Series 2011A Bonds, the previously defined "*Series 2011 Bonds*"), either by the same sale method as the Series 2011A Bonds or by direct sale to the County; provided, however that the aggregate principal amount of the Series 2011A Bonds and the Series 2011B Bonds together with any other bonds issued under the Bond Resolution shall not exceed \$50,000,000;

**WHEREAS**, any notes issued as Series 2011 Bonds may be refunded through the issuance of one or more series of notes or bonds issued as Series 2011 Bonds, so long as (i) the principal amount of such notes or bonds, each issued as Series 2011 Bonds and Outstanding in the aggregate at any one time under and as defined in the hereinafter defined Bond Resolution, does not exceed \$50,000,000 and (ii) the interest rates thereon do not exceed the maximum interest rates set forth in the Local Finance Board Application;

**WHEREAS**, the Series 2011 Bonds shall also finance all other costs associated with the Renewable Energy Program that the Authority determines to be necessary, convenient or desirable for the successful implementation of the Renewable Energy Program, including without limitation (i) all or a portion of the Preliminary Program Costs, Administrative Expenses and Company Development Fees and Expenses (as such terms are defined in the hereinafter defined Bond Resolution), (ii) costs incurred in connection with the issuance of the Series 2011 Bonds, (iii) costs incurred or to be incurred in connection with the design, permitting, acquisition, construction, installation, operation and maintenance of the Renewable Energy Projects for the Series 2011 Local Units, (iv) costs incurred or to be incurred in connection with the design, permitting, acquisition, construction, renovation, and installation of the Capital Improvement Projects for the Series 2011 Local Units, if any, (v) capitalized interest and/or reserves, if any, and (vi) such other amounts as shall be set forth in the Bond Resolution (collectively, the "*Series 2011 Project*");

**WHEREAS**, the Series 2011 Bonds, and any Additional Bonds defined under the Bond Resolution (collectively, the "*Bonds*") shall be issued pursuant to the terms of that certain "RESOLUTION AUTHORIZING THE ISSUANCE OF COUNTY OF SUSSEX GUARANTEED RENEWABLE ENERGY PROGRAM LEASE REVENUE NOTES AND BONDS (COUNTY OF SUSSEX PROGRAM), SERIES 2011 AND ADDITIONAL BONDS OF THE MORRIS COUNTY IMPROVEMENT AUTHORITY" to be adopted by the governing body of the Authority, as amended and supplemented from time to time in accordance with its terms, including by one or more Certificates of an Authorized Officer of the Authority, each dated the date of issuance of the respective series of Series 2011 Bonds (the "*Bond Resolution*"), all in accordance with Sections 17-19 of the Act (N.J.S.A. 40:37A-60, 61 and 62) and all other applicable law;

**WHEREAS**, the payment of the principal (including mandatory sinking fund installments, if any) in an aggregate principal amount not to exceed \$50,000,000 of, and interest (at interest rates not to exceed the maximum rates set forth in the Local Finance Board Application) on the Series 2011 Bonds, but not any redemption premium, shall be fully, unconditionally and irrevocably guaranteed in accordance with (i) the terms of a guaranty ordinance of the County to be finally adopted by the Board of Freeholders, (ii) by a guaranty certificate to be executed by an authorized officer of the County within each Series 2011 Bond and (iii) a "County Guaranty Agreement (Sussex County Renewable Energy Program, Series 2011)" to be dated as of the first day of the month of issuance of the Series 2011 Bonds (as the same may be amended and supplemented from time to time in accordance with its terms, the "*County Guaranty Agreement*") by and between the County and the Authority, as acknowledged by the Company and the Credit Facility Provider, if any (as hereinafter defined) setting forth, among other things, the County's obligation to make any such guaranty payments in accordance with and within the parameters set forth in the guaranty ordinance and the Bond Resolution

(collectively, the "*County Guaranty*"), all pursuant to Section 37 ("*Section 37*") of the Act (N.J.S.A. 40:37A-80);

WHEREAS, the holders of any Additional Bonds issued under the terms of the Bond Resolution, the Act and all other applicable law shall also be entitled to the pledge of the Trust Estate under the Bond Resolution on a pro-rata basis with the holders of any Outstanding Bonds as defined therein, including the Series 2011 Bonds, although the guaranty of the County shall only extend to any such Series of Additional Bonds to the extent (i) the aggregate principal amount of all such Series of Additional Bonds, when taken together with the aggregate principal amount of the Series 2011 Bonds, shall not exceed \$50,000,000, or (ii) the County adopts and executes similar official action and documents constituting the County Guaranty;

WHEREAS, under the County Guaranty Agreement, the Company RFP, and as applicable, the Company Proposal, the Authority shall be obligated to obtain a letter of credit, cash, a covenant to provide same, or other form of security acceptable to and issued for the benefit of the County (the "*County Security*") to be issued by a sufficiently rated banking or other financial institution, or if the County Security is provided in the form of immediately available funds or the right to same, then the Company (in any such case, the "*County Security Provider*"), all to secure, in part, the County's payment obligations under the County Guaranty (but not to secure the payment of debt service on the Series 2011 Bonds, as any such County Security shall be deposited in the County Security Fund under the Bond Resolution, which Fund shall not be a part of the Trust Estate pledged for the payment of the Series 2011 Bonds), the terms of which County Security shall be set forth in a letter of credit and reimbursement or other agreement to be dated the first day of the month of issuance of the applicable series of Bonds (as the same may be amended and supplemented from time to time in accordance with its terms, the "*County Security Agreement*") among the Company, the County Security Provider, and the Authority, and acknowledged by the County, the provisions of which County Security Agreement, to the extent the County Security is in the form of immediately available funds or the right to same deposited in the County Security Fund created under the Bond Resolution, shall (i) not be set forth in an independent County Security Agreement, and accordingly (ii) be set forth in the Bond Resolution, the County Guaranty Agreement and the Company Lease Agreement;

WHEREAS, should the Company fail to make its Basic Lease Payments on time and in full, thereby causing the County to make payments to the Series 2011 Bondholders under the County Guaranty, which in turn causes the County Security to be drawn upon to reimburse the County for all or a portion of any such County Guaranty repayments, (i) the County Security Agreement, if any, shall provide that the Authority assign and pledge the Reimbursement Collateral (as defined in the Bond Resolution) to the County Security Provider, as reimbursement security for any such draw on the County Security, or (ii) to the extent the County Security is in the form of immediately available funds or the right to same deposited in the County Security Fund created under the Bond Resolution, in which case no County Security Agreement shall exist, then the Company, as County Security Provider in such instance, shall only be entitled to such excess County Security, as Reimbursement Collateral, if any shall remain available, after and to the extent the County has been fully paid under its County Guaranty;

**WHEREAS**, the Authority, with the consent of the County, may, depending on the Company Proposal, determine to (i) waive County Security due to the strength of the Company Proposal or otherwise, in which case the terms County Security, County Security Fund, County Security Fund Requirement, County Security Provider and Reimbursement Collateral shall have no effect, or (ii) initially accept as County Security, in lieu of a County Security Agreement, immediately available funds in such amount (defined under the Bond Resolution as the County Security Fund Requirement) as set forth in the Company Proposal, to be funded by the Company in accordance with the terms of the Company Lease Agreement, all as contemplated by the Company Proposal, and all to secure, in part, the County's payment obligations under its County Guaranty should such County Guaranty ever be drawn upon, and which County Security Fund Requirement monies would then be deposited by the Trustee in the County Security Fund created and defined in the Bond Resolution, and which County Security Fund would be specifically excepted from the pledge of the Trust Estate and would not be available to secure the payment of debt service on the Series 2011 Bonds;

**WHEREAS**, in the event the Company provides the County Security Fund Requirement through such a covenant to provide immediately available funds, if applicable, but in any event to secure other Company obligations under the Company Documents, the Authority shall require the Company to further secure such obligations by pledging certain property interests of the Company and its managing member's interest in and to the Company to the Trustee, all as shall be set forth in the Company Lease Agreement and that certain "Pledge and Security Agreement (Sussex County Renewable Energy Program, Series 2011)" to be dated as of the first day of the month of issuance of the Series 2011 Bonds (as the same may be amended or supplemented from time to time in accordance with its terms, the "*Company Pledge Agreement*"), and issued by the managing member of the Company, in favor of the Trustee, and acknowledged and accepted by the Company;

**WHEREAS**, the Company as a potential "materially obligated person" within the meaning and for the purposes set forth in Rule 15c2-12 ("*Rule 15c-12*") promulgated by the Securities and Exchange Commission pursuant to the Securities and Exchange Act of 1934, as amended, may be required to enter into that certain "Company Continuing Disclosure Agreement (Sussex County Renewable Energy Program, Series 2011)" to be dated as of the first day of the month of issuance of the Series 2011 Bonds (as the same may be amended and supplemented from time to time in accordance with its terms, the "*Company Continuing Disclosure Agreement*") with the Authority and the Trustee, as dissemination agent (the "*Dissemination Agent*") in order to satisfy the secondary market disclosure requirements of Rule 15c2-12;

**WHEREAS**, pursuant to the terms of the Bond Resolution, as a "materially obligated person" within the meaning and for the purposes set forth in Rule 15c2-12, the County will be required to enter into that certain "County Continuing Disclosure Agreement (Sussex County Renewable Energy Program, Series 2011)" to be dated as of the first day of the month of issuance of the Series 2011 Bonds (as the same may be amended and supplemented from time to time in accordance with its terms, the "*County Continuing Disclosure Agreement*" and together with the Company Continuing Disclosure Agreement, the "*Continuing Disclosure Agreements*") with the Dissemination Agent in order to satisfy the secondary market disclosure requirements of Rule 15c2-12;

**WHEREAS**, pursuant to the terms of the Bond Resolution and/or the Continuing Disclosure Agreements, the Authority shall (i) not be considered a "materially obligated person" within the meaning and for the purposes set forth in Rule 15c2-12, and (ii) be required to provide certain material events notices in accordance with Rule 15c2-12, and accordingly, the Authority shall be required to provide such material events notices under the terms of the Company Continuing Disclosure Agreement and the County Continuing Disclosure Agreement, all in order to satisfy the secondary market disclosure requirements of Rule 15c2-12;

**WHEREAS**, prior to the issuance of the Series 2011 Bonds and in accordance with N.J.S.A. 40A:5A-6, 7 and 8 of the Local Authorities Fiscal Control Law, the Authority shall have made an application (the "*Local Finance Board Application*") to, and seek, obtain, and officially recognize the findings from, the Local Finance Board (the "*Local Finance Board*") in the Department of Local Government Services of the State Department of Community Affairs;

**WHEREAS**, in order to market and sell the Series 2011 Bonds, the Authority shall determine to either (i) privately place the Series 2011 Bonds with any of the County, the State or State affiliate, or other third party, either directly, or through a private placement agent ("*Private Placement Agent*"), or (ii) alternatively, by negotiated or competitive sale, publicly offer the Series 2011 Bonds, in which public offering case the Authority shall need to:

- (a) Authorize the distribution of a preliminary official statement "deemed final" within the meaning and for the purposes of Rule 15c2-12 describing the terms of the Series 2011 Bonds, the Series 2011 Project and the other transactions contemplated hereby (the "*Preliminary Official Statement*");
- (b) If the Series 2011 Bonds shall be sold by:
  - (I) Competitive sale, authorize the distribution of a notice of sale ("*Notice of Sale*"), pursuant to which the Authority shall select an underwriter to purchase all of the Series 2011 Bonds (the "*Underwriter*"), or
  - (II) Negotiated sale, enter into a bond purchase agreement (the "*Bond Purchase Agreement*") with an underwriter to be selected by the Authority through a fair and open process (alternatively, the "*Underwriter*") to purchase all of the Series 2011 Bonds; and
- (c) Execute and deliver a final Official Statement incorporating the terms of the sale of the Series 2011 Bonds and certain other information into the Preliminary Official Statement (the "*Official Statement*"), and together with the Preliminary Official Statement, the Notice of Sale or the Bond Purchase Agreement, as applicable, and any of the same or other offering or sale documents that may be required by any Private Placement Agent or

*TITLE:*

**RESOLUTION OF THE MORRIS COUNTY IMPROVEMENT AUTHORITY  
CONCERNING THE REVIEW OF FINDINGS AND RECOMMENDATIONS OF THE  
LOCAL FINANCE BOARD PURSUANT TO LOCAL AUTHORITIES FISCAL  
CONTROL LAW AND OTHER APPLICABLE LAW, ALL IN CONNECTION WITH  
THE AUTHORITY'S COUNTY OF SUSSEX GUARANTEED RENEWABLE ENERGY  
PROGRAM LEASE REVENUE BONDS (COUNTY OF SUSSEX PROGRAM), SERIES  
2011 (FEDERALLY TAXABLE) IN AN AGGREGATE PRINCIPAL AMOUNT NOT TO  
EXCEED \$50,000,000**

WHEREAS, the County of Sussex, New Jersey, a political subdivision of the State (the "County") desires to undertake the development and implementation of a renewable energy program (the "Renewable Energy Program") for the financing, design, permitting, acquisition, construction, installation, operation and maintenance of renewable energy capital equipment and facilities such as solar panels, wind turbines, and hydro-electric, bio-diesel, geothermal, and bio-mass facilities, including any related electrical modifications, work related to the maintenance of roof warranties, or other work required, desirable or convenient for the installation of such systems (collectively, the renewable energy capital equipment and facilities, the "Renewable Energy Projects") for and on behalf of the County and its affiliates, and the local governmental units within the County, including without limitation municipalities, boards of education for school districts, local authorities and any other local government instrumentalities, public bodies or other local government entities (collectively, including the County, the "Local Units");

WHEREAS, the Morris County Improvement Authority (the "Authority") has been duly created by resolution no. 42 entitled "Resolution of the Board of Chosen Freeholders of Morris County, New Jersey creating the Morris County Improvement Authority" duly adopted by the Board of Chosen Freeholders (the "Morris County Board of Freeholders") of the County of Morris (the "Morris County") in the State of New Jersey (the "State") on April 10, 2002 as a public body corporate and politic of the State pursuant to and in accordance with the county improvement authorities law, constituting Chapter 183 of the Pamphlet Laws of 1960 of the State, and the acts amendatory thereof and supplemental thereto (as codified at N.J.S.A. 40:37A-44 *et seq.*, the "Act"), and other applicable law;

**WHEREAS**, as of the date hereof, the County has not created its own county improvement authority, and therefore pursuant to the Act, the County may determine to utilize the services of another county improvement authority, including without limitation the Authority, with the consent of both the County, a beneficiary county under the Act, and the Morris County Board of Freeholders, for any purpose for which an improvement authority shall exist, including those set forth in Section 11 of the Act (N.J.S.A. 40:37A-54, "*Section 11*"), which purposes include the development and implementation of the Renewable Energy Program;

**WHEREAS**, the County desires to implement the Renewable Energy Program through the Authority pursuant to the Act, the Uniform Shared Services and Consolidation Act, constituting Chapter 63 of the Pamphlet Laws of 2007 of the State, and the acts amendatory thereof and supplemental thereto (as codified at N.J.S.A. 40A:65-1 *et seq.*, the "*Shared Services Act*"), and all other applicable law, the terms of which agreement has been set forth in that certain "Service Agreement (Sussex County Renewable Energy Program)" dated as of March 1, 2011 (as amended and supplemented from time to time in accordance with its terms, the "*Service Agreement*") between the County and the Authority, and consented to by Morris County;

**WHEREAS**, the County has determined to enter into the Service Agreement and utilize the services of the Authority and the Authority Consultants (as hereinafter defined) for the following primary reasons: (i) the County does not have a county improvement authority, which type of entity possesses legal authority to enter into the kind of transactions that make a successful regional Renewable Energy Program more likely to succeed, (ii) Morris County has developed and implemented its own renewable energy program through the Authority, which Authority has retained (in accordance with all applicable law) experienced legal, engineering, energy consulting, and financial advisory consultants, consisting of the Authority's energy engineering and energy service consulting firms, Birsdall Services Group and Gabel Associates, its energy counsel and bond counsel, Inglesino, Pearlman, Wyciskala & Taylor, LLC, and its financial advisor, NW Financial Group, LLC, (collectively, the "*Authority Consultants*") and (iii) accordingly, it is more administratively efficient for the County to utilize the services of the Authority and the Authority Consultants to implement the Renewable Energy Program, with such changes as desired by the County, rather than incur the time and expense of the County establishing a new program;

**WHEREAS**, in addition, Sussex County may determine, but shall not be required, to seek the assistance of its auditor, financial advisor, if any, bond counsel, energy consultant, engineer or any other professional advisors deemed necessary, desirable and convenient by Sussex County (the "*Sussex County Consultants*", if any, and together with the Authority Consultants, the "*Consultants*"; to the extent Sussex County determines not to hire any Sussex County Consultants, references to the term Consultants herein shall be deemed to mean the Authority Consultants) to assist the Authority, the County and the Authority Consultants in connection with the Renewable Energy Program;

**WHEREAS**, the Renewable Energy Projects procured under the Renewable Energy Program, limited initially to solar panels, are to be installed on, in, affixed or adjacent to and/or for any other Local Unit controlled buildings, other structures, lands or other properties of the Local Units (collectively, the "*Local Unit Facilities*");

WHEREAS, it may be necessary, desirable or convenient, in connection with the financing, design, permitting, acquisition, construction, installation, operation and maintenance of the Renewable Energy Projects, to finance, design, permit, acquire, construct, renovate and install certain capital improvements to the Local Unit Facilities, including without limitation, improvements to or replacement of, roofing systems, if any (the "*Capital Improvement Projects*" and together with the Renewable Energy Projects and any Completion Project as defined in the hereinafter defined Bond Resolution, the "*Projects*"), and to the extent no Capital Improvement Projects are so financed, references herein shall have no meaning;

WHEREAS, the primary goal of the Renewable Energy Program is to expand the use of renewable energy sources available and utilized by the Local Units for their Local Unit Facilities, with the attendant environmental and financial benefits associated thereby, and to reduce the energy related operating costs to the Local Units for their Local Unit Facilities, all intended to be offered at no net cost to the Local Units;

WHEREAS, in order to implement the Renewable Energy Program, the Authority has determined to finance the respective Renewable Energy Projects and Capital Improvement Projects, if any, on, in or about the respective Local Unit Facilities, all as set forth on Exhibits B, C, and A to the hereinafter defined Local Unit License Agreement for each of the following participating Local Units:

- (i) Fredon Township, Green Township and Town of Newton (collectively, the "*Municipal Series 2011 Local Units*"); and

**WHEREAS**, in order to finance the Renewable Energy Projects for the Series 2011 Local Units on, in or about their Local Unit Facilities, the Authority may sell one or more series of Series 2011 Bonds, (i) one series by either a competitive process or by negotiated sale after a competitive process an underwriter (the "Underwriter") the terms of which sale shall be as set forth in that certain Bond Purchase Agreement between the Underwriter and the Authority (the "Series 2011A Bonds"), and (ii) one or more series of notes (collectively, the "*Series 2011B Notes*", and together with the Series 2011A Bonds, the previously defined "*Series 2011 Bonds*"), either by the same sale method as the Series 2011A Bonds or by direct sale to the County; provided, however that the aggregate principal amount of the Series 2011A Bonds and the Series 2011B Bonds together with any other bonds issued under the Bond Resolution shall not exceed \$50,000,000;

**WHEREAS**, the Series 2011 Bonds shall also finance all other costs associated with the Renewable Energy Program that the Authority determines to be necessary, convenient or desirable for the successful implementation of the Renewable Energy Program, including without limitation (i) all or a portion of the Preliminary Program Costs, Administrative Expenses and Company Development Fees and Expenses (as such terms are defined in the hereinafter defined Bond Resolution), (ii) costs incurred in connection with the issuance of the Series 2011 Bonds, (iii) costs incurred or to be incurred in connection with the design, permitting, acquisition, construction, installation, operation and maintenance of the Renewable Energy Projects for the Series 2011 Local Units, (iv) costs incurred or to be incurred in connection with the design, permitting, acquisition, construction, renovation, and installation of the Capital Improvement Projects for the Series 2011 Local Units, if any, (v) capitalized interest and/or reserves, if any, and (vi) such other amounts as shall be set forth in the Bond Resolution (collectively, the "*Series 2011 Project*");

WHEREAS, the holders of any Additional Bonds issued under the terms of the Bond Resolution, the Act and all other applicable law shall also be entitled to the pledge of the Trust Estate under the Bond Resolution on a pro-rata basis with the holders of any Outstanding Bonds as defined therein, including the Series 2011 Bonds, although the guaranty of the County shall only extend to any such Series of Additional Bonds to the extent (i) the aggregate principal amount of all such Series of Additional Bonds, when taken together with the aggregate principal amount of the Series 2011 Bonds, shall not exceed \$50,000,000, or (ii) the County adopts and executes similar official action and documents constituting the County Guaranty;

WHEREAS, under the County Guaranty Agreement, the Company RFP, and as applicable, the Company Proposal, the Authority shall be obligated to obtain a letter of credit, cash, a covenant to provide same, or other form of security acceptable to and issued for the benefit of the County (the "*County Security*") to be issued by a sufficiently rated banking or other financial institution, or if the County Security is provided in the form of immediately available funds or the right to same, then the Company (in any such case, the "*County Security Provider*"), all to secure, in part, the County's payment obligations under the County Guaranty (but not to secure the payment of debt service on the Series 2011 Bonds, as any such County Security shall be deposited in the County Security Fund under the Bond Resolution, which Fund shall not be a part of the Trust Estate pledged for the payment of the Series 2011 Bonds), the terms of which County Security shall be set forth in a letter of credit and reimbursement or other agreement to be dated the first day of the month of issuance of the applicable series of Bonds (as the same may be amended and supplemented from time to time in accordance with its terms, the "*County Security Agreement*") among the Company, the County Security Provider, and the Authority, and acknowledged by the County, the provisions of which County Security Agreement, to the extent the County Security is in the form of immediately available funds or the right to same deposited in the County Security Fund created under the Bond Resolution, shall (i) not be set forth in an independent County Security Agreement, and accordingly (ii) be set forth in the Bond Resolution, the County Guaranty Agreement and the Company Lease Agreement;

WHEREAS, should the Company fail to make its Basic Lease Payments on time and in full, thereby causing the County to make payments to the Series 2011 Bondholders under the County Guaranty, which in turn causes the County Security to be drawn upon to reimburse the County for all or a portion of any such County Guaranty repayments, (i) the County Security Agreement, if any, shall provide that the Authority assign and pledge the Reimbursement Collateral (as defined in the Bond Resolution) to the County Security Provider, as reimbursement security for any such draw on the County Security, or (ii) to the extent the County Security is in the form of immediately available funds or the right to same deposited in the County Security Fund created under the Bond Resolution, in which case no County Security Agreement shall exist, then the Company, as County Security Provider in such instance, shall only be entitled to such excess County Security, as Reimbursement Collateral, if any shall remain available, after and to the extent the County has been fully paid under its County Guaranty;

WHEREAS, the Authority, with the consent of the County, may, depending on the Company Proposal, determine to (i) waive County Security due to the strength of the Company Proposal or otherwise, in which case the terms County Security, County Security Fund, County Security Fund Requirement, County Security Provider and Reimbursement Collateral shall have no effect, or (ii) initially accept as County Security, in lieu of a County Security Agreement, immediately available funds in such amount (defined under the Bond Resolution as the County Security Fund Requirement) as set forth in the Company Proposal, to be funded by the Company in accordance with the terms of the Company Lease Agreement, all as contemplated by the Company Proposal, and all to secure, in part, the County's payment obligations under its County Guaranty should such County Guaranty ever be drawn upon, and which County Security Fund Requirement monies would then be deposited by the Trustee in the County Security Fund created and defined in the Bond Resolution, and which County Security Fund would be specifically excepted from the pledge of the Trust Estate and would not be available to secure the payment of debt service on the Series 2011 Bonds;

WHEREAS, in the event the Company provides the County Security Fund Requirement through such a covenant to provide immediately available funds, if applicable, but in any event to secure other Company obligations under the Company Documents, the Authority shall require the Company to further secure such obligations by pledging certain property interests of the Company and its managing member's interest in and to the Company to the Trustee, all as shall be set forth in the Company Lease Agreement and that certain "Pledge and Security Agreement (Sussex County Renewable Energy Program, Series 2011)" to be dated as of the first day of the month of issuance of the Series 2011 Bonds (as the same may be amended or supplemented from time to time in accordance with its terms, the "*Company Pledge Agreement*"), and issued by the managing member of the Company, in favor of the Trustee, and acknowledged and accepted by the Company;

WHEREAS, the Company as a potential "materially obligated person" within the meaning and for the purposes set forth in Rule 15c2-12 ("*Rule 15c-12*") promulgated by the Securities and Exchange Commission pursuant to the Securities and Exchange Act of 1934, as amended, may be required to enter into that certain "Company Continuing Disclosure Agreement (Sussex County Renewable Energy Program, Series 2011)" to be dated as of the first day of the month of issuance of the Series 2011 Bonds (as the same may be amended and supplemented from time to time in accordance with its terms, the "*Company Continuing Disclosure Agreement*") with the Authority and the Trustee, as dissemination agent (the "*Dissemination Agent*") in order to satisfy the secondary market disclosure requirements of Rule 15c2-12;

- (b) If the Series 2011 Bonds shall be sold by:
  - (I) Competitive sale, authorize the distribution of a notice of sale ("*Notice of Sale*"), pursuant to which the Authority shall select an underwriter to purchase all of the Series 2011 Bonds (the "*Underwriter*"), or

(b) Both the Authority and Sussex County acknowledge that the intent of the Renewable Energy Program is to pay for all costs and expenses thereof, including debt service on the Bonds, including the Series 2011 Bonds, prior to any economic benefit accruing to Local Units. Accordingly, to the extent estimated pro-formas of the Renewable Energy Program provided by the Authority, with the assistance of the Consultants, fail to demonstrate, to Sussex County's reasonable satisfaction, that all such costs can be so recovered prior to any economic benefit accruing to the Local Units, then Sussex County shall be relieved from its obligations hereunder to continue with the implementation of the Renewable Energy Program (but shall pay for all Consultant costs properly incurred to that point), including without limitation the provision of the Sussex County Guaranty, and Sussex County's inaction shall not give rise to an Event of Default (as hereinafter defined) under this Service Agreement; provided however that notwithstanding the foregoing in any such event, Sussex County acknowledges that any such Sussex County Funds previously provided to the Authority and disbursed by the Authority in accordance with the terms hereof for Preliminary Program Costs shall not be recoverable by

Sussex County from the Authority, in which case such lack of recovery shall not give rise to an Event of Default under this Service Agreement.

**Section 8. One or More Programs.** To the extent Local Unit demand for participation in the Renewable Energy Program continues after the issuance of the first series of Bonds, nothing herein shall be deemed to limit the Renewable Energy Program to a single tranche, program or series of Bonds, to the extent the Authority and Sussex County desire to continue the Renewable Energy Program in accordance with the terms hereof, or, as applicable, such amended, modified or supplemented terms that shall be set forth in any written amendment hereof duly authorized by both the Authority and Sussex County, and acknowledged by Morris County. To the extent the parties desire to continue the Renewable Energy Program, regardless of whether prior to Sussex County's receipt of a full accounting and repayment of all of Sussex County Funds or otherwise, the Authority and/or Sussex County may fund any Preliminary Program Costs of any such additional Renewable Energy Program from any available funds, and if from an additional series of County Notes or other Sussex County Funds, such applicable provisions hereunder shall be controlling on the parties. The Authority and Sussex County may also agree to extend the Renewable Energy Program to include the Authority's energy efficiency program, to the extent both parties agree to the terms of such additional program, and may incorporate the terms into this Service Agreement.

**Section 9. Events of Default.**

(a) Events of Default Defined. The following one or more events shall constitute "Events of Default" under this Service Agreement:

(i) Failure by the Authority or Sussex County to observe and perform any covenant, condition or agreement on its part to be observed or performed hereunder, for a period of thirty (30) days, or such reasonably longer period not to exceed one hundred twenty (120) days if compliance is not possible within such shorter time period, after written notice specifying such failure and requesting that it be remedied is given to Sussex County or the Authority, as the defaulting party, unless the non-defaulting party shall agree in writing to an extension of such time prior to its expiration; or

(ii) Any representation, warranty or covenant made by or on behalf of Sussex County or the Authority contained herein, or in any instrument furnished in compliance with or with reference to this Service Agreement, is false or misleading in any material respect.

(b) Remedies. In the case of an Event of Default, the non-defaulting party may take whatever action at law or in equity may appear necessary, desirable or convenient to consummate the transaction contemplated by this Service Agreement, including without limitation enforcing the specific performance and observance of any obligation, agreement or covenant of Sussex County or the Authority, as the defaulting party, under this Service Agreement.

**Section 10. Miscellaneous.**

(a) Severability. In the event any provision of this Service Agreement shall be held invalid or unenforceable by any court of competent jurisdiction, such holding shall not invalidate or render unenforceable any other provision hereof.

(b) Amendments, Changes and Modifications. This Service Agreement may not be amended, supplemented or modified without the prior written consent of the Authority and Sussex County and acknowledged by Morris County.

(c) Further Assurances and Corrective Instruments. The Authority and Sussex County agree that they will, if necessary, execute, acknowledge and deliver, such supplements hereto and such further instruments as may reasonably be required for correcting any inadequate or incorrect description of the Renewable Energy Program or for carrying out the expressed intention of this Service Agreement.

(d) Applicable Law. This Service Agreement shall be governed by and construed in accordance with the laws of the State.

(e) Authority and Sussex County Officers. Except as expressly provided herein, whenever under the provisions of this Service Agreement, either the approval of the Authority or Sussex County is required, or the Authority or Sussex County is required to take some action pursuant to the terms hereof or at the request of the other, such approval of such request shall be given, or such action shall be taken, as applicable, (i) for the Authority by the Chairman or the Treasurer of the Authority, or their written designee, each an authorized officer of the Authority hereunder, and (ii) for Sussex County by any member of the Sussex County Board of Freeholders, the County Administrator, the County Treasurer, each an authorized officer of Sussex County hereunder, and any other party hereto shall be authorized to rely upon any such approval or request.

(f) Captions. The captions or headings in this Service Agreement are for convenience only and in no way define, limit or describe the scope or intent of any provisions or sections of this Service Agreement.

(g) Binding: Counterparts. This Service Agreement shall be binding upon the parties hereto only when duly executed by authorized officers on behalf of both Sussex County and the Authority together; provided, however, that each set of counterparts taken together shall constitute an original.

(h) No Personal Liability or Accountability. No covenant or agreement contained in this Service Agreement shall be deemed to be the covenant or agreement of any present, past or future officer, agent or employee of the Authority or Sussex County, in his or her individual capacity, and neither the officers, agents or employees of the Authority or Sussex County nor any official executing this Service Agreement shall be liable personally on this Service Agreement or be subject to any personal liability or accountability by reason of any transaction or activity relating to this Service Agreement.

(i) Gender. Use of the masculine, feminine or neuter gender herein is for purposes of convenience only and shall be deemed to mean and include the other genders whenever and wherever appropriate.

(j) Receipt of Service Agreement. The parties hereto each acknowledge receipt of a signed, true and exact copy of this Service Agreement.

(k) Term. The term of this Service Agreement (i) shall commence upon the authorization, execution and delivery hereof by authorized officers of the parties hereto, and (ii) unless expressly set forth otherwise herein, shall terminate upon the full accounting and repayment of all Sussex County Funds in accordance with the terms hereof.

(l) Effective Date. This Service Agreement shall be effective (i) ten (10) days after adoption by the Authority of a resolution authorizing its execution, unless said authorizing resolution has been vetoed in accordance with N.J.S.A. 40:37A-50(e) of the Act, and (ii) upon adoption of a resolution by Morris County consenting to this Service Agreement.

IN WITNESS WHEREOF, each of Sussex County and the Authority has duly authorized the execution and delivery of this Service Agreement by the respective authorized officers thereof set forth below as of the date first above written.

IMPROVEMENT AUTHORITY**

**EXHIBIT A**

**RESOLUTION OF THE MORRIS COUNTY  
IMPROVEMENT AUTHORITY AUTHORIZING  
THE DEVELOPMENT AND IMPLEMENTATION  
OF A RENEWABLE ENERGY PROGRAM AND THE  
SEEKING OF VARIOUS CONSULSTANTS IN  
CONNECTION THEREWITH**

WHEREAS, The Morris County Improvement Authority (including any successors and assigns, the "Authority") has been duly created by resolution no. 42 entitled "Resolution of the Board of Chosen Freeholders of Morris County, New Jersey creating the Morris County Improvement Authority" duly adopted by the Board of Chosen Freeholders (the "Board of Freeholders") of the County of Morris (the "County") in the State of New Jersey (the "State") on April 10, 2002 as a public body corporate and politic of the State pursuant to and in accordance with the county improvement authorities law, constituting Chapter 183 of the Pamphlet Laws of 1960 of the State, and the acts amendatory thereof and supplemental thereto (the "Act") and other applicable law;

WHEREAS, the Authority desires to undertake the development and implementation of a program (the "Renewable Energy Program") for the financing, acquisition, installation, operation and maintenance of renewable energy capital equipment and facilities such as solar panels, wind turbines, and hydro-electric facilities (collectively, the renewable energy capital equipment and facilities, the "Renewable Energy Projects") for and on behalf of the County and local governmental units within the County, including without limitation municipalities, school districts, local authorities and any other local government instrumentalities, public bodies or other local government entities; collectively, including the County, the "Local Units");

WHEREAS, the Renewable Energy Projects procured under the Renewable Energy Program are to be installed on, in, affixed or adjacent to and/or for any other Local Unit controlled buildings, other structures, lands or other properties of the Local Units (collectively, the "Local Unit Facilities");

WHEREAS, the primary goal of the Renewable Energy Program is to expand the use of renewable energy sources available and utilized by the Local Units for their Local Unit Facilities, with the attendant environmental and financial benefits associated thereby, and to reduce the energy related operating costs to the Local Units for their Local Unit Facilities, all intended to be offered at no net cost to the Local Units;

WHEREAS, the Authority is seeking the County's financial assistance in taking the initial steps in order to develop and implement the Renewable Energy Program, which financial assistance is intended to be repaid with funds raised by the Authority through the issuance of permanent bonds of the Authority under the Renewable Energy Program (the "Bonds"), and toward that end, the Authority has requested that the County adopt a bond ordinance ("County Bond Ordinance") authorizing the issuance by the

County of a note or notes of the County (the "County Notes") in an amount sufficient to assist the Authority with funding all of the engineering, legal, financial advisory and other preliminary costs of the Renewable Energy Program necessary, desirable or convenient for the development and implementation of the Renewable Energy Program prior to the issuance of the Bonds (the "Preliminary Program Costs");

WHEREAS, the terms and conditions of (i) the County's initial funding of the Renewable Energy Program with a portion of the proceeds of the County Notes, (ii) the disbursement of such proceeds for Renewable Energy Program costs, (iii) the return of the funds to the County upon the issuance of the Authority Bonds, (iv) the financial protection to be afforded the County from any potential draw under its hereinafter defined County Guaranty of the Bonds necessary for the financial success of the Renewable Energy Program, (v) the recovery of certain costs from non-participating Local Units, and (v) certain other related Renewable Energy Program issues shall be set forth in a service agreement (the "County Service Agreement") by and between the Authority and the County, all pursuant to Section 36 of the Act (N.J.S.A. 40:37A-79) and other applicable law;

WHEREAS, in order to implement and develop the Renewable Energy Program, the Authority shall hire the services of an individual or corporate engineering and renewable energy consulting firm (the "Consulting Energy Engineer") under all applicable law, through one or more qualification based request for proposals (severally or individually, the "RFP"), to, among other things, (i) determine the suitability of the Local Unit Facilities for the installation and operation of the Renewable Energy Projects (the "Consulting Energy Auditing Services"; for purposes of the Renewable Energy Program, the Consulting Energy Engineer performing such services may be referred to, with respect to only such services, as the "Consulting Energy Auditor"), (ii) verify, modify and/or develop the economic assumptions underlying the Renewable Energy Program, and (iii) assist in the negotiation of the various agreements required to implement the Renewable Energy Program (together with the Consulting Energy Auditing Services, collectively, the "Consulting Energy Services");

WHEREAS, the RFP shall not be issued unless and until the Authority and its professional consultants provide the County with a presentation of the initial concepts for the development and implementation of the Renewable Energy Program (the "Initial County Presentation") and the County determines that it is in the best interest of the Local Units for the Authority to proceed with the Renewable Energy Program;

WHEREAS, the Authority shall not (i) award the RFP, or any phase thereof, unless and until an appropriation has been made, either by the County through the County Bond Ordinance or otherwise, and (ii) award the RFP in an amount in excess of the limitation stated in the County Bond Ordinance or any other available source (the "RFP Award Limitations");

WHEREAS, the Authority, together with the Consulting Energy Engineer, and its other professional consultants, shall solicit interest, through community outreach

meetings, from Local Units for participation in the Renewable Energy Program ("Phase I"), and to the extent required by any Local Unit, the Authority, on behalf of itself and any such agents, may have to execute a preliminary license and access agreement ("Preliminary License") with any such Local Unit, particularly if required by any such Local Unit for the Consulting Energy Auditing Services ("Phase I Documents");

WHEREAS, upon the determination of Local Unit participation in the Renewable Energy Program, it is presently contemplated that the Authority would implement the Renewable Energy Program through either or both of the following options, or some hybrid thereof, depending on the nature of the renewable energy and municipal financing markets, the interests of the respective Local Units, and whatever other factors shall be deemed relevant by the Consulting Energy Engineer and or the Authority's other professional consultants and determined by the Authority and the County to be in their best interests and that of the Local Units prior to the issuance of the Bonds;

WHEREAS, under the first option under consideration for implementation of the Renewable Energy Program (the "Private Option"), the Authority shall enter into a license, access, receipt, sale and other services agreement, or other agreement with each participating Local Unit (each agreement a "Local Unit License") that would, among other things, provide the Authority and/or its assignees the right to (i) access certain Local Unit Facilities of such Local Unit, (ii) design, acquire, finance, install, operate and maintain the Renewable Energy Projects on, in, affixed or adjacent to, or for the benefit of such Local Unit Facilities, (iii) receive the renewable energy produced from such Renewable Energy Projects, and (iv) sell all or a portion of the renewable energy produced from such Renewable Energy Projects to the Local Unit, either directly or through the Authority, all pursuant to N.J.S.A. 40:37A-77 of the Act and other applicable law;

WHEREAS, the Authority shall, in accordance with the competitive contracting provisions of the Local Public Contracts Law, particularly N.J.S.A. 40A:11-4-1 through 4.5, inclusive, or 40A:11-5(6), as applicable, procure the services of a private developer (the "Company") to design, acquire on behalf of the Authority, install, operate and maintain the Renewable Energy Projects for the designated Local Unit Facilities, and sell all or a portion of the renewable energy generated thereby to the Local Units, either directly or through the Authority, and if excess renewable energy is available, to the market, all on a turnkey, guaranteed maximum price basis, or on some other basis that makes economic sense and limits downside risk to the Authority and the County, with such Renewable Energy Program terms to be set forth in (i) a license of the necessary portion of each Local Unit Facilities' site (each a "Company License") granted by the Authority (itself a recipient of the Local Unit License) to the Company, (ii) a lease of the Renewable Energy Project (the "Company Equipment Lease") from the Authority, as owner and lessor, to the Company, as lessee, structured in such a manner as to convey Federal income tax ownership of the Renewable Energy Project to the Company, and (iii) an operating, maintenance and marketing agreement (the "Company Service Agreement", together with the Company License, the Company Equipment Lease and any other agreement that includes the Authority and the Company as parties that the Authority shall

deem necessary, desirable or convenient to implement the Renewable Energy Program, including without limitation any power purchase agreement that may encompass one or more provisions of the foregoing, the "Company Documents"), pursuant to which the Company would operate and maintain the Renewable Energy Project, and market and sell all or a designated portion of the energy generated thereby, which sale shall be initially to the Authority for the benefit of the Local Units, or directly to the Local Units, with any excess energy sold to the market;

WHEREAS, as the Federal income tax ownership of the Renewable Energy Projects would be conveyed to the Company under the Private Option in order to maximize the economic benefits generated by the Renewable Energy program, whereby the Authority shall seek to obtain the maximum share of such economic benefits to cover all costs of the Renewable Energy Program, including without limitation the payment of debt service on the Bonds issued to finance the Renewable Energy Projects, and convey the balance of any such obtained economic benefits to or for the benefit of the Local Units, unless Federal tax law permits otherwise the Bonds shall be issued on a taxable basis for purposes of Section 103 of the Internal Revenue Code of 1986, as amended (the "Code");

WHEREAS, under the second option under consideration for implementation of all or a portion of the Renewable Energy Program (the "Public Option"), the Authority shall finance the acquisition of the Renewable Energy Projects with a series of Bonds, the gross income of which shall be excludable for Federal income tax purposes under Section 103 of the Code, and the Authority, the Local Units, and any private entity procured in accordance with applicable law shall allocate the responsibility for designing, acquiring, installing, operating, and maintaining the Renewable Energy Projects, so long as ownership of the Renewable Energy Projects shall be with the Authority or the Local Units, and the Local Units shall use the renewable energy produced thereby at their Local Unit Facilities, all pursuant to one or more loan, lease, license, service or other agreements (collectively, the "Local Unit Agreements") by and between or among all such applicable entities under the Act and other applicable law;

WHEREAS, under the Private Option, the Public Option, or some other option that may be a composite of one or more of the foregoing (each an "Option" under the Renewable Energy Program), the Bonds shall also be issued in accordance with (i) the terms of a bond resolution adopted by the governing body of the Authority (the "Bond Resolution") in accordance with Section 17 of the Act (N.J.S.A. 40:37A-60) and (ii) all other applicable law, to finance the Renewable Energy Projects and other allowable costs of the Renewable Energy Program, including without limitation any such costs financed on an interim basis by the County, all pursuant to terms of the Service Agreement;

WHEREAS, under any Option, in accordance with the terms of the Bond Resolution, payment of the principal of (including mandatory sinking fund installments, if any) and interest on the Bonds, in addition to any security that may be provided from payments under any Company Documents, or, only if desired by certain Local Units, particularly school districts, from payments under any Local Unit debt instrument, shall

be in addition, fully, unconditionally and irrevocably guaranteed in accordance with (i) the terms of a guaranty ordinance of the County to be finally adopted by the Board of Freeholders, (ii) by a guaranty certificate to be executed by an authorized officer of the County on the face of each Bond and (iii) as may be required by any rating agency, underwriter, Bond purchaser or other entity that will allow the Authority to sell the Bonds at the lowest possible cost to the Local Units, an agreement setting forth the County's obligation to make any such guaranty payments in accordance with and within the parameters set forth in the ordinance (collectively, the "County Guaranty"), all pursuant to Section 37 ("Section 37") of the Act (N.J.S.A. 40:37A-80);

WHEREAS, in accordance with Section 13 ("Section 13") of the Act (N.J.S.A. 40:37A-56), prior to the issuance of the Bonds, the Authority will have made a detailed report of the Renewable Energy Program to the Board of Freeholders, which report will include, without limitation, descriptions of the Service Agreement, the Bonds, the Bond Resolution, County Guaranty, and as applicable Local Unit License and Company Documents or Local Unit Agreements (collectively, the "Program Documents").

### INTRODUCTION AND GENERAL INFORMATION

#### Section 1.1. Introduction and Purpose.

The Morris County Improvement Authority (the "**Authority**") was created in 2002 by the Board of Chosen Freeholders of Morris County (the "**County**"), New Jersey (the "**State**") as a public body corporate and politic of the State pursuant to and in accordance with the county improvement authorities law (codified at N.J.S.A. 40:37A-44-1 et seq., the "**Act**"). The Authority's office (the "Authority's Office") is located at:

Morris County Improvement Authority, Administration and Records Building, 5th Floor, P.O. Box 900, Court Street, Morristown, New Jersey 07963-0900.

The Authority desires to undertake the development and implementation of a program (the "**Renewable Energy Program**") for the planning, design, financing, acquisition, installation, operation and maintenance of renewable energy capital equipment and facilities such as solar panels, wind turbines, and hydro-electric facilities (collectively, the renewable energy capital equipment and facilities, the "**Renewable Energy Projects**") for and on behalf of the County and local governmental units within the County, including without limitation municipalities, school districts, local authorities and any other local government instrumentalities, public bodies or other local government entities; collectively, including the County, the "**Local Units**").

The Renewable Energy Projects to be procured under the Renewable Energy Program are to be installed on, in, affixed or adjacent to and/or for any other Local Unit controlled buildings, other structures, lands or other properties of the Local Units (collectively, the "**Local Unit Facilities**").

In order to implement and develop the Renewable Energy Program, the Authority has issued this "REQUEST FOR PROPOSALS AND QUALIFICATION STATEMENTS" dated November 12, 2008 (as this document may be amended or supplemented, the "**RFP**") for the procurement of one or more individual, partnership, corporate or other engineering and renewable energy consulting firms (collectively, the "**Consulting Energy Engineer**").

As more particularly described in Article II of this RFP below, the Consulting Energy Engineer shall perform the following "**Consulting Energy Services**" for the Authority under the Renewable Energy Program:

- (i) Attend the Local Unit Outreach Meetings scheduled for December 11, 2008, one meeting for school districts, and the other meeting for all other Local Units ("**Phase 1**");
- (ii) Determine the suitability of the Local Unit Facilities for the installation and operation of the Renewable Energy Projects (the "**Consulting Energy Auditing Services**" or "**Phase 2**"; for purposes of the Renewable Energy Program, the Consulting Energy Engineer performing such services may be referred to, with respect to only such services, as the "**Consulting Energy Auditor**");
- (iii) Develop, verify, and/or modify the economic assumptions underlying the Renewable Energy Program ("**Phase 3**"); and
- (iv) Assist in the negotiation of the various agreements required to implement the Renewable Energy Program ("**Phase 4**").

Respondents may issue Proposals to the Authority for one or more (including all) Phases of the Consulting Energy Services. The Authority reserves the right to award separate Phases of this RFP to one or more Respondents, with such allocation to be in the sole determination of the Authority. In the case of the Consulting Energy Auditing Services, depending on demand for the Renewable Energy Program, the Authority may determine to award that Phase 2 of this RFP to several Consulting Energy Auditors. Where subcontractors or sub-consultants are to be utilized for any Consulting Energy Services, Respondents shall include in their Proposals for each subcontractor or sub-consultant the same information requested of the Respondent.

The Authority is presently developing the Renewable Energy Program, and is looking to the Consulting Energy Engineer, along with the Authority's standing professional advisors, its counsel (DeCotiis, FitzPatrick, Cole & Wisler, LLP, led by Stephen B. Peariman, Esq.) and financial advisor (Acacia Financial Group, Inc., led by Noreen P. White), to guide and assist the Authority in that development. The Renewable Energy Program is presently contemplated for development and implementation along the lines set forth in that certain "Service Agreement (Renewable Energy Program)", draft dated November 12, 2008 (the "**County Service Agreement**") between the County and the Authority, attached to this RFP as **Exhibit A**. All Respondents should read the draft County Service Agreement, although the Authority cautions the Respondents that such draft is not in final form, and the scope and nature of the Renewable Energy Program may change from that presently contemplated as information is received from the County, the Local Units, the State and any other stakeholder.

Any individual, partnership, corporate or other engineering and renewable energy consulting firm (the "**Respondent**") that is interested in performing Consulting Energy Services as Consulting Energy Engineer for the Authority's Renewable Energy Program shall submit a written response to this RFP in accordance with the submittal requirements set forth herein (including certain submittal options), including Article III hereof, together with the Proposal cover letter set forth in **Exhibit C** hereto (collectively, the "**Proposal**").

The Authority shall review, in its sole discretion, Proposals only from those Respondents that submit Proposals that include all the information required to be included as described in this RFP.

From all timely Proposals received, the Authority intends first to qualify Respondents (i) that possess the professional, financial and administrative capabilities to provide the Consulting Energy Services, and (ii) agree to be bound by and meet the other terms and conditions of the RFP, as determined by the Authority. Once the Authority has qualified Respondents, the Authority shall select one or more Respondents to provide Consulting Energy Services, which award shall only be set forth in a services contract ("**Services Contract**") setting forth the terms of such Consulting Energy Services, which Services Contract shall be based on the RFP and the Proposal of the successful Respondents, and which award shall not be effective until such Services Contract(s) shall be executed by authorized officers of both the Authority and the respective successful Respondents.

The selection of qualified and successful Respondents is not subject to the bidding provisions of the Local Public Contracts Law, N.J.S.A. 40A:11-1 *et seq.*, or any other applicable bidding law; provided however that the selection is subject to the "New Jersey Local Unit Pay-to-Play" Law, N.J.S.A. 19:44A-20.4 *et seq.* According to such New Jersey Local Unit Pay-to-Play Law, the Authority shall post notice of the existence of this RFP on its website at least ten (10) days' prior to receipt of Proposals. Such notice shall be in the form set forth in **Exhibit B** attached hereto. The Authority has structured this procurement process to ensure that each Respondent is provided an equal opportunity to submit a Proposal in response to the RFP. The Authority is not required to enter into a Services Contract with any Respondent. Accordingly, the Authority may reject all Proposals, waive any nonconformities to the RFP requirements, award and execute one or more Services Contracts, and/or take whatever other action shall be available to the Authority, at law or equity, as the Authority, in its sole discretion, deems to be in the best interests of the Authority and the Renewable Energy Program described under the RFP, including the potential Renewable Energy Program participants.

This RFP has become available to the public on November 12, 2008 at 10 a.m., Prevailing Time.
