The Bond Resolution contains additional provisions regarding certain other rights to redemption of one or more Series of the Series 2011 Bonds prior to their stated maturities thereof.

The Series 2011 Bonds are payable upon redemption at the above-mentioned office of the Paying Agent. Notice of redemption, setting forth the place of payment, shall be mailed by the Trustee, postage prepaid, not less than thirty (30) days nor more than forty-five (45) days prior to the redemption date, to the Registered Owners of any Series 2011 Bonds or portions thereof to be redeemed at their last addresses, if any, appearing upon the registry books, all in the manner and upon the terms and conditions set forth in the Bond Resolution. If notice of redemption shall have been mailed as aforesaid, the Series 2011 Bonds or portions thereof specified in said notice shall become due and payable on the redemption date therein fixed and if, on the redemption date, moneys for the redemption of all of the Series 2011 Bonds or portions thereof to be redeemed, together with interest to the redemption date, shall be available for such payment on said date, then from and after the redemption date interest on such Series 2011 Bonds or portions thereof so called for redemption shall cease to accrue and be payable. Failure of the Registered Owner of any Series 2011 Bonds to be redeemed to receive any such notice shall not affect the validity of the proceedings for the redemption of Series 2011 Bonds.

The principal or Redemption Price of and the interest on the Series 2011 Bonds are payable by the Authority solely from the Trust Estate, and neither the State of New Jersey, the County (except to the extent of payments under the County Guaranty, which shall not secure the payment of any redemption premium), the Series 2011 Local Units, nor any political subdivision thereof, other than the Authority (but solely to the extent of the Trust Estate), is obligated to pay the principal or Redemption Price of or the interest on this bond and the issue of which it is one,

and neither the full faith and credit nor the taxing power of the State of New Jersey, the Series 2011 Local Units, the County (except to the extent of the payments under the County Guaranty, which guaranty shall not secure the payment of any redemption premium) or any political subdivision thereof, including the Authority (which has no taxing power), is pledged to the payment of the principal or Redemption Price of the interest on this bond and the issue of which it is one.

It is hereby certified and recited that all conditions, acts and things required by law and the Bond Resolution to exist, to have happened and to have been performed precedent to and in the issuance of this bond, exist, have happened and have been performed, and that the Series of Bonds of which this is one, together with all other indebtedness of the Authority, complies in all respects with the applicable laws of the State of New Jersey, including particularly, the Act.

This bond shall not be entitled to any benefit under the Bond Resolution or be valid or become obligatory for any purpose until this bond shall have been authenticated by the execution by the Trustee of the Trustee's Certificate of Authentication hereon.

IN WITNESS WHEREOF, THE MORRIS COUNTY IMPROVEMENT AUTHORITY has caused this bond to be executed in its name and on its behalf by the manual or facsimile signature of its Chairman or Vice Chairman, and its seal to be impressed, imprinted, engraved or otherwise reproduced hereon and attested by the manual or facsimile signature of its Secretary or Assistant Secretary, all as of the Dated Date hereof.

## TAX CERTIFICATE

I, Glenn Roe, as Treasurer and a Commissioner of The Morris County Improvement Authority (the "Authority"), a public body corporate and politic of the State of New Jersey (the "State") organized and existing pursuant to and in accordance with the county improvement authorities law, constituting Chapter 183 of the Pamphlet Laws of 1960 of the State, and the acts amendatory thereof and supplemental thereto (as codified at N.J.S.A. 40:37A-44 *et seq.*, the "Act"), **HEREBY CERTIFY TO THE BEST OF MY KNOWLEDGE AND BELIEF** as follows:

### 1. GENERAL

1.1. The Series 2011 Obligations. I, with others, am charged with the responsibility of issuing: \$26,715,000 aggregate principal amount of the Authority's County of Sussex Guaranteed Renewable Energy Program Lease Revenue Bonds, Series 2011A (Federally Taxable) (the "Series 2011A Bonds") and \$985,000 County of Sussex Guaranteed Renewable Energy Program Lease Revenue Note, Series 2011B (Federally Taxable) (the "Series 2011B Note" and collectively with the Series 2011A Bonds, the "Series 2011 Obligations"), sold on December 7, 2011, dated and issued December 14, 2011.

1.2. Amount Deemed Received. The Authority is deemed to have received \$27,700,000 from the sale of the Series 2011 Obligations, consisting of the par amount of the Series 2011 Obligations (amount of \$27,700,000). There is no original issue premium, original issue discount (other than with respect to the Series 2011B Note as described in Section 5.3 hereof for federal income tax purposes) or accrued interest on the Series 2011 Obligations.

1.3. Authorization for the Series 2011 Obligations. The Series 2011 Obligations are issued pursuant to the Act, other applicable law, and that certain bond resolution of the Authority, entitled "RESOLUTION AUTHORIZING THE ISSUANCE OF COUNTY OF SUSSEX GUARANTEED RENEWABLE ENERGY PROGRAM LEASE REVENUE NOTES AND BONDS (COUNTY OF SUSSEX PROGRAM), SERIES 2011 AND ADDITIONAL BONDS OF THE MORRIS COUNTY IMPROVEMENT AUTHORITY" adopted on September 28, 2011, as amended and supplemented by Certificates of an Authorized Officer of the Authority to be executed in connection with the issuance of each of the Series 2011A Bonds and the Series 2011B Note (collectively, the "Bond Resolution"). The Series 2011A Bonds are being issued to: (i) finance a portion of the costs of the Renewable Energy Projects for each of the Series 2011 Local Units (as such terms are defined in the Bond Resolution; for a more complete description of the Renewable Energy Program, see "THE RENEWABLE ENERGY PROGRAM" in the Official Statement with respect to the Series 2011 Obligations, dated December 7, 2011 (the "Official Statement")), (ii) reimburse certain Renewable Energy Program development costs paid by the County of Sussex, New Jersey (the "County") and the Authority, (iii) pay certain fees and costs incurred by or for Sunlight General Sussex Solar, LLC (the "Company") in connection with the Renewable Energy Program (collectively, the purposes set forth in (i), (ii) and (iii) are referred to herein as the "Project"), and (iv) pay the various costs of issuing the Series 2011 Obligations. The Series 2011A Note is being issued to pay capitalized interest on the Series 2011A Bonds on June 15, 2012 and December 15, 2012.

2. PURPOSE OF ISSUE.

2.1. Purposes of the Series 2011 Obligations. (a) The Series 2011A Bonds are being issued for the following purposes:

(i) To finance the Project; and  
(ii) To provide funds for the payment of certain of the costs and expenses incurred in connection with the authorization, issuance and delivery of the Series 2011 Obligations.

(b) The Series 2011B Note is being issued to pay capitalized interest on the Series 2011A Bonds on June 15, 2012 and December 15, 2012.

2.2. No Yield Restriction Requirements. Interest on the Series 2011 Obligations is includable in gross income for federal income tax purposes. Accordingly, the yield restriction and rebate requirements of Code Section 148 do not apply to the proceeds of the Series 2011 Obligations.

2.3. No Reimbursement. Except for preliminary expenditures not exceeding 20% of the issue price of the Series 2011A Bonds (as defined in Section 1.150-2(f) of the Regulations, such as architectural, engineering, surveying, soil testing, reimbursement bond issuance, and similar costs that are incurred prior to commencement of acquisition, construction, or rehabilitation of a project, other than land acquisition, site preparation, and similar costs incident to commencement of construction), none of the proceeds of the Series 2011A Bonds will be used to reimburse the Authority for an expenditure paid prior to the date hereof.

2.4. No Refunding. No portion of the proceeds of the Series 2011 Obligations will be used to pay debt service on any other indebtedness of the Authority.

3. SOURCE AND DISTRIBUTION OF FUNDS.

3.1. Proceeds of the Series 2011 Obligations. The proceeds derived from the sale of the Series 2011 Obligations, in the amount of \$27,700,000 (which amount constitutes the par amount of the Series 2011 Obligations) constitute the "Proceeds" of the Series 2011 Obligations for purposes of this Certificate.

In particular, requisitions for Renewable Energy Project costs will be paid approximately 70% from Series 2011A Bond proceeds and 30% by or on behalf of the Company.

(2) Such costs include monies for the Cost of the Project, along with payment of certain Renewable Energy Program Costs to the Company.

(3) Proceeds of the Series 2011B Note in the amount of \$983,418.75) will be used to pay capitalized interest on the Series 2011A Bonds on June 15, 2012 and December 15, 2012.

3.3. New Money Portion of Proceeds. A portion of the Proceeds of the Series 2011A Bonds will be deposited in the Project Fund and will be applied to pay the costs of the Project, as described in Sections 1.3 and 3.2, above. The Authority will use such funds only for capital expenditures in connection with the Project. Such proceeds will not be used to repay, at maturity or otherwise, any indebtedness of the Authority or any Local Unit. The proceeds will be used to pay all or a portion of the costs of the Project within three (3) years from the date hereof.

3.4. Investment of Proceeds. Proceeds of the Series 2011 Obligations may be invested without regard to yield restriction.

4. TERMS OF THE SERIES 2011 OBLIGATIONS AND CALCULATION OF YIELD.

4.1. Terms of the Series 2011 Obligations. The dated date, maturity date, and rate of interest of the Series 2011 Obligations are as shown in the Official Statement. When used in this certificate, the term “yield” refers to the yield computed by the present worth method using a 360-day year and semiannual compounding, and means that discount rate which, when used in computing the present worth of all payments of principal and interest to be paid on the Series 2011 Obligations, produces an amount equal to the purchase price thereof.

4.2. Purchase Price of the Series 2011 Obligations. The Purchase Price of the Series 2011 Obligations is an amount equal to the initial offering price of the Series 2011 Obligations to the public (excluding bond houses, brokers or similar persons or organizations acting in the capacity of underwriters or wholesalers), at which price a substantial amount of the Series 2011 Obligations (at least ten percent (10%) of the principal amount of each maturity) was sold, including accrued interest, if any, as of the date of issuance, and without allowance for discount or any fees in connection with the issuance of the Series 2011 Obligations. In reliance on a certification made by RBC Capital Markets, LLC, as senior managing underwriter, on behalf of the underwriters (“Underwriters”), which certification is set forth as **Exhibit A** hereto, to the best of its knowledge a substantial portion of the aggregate principal amount of Series 2011 Obligations of each maturity has been sold to the public (excluding bond houses, brokers or similar persons or organizations acting in the capacity of underwriters or wholesalers), at the offering price or yield set forth in the Official Statement.

4.3. Insurance. There is no bond insurance on the Series 2011 Obligations.

4.4. Purchase Price for Yield Purposes. The purchase price for the Series 2011A Bonds for purposes of computing yield is \$27,700,000, consisting of the par amount of the Series 2011 Obligations. There is no original issue premium, original issue discount (except with respect to the Series 2011B Note for federal tax purposes, as described in Section 5.3 hereof) or accrued interest on the Series 2011 Obligations.

4.5. Yield. The yield on the Series 2011 Obligations, as computed in accordance with the method described in Section 4.1 above, using as a purchase price the price which is specified in Section 4.4 above, is not less than 4.151867%.

## 5. MISCELLANEOUS.

5.1. Single Issue. There are no other issues of governmental bonds or notes of the Authority: (a) sold within 15 days of the date of the sale of the Series 2011 Obligations; (b) sold pursuant to a common plan of financing with the Series 2011 Obligations; and (c) to be paid out of substantially the same source of funds as the Series 2011 Obligations, determined without regard to guarantees from unrelated parties.

5.2. No Filing of IRS Form 8038-G. Interest on the Series 2011 Obligations is includable in gross income for federal income tax purposes. Accordingly, the Authority is not required to file,

and will not file, an information report on Form 8038-G with the Internal Revenue Service (the "IRS").

5.3. Filing of IRS Form 8281 and Form 1099-OID.

(a) Bond Counsel has advised the Authority as follows:

(i) The Internal Revenue Service requires that Form 8281, Information Return for Publicly Offered Original Issue Discount Instruments, be filed in connection with certain publicly offered debt instruments having original issue discount ("OID").

(ii) OID is the excess of the "stated redemption price at maturity" of a bond over the "issue price" of that bond. The "stated redemption price at maturity" is the sum of all payments provided by the debt instrument other than "qualified stated interest" payments. "Qualified stated interest" is stated interest that is unconditionally payable in cash or in property at least annually at a single fixed rate. Because the first interest payment on the Series 2011B Note is January 15, 2013, which is more than one year from the issue date, interest may not be regarded as paid at least annually and, consequently, interest may not be regarded as "qualified stated interest." The "issue price" of a debt instrument issued for money is the first price at which a substantial amount of the debt instruments is sold (other than to bond houses, brokers, or similar persons or organizations acting in the capacity of underwriters, placement agents, or wholesalers). The issue price for each maturity of the Series 2011B Note is expected to be the initial public offering price set forth on the inside cover page of the Official Statement.

(iii) Pursuant to Regulations Section 1.1273-1(d), if the amount of OID with respect to a debt instrument is less than the *de minimis* amount, the amount of OID is treated as zero, and all stated interest (including stated interest that would otherwise be characterized as OID) is treated as qualified stated interest. The *de minimis* amount is an amount equal to 0.0025 multiplied by the product of the stated redemption price at maturity and the weighted average maturity (in the case of installment obligations, as such term is defined in Regulations Section 1.1273-1(e)). With respect to the Series 2011B Note, treating none of the interest as qualified stated interest, the OID is not *de minimis*.

(b) The Authority shall cause Form 8281, in substantially the form attached hereto as Exhibit B, to be filed with the IRS.

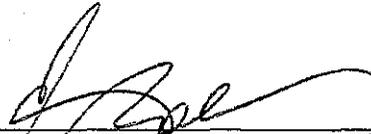

(c) The Authority shall comply with the information reporting requirements under the Code in connection with the Bonds, including the reporting of OID and, if required, Form 1099-OID.

[Remainder of page intentionally left blank. Signature page follows.]

5.4. No Expected Disposition of Facilities. No portion of the facilities or other property financed by the Series 2011 Obligations is expected to be sold or otherwise disposed of prior to the last maturity of the Series 2011 Obligations.

IN WITNESS WHEREOF, I have hereunto set my hand this 14<sup>th</sup> day of December, 2011.

Ladies and Gentlemen:

The undersigned, on behalf of RBC Capital Markets, LLC, as senior managing underwriter on behalf of the underwriters (the "Underwriters"), pursuant to the Bond Purchase Agreement dated December 7, 2011 between the Underwriters and The Morris County Improvement Authority (the "Authority") with respect to the Authority's \$26,715,000 aggregate principal amount of County of Sussex Guaranteed Renewable Energy Program Lease Revenue Bonds, Series 2011A (Federally Taxable) (the "Series 2011A Bonds") and \$985,000 County of Sussex Guaranteed Renewable Energy Program Lease Revenue Note, Series 2011B (Federally Taxable) (the "Series 2011B Note" and collectively with the Series 2011A Bonds, the "Series 2011 Obligations"), both issued December 14, 2011, hereby represents and certifies with respect to the Series 2011 Obligations, as follows:

1. Each maturity of the Series 2011 Obligations has been the subject of a bona fide initial offering to the public (excluding bond houses, brokers or similar persons or organizations acting in the capacity of underwriters or wholesalers) at the initial offering prices (the "Offering Statement Prices") shown on the Official Statement, dated December 7, 2011 (the "Official Statement"), with respect to the Series 2011 Obligations.

2. At the time the Underwriters agreed to purchase the Series 2011 Obligations, based upon then prevailing market conditions, the Underwriters had no reason to believe that any maturity of the Series 2011 Obligations would be sold to the public (excluding bond houses, brokers or similar persons or organizations acting in the capacity of underwriters or wholesalers) at prices greater than or yields lower than the Offering Statement Price for such maturity or that the fair market value of any maturity of the Series 2011 Obligations would be in excess of the

Offering Statement Price for such maturity.

3. Based on the Offering Statement Prices, the aggregate of the initial offering prices of the Series 2011 Obligations to the public (excluding bond houses, brokers or similar persons or organizations acting in the capacity of underwriters or wholesalers) is \$27,700,000. There is no original issue premium, original issue discount (except with respect to the Series 2011B Note for federal tax purposes, as described in Section 5.3 of the Tax Certificate to which this Issue Price Certificate is attached as Exhibit A) or accrued interest on any of the Series 2011 Obligations.

4. The Underwriters have sold at least ten (10%) percent of each maturity of the Series 2011 Obligations to the public (excluding bond houses, brokers or similar persons or organizations acting in the capacity of underwriters or wholesalers) at initial offering prices not greater than nor yields lower than those shown on the inside cover of the Official Statement.

5. Yield is the discount rate calculated on the basis of a 360-day year consisting of twelve months of thirty days each and assuming semiannual compounding that, when used in computing the present value as of the date hereof of all unconditionally payable payments of principal and interest on the Series 2011 Obligations, produces an amount equal to the present value, using the same discount rate, of the Issue Price of the Series 2011 Obligations. The yield on the Series 2011 Obligations is 4.151867%.

I understand that the representations contained herein will be relied on by Inglesino, Pearlman, Wyciskala & Taylor, LLC, as bond counsel, in connection with the issuance of the Series 2011 Obligations.

Very truly yours,

14 Description of debt instruments

The Note is the Morris County Improvement Authority's \$985,000 aggregate principal amount "County of Sussex Guaranteed Renewable Energy Program Lease Revenue Note, Series 2011B" (the "Note"). The Note is dated and bears interest from the date of delivery (December 14, 2011), and pays interest at maturity on January 15, 2013. The Note was offered for money. The Note is not subject to redemption prior to maturity.

Because the first interest payment on the Note is January 15, 2013, which is more than one year from the issue date (December 14, 2011), interest may not be regarded as paid at least annually and, consequently, interest may not be regarded as "qualified stated interest".

15 Attach a schedule of OID per \$1,000 principal amount for the life of the instrument. If the principal amount is other than \$1,000, indicate the actual OID per principal amount per year. The schedule must be based on a 6-month accrual period. It must show the daily portion of OID for each accrual period and the total OID for each calendar year. For additional requirements, see the instructions.

Attached.

**Part III Signature. Within 30 days after the date of issuance of an OID debt instrument, send two copies of Form 8281 and any attachments to: IRS Form 8281 Project, SE:W:CAR:MP:T, 1111 Constitution Ave. NW, IR-6526, Washington, DC 20224-0002.**

Under penalties of perjury, I declare that I have examined this return, including accompanying schedules and statements, and to the best of my knowledge and belief, it is true, correct, and complete.

## General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

### Purpose of Form

If you are the issuer of publicly offered debt instruments having original issue discount (OID), file Form 8281 to provide the information required by section 1275(c). The reporting requirements of section 1275(c) were designed to facilitate the IRS's collection and publication of the OID information needed by brokers and middlemen in order for them to provide information returns to holders of OID debt instruments. Since 1984, the IRS has compiled the OID information reported by the issuer on Form 8281 and made that information available to the public in the OID tables to Publication 1212.

### Use and Availability of Information on This Form

For each year a debt instrument is outstanding, the following information reported on Form 8281 will be published in the OID tables to Publication 1212, which is available at [www.irs.gov](http://www.irs.gov).

1. The issuer's name.
2. The CUSIP number.
3. The issue date.
4. The maturity date.
5. The issue price.
6. The annual stated interest rate.
7. The yield to maturity.
8. The daily OID per \$1,000 of maturity value for each accrual period.
9. The OID per \$1,000 of maturity value for each calendar year.
10. The total OID as of the beginning of the calendar year.

### Who Must File

An issuer of a publicly offered debt instrument (obligation) having OID, such as a bond, debenture, or note, must file Form 8281. Publicly offered debt instruments also may include:

1. Serial obligations.
2. Debt instruments issued in exchange for other debt instruments or for stock.
3. A debt instrument sold together with options or warrants (an investment unit).
4. Sinking fund instruments.
5. Convertible instruments.

An obligation registered with the Securities and Exchange Commission (SEC) is a publicly offered debt instrument. An obligation exempt from SEC registration may be publicly offered. See Regulations section 1.1275-1(h).

### Penalty

An issuer who fails to timely file Form 8281 will be subject to a penalty of 1% of the aggregate issue price of the debt instruments, unless such failure is due to reasonable cause and not to willful neglect. The maximum penalty with respect to any issue is \$50,000.

## Specific Instructions

### Part I. Issuer Information

For serial obligations, complete boxes 1 through 3 and attach a list showing the information for boxes 4 through 15 for each obligation within the series. For all other obligations, complete all boxes.

To revise a form, write "Revised" across the top of this form and staple a copy of the previously filed form to this form. Complete all boxes on this form.

**Boxes 3a-3f.** Enter the name, address, and telephone number of an official or representative of the issuing company who has personal knowledge of this offering and who can be contacted if additional information is needed.

### Part II. Debt Instrument Information

**Box 4.** Enter the Committee on Uniform Security Identification Procedures (CUSIP) number assigned to the instruments.

**Box 5.** Enter the date the issue was first sold to the public at the issue price.

**Box 7.** Check the appropriate box for type of instrument.

- A fixed rate debt instrument (including a zero coupon debt instrument),
- A variable rate debt instrument,
- A contingent payment debt instrument, or
- An inflation-indexed debt instrument.

**Box 8.** Enter the issue price as a percentage of the principal amount. For example, XYZ bonds were first offered to the public at \$900 with a principal amount of \$1,000. The issue price of \$900 expressed as a percentage of principal is 90. If the percentage is 100 or more, explain in box 14.

If the debt instrument is a contingent payment debt instrument, enter the comparable yield.

**Box 14.** Provide a complete description of the instrument, including any terms and conditions (for example, put or call options) that could affect the stated payment schedule of the instrument. For a contingent payment debt instrument, provide the projected payment schedule. In addition, indicate whether the instrument is:

- Part of an investment unit,
- Issued in an exchange offering described in section 368(a), or
- Part of a serial issue.

You may provide two copies of the prospectus or offering circular instead of the required description.

**Box 15.** You must attach two copies of the schedule of OID per \$1,000 principal amount for the life of the instrument. However, if the principal amount is other than \$1,000, indicate the actual OID per principal amount per year and specify the actual principal amount. The schedule must be based on a 6-month accrual period. It must show the daily portion of OID for each accrual period and the total OID for each calendar year. Also, if you checked box 9b (Variable) or box 9c (Contingent), explain how the interest rate will be determined.

To the extent a consensus shall not be achieved, Sussex County's direction shall control on all matters other than the Morris County Guaranty and applicable law. At all times, the Authority and its Authority Consultants shall act in conformity with the parameters established by this Service Agreement.

(viii) Any of the actions of Sussex County in clauses (i) – (iv), inclusive, of this Section 4(b) may be discharged, at the sole discretion of Sussex County, by an Authorized Officer of Sussex County or the Sussex County Board of Freeholders.

**Section 5. Sussex County Guaranty.** Based on the interest of the Local Units, including the Series 2011 Local Units, for participation in the one or more tranches of the Renewable Energy Program, the Authority Consultants and the Authority shall advise the Sussex County Authorized Officers and if applicable, the Sussex County Consultants of the amount of Sussex County Guaranty prior to the issuance of the Series 2011 Bonds or any other applicable series of Bonds, and in sufficient time for the Authority to receive all approvals for the issuance of the Series 2011 Bonds or such other series of Bonds, including without limitation the findings of the Local Finance Board. The Authority shall also provide, to Sussex County's reasonable satisfaction, the intended form of security to be provided under the Renewable Energy Program to the extent Sussex County Guaranty shall ever be drawn upon. Such form of security shall be determined by the Company Proposal, after the issuance of the Company RFQ, and shall be set forth in the Bond Resolution with respect to the County Security Fund provisions, which shall among other things detail the specific Reimbursement Collateral, if any. Upon Sussex County's receipt of such estimated amount and agreement between the Authority and Sussex County concerning such intended satisfactory security, Sussex County shall thereupon promptly take all actions necessary, desirable or convenient for the authorization, adoption, execution and delivery of Sussex County Guaranty, which Sussex County Guaranty shall remain in full force and effect

(regardless of the termination of this Service Agreement, which obligation shall survive the termination hereof) for so long as any series of Bonds for which it shall provide security shall remain outstanding in accordance with the terms of any applicable Bond Resolution.

**Section 6. Morris County Guaranty.**

To the extent that the Authority Consultants and the Authority advise the Sussex County Authorized Officers and if applicable, the Sussex County Consultants, that it is necessary, desirable, or convenient for Morris County to supply its Morris County Guaranty for the Renewable Energy Program, then the County of Sussex shall notify Morris County and request same. In the event that Morris County agrees to the issuance of its Morris County Guaranty, the Authority shall cause Morris County to take all actions necessary to authorize and issue the Morris County Guaranty, which Morris County Guaranty shall remain in full force and effect (regardless of the termination of this Service Agreement, which obligation shall survive the termination hereof) for so long as any series of Bonds for which it shall provide security shall remain outstanding in accordance with the terms of any applicable Bond Resolution, provided the following is complied with:

(a) Under all circumstances, the Morris County Guaranty shall not be drawn upon to satisfy the payment of any Series of Bonds until after the Sussex County Guaranty shall first have been fully drawn upon and depleted.

(b) Morris County shall not be required to provide a Morris County Guaranty in an amount in excess of the Sussex County Guaranty.

(c) Morris County shall be entitled to the County Security Fund and any Reimbursement Collateral to the extent of any draws on the Morris County Guaranty.

**Section 7. Administrative Fees; Conditions Precedent to County Guaranty.**

(a) The Authority and/or Sussex County, at their respective discretion, may impose or waive reasonable administrative fees for their respective participation in the Renewable Energy Program, which may include, but need not be limited by, the costs of all out of pocket expenses, including payment of Consultants or any other professionals for services rendered in connection with the Renewable Energy Program, and a reasonable administrative fee to be charged by the Authority, approved by Sussex County, and initially sized into the Series 2011 Bonds and thereafter payable on an annual basis by the Company.

(b) Both the Authority and Sussex County acknowledge that the intent of the Renewable Energy Program is to pay for all costs and expenses thereof, including debt service on the Bonds, including the Series 2011 Bonds, prior to any economic benefit accruing to Local Units. Accordingly, to the extent estimated pro-formas of the Renewable Energy Program provided by the Authority, with the assistance of the Consultants, fail to demonstrate, to Sussex County's reasonable satisfaction, that all such costs can be so recovered prior to any economic benefit accruing to the Local Units, then Sussex County shall be relieved from its obligations hereunder to continue with the implementation of the Renewable Energy Program (but shall pay

for all Consultant costs properly incurred to that point), including without limitation the provision of the Sussex County Guaranty, and Sussex County's inaction shall not give rise to an Event of Default (as hereinafter defined) under this Service Agreement; provided however that notwithstanding the foregoing in any such event, Sussex County acknowledges that any such Sussex County Funds previously provided to the Authority and disbursed by the Authority in accordance with the terms hereof for Preliminary Program Costs shall not be recoverable by Sussex County from the Authority, in which case such lack of recovery shall not give rise to an Event of Default under this Service Agreement.

**Section 8. One or More Programs.** To the extent Local Unit demand for participation in the Renewable Energy Program continues after the issuance of the first series of Bonds, nothing herein shall be deemed to limit the Renewable Energy Program to a single tranche, program or series of Bonds, to the extent the Authority and Sussex County desire to continue the Renewable Energy Program in accordance with the terms hereof, or, as applicable, such amended, modified or supplemented terms that shall be set forth in any written amendment hereof duly authorized by both the Authority and Sussex County, and acknowledged by Morris County. To the extent the parties desire to continue the Renewable Energy Program, regardless of whether prior to Sussex County's receipt of a full accounting and repayment of all of Sussex County Funds or otherwise, the Authority and/or Sussex County may fund any Preliminary Program Costs of any such additional Renewable Energy Program from any available funds, and if from an additional series of County Notes or other Sussex County Funds, such applicable provisions hereunder shall be controlling on the parties. The Authority and the County may also agree to extend the Renewable Energy Program to include the Authority's energy efficiency program, to the extent both parties agree to the terms of such additional program, and may incorporate the terms into this Service Agreement.

**Section 9. Events of Default.**

(a) Events of Default Defined. The following one or more events shall constitute "Events of Default" under this Service Agreement:

(i) Failure by the Authority or Sussex County to observe and perform any covenant, condition or agreement on its part to be observed or performed hereunder, for a period of thirty (30) days, or such reasonably longer period not to exceed one hundred twenty (120) days if compliance is not possible within such shorter time period, after written notice specifying such failure and requesting that it be remedied is given to Sussex County or the Authority, as the defaulting party, unless the non-defaulting party shall agree in writing to an extension of such time prior to its expiration; or

(ii) Any representation, warranty or covenant made by or on behalf of Sussex County or the Authority contained herein, or in any instrument furnished in compliance with or with reference to this Service Agreement, is false or misleading in any material respect.

(b) Remedies. In the case of an Event of Default, the non-defaulting party may take whatever action at law or in equity may appear necessary, desirable or convenient to consummate the transaction contemplated by this Service Agreement, including without limitation enforcing the specific performance and observance of any obligation, agreement or covenant of Sussex County or the Authority, as the defaulting party, under this Service Agreement.

**Section 10. Miscellaneous.**

(a) Severability. In the event any provision of this Service Agreement shall be held invalid or unenforceable by any court of competent jurisdiction, such holding shall not invalidate or render unenforceable any other provision hereof.

(b) Amendments, Changes and Modifications. This Service Agreement may not be amended, supplemented or modified without the prior written consent of the Authority and Sussex County and acknowledged by Morris County.

(c) Further Assurances and Corrective Instruments. The Authority and Sussex County agree that they will, if necessary, execute, acknowledge and deliver, such supplements hereto and such further instruments as may reasonably be required for correcting any inadequate or incorrect description of the Renewable Energy Program or for carrying out the expressed intention of this Service Agreement.

(d) Applicable Law. This Service Agreement shall be governed by and construed in accordance with the laws of the State.

(e) Authority and Sussex County Officers. Except as expressly provided herein, whenever under the provisions of this Service Agreement, either the approval of the Authority or Sussex County is required, or the Authority or Sussex County is required to take some action pursuant to the terms hereof or at the request of the other, such approval of such request shall be given, or such action shall be taken, as applicable, (i) for the Authority by the Chairman or the Treasurer of the Authority, or their written designee, each an authorized officer of the Authority hereunder, and (ii) for Sussex County by any member of the Sussex County Board of Freeholders, the County Administrator, the County Treasurer, each an authorized officer of Sussex County hereunder, and any other party hereto shall be authorized to rely upon any such approval or request.

(f) Captions. The captions or headings in this Service Agreement are for convenience only and in no way define, limit or describe the scope or intent of any provisions or sections of this Service Agreement.

(g) Binding: Counterparts. This Service Agreement shall be binding upon the parties hereto only when duly executed by authorized officers on behalf of both Sussex County and the Authority together; provided, however, that each set of counterparts taken together shall constitute an original.

(h) No Personal Liability or Accountability. No covenant or agreement contained in this Service Agreement shall be deemed to be the covenant or agreement of any present, past or future officer, agent or employee of the Authority or Sussex County, in his or her individual capacity, and neither the officers, agents or employees of the Authority or Sussex County nor any official executing this Service Agreement shall be liable personally on this Service Agreement or be subject to any personal liability or accountability by reason of any transaction or activity relating to this Service Agreement.

(i) Gender. Use of the masculine, feminine or neuter gender herein is for purposes of convenience only and shall be deemed to mean and include the other genders whenever and wherever appropriate.

(j) Receipt of Service Agreement. The parties hereto each acknowledge receipt of a signed, true and exact copy of this Service Agreement.

(k) Term. The term of this Service Agreement (i) shall commence upon the authorization, execution and delivery hereof by authorized officers of the parties hereto, and (ii) unless expressly set forth otherwise herein, shall terminate upon the full accounting and repayment of all Sussex County Funds in accordance with the terms hereof.

(l) Effective Date. This Service Agreement shall be effective (i) ten (10) days after adoption by the Authority of a resolution authorizing its execution, unless said authorizing resolution has been vetoed in accordance with N.J.S.A. 40:37A-50(e) of the Act, and (ii) upon adoption of a resolution by Morris County consenting to this Service Agreement.

**IN WITNESS WHEREOF**, each of Sussex County and the Authority has duly authorized the execution and delivery of this Service Agreement by the respective authorized officers thereof set forth below as of the date first above written.

NEW JERSEY, SECURING THE MORRIS COUNTY  
IMPROVEMENT AUTHORITY'S COUNTY OF SUSSEX  
GUARANTEED RENEWABLE ENERGY PROGRAM  
LEASE REVENUE BONDS (COUNTY OF SUSSEX  
PROGRAM), SERIES 2011 (FEDERALLY TAXABLE) IN  
AN AGGREGATE PRINCIPAL AMOUNT NOT TO EXCEED  
\$50,000,000.00**

**WHEREAS**, the County of Sussex, New Jersey, a political subdivision of the State (the "*County*") desires to undertake the development and implementation of a renewable energy program (the "*Renewable Energy Program*") for the financing, design, permitting, acquisition, construction, installation, operation and maintenance of renewable energy capital equipment and facilities such as solar panels, wind turbines, and hydro-electric, bio-diesel, geothermal, and bio-mass facilities, including any related electrical modifications, work related to the maintenance of roof warranties, or other work required, desirable or convenient for the installation of such systems (collectively, the renewable energy capital equipment and facilities, the "*Renewable Energy Projects*") for and on behalf of the County and its affiliates, and the local governmental units within the County, including without limitation municipalities, boards of education for school districts, local authorities and any other local government instrumentalities, public bodies or other local government entities (collectively, including the County, the "*Local Units*"); and

**WHEREAS**, the Morris County Improvement Authority (the "*Authority*") has been duly created by resolution no. 42 entitled "Resolution of the Board of Chosen Freeholders of Morris County, New Jersey creating the Morris County Improvement Authority" duly adopted by the Board of Chosen Freeholders (the "*Morris County Board of Freeholders*") of the County of Morris (the "*Morris County*") in the State of New Jersey (the "*State*") on April 10, 2002 as a public body corporate and politic of the State pursuant to and in accordance with the county improvement authorities law, constituting Chapter 183 of the Pamphlet Laws of 1960 of the State, and the acts amendatory thereof and supplemental thereto (as codified at N.J.S.A. 40:37A-44 *et seq.*, the "*Act*"), and other applicable law; and

**WHEREAS**, as of the date hereof, the County has not created its own county improvement authority, and therefore pursuant to the Act, the County may determine to utilize the services of another county improvement authority, including without limitation the Authority, with the consent of both the County, a beneficiary county under the Act, and the Morris County Board of Freeholders, for any purpose for which an improvement authority shall exist, including those set forth in Section 11 of the Act (N.J.S.A. 40:37A-54, "*Section 11*"), which purposes include the development and implementation of the Renewable Energy Program; and

**WHEREAS**, the County desires to implement the Renewable Energy Program through the Authority pursuant to the Act, the Uniform Shared Services and Consolidation Act, constituting Chapter 63 of the Pamphlet Laws of 2007 of the State, and the acts amendatory thereof and supplemental thereto (as codified at N.J.S.A. 40A:65-1 et seq., the "*Shared Services Act*"), and all other applicable law, the terms of which agreement has been set forth in that certain "Service Agreement (Sussex County Renewable Energy Program)" dated as of March 1, 2011 (as amended and supplemented from time to time in accordance with its terms, the "*Service Agreement*") between the County and the Authority, and consented to by Morris County; and

**WHEREAS**, the County has determined to enter into the Service Agreement and utilize the services of the Authority and the Authority Consultants (as hereinafter defined) for the following primary reasons: (i) the County does not have a county improvement authority, which type of entity possesses legal authority to enter into the kind of transactions that make a successful regional Renewable Energy Program more likely to succeed, (ii) Morris County has developed and implemented its own renewable energy program through the Authority, which Authority has retained (in accordance with all applicable law) experienced legal, engineering, energy consulting, and financial advisory consultants, consisting of the Authority's energy engineering and energy service consulting firms, Birsdall Services Group and Gabel Associates, its energy counsel and bond counsel, Inglesino, Pearlman, Wyciskala & Taylor, LLC, and its financial advisor, NW Financial Group, LLC, (collectively, the "*Authority Consultants*") and (iii) accordingly, it is more administratively efficient for the County to utilize the services of the Authority and the Authority Consultants to implement the Renewable Energy Program, with such changes as desired by the County, rather than incur the time and expense of the County establishing a new program; and

**WHEREAS**, in addition, Sussex County may determine, but shall not be required, to seek the assistance of its auditor, financial advisor, if any, bond counsel, energy consultant, engineer or any other professional advisors deemed necessary, desirable and convenient by Sussex County (the "*Sussex County Consultants*", if any, and together with the Authority Consultants, the "*Consultants*"; to the extent Sussex County determines not to hire any Sussex County Consultants, references to the term Consultants herein shall be deemed to mean the Authority Consultants) to assist the Authority, the County and the Authority Consultants in connection with the Renewable Energy Program; and

**WHEREAS**, the Renewable Energy Projects procured under the Renewable Energy Program, limited initially to solar panels, are to be installed on, in, affixed or adjacent to and/or for any other Local Unit controlled buildings, other structures, lands or other properties of the Local Units (collectively, the "*Local Unit Facilities*"); and

**WHEREAS**, it may be necessary, desirable or convenient, in connection with the financing, design, permitting, acquisition, construction, installation, operation and maintenance of the Renewable Energy Projects, to finance, design, permit, acquire, construct, renovate and install certain capital improvements to the Local Unit Facilities, including without limitation, improvements to or replacement of, roofing systems, if any (the "*Capital Improvement Projects*" and together with the Renewable Energy Projects and any Completion Project as defined in the hereinafter defined Bond Resolution, the "*Projects*"), and to the extent no Capital Improvement Projects are so financed, references herein shall have no meaning; and

**WHEREAS**, the primary goal of the Renewable Energy Program is to expand the use of renewable energy sources available and utilized by the Local Units for their Local Unit Facilities, with the attendant environmental and financial benefits associated thereby, and to reduce the energy related operating costs to the Local Units for their Local Unit Facilities, all intended to be offered at no net cost to the Local Units; and

**WHEREAS**, in order to implement the Renewable Energy Program, the Authority has determined to finance the respective Renewable Energy Projects and Capital Improvement Projects, if any, on, in or about the respective Local Unit Facilities, all as set forth on Exhibits B, C, and A to the hereinafter defined Local Unit License Agreement for each of the following participating Local Units:

Such further agreement or certificate shall not in any manner relieve the County from its obligations hereunder, and shall contain only such terms as are consistent with or within the parameters herein set forth.

**Section 4.** It is hereby found, determined and declared by the governing body of the County that:

(a) This guaranty ordinance may be adopted notwithstanding any statutory debt or other limitations, including particularly any limitation or requirement under or pursuant to the Local Bond Law, but the aggregate principal amount of the Series 2011 Bonds which shall be entitled to the benefits of this guaranty ordinance, being an amount not to exceed \$50,000,000.00, shall, after their issuance, be included in the gross debt of the County for the purpose of determining the indebtedness of the County under or pursuant to the Local Bond Law.

(b) The principal amount of Series 2011 Bonds entitled to the benefits of this guaranty ordinance and included in the gross debt of the County shall be deducted and is hereby declared to be and to constitute a deduction from such gross debt under and for all the purposes of the Local Bond Law (i) from and after the time of issuance of the Series 2011 Bonds until the end of the fiscal year beginning next after the completion of acquisition, construction, installation or renovation of the Series 2011 Project, and (ii) in any annual debt statement filed pursuant to the Local Bond Law as of the end of said fiscal year or any subsequent fiscal year if the revenues or other receipts or moneys of the Authority in such year (including amounts payable pursuant to the Local Unit Bonds) are sufficient to pay its expenses of operation and maintenance in such year and all amounts payable in such year on account of the principal of and interest on all such guaranteed Series 2011 Bonds, all bonds of the County issued as provided in Section 36 of the Act (N.J.S.A. 40:37A-79) and all bonds of the Authority issued under the Act.

(b) The purpose described in this guaranty ordinance is not a current expense of the County and no part of the cost thereof has been or shall be assessed on property specially benefited thereby.

(c) A supplemental debt statement of the County has been duly made and filed in the office of the Clerk of the Board, and a complete executed duplicate thereof has been filed in the office of the Director of the Division of Local Government Services in the Department of Community Affairs of the State, and such debt statement shows that while the gross debt of the County, as defined in the Local Bond Law, is increased by this guaranty ordinance by \$50,000,000.00 in accordance with the provisions of the Act, the net debt of the County is not increased, and the obligation of the County authorized by or incurred pursuant to the terms of this guaranty ordinance is permitted by an exception to the debt limitations of the Local Bond Law which exception is contained in the Act, so long as the payment obligations of the County hereunder are not called upon.

(d) Other than the publication requirements set forth below, all other items to be contained in a bond ordinance adopted pursuant to the Local Bond Law are hereby determined to be inapplicable to the County's guaranty of the Series 2011 Bonds hereby.

**Section 6.** To the extent the Authority determines that it is in the best interest of the Authority and the Local Units, the Authority is hereby authorized to finance the Local Unit Projects as separate issues through one or more separate series of Series 2011 Bonds which in the aggregate shall not exceed \$50,000,000.00. Such series of Series 2011 Bonds shall be entitled to the benefits of this County Guaranty in an aggregate amount not to exceed \$50,000,000.00.

**Section 7.** To the extent the Series 2011 Bonds are not issued in 2011, references herein to "2011" may without any further action be changed to the year of issuance of such Series 2011 Bonds and all dates related to such year of issuance shall be automatically adjusted.

**Section 8.** If any part(s) of this ordinance shall be deemed invalid, such part(s) shall be severed and the invalidity thereby shall not affect the remaining parts of this ordinance.

WHEREAS, payment of the principal of (including mandatory sinking fund installments, if any) and interest on the Series 2011 Bonds, shall be secured by the Trust Estate as defined under and in accordance with the terms of the Bond Resolution, which shall include, among other things, (i) Basic Lease Payments to be made by the Company under, and as defined in, the Company Lease Agreement, (ii) certain Additional Lease Payments to be made by the Company under, and as defined in, the Company Lease Agreement, which Additional Lease Payments shall be attributable to (a) the Purchase Option Price payable in accordance with Section 701 of the Company Lease Agreement upon any optional redemption of the Series 2011 Bonds or (b) the Mandatory Purchase Price payable in accordance with Section 702 of the Company Lease Agreement upon any acceleration of the Series 2011 Bonds, and (iii) payments by the County under the hereinafter defined County Guaranty to the extent other funds (including the Basic Lease Payments) are not available to make the Series 2011 Bond debt service payments on time and in full, all in accordance with the terms of the Bond Resolution;

WHEREAS, the payment of the principal (including mandatory sinking fund installments, if any) in an aggregate principal amount not to exceed \$50,000,000 of, and interest (at interest rates not to exceed the maximum rates set forth in the Local Finance Board Application) on the Series 2011 Bonds, but not any redemption premium, shall be fully, unconditionally and irrevocably guaranteed in accordance with (i) the terms of a guaranty ordinance of the County to be finally adopted by the Board of Freeholders, (ii) by a guaranty certificate to be executed by an authorized officer of the County within each Series 2011 Bond and (iii) a "County Guaranty Agreement (Sussex County Renewable Energy Program, Series 2011)" to be dated as of the first day of the month of issuance of the Series 2011 Bonds (as the same may be amended and supplemented from time to time in accordance with its terms, the "*County Guaranty Agreement*") by and between the County and the Authority, as acknowledged by the Company and the Credit Facility Provider, if any (as hereinafter defined) setting forth, among other things, the County's obligation to make any such guaranty payments in accordance with and within the parameters set forth in the guaranty ordinance and the Bond Resolution

(collectively, the "*County Guaranty*"), all pursuant to Section 37 ("*Section 37*") of the Act (N.J.S.A. 40:37A-80);

WHEREAS, the holders of any Additional Bonds issued under the terms of the Bond Resolution, the Act and all other applicable law shall also be entitled to the pledge of the Trust Estate under the Bond Resolution on a pro-rata basis with the holders of any Outstanding Bonds as defined therein, including the Series 2011 Bonds, although the guaranty of the County shall only extend to any such Series of Additional Bonds to the extent (i) the aggregate principal amount of all such Series of Additional Bonds, when taken together with the aggregate principal amount of the Series 2011 Bonds, shall not exceed \$50,000,000, or (ii) the County adopts and executes similar official action and documents constituting the County Guaranty;

WHEREAS, under the County Guaranty Agreement, the Company RFP, and as applicable, the Company Proposal, the Authority shall be obligated to obtain a letter of credit, cash, a covenant to provide same, or other form of security acceptable to and issued for the benefit of the County (the "*County Security*") to be issued by a sufficiently rated banking or other financial institution, or if the County Security is provided in the form of immediately available funds or the right to same, then the Company (in any such case, the "*County Security Provider*"), all to secure, in part, the County's payment obligations under the County Guaranty (but not to secure the payment of debt service on the Series 2011 Bonds, as any such County Security shall be deposited in the County Security Fund under the Bond Resolution, which Fund shall not be a part of the Trust Estate pledged for the payment of the Series 2011 Bonds), the terms of which County Security shall be set forth in a letter of credit and reimbursement or other agreement to be dated the first day of the month of issuance of the applicable series of Bonds (as the same may be amended and supplemented from time to time in accordance with its terms, the "*County Security Agreement*") among the Company, the County Security Provider, and the Authority, and acknowledged by the County, the provisions of which County Security Agreement, to the extent the County Security is in the form of immediately available funds or the right to same deposited in the County Security Fund created under the Bond Resolution, shall (i) not be set forth in an independent County Security Agreement, and accordingly (ii) be set forth in the Bond Resolution, the County Guaranty Agreement and the Company Lease Agreement;

WHEREAS, should the Company fail to make its Basic Lease Payments on time and in full, thereby causing the County to make payments to the Series 2011 Bondholders under the County Guaranty, which in turn causes the County Security to be drawn upon to reimburse the County for all or a portion of any such County Guaranty repayments, (i) the County Security Agreement, if any, shall provide that the Authority assign and pledge the Reimbursement Collateral (as defined in the Bond Resolution) to the County Security Provider, as reimbursement security for any such draw on the County Security, or (ii) to the extent the County Security is in the form of immediately available funds or the right to same deposited in the County Security Fund created under the Bond Resolution, in which case no County Security Agreement shall exist, then the Company, as County Security Provider in such instance, shall only be entitled to such excess County Security, as Reimbursement Collateral, if any shall remain available, after and to the extent the County has been fully paid under its County Guaranty;

WHEREAS, the Authority, with the consent of the County, may, depending on the Company Proposal, determine to (i) waive County Security due to the strength of the Company Proposal or otherwise, in which case the terms County Security, County Security Fund, County Security Fund Requirement, County Security Provider and Reimbursement Collateral shall have no effect, or (ii) initially accept as County Security, in lieu of a County Security Agreement, immediately available funds in such amount (defined under the Bond Resolution as the County Security Fund Requirement) as set forth in the Company Proposal, to be funded by the Company in accordance with the terms of the Company Lease Agreement, all as contemplated by the Company Proposal, and all to secure, in part, the County's payment obligations under its County Guaranty should such County Guaranty ever be drawn upon, and which County Security Fund Requirement monies would then be deposited by the Trustee in the County Security Fund created and defined in the Bond Resolution, and which County Security Fund would be specifically excepted from the pledge of the Trust Estate and would not be available to secure the payment of debt service on the Series 2011 Bonds;

WHEREAS, in the event the Company provides the County Security Fund Requirement through such a covenant to provide immediately available funds, if applicable, but in any event to secure other Company obligations under the Company Documents, the Authority shall require the Company to further secure such obligations by pledging certain property interests of the Company and its managing member's interest in and to the Company to the Trustee, all as shall be set forth in the Company Lease Agreement and that certain "Pledge and Security Agreement (Sussex County Renewable Energy Program, Series 2011)" to be dated as of the first day of the month of issuance of the Series 2011 Bonds (as the same may be amended or supplemented from time to time in accordance with its terms, the "*Company Pledge Agreement*"), and issued by the managing member of the Company, in favor of the Trustee, and acknowledged and accepted by the Company;

WHEREAS, the Company as a potential "materially obligated person" within the meaning and for the purposes set forth in Rule 15c2-12 ("*Rule 15c-12*") promulgated by the Securities and Exchange Commission pursuant to the Securities and Exchange Act of 1934, as amended, may be required to enter into that certain "Company Continuing Disclosure Agreement (Sussex County Renewable Energy Program, Series 2011)" to be dated as of the first day of the month of issuance of the Series 2011 Bonds (as the same may be amended and supplemented from time to time in accordance with its terms, the "*Company Continuing Disclosure Agreement*") with the Authority and the Trustee, as dissemination agent (the "*Dissemination Agent*") in order to satisfy the secondary market disclosure requirements of Rule 15c2-12;

- (b) If the Series 2011 Bonds shall be sold by:
  - (I) Competitive sale, authorize the distribution of a notice of sale ("*Notice of Sale*"), pursuant to which the Authority shall select an underwriter to purchase all of the Series 2011 Bonds (the "*Underwriter*"), or

PPA Price

**PPA Price**  
- Electricity Rates and Escalation Adjustments

For any year of this Power Purchase Agreement and with respect to each respective Customer, the PPA Price payable by any one such Customer is the sum of Sections a and b below (after the escalation percentage factor in Section 2 below is converted into a dollar amount for the applicable year of computation).

(a) Cost of Electricity, per kWh, pursuant to the Power Purchase Agreement, for the period (a) from the date of the first delivery by the Service Provider to such Customer of Electricity from the Renewable Energy Project on the Local Unit Facility of such Customer (b) to, but excluding, the first anniversary of the applicable Commencement Date for such Customer: \$0.0935/ kWh.

(b) Annual escalation (expressed as a fixed percentage increase from the prior year's PPA Price) applicable as of each anniversary date of the Commencement Date for such Customer in effect for the following year to, but not including, the immediately succeeding anniversary of such Commencement Date for such Customer: three percent (3.00%).

(i) This escalation factor commences on the first anniversary of the Commencement Date for such Customer, and ends at the end of the Initial Term, unless further adjusted in accordance with the terms of any extension of the Initial Term pursuant to the terms of the Power Purchase Agreement.

(c) The Parties further agree to the following:

(i) Although the percentage of escalation is fixed in Section 2, since it is based on the prior year's PPA Price, which is itself increasing on an annual basis, the actual dollar amount of each year's escalation increases.

(ii) With the possibility that each Customer shall have different Commencement Dates, and although each Customer shall be subject to the same base cost of Electricity governed by Section 1 above and the same escalation factor governed by Section 2 above, the actual PPA Price payable by one or more Customers may vary on the same date of computation for different Customers.

(iii) In light of the provisions of Section 6.5 of the Power Purchase Agreement, the PPA Price for any Applicable Customer shall be further escalated for any increase in taxes assessed or levied against the Renewable Energy Projects, which taxes shall be imposed by or on behalf of any such Customer, if any; provided, however, that any such increase shall be solely available to the entity that must pay any such tax, the intent being that there shall be no after tax effect on the PPA Price, should any such tax ever be imposed.

However, any such information relating to such tax treatment and tax structure is required to be kept confidential to the extent necessary to comply with any applicable securities laws. The preceding sentences are intended to cause the Transaction not to be treated as having been offered under conditions of confidentiality for purposes of

Sections 1.6011-4(b)(3) and 301.6111-2(a)(2)(ii) (or any successor provision) of the Treasury Regulations and shall be construed in a manner consistent with such purpose.

## ARTICLE 5 DISTRIBUTIONS AND ALLOCATIONS

### 5.01 Allocations.

(a) *General.* For purposes of maintaining the Capital Accounts pursuant to Section 4.066 and for income tax purposes, except as otherwise provided in this Section 5.01, each item of income, gain, loss, deduction and credit of the Company shall be allocated to the Members in accordance with their Membership Interests as set forth in Schedule A.

(b) *Company Minimum Gain Chargeback.* Notwithstanding the other provisions of this Section 5.01, except as provided in Treasury Regulation Section 1.704-2(f), if there is a net decrease in Company Minimum Gain during

any Company taxable period, each Member shall be allocated items of Company income and gain for such period (and, if necessary subsequent periods) in the manner and in the amounts provided in Treasury Regulation Sections 1.704-2(f)(6), 1.704-2(g)(2), 1.704-2(j)(2)(i) or any successor provisions. For purposes of this Section 5.01, each Member's Adjusted Capital Account balance shall be determined, and the allocation of income or gain required hereunder shall be effected, prior to the application of any other allocations pursuant to this Section 5.01.

(c) **Chargeback of Minimum Gain Attributable to Member Nonrecourse Debt.** Notwithstanding the other provisions of this Section 5.01, except Section 5.01(b) and as provided in Treasury Regulation Section 1.704-2(i)(4), if there is a net decrease in Minimum Gain Attributable to Member Nonrecourse Debt determined in accordance with Treasury Regulation Section 1.704-2(i)(5) at the beginning of a taxable period, any Member with a share of Minimum Gain Attributable to Member Nonrecourse Debt at the beginning of such taxable period shall be allocated items of Company income and gain for such period (and, if necessary, subsequent taxable periods) in the manner and amounts provided in Treasury Regulation Sections 1.704-2(i)(4) and 1.704-2(j)(2)(ii), or any successor provisions. For purposes of this Section 5.01, each Member's Adjusted Capital Account balance shall be determined, and the allocation of income or gain required hereunder shall be effected, prior to the application of any other allocations pursuant to this Section 5.01 with respect to such taxable period (other than an allocation pursuant to Section 5.01).

(d) **Nonrecourse Deductions.** Any Nonrecourse Deduction for any tax period shall be allocated to the Members in accordance with Section 5.01(a)(i) or (ii), as in effect at the time the Nonrecourse Deduction arises.

(e) **Limitations.** No allocations of items of loss or deductions shall be made to a Member if such allocation would cause or increase a deficit in the balance of a Member's Adjusted Capital Account. Any such items shall instead be allocated to other Members subject to the limitation set forth in the preceding sentence.

(f) **Qualified Income Offset.** In the event any Member unexpectedly receives any adjustments, allocations or distributions described in Treasury Regulations Sections 1.704-1(b)(2)(ii)(d)(4), (5) or (6), gross income shall be specially allocated to each such Member in an amount and manner sufficient to eliminate, to the extent required by Treasury Regulations, the deficit balance, if any, in such Member's Adjusted Capital Account as quickly as possible, provided that an allocation pursuant to this Section 5.01(f) shall be made only if and to the extent that such Member would have a deficit balance in its Adjusted Capital Account after all other allocations provided for in this Section 5.01(f) have been tentatively made as if this Section 5.01(f) were not in this Agreement.

(g) **Gross Income Allocation.** In the event any Member has a deficit balance in its Capital Account at the end of any taxable period that is in excess of the sum of (i) the amount such Member is obligated to restore pursuant to any provision of this Agreement and (ii) the amount such Member is deemed obligated to restore pursuant to the penultimate sentences of Treasury Regulation Sections 1.704-2(g)(1) and 1.704-2(i)(5), each such Member shall be specially allocated items of Company income and gain in the amount of such excess as quickly as possible; provided that an allocation pursuant to this Section 5.01(g) shall be made only if and to the extent that such Member would have a deficit balance in its Capital Account in excess of such amount after all other allocations provided for in this Article 5 have been made as if Sections 5.01(f) and 5.01(g) were not in this Agreement.

(h) **Curative Allocations.** The allocations set forth in sections 5.01(b), 5.01(c), 5.01(e), 5.01(f) and 5.01(g) hereof (the "regulatory allocations") are intended to comply with certain requirements of the Treasury Regulations. Notwithstanding any other provisions of this section 5.01, the regulatory allocations shall be taken into account in allocating items of income, gain, loss, deduction and credit among the members such that, to the extent possible, the net amount of allocations of such items and the regulatory allocations to each member shall be equal to the net amount that would have been allocated to each member if the regulatory allocations had not occurred.

(i) **Income Tax Allocations.** For income tax purposes, income, gain, loss, and deduction shall generally be allocable as provided in Sections 5.01(a) through 5.01(h) of this Agreement; provided, however, that income, gain, loss and deductions with respect to property contributed to the Company by a Member or revalued pursuant to Treasury Regulation Section 1.704-1(b)(2)(iv)(f) shall be allocated among the Members in a manner that takes into account the variation between the adjusted tax basis of such property and its book value, as required by Section 704(c) of the Code and Treasury Regulation Section 1.704-1(b)(4)(i), using the remedial allocation method permitted by Treasury Regulation Section 1.704-3(d).

**5.02 Distributions.** All Distributable Cash shall be distributed by the Company to the Members in accordance with their Membership Interests as set forth in Schedule A.

**5.03 Distributions on Dissolution and Winding Up.** Upon the dissolution and winding up of the Company, after adjusting the Capital Accounts for (i) all allocations made under Section 5.01 and (ii) all distributions made under Section 5.02, all available proceeds shall be distributed to all of the Members as provided in Section 9.03.

**5.04 Varying Interests.** All items of income, gain, loss, deduction or credit shall be allocated, and all distributions shall be made, to the Persons shown on the records of the Company to have been Members as of the last calendar day of the period for which the allocation or distribution is to be made. Notwithstanding the foregoing, if during any taxable year there is a

change in any Membership Interests, the Members agree that their allocable shares of such items for the taxable year shall be determined on any method determined by the Manager to be permissible under Code Section 706 and the related Treasury Regulations to take account of the Members' varying Membership Interests.

**5.05** Withholding. Notwithstanding any other provision of this Agreement, the Company shall comply with any withholding requirements under any law and shall remit amounts withheld to, and file required forms with, applicable taxing authorities. To the extent that the Company is required to withhold and pay over any amounts to any taxing authority with respect to distributions or allocations to any Member, the amount withheld shall be treated as a distribution of cash to such Member in the amount of such withholding. In the event of any claimed over-withholding, Members shall be limited to an action against the applicable taxing authority. If an amount required to be withheld was not withheld from an actual distribution, the Company may reduce subsequent distributions by the amount of such required withholding and any penalties or interest thereon. Each Member agrees to furnish to the Company such forms or other documentation as is necessary to assist the Company in determining the extent of, and in fulfilling, its withholding obligations.

## ARTICLE 6 MEMBERS

**6.01** No Management Rights. Subject to the rights of the Members as set forth in this Agreement, no Member, by reason of its status as a Member, shall have any authority to act for or bind the Company or otherwise take part in the management or the business or affairs of the Company nor have any authority to act for or on behalf of the Company in any respect.

**6.02** Liability of Members. The debts, obligations and liabilities of the Company, whether arising in contract, tort or otherwise, shall be solely the debts, obligations and liabilities of the Company, and no Member, officer or agent of the Company shall be obligated personally for any such debt, obligation or liability of the Company solely by reason of being a Member, officer and/or agent. No Member shall be liable to the Company or to any other Member to restore any deficit balance in its Capital Account (except as may be required by the Act) or to reimburse any other Member for any portion of such other Member's investment in the Company.

**6.03** Indemnification. If any Member or former Member shall be subject to a claim or demand relating to such Person being or having been a Member, and not because of such Member's acts or omissions, the Member or former Member (or such Person's heirs, executors, administrators or other legal representatives or in the case of an entity, its successor) shall be held harmless from and indemnified out of the assets of the Company (including insurance proceeds, if any) against all loss and reasonable expense arising from such claim or demand.

**6.04** Representations and Warranties. Each Member, and in the case of a Member that is an entity, the person(s) executing this Agreement on behalf of such entity, hereby represents and warrants to the Company and to each other Member that: (a) if such Member is an

entity, that it is duly organized, validly existing and in good standing under the law of its state of organization and that it has full power to execute this Agreement and to perform its obligations hereunder; (b) if such Member is an entity, the person signing this Agreement on behalf of the Member has been duly authorized to execute and deliver this Agreement; (c) the execution and delivery of this Agreement does not violate or represent a breach of, or constitute a default under, any instrument governing such Member, or any agreement to which the Member is a party or by which the Member is bound; (d) it is acquiring its Membership Interest for the Member's own account as an investment and without an intent to distribute the Membership Interest. Further, each Member acknowledges that the Membership Interests have not been registered under the U.S. Securities Act of 1933 or any state securities laws, and may not be resold or transferred by the Member without appropriate registration or the availability of an exemption from such requirements.

**6.05 Other Activities.** Any Member (including any Affiliate of a Member) may engage in or possess an interest in other business ventures of any nature or description, independently or with others, whether presently existing or hereafter created, including those in competition with the operations of the Company, and neither the Company nor any other Member (including any Affiliate of a Member) shall have any rights in or to such independent ventures or the income or profits derived therefrom.

**6.06 Acknowledgement of Fees and Distributions.** Each Member, and in the case of a Member that is an entity, the person(s) executing this Agreement on behalf of such entity, hereby acknowledges that certain fees and distributions may be chargeable to the Member by the Manager in connection with each Member's investment in the Company, including but not limited to, management fees and Performance Distributions.

## **ARTICLE 7 MANAGEMENT OF THE COMPANY**

**7.01 Authority of the Manager.** Subject to the delegation of rights and powers as provided for herein and except as otherwise herein provided, the Manager shall have the sole right and authority to manage the business and affairs of the Company and shall have all powers and rights necessary, appropriate or advisable to effectuate and carry out all, or any, of the purposes, powers, business and other activities of the Company, without the consent of the Members, including but not limited to (a) the incurrence of indebtedness on behalf of and in the name of the Company, (b) the admittance of additional Members, (c) the dissolution and liquidation of the Company in accordance with Section 9.01 below, (d) a sale of the Company, as provided in Section 3.03, or the sale, exchange, lease, mortgage, pledge or other transfer of all or substantially all of the assets of the Company, and (e) the approval of a merger or consolidation or any other form of combination of the Company with another business entity.

**7.02 Meetings of Members.**

(a) An annual meeting of the Members will be held in January of each year if

called by the Manager, or by Members holding Percentage Interests in excess of 50%, for the transaction of such business as may come before the meeting. If an annual meeting is not called, the Members need not hold annual meetings.

(b) Special meetings of the Members, for any purpose or purposes, unless otherwise prescribed by statute, may be called by the Manager, or by Members holding percentage Interests in excess of 50%, with respect to the issues proposed to be considered at such special meeting.

(c) The place of any annual or special meeting shall be at the Company's principal office (or at such other place as shall be determined by the Manager).

(d) The Manager or Members calling a meeting shall cause written or printed notice stating the place, day and hour of the meeting and, in the case of a special meeting, the purpose or purposes for which the meeting is called, to be given in the manner provided in Section 10.7 hereof not less than ten (10) nor more than sixty days (60) days before the date of the meeting (unless Members holding Percentage Interests in excess of 50% agree to shorter notice), to each Member of record entitled to vote at such meeting. The attendance of a Member at a meeting shall constitute a waiver of notice of such meeting, except where such Member attends the meeting for the express purpose of objecting to the transaction of any business because the meeting has not been called or convened in accordance with the terms of this Agreement. Also, either before or after a meeting, a Member may sign a waiver of notice of the meeting, or subsequently ratify all the proceedings thereof, and such meeting shall be as valid as if called and noticed as aforesaid. The Members: (i) when assembled at an annual meeting, may act upon any business which they are entitled to transact under the terms of this Agreement or under the Act to the extent consistent with this Agreement; and (ii) when assembled at a special meeting, may act upon any business described in clause (i) above which was set forth in the notice calling the meeting or notice of which was or is thereafter waived in accordance with this Agreement.

(e) The presence of Members, represented in person or by proxy, holding Percentage Interests in excess of fifty (50%) percent shall constitute a quorum at a meeting of Members. If less than a quorum is represented at a meeting, the Members so represented may adjourn the meeting from time to time without further notice, except as required otherwise by the Act. At such adjourned meeting at which a quorum shall be present or represented, any business may be transacted which might have been transacted at the meeting as originally noticed. If a quorum is present at a duly organized meeting, the Members so present may continue to transact business until adjournment, notwithstanding the withdrawal of one or more Members resulting in less than a quorum. Upon demand of any Member, the vote upon any question before the meeting shall be by ballot.

(f) At all meetings of Members, a Member may vote by proxy executed in writing by the Member or by its duly authorized attorney-in-fact. In order to be effective, such proxy shall: (x) be signed in the exact name of the Member on record with the Company;

and (y) be filed with the Manager. No proxy shall be valid after eleven (11) months from the date of its execution, unless otherwise provided in the proxy.

(g) Unless otherwise specifically provided herein, in any matters put to the vote of the Members or where any action is to be taken by or with the consent or approval of the Members, any such vote or action shall require the vote of those Members holding the requisite Percentage Interest necessary to approve the subject action(s) and entitled to vote with respect to the subject matter thereof. The voting rights of each Member shall be proportionate to the Percentage Interests of the Members at the time of voting.

(h) Any action required or allowed to be taken at a meeting of the Members may be taken without a meeting if a consent in writing, setting forth the action so taken, shall be signed (either before or after the taking of such action) by Members entitled to vote with respect to the subject matter thereof.

(i) Meetings of the Members may be held by conference telephone or similar communication equipment so long as all Members participating in the meeting can hear one another, and all Members participating by telephone or similar communication equipment shall be deemed to be present in person at the meeting.

(j) Any action taken by the Members by the written consent of such Members may be executed and given by telecopy or similar electronic means. If any action is so taken by the Members by written consent of less than all of the Members, prompt notice of the taking of such action shall be furnished to each Member who did not execute such written consent, *provided* that the effectiveness of such action shall not be impaired by any delay or failure to furnish such notice.

**7.03 Voting.** To the extent that the Members are required or permitted to take any action under the terms of this Agreement, such action must be approved by the affirmative vote, at a meeting of Members at which a quorum (as determined in the same manner as set forth in Section 7.02(e)) is present (or by written consent in lieu thereof), of the holders of a majority of the Percentage Interests.

**7.04 Delegation; Officers.** The Manager shall have the power to delegate authority to such officers, employees, agents and representatives of the Company as it may from time to time deem appropriate, and on such terms as the Manager shall determine in its sole discretion. Any two or more offices may be held by the same person.

**7.05 Manager.** The Manager shall, using Company funds to the extent available, except where expressly provided to the contrary in this Agreement, for and on behalf of the Company with reasonable diligence and in a prompt and businesslike manner, exercising such care and skill as a prudent owner with sophistication and experience in owning and operating properties like the Solar Generating Facilities would exercise in dealing with its own property: (i) keep and maintain, or cause to be kept and maintained, adequate and correct books and records of account for the Company; (ii) be responsible for the financial management of the Company; (iii) receive or be responsible for receipt of all monies due and payable to the Company from any

source whatsoever; have charge and custody of, and be responsible for, all monies and other valuables of the Company and be responsible for deposit of all such monies in the name and to the credit of the Company with such depositaries as may be designated by the Manager; (iv) disburse or be responsible for the disbursement of the funds of the Company; (v) arrange for all financing of the Solar Generating Facilities and ongoing operations on commercially reasonable terms; (vi) execute and deliver on behalf of the Company any agreements with respect to (i) management of the Company and the Solar Generating Facilities, including the development of the Solar Generating Facilities, and (ii) maintenance of the Solar Generating Facilities; (vii) cause to be engaged, select, employ and enter into agreements with consultants for the Solar Generating Facilities and/or the Company, including, any architects, engineers, accountants and brokers as are designated by the Manager and to employ such firms or other entities as the Manager shall deem advisable for the operation of the Solar Generating Facilities and the Company in accordance with the provisions of the Agreement.

**7.06 Costs, Expenses and Payments.** The Company shall be responsible for all expenses incurred by the Manager in carrying out his or her duties on behalf of the Company.

**7.07 Standard of Care; Indemnification.**

(a) In carrying out his duties, no officer of the Company nor the Manager shall be liable to the Company or to any Member for damages for any breach of duty in such capacity, or otherwise, *provided* that such officer or the Manager, as applicable, is not the subject of a judgment or other final adjudication that establishes that (i) such person's acts or omissions were in bad faith, involved a knowing violation of law, or constituted fraud, gross negligence, or willful misconduct, or (ii) such person personally gained a financial profit or other advantage to which such person was not legally entitled. Each officer and the Manager (individually an "Indemnitee") shall be indemnified, to the fullest extent permitted under the Act, and held harmless by the Company from and against any and all losses, claims, damages, liabilities, expenses (including legal fees and disbursements), judgments, fines, settlements and all other amounts arising from any and all claims, demands, actions, suits or proceedings, civil, criminal, administrative or investigative, in which the Indemnitee may be involved, or threatened to be involved, as a party or otherwise by reason of his status as an officer or the Manager, or his or her management of the affairs of the Company, or which relate to the Company, its property, business or affairs, whether or not the Indemnitee continues to be an officer or the Manager at the time any such liability or expense is paid or incurred, if the Indemnitee acted in good faith and in a manner he reasonably believed to be in, or not opposed to, the best interests of the Company, and, with respect to any criminal proceeding, had no reasonable cause to believe his conduct to be unlawful; *provided* that no Indemnitee shall be entitled to indemnification if it shall be finally determined that such Indemnitee's act or omission constituted fraud, willful misconduct or gross negligence. Expenses (including legal fees and disbursements) incurred in defending any proceeding shall be paid by the Company in advance of the final disposition of such proceeding upon receipt of an undertaking by or on behalf of the Indemnitee to repay such amount if it is ultimately determined by a court of competent jurisdiction that the Indemnitee is not entitled to be indemnified by the Company as authorized hereunder.

(b) The Company may, to the extent authorized from time to time by the Manager, grant rights of indemnification and to advancement of expenses to any employee or agent of the Company to the fullest extent of the provisions of this Section 7.07 with respect to indemnification and advancement of expenses of officers of the Company and the Manager.

(c) Notwithstanding the foregoing provisions of this Section 7.07, the Company shall indemnify an Indemnitee in connection with a proceeding (or part thereof) initiated by such Indemnitee only if such proceeding (or part thereof) was authorized by the Members; *provided* that an Indemnitee shall be entitled to reimbursement of his or her reasonable counsel fees with respect to a proceeding (or part thereof) initiated by such Indemnitee to enforce his or her right to indemnity or advancement of expenses under the provisions of this Section 7.07 to the extent the Indemnitee is successful on the merits in such proceeding (or part thereof).

(d) To the extent that, at law or in equity, an Indemnitee has duties (including fiduciary duties) and liabilities relating thereto to the Company or any Member, an Indemnitee acting under this Agreement shall not be liable to the Company or any Member for its good faith reliance on the provisions of this Agreement or any approval or authorization granted by the Company. The provisions of this Agreement, to the extent they restrict the duties and liabilities of an Indemnitee otherwise existing at law or in equity, are agreed by the Members to replace such other duties and liabilities of such Indemnitee.

**7.08 Resignation, Removal, Substitution, or Addition of a Manager; Transfer of Interest.**

Any Manager shall have an indefinite, continuous term as Manager, and may not be removed by the Members except, at a meeting of the Members at which a quorum (as determined in the same manner as set forth in Section 7.02(e)) is present (or by written consent in lieu thereof), by affirmative vote of the holders of a majority of the Percentage Interests after (i) the Manager has been finally adjudicated, with no opportunity for further appeal, of a felony, (ii) the Manager has been found, without opportunity for further appeal, to have breached its fiduciary duty of loyalty to the Company or to have acted in bad faith and in knowing, material violation of law or governmental regulations applicable to the Company and its assets, or (iii) the Manager files for relief under any provision of the Federal bankruptcy code or state insolvency laws, or involuntary proceedings under the Federal bankruptcy code or state insolvency laws are filed against the Manager and are not dismissed within sixty (60) days thereafter. The Manager may resign its functions as Manager at any time on thirty (30) days' advance notice to the Members and the Company, and shall be deemed to have resigned its functions as Manager immediately upon (w) his/her death or permanent disability preventing such Person from carrying out the duties of a Manager if an individual, (x) its dissolution, (y) its filing for relief under any provision of the Federal bankruptcy code or state insolvency laws, or (z) involuntary proceedings under the Federal bankruptcy code or state insolvency laws being filed against it and are not being dismissed within sixty (60) days thereafter. Upon such removal or resignation of

the sole Manager, the Members, at a meeting of Members at which a quorum (as determined in the same manner as set forth in Section 70.2(e)) is present (or by written consent in lieu thereof), by affirmative vote of the holders of a majority of the Percentage Interests, may appoint a substitute or replacement Manager, *provided* that unless the Members so act to replace or approve a substitute for such removed or resigned sole Manager within ninety (90) days after its removal or resignation, a Dissolution Event shall have occurred. By act of the Manager, at any time and without the consent or vote of the Members, an additional Manager may be added or any or all of the rights and interests of a Manager in the Company, including the right to function as a Manager, may be transferred by such Manager to another Person that is an Affiliate of any Manager, *provided* that all rights and interests of a Manager as Manager shall immediately terminate upon such Manager's removal or resignation in accordance with the provisions of this Section 7.08. To the extent that there is more than one Manager, the Managers shall manage the Company by the affirmative vote or consent of a majority of the Managers.

## ARTICLE 8 ACCOUNTING, BOOKS AND RECORDS

**8.01 Fiscal Year and Accounting Method.** The fiscal year and taxable year of the Company shall be the Fiscal Year. The Manager shall determine the accounting method to be used by the Company.

**8.02 Books and Records.**

(a) The books and records of the Company shall be maintained at the principal office of the Company.

(b) In addition, the Company shall maintain the following:

(i) A current list of the full name and last known address of each Member;

(ii) A copy of the filed Articles and all amendments thereto, together with executed copies of any powers of attorney pursuant to which any document has been executed;

(iii) Copies of the Company's federal, state and local income tax returns and reports and financial statements, if any, for the three most recent years; and

(iv) Copies of this Agreement and any amendments thereto.

(a) Subject to Section 3.07, each Member (or such Member's designated representative) shall have the right during ordinary business hours and upon reasonable notice to inspect and copy (at such Member's own expense) all books and records of the Company.

**8.03 Tax Returns and Elections.** Within 120 days after the end of each Fiscal Year, or as soon as reasonably practicable thereafter, the Manager shall cause to be prepared and

furnished to each Member such information regarding the amount of each Member's share in the Company's Taxable Income or Tax Loss for such year, in sufficient detail to enable each Member to prepare its individual federal, state and other tax returns. The Company shall cause to be prepared and timely filed all federal, state and local income tax returns or other returns or statements required by applicable law. The Company shall claim all deductions and make such elections for federal or state income tax purposes which the Manager reasonably believes will produce the most favorable tax results for the Members. The Manager is hereby designated as the Company's "tax matters partner" under the Code, and in such capacity is hereby authorized and empowered to act for and represent the Company and each of the Members before the Internal Revenue Service in any audit or examination of any Company tax return and before any court.

**8.04 Bank Accounts.** All funds of the Company shall be deposited in a separate bank, money market or similar account(s) approved by the Manager and in the Company's name. Withdrawals therefrom shall be made only by the Manager or other persons authorized to do so by the Manager.

## ARTICLE 9 DISSOLUTION, WINDING-UP, AND TERMINATION

**9.01 Events Causing Dissolution.** The Company shall dissolve and wind up its affairs upon the happening of any of the following events (each, a "Dissolution Event"):

- (a) the sale or disposition of all or substantially all of the Solar Generating Facilities;
- (b) the dissolution of the Company by the unanimous written agreement of the Members;
- (c) the happening of any event which makes it unlawful for the Company's business to be continued;
- (d) the entry of a decree of judicial dissolution under the Act;
- (e) the Manager's determination to do so in its sole discretion, upon 30 days' written notice to the Members;
- (f) the occurrence of any other event which causes dissolution of a limited liability company under the Act or under the terms of this Agreement.

**9.02 Liquidating Trustee.** Upon dissolution of the Company, the Manager will act as the liquidating trustee pursuant to the Act (the "Liquidating Trustee").

**9.03 Liquidation.** As soon as possible after dissolution of the Company, the Liquidating Trustee will wind up the Company's business and affairs as follows:

(a) The Liquidating Trustee will prepare or cause to be prepared and delivered to each Member an accounting with respect to all Company accounts and the Capital Account of each Member and with respect to the Company's assets and liabilities and its operations from the date of the last previous audit of the Company delivered to the Members to the date of dissolution.

(b) The Liquidating Trustee will liquidate all Company assets which, in its sole discretion, it determines may be sold for such assets' fair market value or where it determines such liquidation is otherwise in the best interests of the Members.

c) In settling accounts after dissolution, the assets of the Company shall be distributed, in order of priority, as follows:

(i) to creditors, including, to the extent not prohibited by law, Members who are creditors, in satisfaction of liabilities of the Company;

(ii) to pay all expenses incurred in connection with the termination, liquidation and dissolution of the Company and distribution of its assets as herein provided;

(iii) to the establishment of Reserves for contingencies or unforeseen liabilities and obligations of the Company, which Reserves may be paid over to a bank or other party chosen by the Manager, to be held in escrow for payment of such contingent or unforeseen liabilities; and

(iv) to and among the Members in accordance with the provisions of Section 5.02.

The Members intend that the allocations provided for in Article 4 result in the Distributions required pursuant to Section 9.03(c)(iv) being in accordance with positive Capital Account balances of the Members and the Manager as provided for in the Treasury Regulations under Code Section 704(b). However, if after giving hypothetical effect to the allocations required by Article IV, the Capital Accounts of the Members and Manager are in such ratios or balances that Distributions pursuant to Section 9.03(c)(iv) would not be in accordance with the positive Capital Account balances of the Members as required by the Treasury Regulations under Code Section 704(b), such failure shall not affect or alter the Distributions required by Section 9.03(c)(iv). Rather, the Liquidating Trustee will have the authority to make other allocations of Profits or Losses, or items of income, gain, loss or deduction among the Members and Manager which, to the maximum extent possible, will result in the Capital Account of each Member and the Manager having a balance prior to Distribution equal to the amount of Distributions to be received by such Member or Manager pursuant to Section 9.03(c)(iv). At the expiration of such time period as the Liquidating Trustee shall deem advisable, the remaining balance of any Reserve established in accordance with clause (iii) shall be distributed in the manner set forth in clause (iv).

(d) If the Liquidating Trustee shall determine that it is in the best interest of the Members to distribute certain Company assets in kind, such assets will be distributed subject to such liens, encumbrances, restrictions, contracts, obligations, commitments or undertakings as existed with respect to such asset prior to the dissolution of the Company and have not been discharged by payments made pursuant to Section 9.03(c)(i).

**9.04 Termination.** Upon completion of the distribution of the Company property as provided in this Article 9, the Company shall be terminated, and the Manager (or such other persons as the Act may require) shall file articles of dissolution with the Secretary of State of Delaware, cancel any applications to do business or similar filings made in foreign jurisdictions and take such other actions as may be necessary to terminate the Company.

**9.05 Claims of the Members.** The Members shall look solely to the Company property for the return of their Capital Contributions, and if the assets of the Company remaining after payment or discharge of the debts or liabilities of the Company are insufficient to return such Capital Contribution, the Members shall have no recourse against the Company or any other Member or the Manager or former Member or Manager or any other officer, employee or agent of the Company.

## ARTICLE 10 GENERAL PROVISIONS

**10.01 Offset.** Whenever the Company is to pay any sum to any Member, any amounts then owed by that Member to the Company may be deducted from such sum before payment.

**10.02 Entire Agreement; Superseding Effect.** This Agreement constitutes the entire agreement of the Members and their Affiliates relating to the Company and the transactions contemplated hereby and supersedes all provisions and concepts contained in all prior contracts or agreements between the Members or any of their Affiliates with respect to the Company and the transactions contemplated hereby, whether oral or written.

**10.03 Effect of Waiver or Consent.** Except as otherwise provided in this Agreement, a waiver or consent, express or implied, to or of any breach or default by any Member in the performance by that Member of its obligations with respect to the Company is not a consent or waiver to or of any other breach or default in the performance by that Member of the same or any other obligations of that Member with respect to the Company. Except as otherwise provided in this Agreement, failure on the part of a Member to complain of any act of any Member or to declare any Member in default with respect to the Company, irrespective of how long that failure continues, does not constitute a waiver by that Member of its rights with respect to that default until the applicable statute-of-limitations period has run.

**10.04 Amendment or Restatement.** Any term of this Agreement or the Articles may be amended, and the observance of any term of this Agreement or the Articles may

(b) evidence reasonably satisfactory to the Manager of the authority of such transferee to become a Member and to be bound by all of the terms and conditions of this Agreement;

(c) the written agreement of the transferee to continue the business of the Company in accordance with the terms and provisions of this Agreement;

(d) such other documents or instruments as may reasonably be required under the Act or otherwise in order to effect the admission of the transferee as a Member under this Agreement to the reasonable satisfaction of the Manager; and

(e) evidence reasonably satisfactory to the Manager that such Transfer would not (A) violate (i) any Federal and state securities laws and rules and regulations of the Securities and Exchange Commission, state securities commissions, and any other governmental entity with jurisdiction over such disposition, or (ii) any of the Operating Documents; (B) jeopardize the Company's classification for Federal income tax purposes as a partnership; or (C) affect the Company's existence as a limited liability company under the Act.

**3.05. Withdrawal of a Member.** A Member may not voluntarily withdraw or resign from the Company, retire or dissolve, except pursuant to a Transfer of all of such Member's interest in the Company in accordance with this Article 3. Resignation from the Company shall not entitle a Member to receive the fair value of his interest in the Company or any other distributions from the Company.

**3.06. Death of Member; Other Termination of Membership.**

(a) In the event of the death of a Member who is an individual or if a court of competent jurisdiction adjudges a Member to be incompetent to manage his or her person or property, the Member's executor, administrator, guardian, conservator, or other legal representative may exercise all of the Member's rights (including the transfer of the Member's interest in the Company to an heir or beneficiary under a will or trust or by intestate succession) for purposes of settling such Member's estate or administering such Member's property. If a Member is a corporation, trust or other entity and is dissolved or terminated, the powers of that Member may be exercised by its legal representative or successor.

(b) In the event of death or dissolution of a Member, any successor to the interest in the Company of the affected Member as a result thereof shall be deemed to be the transferee of the entire interest of the affected Member and may be admitted as a Member upon satisfaction of the requirements of Section 3.04.

**3.07 Access to Information.** Each Member shall be entitled to receive any information that it may reasonably request concerning the Company; provided, however, that this Section 3.07 shall not obligate the Company or the Manager to create any information that does not already exist at the time of such request (other than to convert existing information from one medium to another, such as providing a printout of information that is stored in a computer database). Each Member shall also have the right, upon reasonable notice, and at all reasonable times during usual business hours to inspect the properties of the Company and to audit, examine and make copies of the books of account and other records of the Company. Such right may be exercised through any agent or employee of such Member designated in writing by it or by an independent public accountant, engineer, attorney or other consultant so designated. The Member making the request shall bear all costs and expenses incurred in any inspection, examination or audit made on such Member's behalf. All information obtained pursuant to this Section 3.07 shall be subject to the provisions of Section 3.08.

**3.08 Confidential Information.**

(a) Except to the extent necessary for the exercise of its rights and remedies and the performance of its obligations under this Agreement, no Member will itself use or intentionally disclose (and will not permit the use or disclosure by any of its Affiliates or its advisors, counsel and public accountants (collectively, "advisors"), directly or indirectly, any of the Operating Documents or this Agreement or information furnished thereunder (the "Transaction"), and will use all reasonable efforts to have all such information kept confidential (consistent with its own practices) and not used in any way known to such Member to be detrimental to any of the others; provided that (i) any such Member and its advisors may use, retain and disclose any such information to its counsel and public accountants or any Governmental Authority or as otherwise required by law, (ii) any such Member and its advisors may use, retain and disclose any such information that has been publicly disclosed (other than by such party or any Affiliate thereof or any of its advisors in breach of this Section 3.08) or has rightfully come into the possession of such Member or any Affiliate thereof or any of its advisors other than from another Member or a Person acting on such other Member's behalf, (iii) to the extent that any such Member or any Affiliate thereof or its advisors may have received a subpoena or

other written demand under color of legal right for such information, such Member or such Affiliate or advisor may disclose such information, but such Member shall first, as soon as practicable upon receipt of such demand and unless otherwise prohibited by applicable law, furnish a copy thereof to the other Members and, if practicable so long as such Member shall not be in violation of such subpoena or demand or likely become liable to any penalty or sanctions thereunder unless based upon counsel's opinion, such Member is advised it must disclose such information, afford the other Members reasonable opportunity, at any other Member's cost and expense, to obtain a protective order or other reasonably satisfactory assurance of confidential treatment for the information required to be disclosed, (iv) disclosures to lenders, potential lenders or other Persons providing financing to the Company or any Member and potential purchasers of equity interests in the Company are permitted, if such Persons have agreed to abide by the terms of this Section 3.08, (v) any such Member and its advisors may disclose any such information, and make such filings, as may be required by this Agreement, and (vi) nothing in this Section 3.08 shall prevent a Member from using such information for its own internal purposes. Notwithstanding anything herein to the contrary, Members may disclose information to their Affiliates and other advisors in accordance with this Agreement, so long as such Persons agree to comply with the provisions of this Section 3.08.

(b) A Terminated Member may, subject to the other provisions of this Section 3.08, retain and use information regarding the Transaction for the limited purpose of preparing such Terminated Member's tax returns and defending audits, investigations and proceedings relating thereto.

(c) The Members agree that no adequate remedy at law exists for a breach or threatened breach of any of the provisions of this Section 3.08, the continuation of which unremedied will cause the Company and the other Members to suffer irreparable harm. Accordingly, the Members agree that the Company and the other Members shall be entitled, in addition to other remedies that may be available to them, to immediate injunctive relief from any breach of any of the provisions of this Section 3.08 and to specific performance of their rights hereunder, as well as to any other remedies available at law or in equity.

(d) The obligations of the Members under this Section 3.08 shall terminate on the third anniversary of the end of the Term.

(e) Notwithstanding anything to the contrary, the foregoing obligations shall not apply to the tax treatment or tax structure of the Transaction and each party hereto (and any employee, representative, or agent of any party) may disclose to any and all persons, without limitation of any kind, the tax treatment and tax structure of the Transaction and all other materials of any kind (including opinions or other tax analyses) that are provided to any party hereto to the extent relating to such tax treatment and tax structure. However, any such information relating to such tax treatment and tax structure is required to be kept confidential to the extent necessary to comply with any applicable securities laws. The preceding sentences are intended to cause the Transaction not to be treated as having been offered under conditions of confidentiality for purposes of

Sections 1.6011-4(b)(3) and 301.6111-2(a)(2)(ii) (or any successor provision) of the Treasury Regulations and shall be construed in a manner consistent with such purpose.

## ARTICLE 4 CAPITAL CONTRIBUTIONS

**4.01 Initial Capital Contributions.** The Initial Capital Contribution to be made by each Member on or before the date of this Agreement in exchange for such Member's respective Percentage Interest is set forth in Schedule A.

**4.02 Limitation on Liability of Members.** The liability of each Member shall be limited to the aggregate of such Member's Capital Contributions and no Member shall, subject to the provisions of the Act, have any personal liability in respect of any liabilities or obligations of the Company or the Members, beyond the amount that it shall contribute, or be required to contribute, to the capital of the Company in accordance with this Agreement.

**4.03 No Withdrawal of Capital Contributions.** Except as specified under the terms of this Agreement or upon dissolution and liquidation of the Company, no Member shall have the right to withdraw, reduce or demand the return of its Capital Contribution, or any part thereof, or any distribution thereon. Except as otherwise provided herein, no Member shall have the right to receive property other than cash in connection with a distribution or return of capital. No Member shall be entitled to receive interest on such Member's Capital Contributions to the Company.

**4.04 Return of Capital Contributions.**

(a) Except as specified under the terms of this Agreement or upon dissolution and liquidation of the Company or as provided in Article 4 hereof, there is no agreement, nor time set, for the return of any Capital Contribution of any Member.

(b) None of the Members, nor any of their respective Affiliates, nor any officer, director, shareholder, employee or agent of any of the Members or their Affiliates, shall be personally liable for the return or repayment of any Capital Contribution.

**4.05 No Priority.** Except as otherwise provided under the terms of this Agreement, no Member shall have priority over another as to return of Capital Contributions or allocations of income, gain, profits, losses, credits or deductions or as to distributions.

**4.06 Capital Accounts.** A Capital Account shall be established and maintained for each Member. Each Member's Capital Account shall be increased by (a) the amount of money contributed by that Member to the Company, (b) the fair market value of property contributed by that Member to the Company (net of liabilities secured by such contributed property that the Company is considered to assume or take subject to under Section 752 of the Code), and (c) allocations to that Member of Company income and gain (or items thereof), including income

and gain exempt from tax and income and gain described in Treasury Regulation Section 1.704-1(b)(2)(iv)(g), but excluding income and gain described in Treasury Regulation Section 1.704-1(b)(4)(i); and shall be decreased by (i) the amount of money distributed to that Member by the Company, (ii) the fair market value of property distributed to that Member by the Company (net of liabilities secured by such distributed property that such Member is considered to assume or take subject to under Section 752 of the Code), (iii) allocations to that Member of expenditures of the Company described (or treated as described) in Section 705(a)(2)(B) of the Code, and (iv) allocations of Company loss and deduction (or items thereof), including loss and deduction described in Treasury Regulation Section 1.704-1(b)(2)(iv)(g), but excluding items described in (iii) above and loss or deduction described in Treasury Regulation Section 1.704-1(b)(4)(i) or 1.704-1(b)(4)(iii). To the extent not otherwise inconsistent with the provisions of this Section 4.06, the Members' Capital Accounts shall be maintained and adjusted as required by the provisions of Treasury Regulation Sections 1.704-1(b)(2)(iv) and 1.704-1(b)(4) including adjustments required by the provisions of Treasury Regulation Section 1.704-1(b)(2)(iv)(f) and adjustments to reflect the allocations to the Members of depreciation, depletion, amortization, and gain or loss as computed for book purposes rather than the allocation of the corresponding items as computed for tax purposes, as required by Treasury Regulation Section 1.704-1(b)(2)(iv)(g). The Members' Capital Accounts shall be increased or decreased to reflect a revaluation of the Company's property on its books based on the fair market value of the Company's property on the date of adjustment immediately prior to (A) the contribution of money or other property to the Company by a new or existing Member as consideration for new or additional Membership Interest except contributions made on or prior to December 31st, 2010, or such earlier or later date decided by the Manager, (B) the distribution of money or other property by the Company to a Member as consideration for a Membership Interest, or (C) the liquidation of the Company. Upon the Disposition of all or a portion of a Membership Interest, the Capital Account of the Disposing Member that is attributable to such Membership Interest shall carry over to the Assignee in accordance with the provisions of Treasury Regulation Section 1.704-1(b)(2)(iv)(l). The foregoing provisions of this Article and the other provisions of this Agreement relating to the maintenance of Capital Accounts are intended to comply with Treasury Regulation Sections 1.704-1 and 1.704-2 and will be interpreted and applied in a manner consistent with such Treasury Regulations and any amendment or successor provision thereto.

## ARTICLE 5 DISTRIBUTIONS AND ALLOCATIONS

### 5.01 Allocations.

(a) *General.* For purposes of maintaining the Capital Accounts pursuant to Section 4.066 and for income tax purposes, except as otherwise provided in this Section 5.01, each item of income, gain, loss, deduction and credit of the Company shall be allocated to the Members in accordance with their Membership Interests as set forth in Schedule A.

(b) *Company Minimum Gain Chargeback.* Notwithstanding the other provisions of this Section 5.01, except as provided in Treasury Regulation Section 1.704-2(f), if there is a net decrease in Company Minimum Gain during

any Company taxable period, each Member shall be allocated items of Company income and gain for such period (and, if necessary subsequent periods) in the manner and in the amounts provided in Treasury Regulation Sections 1.704-2(f)(6), 1.704-2(g)(2), 1.704-2(j)(2)(i) or any successor provisions. For purposes of this Section 5.01, each Member's Adjusted Capital Account balance shall be determined, and the allocation of income or gain required hereunder shall be effected, prior to the application of any other allocations pursuant to this Section 5.01.

(c) **Chargeback of Minimum Gain Attributable to Member Nonrecourse Debt.** Notwithstanding the other provisions of this Section 5.01, except Section 5.01(b) and as provided in Treasury Regulation Section 1.704-2(i)(4), if there is a net decrease in Minimum Gain Attributable to Member Nonrecourse Debt determined in accordance with Treasury Regulation Section 1.704-2(i)(5) at the beginning of a taxable period, any Member with a share of Minimum Gain Attributable to Member Nonrecourse Debt at the beginning of such taxable period shall be allocated items of Company income and gain for such period (and, if necessary, subsequent taxable periods) in the manner and amounts provided in Treasury Regulation Sections 1.704-2(i)(4) and 1.704-2(j)(2)(ii), or any successor provisions. For purposes of this Section 5.01, each Member's Adjusted Capital Account balance shall be determined, and the allocation of income or gain required hereunder shall be effected, prior to the application of any other allocations pursuant to this Section 5.01 with respect to such taxable period (other than an allocation pursuant to Section 5.01).

(d) **Nonrecourse Deductions.** Any Nonrecourse Deduction for any tax period shall be allocated to the Members in accordance with Section 5.01(a)(i) or (ii), as in effect at the time the Nonrecourse Deduction arises.

(e) **Limitations.** No allocations of items of loss or deductions shall be made to a Member if such allocation would cause or increase a deficit in the balance of a Member's Adjusted Capital Account. Any such items shall instead be allocated to other Members subject to the limitation set forth in the preceding sentence.

(f) **Qualified Income Offset.** In the event any Member unexpectedly receives any adjustments, allocations or distributions described in Treasury Regulations Sections 1.704-1(b)(2)(ii)(d)(4), (5) or (6), gross income shall be specially allocated to each such Member in an amount and manner sufficient to eliminate, to the extent required by Treasury Regulations, the deficit balance, if any, in such Member's Adjusted Capital Account as quickly as possible, provided that an allocation pursuant to this Section 5.01(f) shall be made only if and to the extent that such Member would have a deficit balance in its Adjusted Capital Account after all other allocations provided for in this Section 5.01(f) have been tentatively made as if this Section 5.01(f) were not in this Agreement.

(g) **Gross Income Allocation.** In the event any Member has a deficit balance in its Capital Account at the end of any taxable period that is in excess of the sum of (i) the amount such Member is obligated to restore pursuant to any provision of this Agreement and (ii) the amount such Member is deemed obligated to restore pursuant to the penultimate sentences of Treasury Regulation Sections 1.704-2(g)(1) and 1.704-2(i)(5), each such Member shall be specially allocated items of Company income and gain in the amount of such excess as quickly as possible; provided that an allocation pursuant to this Section 5.01(g) shall be made only if and to the extent that such Member would have a deficit balance in its Capital Account in excess of such amount after all other allocations provided for in this Article 5 have been made as if Sections 5.01(f) and 5.01(g) were not in this Agreement.

(h) **Curative Allocations.** The allocations set forth in sections 5.01(b), 5.01(c), 5.01(e), 5.01(f) and 5.01(g) hereof (the "regulatory allocations") are intended to comply with certain requirements of the Treasury Regulations. Notwithstanding any other provisions of this section 5.01, the regulatory allocations shall be taken into account in allocating items of income, gain, loss, deduction and credit among the members such that, to the extent possible, the net amount of allocations of such items and the regulatory allocations to each member shall be equal to the net amount that would have been allocated to each member if the regulatory allocations had not occurred.

(i) **Income Tax Allocations.** For income tax purposes, income, gain, loss, and deduction shall generally be allocable as provided in Sections 5.01(a) through 5.01(h) of this Agreement; provided, however, that income, gain, loss and deductions with respect to property contributed to the Company by a Member or revalued pursuant to Treasury Regulation Section 1.704-1(b)(2)(iv)(f) shall be allocated among the Members in a manner that takes into account the variation between the adjusted tax basis of such property and its book value, as required by Section 704(c) of the Code and Treasury Regulation Section 1.704-1(b)(4)(i), using the remedial allocation method permitted by Treasury Regulation Section 1.704-3(d).

**5.02 Distributions.** All Distributable Cash shall be distributed by the Company to the Members in accordance with their Membership Interests as set forth in Schedule A.

**5.03 Distributions on Dissolution and Winding Up.** Upon the dissolution and winding up of the Company, after adjusting the Capital Accounts for (i) all allocations made under Section 5.01 and (ii) all distributions made under Section 5.02, all available proceeds shall be distributed to all of the Members as provided in Section 9.03.

**5.04 Varying Interests.** All items of income, gain, loss, deduction or credit shall be allocated, and all distributions shall be made, to the Persons shown on the records of the Company to have been Members as of the last calendar day of the period for which the allocation or distribution is to be made. Notwithstanding the foregoing, if during any taxable year there is a

change in any Membership Interests, the Members agree that their allocable shares of such items for the taxable year shall be determined on any method determined by the Manager to be permissible under Code Section 706 and the related Treasury Regulations to take account of the Members' varying Membership Interests.

**5.05**     **Withholding**. Notwithstanding any other provision of this Agreement, the Company shall comply with any withholding requirements under any law and shall remit amounts withheld to, and file required forms with, applicable taxing authorities. To the extent that the Company is required to withhold and pay over any amounts to any taxing authority with respect to distributions or allocations to any Member, the amount withheld shall be treated as a distribution of cash to such Member in the amount of such withholding. In the event of any claimed over-withholding, Members shall be limited to an action against the applicable taxing authority. If an amount required to be withheld was not withheld from an actual distribution, the Company may reduce subsequent distributions by the amount of such required withholding and any penalties or interest thereon. Each Member agrees to furnish to the Company such forms or other documentation as is necessary to assist the Company in determining the extent of, and in fulfilling, its withholding obligations.

## ARTICLE 6 MEMBERS

**6.01**     **No Management Rights**. Subject to the rights of the Members as set forth in this Agreement, no Member, by reason of its status as a Member, shall have any authority to act for or bind the Company or otherwise take part in the management or the business or affairs of the Company nor have any authority to act for or on behalf of the Company in any respect.

**6.02**     **Liability of Members**. The debts, obligations and liabilities of the Company, whether arising in contract, tort or otherwise, shall be solely the debts, obligations and liabilities of the Company, and no Member, officer or agent of the Company shall be obligated personally for any such debt, obligation or liability of the Company solely by reason of being a Member, officer and/or agent. No Member shall be liable to the Company or to any other Member to restore any deficit balance in its Capital Account (except as may be required by the Act) or to reimburse any other Member for any portion of such other Member's investment in the Company.

**6.03**     **Indemnification**. If any Member or former Member shall be subject to a claim or demand relating to such Person being or having been a Member, and not because of such Member's acts or omissions, the Member or former Member (or such Person's heirs, executors, administrators or other legal representatives or in the case of an entity, its successor) shall be held harmless from and indemnified out of the assets of the Company (including insurance proceeds, if any) against all loss and reasonable expense arising from such claim or demand.

**6.04**     **Representations and Warranties**. Each Member, and in the case of a Member that is an entity, the person(s) executing this Agreement on behalf of such entity, hereby represents and warrants to the Company and to each other Member that: (a) if such Member is an

entity, that it is duly organized, validly existing and in good standing under the law of its state of organization and that it has full power to execute this Agreement and to perform its obligations hereunder; (b) if such Member is an entity, the person signing this Agreement on behalf of the Member has been duly authorized to execute and deliver this Agreement; (c) the execution and delivery of this Agreement does not violate or represent a breach of, or constitute a default under, any instrument governing such Member, or any agreement to which the Member is a party or by which the Member is bound; (d) it is acquiring its Membership Interest for the Member's own account as an investment and without an intent to distribute the Membership Interest. Further, each Member acknowledges that the Membership Interests have not been registered under the U.S. Securities Act of 1933 or any state securities laws, and may not be resold or transferred by the Member without appropriate registration or the availability of an exemption from such requirements.

**6.05 Other Activities.** Any Member (including any Affiliate of a Member) may engage in or possess an interest in other business ventures of any nature or description, independently or with others, whether presently existing or hereafter created, including those in competition with the operations of the Company, and neither the Company nor any other Member (including any Affiliate of a Member) shall have any rights in or to such independent ventures or the income or profits derived therefrom.

**6.06 Acknowledgement of Fees and Distributions.** Each Member, and in the case of a Member that is an entity, the person(s) executing this Agreement on behalf of such entity, hereby acknowledges that certain fees and distributions may be chargeable to the Member by the Manager in connection with each Member's investment in the Company, including but not limited to, management fees and Performance Distributions.

## ARTICLE 7 MANAGEMENT OF THE COMPANY

**7.01 Authority of the Manager.** Subject to the delegation of rights and powers as provided for herein and except as otherwise herein provided, the Manager shall have the sole right and authority to manage the business and affairs of the Company and shall have all powers and rights necessary, appropriate or advisable to effectuate and carry out all, or any, of the purposes, powers, business and other activities of the Company, without the consent of the Members, including but not limited to (a) the incurrence of indebtedness on behalf of and in the name of the Company, (b) the admittance of additional Members, (c) the dissolution and liquidation of the Company in accordance with Section 9.01 below, (d) a sale of the Company, as provided in Section 3.03, or the sale, exchange, lease, mortgage, pledge or other transfer of all or substantially all of the assets of the Company, and (e) the approval of a merger or consolidation or any other form of combination of the Company with another business entity.

**7.02 Meetings of Members.**

(a) An annual meeting of the Members will be held in January of each year if

called by the Manager, or by Members holding Percentage Interests in excess of 50%, for the transaction of such business as may come before the meeting. If an annual meeting is not called, the Members need not hold annual meetings.

(b) Special meetings of the Members, for any purpose or purposes, unless otherwise prescribed by statute, may be called by the Manager, or by Members holding percentage Interests in excess of 50%, with respect to the issues proposed to be considered at such special meeting.

(c) The place of any annual or special meeting shall be at the Company's principal office (or at such other place as shall be determined by the Manager).

(d) The Manager or Members calling a meeting shall cause written or printed notice stating the place, day and hour of the meeting and, in the case of a special meeting, the purpose or purposes for which the meeting is called, to be given in the manner provided in Section 10.7 hereof not less than ten (10) nor more than sixty days (60) days before the date of the meeting (unless Members holding Percentage Interests in excess of 50% agree to shorter notice), to each Member of record entitled to vote at such meeting. The attendance of a Member at a meeting shall constitute a waiver of notice of such meeting, except where such Member attends the meeting for the express purpose of objecting to the transaction of any business because the meeting has not been called or convened in accordance with the terms of this Agreement. Also, either before or after a meeting, a Member may sign a waiver of notice of the meeting, or subsequently ratify all the proceedings thereof, and such meeting shall be as valid as if called and noticed as aforesaid. The Members: (i) when assembled at an annual meeting, may act upon any business which they are entitled to transact under the terms of this Agreement or under the Act to the extent consistent with this Agreement; and (ii) when assembled at a special meeting, may act upon any business described in clause (i) above which was set forth in the notice calling the meeting or notice of which was or is thereafter waived in accordance with this Agreement.

(e) The presence of Members, represented in person or by proxy, holding Percentage Interests in excess of fifty (50%) percent shall constitute a quorum at a meeting of Members. If less than a quorum is represented at a meeting, the Members so represented may adjourn the meeting from time to time without further notice, except as required otherwise by the Act. At such adjourned meeting at which a quorum shall be present or represented, any business may be transacted which might have been transacted at the meeting as originally noticed. If a quorum is present at a duly organized meeting, the Members so present may continue to transact business until adjournment, notwithstanding the withdrawal of one or more Members resulting in less than a quorum. Upon demand of any Member, the vote upon any question before the meeting shall be by ballot.

(f) At all meetings of Members, a Member may vote by proxy executed in writing by the Member or by its duly authorized attorney-in-fact. In order to be effective, such proxy shall: (x) be signed in the exact name of the Member on record with the Company;

and (y) be filed with the Manager. No proxy shall be valid after eleven (11) months from the date of its execution, unless otherwise provided in the proxy.

(g) Unless otherwise specifically provided herein, in any matters put to the vote of the Members or where any action is to be taken by or with the consent or approval of the Members, any such vote or action shall require the vote of those Members holding the requisite Percentage Interest necessary to approve the subject action(s) and entitled to vote with respect to the subject matter thereof. The voting rights of each Member shall be proportionate to the Percentage Interests of the Members at the time of voting.

(h) Any action required or allowed to be taken at a meeting of the Members may be taken without a meeting if a consent in writing, setting forth the action so taken, shall be signed (either before or after the taking of such action) by Members entitled to vote with respect to the subject matter thereof.

(i) Meetings of the Members may be held by conference telephone or similar communication equipment so long as all Members participating in the meeting can hear one another, and all Members participating by telephone or similar communication equipment shall be deemed to be present in person at the meeting.

(j) Any action taken by the Members by the written consent of such Members may be executed and given by telecopy or similar electronic means. If any action is so taken by the Members by written consent of less than all of the Members, prompt notice of the taking of such action shall be furnished to each Member who did not execute such written consent, *provided* that the effectiveness of such action shall not be impaired by any delay or failure to furnish such notice.

**7.03 Voting.** To the extent that the Members are required or permitted to take any action under the terms of this Agreement, such action must be approved by the affirmative vote, at a meeting of Members at which a quorum (as determined in the same manner as set forth in Section 7.02(e)) is present (or by written consent in lieu thereof), of the holders of a majority of the Percentage Interests.

**7.04 Delegation; Officers.** The Manager shall have the power to delegate authority to such officers, employees, agents and representatives of the Company as it may from time to time deem appropriate, and on such terms as the Manager shall determine in its sole discretion. Any two or more offices may be held by the same person.

**7.05 Manager.** The Manager shall, using Company funds to the extent available, except where expressly provided to the contrary in this Agreement, for and on behalf of the Company with reasonable diligence and in a prompt and businesslike manner, exercising such care and skill as a prudent owner with sophistication and experience in owning and operating properties like the Solar Generating Facilities would exercise in dealing with its own property: (i) keep and maintain, or cause to be kept and maintained, adequate and correct books and records of account for the Company; (ii) be responsible for the financial management of the Company; (iii) receive or be responsible for receipt of all monies due and payable to the Company from any

source whatsoever; have charge and custody of, and be responsible for, all monies and other valuables of the Company and be responsible for deposit of all such monies in the name and to the credit of the Company with such depositaries as may be designated by the Manager; (iv) disburse or be responsible for the disbursement of the funds of the Company; (v) arrange for all financing of the Solar Generating Facilities and ongoing operations on commercially reasonable terms; (vi) execute and deliver on behalf of the Company any agreements with respect to (i) management of the Company and the Solar Generating Facilities, including the development of the Solar Generating Facilities, and (ii) maintenance of the Solar Generating Facilities; (vii) cause to be engaged, select, employ and enter into agreements with consultants for the Solar Generating Facilities and/or the Company, including, any architects, engineers, accountants and brokers as are designated by the Manager and to employ such firms or other entities as the Manager shall deem advisable for the operation of the Solar Generating Facilities and the Company in accordance with the provisions of the Agreement.

**7.06 Costs, Expenses and Payments.** The Company shall be responsible for all expenses incurred by the Manager in carrying out his or her duties on behalf of the Company.

**7.07 Standard of Care; Indemnification.**

(a) In carrying out his duties, no officer of the Company nor the Manager shall be liable to the Company or to any Member for damages for any breach of duty in such capacity, or otherwise, *provided* that such officer or the Manager, as applicable, is not the subject of a judgment or other final adjudication that establishes that (i) such person's acts or omissions were in bad faith, involved a knowing violation of law, or constituted fraud, gross negligence, or willful misconduct, or (ii) such person personally gained a financial profit or other advantage to which such person was not legally entitled. Each officer and the Manager (individually an "Indemnitee") shall be indemnified, to the fullest extent permitted under the Act, and held harmless by the Company from and against any and all losses, claims, damages, liabilities, expenses (including legal fees and disbursements), judgments, fines, settlements and all other amounts arising from any and all claims, demands, actions, suits or proceedings, civil, criminal, administrative or investigative, in which the Indemnitee may be involved, or threatened to be involved, as a party or otherwise by reason of his status as an officer or the Manager, or his or her management of the affairs of the Company, or which relate to the Company, its property, business or affairs, whether or not the Indemnitee continues to be an officer or the Manager at the time any such liability or expense is paid or incurred, if the Indemnitee acted in good faith and in a manner he reasonably believed to be in, or not opposed to, the best interests of the Company, and, with respect to any criminal proceeding, had no reasonable cause to believe his conduct to be unlawful; *provided* that no Indemnitee shall be entitled to indemnification if it shall be finally determined that such Indemnitee's act or omission constituted fraud, willful misconduct or gross negligence. Expenses (including legal fees and disbursements) incurred in defending any proceeding shall be paid by the Company in advance of the final disposition of such proceeding upon receipt of an undertaking by or on behalf of the Indemnitee to repay such amount if it is ultimately determined by a court of competent jurisdiction that the Indemnitee is not entitled to be indemnified by the Company as authorized hereunder.

(b) The Company may, to the extent authorized from time to time by the Manager, grant rights of indemnification and to advancement of expenses to any employee or agent of the Company to the fullest extent of the provisions of this Section 7.07 with respect to indemnification and advancement of expenses of officers of the Company and the Manager.

(c) Notwithstanding the foregoing provisions of this Section 7.07, the Company shall indemnify an Indemnitee in connection with a proceeding (or part thereof) initiated by such Indemnitee only if such proceeding (or part thereof) was authorized by the Members; *provided* that an Indemnitee shall be entitled to reimbursement of his or her reasonable counsel fees with respect to a proceeding (or part thereof) initiated by such Indemnitee to enforce his or her right to indemnity or advancement of expenses under the provisions of this Section 7.07 to the extent the Indemnitee is successful on the merits in such proceeding (or part thereof).

(d) To the extent that, at law or in equity, an Indemnitee has duties (including fiduciary duties) and liabilities relating thereto to the Company or any Member, an Indemnitee acting under this Agreement shall not be liable to the Company or any Member for its good faith reliance on the provisions of this Agreement or any approval or authorization granted by the Company. The provisions of this Agreement, to the extent they restrict the duties and liabilities of an Indemnitee otherwise existing at law or in equity, are agreed by the Members to replace such other duties and liabilities of such Indemnitee.

**7.08 Resignation, Removal, Substitution, or Addition of a Manager; Transfer of Interest.**

Any Manager shall have an indefinite, continuous term as Manager, and may not be removed by the Members except, at a meeting of the Members at which a quorum (as determined in the same manner as set forth in Section 7.02(e)) is present (or by written consent in lieu thereof), by affirmative vote of the holders of a majority of the Percentage Interests after (i) the Manager has been finally adjudicated, with no opportunity for further appeal, of a felony, (ii) the Manager has been found, without opportunity for further appeal, to have breached its fiduciary duty of loyalty to the Company or to have acted in bad faith and in knowing, material violation of law or governmental regulations applicable to the Company and its assets, or (iii) the Manager files for relief under any provision of the Federal bankruptcy code or state insolvency laws, or involuntary proceedings under the Federal bankruptcy code or state insolvency laws are filed against the Manager and are not dismissed within sixty (60) days thereafter. Upon such removal or resignation of

the sole Manager, the Members, at a meeting of Members at which a quorum (as determined in the same manner as set forth in Section 70.2(e)) is present (or by written consent in lieu thereof), by affirmative vote of the holders of a majority of the Percentage Interests, may appoint a substitute or replacement Manager, *provided* that unless the Members so act to replace or approve a substitute for such removed or resigned sole Manager within ninety (90) days after its removal or resignation, a Dissolution Event shall have occurred. By act of the Manager, at any time and without the consent or vote of the Members, an additional Manager may be added or any or all of the rights and interests of a Manager in the Company, including the right to function as a Manager, may be transferred by such Manager to another Person that is an Affiliate of any Manager, *provided* that all rights and interests of a Manager as Manager shall immediately terminate upon such Manager's removal or resignation in accordance with the provisions of this Section 7.08. To the extent that there is more than one Manager, the Managers shall manage the Company by the affirmative vote or consent of a majority of the Managers.

## ARTICLE 8 ACCOUNTING, BOOKS AND RECORDS

**8.01 Fiscal Year and Accounting Method.** The fiscal year and taxable year of the Company shall be the Fiscal Year. The Manager shall determine the accounting method to be used by the Company.

**8.02 Books and Records.**

(a) The books and records of the Company shall be maintained at the principal office of the Company.

(b) In addition, the Company shall maintain the following:

(i) A current list of the full name and last known address of each Member;

(ii) A copy of the filed Articles and all amendments thereto, together with executed copies of any powers of attorney pursuant to which any document has been executed;

(iii) Copies of the Company's federal, state and local income tax returns and reports and financial statements, if any, for the three most recent years; and

(iv) Copies of this Agreement and any amendments thereto.

(a) Subject to Section 3.07, each Member (or such Member's designated representative) shall have the right during ordinary business hours and upon reasonable notice to inspect and copy (at such Member's own expense) all books and records of the Company.

**8.03 Tax Returns and Elections.** Within 120 days after the end of each Fiscal Year, or as soon as reasonably practicable thereafter, the Manager shall cause to be prepared and

furnished to each Member such information regarding the amount of each Member's share in the Company's Taxable Income or Tax Loss for such year, in sufficient detail to enable each Member to prepare its individual federal, state and other tax returns. The Company shall cause to be prepared and timely filed all federal, state and local income tax returns or other returns or statements required by applicable law. The Company shall claim all deductions and make such elections for federal or state income tax purposes which the Manager reasonably believes will produce the most favorable tax results for the Members. The Manager is hereby designated as the Company's "tax matters partner" under the Code, and in such capacity is hereby authorized and empowered to act for and represent the Company and each of the Members before the Internal Revenue Service in any audit or examination of any Company tax return and before any court.

**8.04 Bank Accounts.** All funds of the Company shall be deposited in a separate bank, money market or similar account(s) approved by the Manager and in the Company's name. Withdrawals therefrom shall be made only by the Manager or other persons authorized to do so by the Manager.

## ARTICLE 9 DISSOLUTION, WINDING-UP, AND TERMINATION

**9.01 Events Causing Dissolution.** The Company shall dissolve and wind up its affairs upon the happening of any of the following events (each, a "Dissolution Event"):

- (a) the sale or disposition of all or substantially all of the Solar Generating Facilities;
- (b) the dissolution of the Company by the unanimous written agreement of the Members;
- (c) the happening of any event which makes it unlawful for the Company's business to be continued;
- (d) the entry of a decree of judicial dissolution under the Act;
- (e) the Manager's determination to do so in its sole discretion, upon 30 days' written notice to the Members;
- (f) the occurrence of any other event which causes dissolution of a limited liability company under the Act or under the terms of this Agreement.

**9.02 Liquidating Trustee.** Upon dissolution of the Company, the Manager will act as the liquidating trustee pursuant to the Act (the "Liquidating Trustee").

**9.03 Liquidation.** As soon as possible after dissolution of the Company, the Liquidating Trustee will wind up the Company's business and affairs as follows:

(a) The Liquidating Trustee will prepare or cause to be prepared and delivered to each Member an accounting with respect to all Company accounts and the Capital Account of each Member and with respect to the Company's assets and liabilities and its operations from the date of the last previous audit of the Company delivered to the Members to the date of dissolution.

(b) The Liquidating Trustee will liquidate all Company assets which, in its sole discretion, it determines may be sold for such assets' fair market value or where it determines such liquidation is otherwise in the best interests of the Members.

c) In settling accounts after dissolution, the assets of the Company shall be distributed, in order of priority, as follows:

(i) to creditors, including, to the extent not prohibited by law, Members who are creditors, in satisfaction of liabilities of the Company;

(ii) to pay all expenses incurred in connection with the termination, liquidation and dissolution of the Company and distribution of its assets as herein provided;

(iii) to the establishment of Reserves for contingencies or unforeseen liabilities and obligations of the Company, which Reserves may be paid over to a bank or other party chosen by the Manager, to be held in escrow for payment of such contingent or unforeseen liabilities; and

(iv) to and among the Members in accordance with the provisions of Section 5.02.

The Members intend that the allocations provided for in Article 4 result in the Distributions required pursuant to Section 9.03(c)(iv) being in accordance with positive Capital Account balances of the Members and the Manager as provided for in the Treasury Regulations under Code Section 704(b). However, if after giving hypothetical effect to the allocations required by Article IV, the Capital Accounts of the Members and Manager are in such ratios or balances that Distributions pursuant to Section 9.03(c)(iv) would not be in accordance with the positive Capital Account balances of the Members as required by the Treasury Regulations under Code Section 704(b), such failure shall not affect or alter the Distributions required by Section 9.03(c)(iv). Rather, the Liquidating Trustee will have the authority to make other allocations of Profits or Losses, or items of income, gain, loss or deduction among the Members and Manager which, to the maximum extent possible, will result in the Capital Account of each Member and the Manager having a balance prior to Distribution equal to the amount of Distributions to be received by such Member or Manager pursuant to Section 9.03(c)(iv). At the expiration of such time period as the Liquidating Trustee shall deem advisable, the remaining balance of any Reserve established in accordance with clause (iii) shall be distributed in the manner set forth in clause (iv).

(d) If the Liquidating Trustee shall determine that it is in the best interest of the Members to distribute certain Company assets in kind, such assets will be distributed subject to such liens, encumbrances, restrictions, contracts, obligations, commitments or undertakings as existed with respect to such asset prior to the dissolution of the Company and have not been discharged by payments made pursuant to Section 9.03(c)(i).

**9.04 Termination.** Upon completion of the distribution of the Company property as provided in this Article 9, the Company shall be terminated, and the Manager (or such other persons as the Act may require) shall file articles of dissolution with the Secretary of State of Delaware, cancel any applications to do business or similar filings made in foreign jurisdictions and take such other actions as may be necessary to terminate the Company.

**9.05 Claims of the Members.** The Members shall look solely to the Company property for the return of their Capital Contributions, and if the assets of the Company remaining after payment or discharge of the debts or liabilities of the Company are insufficient to return such Capital Contribution, the Members shall have no recourse against the Company or any other Member or the Manager or former Member or Manager or any other officer, employee or agent of the Company.

## ARTICLE 10 GENERAL PROVISIONS

**10.01 Offset.** Whenever the Company is to pay any sum to any Member, any amounts then owed by that Member to the Company may be deducted from such sum before payment.

**10.02 Entire Agreement; Superseding Effect.** This Agreement constitutes the entire agreement of the Members and their Affiliates relating to the Company and the transactions contemplated hereby and supersedes all provisions and concepts contained in all prior contracts or agreements between the Members or any of their Affiliates with respect to the Company and the transactions contemplated hereby, whether oral or written.

**10.03 Effect of Waiver or Consent.** Except as otherwise provided in this Agreement, a waiver or consent, express or implied, to or of any breach or default by any Member in the performance by that Member of its obligations with respect to the Company is not a consent or waiver to or of any other breach or default in the performance by that Member of the same or any other obligations of that Member with respect to the Company. Except as otherwise provided in this Agreement, failure on the part of a Member to complain of any act of any Member or to declare any Member in default with respect to the Company, irrespective of how long that failure continues, does not constitute a waiver by that Member of its rights with respect to that default until the applicable statute-of-limitations period has run.

**10.04 Amendment or Restatement.** Any term of this Agreement or the Articles may be amended, and the observance of any term of this Agreement or the Articles may

be waived (either generally or in a particular instance and either retroactively or prospectively), only by the Manager; *provided* that the Manager may not, without the written consent of each Member adversely affected thereby, (i) amend this Agreement or, (ii) to the extent any provision concerning (a) the obligations of any Member to make contributions, (b) the allocation for tax purposes of any items of income, gain, loss, deduction or credit, (c) the manner of computing the distributions of any Member or (d) the compromise of an obligation of a Member to make a contribution, is contained in the Articles, no amendment of such provision in the Articles shall be made in a way that (w) increases the obligations of any Member to make contributions, (x) alters the allocation for tax purposes of any items of income, gain, loss, deduction or credit, (y) alters the manner of computing the distributions of any Member, or (z) allows the obligation of a Member to make a contribution to be compromised by consent of less than all the Members. Any amendment or waiver effected in accordance with this Section 10.04 shall be binding upon all present and future Members.

**10.05 Binding Effect.** Subject to the restrictions on Dispositions set forth in this Agreement, this Agreement is binding on and shall inure to the benefit of the Members and their respective legal representatives, successors and permitted assigns.

**10.06 Governing Law; Construction.** This Agreement shall be construed according to and governed by the laws of the State of New Jersey, excluding any conflict of laws rules. To the extent permitted by applicable law, the provisions of this Agreement shall override the provisions of the Act to the extent of any inconsistency or contradiction between them. It is the intent of the Members upon execution hereof that this Agreement shall be deemed to have been prepared by all of the parties to the end that no Member shall be entitled to the benefit of any favorable interpretation or construction of any term or provision hereof under any rule or law.

**10.07 Notices.** All notices, demands, requests or other communications which may be or are required to be given, served, or sent by any party to any other party pursuant to this Agreement shall be in writing and shall be hand delivered or mailed by first-class, registered or certified mail, return receipt requested, postage prepaid, or transmitted by electronic mail (with the original to be sent the same day by Federal Express or other recognized overnight delivery service) or by Federal Express or other recognized overnight delivery service addressed to the recipient at its address set forth below (or at such other address as the recipient may theretofore have designated in writing). Each notice which shall be hand delivered or mailed in the manner described shall be deemed sufficiently given, served, sent, received, or delivered for all purposes on the first business day following the day the notice is delivered to the addressee (with the return receipt, the delivery receipt, or the affidavit of messenger being deemed conclusive (but not exclusive) evidence of such delivery) or the first business day following the day that delivery of the notice is refused by the addressee upon presentation. Each notice which shall be delivered by electronic mail in the manner described above shall be deemed sufficiently given, served, sent, received, or delivered for all purposes on the first business day following the date of such electronic mail delivery. Subject to the above, all notices shall be addressed as follows:

Electronic Mail: principals@sunlightgeneral.com

If to any Member, to such Member's address as such Member notifies the Company.

**10.08 Counterparts.** This Agreement may be executed in multiple counterparts, and each such counterpart shall be considered an original, but all of which together shall constitute one and the same instrument.

**10.09 Further Assurances.** Each Member shall execute and deliver any additional documents and instruments and perform any additional acts that may be necessary or appropriate, in the sole discretion of the Manager, to effectuate and perform the provisions of this Agreement and the transactions contemplated herein.

**10.10 Third Parties.** The provisions of this Agreement are intended solely to benefit the Members and, to the fullest extent permitted by applicable law, should not be construed as conferring any benefit upon any creditor of the Company (and no such creditor shall be a third-party beneficiary of this Agreement) and no Member shall have any duty or obligation to any creditor of the Company to make any additional contributions to the Company.

**10.11 Severability.** If one or more of the provisions of this Agreement are held by a proper court to be unenforceable under applicable law, portions of such provisions, or such provisions in their entirety, to the extent necessary and permitted by law, shall be severed here from, and the balance of this Agreement shall be enforceable in accordance with its terms.

THEREBY**

**WHEREAS**, the County of Sussex, New Jersey, a political subdivision of the State (the "*County*") desires to undertake the development and implementation of a renewable energy program (the "*Renewable Energy Program*") for the financing, design, permitting, acquisition, construction, installation, operation and maintenance of renewable energy capital equipment and facilities such as solar panels, wind turbines, and hydro-electric, bio-diesel, geothermal, and bio-mass facilities, including any related electrical modifications, work related to the maintenance of roof warranties, or other work required, desirable or convenient for the installation of such systems (collectively, the renewable energy capital equipment and facilities, the "*Renewable Energy Projects*") for and on behalf of the County and its affiliates, and the local governmental units within the County, including without limitation municipalities, boards of education for school districts, local authorities and any other local government instrumentalities, public bodies or other local government entities (collectively, including the County, the "*Local Units*");

**WHEREAS**, the Morris County Improvement Authority (the "*Authority*") has been duly created by resolution no. 42 entitled "Resolution of the Board of Chosen Freeholders of Morris County, New Jersey creating the Morris County Improvement Authority" duly adopted by the Board of Chosen Freeholders (the "*Morris County Board of Freeholders*") of the County of Morris (the "*Morris County*") in the State of New Jersey (the "*State*") on April 10, 2002 as a public body corporate and politic of the State pursuant to and in accordance with the county improvement authorities law, constituting Chapter 183 of the Pamphlet Laws of 1960 of the State, and the acts amendatory thereof and supplemental thereto (as codified at N.J.S.A. 40:37A-44 *et seq.*, the "*Act*"), and other applicable law;

**WHEREAS**, as of the date hereof, the County has not created its own county improvement authority, and therefore pursuant to the Act, the County may determine to utilize the services of another county improvement authority, including without limitation the Authority, with the consent of both the County, a beneficiary county under the Act, and the Morris County Board of Freeholders, for any purpose for which an improvement authority shall exist, including those set forth in Section 11 of the Act (N.J.S.A. 40:37A-

54, "Section 11"), which purposes include the development and implementation of the Renewable Energy Program;

**WHEREAS**, the County desires to implement the Renewable Energy Program through the Authority pursuant to the Act, the Uniform Shared Services and Consolidation Act, constituting Chapter 63 of the Pamphlet Laws of 2007 of the State, and the acts amendatory thereof and supplemental thereto (as codified at N.J.S.A. 40A:65-1 *et seq.*, the "*Shared Services Act*"), and all other applicable law, the terms of which agreement has been set forth in that certain "Service Agreement (Sussex County Renewable Energy Program)" dated as of March 1, 2011 (as amended and supplemented from time to time in accordance with its terms, the "*Service Agreement*") between the County and the Authority, and consented to by Morris County;

**WHEREAS**, the County has determined to enter into the Service Agreement and utilize the services of the Authority and the Authority Consultants (as hereinafter defined) for the following primary reasons: (i) the County does not have a county improvement authority, which type of entity possesses legal authority to enter into the kind of transactions that make a successful regional Renewable Energy Program more likely to succeed, (ii) Morris County has developed and implemented its own renewable energy program through the Authority, which Authority has retained (in accordance with all applicable law) experienced legal, engineering, energy consulting, and financial advisory consultants, consisting of the Authority's energy engineering and energy service consulting firms, Birsdall Services Group and Gabel Associates, its energy counsel and bond counsel, Inglesino, Pearlman, Wyciskala & Taylor, LLC, and its financial advisor, NW Financial Group, LLC, (collectively, the "*Authority Consultants*") and (iii) accordingly, it is more administratively efficient for the County to utilize the services of the Authority and the Authority Consultants to implement the Renewable Energy Program, with such changes as desired by the County, rather than incur the time and expense of the County establishing a new program;

**WHEREAS**, in addition, Sussex County may determine, but shall not be required, to seek the assistance of its auditor, financial advisor, if any, bond counsel, energy consultant, engineer or any other professional advisors deemed necessary, desirable and convenient by Sussex County (the "*Sussex County Consultants*", if any, and together with the Authority Consultants, the "*Consultants*"; to the extent Sussex County determines not to hire any Sussex County Consultants, references to the term Consultants herein shall be deemed to mean the Authority Consultants) to assist the Authority, the County and the Authority Consultants in connection with the Renewable Energy Program;

**WHEREAS**, the Renewable Energy Projects procured under the Renewable Energy Program, limited initially to solar panels, are to be installed on, in, affixed or adjacent to and/or for any other Local Unit controlled buildings, other structures, lands or other properties of the Local Units (collectively, the "*Local Unit Facilities*");

**WHEREAS**, it may be necessary, desirable or convenient, in connection with the financing, design, permitting, acquisition, construction, installation, operation and maintenance of the Renewable Energy Projects, to finance, design, permit, acquire, construct, renovate and install certain capital improvements to the Local Unit Facilities, including without limitation, improvements to or replacement of, roofing systems, if any (the "*Capital Improvement Projects*" and together with the Renewable Energy Projects and any Completion Project as defined in the hereinafter defined Bond Resolution, the "*Projects*"), and to the extent no Capital Improvement Projects are so financed, references herein shall have no meaning;

**WHEREAS**, the Morris County Improvement Authority (the "*Authority*") has been duly created by resolution no. 42 entitled "Resolution of the Board of Chosen Freeholders of Morris County, New Jersey creating the Morris County Improvement Authority" duly adopted by the Board of Chosen Freeholders (the "*Morris County Board of Freeholders*") of the County of Morris (the "*Morris County*") in the State of New Jersey (the "*State*") on April 10, 2002 as a public body corporate and politic of the State pursuant to and in accordance with the county improvement authorities law, constituting Chapter 183 of the Pamphlet Laws of 1960 of the State, and the acts amendatory thereof and supplemental thereto (as codified at N.J.S.A. 40:37A-44 *et seq.*, the "*Act*"), and other applicable law;

**WHEREAS**, as of the date hereof, the County has not created its own county improvement authority, and therefore pursuant to the Act, the County may determine to utilize the services of another county improvement authority, including without limitation the Authority, with the consent of both the County, a beneficiary county under the Act, and the Morris County Board of Freeholders, for any purpose for which an improvement authority shall exist, including those set forth in Section 11 of the Act (N.J.S.A. 40:37A-54, "*Section 11*"), which purposes include the development and implementation of the Renewable Energy Program;

**WHEREAS**, the County desires to implement the Renewable Energy Program through the Authority pursuant to the Act, the Uniform Shared Services and Consolidation Act,

**WHEREAS**, in addition, Sussex County may determine, but shall not be required, to seek the assistance of its auditor, financial advisor, if any, bond counsel, energy consultant, engineer or any other professional advisors deemed necessary, desirable and convenient by Sussex County (the "*Sussex County Consultants*", if any, and together with the Authority Consultants, the "*Consultants*"; to the extent Sussex County determines not to hire any Sussex County Consultants, references to the term Consultants herein shall be deemed to mean the Authority Consultants) to assist the Authority, the County and the Authority Consultants in connection with the Renewable Energy Program;

**WHEREAS**, the County of Sussex, New Jersey, a political subdivision of the State (the "County") desires to undertake the development and implementation of a renewable energy program (the "Renewable Energy Program") for the financing, design, permitting, acquisition, construction, installation, operation and maintenance of renewable energy capital equipment and facilities such as solar panels, wind turbines, and hydro-electric, bio-diesel, geothermal, and bio-mass facilities, including any related electrical modifications, work related to the maintenance of roof warranties, or other work required, desirable or convenient for the installation of such systems (collectively, the renewable energy capital equipment and facilities, the "Renewable Energy Projects") for and on behalf of the County and its affiliates, and the local governmental units within the County, including without limitation municipalities, boards of education for school districts, local authorities and any other local government instrumentalities, public bodies or other local government entities (collectively, including the County, the "Local Units"); and

**WHEREAS**, the Morris County Improvement Authority (the "Authority") has been duly created by resolution no. 42 entitled "Resolution of the Board of Chosen Freeholders of Morris County, New Jersey creating the Morris County Improvement Authority" duly adopted by the Board of Chosen Freeholders (the "Morris County Board of Freeholders") of the County of Morris (the "Morris County") in the State of New Jersey (the "State") on April 10, 2002 as a public body corporate and politic of the State pursuant to and in accordance with the county improvement authorities law, constituting Chapter 183 of the Pamphlet Laws of 1960 of the State, and the acts amendatory thereof and supplemental thereto (as codified at N.J.S.A. 40:37A-44 *et seq.*, the "Act"), and other applicable law; and

**WHEREAS**, as of the date hereof, the County has not created its own county improvement authority, and therefore pursuant to the Act, the County may determine to utilize the services of another county improvement authority, including without limitation the Authority, with the consent of both the County, a beneficiary county under the Act, and the Morris County Board of Freeholders, for any purpose for which an improvement authority shall exist, including those set forth in Section 11 of the Act (N.J.S.A. 40:37A-54, "*Section 11*"), which purposes include the development and implementation of the Renewable Energy Program; and

**WHEREAS**, the County desires to implement the Renewable Energy Program through the Authority pursuant to the Act, the Uniform Shared Services and Consolidation Act, constituting Chapter 63 of the Pamphlet Laws of 2007 of the State, and the acts amendatory thereof and supplemental thereto (as codified at N.J.S.A. 40A:65-1 *et seq.*, the "*Shared Services Act*"), and all other applicable law, the terms of which agreement has been set forth in that certain "Service Agreement (Sussex County Renewable Energy Program)" dated as of March 1, 2011 (as amended and supplemented from time to time in accordance with its terms, the "*Service Agreement*") between the County and the Authority, and consented to by Morris County; and

THEREBY**

WHEREAS, the County of Sussex, New Jersey, a political subdivision of the State (the "County") desires to undertake the development and implementation of a renewable energy program (the "*Renewable Energy Program*") for the financing, design, permitting, acquisition, construction, installation, operation and maintenance of renewable energy capital equipment and facilities such as solar panels, wind turbines, and hydro-electric, bio-diesel, geothermal, and bio-mass facilities, including any related electrical modifications, work related to the maintenance of roof warranties, or other work required, desirable or convenient for the installation of such systems (collectively, the renewable energy capital equipment and facilities, the "*Renewable Energy Projects*") for and on behalf of the County and its affiliates, and the local governmental units within the County, including without limitation municipalities, boards of education for school districts, local authorities and any other local government instrumentalities, public bodies or other local government entities (collectively, including the County, the "*Local Units*");

WHEREAS, the Morris County Improvement Authority (the "*Authority*") has been duly created by resolution no. 42 entitled "Resolution of the Board of Chosen Freeholders of Morris County, New Jersey creating the Morris County Improvement Authority" duly adopted by the Board of Chosen Freeholders (the "*Morris County Board of Freeholders*") of the County of

Morris (the "*Morris County*") in the State of New Jersey (the "*State*") on April 10, 2002 as a public body corporate and politic of the State pursuant to and in accordance with the county improvement authorities law, constituting Chapter 183 of the Pamphlet Laws of 1960 of the State, and the acts amendatory thereof and supplemental thereto (as codified at N.J.S.A. 40:37A-44 *et seq.*, the "*Act*"), and other applicable law;

WHEREAS, as of the date hereof, the County has not created its own county improvement authority, and therefore pursuant to the Act, the County may determine to utilize the services of another county improvement authority, including without limitation the Authority, with the consent of both the County, a beneficiary county under the Act, and the Morris County Board of Freeholders, for any purpose for which an improvement authority shall exist, including those set forth in Section 11 of the Act (N.J.S.A. 40:37A-54, "*Section 11*"), which purposes include the development and implementation of the Renewable Energy Program;

WHEREAS, the County desires to implement the Renewable Energy Program through the Authority pursuant to the Act, the Uniform Shared Services and Consolidation Act, constituting Chapter 63 of the Pamphlet Laws of 2007 of the State, and the acts amendatory thereof and supplemental thereto (as codified at N.J.S.A. 40A:65-1 *et seq.*, the "*Shared Services Act*"), and all other applicable law, the terms of which agreement has been set forth in that certain "Service Agreement (Sussex County Renewable Energy Program)" dated as of March 1, 2011 (as amended and supplemented from time to time in accordance with its terms, the "*Service Agreement*") between the County and the Authority, and consented to by Morris County;

WHEREAS, the County has determined to enter into the Service Agreement and utilize the services of the Authority and the Authority Consultants (as hereinafter defined) for the following primary reasons: (i) the County does not have a county improvement authority, which type of entity possesses legal authority to enter into the kind of transactions that make a successful regional Renewable Energy Program more likely to succeed, (ii) Morris County has developed and implemented its own renewable energy program through the Authority, which Authority has retained (in accordance with all applicable law) experienced legal, engineering, energy consulting, and financial advisory consultants, consisting of the Authority's energy engineering and energy service consulting firms, Birsdall Services Group and Gabel Associates, its energy counsel and bond counsel, Inglesino, Pearlman, Wyciskala & Taylor, LLC, and its financial advisor, NW Financial Group, LLC, (collectively, the "*Authority Consultants*") and (iii) accordingly, it is more administratively efficient for the County to utilize the services of the Authority and the Authority Consultants to implement the Renewable Energy Program, with such changes as desired by the County, rather than incur the time and expense of the County establishing a new program;

WHEREAS, in addition, Sussex County may determine, but shall not be required, to seek the assistance of its auditor, financial advisor, if any, bond counsel, energy consultant, engineer or any other professional advisors deemed necessary, desirable and convenient by Sussex County (the "*Sussex County Consultants*", if any, and together with the Authority Consultants, the "*Consultants*"; to the extent Sussex County determines not to hire any Sussex County Consultants, references to the term Consultants herein shall be deemed to mean the

Authority Consultants) to assist the Authority, the County and the Authority Consultants in connection with the Renewable Energy Program;

**WHEREAS**, the Renewable Energy Projects procured under the Renewable Energy Program, limited initially to solar panels, are to be installed on, in, affixed or adjacent to and/or for any other Local Unit controlled buildings, other structures, lands or other properties of the Local Units (collectively, the "*Local Unit Facilities*");

**WHEREAS**, it may be necessary, desirable or convenient, in connection with the financing, design, permitting, acquisition, construction, installation, operation and maintenance of the Renewable Energy Projects, to finance, design, permit, acquire, construct, renovate and install certain capital improvements to the Local Unit Facilities, including without limitation, improvements to or replacement of, roofing systems, if any (the "*Capital Improvement Projects*" and together with the Renewable Energy Projects and any Completion Project as defined in the hereinafter defined Bond Resolution, the "*Projects*"), and to the extent no Capital Improvement Projects are so financed, references herein shall have no meaning;

**WHEREAS**, the primary goal of the Renewable Energy Program is to expand the use of renewable energy sources available and utilized by the Local Units for their Local Unit Facilities, with the attendant environmental and financial benefits associated thereby, and to reduce the energy related operating costs to the Local Units for their Local Unit Facilities, all intended to be offered at no net cost to the Local Units;

**WHEREAS**, in order to implement the Renewable Energy Program, the Authority has determined to finance the respective Renewable Energy Projects and Capital Improvement Projects, if any, on, in or about the respective Local Unit Facilities, all as set forth on Exhibits B, C, and A to the hereinafter defined Local Unit License Agreement for each of the following participating Local Units:

- (i) Fredon Township, Green Township and Town of Newton (collectively, the "*Municipal Series 2011 Local Units*"); and
- (ii) Byram Township School District, Frankford Board of Education, Franklin Borough Board of Education, Hardyston Township Board of Education, High Point Regional Board of Education, Kittatinny Regional School District, Lafayette Township Board of Education, Lenape Valley Board of Education, Newton Board of Education (collectively, the "*Board of Education Series 2011 Local Units*"); and
- (iii) County, Sussex County Municipal Utilities Authority and Sussex County Technical School (the "*County Series 2011 Local Units*");

(each a "*Series 2011 Local Unit*", and together with any additional local governmental units within the County that might be added by the Authority to the Renewable Energy Program, pursuant to the hereinafter defined Local Finance Board Application or otherwise, collectively, the "*Series 2011 Local Units*"), through the issuance by the Authority of one or more series of

bonds and notes entitled "County of Sussex Guaranteed Renewable Energy Program Lease Revenue [Notes] Bonds (County of Sussex Program), Series 2011 (Federally Taxable)" dated their date of delivery, Outstanding (as defined in the Bond Resolution upon issuance) in the aggregate principal amount (including Sinking Fund Installments, if any, as such term is defined in the Bond Resolution) not to exceed \$50,000,000 (the "Series 2011 Bonds");

**WHEREAS**, prior to the issuance of the Series 2011 Bonds and in accordance with N.J.S.A. 40:37A:54(l) of the Act and N.J.S.A. 40A:5A-6, 7 and 8 of the Local Authorities Fiscal Control Law, the Authority shall have made an application (the "*Local Finance Board Application*") to, and seek, obtain, and officially recognize the findings from, the Local Finance Board (the "*Local Finance Board*") in the Department of Local Government Services of the State Department of Community Affairs;

**WHEREAS**, the governing body of the Series 2011 Local Unit adopting this resolution (the "*Participant*") desires to authorize the Authority and its consultants to submit the Local Finance Board Application on their behalf to finance the proposed Renewable Energy Project(s) for the Participant (the "*Participant Project*") set forth in Schedule A to **Exhibit A** attached hereto (it being understood that the Participant is taking no action in connection with the other Renewable Energy Projects of the other Series 2011 Local Units as set forth on **Schedule A** to **Exhibit A** hereto and further that a final detailed Participant Project list will be sent to each Series 2011 Local Unit prior to their signing the certificate attached hereto as Exhibit A);

Frankford Township Board of Education  
November 21, 2011

**RESOLUTION OF  
FRANKFORD TOWNSHIP BOARD OF EDUCATION  
AUTHORIZING THE EXECUTION OR ACKNOWLEDGMENT AND  
DELIVERY OF CERTAIN AGREEMENTS AND CERTAIN OTHER ACTIONS  
TO BE TAKEN ALL IN CONNECTION WITH THE MORRIS COUNTY  
IMPROVEMENT AUTHORITY'S COUNTY OF SUSSEX GUARANTEED  
RENEWABLE ENERGY PROGRAM LEASE REVENUE BONDS (COUNTY OF  
SUSSEX PROGRAM), SERIES 2011 (FEDERALLY TAXABLE)**

**WHEREAS**, the County of Sussex, New Jersey, a political subdivision of the State (the "*County*") desires to undertake the development and implementation of a renewable energy program (the "*Renewable Energy Program*") for the financing, design, permitting, acquisition, construction, installation, operation and maintenance of renewable energy capital equipment and facilities such as solar panels, wind turbines, and hydro-electric, bio-diesel, geothermal, and biomass facilities, including any related electrical modifications, work related to the maintenance of roof warranties, or other work required, desirable or convenient for the installation of such systems (collectively, the renewable energy capital equipment and facilities, the "*Renewable Energy Projects*") for and on behalf of the County and its affiliates, and the local governmental units within the County, including without limitation municipalities, boards of education for school districts, local authorities and any other local government instrumentalities, public bodies or other local government entities (collectively, including the County, the "*Local Units*");

**WHEREAS**, the Morris County Improvement Authority (the "*Authority*") has been duly created by resolution no. 42 entitled "Resolution of the Board of Chosen Freeholders of Morris County, New Jersey creating the Morris County Improvement Authority" duly adopted by the Board of Chosen Freeholders (the "*Morris County Board of Freeholders*") of the County of Morris (the "*Morris County*") in the State of New Jersey (the "*State*") on April 10, 2002 as a public body corporate and politic of the State pursuant to and in accordance with the county improvement authorities law, constituting Chapter 183 of the Pamphlet Laws of 1960 of the State, and the acts amendatory thereof and supplemental thereto (as codified at N.J.S.A. 40:37A-44 *et seq.*, the "*Act*"), and other applicable law;

**WHEREAS**, as of the date hereof, the County has not created its own county improvement authority, and therefore pursuant to the Act, the County may determine to utilize the services of another county improvement authority, including without limitation the Authority, with the consent of both the County, a beneficiary county under the Act, and the Morris County Board of Freeholders, for any purpose for which an improvement authority shall exist, including those set forth in Section 11 of the Act (N.J.S.A. 40:37A-54, "*Section 11*"), which purposes include the development and implementation of the Renewable Energy Program;

**WHEREAS**, the County desires to implement the Renewable Energy Program through the Authority pursuant to the Act, the Uniform Shared Services and Consolidation Act, constituting Chapter 63 of the Pamphlet Laws of 2007 of the State, and the acts amendatory

thereof and supplemental thereto (as codified at N.J.S.A. 40A:65-1 *et seq.*, the “*Shared Services Act*”), and all other applicable law, the terms of which agreement has been set forth in that certain “Service Agreement (Sussex County Renewable Energy Program)” dated as of March 1, 2011 (as amended and supplemented from time to time in accordance with its terms, the “*Service Agreement*”) between the County and the Authority, and consented to by Morris County;

**WHEREAS**, the County has determined to enter into the Service Agreement and utilize the services of the Authority and the Authority Consultants (as hereinafter defined) for the following primary reasons: (i) the County does not have a county improvement authority, which type of entity possesses legal authority to enter into the kind of transactions that make a successful regional Renewable Energy Program more likely to succeed, (ii) Morris County has developed and implemented its own renewable energy program through the Authority, which Authority has retained (in accordance with all applicable law) experienced legal, engineering, energy consulting, and financial advisory consultants, consisting of the Authority’s energy engineering and energy service consulting firms, Birsdall Services Group and Gabel Associates, its energy counsel and bond counsel, Inglesino, Pearlman, Wyciskala & Taylor, LLC, and its financial advisor, NW Financial Group, LLC, (collectively, the “*Authority Consultants*”) and (iii) accordingly, it is more administratively efficient for the County to utilize the services of the Authority and the Authority Consultants to implement the Renewable Energy Program, with such changes as desired by the County, rather than incur the time and expense of the County establishing a new program;

**WHEREAS**, in addition, Sussex County may determine, but shall not be required, to seek the assistance of its auditor, financial advisor, if any, bond counsel, energy consultant, engineer or any other professional advisors deemed necessary, desirable and convenient by Sussex County (the “*Sussex County Consultants*”; if any, and together with the Authority Consultants, the “*Consultants*”; to the extent Sussex County determines not to hire any Sussex County Consultants, references to the term Consultants herein shall be deemed to mean the Authority Consultants) to assist the Authority, the County and the Authority Consultants in connection with the Renewable Energy Program;

**WHEREAS**, the Renewable Energy Projects procured under the Renewable Energy Program, limited initially to solar panels, are to be installed on, in, affixed or adjacent to and/or for any other Local Unit controlled buildings, other structures, lands or other properties of the Local Units (collectively, the “*Local Unit Facilities*”);

**WHEREAS**, it may be necessary, desirable or convenient, in connection with the financing, design, permitting, acquisition, construction, installation, operation and maintenance of the Renewable Energy Projects, to finance, design, permit, acquire, construct, renovate and install certain capital improvements to the Local Unit Facilities, including without limitation, improvements to or replacement of, roofing systems, if any (the “*Capital Improvement Projects*” and together with the Renewable Energy Projects and any Completion Project as defined in the

hereinafter defined Bond Resolution, the "*Projects*"), and to the extent no Capital Improvement Projects are so financed, references herein shall have no meaning;

**WHEREAS**, the primary goal of the Renewable Energy Program is to expand the use of renewable energy sources available and utilized by the Local Units for their Local Unit Facilities, with the attendant environmental and financial benefits associated thereby, and to reduce the energy related operating costs to the Local Units for their Local Unit Facilities, all intended to be offered at no net cost to the Local Units;

**WHEREAS**, in order to implement the Renewable Energy Program, the Authority has determined to finance the respective Renewable Energy Projects and Capital Improvement Projects, if any, on, in or about the respective Local Unit Facilities, all as set forth on Exhibits B, C, and A to the hereinafter defined Local Unit License Agreement for each of the following participating Local Units:

- (i) Fredon Township, Green Township and Town of Newton (collectively, the "*Municipal Series 2011 Local Units*"); and

- (iii) County and Sussex County Technical School (the "*County Series 2011 Local Units*");

(each a "*Series 2011 Local Unit*", and together with any additional local governmental units within the County that might be added by the Authority to the Renewable Energy Program, pursuant to the hereinafter defined Local Finance Board Application or otherwise, collectively, the "*Series 2011 Local Units*"), through the issuance by the Authority of one or more series of bonds and notes entitled "County of Sussex Guaranteed Renewable Energy Program Lease Revenue [Notes] Bonds (County of Sussex Program), Series 2011 (Federally Taxable)" dated their date of delivery, Outstanding (as defined in the Bond Resolution upon issuance) in the aggregate principal amount (including Sinking Fund Installments, if any, as such term is defined in the Bond Resolution) not to exceed \$50,000,000 (the "*Series 2011 Bonds*");

**WHEREAS**, pursuant to N.J.S.A. 40:37A-77 of the Act, N.J.S.A. 40A:65-4 of the Uniform Shared Services and Consolidation Act (as amended and supplemented from time to time, the "*Shared Services Act*") and other applicable law, upon or prior to the issuance of the Series 2011 Bonds, the Authority shall have entered into a "License and Access Agreement (Sussex County Renewable Energy Program, Series 2011)" to be dated as of the first day of the month of issuance of the first series of Series 2011 Bonds (as the same may be amended or

supplemented from time to time in accordance with its terms, each agreement shall constitute a "Local Unit License Agreement", and collectively, the "Local Unit License Agreements") with each Series 2011 Local Unit, including the Participant, that would, among other things, provide the Authority and/or its assignees the right and obligation to (i) access the Local Unit Facilities of each such Series 2011 Local Unit, most particularly their roofs and electrical systems (the "Local Unit License"); (ii) finance, design, permit, acquire, construct, install, operate and maintain the Renewable Energy Projects for a term of fifteen (15) years on, in, affixed or adjacent to, or for the benefit of such Local Unit Facilities, (iii) receive the right to the renewable energy produced from the Renewable Energy Projects financed by the Series 2011 Bonds, and (iv) sell all or a portion of the renewable energy produced from such Renewable Energy Projects through the Authority to the respective Series 2011 Local Units, pursuant to an assignment (under each Local Unit License Agreement) from the Authority to the Series 2011 Local Units of the Power Purchase Agreement (as hereinafter defined), the terms of which Power Purchase Agreement could be entered into directly by the Series 2011 Local Units under N.J.S.A. 40A:11-15(45) of the Local Public Contracts Law (for the municipality/County Series 2011 Local Unit) and under N.J.S.A. 18A:18A-42(o) of the Public Schools Contracts Law (for the board of education Series 2011 Local Units);

**WHEREAS**, pursuant to (i) N.J.S.A. 40A:11-4.1(k) of the Local Public Contracts Law, (ii) Local Finance Board Notice 2008-20, December 3, 2008, *Contracting for Renewable Energy Services*, (iii) the Board of Public Utilities ("BPU") protocol for measuring energy savings in PPA agreements dated February 20, 2009 (*Public Entity Energy Efficiency and Renewable Energy Cost Savings Guidelines*), (iv) Local Finance Board Notice 2009-10 dated June 12, 2009, *Contracting for Renewable Energy Services: Update on Power Purchase Agreements*, (v) all other applicable law, and (vi) pursuant to a competitive contracting process governed thereby, the Authority selected Sunlight General Sussex Solar, LLC, as solar developer (the "Company") to implement the Renewable Energy Projects for the Series 2011 Local Units, including the Participant, at the Local Unit Facilities; and

**RESOLUTION OF THE SERIES 2011 HARDYSTON TOWNSHIP BOARD OF EDUCATION PARTICIPATING IN THE MORRIS COUNTY IMPROVEMENT AUTHORITY'S SERIES 2011 RENEWABLE ENERGY PROGRAM, AND AUTHORIZING SUCH AUTHORITY TO APPLY TO THE LOCAL FINANCE BOARD FOR THE NECESSARY CONSENTS AND APPROVALS ON BEHALF OF SUCH PARTICIPANT, ALL IN CONNECTION WITH THE AUTHORITY'S COUNTY OF SUSSEX GUARANTEED RENEWABLE ENERGY PROGRAM LEASE REVENUE BONDS, SERIES 2011 (COUNTY OF SUSSEX PROJECT) (FEDERALLY TAXABLE) IN AN AGGREGATE PRINCIPAL AMOUNT NOT TO EXCEED \$50,000,000 AND THE PARTICIPANT PROJECT FINANCED THEREBY**

**WHEREAS**, the County of Sussex, New Jersey, a political subdivision of the State (the "*County*") desires to undertake the development and implementation of a renewable energy program (the "*Renewable Energy Program*") for the financing, design, permitting, acquisition, construction, installation, operation and maintenance of renewable energy capital equipment and facilities such as solar panels, wind turbines, and hydro-electric, bio-diesel, geothermal, and bio-mass facilities, including any related electrical modifications, work related to the maintenance of roof warranties, or other work required, desirable or convenient for the installation of such systems (collectively, the renewable energy capital equipment and facilities, the "*Renewable Energy Projects*") for and on behalf of the County and its affiliates, and the local governmental units within the County, including without limitation municipalities, boards of education for school districts, local authorities and any other local government instrumentalities, public bodies or other local government entities (collectively, including the County, the "*Local Units*");

**WHEREAS**, the Morris County Improvement Authority (the "*Authority*") has been duly created by resolution no. 42 entitled "Resolution of the Board of Chosen Freeholders of Morris County, New Jersey creating the Morris County Improvement Authority" duly adopted by the Board of Chosen Freeholders (the "*Morris County Board of Freeholders*") of the County of Morris (the "*Morris County*") in the State of New Jersey (the "*State*") on April 10, 2002 as a public body corporate and politic of the State pursuant to and in accordance with the county improvement authorities law, constituting Chapter 183 of the Pamphlet Laws of 1960 of the State, and the acts amendatory thereof and supplemental thereto (as codified at N.J.S.A. 40:37A-44 *et seq.*, the "*Act*"), and other applicable law;

**WHEREAS**, as of the date hereof, the County has not created its own county improvement authority, and therefore pursuant to the Act, the County may determine to utilize the services of another county improvement authority, including without limitation the Authority, with the consent of both the County, a beneficiary county under the Act, and the Morris County Board of Freeholders, for any purpose for which an improvement authority shall exist, including those set forth in Section 11 of the Act (N.J.S.A. 40:37A-54, "*Section 11*"), which purposes include the development and implementation of the Renewable Energy Program;

WHEREAS, the County desires to implement the Renewable Energy Program through the Authority pursuant to the Act, the Uniform Shared Services and Consolidation Act, constituting Chapter 63 of the Pamphlet Laws of 2007 of the State, and the acts amendatory thereof and supplemental thereto (as codified at N.J.S.A. 40A:65-1 *et seq.*, the "*Shared Services Act*"), and all other applicable law, the terms of which agreement has been set forth in that certain "Service Agreement (Sussex County Renewable Energy Program)" dated as of March 1, 2011 (as amended and supplemented from time to time in accordance with its terms, the "*Service Agreement*") between the County and the Authority, and consented to by Morris County;

WHEREAS, the County has determined to enter into the Service Agreement and utilize the services of the Authority and the Authority Consultants (as hereinafter defined) for the following primary reasons: (i) the County does not have a county improvement authority, which type of entity possesses legal authority to enter into the kind of transactions that make a successful regional Renewable Energy Program more likely to succeed, (ii) Morris County has developed and implemented its own renewable energy program through the Authority, which Authority has retained (in accordance with all applicable law) experienced legal, engineering, energy consulting, and financial advisory consultants, consisting of the Authority's energy engineering and energy service consulting firms, Birsdall Services Group and Gabel Associates, its energy counsel and bond counsel, Inglesino, Pearlman, Wyciskala & Taylor, LLC, and its financial advisor, NW Financial Group, LLC, (collectively, the "*Authority Consultants*") and (iii) accordingly, it is more administratively efficient for the County to utilize the services of the Authority and the Authority Consultants to implement the Renewable Energy Program, with such changes as desired by the County, rather than incur the time and expense of the County establishing a new program;

WHEREAS, in addition, Sussex County may determine, but shall not be required, to seek the assistance of its auditor, financial advisor, if any, bond counsel, energy consultant, engineer or any other professional advisors deemed necessary, desirable and convenient by Sussex County (the "*Sussex County Consultants*", if any, and together with the Authority Consultants, the "*Consultants*"; to the extent Sussex County determines not to hire any Sussex County Consultants, references to the term Consultants herein shall be deemed to mean the Authority Consultants) to assist the Authority, the County and the Authority Consultants in connection with the Renewable Energy Program;

WHEREAS, the Renewable Energy Projects procured under the Renewable Energy Program, limited initially to solar panels, are to be installed on, in, affixed or adjacent to and/or for any other Local Unit controlled buildings, other structures, lands or other properties of the Local Units (collectively, the "*Local Unit Facilities*");

WHEREAS, it may be necessary, desirable or convenient, in connection with the financing, design, permitting, acquisition, construction, installation, operation and maintenance of the Renewable Energy Projects, to finance, design, permit, acquire, construct, renovate and install certain capital improvements to the Local Unit Facilities,

including without limitation, improvements to or replacement of, roofing systems, if any (the "*Capital Improvement Projects*" and together with the Renewable Energy Projects and any Completion Project as defined in the hereinafter defined Bond Resolution, the "*Projects*"), and to the extent no Capital Improvement Projects are so financed, references herein shall have no meaning;

**WHEREAS**, the primary goal of the Renewable Energy Program is to expand the use of renewable energy sources available and utilized by the Local Units for their Local Unit Facilities, with the attendant environmental and financial benefits associated thereby, and to reduce the energy related operating costs to the Local Units for their Local Unit Facilities, all intended to be offered at no net cost to the Local Units;

**WHEREAS**, in order to implement the Renewable Energy Program, the Authority has determined to finance the respective Renewable Energy Projects and Capital Improvement Projects, if any, on, in or about the respective Local Unit Facilities, all as set forth on Exhibits B, C, and A to the hereinafter defined Local Unit License Agreement for each of the following participating Local Units:

- (i) Fredon Township, Green Township and Town of Newton (collectively, the "*Municipal Series 2011 Local Units*"); and
- (ii) Byram Township School District, Frankford Board of Education, Franklin Borough Board of Education, Hardyston Township Board of Education, High Point Regional Board of Education, Kittatinny Regional School District, Lafayette Township Board of Education, Lenape Valley Board of Education, Newton Board of Education (collectively, the "*Board of Education Series 2011 Local Units*"); and

WHEREAS, the Morris County Improvement Authority (the "Authority") has been duly created by resolution no. 42 entitled "Resolution of the Board of Chosen Freeholders of Morris County, New Jersey creating the Morris County Improvement Authority" duly adopted by the Board of Chosen Freeholders (the "Morris County Board of Freeholders") of the County of Morris (the "Morris County") in the State of New Jersey (the "State") on April 10, 2002 as a public body corporate and politic of the State pursuant to and in accordance with the county improvement authorities law, constituting Chapter 183 of the Pamphlet Laws of 1960 of the State, and the acts amendatory thereof and supplemental thereto (as codified at N.J.S.A. 40:37A-44 *et seq.*, the "Act"), and other applicable law;

WHEREAS, as of the date hereof, the County has not created its own county improvement authority, and therefore pursuant to the Act, the County may determine to utilize the services of another county improvement authority, including without limitation the Authority, with the consent of both the County, a beneficiary county under the Act, and the Morris County Board of Freeholders, for any purpose for which an improvement authority shall exist, including those set forth in Section 11 of the Act (N.J.S.A. 40:37A-54, "Section 11"), which purposes include the development and implementation of the Renewable Energy Program;

its terms, the "*Service Agreement*") between the County and the Authority, and consented to by Morris County;

**WHEREAS**, the County has determined to enter into the Service Agreement and utilize the services of the Authority and the Authority Consultants (as hereinafter defined) for the following primary reasons: (i) the County does not have a county improvement authority, which type of entity possesses legal authority to enter into the kind of transactions that make a successful regional Renewable Energy Program more likely to succeed, (ii) Morris County has developed and implemented its own renewable energy program through the Authority, which Authority has retained (in accordance with all applicable law) experienced legal, engineering, energy consulting, and financial advisory consultants, consisting of the Authority's energy engineering and energy service consulting firms, Birsdall Services Group and Gabel Associates, its energy counsel and bond counsel, Inglesino, Pearlman, Wyciskala & Taylor, LLC, and its financial advisor, NW Financial Group, LLC, (collectively, the "*Authority Consultants*") and (iii) accordingly, it is more administratively efficient for the County to utilize the services of the Authority and the Authority Consultants to implement the Renewable Energy Program, with such changes as desired by the County, rather than incur the time and expense of the County establishing a new program;

**WHEREAS**, in addition, Sussex County may determine, but shall not be required, to seek the assistance of its auditor, financial advisor, if any, bond counsel, energy consultant, engineer or any other professional advisors deemed necessary, desirable and convenient by Sussex County (the "*Sussex County Consultants*", if any, and together with the Authority Consultants, the "*Consultants*"; to the extent Sussex County determines not to hire any Sussex County Consultants, references to the term Consultants herein shall be deemed to mean the Authority Consultants) to assist the Authority, the County and the Authority Consultants in connection with the Renewable Energy Program;

**WHEREAS**, the Renewable Energy Projects procured under the Renewable Energy Program, limited initially to solar panels, are to be installed on, in, affixed or adjacent to and/or for any other Local Unit controlled buildings, other structures, lands or other properties of the Local Units (collectively, the "*Local Unit Facilities*");

**WHEREAS**, it may be necessary, desirable or convenient, in connection with the financing, design, permitting, acquisition, construction, installation, operation and maintenance of the Renewable Energy Projects, to finance, design, permit, acquire, construct, renovate and install certain capital improvements to the Local Unit Facilities, including without limitation, improvements to or replacement of, roofing systems, if any (the "*Capital Improvement Projects*" and together with the Renewable Energy Projects and any Completion Project as defined in the hereinafter defined Bond Resolution, the "*Projects*"), and to the extent no Capital Improvement Projects are so financed, references herein shall have no meaning;

**WHEREAS**, the primary goal of the Renewable Energy Program is to expand the use of renewable energy sources available and utilized by the Local Units for their Local Unit Facilities, with the attendant environmental and financial benefits associated thereby, and to reduce the energy-related operating costs to the Local Units for their Local Unit Facilities, all intended to be offered at no net cost to the Local Units;

**WHEREAS**, in order to implement the Renewable Energy Program, the Authority has determined to finance the respective Renewable Energy Projects and Capital Improvement Projects, if any, on, in or about the respective Local Unit Facilities, all as set forth on Exhibits B, C, and A to the hereinafter defined Local Unit License Agreement for each of the following participating Local Units:

- (i) Fredon Township, Green Township and Town of Newton (collectively, the "*Municipal Series 2011 Local Units*"); and

**RESOLUTION OF THE SERIES 2011 LOCAL UNIT PARTICIPATING IN THE MORRIS COUNTY IMPROVEMENT AUTHORITY'S SERIES 2011 RENEWABLE ENERGY PROGRAM, AND AUTHORIZING SUCH AUTHORITY TO APPLY TO THE LOCAL FINANCE BOARD FOR THE NECESSARY CONSENTS AND APPROVALS ON BEHALF OF SUCH PARTICIPANT, ALL IN CONNECTION WITH THE AUTHORITY'S COUNTY OF SUSSEX GUARANTEED RENEWABLE ENERGY PROGRAM LEASE REVENUE BONDS, SERIES 2011 (COUNTY OF SUSSEX PROJECT) (FEDERALLY TAXABLE) IN AN AGGREGATE PRINCIPAL AMOUNT NOT TO EXCEED \$50,000,000 AND THE PARTICIPANT PROJECT FINANCED THEREBY**

**WHEREAS**, the County of Sussex, New Jersey, a political subdivision of the State (the "*County*") desires to undertake the development and implementation of a renewable energy program (the "*Renewable Energy Program*") for the financing, design, permitting, acquisition, construction, installation, operation and maintenance of renewable energy capital equipment and facilities such as solar panels, wind turbines, and hydro-electric, bio-diesel, geothermal, and bio-mass facilities, including any related electrical modifications, work related to the maintenance of roof warranties, or other work required, desirable or convenient for the installation of such systems (collectively, the renewable energy capital equipment and facilities, the "*Renewable Energy Projects*") for and on behalf of the County and its affiliates, and the local governmental units within the County, including without limitation municipalities, boards of education for school districts, local authorities and any other local government instrumentalities, public bodies or other local government entities (collectively, including the County, the "*Local Units*");

**WHEREAS**, the Morris County Improvement Authority (the "*Authority*") has been duly created by resolution no. 42 entitled "Resolution of the Board of Chosen Freeholders of Morris County, New Jersey creating the Morris County Improvement Authority" duly adopted by the Board of Chosen Freeholders (the "*Morris County Board of Freeholders*") of the County of Morris (the "*Morris County*") in the State of New Jersey (the "*State*") on April 10, 2002 as a public body corporate and politic of the State pursuant to and in accordance with the county improvement authorities law, constituting Chapter 183 of the Pamphlet Laws of 1960 of the State, and the acts amendatory thereof and supplemental thereto (as codified at N.J.S.A. 40:37A-44 *et seq.*, the "*Act*"), and other applicable law;

**WHEREAS**, as of the date hereof, the County has not created its own county improvement authority, and therefore pursuant to the Act, the County may determine to utilize the services of another county improvement authority, including without limitation the Authority, with the consent of both the County, a beneficiary county under the Act, and the Morris County Board of Freeholders, for any purpose for which an improvement authority shall exist, including those set forth in Section 11 of the Act (N.J.S.A. 40:37A-54, "*Section 11*"), which purposes include the development and implementation of the Renewable Energy Program;

**WHEREAS**, the County desires to implement the Renewable Energy Program through the Authority pursuant to the Act, the Uniform Shared Services and Consolidation Act, constituting Chapter 63 of the Pamphlet Laws of 2007 of the State, and the acts amendatory thereof and supplemental thereto (as codified at N.J.S.A. 40A:65-1 *et seq.*, the "*Shared Services Act*"), and all other applicable law, the terms of which agreement has been set forth in that certain "Service Agreement (Sussex County Renewable Energy Program)" dated as of March 1, 2011 (as amended and supplemented from time to time in accordance with its terms, the "*Service Agreement*") between the County and the Authority, and consented to by Morris County;

**WHEREAS**, the County has determined to enter into the Service Agreement and utilize the services of the Authority and the Authority Consultants (as hereinafter defined) for the following primary reasons: (i) the County does not have a county improvement authority, which type of entity possesses legal authority to enter into the kind of transactions that make a successful regional Renewable Energy Program more likely to succeed, (ii) Morris County has developed and implemented its own renewable energy program through the Authority, which Authority has retained (in accordance with all applicable law) experienced legal, engineering, energy consulting, and financial advisory consultants, consisting of the Authority's energy engineering and energy service consulting firms, Birsdall Services Group and Gabel Associates, its energy counsel and bond counsel, Inglesino, Pearlman, Wyciskala & Taylor, LLC, and its financial advisor, NW Financial Group, LLC, (collectively, the "*Authority Consultants*") and (iii) accordingly, it is more administratively efficient for the County to utilize the services of the Authority and the Authority Consultants to implement the Renewable Energy Program, with such changes as desired by the County, rather than incur the time and expense of the County establishing a new program;

**WHEREAS**, in addition, Sussex County may determine, but shall not be required, to seek the assistance of its auditor, financial advisor, if any, bond counsel, energy consultant, engineer or any other professional advisors deemed necessary, desirable and convenient by Sussex County (the "*Sussex County Consultants*", if any, and together with the Authority Consultants, the "*Consultants*"; to the extent Sussex County determines not to hire any Sussex County Consultants, references to the term Consultants herein shall be deemed to mean the Authority Consultants) to assist the Authority, the County and the Authority Consultants in connection with the Renewable Energy Program;

**WHEREAS**, the Renewable Energy Projects procured under the Renewable Energy Program, limited initially to solar panels, are to be installed on, in, affixed or adjacent to and/or for any other Local Unit controlled buildings, other structures, lands or other properties of the Local Units (collectively, the "*Local Unit Facilities*");

**WHEREAS**, it may be necessary, desirable or convenient, in connection with the financing, design, permitting, acquisition, construction, installation, operation and maintenance of the Renewable Energy Projects, to finance, design, permit, acquire, construct, renovate and install certain capital improvements to the Local Unit Facilities,

including without limitation, improvements to or replacement of, roofing systems, if any (the “*Capital Improvement Projects*” and together with the Renewable Energy Projects and any Completion Project as defined in the hereinafter defined Bond Resolution, the “*Projects*”), and to the extent no Capital Improvement Projects are so financed, references herein shall have no meaning;

**WHEREAS**, the primary goal of the Renewable Energy Program is to expand the use of renewable energy sources available and utilized by the Local Units for their Local Unit Facilities, with the attendant environmental and financial benefits associated thereby, and to reduce the energy related operating costs to the Local Units for their Local Unit Facilities, all intended to be offered at no net cost to the Local Units;

**WHEREAS**, in order to implement the Renewable Energy Program, the Authority has determined to finance the respective Renewable Energy Projects and Capital Improvement Projects, if any, on, in or about the respective Local Unit Facilities, all as set forth on Exhibits B, C, and A to the hereinafter defined Local Unit License Agreement for each of the following participating Local Units:

- (i) Fredon Township, Green Township and Town of Newton (collectively, the “*Municipal Series 2011 Local Units*”); and

**RESOLUTION OF THE SERIES 2011 LOCAL UNIT PARTICIPATING IN THE MORRIS COUNTY IMPROVEMENT AUTHORITY'S SERIES 2011 RENEWABLE ENERGY PROGRAM, AND AUTHORIZING SUCH AUTHORITY TO APPLY TO THE LOCAL FINANCE BOARD FOR THE NECESSARY CONSENTS AND APPROVALS ON BEHALF OF SUCH PARTICIPANT, ALL IN CONNECTION WITH THE AUTHORITY'S COUNTY OF SUSSEX GUARANTEED RENEWABLE ENERGY PROGRAM LEASE REVENUE BONDS, SERIES 2011 (COUNTY OF SUSSEX PROJECT) (FEDERALLY TAXABLE) IN AN AGGREGATE PRINCIPAL AMOUNT NOT TO EXCEED \$50,000,000 AND THE PARTICIPANT PROJECT FINANCED THEREBY**

WHEREAS, the County of Sussex, New Jersey, a political subdivision of the State (the "*County*") desires to undertake the development and implementation of a renewable energy program (the "*Renewable Energy Program*") for the financing, design, permitting, acquisition, construction, installation, operation and maintenance of renewable energy capital equipment and facilities such as solar panels, wind turbines, and hydro-electric, bio-diesel, geothermal, and bio-mass facilities, including any related electrical modifications, work related to the maintenance of roof warranties, or other work required, desirable or convenient for the installation of such systems (collectively, the renewable energy capital equipment and facilities, the "*Renewable Energy Projects*") for and on behalf of the County and its affiliates, and the local governmental units within the County, including without limitation municipalities, boards of education for school districts, local authorities and any other local government instrumentalities, public bodies or other local government entities (collectively, including the County, the "*Local Units*");

WHEREAS, the Morris County Improvement Authority (the "*Authority*") has been duly created by resolution no. 42 entitled "Resolution of the Board of Chosen Freeholders of Morris County, New Jersey creating the Morris County Improvement Authority" duly adopted by the Board of Chosen Freeholders (the "*Morris County Board of Freeholders*") of the County of Morris (the "*Morris County*") in the State of New Jersey (the "*State*") on April 10, 2002 as a public body corporate and politic of the State pursuant to and in accordance with the county improvement authorities law, constituting Chapter 183 of the Pamphlet Laws of 1960 of the State, and the acts amendatory thereof and supplemental thereto (as codified at N.J.S.A. 40:37A-44 *et seq.*, the "*Act*"), and other applicable law;

WHEREAS, as of the date hereof, the County has not created its own county improvement authority, and therefore pursuant to the Act, the County may determine to utilize the services of another county improvement authority, including without limitation the Authority, with the consent of both the County, a beneficiary county under the Act, and the Morris County Board of Freeholders, for any purpose for which an improvement authority shall exist, including those set forth in Section 11 of the Act (N.J.S.A. 40:37A-54, "*Section 11*"), which purposes include the development and implementation of the Renewable Energy Program;

WHEREAS, the County desires to implement the Renewable Energy Program through the Authority pursuant to the Act, the Uniform Shared Services and Consolidation Act, constituting Chapter 63 of the Pamphlet Laws of 2007 of the State, and the acts amendatory thereof and supplemental thereto (as codified at N.J.S.A. 40A:65-1 *et seq.*, the "*Shared Services Act*"), and all other applicable law, the terms of which agreement has been set forth in that certain "Service Agreement (Sussex County Renewable Energy Program)" dated as of March 1, 2011 (as amended and supplemented from time to time in accordance with its terms, the "*Service Agreement*") between the County and the Authority, and consented to by Morris County;

WHEREAS, the County has determined to enter into the Service Agreement and utilize the services of the Authority and the Authority Consultants (as hereinafter defined) for the following primary reasons: (i) the County does not have a county improvement authority, which type of entity possesses legal authority to enter into the kind of transactions that make a successful regional Renewable Energy Program more likely to succeed, (ii) Morris County has developed and implemented its own renewable energy program through the Authority, which Authority has retained (in accordance with all applicable law) experienced legal, engineering, energy consulting, and financial advisory consultants, consisting of the Authority's energy engineering and energy service consulting firms, Birsdall Services Group and Gabel Associates, its energy counsel and bond counsel, Inglesino, Pearlman, Wyciskala & Taylor, LLC, and its financial advisor, NW Financial Group, LLC, (collectively, the "*Authority Consultants*") and (iii) accordingly, it is more administratively efficient for the County to utilize the services of the Authority and the Authority Consultants to implement the Renewable Energy Program, with such changes as desired by the County, rather than incur the time and expense of the County establishing a new program;

WHEREAS, in addition, Sussex County may determine, but shall not be required, to seek the assistance of its auditor, financial advisor, if any, bond counsel, energy consultant, engineer or any other professional advisors deemed necessary, desirable and convenient by Sussex County (the "*Sussex County Consultants*", if any, and together with the Authority Consultants, the "*Consultants*"; to the extent Sussex County determines not to hire any Sussex County Consultants, references to the term Consultants herein shall be deemed to mean the Authority Consultants) to assist the Authority, the County and the Authority Consultants in connection with the Renewable Energy Program;

WHEREAS, the Renewable Energy Projects procured under the Renewable Energy Program, limited initially to solar panels, are to be installed on, in, affixed or adjacent to and/or for any other Local Unit controlled buildings, other structures, lands or other properties of the Local Units (collectively, the "*Local Unit Facilities*");

WHEREAS, it may be necessary, desirable or convenient, in connection with the financing, design, permitting, acquisition, construction, installation, operation and maintenance of the Renewable Energy Projects, to finance, design, permit, acquire, construct, renovate and install certain capital improvements to the Local Unit Facilities,

including without limitation, improvements to or replacement of, roofing systems, if any (the "*Capital Improvement Projects*" and together with the Renewable Energy Projects and any Completion Project as defined in the hereinafter defined Bond Resolution, the "*Projects*"), and to the extent no Capital Improvement Projects are so financed, references herein shall have no meaning;

WHEREAS, the primary goal of the Renewable Energy Program is to expand the use of renewable energy sources available and utilized by the Local Units for their Local Unit Facilities, with the attendant environmental and financial benefits associated thereby, and to reduce the energy related operating costs to the Local Units for their Local Unit Facilities, all intended to be offered at no net cost to the Local Units;

WHEREAS, in order to implement the Renewable Energy Program, the Authority has determined to finance the respective Renewable Energy Projects and Capital Improvement Projects, if any, on, in or about the respective Local Unit Facilities, all as set forth on Exhibits B, C, and A to the hereinafter defined Local Unit License Agreement for each of the following participating Local Units:

- (i) Fredon Township, Green Township and Town of Newton (collectively, the "*Municipal Series 2011 Local Units*"); and

**RESOLUTION RE: RESOLUTION OF THE SERIES 2011 LOCAL UNIT PARTICIPATING IN THE MORRIS COUNTY IMPROVEMENT AUTHORITY'S SERIES 2011 RENEWABLE ENERGY PROGRAM (COUNTY OF SUSSEX PROGRAM), AND AUTHORIZING SUCH AUTHORITY TO APPLY TO THE LOCAL FINANCE BOARD FOR THE NECESSARY CONSENTS AND APPROVALS ON BEHALF OF SUCH PARTICIPANT, ALL IN CONNECTION WITH THE AUTHORITY'S COUNTY OF SUSSEX GUARANTEED RENEWABLE ENERGY PROGRAM LEASE REVENUE BONDS (COUNTY OF SUSSEX PROGRAM), SERIES 2011 (FEDERALLY TAXABLE) IN AN AGGREGATE PRINCIPAL AMOUNT NOT TO EXCEED \$50,000,000.00 AND THE PARTICIPANT PROJECT FINANCED THEREBY**

**WHEREAS**, the County of Sussex, New Jersey, a political subdivision of the State (the "*County*") desires to undertake the development and implementation of a renewable energy program (the "*Renewable Energy Program*") for the financing, design, permitting, acquisition, construction, installation, operation and maintenance of renewable energy capital equipment and facilities such as solar panels, wind turbines, and hydro-electric, bio-diesel, geothermal, and bio-mass facilities, including any related electrical modifications, work related to the maintenance of roof warranties, or other work required, desirable or convenient for the installation of such systems (collectively, the renewable energy capital equipment and facilities, the "*Renewable Energy Projects*") for and on behalf of the County and its affiliates, and the local governmental units within the County, including without limitation municipalities, boards of education for school districts, local authorities and any other local government instrumentalities, public bodies or other local government entities (collectively, including the County, the "*Local Units*"); and

**WHEREAS**, the Morris County Improvement Authority (the "*Authority*") has been duly created by resolution no. 42 entitled "Resolution of the Board of Chosen Freeholders of Morris County, New Jersey creating the Morris County Improvement Authority" duly adopted by the Board of Chosen Freeholders (the "*Morris County Board of Freeholders*") of the County of Morris (the "*Morris County*") in the State of New Jersey (the "*State*") on April 10, 2002 as a public body corporate and politic of the State pursuant to and in accordance with the county improvement authorities law, constituting Chapter 183 of the Pamphlet Laws of 1960 of the State, and the acts amendatory thereof and supplemental thereto (as codified at N.J.S.A. 40:37A-44 *et seq.*, the "*Act*"), and other applicable law; and

**WHEREAS**, as of the date hereof, the County has not created its own county improvement authority, and therefore pursuant to the Act, the County may determine to utilize the services of another county improvement authority, including without limitation the Authority, with the consent of both the County, a beneficiary county under the Act, and the Morris County Board of Freeholders, for any purpose for which an improvement authority shall exist, including those set forth in Section 11 of the Act (N.J.S.A. 40:37A-54, "*Section 11*"), which purposes include the development and implementation of the Renewable Energy Program; and

**WHEREAS**, the County desires to implement the Renewable Energy Program through the Authority pursuant to the Act, the Uniform Shared Services and Consolidation Act, constituting Chapter 63 of the Pamphlet Laws of 2007 of the State, and the acts amendatory thereof and supplemental thereto (as codified at N.J.S.A. 40A:65-1 *et seq.*, the "*Shared Services Act*"), and all other applicable law, the terms of which agreement has been set forth in that certain "Service Agreement (Sussex County Renewable Energy Program)" dated as of March 1, 2011 (as amended and supplemented from time to time in accordance with its terms, the "*Service Agreement*") between the County and the Authority, and consented to by Morris County; and

**WHEREAS**, the County has determined to enter into the Service Agreement and utilize the services of the Authority and the Authority Consultants (as hereinafter defined) for the following primary reasons: (i) the County does not have a county improvement authority, which type of entity possesses legal authority to enter into the kind of transactions that make a successful regional Renewable Energy Program more likely to succeed, (ii) Morris County has developed and implemented its own renewable energy program through the Authority, which Authority has retained (in accordance with all applicable law) experienced legal, engineering, energy consulting, and financial advisory consultants, consisting of the Authority's energy engineering and energy service consulting firms, Birsdall Services Group and Gabel Associates, its energy counsel and bond counsel, Inglesino, Pearlman, Wyciskala & Taylor, LLC, and its financial advisor, NW Financial Group, LLC, (collectively, the "*Authority Consultants*") and (iii) accordingly, it is more administratively efficient for the County to utilize the services of the Authority and the Authority Consultants to implement the Renewable Energy Program, with such changes as desired by the County, rather than incur the time and expense of the County establishing a new program; and

**WHEREAS**, in addition, Sussex County may determine, but shall not be required, to seek the assistance of its auditor, financial advisor, if any, bond counsel, energy consultant, engineer or any other professional advisors deemed necessary, desirable and convenient by Sussex County (the "*Sussex County Consultants*", if any, and together with the Authority Consultants, the "*Consultants*"; to the extent Sussex County determines not to hire any Sussex County Consultants, references to the term Consultants herein shall be deemed to mean the Authority Consultants) to assist the Authority, the County and the Authority Consultants in connection with the Renewable Energy Program; and

**WHEREAS**, the Renewable Energy Projects procured under the Renewable Energy Program, limited initially to solar panels, are to be installed on, in, affixed or adjacent to and/or for any other Local Unit controlled buildings, other structures, lands or other properties of the Local Units (collectively, the "*Local Unit Facilities*"); and

**WHEREAS**, it may be necessary, desirable or convenient, in connection with the financing, design, permitting, acquisition, construction, installation, operation and maintenance of the Renewable Energy Projects, to finance, design, permit, acquire, construct, renovate and install certain capital improvements to the Local Unit Facilities, including without limitation, improvements to or replacement of, roofing systems, if any (the "*Capital Improvement Projects*" and together with the Renewable Energy Projects and any Completion Project as defined in the hereinafter defined Bond Resolution, the "*Projects*"), and to the extent no Capital Improvement Projects are so financed, references herein shall have no meaning; and

**WHEREAS**, the primary goal of the Renewable Energy Program is to expand the use of renewable energy sources available and utilized by the Local Units for their Local Unit Facilities, with the attendant environmental and financial benefits associated thereby, and to reduce the energy related operating costs to the Local Units for their Local Unit Facilities, all intended to be offered at no net cost to the Local Units; and

**WHEREAS**, in order to implement the Renewable Energy Program, the Authority has determined to finance the respective Renewable Energy Projects and Capital Improvement Projects, if any, on, in or about the respective Local Unit Facilities, all as set forth on Exhibits B, C, and A to the hereinafter defined Local Unit License Agreement for each of the following participating Local Units:

- (i) Fredon Township, Green Township and Town of Newton (collectively, the "*Municipal Series 2011 Local Units*"); and

- (iii) County, Sussex County Municipal Utilities Authority and Sussex County Technical School (the "*County Series 2011 Local Units*");

(each a "Series 2011 Local Unit", and together with any additional local governmental units within the County that might be added by the Authority to the Renewable Energy Program, pursuant to the hereinafter defined Local Finance Board Application or otherwise, collectively, the "Series 2011 Local Units"), through the issuance by the Authority of one or more series of bonds and notes entitled "County of Sussex Guaranteed Renewable Energy Program Lease Revenue [Notes] Bonds (County of Sussex Program), Series 2011 (Federally Taxable)" dated their date of delivery, Outstanding (as defined in the Bond Resolution upon issuance) in the aggregate principal amount (including Sinking Fund Installments, if any, as such term is defined in the Bond Resolution) not to exceed \$50,000,000 (the "Series 2011 Bonds"); and

**WHEREAS**, prior to the issuance of the Series 2011 Bonds and in accordance with N.J.S.A. 40:37A:54(l) of the Act and N.J.S.A. 40A:5A-6, 7 and 8 of the Local Authorities Fiscal Control Law, the Authority shall have made an application (the "*Local Finance Board Application*") to, and seek, obtain, and officially recognize the findings from, the Local Finance Board (the "*Local Finance Board*") in the Department of Local Government Services of the State Department of Community Affairs; and

**WHEREAS**, the governing body of the Series 2011 Local Unit adopting this resolution (the "*Participant*") desires to authorize the Authority and its consultants to submit the Local Finance Board Application on their behalf to finance the proposed Renewable Energy Project(s) for the Participant (the "*Participant Project*") set forth in Schedule A to **Exhibit A** attached hereto (it being understood that the Participant is taking no action in connection with the other Renewable Energy Projects of the other Series 2011 Local Units as set forth on **Schedule A to Exhibit A** hereto and further that a final detailed Participant Project list will be sent to each Series 2011 Local Unit prior to their signing the certificate attached hereto as Exhibit A); and

**WHEREAS**, upon or prior to the issuance of the Series 2011 Bonds, and in accordance with (i) N.J.S.A. 40A:11-4.1(k) of the Local Public Contracts Law, (ii) Local Finance Board Notice 2008-20, December 3, 2008, *Contracting for Renewable Energy Services*, (iii) the State Board of Public Utilities ("*BPU*") protocol for measuring energy savings in PPA agreements dated February 20, 2009 (*Public Entity Energy Efficiency and Renewable Energy Cost Savings Guidelines*), (iv) Local Finance Board Notice 2009-10 dated June 12, 2009, *Contracting for Renewable Energy Services: Update on Power Purchase Agreements*, and (v) all other applicable law, and pursuant to a competitive contracting process governed thereby, which shall include a request for solar developer proposals to be issued by the Authority (the "*Company RFP*") and the receipt of proposals from prospective solar developers, including that (the "*Company Proposal*") of the successful respondent (the "*Company*"), the Authority shall select the Company to (y) design, permit, acquire, construct, install, operate and maintain the Renewable Energy Projects and (z) design, permit, acquire, construct, renovate, and install the Capital Improvement Projects, if any, in both cases for the designated Local Unit Facilities of such Series 2011 Local Units, with such Program terms to be set forth in the following Company Documents to be entered into between the Company and, at a minimum, the Authority, or acknowledged by the Company, as applicable; and

**WHEREAS**, the pricing terms for the purchase of renewable energy generated electricity produced from the Participant Project and sold through the Authority to the Participant, and bought by the Participant at an agreed upon price lower than that presently being paid by the Participant for electricity from its local utility, which pricing terms shall be competitively procured through the Company RFP process and the Company Proposal, shall be established under the Authority's Series 2011 Local Unit Renewable Energy Program for an initial term no greater than 15 years, simultaneously with, or prior to the issuance of the Series 2011 Bonds; and

**WHEREAS**, the Participant understands and acknowledges that by taking this official action, the Participant intends to participate in the Authority's Series 2011 Local Unit Renewable Energy Program to fund the Participant Project, and that the Authority is taking several actions in reliance upon such action, including without limitation seeking the required approvals from the Local Finance Board to issue the Series 2011 Bonds, as set forth in the Local Finance Board Application, and proceeding with the issuance of the Company RFP, the selection of the Company, the establishment of the renewable energy pricing under the Company Proposal, and the marketing, sale and issuance of the Series 2011 Bonds; and

**NOW, THEREFORE, BE IT RESOLVED** by the governing body of the Participant as follows:

**Section 1.** The Participant believes: (a) it is in the public interest to accomplish such purposes as set forth in the preambles hereof, including the financing of the Participant Project; (b) said purpose is for the health, wealth, convenience or betterment of the inhabitants of the Participant; (c) the amounts to be expended for said purpose are not unreasonable or exorbitant; and (d) the proposal is an efficient and feasible means of providing services for the needs of the inhabitants of the Participant and will not create an undue financial burden to be placed upon the Participant.

B1.                   RESOLUTION OF SUSSEX COUNTY TECHNICAL SCHOOL  
AUTHORIZING THE EXECUTION OR ACKNOWLEDGMENT AND  
DELIVERY OF CERTAIN AGREEMENTS AND CERTAIN OTHER ACTIONS  
TO BE TAKEN ALL IN CONNECTION WITH THE MORRIS COUNTY  
IMPROVEMENT AUTHORITY'S COUNTY OF SUSSEX GUARANTEED RENEWABLE  
ENERGY PROGRAM LEASE REVENUE BONDS (COUNTY OF SUSSEX  
PROGRAM), SERIES 2011 (FEDERALLY TAXABLE)

WHEREAS, the County of Sussex, New Jersey, a political subdivision of the State (the "County") desires to undertake the development and implementation of a renewable energy program (the "Renewable Energy Program") for the financing, design, permitting, acquisition, construction, installation, operation and maintenance of renewable energy capital equipment and facilities such as solar panels, wind turbines, and hydro-electric, bio-diesel, geothermal, and bio-mass facilities, including any related electrical modifications, work related to the maintenance of roof warranties, or other work required, desirable or convenient for the installation of such systems (collectively, the renewable energy capital equipment and facilities, the "Renewable Energy Projects") for and on behalf of the County and its affiliates, and the local governmental units within the County, including without limitation municipalities, boards of education for school districts, local authorities and any other local government instrumentalities, public bodies or other local government entities (collectively, including the County, the "Local Units");

WHEREAS, the Morris County Improvement Authority (the "Authority") has been duly created by resolution no. 42 entitled "Resolution of the Board of Chosen Freeholders of Morris County, New Jersey creating the Morris County Improvement Authority" duly adopted by the Board of Chosen Freeholders (the "Morris County Board of Freeholders") of the County of Morris (the "Morris County") in the State of New Jersey (the "State") on April 10, 2002 as a public body corporate and politic of the State pursuant to and in accordance with the county improvement authorities law, constituting Chapter 183 of the Pamphlet Laws of 1960 of the State, and the acts amendatory thereof and supplemental thereto (as codified at N.J.S.A. 40:37A-44 et seq., the "Act"), and other applicable law;

WHEREAS, as of the date hereof, the County has not created its own county improvement authority, and therefore pursuant to the Act, the County may determine to utilize the services of another county improvement authority, including without limitation the Authority, with the consent of both the County, a beneficiary county under the Act,

and the Morris County Board of Freeholders, for any purpose for which an improvement authority shall exist, including those set forth in Section 11 of the Act (N.J.S.A. 40:37A-54, "Section 11"), which purposes include the development and implementation of the Renewable Energy Program;

WHEREAS, the County desires to implement the Renewable Energy Program through the Authority pursuant to the Act, the Uniform Shared Services and Consolidation Act, constituting Chapter 63 of the Pamphlet Laws of 2007 of the State, and the acts amendatory thereof and supplemental thereto (as codified at N.J.S.A. 40A:65-1 et seq., the "Shared Services Act"), and all other applicable law, the terms of which agreement has been set forth in that certain "Service Agreement (Sussex County Renewable Energy Program)" dated as of March 1, 2011 (as amended and supplemented from time to time in accordance with its terms, the "Service Agreement") between the County and the Authority, and consented to by Morris County;

WHEREAS, the County has determined to enter into the Service Agreement and utilize the services of the Authority and the Authority Consultants (as hereinafter defined) for the following primary reasons: (i) the County does not have a county improvement authority, which type of entity possesses legal authority to enter into the kind of transactions that make a successful regional Renewable Energy Program more likely to succeed, (ii) Morris County has developed and implemented its own renewable energy program through the Authority, which Authority has retained (in accordance with all applicable law) experienced legal, engineering, energy consulting, and financial advisory consultants, consisting of the Authority's energy engineering and energy service consulting firms, Birsdall Services Group and Gabel Associates, its energy counsel and bond counsel, Inglesino, Pearlman, Wyciskala & Taylor, LLC, and its financial advisor, NW Financial Group, LLC, (collectively, the "Authority Consultants") and (iii) accordingly, it is more administratively efficient for the County to utilize the services of the Authority and the Authority Consultants to implement the Renewable Energy Program, with such changes as desired by the County, rather than incur the time and expense of the County establishing a new program;

WHEREAS, in addition, Sussex County may determine, but shall not be required, to seek the assistance of its auditor, financial advisor, if any, bond counsel, energy consultant, engineer or any other professional advisors deemed necessary, desirable and convenient by Sussex County (the "Sussex County Consultants", if any, and together with the Authority Consultants, the "Consultants"); to the extent Sussex County determines not to hire any Sussex County Consultants, references to the term Consultants herein shall be deemed to mean the Authority Consultants) to assist the Authority, the County and the Authority Consultants in connection with the Renewable Energy Program;

WHEREAS, the Renewable Energy Projects procured under the Renewable Energy Program, limited initially to solar panels, are to be installed on, in, affixed or adjacent to and/or for any other Local Unit controlled buildings, other structures, lands or other properties of the Local Units (collectively, the "Local Unit Facilities");

WHEREAS, it may be necessary, desirable or convenient, in connection with the financing, design, permitting, acquisition, construction, installation, operation and maintenance of the Renewable Energy Projects, to finance, design, permit, acquire, construct, renovate and install certain capital improvements to the Local Unit Facilities, including without limitation, improvements to or replacement of, roofing systems, if any (the "Capital Improvement Projects" and together with the Renewable Energy Projects and any Completion Project as defined in the hereinafter defined Bond Resolution, the "Projects"), and to the extent no Capital Improvement Projects are so financed, references

herein shall have no meaning;

WHEREAS, the primary goal of the Renewable Energy Program is to expand the use of renewable energy sources available and utilized by the Local Units for their Local Unit Facilities, with the attendant environmental and financial benefits associated thereby, and to reduce the energy related operating costs to the Local Units for their Local Unit Facilities, all intended to be offered at no net cost to the Local Units;

WHEREAS, in order to implement the Renewable Energy Program, the Authority has determined to finance the respective Renewable Energy Projects and Capital Improvement Projects, if any, on, in or about the respective Local Unit Facilities, all as set forth on Exhibits B, C, and A to the hereinafter defined Local Unit License Agreement for each of the following participating Local Units:

RENEWABLE ENERGY PROGRAM LEASE REVENUE BONDS (COUNTY OF  
SUSSEX PROGRAM), SERIES 2011 (FEDERALLY TAXABLE)**

**WHEREAS**, the County of Sussex, New Jersey, a political subdivision of the State (the "*County*") desires to undertake the development and implementation of a renewable energy program (the "*Renewable Energy Program*") for the financing, design, permitting, acquisition, construction, installation, operation and maintenance of renewable energy capital equipment and facilities such as solar panels, wind turbines, and hydro-electric, bio-diesel, geothermal, and bio-mass facilities, including any related electrical modifications, work related to the maintenance of roof warranties, or other work required, desirable or convenient for the installation of such systems (collectively, the renewable energy capital equipment and facilities, the "*Renewable Energy Projects*") for and on behalf of the County and its affiliates, and the local governmental units within the County, including without limitation municipalities, boards of education for school districts, local authorities and any other local government instrumentalities, public bodies or other local government entities (collectively, including the County, the "*Local Units*");

**WHEREAS**, the Morris County Improvement Authority (the "*Authority*") has been duly created by resolution no. 42 entitled "Resolution of the Board of Chosen Freeholders of Morris County, New Jersey creating the Morris County Improvement Authority" duly adopted by the Board of Chosen Freeholders (the "*Morris County Board of Freeholders*") of the County of Morris (the "*Morris County*") in the State of New Jersey (the "*State*") on April 10, 2002 as a public body corporate and politic of the State pursuant to and in accordance with the county improvement authorities law, constituting Chapter 183 of the Pamphlet Laws of 1960 of the State, and the acts amendatory thereof and supplemental thereto (as codified at N.J.S.A. 40:37A-44 *et seq.*, the "*Act*"), and other applicable law;

**WHEREAS**, as of the date hereof, the County has not created its own county improvement authority, and therefore pursuant to the Act, the County may determine to utilize the services of another county improvement authority, including without limitation the Authority, with the consent of both the County, a beneficiary county under the Act, and the Morris County Board of Freeholders, for any purpose for which an improvement authority shall exist, including those set forth in Section 11 of the Act (N.J.S.A. 40:37A-54, "*Section 11*"), which purposes include the development and implementation of the Renewable Energy Program;

**WHEREAS**, the County desires to implement the Renewable Energy Program through the Authority pursuant to the Act, the Uniform Shared Services and Consolidation Act, constituting Chapter 63 of the Pamphlet Laws of 2007 of the State, and the acts amendatory thereof and supplemental thereto (as codified at N.J.S.A. 40A:65-1 *et seq.*, the "*Shared Services*");

Act”), and all other applicable law, the terms of which agreement has been set forth in that certain “Service Agreement (Sussex County Renewable Energy Program)” dated as of March 1, 2011 (as amended and supplemented from time to time in accordance with its terms, the “*Service Agreement*”) between the County and the Authority, and consented to by Morris County;

**WHEREAS**, the County has determined to enter into the Service Agreement and utilize the services of the Authority and the Authority Consultants (as hereinafter defined) for the following primary reasons: (i) the County does not have a county improvement authority, which type of entity possesses legal authority to enter into the kind of transactions that make a successful regional Renewable Energy Program more likely to succeed, (ii) Morris County has developed and implemented its own renewable energy program through the Authority, which Authority has retained (in accordance with all applicable law) experienced legal, engineering, energy consulting, and financial advisory consultants, consisting of the Authority’s energy engineering and energy service consulting firms, Birsdall Services Group and Gabel Associates, its energy counsel and bond counsel, Inglesino, Pearlman, Wyciskala & Taylor, LLC, and its financial advisor, NW Financial Group, LLC, (collectively, the “*Authority Consultants*”) and (iii) accordingly, it is more administratively efficient for the County to utilize the services of the Authority and the Authority Consultants to implement the Renewable Energy Program, with such changes as desired by the County, rather than incur the time and expense of the County establishing a new program;

**WHEREAS**, in addition, Sussex County may determine, but shall not be required, to seek the assistance of its auditor, financial advisor, if any, bond counsel, energy consultant, engineer or any other professional advisors deemed necessary, desirable and convenient by Sussex County (the “*Sussex County Consultants*”, if any, and together with the Authority Consultants, the “*Consultants*”; to the extent Sussex County determines not to hire any Sussex County Consultants, references to the term Consultants herein shall be deemed to mean the Authority Consultants) to assist the Authority, the County and the Authority Consultants in connection with the Renewable Energy Program;

**WHEREAS**, the Renewable Energy Projects procured under the Renewable Energy Program, limited initially to solar panels, are to be installed on, in, affixed or adjacent to and/or for any other Local Unit controlled buildings, other structures, lands or other properties of the Local Units (collectively, the “*Local Unit Facilities*”);

**WHEREAS**, it may be necessary, desirable or convenient, in connection with the financing, design, permitting, acquisition, construction, installation, operation and maintenance of the Renewable Energy Projects, to finance, design, permit, acquire, construct, renovate and install certain capital improvements to the Local Unit Facilities, including without limitation, improvements to or replacement of, roofing systems, if any (the “*Capital Improvement Projects*” and together with the Renewable Energy Projects and any Completion Project as defined in the

hereinafter defined Bond Resolution, the “*Projects*”), and to the extent no Capital Improvement Projects are so financed, references herein shall have no meaning;

**WHEREAS**, the primary goal of the Renewable Energy Program is to expand the use of renewable energy sources available and utilized by the Local Units for their Local Unit Facilities, with the attendant environmental and financial benefits associated thereby, and to reduce the energy related operating costs to the Local Units for their Local Unit Facilities, all intended to be offered at no net cost to the Local Units;

**WHEREAS**, in order to implement the Renewable Energy Program, the Authority has determined to finance the respective Renewable Energy Projects and Capital Improvement Projects, if any, on, in or about the respective Local Unit Facilities, all as set forth on Exhibits B, C, and A to the hereinafter defined Local Unit License Agreement for each of the following participating Local Units:

- (i) Fredon Township, Green Township and Town of Newton (collectively, the “*Municipal Series 2011 Local Units*”); and
- (ii) Byram Township School District, Frankford Board of Education, Franklin Borough Board of Education, Hardyston Township Board of Education, High Point Regional Board of Education, Kittatinny Regional School District, Lafayette Township Board of Education, Newton Board of Education (collectively, the “*Board of Education Series 2011 Local Units*”); and
- (iii) County, Sussex County Technical School and Sussex County Community College (the “*County Series 2011 Local Units*”);

(each a “*Series 2011 Local Unit*”, and together with any additional local governmental units within the County that might be added by the Authority to the Renewable Energy Program, pursuant to the hereinafter defined Local Finance Board Application or otherwise, collectively, the “*Series 2011 Local Units*”), through the issuance by the Authority of one or more series of bonds and notes entitled “County of Sussex Guaranteed Renewable Energy Program Lease Revenue [Notes] Bonds (County of Sussex Program), Series 2011 (Federally Taxable)” dated their date of delivery, Outstanding (as defined in the Bond Resolution upon issuance) in the aggregate principal amount (including Sinking Fund Installments, if any, as such term is defined in the Bond Resolution) not to exceed \$50,000,000 (the “*Series 2011 Bonds*”);

**WHEREAS**, pursuant to N.J.S.A. 40:37A-77 of the Act, N.J.S.A. 40A:65-4 of the Uniform Shared Services and Consolidation Act (as amended and supplemented from time to time, the “*Shared Services Act*”) and other applicable law, upon or prior to the issuance of the Series 2011 Bonds, the Authority shall have entered into a “License and Access Agreement (Sussex County Renewable Energy Program, Series 2011)” to be dated as of the first day of the month of issuance of the first series of Series 2011 Bonds (as the same may be amended or

supplemented from time to time in accordance with its terms, each agreement shall constitute a "Local Unit License Agreement", and collectively, the "Local Unit License Agreements") with each Series 2011 Local Unit, including the Participant, that would, among other things, provide the Authority and/or its assignees the right and obligation to (i) access the Local Unit Facilities of each such Series 2011 Local Unit, most particularly their roofs and electrical systems (the "Local Unit License"), (ii) finance, design, permit, acquire, construct, install, operate and maintain the Renewable Energy Projects for a term of fifteen (15) years on, in, affixed or adjacent to, or for the benefit of such Local Unit Facilities, (iii) receive the right to the renewable energy produced from the Renewable Energy Projects financed by the Series 2011 Bonds, and (iv) sell all or a portion of the renewable energy produced from such Renewable Energy Projects through the Authority to the respective Series 2011 Local Units, pursuant to an assignment (under each Local Unit License Agreement) from the Authority to the Series 2011 Local Units of the Power Purchase Agreement (as hereinafter defined), the terms of which Power Purchase Agreement could be entered into directly by the Series 2011 Local Units under N.J.S.A. 40A:11-15(45) of the Local Public Contracts Law (for the municipality/County Series 2011 Local Units), under N.J.S.A. 18A:18A-42(o) of the Public Schools Contracts Law (for the board of education Series 2011 Local Units) and N.J.S.A. 18A:64A-25.28 (q) of the County College Contracts Law (for the County Series 2011 Local Units);

**WHEREAS**, pursuant to (i) N.J.S.A. 40A:11-4.1(k) of the Local Public Contracts Law, (ii) Local Finance Board Notice 2008-20, December 3, 2008, *Contracting for Renewable Energy Services*, (iii) the Board of Public Utilities ("BPU") protocol for measuring energy savings in PPA agreements dated February 20, 2009 (*Public Entity Energy Efficiency and Renewable Energy Cost Savings Guidelines*), (iv) Local Finance Board Notice 2009-10 dated June 12, 2009, *Contracting for Renewable Energy Services: Update on Power Purchase Agreements*, (v) all other applicable law, and (vi) pursuant to a competitive contracting process governed thereby, the Authority selected Sunlight General Sussex Solar, LLC, as solar developer (the "Company") to implement the Renewable Energy Projects for the Series 2011 Local Units, including the Participant, at the Local Unit Facilities; and

**WHEREAS**, upon or prior to the issuance of the Series 2011A Bonds, the Authority and the Company shall enter into that certain "Power Purchase Agreement (Sussex County Renewable Energy Program, Series 2011)" to be dated as of the first day of the month of issuance of the initial series of Series 2011 Bonds (as the same may be amended or supplemented from time to time in accordance with its terms, the "Power Purchase Agreement"), which Power Purchase Agreement shall, among other things, obligate the Company to develop the Renewable Energy Projects for the Series 2011 Local Units, including the Participant, on their Local Unit Facilities, and combined with the Local Unit License Agreement, provide for the sale of the electricity produced by the Renewable Energy through the Authority to the Series 2011 Local Units, including the Participant, Projects at a fixed price, plus fixed escalation, set forth in the Power Purchase Agreement (the "PPA Price"), all as authorized pursuant to N.J.S.A. 40:37A-77 and -78 of the Act, N.J.S.A. 40A:65-4 of the Shared Services Act, N.J.S.A. 40A:11-15(45) of the Local Public Contracts Law, N.J.S.A. 18A:18A-42(o) of the Public Schools Contracts Law and N.J.S.A. 18A:64A-25.28 (q) of the County College Contracts Law, and the guidelines applicable to such contracts promulgated by the State Board of Public Utilities.

**NOW THEREFORE BE IT RESOLVED BY THE GOVERNING BODY OF THE SUSSEX COUNTY COMMUNITY COLLEGE (THE "PARTICIPANT"), IN THE COUNTY OF SUSSEX, NEW JERSEY, as follows:**

On behalf of the Hardyston Board of Education (the "Local Unit"), and as a duly authorized officer of the Local Unit, I hereby represent, warrant and covenant as follows:

1. The Local Unit understands that it has been preliminarily selected by the Morris County Improvement Authority (the "Authority") as one of the local government participants in the Authority's 2011 Renewable Energy Program (Sussex County Program) (the "Program"). The Local Unit further understands that although there is no legal agreement between the Authority and the Local Unit until such parties execute that certain "License and Access Agreement (Sussex County Renewable Energy Program, Series 2011)" (a form of which "License Agreement" shall be supplied to the Local Unit by the Authority when the Program is closer to implementation), the information being provided to the Authority in this Certificate enables the Authority to draft the License Agreement, seek the necessary approvals, and otherwise implement the Program.

2. The License Agreement shall refer to the building(s) or ground(s) (each "Local Unit Facility"), location, size and scope (and if applicable, style) of the solar project (the "Renewable Energy Project") to be implemented on behalf of the Local Unit by the Authority and its various contract parties, including a competitively selected solar developer (the "Company"). Various consultants to the Authority, based on site visits and past information supplied by the Local Unit to the Authority, have identified the Local Unit Facility(ies) and Renewable Energy Project(s) (which include solar overlays prepared by Authority consultants) set forth on Schedule A to this certificate for inclusion in the License Agreement, for selection of the Company, and for financing and implementation under the Authority's Renewable Energy Program.

a. The Local Unit Facility and Renewable Energy Project set forth on Schedule A to this certificate has been reviewed on behalf of the Local Unit, at a minimum, by the Local Unit official responsible for managing the day to day affairs of the Local Unit (which may include the undersigned), and at least by an in-house facilities director or consulting engineer and/or architect. Based on such review, and the review of such other in-house officers or employees or outside consultants of the Local Unit's choosing (including council, board, legal or technical review), if deemed necessary by the Local Unit, the description of the Local Unit Facility and Renewable Energy Project set forth on Schedule A to this certificate is materially accurate, and can be used by the Authority in drafting the various Program documents, selecting the Company, and seeking the various Program approvals.

b. The Local Unit understands that any changes desired by the Local Unit to the Local Unit Facility and Renewable Energy Project from that set forth on Schedule A to this certificate (i) are the responsibility of the Local Unit to inform the Authority and its consultants, and (ii) may or may not be accepted by the Authority, depending on the timing of any such proposed change. The Local Unit may contact County Administrator and Authority Chairman, John Bonanni, (973) 285-6047, [jbonanni@co.morris.nj.us](mailto:jbonanni@co.morris.nj.us), the Sussex County Administrator, John Eskilson, (973) 579 - 0250, [jeskilson@sussex.nj.us](mailto:jeskilson@sussex.nj.us), or the Authority's engineering consultant for the Program, Daniel Swayze of Birdsall Services Group, Inc. at (908) 497-8900, [dswayze@birdsall.com](mailto:dswayze@birdsall.com), with any subsequent changes. To the extent the Company proposes other changes acceptable to the Authority, the Authority shall seek the consent of the Local Unit.

## LOCAL UNIT FACILITY ACCEPTANCE CERTIFICATE

On behalf of the [County of Sussex] (the "Local Unit"), and as a duly authorized officer of the Local Unit, I hereby represent, warrant and covenant as follows:

1. The Local Unit understands that it has been preliminarily selected by the Morris County Improvement Authority (the "Authority") as one of the local government participants in the Authority's 2011 Renewable Energy Program (Sussex County Program) (the "Program"). The Local Unit further understands that although there is no legal agreement between the Authority and the Local Unit until such parties execute that certain "License and Access Agreement (Sussex County Renewable Energy Program, Series 2011)" (a form of which "License Agreement" shall be supplied to the Local Unit by the Authority when the Program is closer to implementation), the information being provided to the Authority in this Certificate enables the Authority to draft the License Agreement, seek the necessary approvals, and otherwise implement the Program.

2. The License Agreement shall refer to the building(s) or ground(s) (each "Local Unit Facility"), location, size and scope (and if applicable, style) of the solar project (the "Renewable Energy Project") to be implemented on behalf of the Local Unit by the Authority and its various contract parties, including a competitively selected solar developer (the "Company"). Various consultants to the Authority, based on site visits and past information supplied by the Local Unit to the Authority, have identified the Local Unit Facility(ies) and Renewable Energy Project(s) (which include solar overlays prepared by Authority consultants) set forth on Schedule A to this certificate for inclusion in the License Agreement, for selection of the Company, and for financing and implementation under the Authority's Renewable Energy Program.

a. The Local Unit Facility and Renewable Energy Project set forth on Schedule A to this certificate has been reviewed on behalf of the Local Unit, at a minimum, by the Local Unit official responsible for managing the day to day affairs of the Local Unit (which may include the undersigned), and at least by an in-house facilities director or consulting engineer and/or architect. Based on such review, and the review of such other in-house officers or employees or outside consultants of the Local Unit's choosing (including council, board, legal or technical review), if deemed necessary by the Local Unit, the description of the Local Unit Facility and Renewable Energy Project set forth on Schedule A to this certificate is materially accurate, and can be used by the Authority in drafting the various Program documents, selecting the Company, and seeking the various Program approvals.

b. The Local Unit understands that any changes desired by the Local Unit to the Local Unit Facility and Renewable Energy Project from that set forth on Schedule A to this certificate (i) are the responsibility of the Local Unit to inform the Authority and its consultants, and (ii) may or may not be accepted by the Authority, depending on the timing of any such proposed change. The Local Unit may contact County Administrator and Authority Chairman, John Bonanni, (973) 285-6047, [jbonanni@co.morris.nj.us](mailto:jbonanni@co.morris.nj.us), the Sussex County Administrator, John Eskilson, (973) 579 - 0250, [jeskilson@sussex.nj.us](mailto:jeskilson@sussex.nj.us), or the Authority's engineering consultant for the Program, Daniel Swayze of Birdsall Services Group, Inc. at (908) 497-8900, [dswayze@birdsall.com](mailto:dswayze@birdsall.com), with any subsequent changes. To the extent the Company proposes other changes acceptable to the Authority, the Authority shall seek the consent of the Local Unit.

Revenue Bonds, Series 2011A (Federally Taxable) and  
\$985,000 County of Sussex Guaranteed Renewable Energy Program Lease Revenue  
Note, Series 2011B (Federally Taxable)**

Dear Authority Commissioners:

We have acted as bond counsel to The Morris County Improvement Authority (the "*Authority*"), a public body corporate and politic of the State of New Jersey (the "*State*"), organized and existing under the county improvement authorities law, constituting Chapter 183 of the Pamphlet Laws of 1960 of the State and the acts amendatory thereof and supplemental thereto (the "*Act*"), in connection with the authorization, sale and issuance this day of its \$26,715,000 aggregate principal amount of "County of Sussex Guaranteed Renewable Energy Program Lease Revenue Bonds, Series 2011A (Federally Taxable)" (the "*Series 2011A Bonds*") and \$985,000 aggregate principal amount of "County of Sussex Guaranteed Renewable Energy Program Lease Revenue Note, Series 2011B (Federally Taxable)" (the "*Series 2011B Note*" and together with the Series 2011A Bonds, the "*Series 2011 Bonds*").

The Series 2011 Bonds are issued pursuant to a bond resolution of the Authority adopted on September 28, 2011 and entitled "RESOLUTION AUTHORIZING THE ISSUANCE OF COUNTY OF SUSSEX GUARANTEED RENEWABLE ENERGY PROGRAM LEASE REVENUE NOTES AND BONDS, SERIES 2011 AND ADDITIONAL BONDS OF THE MORRIS COUNTY IMPROVEMENT AUTHORITY", as amended and supplemented by a Certificate of the Chairman of the Authority dated the date hereof executed and delivered in accordance with Section 2.02(1)(e) thereof, and as may be further amended or supplemented from time to time in accordance with the terms thereof (the "*Bond Resolution*"), the Act and all other applicable law. All capitalized terms which are used herein and are not defined herein shall have the meanings ascribed to such terms in the Bond Resolution.

The Series 2011A Bonds are being issued for the purpose of (i) funding the Projects for the Series 2011 Local Units as part of the Authority's Renewable Energy Program, (ii) reimbursing or paying, as applicable, the Authority and the County for certain development costs of the Renewable Energy Program, (iii) paying certain fees and costs incurred by or for the Company (as hereinafter defined) in connection with the Renewable Energy Program and (iv) paying the various costs of issuing the Series 2011 Bonds. The Series 2011B Note is being issued for the purpose of paying capitalized interest on the Series 2011A Bonds on June 15, 2012 and December 15, 2012.

The Series 2011 Bonds are special and limited obligations of the Authority, payable as to principal, redemption premium, if any, and interest solely from and secured by the Authority's pledge of the Trust Estate to the hereinafter defined Trustee in accordance with the terms of the Bond Resolution. The Trust Estate includes, without limitation, (i) the Revenues, (ii) payments made by the County of Sussex, New Jersey (the "*County*") under the County Guaranty (as hereinafter defined), and (iii) the Funds and Accounts (except the Administrative Expense Account and the Costs of Issuance Account of the Administrative Fund and the County Security Fund) established under the Bond Resolution and held by the Trustee.

The Revenues include, without limitation, the Basic Lease Payments to be made by SunLight General Sussex Solar, LLC (the "*Company*" or the "*Lessee*"), a limited liability company created and in good standing under the laws of the State, and registered and authorized to transact business in the State, under that certain "Lease Purchase Agreement (Sussex County Renewable Energy Program, Series 2011)" dated as of December 1, 2011 (the "*Company Lease Agreement*"), by and between the Authority, as lessor, and the Company, as lessee. In conjunction with the Company Lease Agreement, the Authority has entered into that certain "Power Purchase Agreement (Sussex County Renewable Energy Program, Series 2011)" with the Company, dated as of December 1, 2011, (the "*Power Purchase Agreement*") for the right and obligation to purchase from the Company electricity generated by the Renewable Energy Projects. The Authority has assigned certain of these rights and obligations to each of the Series 2011 Local Units pursuant to the terms of the respective "License and Access Agreement (Sussex County Renewable Energy Program, Series 2011)", each dated as of December 1, 2011 (the "*Local Unit License Agreements*"), by and between each of the respective Series 2011 Local Units, as licensor, and the Authority, as licensee.

Simultaneously with the execution and delivery of the Company Lease Agreement, the Power Purchase Agreement, and the Local Unit License Agreements, (i) the Authority, the Trustee, and the Company have entered into that certain "Company Continuing Disclosure Agreement (Sussex County Renewable Energy Program, Series 2011)" dated as of December 1, 2011 (the "*Company Continuing Disclosure Agreement*") and (ii) the Authority, the County and the Trustee have entered into that certain "County Continuing Disclosure Agreement (Sussex County Renewable Energy Program, Series 2011)" dated as of December 1, 2011 (the "*County Continuing Disclosure Agreement*" and together with the Company Continuing Disclosure Agreement, the "*Continuing Disclosure Agreements*").

The Company Lease Agreement, the Power Purchase Agreement, the Local Unit License Agreements, the County Guaranty Agreement (as defined herein) and the Continuing Disclosure Agreements shall be collectively referred to herein as the “*Authority Financing Documents*”.

The Series 2011A Bonds are dated the date hereof, mature in the principal amounts and bear interest at the rates of interest as stated therein and in the Bond Resolution, and are issued in fully registered form in denominations of \$5,000 or any integral multiple thereof. The Series 2011B Note is dated the date hereof and matures on January 15, 2013.

Interest on the Series 2011A Bonds is payable semiannually on June 15 and December 15 in each year until final maturity thereof (each an “*Interest Payment Date*”), commencing June 15, 2012. The Series 2011A Bonds are subject to optional [and mandatory sinking fund] redemption prior to their stated maturities in the manner and upon the terms and conditions set forth therein and in the Bond Resolution. Principal and redemption premium, if any, of the Series 2011 Bonds are payable by presentation and surrender thereof at the principal corporate trust office of U.S. Bank, National Association, Morristown, New Jersey (the “*Trustee*”, “*Registrar*” and “*Paying Agent*”). Except as set forth below regarding payments made to Cede & Co., interest on the Series 2011 Bonds is payable by check of the Paying Agent mailed to each registered owner of the Series 2011 Bonds at the address of such registered owner shown on the registration books maintained by the Trustee, in its capacity as registrar, as of the first day of the month next preceding the Interest Payment Date.

The Series 2011 Bonds are issued in fully registered form without coupons, initially registered in the name of and held by Cede & Co., as nominee for The Depository Trust Company, New York, New York (“*DTC*”), an automated depository for securities and clearinghouse for securities transactions. Purchases of the Series 2011 Bonds will be made in book-entry-only form (without certificates) in denominations of \$5,000 or any integral multiple thereof. So long as DTC or its nominee is the registered owner of the Series 2011 Bonds, payment of the principal and redemption premium, if any, of and interest on the Series 2011 Bonds will be made by the Trustee or the Paying Agent, as the case may be, directly to Cede & Co., as nominee for DTC, in immediately available funds when due. Disbursal of such payments to the DTC participants is the responsibility of DTC, and disbursal of such payments to the beneficial owners of the Series 2011 Bonds is the responsibility of the DTC participants and not the responsibility of the Authority, the Trustee or the Paying Agent.

Payment of the principal of (including mandatory sinking fund installments, if any) and interest on the Series 2011 Bonds, but not any redemption premium, shall be fully, unconditionally and irrevocably guaranteed in accordance with the terms of (i) a guaranty ordinance of the County finally adopted by the Board of Chosen Freeholders of the County on August 17, 2011, (ii) a guaranty certificate to be executed by an authorized officer of the County within each Series 2011 Bond, and (iii) a “County Guaranty Agreement (Sussex County Renewable Energy Program, Series 2011)” dated as of December 1, 2011 (as the same may be amended and supplemented from time to time in accordance with its terms, the “*County Guaranty Agreement*”) between the County and the Authority, as acknowledged by the Company, all pursuant to Section 37 of the Act (N.J.S.A. 40:37A-80) (collectively, the “*County*

*Guaranty*”).

In our capacity as bond counsel, we have examined (i) the Constitution and statutes of the State, including the Act, (ii) the Bond Resolution, (iii) the Authority Financing Documents, (iv) the County Guaranty, (v) a specimen of the Series 2011A Bonds and (vi) a specimen of the Series 2011 B Note, and such other documents, records of the Authority and instruments as we have deemed necessary to enable us to express the opinions hereinafter set forth. As to matters of fact, we have relied upon the representations of the Authority and, where we have deemed appropriate, representations or other certifications of public officials and, to the extent that we have deemed such reliance proper, on certain representations, certifications of facts, and statements of reasonable expectations made by the Authority in connection with the Series 2011 Bonds.

Further, in expressing such opinions, we have relied upon the genuineness, truthfulness and completeness of the resolutions, documents, records and instruments referred to above.

Based upon and subject to the foregoing, we are of the opinion that:

(1) The Authority has been duly created and is validly existing as a public body corporate and politic under the provisions of the Constitution and statutes of the State, including the Act, with the right and power to adopt the Bond Resolution, to enter into the Authority Financing Documents and to issue the Series 2011 Bonds.

(2) The Bond Resolution has been duly adopted by the Authority, is in full force and effect, is valid and binding upon the Authority, is enforceable in accordance with its terms and no other authorization for the Bond Resolution is required. The Bond Resolution creates the valid pledge which it purports to create of the Trust Estate.

(3) The Series 2011 Bonds have been duly authorized and issued by the Authority in accordance with law, including the Act, and in accordance with the Bond Resolution and are valid and binding special obligations of the Authority, enforceable in accordance with their terms and the terms of the Bond Resolution, and are entitled to the benefits of the Bond Resolution and the Act. Neither the State, nor the County (except to the extent of the County Guaranty, which does not guaranty the payment of redemption premium, if any), nor any municipality therein nor any other political subdivision thereof, other than the Authority (but solely to the extent of the Trust Estate in accordance with the terms of the Bond Resolution), is obligated to pay the principal of, redemption premium, if any, or interest on the Series 2011 Bonds, and neither the faith and credit nor the taxing power of the State, the County (except to the extent of the County Guaranty, which does not guaranty the payment of redemption premium, if any), any municipality therein or any other political subdivision thereof, is pledged to the payment of the principal of, redemption premium, if any, or interest on the Series 2011 Bonds.

(4) The Authority Financing Documents have each been duly authorized, executed and delivered by the Authority, and assuming their due authorization, execution and delivery by the other parties thereto, constitute valid and binding agreements of the Authority and such other parties, and are enforceable in accordance with their respective terms.

(5) The County has the full legal right and power to adopt and execute, as the case may be, the County Guaranty and the County Guaranty creates the valid and binding obligation of the County, enforceable in accordance with its terms. Under the County Guaranty, the County is obligated to make any required payments under the terms of the County Guaranty to the Authority or the Trustee out of the first funds becoming legally available to the County for this purpose and to provide the funds for such payments, if not otherwise available, from the levy of *ad valorem* taxes upon all the taxable property in the County without limitation as to rate or amount. The obligations of the County under the County Guaranty to make full payment of the principal of and interest on the Series 2011 Bonds (which does not include redemption premium, if any) shall be full, unconditional and irrevocable.

(6) Under current law, interest on the Series 2011 Bonds and any gain on the sale thereof are not includable as gross income under the New Jersey Gross Income Tax Act.

The above opinions are limited to and based upon the laws and judicial decisions of the State and the federal laws and judicial decisions of the United States of America as of the date hereof, and are subject to any amendment, repeal or other modification of the applicable laws or judicial decisions that served as the basis for their opinions or to any laws or judicial decisions hereafter enacted or rendered. No opinion is expressed regarding federal tax consequences arising with respect to the Series 2011 Bonds.

We note, in connection with the opinions expressed herein, that the enforceability of rights or remedies with respect to the Bond Resolution, the Series 2011 Bonds, the Authority Financing Documents and the County Guaranty may be limited, however, by bankruptcy, insolvency, reorganization, moratorium or other laws affecting creditors' rights or remedies heretofore or hereafter enacted and that their enforcement may also be subject to the exercise of judicial discretion in appropriate cases. We express no opinion as to the availability of any particular remedy.

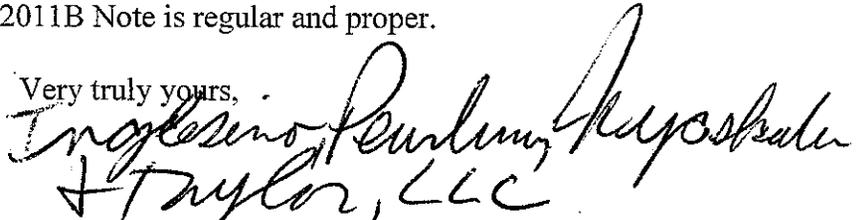

In rendering the opinions contained in paragraphs 4 and 5 above, we have relied upon the respective opinions, dated the date hereof, of independent counsel to the Company and the County, as the case may be, (i) with respect to the due authorization, execution and delivery of the Authority Financing Documents by the other parties thereto, (ii) with respect to the due authorization, adoption, execution and delivery of the County Guaranty by the County, including, without limitation, proper compliance with all publication, hearing and other procedural requirements of Section 37 of the Act (N.J.S.A. 40:37A-80) and of the Local Bond Law, constituting Chapter 169 of the Pamphlet Laws of 1960 of the State, (iii) to the effect that the County Guaranty has not been amended, modified or repealed since the date of final adoption and that the County Guaranty is still in full force and effect, and (iv) to the effect that the County Guaranty is a valid and binding obligation of the County, enforceable against the County in

accordance with its terms.

This opinion is being delivered to you at your request. Our engagement by you with respect to the opinions expressed herein does not require, and shall not be construed to constitute, a continuing obligation on our part to notify or otherwise inform you or the reliance parties hereof of the amendment, repeal or other modification of the applicable laws, judicial decisions, actions, facts, or circumstances that served as the basis for this opinion letter or of laws or judicial decisions hereafter enacted or rendered which impact on this opinion letter.

We have examined one of the Series 2011A Bonds as executed by the Authority and as authenticated by the Trustee, and, in our opinion, the form, execution and authentication of said Series 2011A Bonds are regular and proper. We have examined the Series 2011B Note as executed by the Authority and as authenticated by the Trustee, and, in our opinion, the form, execution and authentication of said Series 2011B Note is regular and proper.

Very truly yours,

The Series 2011 Bonds are special and limited obligations of the Authority, payable as to principal, redemption premium, if any, and interest solely from and secured by the Authority's pledge of the Trust Estate to the hereinafter defined Trustee in accordance with the terms of the Bond Resolution. The Trust Estate includes, without limitation, (i) the Revenues, (ii) payments made by the County of Sussex, New Jersey (the "*County*") under the County Guaranty (as hereinafter defined), and (iii) the Funds and Accounts (except the Administrative Expense Account and the Costs of Issuance Account of the Administrative Fund and the County Security Fund) established under the Bond Resolution and held by the Trustee.

The Revenues include, without limitation, the Basic Lease Payments to be made by SunLight General Sussex Solar, LLC (the "*Company*" or the "*Lessee*"), a limited liability company created and in good standing under the laws of the State, and registered and authorized to transact business in the State, under that certain "Lease Purchase Agreement (Sussex County Renewable Energy Program, Series 2011)" dated as of December 1, 2011 (the "*Company Lease Agreement*"), by and between the Authority, as lessor, and the Company, as lessee. In conjunction with the Company Lease Agreement, the Authority has entered into that certain "Power Purchase Agreement (Sussex County Renewable Energy Program, Series 2011)" with the Company, dated as of December 1, 2011, (the "*Power Purchase Agreement*") for the right and obligation to purchase from the Company electricity generated by the Renewable Energy Projects. The Authority has assigned certain of these rights and obligations to each of the Series 2011 Local Units pursuant to the terms of the respective "License and Access Agreement (Sussex County Renewable Energy Program, Series 2011)", each dated as of December 1, 2011 (the "*Local Unit License Agreements*"), by and between each of the respective Series 2011 Local Units, as licensor, and the Authority, as licensee.

Simultaneously with the execution and delivery of the Company Lease Agreement, the Power Purchase Agreement, and the Local Unit License Agreements, (i) the Authority, the Trustee,

and the Company have entered into that certain “Company Continuing Disclosure Agreement (Sussex County Renewable Energy Program, Series 2011)” dated as of December 1, 2011 (the “*Company Continuing Disclosure Agreement*”) and (ii) the Authority, the County and the Trustee have entered into that certain “County Continuing Disclosure Agreement (Sussex County Renewable Energy Program, Series 2011)” dated as of December 1, 2011 (the “*County Continuing Disclosure Agreement*”) and together with the Company Continuing Disclosure Agreement, the “*Continuing Disclosure Agreements*”).

The Company Lease Agreement, the Power Purchase Agreement, the Local Unit License Agreements, the County Guaranty Agreement (as defined herein) and the Continuing Disclosure Agreements shall be collectively referred to herein as the “*Authority Financing Documents*”.

The Series 2011A Bonds are dated the date hereof, mature in the principal amounts and bear interest at the rates of interest as stated therein and in the Bond Resolution, and are issued in fully registered form in denominations of \$5,000 or any integral multiple thereof. The Series 2011B Note is dated the date hereof and matures on January 15, 2013.

Interest on the Series 2011A Bonds is payable semiannually on June 15 and December 15 in each year until final maturity thereof (each an “*Interest Payment Date*”), commencing June 15, 2012. The Series 2011A Bonds are subject to optional [and mandatory sinking fund] redemption prior to their stated maturities in the manner and upon the terms and conditions set forth therein and in the Bond Resolution. Principal and redemption premium, if any, of the Series 2011 Bonds are payable by presentation and surrender thereof at the principal corporate trust office of U.S. Bank, National Association, Morristown, New Jersey (the “*Trustee*”, “*Registrar*” and “*Paying Agent*”). Except as set forth below regarding payments made to Cede & Co., interest on the Series 2011 Bonds is payable by check of the Paying Agent mailed to each registered owner of the Series 2011 Bonds at the address of such registered owner shown on the registration books maintained by the Trustee, in its capacity as registrar, as of the first day of the month next preceding the Interest Payment Date.

The Series 2011 Bonds are issued in fully registered form without coupons, initially registered in the name of and held by Cede & Co., as nominee for The Depository Trust Company, New York, New York (“*DTC*”), an automated depository for securities and clearinghouse for securities transactions. Purchases of the Series 2011 Bonds will be made in book-entry-only form (without certificates) in denominations of \$5,000 or any integral multiple thereof. So long as DTC or its nominee is the registered owner of the Series 2011 Bonds, payment of the principal and redemption premium, if any, of and interest on the Series 2011 Bonds will be made by the Trustee or the Paying Agent, as the case may be, directly to Cede & Co., as nominee for DTC, in immediately available funds when due. Disbursal of such payments to the DTC participants is the responsibility of DTC, and disbursal of such payments to the beneficial owners of the Series 2011 Bonds is the responsibility of the DTC participants and not the responsibility of the Authority, the Trustee or the Paying Agent.

In our capacity as bond counsel, we have examined (i) the Constitution and statutes of the State, including the Act, (ii) the Bond Resolution, (iii) the Authority Financing Documents, (iv) the County Guaranty, (v) a specimen of the Series 2011A Bonds and (vi) a specimen of the Series 2011 B Note, and such other documents, records of the Authority and instruments as we have deemed necessary to enable us to express the opinions hereinafter set forth. As to matters of fact, we have relied upon the representations of the Authority and, where we have deemed appropriate, representations or other certifications of public officials and, to the extent that we have deemed such reliance proper, on certain representations, certifications of facts, and statements of reasonable expectations made by the Authority in connection with the Series 2011 Bonds.

Further, in expressing such opinions, we have relied upon the genuineness, truthfulness and completeness of the resolutions, documents, records and instruments referred to above.

Based upon and subject to the foregoing, we are of the opinion that:

1. The Bond Purchase Agreement dated December 7, 2011, between the Authority, the Company and the Underwriter set forth therein (the "Purchase Agreement") has been duly authorized, executed and delivered, and the Bond Resolution has been duly adopted by the Authority and constitutes a valid, binding and enforceable agreement of the Authority in accordance with its respective terms, except to the extent that the enforceability thereof may be limited by Creditors' Rights Limitations. In rendering the foregoing opinion with respect to the enforceability of the Purchase Agreement against the Authority and the Company, we have assumed the due authorization, execution and delivery of such documents by the other respective parties thereto. Terms not defined herein shall have the meaning ascribed to such terms in the Purchase Agreement.

2. The Authority has duly authorized the distribution of the Preliminary Official Statement, dated December 1, 2011, (the "Preliminary Official Statement") and duly authorized

the distribution of the Official Statement dated December 7, 2011 (the "Official Statement").

3. The description and information in the Preliminary Official Statement and Official Statement set forth under the headings "INTRODUCTION" (except as to the extent as such description and information relates to the County and the Company), "THE RENEWABLE ENERGY PROGRAM", "DESCRIPTION OF THE SERIES 2011 BONDS (except as to "Book-Entry Only System")", "SECURITY FOR THE SERIES 2011 BONDS", "PLEDGE OF THE STATE NOT TO LIMIT POWER OF AUTHORITY OR RIGHTS OF BONDHOLDERS", "LEGALITY FOR INVESTMENT", "BANKRUPTCY - Municipal Bankruptcy", "APPROVAL OF LEGALITY", "TAX MATTERS" and "SECONDARY MARKET DISCLOSURE", and in "APPENDIX D - Form of Bond Resolution, Power Purchase Agreement, License and Access Agreement, Company Lease Agreement and County Guaranty Agreement", "APPENDIX E - Proposed Form of Approving Legal Opinion", and "APPENDIX F - Forms of Continuing Disclosure Agreements" is true and correct in all material respects.

4. Based solely upon our participation as Bond Counsel in the preparation of the Official Statement and without having undertaken to determine independently the accuracy, completeness or adequacy of the statements contained in the Official Statement (other than as to the information under the heading set forth in Paragraph 3 above), we have no reason to believe that, as of the date hereof, the information contained in the Official Statement (except for the financing and statistical data included therein, and the statements contained in the Official Statement under the captions "THE COMPANY", "DESCRIPTION OF THE SERIES 2011 BONDS-Book-Entry Only System", "SOURCES AND USES OF SERIES 2011A BONDS AND SERIES 2011B NOTE PROCEEDS", "BANKRUPTCY-Company Bankruptcy", "LITIGATION", "APPENDIX A - Certain Information Concerning the County", "APPENDIX B - Audited Financial Statements of the County" and "APPENDIX C - Certain Information Concerning the Company", as to which we express no view) contains any untrue statement of a material fact or omits to state a material fact required or necessary to be stated therein in order to make the statements made therein, in the light of the circumstances under which they were made, not misleading in any material respect.

5. The Bonds are exempt securities within the meaning of Section 3(a)(2) of the Securities Act of 1933, as amended, and Section 304(a)(4) of the Trust Indenture Act of 1939, as amended, and it is not necessary in connection with the sale of the Bonds to the public to register the Bonds under the Securities Act of 1933, as amended, or to qualify the Bond Resolution under the Trust Indenture Act of 1939, as amended.

6. All consents, approvals, permits or other actions by or filings with any governmental authority required for the execution by the Authority of the Purchase Agreement, and the delivery by the Authority of the Purchase Agreement, the Bond Resolution, the Bonds, the Disclosure Agreements, the Lease Agreement and for the performance by the Authority of the transactions contemplated thereby, have been duly obtained or made and are in full force and

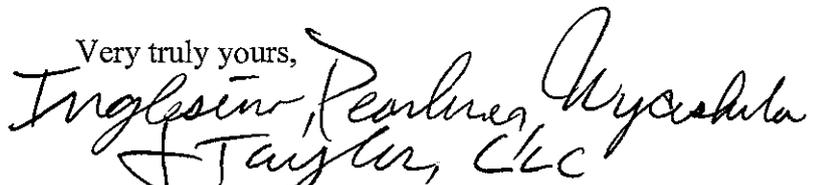

effect.

The above opinions are limited to and based upon the laws and judicial decisions of the State of New Jersey and the federal laws and judicial decisions of the United States of America as of the date hereof, and are subject to any amendment, repeal or other modification of the applicable laws or judicial decisions that served as the basis for our opinions or to any laws or judicial decisions hereafter enacted or rendered. We assume no obligation to update our opinions after the date hereof to reflect any future action, fact or circumstance, or change in law or interpretation, or otherwise. We express no opinion on the effect of any action taken after the date hereof or not taken in reliance upon an opinion of other counsel on the exclusion from gross income for federal income tax purposes of interest on the Bonds. No opinion is expressed regarding other federal tax consequences or other federal taxes arising with respect to the Bonds.

We note, in connection with the opinions expressed herein, that the enforceability of rights or remedies with respect to the Authority Bond Resolution, the Bonds, the Authority Financing Documents and the County Guaranty may be limited, however, by bankruptcy, insolvency, reorganization, moratorium or other laws affecting creditors' rights or remedies heretofore or hereafter enacted and that their enforcement may also be subject to the exercise of judicial discretion in appropriate cases. We express no opinion as to the availability of any particular remedy.

This opinion is being delivered to you at your request. Our engagement by you with respect to the opinions expressed herein does not require, and shall not be construed to constitute, a continuing obligation on our part to notify or otherwise inform you or the reliance parties hereof of the amendment, repeal or other modification of the applicable laws or judicial decisions that served as the basis for this opinion letter or of laws or judicial decisions hereafter enacted or rendered which impact on this opinion letter.

We have examined one of the Bonds as executed by the Authority and as authenticated by the Trustee, and, in our opinion, the form, execution and authentication of said Bonds are regular and proper.

Very truly yours,

\$985,000 The Morris County Improvement Authority  
County of Sussex Guaranteed Renewable Energy Program Lease Revenue  
Note, Series 2011B (Federally Taxable)**

Ladies and Gentlemen:

We have acted as general counsel to The Morris County Improvement Authority (the "*Authority*"), a public body corporate and politic of the State of New Jersey (the "*State*"), organized and existing under the county improvement authorities law, constituting Chapter 183 of the Pamphlet Laws of 1960 of the State and the acts amendatory thereof and supplemental thereto (the "*Act*"), in connection with the authorization, sale and issuance this day of its (i) \$26,715,000 aggregate principal amount of County of Sussex Guaranteed Renewable Energy Program Lease Revenue Bonds, Series 2011A (Federally Taxable) (the "Series 2011A Bonds") and (ii) \$985,000 aggregate principal amount of County of Sussex Guaranteed Renewable Energy Program Lease Revenue Note, Series 2011B (Federally Taxable) (the "Series 2011B Note" and together with the Series 2011A Bonds, the "Bonds").

The Series 2011 Bonds are issued pursuant to a bond resolution of the Authority adopted on September 28, 2011 and entitled "RESOLUTION AUTHORIZING THE ISSUANCE OF COUNTY OF SUSSEX GUARANTEED RENEWABLE ENERGY PROGRAM LEASE

REVENUE NOTES AND BONDS, SERIES 2011 AND ADDITIONAL BONDS OF THE MORRIS COUNTY IMPROVEMENT AUTHORITY”, as amended and supplemented by a Certificate of the Chairman of the Authority dated the date hereof executed and delivered in accordance with Section 2.02(1)(e) thereof, and as may be further amended or supplemented from time to time in accordance with the terms thereof (the “*Bond Resolution*”), the Act and all other applicable law. All capitalized terms which are used herein and are not defined herein shall have the meanings ascribed to such terms in the Bond Resolution.

The Series 2011A Bonds are being issued for the purpose of (i) funding the Projects for the Series 2011 Local Units as part of the Authority’s Renewable Energy Program, (ii) reimbursing or paying, as applicable, the Authority and the County for certain development costs of the Renewable Energy Program, (iii) paying certain fees and costs incurred by or for the Company (as hereinafter defined) in connection with the Renewable Energy Program and (iv) paying the various costs of issuing the Series 2011 Bonds. The Series 2011B Note is being issued for the purpose of paying capitalized interest on the Series 2011A Bonds on June 15, 2012 and December 15, 2012.

The Series 2011 Bonds are special and limited obligations of the Authority, payable as to principal, redemption premium, if any, and interest solely from and secured by the Authority’s pledge of the Trust Estate to the hereinafter defined Trustee in accordance with the terms of the Bond Resolution. The Trust Estate includes, without limitation, (i) the Revenues, (ii) payments made by the County of Sussex, New Jersey (the “*County*”) under the County Guaranty (as hereinafter defined), and (iii) the Funds and Accounts (except the Administrative Expense Account and the Costs of Issuance Account of the Administrative Fund and the County Security Fund) established under the Bond Resolution and held by the Trustee.

The Revenues include, without limitation, the Basic Lease Payments to be made by SunLight General Sussex Solar, LLC (the “*Company*” or the “*Lessee*”), a limited liability company created and in good standing under the laws of the State, and registered and authorized to transact business in the State, under that certain “Lease Purchase Agreement (Sussex County Renewable Energy Program, Series 2011)” dated as of December 1, 2011 (the “*Company Lease Agreement*”), by and between the Authority, as lessor, and the Company, as lessee. In conjunction with the Company Lease Agreement, the Authority has entered into that certain “Power Purchase Agreement (Sussex County Renewable Energy Program, Series 2011)” with the Company, dated as of December 1, 2011, (the “*Power Purchase Agreement*”) for the right and obligation to purchase from the Company electricity generated by the Renewable Energy Projects. The Authority has assigned certain of these rights and obligations to each of the Series 2011 Local Units pursuant to the terms of the respective “License and Access Agreement (Sussex County Renewable Energy Program, Series 2011)”, each dated as of December 1, 2011 (the “*Local Unit License Agreements*”), by and between each of the respective Series 2011 Local Units, as licensor, and the Authority, as licensee.

Simultaneously with the execution and delivery of the Company Lease Agreement, the Power Purchase Agreement, and the Local Unit License Agreements, (i) the Authority, the Trustee, and the Company have entered into that certain “Company Continuing Disclosure Agreement

(Sussex County Renewable Energy Program, Series 2011)” dated as of December 1, 2011 (the “*Company Continuing Disclosure Agreement*”) and (ii) the Authority, the County and the Trustee have entered into that certain “County Continuing Disclosure Agreement (Sussex County Renewable Energy Program, Series 2011)” dated as of December 1, 2011 (the “*County Continuing Disclosure Agreement*” and together with the Company Continuing Disclosure Agreement, the “*Continuing Disclosure Agreements*”).

The Company Lease Agreement, the Power Purchase Agreement, the Local Unit License Agreements, the County Guaranty Agreement (as defined herein) and the Continuing Disclosure Agreements shall be collectively referred to herein as the “*Authority Financing Documents*”.

Payment of the principal of (including mandatory sinking fund installments, if any) and interest on the Series 2011 Bonds, but not any redemption premium, shall be fully, unconditionally and irrevocably guaranteed in accordance with the terms of (i) a guaranty ordinance of the County finally adopted by the Board of Chosen Freeholders of the County on August 17, 2011, (ii) a guaranty certificate to be executed by an authorized officer of the County within each Series 2011 Bond, and (iii) a “County Guaranty Agreement (Sussex County Renewable Energy Program, Series 2011)” dated as of December 1, 2011 (as the same may be amended and supplemented from time to time in accordance with its terms, the “*County Guaranty Agreement*”) between the County and the Authority, as acknowledged by the Company, all pursuant to Section 37 of the Act (N.J.S.A. 40:37A-80) (collectively, the “*County Guaranty*”).

In our capacity as bond counsel, we have examined (i) the Constitution and statutes of the State, including the Act, (ii) the Bond Resolution, (iii) the Authority Financing Documents, (iv) the County Guaranty, (v) a specimen of the Series 2011A Bonds and (vi) a specimen of the Series 2011 B Note, and such other documents, records of the Authority and instruments as we have deemed necessary to enable us to express the opinions hereinafter set forth. As to matters of fact, we have relied upon the representations of the Authority and, where we have deemed appropriate, representations or other certifications of public officials and, to the extent that we have deemed such reliance proper, on certain representations, certifications of facts, and statements of reasonable expectations made by the Authority in connection with the Series 2011 Bonds. Further, in expressing such opinions, we have relied upon the genuineness, truthfulness and completeness of the resolutions, documents, records and instruments referred to above.

Based upon and subject to the foregoing, we are of the opinion that:

1. The Authority has been duly created and is validly existing under the Constitution and laws of the State of New Jersey (the “State”), including the Act, and has full power and authority to carry out and consummate all transactions contemplated by the Authority Financing Documents and the Authority Bond Resolution.
2. All action taken by the Authority in connection with the authorization, execution and delivery of each of the Authority Financing Documents, and the Official Statement, and in connection with the authorization and adoption of the Authority Bond Resolution have been in

compliance in all respects with the provisions of the State Constitution and applicable laws, including, *inter alia*, Chapter 231 of the Laws of the State of New Jersey, 1975, as amended, the New Jersey Open Public Meetings Law.

3. The adoption and the performance of the terms of the Authority Bond Resolution and the execution, delivery and performance by the Authority of the Authority Financing Documents and the Series 2011 Bonds will not violate any provision of any law of the State or any applicable judgment, order or regulation of any court or of any public or governmental agency or authority of the State having jurisdiction over the Authority and will not conflict with or result in any breach in any of the provisions of, or constitute a default under, any agreement or instrument to which the Authority is a party or by which it or any of its property is or may be bound, nor will such action result in violation of the by-laws of the Authority.

4. There is no controversy or litigation of any nature now pending or to our knowledge threatened, restraining or enjoining the authorization, issuance, sale, execution or delivery of the Series 2011 Bonds or the security pledged therefor or the authorization or adoption of the Authority Financing Documents or the Authority Bond Resolution, or in any way questioning or affecting the validity of the Series 2011 Bonds or the validity of the Authority Financing Documents or any proceedings of the Authority taken with respect to the authorization, issuance or sale thereof, or the pledge or application of any moneys or security provided for the payment of the Series 2011 Bonds, or in any way questioning or affecting the creation, organization, corporate existence or powers of the Authority, or the title of any of the present officers thereof to their respective titles. In addition, there is no controversy or litigation of any nature now pending or to our knowledge threatened that would materially adversely affect the financial position of the Authority or the enforceability of the Authority Financing Documents or the Authority Bond Resolution.

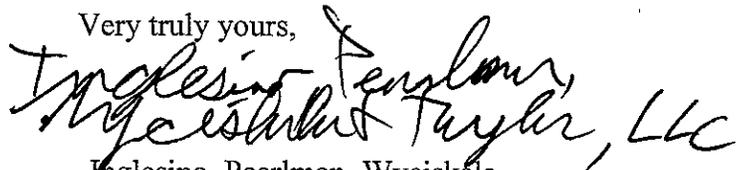

5. The information contained in the Official Statement under the headings "THE AUTHORITY" and "LITIGATION - The Authority" is true and correct and based upon our participation in the preparation of the Official Statement as Counsel to the Authority and without having undertaken to determine independently the accuracy, completeness or fairness of the statements contained in the Official Statement, except as set forth above, we have no reason to believe that the Official Statement (except for the financial statements and other financial and statistical data included therein, as to which no view is expressed) contained or contains any untrue statement of a material fact or omitted or omits to state a material fact required to be stated therein or necessary to make the statements therein, in light of the circumstances under which they were made, not misleading, except that we make no representation as to the initial public offering prices (or yields) of the Series 2011 Bonds on the inside front cover thereto or the information contained in the Official Statement under the headings "THE COMPANY", "DESCRIPTION OF THE SERIES 2011 BONDS – Book-Entry Only System," "DEBT SERVICE SCHEDULE," "BANKRUPTCY", "LITIGATION – The Company, - The Series 2011 Local Units, - The County," "TAX MATTERS", "APPENDIX A - Certain Information Concerning the County," "APPENDIX B – Audited Financial Statements of the County," "APPENDIX C – Certain Information Concerning the Company", and "APPENDIX E-Forms of Continuing Disclosure Agreements.

The above opinions are limited to and based upon the laws and judicial decisions of the State of New Jersey and the federal laws and judicial decisions of the United States of America as of the date hereof, and are subject to any amendment, repeal or other modification of the applicable laws or judicial decisions that served as the basis for our opinions or to any laws or judicial decisions hereafter enacted or rendered. We assume no obligation to update our opinions after the date hereof to reflect any future action, fact or circumstance, or change in law or interpretation, or otherwise. We express no opinion on the effect of any action taken after the date hereof or not taken in reliance upon an opinion of other counsel on the exclusion from gross income for federal income tax purposes of interest on the Series 2011 Bonds. No opinion is expressed regarding other federal tax consequences or other federal taxes arising with respect to the Series 2011 Bonds.

We note, in connection with the opinions expressed herein, that the enforceability of rights or remedies with respect to the Authority Bond Resolution, the Series 2011 Bonds, the Authority Financing Documents and the County Guaranty may be limited, however, by bankruptcy, insolvency, reorganization, moratorium or other laws affecting creditors' rights or remedies heretofore or hereafter enacted and that their enforcement may also be subject to the exercise of judicial discretion in appropriate cases. We express no opinion as to the availability of any particular remedy.

This opinion is being delivered to you at your request. Our engagement by you with respect to the opinions expressed herein does not require, and shall not be construed to constitute, a continuing obligation on our part to notify or otherwise inform you or the reliance parties hereof of the amendment, repeal or other modification of the applicable laws or judicial decisions that served as the basis for this opinion letter or of laws or judicial decisions hereafter enacted or rendered which impact on this opinion letter.

Dear Ladies and Gentlemen:

In my capacity as County Counsel to the County of Sussex, New Jersey (the "County"), I have reviewed certain documents and instruments relative to the issuance of (i) \$26,715,000 aggregate principal amount of County of Sussex Guaranteed Renewable Energy Program Lease Revenue Bonds, Series 2011A (Federally Taxable) (the "Series 2011A Bonds") and (ii) \$985,000 aggregate principal amount of County of Sussex Guaranteed Renewable Energy Program Lease Revenue Note, Series 2011B (Federally Taxable) (the "Series 2011B Note" and together with the Series 2011A Bonds, the "Bonds") by The Morris County Improvement Authority (the "Authority"). Capitalized terms used herein but not otherwise defined shall have the same meanings ascribed to them in the Bond Purchase Agreement dated December 7, 2011 ("Purchase Agreement") between the Underwriter set forth therein and the Authority and Company, and the letter of representation of the County dated December 7, 2011 (the "Letter of Representation").

Based on my examination of an ordinance entitled, "GUARANTY ORDINANCE OF THE COUNTY OF SUSSEX, NEW JERSEY SECURING THE MORRIS COUNTY

IMPROVEMENT AUTHORITY'S COUNTY OF SUSSEX GUARANTEED RENEWABLE ENERGY PROGRAM LEASE REVENUE BONDS (COUNTY OF SUSSEX PROGRAM), SERIES 2011 (FEDERALLY TAXABLE) IN AN AGGREGATE PRINCIPAL AMOUNT NOT TO EXCEED \$50,000,000" (the "Guaranty Ordinance"), evidenced by (i) the execution by the Director of the Board of Chosen Freeholders of the County of a certificate on the Bonds (the 'Guaranty Certificate") and (ii) the executed "County Guaranty Agreement (Sussex County Renewable Energy Program, Series 2011)" dated as of December 1, 2011 (as the same may be amended and supplemented from time to time in accordance with its terms, the "County Guaranty Agreement" and collectively with the Guaranty Certificate, the "County Guaranty"), the Preliminary Official Statement, the Official Statement of the Morris County Improvement Authority; and other records of the County as I have deemed necessary, I hereby render the opinion hereinafter set forth.

1. The County is a body corporate and politic of the State duly organized and existing under the laws of the State. The County has full legal right and power and is authorized to adopt, execute, enter into and perform its obligations under the Guaranty Ordinance, the County Guaranty, the County Disclosure Agreement and the Letter of Representation (collectively, the "County Documents") and all such documents have in all respects been duly and lawfully authorized, approved, executed, delivered and published, as applicable by the County as required by law. The County has the legal right to authorize the use of information related to the County in the Preliminary Official Statement and the Official Statement. The County has duly authorized all necessary action to be taken by it for the approval of the use of information related to the County in the Preliminary Official Statement and the Official Statement.

2. The final adoption, execution and performance of the County Documents does not and will not contravene any provision of existing law or regulation and, to the best of my knowledge after due inquiry, will not conflict with, or result in the breach of the terms, conditions or provisions of any agreement of the County, or constitute a default under or result in or permit the creation or imposition of any lien, change or encumbrance upon any of the properties of the County pursuant to any indenture, mortgage or other agreement or instrument to which the County is a party or by which its assets are bound.

3. Each of the County Documents is in full force and effect and constitutes a legal, valid and binding obligation of the County enforceable against the County in accordance with its terms, except as such enforceability may be limited by any applicable bankruptcy, moratorium or similar laws affecting creditors' rights generally ("Creditors' Rights Limitations"), and the obligation of the County to make payments under the County Guaranty is irrevocable, unconditional and a direct and general obligation of the County payable, unless paid by some other source, from the levy of ad valorem taxes upon all the taxable property within jurisdiction of the County without limitation as to the rate or amount.

4. The County Proceedings have not been modified, amended, superseded or rescinded and will remain in full force and effect so long as the Bonds remain outstanding.

5. All consents, approvals or authorizations of any governmental authority required on the part of the County in connection with the final adoption and execution of the County Proceedings and the execution and delivery of the County Documents have been duly obtained, and the County has complied with all applicable provisions of law requiring any designation, declaration, filing, registration and/or qualification with any governmental authority in connection with such adoption, execution and delivery.

6. The County is in compliance with all provisions of all constitutions, statutes, rules, regulations and orders and all governmental and nongovernmental bodies, all governmental approvals and all orders, judgments and decrees of all courts and arbitrators with respect to the performance of its obligations under, and the execution and delivery of the County Documents.

7. To the best of my knowledge after due inquiry, the County is not in violation of any provision of, or in default under any agreement or instrument which would materially and adversely affect the financial condition of the County.

8. Except as otherwise disclosed in the Official Statement, there is no action, suit, proceeding, inquiry or investigation at law or in equity or by or before any governmental instrumentality or other agency, pending or, to my knowledge, after due inquiry, now threatened against or affecting the County (or, to my knowledge any basis therefor), or to which the County is or may be a party or to which the property of the County is or may be subject; questioning or challenging the validity of any proceeding taken or to be taken by the County in connection with the final adoption of the County Proceedings or authorization, execution and delivery of the County Documents or seeking to prohibit, restrain or enjoin the authorization and final adoption of the County Proceedings, or the execution and delivery of the County Documents, or wherein an unfavorable decision, ruling or finding would adversely affect, financially or otherwise, (a) the existence or organization of the County or the title to office of any member of the Board of Chosen Freeholders of the County or any power of the County, (b) the validity or enforceability of the proceedings taken by the County for the authorization and final adoption of the County Proceedings, the execution and delivery of the County Documents or for the approval of the Official statement, or (c) the ability of the County to perform its obligations under the County Documents.

9. The County has duly authorized all necessary action to be taken by it for the use of the information related to the County in the Preliminary Official Statement and the Official Statement.

10. The information and descriptions in the Official Statement and Preliminary Official Statement set forth under headings "LITIGATION - The County" and APPENDIX A (except for financial and statistical data included therein as to which no opinion is

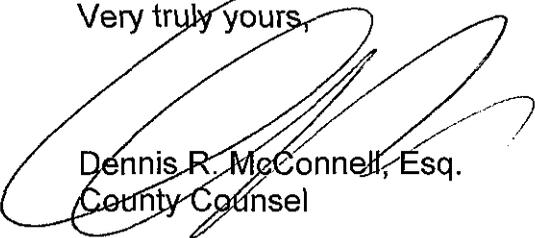

expressed) is accurate and fairly presents the information intended to be shown with respect thereto and does not contain any untrue statement of a material fact or omit to state any material fact required or necessary to be stated therein in order to make the statements made therein, in light of the circumstances under which they were made, not misleading, and without having undertaken to determine independently the accuracy, completeness or fairness of the statements contained in the Official Statement, except as set forth above, I have no reason to believe that information and descriptions set forth in the Preliminary Official Statement and Official Statement under the headings "SECURITY FOR THE SERIES 2011 BONDS - County Guaranty", and "SECONDARY MARKET DISCLOSURE" contained or contains any untrue statement of a material fact or omitted or omits to state a material fact required to be stated therein or necessary to make the statements therein, in light of the circumstances under which they were made, not misleading.

RBC Capital Markets, LLC Florham Park, New Jersey

The Morris County Improvement Authority Morristown, New Jersey

U.S. Bank National Association Morristown, New Jersey

SunLight General Sussex Solar, LLC New York, New York

Dear Ladies and Gentlemen:

In our capacity as Bond Counsel to the County of Sussex, New Jersey (the "County"), we have reviewed certain documents and instruments relative to the issuance of (i) \$26,715,000 aggregate principal amount of County of Sussex Guaranteed Renewable Energy Program Lease Revenue Bonds, Series 2011A (Federally Taxable) (the "Series 2011A Bonds") and (ii) \$985,000 aggregate principal amount of County of Sussex Guaranteed Renewable Energy Program Lease Revenue Note, Series 2011B (Federally Taxable) (the "Series 2011B Note" and together with the Series 2011A Bonds, the "Bonds") by The Morris County Improvement Authority (the "Authority"). Capitalized terms used herein but not otherwise defined shall have the same meanings ascribed to them in the Bond Purchase Agreement dated December 7, 2011 ("Purchase Agreement") between the Underwriter and Company set forth therein, and the Authority, and the letter of representation of the County dated December 7, 2011 (the "Letter of Representation").

Based on our examination of an ordinance entitled, "GUARANTY ORDINANCE OF THE COUNTY OF SUSSEX, NEW JERSEY SECURING THE MORRIS COUNTY IMPROVEMENT AUTHORITY'S COUNTY OF SUSSEX GUARANTEED RENEWABLE ENERGY PROGRAM LEASE

REVENUE BONDS (COUNTY OF SUSSEX PROGRAM), SERIES 2011 (FEDERALLY TAXABLE) IN AN AGGREGATE PRINCIPAL AMOUNT NOT TO EXCEED \$50,000,000" (the "Guaranty Ordinance"), evidenced by (i) the execution by the Director of the Board of Chosen Freeholders of the County of a certificate on the Bonds (the "Guaranty Certificate") and (ii) the executed "County Guaranty Agreement (Sussex County Renewable Energy Program, Series 2011)" dated as of December 1, 2011 (as the same may be amended and supplemented from time to time in accordance with its terms, the "County Guaranty Agreement" and collectively with the Guaranty Certificate, the "County Guaranty"), the Preliminary Official Statement, the Official Statement of the Morris County Improvement Authority; and other records of the County as we have deemed necessary, we hereby render the opinion hereinafter set forth.

1. The County is a body corporate and politic of the State duly organized and existing under the laws of the State. The County has full legal right and power and is authorized to adopt, execute, enter into and perform its obligations under the Guaranty Ordinance, the County Guaranty, the County Disclosure Agreement and the Letter of Representation (collectively, the "County Documents") and all such documents have in all respects been duly and lawfully authorized, approved, executed, delivered and published, as applicable by the County as required by law. The County has the legal right to authorize the use of information related to the County in the Preliminary Official Statement and the Official Statement. The County has duly authorized all necessary action to be taken by it for the approval of the use of information related to the County in the Preliminary Official Statement and the Official Statement.

2. The final adoption, execution and performance of the County Documents does not and will not contravene any provision of existing law or regulation and, to the best of my knowledge after due inquiry, will not conflict with, or result in the breach of the terms, conditions or provisions of any agreement of the County, or constitute a default under or result in or permit the creation or imposition of any lien, change or encumbrance upon any of the properties of the County pursuant to any indenture, mortgage or other agreement or instrument to which the County is a party or by which its assets are bound.

3. Each of the County Documents is in full force and effect and constitutes a legal, valid and binding obligation of the County enforceable against the County in accordance with its terms, except as such enforceability may be limited by any applicable bankruptcy, moratorium or similar laws affecting creditors' rights generally ("Creditors' Rights Limitations"). For the payment of its obligations under the County Guaranty, the County has the power and is fully, unconditionally and irrevocably obligated, to the extent that funds are not otherwise available, to levy ad valorem taxes upon all taxable property within the County, to pay principal of (including sinking fund installments, if any, but not redemption premium, on the Bonds, as applicable) without limitation as to rate or amount

4. The County Proceedings have not been modified, amended, superseded or rescinded and will remain in full force and effect so long as the Bonds remain outstanding.

5. All consents, approvals or authorizations of any governmental authority required on the part of the County in connection with the final adoption and execution of the County Proceedings and the execution and delivery of the County Documents have been duly obtained, and the County has complied with all applicable provisions of law requiring any designation, declaration, filing,

registration and/or qualification with any governmental authority in connection with such adoption, execution and delivery.

6. The County is in compliance with all provisions of all constitutions, statutes, rules, regulations and orders and all governmental and nongovernmental bodies, all governmental approvals and all orders, judgments and decrees of all courts and arbitrators with respect to the performance of its obligations under, and the execution and delivery of the County Documents.

7. To the best of our knowledge after due inquiry, the County is not in violation of any provision of, or in default under any agreement or instrument which would materially and adversely affect the financial condition of the County.

8. Except as otherwise disclosed in the Official Statement, there is no action, suit, proceeding, inquiry or investigation at law or in equity or by or before any governmental instrumentality or other agency, pending or, to my knowledge, after due inquiry, now threatened against or affecting the County (or, to our knowledge any basis therefor), or to which the County is or may be a party or to which the property of the County is or may be subject; questioning or challenging the validity of any proceeding taken or to be taken by the County in connection with the final adoption of the County Proceedings or authorization, execution and delivery of the County Documents or seeking to prohibit, restrain or enjoin the authorization and final adoption of the County Proceedings, or the execution and delivery of the County Documents, or wherein an unfavorable decision, ruling or finding would adversely affect, financially or otherwise, (a) the existence or organization of the County or the title to office of any member of the Board of Chosen Freeholders of the County or any power of the County, (b) the validity or enforceability of the proceedings taken by the County for the authorization and final adoption of the County Proceedings, the execution and delivery of the County Documents or for the approval of the Official statement, or (c) the ability of the County to perform its obligations under the County Documents.

9. The County has duly authorized all necessary action to be taken by it for the use of the information related to the County in the Preliminary Official Statement and the Official Statement.

10. The description and information in the Preliminary Official Statement and the Official Statement set forth under the heading "SECURITY FOR THE SERIES 2011 BONDS – County Guaranty" is true and correct in all material respects.

11. The information and descriptions in the Official Statement and Preliminary Official Statement set forth under headings "LITIGATION - The County" and APPENDIX A (except for financial and statistical data included therein as to which no opinion is expressed) is accurate and fairly presents the information intended to be shown with respect thereto and does not contain any untrue statement of a material fact or omit to state any material fact required or necessary to be stated therein in order to make the statements made therein, in light of the circumstances under which they were made, not misleading, and without having undertaken to determine independently the accuracy, completeness or fairness of the statements contained in the Official Statement, except as set forth above, we have no reason to believe that information and descriptions set forth in the Preliminary Official Statement and Official Statement under the heading "SECONDARY MARKET DISCLOSURE" contained or contains any untrue statement of a material fact or omitted or omits to

state a material fact required to be stated therein or necessary to make the statements therein, in light of the circumstances under which they were made, not misleading.

12. All actions taken by the County in connection with the authorization of the County Disclosure Agreement and authorization and final adoption of the Guaranty Ordinance have been in compliance in all respects with the provisions of the State Constitution and applicable laws, including, inter alia, Chapter 231 of the Laws of the State of 1975, as amended, the New Jersey Open Public Meetings Act.

13. The resolution entitled "RESOLUTION PROVIDING SUSSEX COUNTY'S CONSENT TO THE ISSUANCE BY THE MORRIS COUNTY IMPROVEMENT AUTHORITY OF THE AUTHORITY'S COUNTY OF SUSSEX GUARANTEED RENEWABLE ENERGY PROGRAM LEASE REVENUE BONDS, SERIES 2011 (FEDERALLY TAXABLE) IN AN AGGREGATE PRINCIPAL AMOUNT NOT TO EXCEED \$50,000,000 AND RELATED DOCUMENTS" and the Guaranty Ordinance have each been duly and lawfully adopted by the County and are in full force and effect, and the covenants of the County therein are valid and binding obligations of the County enforceable in accordance with their terms.

This opinion only may be relied upon by the parties to whom it is addressed. Reliance hereon by any other person requires my written consent.

Very truly yours,

Ladies and Gentlemen:

As counsel for Sunlight General Sussex Solar, LLC (the "Company"), a New Jersey limited liability company, and Sunlight General Sussex Holdings, LLC ("Holdco"), a New Jersey limited liability company and the sole member of the Company, we are delivering this opinion to you in connection with the issuance by The Morris County Improvement Authority (the "Authority") of its \$27,700,000 aggregate principal amount of County of Sussex Guaranteed Renewable Energy Program Lease Revenue Bonds, Series 2011 [Federally Taxable] (the "Bonds") pursuant to a "Resolution Authorizing the Issuance of County of Sussex Guaranteed Renewable Energy Program Lease Revenue Notes and Bonds, Series 2011 and Additional Bonds of The Morris County Improvement Authority" adopted by the Authority on September 28, 2011, as amended and supplemented by a Certificate of an Authorized Officer of the Authority executed in connection with the issuance of the Bonds (as so amended, the "Bond Resolution"). Capitalized terms not otherwise defined in this opinion shall have the meaning set forth in the Bond Resolution. The proceeds of the Bonds will be applied pursuant to a "Lease Purchase Agreement (Sussex County Renewable Energy Program, Series 2011)" dated as of December 1, 2011 (the "Company Lease Agreement") between the Authority and the Company to finance a portion of the cost of the design, permitting, acquisition, construction and installation of Renewable Energy Projects located at Local Unit Facilities of fourteen different Series 2011 Local Units pursuant to fourteen separate "License and Access Agreements (Sussex County Renewable Energy Program, Series 2011)" dated as of December 1, 2011 (the "Local Unit License Agreements") between the Authority and each Series 2011 Local Unit, and acknowledged and accepted by the Company. Pursuant to the Company Lease Agreement, the Company has agreed to make Basic Lease Payments to U.S. Bank National Association, as trustee (the "Trustee") in amounts that will pay principal of and interest (other than capitalized interest) on the Bonds and the Company has agreed to construct, operate and maintain the Renewable Energy Projects. Certain rights and obligations of the Authority under the Local Unit License Agreements have been assigned by the Authority to, and assumed by, the Company under the Company Lease Agreement. Pursuant to a "Power Purchase Agreement (Sussex County Renewable Energy Program, Series 2011)" dated as of December 1, 2011 (the "Power Purchase Agreement") between the Authority and the Company, and the Local Unit License

Agreements, the Company will sell the electrical power generated by the Renewable Energy Projects to the Series 2011 Local Units for a specified Power Purchase Price. In connection with the sale of the Bonds, the Authority and RBC Capital Markets, LLC (the "Underwriter") entered into a Bond Purchase Agreement dated December 7, 2011 (the "Bond Purchase Agreement"), which was acknowledged and accepted by the Company solely with respect to the maturity schedule and pricing information set forth on Exhibit A thereto. In order to secure certain of the Company's obligations to the Authority, Holdco, as sole member of the Company, has pledged its interest in the Company to the Trustee pursuant to a "Pledge and Security Agreement (Sussex County Renewable Energy Program, Series 2011)" dated as of December 1, 2011 (the "Pledge Agreement") by Holdco, in favor of the Trustee.

At a closing held today, the Company has executed and delivered to the Authority the Financing Documents, as hereinafter defined, and Holdco has executed and delivered to the Trustee the Pledge Agreement, and the Company and Holdco have each executed and delivered such additional documents as are required by the Bond Resolution or the Bond Purchase Agreement (collectively, the Company Lease Agreement, the Power Purchase Agreement, the "Company Continuing Disclosure Agreement (Sussex County Renewable Energy Program, Series 2011)" dated as of December 1, 2011, among the Company, the Authority and the Trustee (the "Company Continuing Disclosure Agreement"), those Local Unit License Agreements acknowledged and accepted by the Company pursuant to the Company Lease Agreement, the Bond Purchase Agreement, the Letter of Representations of the Company to the Underwriter dated December 14, 2011 (the "Letter of Representations"), and such other documents required to be entered into pursuant to any of such agreements, the "Financing Documents").

We have examined and relied upon the provisions of an executed copy of each of the following documents:

1. the Company Lease Agreement;
2. the Power Purchase Agreement;
3. the Pledge Agreement;
4. the Company Continuing Disclosure Agreement;
5. the Local Unit License Agreements;
6. the Bond Purchase Agreement;

7. the Letter of Representations and a bring down certificate relating thereto dated December 14, 2011;
8. the Company's General Certificate dated December 14, 2011 regarding certain matters, including without limitation a Certificate of Unanimous Consent of the Sole Member of the Company, dated December 14, 2011, certifying as to certain matters, including authorizing the Company to enter into the Financing Documents, and certain other factual matters (the "Company Certificate");
9. a certificate of Good Standing of the State of New Jersey dated December 8, 2011 (the "Company Good Standing Certificate") and a Business Registration Certificate of the State of New Jersey dated effective as of December 1, 2011 and issued on December 1, 2011 (the "Company Business Registration Certificate"), together with the Company Certificate of Formation filed with the State of New Jersey on November 15, 2011 and Limited Liability Company Agreement dated November 15, 2011 (collectively, with the Company Good Standing Certificate and the Company Business Registration Certificate, the "Company Organizing Documents") attesting to the existence and good standing in New Jersey of the Company;
10. Holdco's General Certificate dated December 14, 2011 regarding certain matters, including without limitation a Certificate of Unanimous Consent of the Sole Member of Holdco, dated December 14, 2011, certifying as to certain matters, including authorizing Holdco to enter into the Pledge Agreement, and certain other factual matters (the "Holdco Certificate");
11. a Certificate of Good Standing of the State of New Jersey dated December 8, 2011 (the "Holdco Good Standing Certificate") and a Business Registration Certificate of the State of New Jersey dated effective as of December 1, 2011 and issued on December 1, 2011 (the "Holdco Business Registration Certificate"), together with Holdco's Certificate of Formation filed with the State of New Jersey on November 15, 2011 and Limited Liability Company Agreement dated November 15, 2011 (collectively, with the Holdco Good Standing Certificate and the Holdco Business Registration Certificate, the "Holdco Organizing Documents") attesting to the existence and good standing in New Jersey of Holdco; and
12. such other documents, records, certificates and instruments as we have deemed necessary as a basis for the opinions expressed below.

In addition, we have examined such other documents and made such investigation of fact and such examination of law as we have deemed necessary for the purposes of the opinions

expressed below. In conducting our examination, we have relied, without independent verification, upon certificates of authorized signatories or officers of the Company and Holdco, public officials, and other appropriate persons, and on the representations and warranties as to matters of fact and on the covenants as to the application of proceeds contained in the Financing Documents and the Pledge Agreement. We further have relied, with your permission, as to matters of fact, including the matters of fact set forth herein, upon representations contained in the Financing Documents and the Pledge Agreement and in certificates, copies of which have been furnished to you, including the Company Certificate and the Holdco Certificate.

For purposes of the opinions expressed below, we have assumed that each of the parties (other than the Company and Holdco) to the documents referred to herein has all requisite power and authority and has taken all necessary corporate or other action, consistent with all applicable laws and regulations, to execute and deliver such documents and, in the case of the Authority, to issue the Bonds and apply the proceeds thereof as set forth in the Bond Resolution and the Company Lease Agreement, and to effect the transactions contemplated by the documents referred to herein.

Wherever, a statement herein is qualified by "known to us", "to our knowledge", or any similar phrase, it is intended to be limited to the actual knowledge of the lawyers in this firm who have had active involvement in negotiating or preparing the Financing Documents and the Pledge Agreement. Except as otherwise expressly indicated, we have not undertaken any independent investigation to determine the accuracy of any such statement, and any limited inquiry undertaken by us during preparation of this opinion letter should not be regarded as such an investigation.

The opinions expressed herein are limited to matters governed by the laws of the State of New Jersey and the federal laws of the United States of America. We express no opinion herein as to the laws of any other jurisdiction.

Based upon and subject to the foregoing and subject to the additional qualifications set forth below, we are of the opinion that:

1. The Company and Holdco are each a validly existing limited liability company under the laws of the State of New Jersey with authority under applicable law adequate for the execution, delivery and performance of its respective obligations under the Financing Documents or the Pledge Agreement, respectively.
2. Each of the Financing Documents has been duly authorized, executed and delivered by or on behalf of the Company, and the Pledge Agreement has been duly authorized, executed and delivered by or on behalf of Holdco and, assuming the proper authorization,

execution and delivery by the other parties thereto, and subject to the qualifications stated in the unnumbered paragraphs at the end hereof, is a legal, valid and binding obligation of the Company or Holdco, as applicable, enforceable against the Company or Holdco, as applicable, in accordance with its terms. The opinions expressed above are subject to the qualification that enforcement of the indemnification and contribution provisions of the Financing Documents or the Pledge Agreement may be limited by federal or state securities laws or by the public policy underlying such laws, and that we express no opinion regarding the enforceability of the limitation of jurisdiction to the New Jersey state courts.

3. The execution and delivery by the Company of the Financing Documents and the performance by the Company of its obligations thereunder, and the execution and delivery by Holdco of the Pledge Agreement and the performance by Holdco of its obligations thereunder do not and will not in any material respect (a) violate any provision of the Company Organizing Documents or the Holdco Organizing Documents, as applicable, (b) violate any provision of any federal or New Jersey law, statute, or regulation or, to our knowledge, based solely upon the Company Certificate and the Holdco Certificate, court order or consent decree to which the Company or Holdco is subject, or (c) to our knowledge, based solely upon the Company Certificate and the Holdco Certificate, result in any material breach or violation of, or constitute a default under, any material agreement to which the Company or Holdco is a party.
4. To our knowledge, based solely on the Company Certificate and the Holdco Certificate, without having investigated any governmental records or court dockets, there is no governmental action or proceeding and no litigation, action, suit, inquiry, investigation or proceeding pending before any judicial or administrative court or agency against the Company or Holdco, in which an unfavorable decision, ruling or 'finding' would adversely affect the validity or performance of the Financing Documents or the Pledge Agreement.

Our opinions that each of the Financing Documents delivered to you today is the legal, valid and binding obligation of the Company, and that the Pledge Agreement delivered to the Trustee today is the legal, valid and binding obligation of Holdco, enforceable in accordance with its terms, are subject to (a) bankruptcy, insolvency, reorganization, moratorium, and other laws of general application relating to or affecting the enforcement of creditors' rights generally, (b) equitable principles, and (c) laws concerning recourse by creditors to security in the absence of notice and hearing. We express no opinion as to the recording or filing of the Financing Documents or the Pledge Agreement. Our opinion is further subject to the qualification that certain provisions of and some of the remedies provided for in, the Financing Documents or the

Pledge Agreement may be affected by, or may be unenforceable in whole or in part by reason of, certain laws and judicial decisions, (including without limitation the grant of powers of attorney thereunder), but the application of such laws and decisions would not materially interfere with the remedy of the practical realization of the benefits of the security intended to be provided by certain of the Financing Documents or the Pledge Agreement. We do not express any opinion herein as to the availability of the remedy of specific performance or injunctive relief or other relief in equity upon breach of any of the agreements, documents, or obligations referred to herein.

#### Moody's Outlook NEG

#### Opinion

NEW YORK, November 28, 2011 –Moody's Investors Service has assigned a Aa2 rating to Morris County Improvement Authority's (NJ) \$25.9 million Sussex County Guaranteed Renewable Energy Program Lease Revenue Bonds, Series 2011A. Concurrently, Moody's has affirmed the Aa2 rating on approximately \$159 million of the county's outstanding parity debt, including \$67 million of county-guaranteed Sussex County Utilities Authority debt. All of the bonds are secured by the county's general obligation, unlimited tax pledge. Proceeds of the current issue will be used to permanently finance the installation of solar panels on municipal and school buildings within the county.

#### SUMMARY RATINGS RATIONALE

The Aa2 rating reflects the county's pressured, yet adequate financial position, large tax base with slightly above average wealth levels and low debt burden.

Assignment of the negative outlook reflects our expectation that financial operations will remain structurally imbalanced and Current Fund balance will become more narrow.

#### STRENGTHS

- Sizable tax base
- Stable local economy

#### CHALLENGES

- Structurally imbalanced financial operations
- Revenue raising limitations

#### DETAILED CREDIT DISCUSSION

##### MORRIS COUNTY IMPROVEMENT AUTHORITY CONDUIT ISSUER FOR SUSSEX COUNTY

The Morris County Improvement Authority (MCIA) is a conduit issuer for Sussex County in this case and has no individual taxing authority. This rating is directly linked to Sussex County's general obligation bond rating, as its general obligation pledge ultimately secures this transaction. Bonds are expected to be repaid by lease payments from Sunlight General Solar (the Company). The lease payments will consist of proceeds from Solar Renewable Energy Credits (SRECs), Power Purchase Payments from the municipalities and school districts, and grant funds from the Treasury Department Grant Program. The Company has agreed to make full lease payments on an ongoing basis; these payments will begin upon completed installation of all panels at each locality (13 municipalities and school districts). The lease payments are due five months before debt service payment dates, pursuant to the Company Lease Agreement.

Moody's believes Guaranty mechanics provide sufficient time cushion and security to ensure timely payments to bondholders, either by utilizing cash on hand or accessing the capital markets if the need arises. Under the terms of the County Guaranty Agreement, the county will be notified 30 days prior to debt service payment due dates in the event that pledged funds held by the Trustee are insufficient to cover bond holder payments, and the Trustee will continue to notify the county on a weekly basis. Pursuant to the Guaranty Agreement, the county's obligation to fund deficiencies is absolute and unconditional, and is backed by its unlimited property tax pledge.

Assignment of the county's GO rating also factors in the county's ability to absorb debt service payments (MADS of \$2.9 million in 2013) should

the guaranty be called upon. The county maintains sufficient reserves and liquidity, with \$11.7 million of Current Fund balance and \$20.2 million of cash and available investments (fiscal 2010), to honor the guaranty. The presence of a County Security Fund (debt service reserve fund) cash funded at \$1.5 million provides additional security.

#### FINANCIAL POSITION EXPECTED TO NARROW FURTHER

Moody's expects the county's financial position to narrow, given expected draws from reserves following two consecutive years of material declines. In fiscal 2009, Current Fund balance declined for the first time in more than seven years. Fund balance decreased by \$2.2 million to a still healthy \$15.8 million (or 14.4% of Current Fund revenues). In fiscal 2010, underperformance of economically sensitive revenues drove an additional, and more substantial, Current Fund balance reduction. Fund balance declined by \$4.1 million to approximately \$11.7 million (a more narrow 11% of Current Fund revenues). Net of a deferred charge of \$2.3 million related to the payroll fraud in 2009, Current Fund balance was a slimmer 8.8% of revenues. These reserve levels fall below the county's five-year average of 14.8% between fiscal 2004 and 2008.

Projected results for fiscal 2011 indicate continued structurally imbalanced, although improved, financial operations. Reports project a third consecutive reserve draw of approximately \$2 million, reducing fund balance to \$10 million or approximately 9% of pro forma current Fund revenues. Although work force reductions and service changes have reduced the county's financial structural gap to a projected \$2 million from \$4.1 million in 2009 (the amount of fund balance draws), financial operations remain pressured given growing expenditures (notably salaries and health benefits) and stagnant economically sensitive revenues. The county's revenues are derived primarily from property taxes (70% of operating revenues in fiscal 2010, fully guaranteed by the underlying municipalities, with miscellaneous revenues comprising the majority of the balance (26.6%).

The county annually budgets funds to supplement revenues of the Sussex County Municipal Utilities Authority (MUA) for solid waste. In fiscal 2011, the state cut aid for solid waste debt service entirely. The state had provided \$3 million in fiscal 2010 and \$2.1 million in fiscal 2009. In order to avoid an unanticipated payment by the county to the MUA to subsidize revenues as required by a service agreement, the MUA drew down landfill closure reserves. In fiscal 2012, the MUA expects that increased revenues from an expected rate increase and mandatory flow diversion will prevent future calls on the county's service agreement.

Notably, in May 2009 the county was the victim of fraud when its payroll paying agent stole approximately \$2.5 million, equal to the amount owed in federal and state taxes on behalf of county employees. The county has since addressed this fraud by negotiating down the federal tax liability with the IRS to \$790,000. It has also paid \$500,000 of the liability and funded a reserve of \$1.6 million with bond proceeds, which will fund the remaining liability of \$1.5 million.

#### SUBSTANTIAL RESIDENTIAL TAX BASE IN NORTHWESTERN NEW JERSEY

Moody's expects the county's substantial \$19 billion tax base to remain stable given offsetting forces of a softening of the regional residential real estate market and modest development. The county's trend of strong equalized valuation growth reversed in 2009 when equalized values declined by 3.2%, primarily reflecting market value depreciation. In 2011, equalized values declined for a third consecutive year - by 4.5%. Despite market value declines, assessed valuation continued to grow as a result of new residential and commercial construction. Management expects growth to continue as New Jersey's revised economic development plan may relax limitations put on the county from the state's Highlands Preservation Act. Two sizable resort developments, Mountain Creek in Vernon (GO rated Aa3) and Crystal Springs in Hardyston (GO rated Aa2/stable outlook), both along the Route 94 corridor, are in various stages of completion. Mountain Creek, acquired by the Fortress Investment Group in 2006 for a reported \$2.8 billion, is expected to consist of 1,700 condominiums, two conference centers, and 100,000 square feet of retail built around an existing ski slope, with full project build-out expected over the next 15 years.

Located in northwestern New Jersey (GO rated Aa3/stable outlook), the primarily residential (83% of assessed valuation) Sussex County benefits from its proximity to employment centers in neighboring Morris County, NJ (GO rated Aaa/negative outlook) and in New York City (GO rated Aa2/stable outlook) 60 miles east. Unemployment rates in the county are typically below those for the state and nation. As of the most recent available data (September 2011), the county's unemployment rate was 8.1%, as compared with 8.8% unemployment statewide and 8.9% nationwide. Management indicates that ThorLabs, a laser manufacturer, is expanding its operations in Newton (GO rated A1), providing approximately 300 new high-end jobs to the county. In addition, the poverty level in Sussex County is less than one-half of the state's rate, which may reflect a smaller population living on a fixed income, as 9% of residents are aged 65 and older compared with 13% throughout the state. Income indicators approximate state medians and equalized value per capita, a measure of property wealth, is an above average \$128,522 (170% of the U.S., although 98% of the state median).

#### AVERAGE DEBT BURDEN EXPECTED TO DECLINE; RAPID AMORTIZATION

The county's average direct debt burden (0.7% of equalized valuation) is expected to decline given a adopted debt policy that limits new debt issuance to between \$6 million and \$7 million annually, and rapid amortization of principal. In fiscal 2010, debt service comprised a high 13% of total operating expenditures, reflecting the county's rapid amortization schedule (96.2% retired in 10 years). The county's capital program follows its debt policy, identifying \$6 million to \$7 million of annual capital borrowing needs.

#### OUTLOOK

The negative outlook reflects the county's narrowed reserve levels and likelihood that it will remain challenged to restore financial flexibility, given continued structural imbalance to financial operations and limited revenue raising ability. Given the county's dependence on property tax revenues, slowed growth in equalized valuation may also contribute to future budgetary pressure.

- (A) use and enjoyment of the Renewable Energy Projects;
- (B) sale of the renewable energy produced therefrom under the Power Purchase Agreement to the respective Series 2011 Local Units under the respective Local Unit License Agreements; or
- (C) SRECs.

### ARTICLE IV

#### LEASE OF LEASED PROPERTY; TERM OF COMPANY LEASE AGREEMENT

##### SECTION 401. Lease of Leased Property.

(a) The Lessor hereby agrees to (i) finance its share of the Renewable Energy Projects and the Capital Improvement Projects, if any, for the Series 2011 Local Units, through the issuance of the Series 2011 Bonds, the balance of which shall be financed by or on behalf of the Lessee through the Equity Contribution, and (ii) enter into the Local Unit License Agreements with the Series 2011 Local Units, thereby giving the Lessor nominal ownership of the Renewable Energy Projects, and providing the Company with a license and access to the Local Unit Facilities for the Series 2011 Local Units.

(b) The Lessee hereby agrees to (i) design, permit, acquire, construct, install, operate and maintain the Renewable Energy Projects as described on Exhibit A-1 hereof and (ii) design, permit, acquire, construct, renovate, and install the Capital Improvement Projects, if any, as described on Exhibit A-2 hereof, all for the Series 2011 Local Units.

(c) Upon the acquisition of title to the Leased Property from the Contractor (the timing of which does not adversely affect the Lessee's obligations hereunder, including the obligations to make Lease Payments), the Lessor hereby agrees to lease to the Lessee, except for the Reserved Rights, all of its right, title and interest in and to the Leased Property for the duration of the Lease Term hereof, and to grant to the Lessee an option to purchase the Leased Property as set forth in Article VII hereof. The Lessee hereby agrees to take and lease from the Lessor, other than the Reserved Rights, all of the Lessor's right, title and interest in and to the Leased Property on the terms and conditions set forth in this Company Lease Agreement, including, without limitation, all of the Lessee's duties and obligations under the Program Documents. The lease of the Leased Property from the Lessor to the Lessee is also intended to convey to the Lessee any product of the Leased Property, including any right, title and interest of the Lessor in and to the SRECs and the right to electricity generated from the Renewable Energy Projects for the Series 2011 Local Units at their respective Local Unit Facilities, subject to the terms and conditions of the Program Documents. The Lessor hereby acknowledges the Lessee's intent to exercise such option to purchase the Leased Property during or upon the termination of the Lease Term.

(d) It is an express purpose of this Company Lease Agreement that the benefits and burdens of owning the Leased Property being conveyed by the Lessor to the Lessee pursuant to this Company Lease Agreement be such that the Lessee shall be deemed to be the owner of the Leased Property for purposes of the Code. Accordingly, Lessor and Lessee agree and acknowledge that, for federal income tax purposes: (i) Lessee will treat the use of Series 2011 Bond proceeds to purchase, construct and install the Renewable Energy Projects as construction loan advances of Series 2011 Bond proceeds to Lessee by Authority; (ii) Lessee will treat all payments (or credits against such payments) made under this Company Lease Agreement

100016345-1

- 47 -

as payments of interest and principal to the Authority with respect to such construction loan, with an allocation of principal and interest based upon the Authority's related principal and interest payments on the Series 2011 Bonds; and (iii) Lessee will report all payments made by the Series 2011 Local Units under the Power Purchase Agreements as revenues earned by Lessee. Notwithstanding the foregoing, for State law purposes, Lessor and Lessee agree that under the Program Document structure, any benefit to the Company shall be deemed incidental, the primary purpose of the Renewable Energy Program being to provide the Series 2011 Local Units with electricity at multi-year locked in rates to the greatest extent practicable below tariff, which goal has been effectively realized through the financing structure contemplated by the Program Documents.

##### SECTION 402. Lease Term.

(a) This Company Lease Agreement shall be and remain in effect with respect to the Leased Property (the "Lease Term") commencing on the date of authorization, execution, authentication and delivery of the Series 2011 Bonds that shall finance, among other things, the Renewable Energy Project component of the Leased Property, and continuing until terminated as provided for in this Section 402. The Term of this Company Lease Agreement shall terminate upon the occurrence of the first of the following of events:

(i) The exercise by the Lessee of its option or its requirement to purchase the Lessor's entire interest in the Leased Property pursuant to Article VII hereof;

(ii) The occurrence and continuation of an Event of Default hereunder by the Lessee and the Lessor's election to exercise remedies under this Company Lease Agreement pursuant to Section 1002 hereof;

(iii) Subject to an extension of this Company Lease Agreement in accordance with clause (iv) below, which provisions shall control even if the other requirements of this clause (iii) have been satisfied, the occurrence of all of the following: (A) the payment by the Lessee of all Lease Payments, which requirement as to Basic Lease Payments (unless sooner terminated or extended in accordance with the provisions hereof) shall be fully satisfied on December 15, 2027 (unless extended by an amendment hereto resulting from the issuance of Additional Bonds); (B) the Bonds, including the Series 2011 Bonds, shall no longer be Outstanding under the Bond Resolution, and if the provisions of Section 703(b) are applicable, and (C) on the date specified in the Certificate of Authorized Officer of the Lessee required by Section 703(b)(iii); or

(iv) The expiration date of any extension to the initial term of this Company Lease Agreement, which initial term would be determined by clauses (i), (ii), and (iii) above, as such extension date shall be set forth in any amendment of this Company Lease Agreement (in accordance with the

100016345-1

- 48 -

amendment provisions of Section 1103 hereof), to the extent permitted under then applicable law.

(b) Notwithstanding the foregoing, this Company Lease Agreement shall be in effect until all the obligations created hereunder have been fulfilled.

(c) Notwithstanding the foregoing, any termination by reason of clause (a)(ii) above shall not alter or terminate the Lessee's unconditional payment obligations hereunder, including Sections 502 and 509 hereof.

#### SECTION 403. Net Lease.

(a) The Lessee intends for the Lease Payments to be net to the Lessor. The obligation of the Lessee to pay Lease Payments shall be absolute and unconditional and shall in no way be released, discharged or otherwise affected for any reason, including, without limitation, (i) any defect in the condition, quality or fitness for use of, or title to, any Project or (ii) any damage to or abandonment, destruction, requisition or taking of any portion of any Project.

(b) The Lessee shall comply with and pay all (i) local, state and federal taxes incurred with respect to the design, permitting, acquisition, construction, renovation, installation, operation, maintenance, ownership, possession or use of any Renewable Energy Project or the design, permitting, acquisition, construction, renovation or installation of any Capital Improvement Projects, including, without limitation, income, franchise, gross receipts, sales, use, documentary stamp, excise and real and personal property taxes, (ii) payments in lieu of taxes, assessments, licenses, registration fees, freight and transportation charges and any other charges imposed or liabilities incurred with respect to the design, permitting, acquisition, construction, renovation, installation, operation, maintenance, ownership, possession or use of any Renewable Energy Project or the design, permitting, acquisition, construction, renovation or installation of any Capital Improvement Projects, (iii) Lease Payments, and (iv) penalties, fines or interest imposed on any of this foregoing during the Lease Term.

(c) The Lessee shall pay, from a portion of the proceeds of the Bonds or otherwise, all reasonable expenses incurred by the Lessor in connection with all filings or recordings of any documents relating to this Company Lease Agreement, the other Company Documents, or the Lessor's rights hereunder and thereunder. The Lessor shall have the right to make any of the payments required of the Lessee, but shall not be obligated to pay the same, and to charge such payment with interest at the Overdue Rate from the due date thereof through the date of payment as an Additional Lease Payment to be paid by the Lessee with the next Basic Lease Payment due under this Company Lease Agreement.

(b) After complying with the notification provisions of this subsection (b), the Lessee shall enter into one or more Development Contracts with the Contractor(s) providing for (i) the design, permitting, acquisition, construction, installation, operation and/or maintenance of the Renewable Energy Projects in accordance with the Plans and Specifications and/or (ii) the design, permitting, acquisition, construction, renovation, and/or installation of the Capital Improvement Projects in accordance with the Plans and Specifications. Within a reasonable period of time thereafter, the Lessor, the Applicable Series 2011 Local Units and/or the Construction Manager shall notify the Lessee of any deviation therein from the Plans and Specifications for the Projects or from applicable law, if any. #### SECTION 503. Construction Performance Bond and Other Guaranty.

Any Development Contracts authorized to be entered into by the Lessor under the terms of this Company Lease Agreement in connection with the design, permitting, acquisition, construction, and installation of the Renewable Energy Projects and the design, permitting, acquisition, construction, renovation and installation of the Capital Improvement Projects shall be let in accordance with the requirements set forth in Article VII, Sections 7.3, 7.5 and 7.6 of the Company RFP attached as part of Exhibit A-1 hereto. (a) In the event of default of the Contractor, including any subcontractor, under any Development Contract made in connection with any Project, the Lessee shall promptly proceed, either separately or in conjunction with others, to exhaust the remedies of the Lessee against the Contractor or any subcontractor so in default and against each surety for the performance of such Contractor or subcontractor. All such actions shall be construed to be Costs of the Project for purposes of this Company Lease Agreement, inasmuch as the same shall be necessary to enable any such Project to be designed, permitted, constructed, acquired, renovated or installed in accordance with the terms hereof and of the Development Contracts. The Lessee agrees to advise the Lessor, in writing, of the steps it intends to take in connection with any such default. If the Lessee shall so notify the Lessor, the Lessor may, in good faith, in its own name or in the name of the Lessee, with notice to the Lessee, prosecute or defend any action or proceeding or take such other action involving the Contractor, including any subcontractor, or surety that the Lessor deems reasonably necessary, and in such event the Lessor hereby agrees to compensate fully with the Lessee, but at the sole cost and expense of the Lessor. **SECTION 505. Additional Rights of Lessor.**

The Lessor agrees that the Lessee shall, at its own expense, have the right to make immaterial changes to any Project or to make such additions, modifications and improvements thereto as in the Lessee's judgment are necessary to enable it to perform its obligations under this Company Lease Agreement without materially impairing the Project or materially changing the design of the Project from the Plans and Specifications; provided, however, that none of the foregoing shall in any way damage the Project or cause the Project to be used for purposes other than those authorized under the provisions of all applicable law. With respect to any such additions (only) to the Project in accordance with the provisions of this Section 505, such additions shall for all purposes of this Company Lease Agreement be deemed to be and remain the property of the Lessee and shall not become part of the Project, and any such item may be removed, altered or changed by the Lessee upon or before the termination of this Company Lease Agreement; provided, however, that such removal, alteration or change shall not damage the Project or, if any such damage shall occur, the Lessee shall repair the same at its sole cost and expense.

**SECTION 506. Maintenance and Use of Project; Lessor Access; Repairs Not to Create Liens.**

(a) With respect to the Renewable Energy Projects or a portion thereof financed under this Company Lease Agreement, the Lessee shall, at its own and sole expense, maintain, preserve and keep such Projects or any portion thereof, as the case may be, in good repair, working order and condition, and shall from time to time make all repairs, replacements and improvements necessary to keep such Projects or any portion thereof in such condition. The requirements to repair and keep the Capital Improvement Projects in good working order shall remain with the owners thereof, the Applicable Series 2011 Local Units.

(b) The Lessee agrees that the Lessor and the Applicable Series 2011 Local Unit shall have the right (but not the obligation) to enter upon the premises at reasonable times and upon reasonable notice in a reasonable manner where the Renewable Energy Projects or a portion thereof, as the case may be, is located in order to inspect the same for the purpose of assuring that such Renewable Energy Projects are being properly maintained, preserved and kept in good repair and condition. The Lessee further agrees that the Lessor or the Applicable Series 2011 Local Unit shall have such rights of access to such Renewable Energy Projects as may be reasonably necessary to cause the proper maintenance, preservation and keeping in good repair of

10010345-9

- 53 -

such Renewable Energy Projects in the event of a failure by the Lessee to perform its obligations hereunder, which rights of access shall in no way imply any obligation on the part of the Lessor or the Applicable Series 2011 Local Unit.

(c) The Lessee shall not permit any mechanic's or materialmen's or other lien to be established or remain against any portion of the Projects for labor or materials furnished in connection with any remodeling, additions, modifications, improvements, repairs, renewals or replacements made by the Lessee pursuant to Section 505 hereof and this Section 506, other than Permitted Liens; provided, however, that if any such lien is established and the Lessee notifies the Lessor of its intention so to do, the Lessee may, in good faith, contest any lien filed or established against the Projects and, in such event, permit the items so contested to remain undischarged and unsatisfied during the period of such contest and any appeal therefrom, unless the Lessor shall notify the Lessee that, in the opinion of independent counsel, by nonpayment of any such item, the interest of the Lessor or the Applicable Series 2011 Local Unit in such Project shall be materially endangered or such Project or any part thereof shall be subject to loss or forfeiture, in which event the Lessee shall promptly pay and cause to be satisfied and discharged all such unpaid items or provide the Lessor and the Applicable Series 2011 Local Unit with full security against any such loss or forfeiture. The Lessor shall cooperate, and shall cause the Applicable Series 2011 Local Unit to cooperate fully with the Lessee in any such contest upon such request at the sole cost and expense of the Lessee.

**SECTION 507. Possession and Enjoyment of Projects during Lease Term.**

(a) From and after the execution and delivery of the RPP Acceptance Certificate with respect to the applicable Renewable Energy Projects, the Lessor hereby agrees that during the Lease Term the Lessee, so long as the Lessee is not in default hereunder, shall have the quiet use and enjoyment of such Renewable Energy Projects, and the Lessee shall during such Lease Term peacefully and quietly have, hold and enjoy such Renewable Energy Projects, without suit, trouble or hindrance from the Lessor, any 2011 Local Unit, or any party claiming under or through the Lessor or such Local Unit, except as expressly set forth in the Program Documents. The Lessor and the Applicable Series 2011 Local Unit shall, at the request of the Lessee and at the Lessee's sole cost and expense, join in any legal action in which the Lessee asserts its right to such possession and enjoyment against any third-party to the extent the Lessor and the Applicable Series 2011 Local Unit lawfully may so do; in addition, the Lessee, while not in default hereunder, may in its discretion and at its sole cost and expense bring any such action in the name of the Lessor.

(b) From and after the execution and delivery of the CIP Acceptance Certificate with respect to the applicable Capital Improvement Projects, if any, the Lessor and the Lessee hereby agree that during the Lease Term, the Applicable Series 2011 Local Unit, as its owner thereof, shall have the quiet use and enjoyment of such Capital Improvement Projects, and the Applicable Series 2011 Local Unit shall during such Lease Term peacefully and quietly have, hold and enjoy such Capital Improvement Projects, without suit, trouble or hindrance from the Lessor or the Lessee, or any party claiming under or through the Lessor or the Lessee, except as

10010345-9

may be expressly set forth in the Program Documents.

**SECTION 508. Lessee's Negligence.**

Subject to Section 606 hereof, the Lessee assumes all risks and liabilities, whether or not covered by insurance, for loss or damage to the Projects, or any portion thereof, and for injury to or death of any person or damage to any property, whether such injury or death be with respect to agents or employees of the Lessee or of Contractors or other third parties, and whether such property damage be to the Lessee's property or to the property of others, which injury, death or damage is proximately caused by the negligent conduct of the Lessee or its officers, employees and agents, including any Contractors. The Lessee hereby assumes responsibility for and agrees to reimburse the Lessor and the Applicable Series 2011 Local Unit for all liabilities, obligations, losses, damages, penalties, claims, actions, costs and expenses (including reasonable attorneys' fees), of whatsoever kind and nature, imposed on, incurred by or asserted against the Lessor or the Applicable Series 2011 Local Unit that in any way relate to or arise out of a claim, suit or proceeding based in whole or in part upon the negligent conduct of the Lessee or its officers, employees and agents, to the maximum extent permitted by law.

**SECTION 509. Project Costs; Payment.**

(a) The Project Costs to be incurred by the Lessee, or on behalf of the Lessee by any Contractor, relating to the acquisition, construction, and installation of the Renewable Energy Projects and the acquisition, construction, renovation and installation of the Capital Improvement Projects for all Series 2011 Local Units have been estimated by the Lessee under the Company RFP to be an aggregate amount not to exceed the sum of the Maximum Gross Bond Funded Project Cost Amount plus the Equity Contribution. Accordingly, the Lessor shall cause the Series 2011 Bonds to be issued, and further, shall cause the Maximum Net Bond Funded Project Cost Amount to be deposited in the Project Fund upon issuance of the Series 2011 Bonds pursuant to Section 2.03(7)(c)(i) and (ii) of the Bond Resolution. The Lessee represents that such initial deposit of the Maximum Net Bond Funded Project Cost Amount, together with interest to be earned thereon prior to disbursement in accordance with the terms hereof and of the Bond Resolution giving rise to the Maximum Gross Bond Funded Project Cost Amount, together with the Equity Contribution, shall be sufficient to pay all of the Costs to design, permit, acquire, construct, and install all of the Renewable Energy Projects and to design, permit, acquire, construct, renovate, and install all of the Capital Improvement Project Costs, in either case for all of the Series 2011 Local Units on, in or about their Local Unit Facilities and in accordance with the Plans and Specifications.

(b) It is expressly acknowledged by the Lessee and the Lessor that the Lessor shall be under no obligation to issue any Bonds in an amount in excess of the Maximum Net Bond Funded Project Cost Amount to fund any Project Cost, including the Costs of any Completion Project related to either the Renewable Energy Projects or the Capital Improvement Projects of the Series 2011 Local Units on, in or about their Local Unit Facilities, unless the Authority agrees to issue a Series of Additional Bonds pursuant to the provisions of Section

10010345-9

- 55 -

202(h) hereof.

(c) Any Project Costs in excess of such estimated Project Cost amount as set forth in subsection (a) above shall be solely borne by and solely paid from any funds available to the Lessee (which shall not include moneys under the Bond Resolution, absent the Lessor's written consent). The Lessee hereby covenants to complete all of the Projects in accordance with the Plans and Specifications regardless of the actual Costs of such Projects and regardless of the amount remaining on deposit in the Project Fund to pay such Project Costs. To the extent the Lessee shall complete all of the Projects in accordance with the Plans and Specifications in an aggregate amount less than any such deposit, plus estimated investment earnings, in the amount of such estimated Project Costs, any excess amounts remaining on deposit in the Project Fund, after the final Acceptance Certificate shall have been filed by the Lessee in accordance with the terms hereof, shall be applied as a credit to the next due Basic Lease Payments otherwise due and owing by the Lessee in accordance with Section 510(e)(1)(B) hereof and Section 5.02(3)(b) of the Bond Resolution.

The Lessee may cause moneys on hand from time to time in the Project Fund held by the Trustee to be made available for payment of all Company Development Fees and Expenses up to an aggregate amount of \$800,000 unless the Lessee receives the written acknowledgment of a higher ceiling from the Lessor, through the submission of a Certificate of an Authorized Officer of the Lessee substantially in the form of Exhibit D hereto, and otherwise following the terms set forth in Section 5.02(2)(b) of the Bond Resolution; provided, however, that notwithstanding the foregoing, the Lessee may not withdraw moneys from the Project Fund for payment of Company Development Fees and Expenses in excess of \$500,000, excluding those third-party and other Company Development Fees and Expenses approved by the Authority and paid upon issuance of the Series 2011A Bonds or thereunder, until the Company has satisfied, or caused the satisfaction of, all of the Completion Conditions. The Lessee, at its sole discretion, may apply less of the aggregate amount on deposit in the Project Fund and earmarked for payment of Company Development Fees and Expenses to such purpose, and instead apply all or a portion of such earmark (including any interest earned thereon) toward Costs of the Renewable Energy Projects or Capital Improvement Projects in the manner contemplated by Sections 510 and 511 hereof, and Section 5.02(2)(a) of the Bond Resolution. Any moneys remaining on deposit in the Project Fund, including interest earnings, upon the payment of all Project Costs (for which the Company shall submit such Exhibit D form Certificate), shall be applied in the manner set forth in Section 510(e) hereof.

to exist any mortgage, pledge, lien, charge, encumbrance or claim on or with respect to the Projects, other than the respective rights of the Lessor and the Lessee as herein provided and the Permitted Encumbrances or in any other Program Document. Except as expressly provided in this Article VI, the Lessee shall promptly, at its own expense, take such action as may be necessary to discharge or remove any such mortgage, pledge, lien, charge, encumbrance or claim if the same shall arise at any time. The Lessee shall reimburse the Lessor and/or the Applicable Series 2011 Local Units, as applicable, for any expense incurred by it in order to discharge or remove any such mortgage, pledge, lien, charge, encumbrance or claim.

(b) The Lessee may, at its own expense and in its name, contest in good faith any taxes, assessments or utility and other charges and, in the event of any such contest, permit the taxes, assessments or other charges so contested to remain unpaid during the period of such contest and any appeal therefrom, unless the Lessor shall notify the Lessee that, in the opinion of independent counsel, by nonpayment of any such taxes, assessments or charges or that the Lessee shall be materially affected or the Projects or any part thereof shall be subject to loss or forfeiture, in which event the Lessee shall promptly pay such taxes, assessments or charges or provide the Lessor with full security against any loss that may result from nonpayment, in form satisfactory to the Lessor.

The Lessee shall (a) indemnify and save harmless the Trustee and its agents, employees, officers and directors from and against any and all liabilities, including, without limitation, all claims, demands, damages, losses, costs, penalties, charges and expenses (including, but not limited to, reasonable attorneys' fees) in any way relating to or arising from (i) the development, ownership, possession, operation, condition, sale, rental, sub-lease or return of the Projects, (ii) the Program Documents, and (iii) any resignation by the Trustee in accordance with Section 10.07(2) of the Bond Resolution; and (b) reimburse the Trustee for all losses, costs, charges and expenses (including, but not limited to, reasonable attorneys' fees) that the Trustee may incur or be subject to as a consequence, directly or indirectly, of involvement in any legal proceeding or action relating to the foregoing; provided, however, that no indemnification or reimbursement shall be due to the extent that the Trustee has acted with negligence or willful misconduct in connection with the liabilities for which the Trustee is seeking indemnification or reimbursement. All amounts that become due from the Lessee under this Section 611 shall be credited with any amounts received by the Trustee from insurance provided by the Lessee, shall be payable by the Lessee within thirty (30) days following demand therefor by the Trustee, and shall survive the termination or expiration of this Company Lease Agreement.

**SECTION 612. Advances.**

**SECTION 613. Net Proceeds of Insurance; Form of Policies.**

(a) Each policy of insurance obtained pursuant to or required by this Article VI shall provide that all Net Proceeds thereunder shall be payable (i) with respect to the Renewable Energy Projects, to the Lessor for deposit with the Trustee in the Project Fund, the Revenue Fund or such other Fund or Account under the Bond Resolution, in any event as directed by the Lessee, but only so long as the Lessee has not caused an Event of Default hereunder, in which latter case such Net Proceeds shall be payable to the Lessor, (ii) with respect to the Capital Improvement Projects, to the Applicable Series 2011 Local Unit, or at their direction, to the Trustee for deposit in the Project Fund, or other Fund or Account under the Bond Resolution, or (iii) if not discernable as to Project or otherwise, payable to the Lessor or at the Lessor's direction, to the Trustee for deposit in the Project Fund, the Revenue Fund, or other Fund or Account under the Bond Resolution.

All such policies shall provide that the Applicable Series 2011 Local Units and the Lessor shall be given not less than thirty (30) days' notice of each expiration, any intended cancellation and any intended reduction of the coverage provided thereby.

(c) Neither the Applicable Series 2011 Local Units nor the Authority shall be responsible for the sufficiency of any insurance herein required, and shall be fully protected in accepting payment on account of such insurance or any adjustment, compromise or settlement of any loss agreed to by the Applicable Series 2011 Local Units or the Authority, as the case may be.

(d) The Lessee shall cause to be delivered to the Applicable Series 2011 Local Units and the Lessor on each anniversary of the date of issuance of the Series 2011 Bonds a Certificate of an Authorized Officer of the Lessee, satisfactory to the Applicable Series 2011 Local Units and the Lessor, that the insurance policies required by this Company Lease Agreement are in full force and effect.

**SECTION 614. Self-Insurance.**

Self-insurance, in lieu of policy coverage, maintained by the Lessee pursuant to this Article VI shall only be deemed to comply with this Article VI to the extent all of the following are satisfied:

(d) The self-insurance claims fund shall be held in a separate trust fund by an independent trustee, which independent trustee may also be the Trustee serving as such under the Bond Resolution;

(e) The self-insurance program shall comply in every particular with all applicable laws; and

(f) In the event the self-insurance program shall be discontinued, the actuarial soundness of its claims reserve fund, as determined by an Independent Insurance Consultant, shall be maintained.

**ARTICLE VII**

**OPTION TO PURCHASE; PREPAYMENT OF LEASE PAYMENTS**

**SECTION 701. Lessee's Prepayment and Purchase Option; Purchase Option Price.**

(a) The Lessee is hereby granted the option to prepay its Basic Lease Payments in part, in accordance with Section 5.07 of the Bond Resolution. Any partial prepayment shall not affect the Lessor's right, title and interest in and to the Renewable Energy Projects, nor the Series 2011 Local Units' right, title and interest in and to the Capital Improvement Projects. At the Lessee's option, as directed in a Certificate of an Authorized Officer of the Company delivered by the Company to the Trustee, the Lessor, and the County accompanying any such partial prepayment, any such partial prepayment shall be either (i) credited to the next due Interest Portion of Basic Lease Payments due from the Lessee, and if not fully applied, to the next due Principal Portion of Basic Lease Payments due from the Lessee, and then to the next due future Interest Portion, and then Principal Portion, of Basic Lease Payments until fully applied or (ii) applied to defease Outstanding Bonds in the manner contemplated by Article XII of the Bond Resolution, and in the amounts and on the dates as set forth in any such partial prepayment Certificate of the Company, which in the case of such defeasance option selected by the Company, such Certificate of the Company shall be acknowledged by an Authorized Officer of the Authority to the effect that such dates and amounts conform to the requirements of the Bond Resolution. Upon any such partial prepayment, new schedules reflecting the revised Basic Lease Payments due from the Lessee, taking into account any such partial prepayment, shall be attached by the Lessor hereto.

The Lessee may not utilize funds in the County Security Fund or Restoration Security Fund, if any, toward any such partial prepayment; provided, however, that such limitation does not extend to monies previously released from the County Security Fund and transferred to the Aged Account in the Revenue Fund in accordance with Section 5.07(3)(a) of the Bond Resolution at the time of any such partial prepayment; provided, further however, that such limitation does not extend to such amounts that would be eligible for release pursuant to the calculations referred to in Section 5.07(3)(a) of the Bond Resolution immediately after any such partial prepayment (to the extent the Series 2011 Bonds will not be redeemed simultaneously with the prepayment, the Series 2011 Bonds that will be defeased upon the prepayment shall not be considered Outstanding for purposes of such calculations, and therefore can be released and applied to any such prepayment if the calculations so warrant release), to the extent the Lessor has verified such calculations in writing to the Lessee and the Trustee. In any such instance where this limitation does not so extend, the Lessee may direct the Trustee in writing, with a copy to the Lessor, to apply any such amounts in the County Security Fund, if any, to any such partial prepayment, and the Lessor shall cause the Trustee, pursuant to the terms set forth in the Bond Resolution, to promptly comply with any such direction.

(b) The Lessee is further hereby granted the option to prepay and purchase all

of the Lessor's right, title and interest in and to the Renewable Energy Projects (but not the Capital Improvement Projects, if any) in whole, at the times set forth in Section 701(c) hereof, by paying to the Trustee the "Purchase Option Price", which for any date of calculation shall be the sum of (i) the aggregate amount of unpaid principal of the Bonds to their maturity date under the terms of the Bond Resolution and as set forth in the Lessee's notice to the Trustee of such prepayment, (ii) any interest accrued on the Bonds from the last interest Payment Date thereof on which interest thereon was paid to the final maturity date set forth in clause (i) above, (iii) the redemption premium, if any, applicable to the payment of the Bonds on the maturity date set forth in clause (i) above, and (iv) any costs of redemption or defeasance or other Administrative Expenses incurred by any party to a Program Document in implementing such prepayment.

The Lessee may direct the Trustee in writing, with a copy to the Lessor, that all or a portion of the Purchase Option Price (where all of the Outstanding Bonds shall be paid) shall be funded from the County Security Fund, if any, and the Lessor shall cause the Trustee, pursuant to the terms set forth in the Bond Resolution, to promptly comply with any such direction.

(c) The prepayment options set forth in subsections (a) and (b) above may be exercised by the Lessee at any time by (i) giving written notice to the Trustee and the Lessor of the exercise of such option at least fifty-two (52) days prior to the final maturity date set forth in such notice, and (ii) if the prepayment shall occur before January 15, 2021, complying with any other requirements of Article XII of the Bond Resolution that may be required by the Trustee or the Lessor to defease the Bonds in accordance with the terms of the Bond Resolution, including, without limitation, a verification report from a nationally recognized accounting firm approved by the Trustee and the Lessor to the effect that the amount so prepaid shall equal the Purchase Option Price (for a full prepayment) and shall therefore be sufficient to defease the Bonds (in whole or in part, as the case may be) by paying all of the principal thereof and redemption premium, if any, thereon through and including the final maturity thereof, plus all interest accruing thereon to such final maturity date. Such option shall be exercised by depositing with said notice cash and/or investment securities in such amount as shall be sufficient, together with interest to accrue thereon, to pay the Bonds to be defeased on said redemption date.

(d) Notwithstanding any provision herein or in any Program Document to the contrary, the Lessee may not advance refund, currently refund or otherwise refund any Series of Bonds with bonds, notes or other obligations of the Lessee, or such other moneys available to the Lessee, and use such moneys to make any prepayments hereunder unless (i) provision has been made by the Lessee for the payment of all (A) principal of, redemption premium if any, and interest on the Series of Bonds being refunded to any redemption date and (B) Administrative Expenses of the Lessor relating thereto, and (ii) if applicable, prior written notification of any such refunding has been given to the Lessor. Notwithstanding the foregoing, the Lessor may, in its sole discretion at the times and under the circumstances and for the purposes set forth in the Bond Resolution, advance refund, currently refund, or otherwise refund any Series of Bonds, the allocation of the benefit from which shall be determined between the Lessor and the Lessee at the time of any such defeasance and/or refunding.

**SECTION 702. Mandatory Prepayment and Purchase of Project; Mandatory Purchase Price.**

(a) Upon the acceleration of the Bonds, the Lessee shall forthwith prepay and purchase all of the Renewable Energy Projects (but not the Capital Improvement Projects, if any) by paying to the Trustee, immediately upon receipt of notice of such acceleration, the "Mandatory Purchase Price", which for any date of calculation shall be the sum of (i) the aggregate amount of the unpaid principal of the Bonds, (ii) any interest accrued on the Bonds from the last Interest Payment Date thereof on which interest thereon was paid to the date that the amount in clause (i) above has been paid in full, and (iii) any costs of acceleration or other Administrative Expenses incurred by any party to a Program Document in implementing such prepayment.

(b) In the event the Mandatory Purchase Price remains unpaid when due, the Lessee shall make an Additional Lease Payment immediately due and payable equal to, for any date of such deficiency, the amount of such deficiency times the per diem Overdue Rate.

**SECTION 703. Effect of Prepayment.**

(a) In the event of a deposit sufficient to purchase the Renewable Energy Projects (but not the Capital Improvement Projects, if any) pursuant to Section 701 or 702 hereof and to pay any and all amounts due hereunder, (i) all of the Lessor's right, title and interest in and to such Renewable Energy Projects (but not the Capital Improvement Projects, as to which the Lessor has no right, title or interest) shall be deemed sold to the Lessee for the consideration set forth in such Sections, (ii) except for the rights of the Series 2011 Local Units to effect a Fair Market Value purchase of their respective Renewable Energy Projects in accordance with Section 609(f) hereof, to the extent all Lease Payments have been made by the Lessee in full, all other covenants, agreements and obligations of the parties hereon under this Company Lease Agreement shall cease, terminate, and be deemed discharged and satisfied, and (iii) the Lessor and its officers shall take all actions necessary to authorize, execute and deliver to the Lessee any and all documents necessary to vest in the Lessee all of the Lessor's right, title and interest in and to the Renewable Energy Projects (but not the Capital Improvement Projects, as to which the Lessor has no right, title or interest), free and clear of all liens, leasehold interests and encumbrances, including, if necessary, a release of any and all liens or interests created under the provisions of this Company Lease Agreement. In such event, the Trustee shall cause a statement of debits and credits for such period or periods as shall be requested by the Lessor or the Lessee to be prepared and filed with the Lessor and the Lessee, and, upon the request of the Lessor or the Lessee, shall execute and deliver to the Lessor and the Lessee all such instruments as may be desirable to evidence such discharge and satisfaction.

(b) Notwithstanding anything to the contrary herein or in any Program Document, including without limitation subsection (a) above, to the extent the Lessee has satisfied all of the conditions of subsection (a) above in order to terminate this Company Lease Agreement, including the payment of all amounts due and owing hereunder and under the other Company

**ARTICLE IX**

**ASSIGNMENT, SUBLEASING, MORTGAGING AND SELLING**

**SECTION 901. Assignment by Lessor.**

Except for this Company Lease Agreement and as otherwise provided below and in any other Program Document, including without limitation with respect to its payment obligations under the Power Purchase Agreement to the Series 2011 Local Units under the Local Unit License Agreements, or with respect to the assignment of the Reimbursement Collateral to the County and the County Security Provider, if any, under the County Guaranty Agreement and the County Security Agreement, if any and as applicable, the Lessor shall not assign its obligations under this Company Lease Agreement and no such purported assignment thereof shall be effective. All of the Lessor's right, title and interest in and to this Company Lease Agreement, the Lease Payments and the other amounts due to it hereunder and under the Project shall be assigned by the Lessor to the Trustee pursuant to the pledge of the Trust Estate under the Bond Resolution no later than the execution and delivery hereof.

#### SECTION 1004. Section of Remedies; No Waiver of Elected Remedies.

No failure on the part of either party to exercise, and no delay in exercising any right or remedy so provided for herein, shall operate as a waiver thereof, nor shall any single or partial exercise by either party of any right or remedy so provided hereunder preclude any other or further exercise of any other right or remedy provided hereunder.

#### SECTION 1005. No Additional Waiver Implied by One Waiver.

In the event any agreement contained in this Company Lease Agreement should be breached by either party and thereafter waived by the other party, such waiver shall be limited to the particular breach so waived and shall not be deemed to waive any other breach hereunder, and shall not be construed to be an implied term hereof or a course of dealing between the parties hereto.

#### SECTION 1006. Agreement to Pay Attorneys' Fees and Expenses.

In the event either party to this Company Lease Agreement should default under any of the provisions hereof and the non-defaulting party should employ attorneys or incur other expenses for the collection of moneys or the enforcement, performance or observance of any obligation or agreement on the part of the defaulting party herein contained, the defaulting party agrees that it shall, on demand therefor, pay to the non-defaulting party the reasonable fees of such attorneys and such other expenses so incurred by the non-defaulting party.

#### SECTION 1007. Late Charges.

Whenever any payment of Lease Payments is not made when due, the Lessee promises to pay to the Lessor, in addition to the amount due, interest thereon at the Overdue Rate; provided, however, that this Section 1007 shall not be applicable if or to the extent the application thereof would affect the validity of this Company Lease Agreement.

#### SECTION 1008. Delay Notice.

No delay or omission to exercise any right or power accruing upon any default shall impair any such right or power or shall be construed to be a waiver thereof. Any such right or power may be exercised from time to time and as often as may be deemed expedient, and any one exercise thereof shall not be deemed an exclusive exercise. To entitle any party to exercise any remedy reserved to it in this Company Lease Agreement, it shall not be necessary to give any notice other than as may be specifically required in this Company Lease Agreement.

WHEREAS, the primary goal of the Renewable Energy Program is to expand the use of renewable energy sources available and utilized by the Local Units for their Local Unit Facilities, with the attendant environmental and financial benefits associated thereby, and to reduce the energy related operating costs to the Local Units for their Local Unit Facilities, all intended to be offered at no net cost to the Local Units;

WHEREAS, in order to implement the Renewable Energy Program, the Authority has determined to finance the respective Renewable Energy Projects and Capital Improvement Projects, if any, on, in or about the respective Local Unit Facilities, all as set forth on Exhibits B, C, and A to the hereinafter defined Local Unit License Agreement for each of the following participating Local Units:

WHEREAS, the Company Proposal, including the Equity Contribution and the funding of the County Reserve described above, has been deemed acceptable by the County and the Authority, in lieu of the amount of funds contemplated by the Company RFP to be deposited in the County Security Fund because the Company Proposal, including the Equity Contribution and the funding of the County Reserve described above, reduces the amount of the Series 2011 Bonds required to be issued by the County and (ii), shall eliminate the need to fund any County Deficiency Amount (as defined in the Company RFP);

WHEREAS, should the County otherwise have insufficient sources of funds to make its Basic Lease Payments on time and in full, the Company shall have the ability to draw funds from the County Reserve in order to enable the Company to make its Basic Lease Payments;

WHEREAS, should the Company fail to make its Basic Lease Payments on time and in full, thereby causing the County to make payments to the Series 2011 Bondholders under the County Guaranty, which in turn causes the County Security to be drawn upon to reimburse the County for all or a portion of any such County Guaranty repayments, (i) the County Security Agreement, if any, may provide that the Authority assign and pledge the Reimbursement Collateral to the County Security Provider, as reimbursement security for any such draw on the County Security, or (ii) to the extent no County Security Agreement shall exist, then the Company, as County Security Provider in such instance, shall only be entitled to such excess County Security, as Reimbursement Collateral, if any shall remain available, after and to the extent the County has been fully paid under its County Guaranty but only to the extent of any County Security provided by or on behalf of the Company;

Date.

(ii) Lessee shall receive a credit against the Principal Portion of any Basic Lease Payment due and owing on any Basic Lease Payment Date to the extent of any remaining Power Purchase Price Payments made by the Series 2011 Local Units and received by the Trustee since the immediately prior Basic Lease Payment Date, after accounting for the application of the credit set forth in clause (i) above.

(iii) For purposes of applying this credit, Power Purchase Price Payments made by the Series 2011 Local Units and received by the Trustee within ten (10) Business Days of any Basic Lease Payment Date shall be deemed to have been received by the Trustee the Business Day after such Basic Lease Payment Date (and therefore the Lessee shall not be entitled to a credit for such amounts paid by the Series 2011 Local Units until the following Basic Lease Payment Date). The Lessor shall cause the Trustee, pursuant to the terms of the Bond Resolution, to notify the Company in writing (with a copy to the Lessor) of the aggregate amount of all Power Purchase Price Payments made by the Series 2011 Local Units since the prior Basic Lease Payment Date that are available for such credit, (A) as of the date that is thirty (30) days prior to each Basic Lease Payment Date, and (B) on the Business Day immediately following the ten (10) Business Day credit cutoff date noted above.

(b) Notwithstanding any dispute between the Lessor and the Lessee, or between or among any party hereto and any one or more of any Renewable Energy Program Interested Party or any other person, in any case concerning any provision of any Program Document, the Lessee shall make all Lease Payments in full and when due, and the Lessee shall not withhold any Lease Payment pending final resolution of such dispute, nor shall the Lessee assert against the Lessor, the Trustee, any Renewable Energy Program Interested Party or any other person any right of set-off, recoupment or counterclaim against its obligation to make such Lease Payments, regardless of whether or not the Projects are completed, available for use, or used by the Lessee or any other Renewable Energy Program Interested Party, as applicable.

(c) However, nothing herein shall be construed to release the Lessor from the performance of its obligations hereunder, and if the Lessor should fail to perform any such obligation, the Lessee may institute such legal action against the Lessor as the Lessee may deem necessary to compel the performance of such obligation, but if and only if the Lessee is not in default under the terms of this Company Lease Agreement and if the Lessee shall have paid all amounts that are required to be paid pursuant to the terms of this Company Lease Agreement; and if the Lessee shall have performed all of its obligations under the terms of this Company Lease Agreement and continues to pay and perform as provided herein, the Lessee shall not be precluded from bringing any action it may otherwise have against the Lessor.

(b) To the extent this Company Lease Agreement is terminated and the Renewable Energy Projects are eligible for sale by the Lessee to the Applicable Series 2011 Local Units for Fair Market Value in accordance with Section 609(d) hereof, but no accommodation on sale price or other terms shall be reached in accordance with Section 3.7(b) of the Power Purchase Agreement, and the Lessee shall accordingly be prospectively entitled to the full use and enjoyment of any such Renewable Energy Projects, the Lessee shall (i) promptly remove such Renewable Energy Projects from the Local Unit Facilities for such Applicable Series 2011 Local Units and (ii) expend such sums, and take all such other actions necessary to return the Capital Improvement Projects, if any, for any such Applicable Series 2011 Local Units to the CIP Acceptance State, or if no Capital Improvement Projects, to the state of the Local Unit Facility prior to the commencement of the Local Unit License Agreement for each respective Series 2011 Local Unit, after giving effect to the normal wear and tear thereon or therefrom that would ordinarily degrade the state of any such Capital Improvement Projects or Local Unit Facility from the date of any such CIP Acceptance Certificate, or if none, from the date of the Applicable Local Unit License Agreement, to the date of any such termination, the intent of this clause being for the Lessee to repair only such damage caused by or on behalf of the Lessee, including by any Contractor, to any such Capital Improvement Projects, if any, or Local Unit Facility, as applicable, from either (A) the Lessee's operation and maintenance of such Renewable Energy Projects or (B) the Lessee's removal of such Renewable Energy Projects.

(c) To the extent this Company Lease Agreement is terminated and the Renewable Energy Projects are sold by the Lessor to the Applicable Series 2011 Local Unit for nominal consideration in accordance with Section 609(f) hereof (after a Lessee Event of Default), Lessee shall (i) take no action regarding the removal of any such Renewable Energy Projects

**SECTION 308. Additional Lease Payments.**

(a) At the times required in the definition of "Administrative Fee", when not otherwise provided for from a portion of the proceeds of a Series of Bonds, including the Series 2011 Bonds, the Lessee shall pay the Administrative Fee to the Trustee as an Additional Lease Payment for deposit in the Administrative Expense Account of the Administrative Fund.

Notwithstanding the foregoing, however, the Lessee shall be required to pay to the Restoration Security Fund as amount to bring the balance therein to the Restoration Security Fund Requirement from time to time if the Lessee has sufficient available cash flow to fund the same after making all other payments payable by the Company during such year; provided, however, in no event shall cash flow distributions be made to the members of the Company in any year in which the Restoration Security Fund is required to be funded to the extent the Restoration Security Fund is not funded in such year to the level required by the Restoration Security Fund Requirement.

(h) The Lessee shall pay to the Trustee as an Additional Lease Payment all other amounts, costs, liabilities and obligations that the Lessee assumes or agrees to pay to the Lessor or to others hereunder, under the Bond Resolution, under the Tax Certificate for any Series of Tax-exempt Bonds or under any other Program Document, including without limitation deficiencies in the payment of principal (including mandatory sinking fund installments) of and interest on Bonds when due as may be contemplated by Article V of the Bond Resolution, which Article shall not be amended by Lessor to add any such payment obligation without Lessee's

**SECTION 309. General Obligation of Company to Make Lease Payments; Pledge of Reimbursement Collateral; Company Pledge Agreement.**

(a) The Lessee hereby covenants to make all Lease Payments due under this Company Lease Agreement, during the entire Lease Term, from any and all funds or other assets available to the Lessee, including without limitation, but not limited to, such economic benefits as may be conferred upon the Company pursuant to the Program Documents.

(b) **Pledge of Section 1603 Grant to Trustee.** Subject to American Recovery and Reinvestment Act of 2009, as security and further assurance for the Lessee's obligations to make certain initial Lease Payments at the times, in the amounts, and otherwise in accordance with the terms and provisions of this Company Lease Agreement, the Lessee hereby grants to the Trustee a collateral security interest in the Section 1603 Grant, such grant of a collateral security interest to remain in effect only so long as set forth in the Company Pledge Agreement, including specifically Sections 2.01 and 7.11 thereof. At the Lessee's discretion for so long as the EPC Contractor is continuing to provide the In-Kind Equity Contribution and no Event of Default has occurred hereunder, the aforementioned security interest granted in favor of the Trustee may be subordinate to that of the EPC Contractor under the EPC Contract.

(c) **Pledge of Certain Revenues to Authority.** As security and further assurance for the Lessee's obligations to perform its obligations under the Company Documents, including the making of Lease Payments at the times, in the amounts, and otherwise in accordance with the terms and provisions of this Company Lease Agreement, the Lessee hereby grants to the Authority a collateral security interest in any funds it may receive with respect to the following:

At the Lessee's discretion for so long as the EPC Contractor is continuing to provide the In-Kind Equity Contribution and no Event of Default has occurred hereunder, the aforementioned security interest granted in favor of the Authority may be subordinate to that of the EPC Contractor under the EPC Contract.

The Lessor hereby covenants that the security interest granted pursuant to this

Section 309(c) shall not, provided no Event of Default has occurred and is continuing, adversely affect any of the Lessee's:

- (A) use and enjoyment of the Renewable Energy Projects,
- (B) sale of the renewable energy produced therefrom under the Power Purchase Agreement to the respective Series 2011 Local Units under the respective Local Unit License Agreements, or
- (C) SRECs.

(d) As security and further assurance for the Lessee's obligations under the Company Documents, including the making of Lease Payments at the times, in the amounts, and otherwise in accordance with the terms and provisions of this Company Lease Agreement, the Lessee shall and hereby does acknowledge

(i) that the Lessor has the right to deliver the County Security Agreement, if any, in accordance with the provisions of Section 5.07 of the Bond Resolution, whereupon the Reimbursement Collateral shall be assigned and pledged by the Lessor to the County and the County Security Provider, if any, in accordance with the terms of the County Guaranty Agreement and such County Security Agreement, respectively, as to which terms the Lessor hereby covenants that the rights of the County and the County Security Provider to the Reimbursement Collateral shall not adversely affect any of the Lessee's:

- (A) use and enjoyment of the Renewable Energy Projects,
- (B) sale of the renewable energy produced therefrom under the Power Purchase Agreement to the respective Series 2011 Local Units under the respective Local Unit License Agreements, or
- (C) SRECs,

in all cases prior to the date of an Event of Default caused by the Lessee, it being the express intent of the parties that any such assignment and pledge of the Reimbursement Collateral is only to protect the County and/or the County Security Provider to the extent any such Renewable Energy Program Interested Party shall not have been reimbursed for funds expended under the Program Documents due to the Lessee's actions or inactions under the Program Documents, and it being the further express intent of the parties that any and all such remedies flowing from any such Event of Default caused by the Lessee are within the Lessee's control to prevent by complying with the terms of this and all

other Program Documents, including without limitation the making of Lease Payments in full and on time,

(f) upon an Event of Default, including an occurrence as a result of the Lessee's failure to make its Lease Payments on time and in full, the Lessee's rights to the Leased Property may be terminated in accordance with the terms hereof, and the County and the County Security Provider, if any, may realize all or a portion of the Reimbursement Collateral in accordance with the terms of their respective County Guaranty Agreement and County Security Agreement, if any and as applicable, which economic benefits comprising the Reimbursement Collateral had been previously available to the Lessee, and would continue to be so available, should any such Event of Default never occur or be timely cured.

(g) As security and further assurance for the Lessee's obligations under the Company Documents, including the making of Lease Payments at the times, in the amounts, and otherwise in accordance with the terms and provisions of this Company Lease Agreement, the Lessee hereby covenants to deliver the Company Pledge Agreement from the Pledgor defined in the Company Pledge Agreement contemporaneously herewith, and in any event, no later than the issuance of the Series 2011 Bonds, the terms of which Company Pledge Agreement are hereby acknowledged and accepted by the Lessee.

(h) The Lessee, as debtor, authorizes the Trustee, on behalf of itself as creditor, and the Lessor, as creditor, to file UCC1 financing statements with respect to the foregoing pledge of collateral contemplated by this Section 309.

**SECTION 310. Investment of Bond Resolution Funds; Credit for Certain Investment Earnings.**

(a) The Lessor shall cause the monies in the Funds and Accounts established under the Bond Resolution to be invested in accordance with the provisions of Section 5.11 of the Bond Resolution; provided, however, that the Lessee may direct the Lessor in writing to cause the Trustee to invest the Project Fund, the County Security Fund and the Restoration Security Fund in any investment Securities available under the Bond Resolution; absent any such direction from the Lessee, the Lessor may cause the investment of the Project Fund, the County Security Fund and the Restoration Security Fund in such Investment Securities as the Lessor shall determine.

(b) (i) To the extent interest earnings on any such Funds or Accounts are transferred to the Aged Account of the Revenue Fund in accordance with the provisions of Section 5.13(3) and (4) of the Bond Resolution prior to any Basic Lease Payment Date, the Lessee shall be entitled to a credit in the amount of such earnings, plus interest earned thereon as of any such Basic Lease Payment Date, against the next due Interest Portion of Basic Lease

The Lessor shall cause the Trustee, pursuant to the terms of the Bond Resolution, to notify the Company in writing (with a copy to the Lessor), within ten (10) Business Days after each Basic Lease Payment Date, of the amount of such interest earnings credit available to the Company as of the next Basic Lease Payment Date.

(ii) To the extent the amount on deposit in the Aged Account of the Revenue Fund, including interest earnings thereon, are transferred to the Interest Account of the Debt Service Fund in accordance with the provisions of Section 5.05(4)(b)(3) of the Bond Resolution prior to any Basic Lease Payment Date, the Lessee shall be entitled to a credit in the amount of such transfer against the next due Interest Portion of Basic Lease Payments due and owing from the Lessor, and if not fully applied, against the next due Principal Portion of Basic Lease Payments due and owing from the Lessee, and if still not fully applied, against the next due future Interest Portion, and then Principal Portion, of Basic Lease Payments until fully applied. **ARTICLE IV**

**LEASE OF LEASED PROPERTY; TERM OF COMPANY LEASE AGREEMENT**

**SECTION 401. Lease of Leased Property.**

(a) The Lessor hereby agrees to (i) finance its share of the Renewable Energy Projects and the Capital Improvement Projects, if any, for the Series 2011 Local Units, through the issuance of the Series 2011 Bonds, the balance of which shall be financed by or on behalf of the Lessee through the Equity Contribution, and (ii) enter into the Local Unit License Agreements with the Series 2011 Local Units, thereby giving the Lessor nominal ownership of the Renewable Energy Projects, and providing the Company with a license and access to the Local Unit Facilities for the Series 2011 Local Units.

(b) The Lessee hereby agrees to (i) design, permit, acquire, construct, install, operate and maintain the Renewable Energy Projects as described on Exhibit A-1 hereof and (ii) design, permit, acquire, construct, renovate, and install the Capital Improvement Projects, if any, as described on Exhibit A-2 hereof, all for the Series 2011 Local Units.

(c) Upon the acquisition of title to the Leased Property from the Contractor (the timing of which does not adversely affect the Lessee's obligations hereunder, including the obligations to make Lease Payments), the Lessor hereby agrees to lease to the Lessee, except for the Reserved Rights, all of its right, title and interest in and to the Leased Property for the duration of the Lease Term hereof, and to grant to the Lessee an option to purchase the Leased Property as set forth in Article VII hereof. The Lessee hereby agrees to take and lease from the Lessor, other than the Reserved Rights, all of the Lessor's right, title and interest in and to the Leased Property on the terms and conditions set forth in this Company Lease Agreement, including, without limitation, all of the Lessee's duties and obligations under the Program Documents. The lease of the Leased Property from the Lessor to the Lessee is also intended to convey to the Lessee any product of the Leased Property, including any right, title and interest of the Lessor in and to the SRECs and the right to electricity generated from the Renewable Energy Projects for the Series 2011 Local Units at their respective Local Unit Facilities, subject to the terms and conditions of the Program Documents. The Lessor hereby acknowledges the Lessee's intent to exercise such option to purchase the Leased Property during or upon the termination of the Lease Term.

(d) It is an express purpose of this Company Lease Agreement that the benefits and burdens of owning the Leased Property being conveyed by the Lessor to the Lessee pursuant to this Company Lease Agreement be such that the Lessee shall be deemed to be the owner of the Leased Property for purposes of the Code. Accordingly, Lessor and Lessee agree and acknowledge that, for federal income tax purposes: (i) Lessee will treat the use of Series 2011 Bond proceeds to purchase, construct and install the Renewable Energy Projects as construction loan advances of Series 2011 Bond proceeds to Lessee by Authority; (ii) Lessee will treat all payments (or credits against such payments) made under this Company Lease Agreement

00014345-1

- 47 -

as payments of interest and principal to the Authority with respect to such construction loan, with an allocation of principal and interest based upon the Authority's related principal and interest payments on the Series 2011 Bonds; and (iii) Lessee will report all payments made by the Series 2011 Local Units under the Power Purchase Agreements as revenues earned by Lessee. Notwithstanding the foregoing, for State law purposes, Lessor and Lessee agree that under the Program Document structure, any benefit to the Company shall be deemed incidental, the primary purpose of the Renewable Energy Program being to provide the Series 2011 Local Units with electricity at multi-year locked in rates to the greatest extent practicable below tariff, which goal has been effectively realized through the financing structure contemplated by the Program Documents.

**SECTION 402. Lease Term.**

(a) This Company Lease Agreement shall be and remain in effect with respect to the Leased Property (the "Lease Term") commencing on the date of authorization, execution, authentication and delivery of the Series 2011 Bonds that shall finance, among other things, the Renewable Energy Project component of the Leased Property, and continuing until terminated as provided for in this Section 402. The Term of this Company Lease Agreement shall terminate upon the occurrence of the first of the following of events:

(i) The exercise by the Lessee of its option or its requirement to purchase the Lessor's entire interest in the Leased Property pursuant to Article VII hereof;

(ii) The occurrence and continuation of an Event of Default hereunder by the Lessee and the Lessor's election to exercise remedies under this Company Lease Agreement pursuant to Section 1002 hereof;

(iii) Subject to an extension of this Company Lease Agreement in accordance with clause (iv) below, which provisions shall control even if the other requirements of this clause (iii) have been satisfied, the occurrence of all of the following: (A) the payment by the Lessee of all Lease Payments, which requirement as to Basic Lease Payments (unless sooner terminated or extended in accordance with the provisions hereof) shall be fully satisfied on December 15, 2027 (unless extended by an amendment hereto resulting from the issuance of Additional Bonds), (B) the Bonds, including the Series 2011 Bonds, shall no longer be Outstanding under the Bond Resolution, and if the provisions of Section 703(b) are applicable, and (C) on the date specified in the Certificate of Authorized Officer of the Lessee required by Section 703(b)(iii), or

(iv) The expiration date of any extension to the initial term of this Company Lease Agreement, which initial term would be determined by clause (i), (ii), and (iii) above, as such extension date shall be set forth in any amendment of this Company Lease Agreement (in accordance with the

00014345-3

- 48 -

amendment provisions of Section 103 hereof), to the extent permitted under then applicable law.

(b) Notwithstanding the foregoing, this Company Lease Agreement shall be in effect until all the obligations created hereunder have been fulfilled.

(c) Notwithstanding the foregoing, any termination by reason of clause (a)(ii) above shall not alter or terminate the Lessee's unconditional payment obligations hereunder, including Sections 302 and 309 hereof.

#### SECTION 403. Net Lease.

(a) The Lessee intends for the Lease Payments to be net to the Lessor. The obligation of the Lessee to pay Lease Payments shall be absolute and unconditional and shall in no way be released, discharged or otherwise affected for any reason, including, without limitation, (i) any defect in the condition, quality or fitness for use of, or title to, any Project or (ii) any damage to or abandonment, destruction, requisition or taking of any portion of any Project.

(b) The Lessee shall comply with and pay all (i) local, state and federal taxes incurred with respect to the design, permitting, acquisition, construction, renovation, installation, operation, maintenance, ownership, possession or use of any Renewable Energy Project or the design, permitting, acquisition, construction, renovation or installation of any Capital Improvement Project, including, without limitation, income, franchise, gross receipts, sales, use, documentary stamp, excise and real and personal property taxes, (ii) payments in lieu of taxes, assessments, licenses, registration fees, freight and transportation charges and any other charges imposed or liabilities incurred with respect to the design, permitting, acquisition, construction, renovation, installation, operation, maintenance, ownership, possession or use of any Renewable Energy Project or the design, permitting, acquisition, construction, renovation or installation of any Capital Improvement Project, (iii) Lease Payments, and (iv) penalties, fines or interest imposed on any of the foregoing during the Lease Term.

(c) The Lessee shall pay, from a portion of the proceeds of the Bonds or otherwise, all reasonable expenses incurred by the Lessor in connection with all filings or recordings of any documents relating to this Company Lease Agreement, the other Company Documents, or the Lessor's rights hereunder and thereunder. The Lessor shall have the right to make any of the payments required of the Lessee, but shall not be obligated to pay the same, and to charge such payment with interest at the Overdue Rate from the due date thereof through the date of payment as an Additional Lease Payment to be paid by the Lessee with the next Basic Lease Payment due under this Company Lease Agreement.

#### SECTION 502. Construction of Project.

(a) The Lessee shall be responsible for entering into the Development Agreement with the Developer and for the filing of Development Contracts with Contractors for (i) the design, permitting, acquisition, construction, installation, operation and maintenance of the Renewable Energy Projects for all of the Series 2011 Local Units, (ii) the design, permitting, acquisition, construction, renovation, and installation of the Capital Improvement Projects for all of the Series 2011 Local Units, (iii) the completion and acceptance of the Renewable Energy Projects in accordance with the Plans and Specifications therefor and the other terms hereof, including the filing of the REP Acceptance Certificates in accordance with Section 510(d)(i) hereof, (iv) the completion of the Capital Improvement Projects in accordance with the Plans and Specifications therefor and the other terms hereof, including the filing of the CIP Acceptance Certificates in accordance with Section 510(d)(ii) hereof, and (e) all other matters that are incidental to the performance of the duties and powers that are expressly granted to the Lessee herein in connection with any of the foregoing. The Lessee may carry out its functions hereunder without obtaining any further approval of the Lessor; provided, however, that the Lessee shall issue monthly reports to the Lessor and the Applicable Series 2011 Local Unit detailing the progress of the foregoing and the anticipated completion dates thereof.

(b) After complying with the notification provisions of this subsection (b), the Lessee shall enter into one or more Development Contracts with the Contractor(s) providing for (i) the design, permitting, acquisition, construction, installation, operation and/or maintenance of the Renewable Energy Projects in accordance with the Plans and Specifications and/or (ii) the design, permitting, acquisition, construction, renovation, and/or installation of the Capital Improvement Projects in accordance with the Plans and Specifications. At least five (5) Business Days prior to the Lessee's entering into of each such Development Contract, the Lessee shall notify and provide each of the Lessor, the Applicable Series 2011 Local Unit and the Construction Manager with substantially final drafts thereof. ### ARTICLE V

#### CONSTRUCTION OF PROJECT; CARE AND USE; DRAW PROCEDURES

##### SECTION 501. Design of Project.

(a) Within ninety (90) days of the execution and delivery of this Company Lease Agreement, the Lessee shall cause preliminary Plans and Specifications to be prepared by one or more Architects or other Contractors with respect to all of the Projects for all of the Series 2011 Local Units and within the parameters set forth in the Company RFP. In preparing or causing the preparation of such preliminary Plans and Specifications, the Lessee expressly acknowledges that the Lessor shall only be providing financing, through the issuance of the Series 2011 Bonds, for the Maximum Net Bond Funded Project Cost Amount, and that any costs and expenses beyond such amount, except for any Completion Projects agreed in writing to be financed by the Lessor, are to be borne solely and wholly by the Lessee from any available funds.

(b) Copies of the Plans and Specifications, when in form satisfactory to the Lessee, shall be promptly delivered to the Lessor and the Applicable Series 2011 Local Units for the review, comment and approval of the Applicable Series 2011 Local Units. Within five (5) Business Days of receipt, each Applicable Series 2011 Local Unit shall have reviewed, and either commented on or approved the Plans and Specifications prepared by the Lessee for each respective Renewable Energy Project and each Capital Improvement Project, if any, for the respective Series 2011 Local Units. To the extent approval from any Series 2011 Local Unit shall not be received, the Lessee shall promptly modify the Plans and Specifications to address the Series 2011 Local Unit's reasonable concerns, whereupon the Lessee shall resubmit the Plans and Specifications to the Lessor and the Applicable Series 2011 Local Unit for further review, comment and approval. Such process shall continue until the Lessor and Lessee have received the approval of all of the Series 2011 Local Units; provided however, that both parties and the Applicable Series 2011 Local Units shall endeavor to complete the review, comment and approval process within one (1) month of the original submission to the Lessor and the Series 2011 Local Units. Notwithstanding any other provision of this Agreement or any other Company Document, to the extent an Applicable Series 2011 Local Unit does not adhere to the timetable set forth in this Section 501(b), then the required completion date for the respective Renewable Energy Project shall be extended by a time period equal to the delay by the Applicable Series 2011 Local Unit.

(c) Promptly after having received the respective Series 2011 Local Unit approvals of the Plans and Specifications related to their respective Projects, the Lessee shall submit or cause the submission of such Plans and Specifications to all other federal, state or local governmental or quasi-governmental agencies having jurisdiction over the Projects or any part thereof, and shall receive any required Project permits or approvals.

(c) None of the Lessor, the Series 2011 Local Unit or the Trustee makes any warranties or representations or accepts any liabilities or responsibilities with respect to or for the adequacy, sufficiency or suitability of, or defects in or with respect to, the design, permitting, acquisition, construction, renovation or installation of the Project.

##### SECTION 503. Construction Performance Bond and Other Guaranty.

Any Development Contracts authorized to be entered into by the Lessor under the terms of this Company Lease Agreement in connection with the design, permitting, acquisition, construction, and installation of the Renewable Energy Projects and the design, permitting, acquisition, construction, renovation and installation of the Capital Improvement Projects shall be let in accordance with the requirements set forth in Article VII, Sections 7.3, 7.5 and 7.6 of the Company RFP attached as part of Exhibit A-1 hereto. The Lessor shall cause each Contractor to provide a Construction Performance Bond covering, with respect to the portion of the Projects to which the Development Contract applies, the (a) performance of the Development Contract, including coverage for correction of defects developing within one year after completion of construction and commencement of commercial operation of each Project, and (b) payment for labor and materials, in each case issued by a responsible surety company qualified to do business in the State. Such bond or bonds shall name the Lessor, the Lessee as co-obligees, or shall otherwise entitle the Lessor to draw upon such Construction Performance Bond, and shall be in amounts equal to the fixed contract price plus the Equity Contribution, if not so included in the fixed contract price; provided, however, that the one-year post completion and commencement of commercial operation portion may be limited to ten percent of the Development Contract price allocated to such Project in the Development Contract.

##### SECTION 504. Default in Contractors' Performance.

(a) In the event of default of the Contractor, including any subcontractor, under any Development Contract made in connection with any Project, the Lessee shall promptly proceed, either separately or in conjunction with others, to exhaust the remedies of the Lessee against the Contractor or any subcontractor so in default and against each surety for the performance of such Contractor or subcontractor. All such actions shall be deemed to be Costs of the Project for purposes of this Company Lease Agreement, inasmuch as the same shall be necessary to enable any such Project to be designed, permitted, constructed, acquired, renovated or installed in accordance with the terms hereof and of the Development Contracts. The Lessee agrees to advise the Lessor, in writing, of the steps it intends to take in connection with any such default. If the Lessee shall so notify the Lessor, the Lessor may, in good faith, in its own name or in the name of the Lessee, with notice to the Lessee, prosecute or defend any action or proceeding or take such other action involving the Contractor, including any subcontractor, or surety that the Lessor deems reasonably necessary, and in such event the Lessor hereby agrees to cooperate fully with the Lessee, but at the sole cost and expense of the Lessor. Any amounts recovered by way of damages, refunds, adjustments or otherwise in connection with the foregoing shall be paid into the Project Fund or the Revenue Fund, as shall be determined by the Lessee.

10016345-5

- 52 -

(b) In the event that the Lessee is unable to comply with its requirements under this Company Lease Agreement prior to the execution of any Acceptance Certificate or if for any reason the design, permitting, acquisition, construction, renovation and installation of any Project is delayed, there shall be no resulting liability on the part of the Lessor and there shall be no diminution in or postponement of the amounts that are due and payable by the Lessee to the Lessor under the terms of this Company Lease Agreement.

**SECTION 505. Additional Rights of Lessee.**

The Lessor agrees that the Lessee shall, at its own expense, have the right to make immaterial changes to any Project or to make such additions, modifications and improvements inure to as in the Lessee's judgment are necessary to enable it to perform its obligations under this Company Lease Agreement without materially impairing the Project or materially changing the design of the Project from the Plans and Specifications; provided, however, that none of the foregoing shall in any way damage the Project or cause the Project to be used for purposes other than those authorized under the provisions of all applicable law. With respect to any such additions (only) to the Project in accordance with the provisions of this Section 505, such additions shall for all purposes of this Company Lease Agreement be deemed to be and remain the property of the Lessor and shall not become part of the Project, and any such item may be removed, altered or changed by the Lessee upon or before the termination of this Company Lease Agreement; provided, however, that such removal, alteration or change shall not damage the Project or, if any such damage shall occur, the Lessee shall repair the same at its sole cost and expense.

**SECTION 506. Maintenance and Use of Project; Lessor Access; Repairs Not to Create Liens.**

(a) With respect to the Renewable Energy Projects or a portion thereof financed under this Company Lease Agreement, the Lessee shall, at its own and sole expense, maintain, preserve and keep such Projects or any portion thereof, as the case may be, in good repair, working order and condition, and shall from time to time make all repairs, replacements and improvements necessary to keep such Projects or any portion thereof in such condition. The requirements to repair and keep the Capital Improvement Projects in good working order shall remain with the owners thereof, the Applicable Series 2011 Local Units.

(b) The Lessee agrees that the Lessor and the Applicable Series 2011 Local Unit shall have the right (but not the obligation) to enter upon the premises at reasonable times and upon reasonable notice in a reasonable manner where the Renewable Energy Projects or a portion thereof, as the case may be, is located in order to inspect the same for the purpose of assuring that such Renewable Energy Projects are being properly maintained, preserved and kept in good repair and condition. The Lessee further agrees that the Lessor or the Applicable Series 2011 Local Unit shall have such rights of access to such Renewable Energy Projects as may be reasonably necessary to cause the proper maintenance, preservation and keeping in good repair of

may be expressly set forth in the Program Documents.

**SECTION 508. Lessee's Negligence.**

Subject to Section 608 hereof, the Lessee assumes all risks and liabilities, whether or not covered by insurance, for loss or damage to the Projects, or any portion thereof, and for injury to or death of any person or damage to any property, whether such injury or death be with respect to agents or employees of the Lessee or of Contractors or other third parties, and whether such property damage be to the Lessee's property or to the property of others, which injury, death or damage is proximately caused by the negligent conduct of the Lessee or its officers, employees and agents, including any Contractors. The Lessee hereby assumes responsibility for and agrees to reimburse the Lessor and the Applicable Series 2011 Local Unit for all liabilities, obligations, losses, damages, penalties, claims, actions, costs and expenses (including reasonable attorneys' fees), of whatsoever kind and nature, imposed on, incurred by or asserted against the Lessor or the Applicable Series 2011 Local Unit that in any way relate to or arise out of a claim, suit or proceeding based in whole or in part upon the negligent conduct of the Lessee or its officers, employees and agents, to the maximum extent permitted by law.

**SECTION 509. Project Costs; Payment.**

(a) The Project Costs to be incurred by the Lessee, or on behalf of the Lessee by any Contractor, relating to the acquisition, construction, and installation of the Renewable Energy Projects and the acquisition, construction, renovation and installation of the Capital Improvement Projects for all Series 2011 Local Units have been estimated by the Lessee under the Company RFP to be an aggregate amount not to exceed the sum of the Maximum Gross Bond Funded Project Cost Amount plus the Equity Contribution. Accordingly, the Lessee shall cause the Series 2011 Bonds to be issued, and further, shall cause the Maximum Net Bond Funded Project Cost Amount to be deposited in the Project Fund upon issuance of the Series 2011 Bonds pursuant to Section 5.02(7)(e)(i) and (ii) of the Bond Resolution. The Lessee represents that such initial deposit of the Maximum Net Bond Funded Project Cost Amount, together with interest to be earned thereon prior to disbursement in accordance with the terms hereof and of the Bond Resolution giving rise to the Maximum Gross Bond Funded Project Cost Amount, together with the Equity Contribution, shall be sufficient to pay all of the Costs to design, permit, acquire, construct, and install all of the Renewable Energy Projects and to design, permit, acquire, construct, renovate, and install all of the Capital Improvement Project Costs, in either case for all of the Series 2011 Local Units on, in or about their Local Unit Facilities and in accordance with the Plans and Specifications.

(b) It is expressly acknowledged by the Lessee and the Lessor that the Lessor shall be under no obligation to issue any Bonds in an amount in excess of the Maximum Net Bond Funded Project Cost Amount to fund any Project Cost, including the Costs of any Completion Project-related to either the Renewable Energy Projects or the Capital Improvement Projects of the Series 2011 Local Units on, in or about their Local Unit Facilities, unless the Authority agrees to issue a Series of Additional Bonds pursuant to the provisions of Section

10001434-5

- 55 -

such Renewable Energy Projects in the event of a failure by the Lessee to perform its obligations hereunder, which rights of access shall in no way imply any obligation on the part of the Lessor or the Applicable Series 2011 Local Unit.

(c) The Lessee shall not permit any mechanic's or materialmen's or other lien to be established or remain against any portion of the Projects for labor or materials furnished in connection with any remodeling, additions, modifications, improvements, repairs, renewals or replacements made by the Lessee pursuant to Section 503 hereof and this Section 506, other than Permitted Encumbrances; provided, however, that if any such lien is established and the Lessee notifies the Lessor of its intention so to do, the Lessee may, in good faith, contest any lien filed or established against the Projects and, in such event, permit the items so contested to remain undischarged and unsatisfied during the period of such contest and any appeal therefrom, unless the Lessor shall notify the Lessee that, in the opinion of independent counsel, by nonpayment of any such item, the interest of the Lessor or the Applicable Series 2011 Local Unit in such Project shall be materially endangered or such Project or any part thereof shall be subject to loss or forfeiture, in which event the Lessee shall promptly pay and cause to be satisfied and discharged all such unpaid items or provide the Lessor and the Applicable Series 2011 Local Unit with full security against any such loss or forfeiture. The Lessor shall cooperate, and shall cause the Applicable Series 2011 Local Unit to cooperate fully with the Lessee in any such contest upon such request at the sole cost and expense of the Lessee.

**SECTION 507. Possession and Enjoyment of Projects during Lease Term.**

(a) From and after the execution and delivery of the REP Acceptance Certificate with respect to the applicable Renewable Energy Projects, the Lessor hereby agrees that during the Lease Term the Lessee, so long as the Lessee is not in default hereunder, shall have the quiet use and enjoyment of such Renewable Energy Projects, and the Lessee shall during such Lease Term peaceably and quietly have, hold and enjoy such Renewable Energy Projects, without suit, trouble or hindrance from the Lessor, any 2011 Local Unit, or any party claiming under or through the Lessor or such Local Unit, except as expressly set forth in the Program Documents. The Lessor and the Applicable Series 2011 Local Unit shall, at the request of the Lessee and at the Lessee's sole cost and expense, join in any legal action in which the Lessee asserts its right to such possession and enjoyment against any third-party to the extent the Lessor and the Applicable Series 2011 Local Unit lawfully may so do; in addition, the Lessee, while not in default hereunder, may in its discretion and at its sole cost and expense bring any such action in the name of the Lessor.

(b) From and after the execution and delivery of the CIP Acceptance Certificate with respect to the applicable Capital Improvement Projects, if any, the Lessor and the Lessee hereby agrees that during the Lease Term, the Applicable Series 2011 Local Unit, as fee owner thereof, shall have the quiet use and enjoyment of such Capital Improvement Projects, and the Applicable Series 2011 Local Unit shall during such Lease Term peaceably and quietly have, hold and enjoy such Capital Improvement Projects, without suit, trouble or hindrance from the Lessor or the Lessee, or any party claiming under or through the Lessor or the Lessee, except as

202(h) hereof.

(c) Any Project Costs in excess of such estimated Project Cost amount as set forth in subsection (a) above shall be solely borne by and solely paid from any funds available to the Lessee (which shall not include monies under the Bond Resolution, absent the Lessor's written consent). The Lessee hereby covenants to complete all of the Projects in accordance with the Plans and Specifications regardless of the actual Costs of such Projects and regardless of the amounts remaining on deposit in the Project Fund to pay such Project Costs. To the extent the Lessee shall complete all of the Projects in accordance with the Plans and Specifications in an aggregate amount less than any such deposit, plus estimated investment earnings, in the amount of such estimated Project Costs, any excess amounts remaining on deposit in the Project Fund, after the final Acceptance Certificate shall have been filed by the Lessee in accordance with the terms hereof, shall be applied as a credit to the next due Basic Lease Payments (otherwise due and owing by the Lessee in accordance with Section 5.10(c)(1)(B) hereof and Section 5.02(3)(b) of the Bond Resolution.

(d) The Lessee shall cause moneys on hand from time to time in the Project Fund, held by the Trustee, to be made available for payment of all Project Costs, in the manner provided herein for submission of Draw Papers, including Sections 5.10 and 5.11 hereof, and in the Bond Resolution, including Sections 5.02(1) and 5.02(2)(a) thereof. The Lessee may cause moneys on hand from time to time in the Project Fund held by the Trustee to be made available for payment of all Company Development Fees and Expenses up to an aggregate amount of \$800,000 unless the Lessee receives the written acknowledgment of a higher ceiling from the Lessor, through the submission of a Certificate of an Authorized Officer of the Lessee substantially in the form of Exhibit D hereto, and otherwise following the terms set forth in Section 5.02(2)(b) of the Bond Resolution; provided, however, that notwithstanding the foregoing, the Lessee may not withdraw moneys from the Project Fund for payment of Company Development Fees and Expenses in excess of \$500,000, excluding those third-party and other Company Development Fees and Expenses approved by the Authority and paid upon issuance of the Series 2011A Bonds or thereafter, until the Company has satisfied, or caused the satisfaction of, all of the Completion Conditions. The Lessee, at its sole discretion, may apply less of the aggregate amount on deposit in the Project Fund and earmarked for payment of Company Development Fees and Expenses to such purpose, and instead apply all or a portion of such amount (including any interest earned thereon) toward Costs of the Renewable Energy Projects or Capital Improvement Projects in the manner contemplated by Sections 5.10 and 5.11 hereof, and Section 5.02(2)(a) of the Bond Resolution. Any moneys remaining on deposit in the Project Fund, including interest earnings, upon the payment of all Project Costs (for which the Company shall submit Draw Papers) and all Company Development Fees and Expenses (for which the Company shall submit such Exhibit D form Certificate), shall be applied in the manner set forth in Section 5.10(e) hereof.

**SECTION 510. Submission of Drawers; Procedures; Acceptance Certificates.**

An amount equal to the lesser of (i) such aggregate amount of funds needed and (ii) the amount of funds available in the Project Fund (and not otherwise earmarked to pay the Costs of the Projects for the other Series 2011 Local Units) shall be applied to the payment of such Project Costs upon submission of the Draw Papers in accordance with subsection (c) below.

(c) Except as otherwise provided in Section 511 hereof, the Lessee shall cause the Trustee to make payments from the Project Fund to the Contractors under the Development Contracts or other third-party vendors, in either case for Costs of the Projects, but only after the Lessee shall have supplied the Trustee with a duly authorized, completed and executed requisition from the Lessee substantially in the form of Exhibit C hereto (together with any attachments thereto, the "Draw Papers"), each executed by the Lessee, acknowledged by the Applicable Series 2011 Local Unit (in accordance with Section 4.1(d) of the Local Unit License Agreements, including the authority therein to delegate such right and obligation to the Construction Manager), and acknowledged as to form only by the Lessor (in accordance with Section 4.1(e) of the Local Unit License Agreements, including the authority therein to delegate such right and obligation to the Construction Manager), stating with respect to each such payment to be made: (i) the requisition number, (ii) the name and address of the Contractor, other person, other corporation or other entity to which payment is due or, if for reimbursement to the Lessee, to which Contractor, other person, other corporation or other entity and when payment has previously been made by the Lessee, and as applicable in either case, the Development Contract under which such payment is or was due, (iii) the amount to be paid, (iv) the Renewable Energy Project or Capital Improvement Project to which such payment is to be applied, including the Applicable Series 2011 Local Unit and their Local Unit Facility, (v) that such payment obligation has been properly incurred in accordance with the Plans and Specifications, is an item of the Cost of such Project, is a proper charge against the Project Fund, and has not been the basis of any previous withdrawal, (vi) that attached thereto is a bill, invoice, receipt or other evidence that payment on such Project Cost is due and owing or has been paid by or on behalf of the Lessee. Lessee also agrees to file a monthly Initial Project Workforce Form AA201, and (vii) the amount being requisitioned shall not exceed seventy percent (70%) of any Renewable Energy Project Cost for which payment is being sought, it being expressly understood by the Lessee that for each requisition being submitted, the Lessee shall pay or cause to be paid at least thirty percent (30%) from the Equity Contribution (the ratio of not exceeding seventy percent (70%) payment from requisition and at least thirty percent (30%) payment from Equity Contribution for each Project Cost for which a requisition is submitted shall be defined herein as the "Draw Paper Ratio"), substantially in the form of, and consistent with the instructions included in, Exhibit C-1 attached hereto, with the Lessor and the Division of Public Contracts

when the Lessee has submitted all Draw Papers respecting Costs of such Capital Improvement Projects or the Completion Project related thereto, if any, to be paid from the Project Fund that are eligible to be approved with respect thereto for each such Series 2011 Local Unit, (y) when all such Capital Improvement Projects or Completion Project related thereto, as the case may be, for each such Series 2011 Local Unit have been designed, acquired, constructed, renovated and installed in accordance with the Plans and Specifications therefor, (z) when all such Capital Improvement Projects or Completion Project related thereto, as the case may be, for each such Series 2011 Local Unit have been accepted by such Series 2011 Local Unit, and (B) a statement regarding the funds remaining on deposit in the Project Fund earmarked for any such Capital Improvement Projects, if any, all in accordance with Section 5.02 of the Bond Resolution. Each such REP Acceptance Certificate shall not be filed by the Lessee with the Trustee until so acknowledged by the Applicable Series 2011 Local Unit, and until each such Certificate shall be further acknowledged by an Authorized Officer of the Lessor as to form only. Each such CIP Acceptance Certificate shall not be filed by the Lessee with the Trustee until so acknowledged by the Applicable Series 2011 Local Unit (in accordance with Section 4.3(c) of the Local Unit License Agreements, including the authority therein to delegate such right and obligation to the Construction Manager), and until each such Certificate shall be further acknowledged by an Authorized Officer of the Lessor as to form only (in accordance with Section 4.3(d) of the Local Unit License Agreements, including the authority therein to delegate such right and obligation to the Construction Manager); and

(e) If, upon the completion of the design, permitting, acquisition, construction, renovation and installation of all of the Projects for the Series 2011 Local Units on or prior to December 14, 2012 (as such date may be extended due to a Force Majeure event or events or a Local Unit Event of Default under the Applicable Local Unit License Agreement), as evidenced by the filing of all Acceptance Certificates by the Company, as duly acknowledged by the Series 2011 Local Units and the Lessor, on or prior to December 14, 2012 (as such date may be extended due to a Force Majeure event or events or a Local Unit Event of Default under the Applicable Local Unit License Agreement), all in accordance with the terms hereof, of the Bond Resolution, and of the Local Unit License Agreements for the Series 2011 Local Units, then upon the Trustee's receipt of the final Acceptance Certificates so designated, the Trustee shall, without any further authorization, (i) transfer any surplus funds remaining on deposit in the Project Fund to the Debt Service Fund for application as a credit to the next due Interest Portion of Basic Lease Payments due from the Lessee, and if not fully applied, to the next due Principal Portion of Basic Lease Payments due from the Lessee, and if still not fully applied, then to the next due future Interest Portion, and then Principal Portion, of Basic Lease Payments until fully applied, all unless the provisions of Section 5.02 of the Bond Resolutions require application otherwise, in which case the Trustee shall (ii) apply any such surplus funds remaining on deposit in the Project Fund in accordance with the terms of Section 5.02 of the Bond Resolution. connection with such performance or non-performance, or the ownership, rental, possession, operation, condition, sale or return of the Projects, and (b) reimburse the Lessor or the Series 2011 Local Units for all losses, costs, charges and expenses (including, but not limited to, reasonable attorneys' fees) that the Lessor or the Series 2011 Local Units may incur or be subject to as a consequence, directly or indirectly, of involvement in any legal proceeding or action relating to the foregoing; provided, however, that no indemnification or reimbursement shall be due to the extent that the Lessor or the Series 2011 Local Units, as applicable, has acted with gross negligence or willful misconduct in connection with the liabilities for which the Lessor or the Series 2011 Local Units, as applicable, is seeking indemnification or reimbursement. All amounts that become due from the Lessee under this Section 608 shall be credited with any amounts received by the Trustee from insurance provided by the Lessee, shall be payable by the Lessee within thirty (30) days following demand therefor by the Lessor or the Series 2011 Local Units, as applicable (which demand cannot be made prior to the Lessee's receipt thereof), and shall survive the termination or expiration of this Company Lease Agreement.

(a) Upon the financing of the Renewable Energy Projects with a portion of the proceeds of the Bonds and the filing of the REB Acceptance Certificates, the Lessor shall be the holder of title to such Renewable Energy Projects for all State law purposes, subject to the lease of the Leased Property contemplated hereby. Upon the filing of the CIP Acceptance Certificates, if any, the parties hereto acknowledge that the respective Series 2011 Local Units shall be the fee owners of the respective Capital Improvement Projects described in any such Certificates. The parties further acknowledge that the Lessor may assign the Reimbursement Collateral pursuant to the terms of the County Security Agreement, if any, and/or the County Guaranty Agreement. So long as no Event of Default shall have occurred and be continuing hereunder, the Lessor shall not sell, assign or alienate all or any part of the Renewable Energy Projects (but such provision shall not apply to the Capital Improvement Projects, the Lessor having no interest therein) or any interest therein to any other Renewable Energy Program Interested Party or other third-party (other than to the Lessee pursuant to Article VII hereof), it being the purpose and intent hereof that the Lessee shall have the option to purchase all of the Lessor's right, title and interest in and to the Renewable Energy Projects during or upon the termination of this Company Lease Agreement, with credit toward the Basic Lease Payments for any such purchase price paid, all in accordance with Article VII hereof.

(b) Upon the termination of this Company Lease Agreement in accordance with Section 402(a)(iii) or (iv) hereof, (i) all of the Lessor's right, title and interest in and to the Renewable Energy Projects (and not the Capital Improvement Projects, the Lessor having no interest therein) shall be deemed sold, for purposes of State law, by the Lessor to the Lessee for the consideration of all previous Basic Lease Payments, and to the extent the Lessor was deemed to have a fee interest therein or to have retained title thereto for purposes of State law, such interest shall be deemed extinguished under State Law and such title thereto shall be deemed

conditions, all in accordance with the provisions of Section 5.2(a) of the Local Unit License Agreement for any such Applicable Series 2011 Local Unit.

(c) Upon the termination of this Company Lease Agreement due to a Lessee Event of Default in accordance with Section 402(a)(v) hereof, (i) Lessor shall possess full right, title and interest in and to the Renewable Energy Projects for all of the Series 2011 Local Units (but not the Capital Improvement Projects, if any, which title shall remain with the respective Series 2011 Local Units), (ii) Lessee shall have no further leasehold or other right, title and interest in and to such Renewable Energy Projects (nor any such Capital Improvement Projects), (iii) except for the rights of the Series 2011 Local Units to effect a nominal value purchase of their respective Renewable Energy Projects in accordance with subsection (f) below, to the extent all Lease Payments have been made by the Lessee in full, all other covenants, agreements and obligations of the parties hereto under this Company Lease Agreement shall cease, terminate, and be deemed discharged and satisfied, and (iii) the Lessee and its officers shall take all actions necessary to authorize, execute and deliver to the Lessor any and all documents necessary to vest in the Lessor all of the Lessee's right, title and interest in and to the Renewable Energy Projects, free and clear of all liens, leasehold interests and encumbrances, including, if necessary, a release of any and all liens or interests created under the provisions of this Company Lease Agreement. In such event, the Trustee shall cause a statement of debits and credits for such period or periods as shall be requested by the Lessee or the Lessor to be prepared and filed with the Lessee and the Lessor, and, upon the request of the Lessee or the Lessor, shall execute and deliver to the Lessee and the Lessor all such instruments as may be desirable to evidence such discharge and satisfaction.

(f) Upon the termination of this Company Lease Agreement as contemplated in Section 609(e) above, the parties acknowledge that the right, title and interest in and to the Renewable Energy Project developed for any one or more Series 2011 Local Units may be sold by the Lessor to any such Applicable Series 2011 Local Unit for nominal consideration in accordance with the provisions of Section 5.2(a)(iv) of the Local Unit License Agreement for such Applicable Series 2011 Local Unit.

(g) Notwithstanding any other provision of this Section 609, in no event shall there be any transfer of any Renewable Energy Project or any interest therein to any person (such as a governmental entity) if such transfer would result in a Tax Benefit Recapture Event. The expression "Tax Benefit Recapture Event" means an event which would entitle the United States Department of the Treasury or the Internal Revenue Service to require that the Lessee return all or part of the Section 1603 Grant in lieu of tax credit received in connection with the Renewable Energy Projects, or to disallow the Lessee's tax deductions or recapture all or a portion of the investment tax credits previously claimed with respect to investments in energy property for depreciation.

In such event, the Trustee shall cause a statement of debits and credits for such period or periods as shall be requested by the Lessor or the Lessee to be prepared and filed with the Lessor and the Lessee, and, upon the request of the Lessor or the Lessee, shall execute and deliver to the Lessor and the Lessee all such instruments as may be desirable to evidence such discharge and satisfaction.

(c) Upon the termination of this Company Lease Agreement due to an optional or mandatory pre-purchase of the Renewable Energy Projects in accordance with Section 402(a)(i) and Sections 701 or 702, as applicable, hereof, (i) the rights of the Lessor and the Lessee in the title to the Renewable Energy Projects (but not the Capital Improvement Projects, which title shall remain with the respective Series 2011 Local Units) shall be as set forth in Section 703 hereof, (ii) except for the rights of the Series 2011 Local Units to effect a fair market value purchase of their respective Renewable Energy Projects in accordance with subsection (d) below, to the extent all Lease Payments have been made by the Lessee in full, all other covenants, agreements and obligations of the parties hereto under this Company Lease Agreement shall cease, terminate, and be deemed discharged and satisfied, and (iii) the Lessor and its officers shall take all actions necessary to authorize, execute and deliver to the Lessee any and all documents necessary to vest in the Lessee all of the Lessor's right, title and interest in and to the Renewable Energy Projects, free and clear of all liens, leasehold interests and encumbrances, including, if necessary, a release of any and all liens or interests created under the provisions of this Company Lease Agreement. In such event, the Trustee shall cause a statement of debits and credits for such period or periods as shall be requested by the Lessor or the Lessee to be prepared and filed with the Lessor and the Lessee, and, upon the request of the Lessor or the Lessee, shall execute and deliver to the Lessor and the Lessee all such instruments as may be desirable to evidence such discharge and satisfaction.

(d) Upon the termination of the Power Purchase Agreement, the parties acknowledge that (i) the Company and each Series 2011 Local Unit shall have thirty (30) days from any such termination to negotiate a fair market value purchase price for the Renewable Energy Project developed for any such Applicable Series 2011 Local Unit and (ii) to the extent the Company and any such Applicable Series 2011 Local Unit can agree to any such fair market value purchase price for such Renewable Energy Project, the parties acknowledge that the right, title and interest in and to such Renewable Energy Project may be sold by the Lessee to any such Applicable Series 2011 Local Unit for such fair market value price, and any other terms and

to exist any mortgage, pledge, lien, charge, encumbrance or claim on or with respect to the Projects, other than the respective rights of the Lessor and the Lessee as herein provided and the Permitted Encumbrances or in any other Program Document. Except as expressly provided in this Article VI, the Lessee shall promptly, at its own expense, take such action as may be necessary to discharge or remove any such mortgage, pledge, lien, charge, encumbrance or claim if the same shall arise at any time. The Lessee shall reimburse the Lessor and/or the Applicable Series 2011 Local Units, as applicable, for any expense incurred by it in order to discharge or remove any such mortgage, pledge, lien, charge, encumbrance or claim.

(b) The Lessee may, at its own expense and in its name, contest in good faith any taxes, assessments or utility and other charges and, in the event of any such contest, permit the taxes, assessments or other charges so contested to remain unpaid during the period of such contest and any appeal therefrom, unless the Lessor shall notify the Lessee that, in the opinion of independent counsel, by nonpayment of any such items the interest of the Lessor in the Projects shall be materially affected or the Projects or any part thereof shall be subject to loss or forfeiture, in which event the Lessee shall promptly pay such taxes, assessments or charges or provide the Lessor with full security against any loss that may result from nonpayment, in form satisfactory to the Lessor.

**SECTION 611. Trustee Indemnification.**

The Lessee shall (a) indemnify and save harmless the Trustee and its agents, employees, officers and directors from and against any and all liabilities, including, without limitation, all claims, demands, damages, losses, costs, penalties, charges and expenses (including, but not limited to, reasonable attorneys' fees) in any way relating to or arising from (i) the development, ownership, possession, operation, condition, sale, rental, sub-rental or return of the Projects, (ii) the Program Documents, and (iii) any resignation by the Trustee in accordance with Section 10.07(2) of the Bond Resolution; and (b) reimburse the Trustee for all losses, costs, charges and expenses (including, but not limited to, reasonable attorneys' fees) that the Trustee may incur or be subject to as a consequence, directly or indirectly, of involvement in any legal proceeding or action relating to the foregoing; provided, however, that no indemnification or reimbursement shall be due to the extent that the Trustee has acted with negligence or willful misconduct in connection with the liabilities for which the Trustee is seeking indemnification or reimbursement. **SECTION 613. Net Proceeds of Insurance; Form of Policies.**

(a) Each policy of insurance obtained pursuant to or required by this Article VI shall provide that all Net Proceeds thereunder shall be payable (i) with respect to the Renewable Energy Projects, to the Lessor for deposit with the Trustee in the Project Fund, the Revenue Fund or such other Fund or Account under the Bond Resolution, in any event as directed by the Lessee, but only so long as the Lessee has not caused an Event of Default hereunder, in which latter case such Net Proceeds shall be payable to the Lessor, (ii) with respect to the Capital Improvement Projects, to the Applicable Series 2011 Local Unit, or at their direction, to the Trustee for deposit in the Project Fund, or other Fund or Account under the Bond Resolution, or (iii) if not discernable as to Project or otherwise, payable to the Lessor or at the Lessor's direction, to the Trustee for deposit in the Project Fund, the Revenue Fund, or other Fund or Account under the Bond Resolution.

(b) The Lessee shall pay or cause to be paid when due the premiums for all insurance policies required by this Company Lease Agreement, and shall promptly furnish or cause to be furnished to the Lessor and the Series 2011 Local Units evidence of such payments. All such policies shall provide that the Applicable Series 2011 Local Units and the Lessor shall be given not less than thirty (30) days' notice of each expiration, any intended cancellation and any intended reduction of the coverage provided thereby.

(c) Neither the Applicable Series 2011 Local Units nor the Authority shall be responsible for the sufficiency of any insurance herein required, and shall be fully protected in accepting payment on account of such insurance or any adjustment, compromise or settlement of any loss agreed to by the Applicable Series 2011 Local Units or the Authority, as the case may be.

(d) The Lessee shall cause to be delivered to the Applicable Series 2011 Local Units and the Lessor on each anniversary of the date of issuance of the Series 2011 Bonds a Certificate of an Authorized Officer of the Lessee, satisfactory to the Applicable Series 2011 Local Units and the Lessor, that the insurance policies required by this Company Lease Agreement are in full force and effect.

**SECTION 614. Self-Insurance.**

(d) The self-insurance claims fund shall be held in a separate trust fund by an independent trustee, which independent trustee may also be the Trustee serving as such under the Bond Resolution;

(e) The self-insurance program shall comply in every particular with all applicable law; and

**ARTICLE VII**

**OPTION TO PURCHASE; PREPAYMENT OF LEASE PAYMENTS**

**SECTION 701. Lessee's Prepayment and Purchase Option; Purchase Option Price.**

(a) The Lessee is hereby granted the option to prepay its Basic Lease Payments in part, in accordance with Section 5.07 of the Bond Resolution. Any partial prepayment shall not affect the Lessor's right, title and interest in and to the Renewable Energy Projects, nor the Series 2011 Local Unit's right, title and interest in and to the Capital Improvement Projects. At the Lessee's option, as directed in a Certificate of an Authorized Officer of the Company delivered by the Company to the Trustee, the Lessor, and the County accompanying any such partial prepayment, any such partial prepayment shall be either (i) credited to the next due Interest Portion of Basic Lease Payments due from the Lessee, and if not fully applied, to the next due Principal Portion of Basic Lease Payments due from the Lessee, and then to the next due future Interest Portion, and then Principal Portion, of Basic Lease Payments until fully applied or (ii) applied to defease Outstanding Bonds in the manner contemplated by Article XII of the Bond Resolution, and in the amounts and on the dates as set forth in any such partial prepayment Certificate of the Company, which in the case of such defeasance option selected by the Company, such Certificate of the Company shall be acknowledged by an Authorized Officer of the Authority to the effect that such dates and amounts conform to the requirements of the Bond Resolution. Upon any such partial prepayment, new schedules reflecting the revised Basic Lease Payments due from the Lessee, taking into account any such partial prepayment, shall be attached by the Lessor hereto.

The Lessee may not utilize funds in the County Security Fund or Restoration Security Fund, if any, toward any such partial prepayment; provided, however, that such limitation does not extend to monies previously released from the County Security Fund and transferred to the Aged Account in the Revenue Fund in accordance with Section 5.07(3)(a) of the Bond Resolution at the time of any such partial prepayment; provided, further however, that such limitation does not extend to such amounts that would be eligible for release pursuant to the calculations referred to in Section 5.07(3)(a) of the Bond Resolution immediately after any such partial prepayment (to the extent the Series 2011 Bonds will not be defeased simultaneously with the prepayment, the Series 2011 Bonds that will be defeased upon the prepayment shall not be considered Outstanding for purposes of such calculations, and therefore can be released and applied to any such prepayment if the calculations so warrant release), to the extent the Lessor has verified such calculations in writing to the Lessee and the Trustee. In any such instance where this limitation does not extend, the Lessee may direct the Trustee in writing, with a copy to the Lessor, to apply any such amounts in the County Security Fund, if any, to any such partial prepayment, and the Lessor shall cause the Trustee, pursuant to the terms set forth in the Bond Resolution, to promptly comply with any such direction.

(b) The Lessee is further hereby granted the option to prepay and purchase all

of the Lessor's right, title and interest in and to the Renewable Energy Projects (but not the Capital Improvement Projects, if any) in whole, at the times set forth in Section 701(c) hereof, by paying to the Trustee the "Purchase Option Price", which for any date of calculation shall be the sum of (i) the aggregate amount of unpaid principal of the Bonds to their maturity date under the terms of the Bond Resolution and as set forth in the Lessee's notice to the Trustee of such prepayment, (ii) any interest accrued on the Bonds from the last Interest Payment Date thereof on which interest thereon was paid to the final maturity date set forth in clause (i) above, (iii) the redemption premium, if any, applicable to the payment of the Bonds on the maturity date set forth in clause (i) above, and (iv) any costs of redemption or defeasance or other Administrative Expenses incurred by any party to a Program Document in implementing such prepayment.

The Lessee may direct the Trustee in writing, with a copy to the Lessor, that all or a portion of the Purchase Option Price (where all of the Outstanding Bonds shall be paid) shall be funded from the County Security Fund, if any, and the Lessor shall cause the Trustee, pursuant to the terms set forth in the Bond Resolution, to promptly comply with any such direction.

(c) The prepayment options set forth in subsections (a) and (b) above may be exercised by the Lessee at any time by (i) giving written notice to the Trustee and the Lessor of the exercise of such option at least fifty-two (52) days prior to the final maturity date set forth in such notice, and (ii) if the prepayment shall occur before January 15, 2021, complying with any other requirements of Article XII of the Bond Resolution that may be required by the Trustee or the Lessor to defease the Bonds in accordance with the terms of the Bond Resolution, including, without limitation, a verification report from a nationally recognized accounting firm approved by the Trustee and the Lessor to the effect that the amount so prepaid shall equal the Purchase Option Price (for a full prepayment) and shall therefore be sufficient to defease the Bonds (in whole or in part, as the case may be) by paying all of the principal thereof and redemption premium, if any, thereon through and including the final maturity thereof, plus all interest accruing thereon to such final maturity date. Such option shall be exercised by depositing with said notice cash and/or Investment Securities in such amount as shall be sufficient, together with interest to accrue thereon, to pay the Bonds to be defeased on said redemption date.

(d) Notwithstanding any provision herein or in any Program Document to the contrary, the Lessee may not advance refund, currently refund or otherwise refund any Series of Bonds with bonds, notes or other obligations of the Lessee, or such other moneys available to the Lessee, and use such moneys to make any prepayments hereunder unless (i) provision has been made by the Lessee for the payment of all (A) principal of, redemption premium if any, and interest on the Series of Bonds being refunded to any redemption date and (B) Administrative Expenses of the Lessor relating thereto, and (ii) if applicable, prior written notification of any such refunding has been given to the Lessor. Notwithstanding the foregoing, the Lessor may, in its sole discretion at the times and under the circumstances and for the purposes set forth in the Bond Resolution, advance refund, currently refund, or otherwise refund any Series of Bonds, the allocation of the benefit from which shall be determined between the Lessor and the Lessee at the time of any such defeasance and/or refunding.

(a) direct the application of the Net Proceeds in the manner as set forth in Sections 801(a)(y) or 801(b)(y) above, thereby requiring the Lessee to complete the work relating to the Projects as so set forth, except that the Lessee shall itself pay any Project Costs in excess of the amount of the Net Proceeds, and, if by reason of any such insufficiency of the Net Proceeds the Lessee shall make any payments pursuant to the provisions of this Section 802(a), the Lessee shall not be entitled to any reimbursement therefrom from the Lessor, nor shall the Lessee be entitled to any diminution of the Lease Payments due hereunder with respect to the Projects;

(b) direct the application of the Net Proceeds in the manner as set forth in Section 801(a)(z) above, thereby requiring the Lessee to make an equity contribution to the extent the Net Proceeds are insufficient to cover the Purchase Option Price and thereupon exercise Lessee's option to purchase the Project in whole, in accordance with Article VII hereof, in which event the Net Proceeds shall be used toward this purpose; or

(c) direct the application of the Net Proceeds consistent with the determination contemplated in Section 801(b)(y) above, thereby causing the Net Proceeds to be applied to the payment of the Interest Portion and, to the extent available, the Principal Portion of the Basic Lease Payments due on the immediately succeeding Basic Lease Payment Date until all of the Net Proceeds have been so applied, in which event the Lessee shall not be entitled to any reimbursement therefrom from the Lessor nor shall the Lessee be entitled to any diminution of the Lease Payments due hereunder with respect to the Project. The Lessor and the Applicable Series 2011 Local Unit shall cooperate fully with the Lessee, at the sole cost and expense of the Lessee, in filing any proof of loss with respect to any insurance policy covering the casualties described in Section 801 hereof and in the prosecution or defense of any prospective or pending condemnation proceeding with respect to the Projects or any part thereof. In no event shall the Lessor or the Applicable Series 2011 Local Unit voluntarily settle, or consent to the settlement of, any proceeding arising out of any insurance claim or any prospective or pending condemnation proceeding with respect to the Projects or any part thereof, without the prior written consent of the Lessee.

**SECTION 804. Condemnation of Other Property Owned by Lessee.**

**ASSIGNMENT, SUBLEASING, MORTGAGING AND SELLING**

**SECTION 901. Assignment by Lessor.**

Except for this Company Lease Agreement and as otherwise provided below and in any other Program Document, including without limitation with respect to its payment obligations under the Power Purchase Agreement to the Series 2011 Local Units under the Local Unit License Agreements, or with respect to the assignment of the Reimbursement Collateral to the County and the County Security Provider, if any, under this County Guaranty Agreement and the County Security Agreement, if any and as applicable, the Lessor shall not assign its obligations under this Company Lease Agreement and no such purported assignment thereof shall be effective. All of the Lessor's right, title and interest in and in this Company Lease Agreement, the Lease Payments and the other amounts due to it hereunder and under the Project shall be assigned by the Lessor to the Trustee pursuant to the pledge of the Trust Estate under the Bond Resolution no later than the execution and delivery hereof.

**SECTION 902. Lease Payments to Trustee.**

The Lessor and the Lessee hereby agree that from and after the adoption of the Bond Resolution and the execution of this Company Lease Agreement, so long as the same shall remain in effect, payment by the Lessee to the Trustee or, if applicable, to the successor thereof of any moneys or sums due hereunder from the Lessee to the Lessor shall satisfy the obligation of the Lessee to pay such money or sums.

**SECTION 903. Assignment and Subleasing by Lessee.**

This Company Lease Agreement may not be assigned or subleased by the Lessee without the prior written consent of the Lessor and the Applicable Series 2011 Local Units, in their sole discretion, as the Lessee entered into this Company Lease Agreement as the successful respondent pursuant to the Company RFP and all applicable law, and the Lessor and the Series 2011 Local Units have selected the Lessee, and not any assignee, to receive the rights, and perform the duties and obligations hereunder. Any such purported assignment or sublease shall be deemed null and void without such prior written consent.

**SECTION 904. Restriction on Mortgage or Sale of Project by Lessee.**

The Lessee shall not mortgage, sell, assign, transfer or convey the Projects or any portion thereof during the Term of this Company Lease Agreement without the prior written consent of the Lessor and the Applicable Series 2011 Local Units, in their sole discretion, as the Program Documents contemplate such Projects being available, directly in the case of the Capital Improvement Projects, or indirectly in the case of the Renewable Energy Projects as a source of power, for the benefit of the Series 2011 Local Units.

(i) The Lessee fails to (A) make any Basic Lease Payment as it becomes due or (B) make any Additional Lease Payment as it becomes due or maintain any insurance requirement set forth hereunder, and in the case of (B) only, such failure is not cured within thirty (30) days after written notice thereof has been given to the Lessee by the Lessor or the Trustee; provided, however, if the Basic Lease Payment is paid with funds from the County Reserve, such payment will not constitute an Event of Default.

(ii) The Lessee fails to perform or observe any other covenant, condition or agreement to be performed or observed by it hereunder or under any Company Document, and such failure is not cured within ninety (90) days after written notice thereof has been given to the Lessee by the Lessor or the Trustee; provided, however, that if such failure cannot be cured within said ninety (90) day period, the Lessee shall not be in default if it has commenced to cure within such ninety (90) day period, it continuously proceeds with the cure, and if such action to cure the default is acceptable to the Lessor and the Lessor indicates the same in writing.

(iii) The discovery by the Lessor or the Trustee that any material statement, representation or warranty made by the Lessee in this Company Lease Agreement, or in any writing delivered by the Lessee pursuant hereto or in connection herewith, is false, misleading or erroneous in any material respect.

(iv) The Lessee becomes insolvent or admits in writing its inability to pay its debts as they mature or applies for, consents to or acquiesces in the appointment of a trustee, receiver or custodian for the Lessee or a substantial part of its property; or in the absence of such application, consent or acquiescence, a trustee, receiver or custodian is appointed for the Lessee or a substantial part of its property and is not discharged within sixty (60) days; or any bankruptcy, reorganization, debt arrangement, moratorium or other proceeding under bankruptcy or insolvency law, or any dissolution or liquidation proceeding, is instituted by or, if permitted by law, against the Lessee and, if instituted against the Lessee, is consented to or acquiesced in by the Lessee or is not dismissed within sixty (60) days.

(b) Upon the occurrence of an Event of Default under this Section 1001, the Trustee shall transmit a written notice, including electronic mail, of such Event of Default to the Lessor, the Lessee and the Series 2011 Local Units within thirty (30) days of the Trustee's knowledge thereof.

(c) Upon the occurrence of an Event of Default under this Section 1001, all obligations of the Lessee under this Company Lease Agreement shall remain in full force and effect.

(a) Upon the occurrence and continuation of any Event of Default as described in Section 1001 hereof, at the option of the Lessor, the Mandatory Purchase Price with respect to the Project shall become immediately due and payable by the Lessee upon the Lessor's declaration. #### SECTION 1004. Election of Remedies; No Waiver of Elected Remedies.

No failure on the part of either party to exercise, and no delay in exercising any right or remedy so provided for herein, shall operate as a waiver thereof, nor shall any single or partial exercise by either party of any right or remedy so provided hereunder preclude any other or further exercise of any other right or remedy provided hereunder.

#### SECTION 1005. No Additional Waiver Implied by One Waiver.

In the event any agreement contained in this Company Lease Agreement should be breached by either party and thereafter waived by the other party, such waiver shall be limited to the particular breach so waived and shall not be deemed to waive any other breach hereunder, and shall not be construed to be an implied term hereof or a course of dealing between the parties hereto.

#### SECTION 1006. Agreement to Pay Attorneys' Fees and Expenses.

In the event either party to this Company Lease Agreement should default under any of the provisions hereof and the non-defaulting party should employ attorneys or incur other expenses for the collection of moneys or the enforcement, performance or observance of any obligation or agreement on the part of the defaulting party herein contained, the defaulting party agrees that it shall, on demand therefor, pay to the non-defaulting party the reasonable fees of such attorneys and such other expenses so incurred by the non-defaulting party.

#### SECTION 1007. Late Charges.

Whenever any payment of Lease Payments is not made when due, the Lessee promises to pay to the Lessor, in addition to the amount due, interest thereon at the Overdue Rate; provided, however, that this Section 1007 shall not be applicable if or to the extent the application thereof would affect the validity of this Company Lease Agreement.

No delay or omission to exercise any right or power accruing upon any default shall impair any such right or power or shall be construed to be a waiver thereof. Any such right or power may be exercised from time to time and as often as may be deemed expedient, and any one exercise thereof shall not be deemed an exclusive exercise. To entitle any party to exercise any remedy reserved to it in this Company Lease Agreement, it shall not be necessary to give any notice other than as may be specifically required in this Company Lease Agreement.

provisions of Section 5.07(1)(b) of the Bond Resolution

(iv) With or without terminating this Company Lease Agreement, declare all Lease Payments due or to become due hereunder to be immediately due and payable by the Lessee, whereupon such Lease Payments shall be immediately due and payable.

(v) Take whatever action at law or in equity may appear necessary or desirable to collect the Lease Payments then due and thereafter to become due hereunder with respect to the Project or to enforce performance and observance of any obligation, agreement or covenant of the Lessee under this Company Lease Agreement.

(b) Notwithstanding any other provisions of this Section 1002, in no event shall there be any transfer of any Renewable Energy Project or any interest therein to any person (such as a governmental entity) if such transfer would result in a Tax Benefit Recapture Event as described in Section 609.

#### SECTION 1003. Reinstatement.

Notwithstanding any termination of this Company Lease Agreement that shall be made in accordance with the provisions of Section 1002 hereof, unless the Lessor shall have entered into a firm bilateral agreement providing for the letting of the Project for a period of at least one year, if, after the maturity of the Outstanding Bonds shall have been accelerated by the Trustee (upon the occurrence of an Event of Default) under the terms of the Bond Resolution, (a) all arrearages of interest on such Outstanding Bonds and interest on overdue installments of principal, redemption premium, if any, and (to the extent permitted by law) interest on such Bonds at a rate per annum equal to the highest rate per annum borne by any of the Bonds shall have been paid, (b) the principal and redemption premium, if any, on all Outstanding Bonds that have become due and payable (other than by an acceleration) shall have been paid, (c) all other sums payable under the terms of the Bond Resolution, except the principal of and the interest on such Bonds that by such acceleration shall have become due and payable, and under the terms of the other Program Documents shall have been paid, (d) all other things shall have been performed in respect of which there was an Event of Default; (e) the reasonable fees and expenses of the Lessor, the Trustee, the Series 2011 Local Units, the County, the County Security Provider, and the Bondholders, including Administrative Expenses thereof (including reasonable attorneys' fees paid or incurred) shall have been paid, and (f) such acceleration under the terms of the Bond Resolution is rescinded, then the Lessee's Event of Default hereunder shall be waived without further action by the Trustee or the Lessor or any other Renewable Energy Program Interested Party. Upon such payment and waiver, this Company Lease Agreement shall be fully reinstated as if it had never been terminated, and the Lessee shall be restored to the use, occupancy and possession of the Renewable Energy Projects and the other Leased Property.

WHEREAS, the Company Proposal, including the Equity Contribution and the funding of the County Reserve described above, has been deemed acceptable by the County and the Authority, in lieu of the amount of funds contemplated by the Company RFP to be deposited in the County Security Fund because the Company Proposal, including the Equity Contribution and the funding of the County Reserve described above, reduces the amount of the Series 2011 Bonds required to be issued by the County and (ii), shall eliminate the need to fund any County Deficiency Amount (as defined in the Company RFP);

WHEREAS, should the County otherwise have insufficient sources of funds to make its Basic Lease Payments on time and in full, the Company shall have the ability to draw funds from the County Reserve in order to enable the Company to make its Basic Lease Payments;

(b) The Lessee shall be entitled to a credit against Basic Lease Payments for unused moneys held in the Project Fund in accordance with Section 510(c)(i)(B) hereof, and for earnings on other funds held by the Trustee and certain other Revenue Fund transfers in accordance with Section 510(b) hereof, all at the times and in the amounts and determined in accordance with the provisions of the Bond Resolution and this Company Lease Agreement; provided, however, that such credits, if applicable, shall be applied first to the Interest Portion and then the Principal Portion of Basic Lease Payments and second to Additional Lease Payments due, if any.

(c) Notwithstanding anything to the contrary herein, the Lessee may make any and all Lease Payments in immediately available funds through wire transfer or otherwise, to the extent the Trustee or other payee consents in writing to such method of delivery.

##### SECTION 302. Lease Payments to be Unconditional, Except for Power Purchase Price Payments; No Abatement or Set-Off.

(a) Except as set forth in clauses (i) and (ii) below, the obligation of the Lessee to make Lease Payments in full and when due shall be absolute and unconditional in all events, including without limitation any circumstance regarding the Projects, regardless of whether any such event shall be foreseen or otherwise, and regardless of whether any such event shall occur by accident or otherwise. The Lessee hereby acknowledges and irrevocably covenants that the terms of this Company Lease Agreement create a valid and binding obligation of the Lessee to make Lease Payments from any available source under all circumstances.

(i) Lessee shall receive a credit against the Interest Portion of any Basic Lease Payment due and owing on any Basic Lease Payment Date to the extent of all Power Purchase Price Payments made by the Series 2011 Local Units and received by the Trustee since the immediately prior Basic Lease Payment

(ii) Lessee shall receive a credit against the Principal Portion of any Basic Lease Payment due and owing on any Basic Lease Payment Date to the extent of any remaining Power Purchase Price Payments made by the Series 2011 Local Units and received by the Trustee since the immediately prior Basic Lease Payment Date, after accounting for the application of the credit set forth in clause (i) above.

(iii) For purposes of applying this credit, Power Purchase Price Payments made by the Series 2011 Local Units and received by the Trustee within ten (10) Business Days of any Basic Lease Payment Date shall be deemed to have been received by the Trustee the Business Day after such Basic Lease Payment Date (and therefore the Lessee shall not be entitled to a credit for such amounts paid by the Series 2011 Local Units until the following Basic Lease Payment Date). The Lessor shall cause the Trustee, pursuant to the terms of the Bond Resolution, to notify the Company in writing (with a copy to the Lessor) of the aggregate amount of all Power Purchase Price Payments made by the Series 2011 Local Units since the prior Basic Lease Payment Date that are available for such credit, (A) as of the date that is thirty (30) days' prior to each Basic Lease Payment Date, and (B) on the Business Day immediately following the ten (10) Business Day credit cutoff date noted above.

(b) Notwithstanding any dispute between the Lessor and the Lessee, or between or among any party hereto and any one or more of any Renewable Energy Program Interested Party or any other person, in any case concerning any provision of any Program Document, the Lessee shall make all Lease Payments in full and when due, and the Lessee shall not withhold any Lease Payment pending final resolution of such dispute, nor shall the Lessee assert against the Lessor, the Trustee, any Renewable Energy Program Interested Party or any other person any right of set-off, recoupment or counterclaim against its obligation to make such Lease Payments, regardless of whether or not the Projects are completed, available for use, or used by the Lessee or any other Renewable Energy Program Interested Party, as applicable.

(c) However, nothing herein shall be construed to release the Lessor from the performance of its obligations hereunder; and if the Lessor should fail to perform any such obligation, the Lessee may institute such legal action against the Lessor as the Lessee may deem necessary to compel the performance of such obligation, but if and only if the Lessee is not in default under the terms of this Company Lease Agreement and if the Lessee shall have paid all amounts that are required to be paid pursuant to the terms of this Company Lease Agreement; and if the Lessee shall have performed all of its obligations under the terms of this Company Lease Agreement and continues to pay and perform as provided herein, the Lessee shall not be precluded from bringing any action it may otherwise have against the Lessor.

(b) To the extent this Company Lease Agreement is terminated and the Renewable Energy Projects are eligible for sale by the Lessee to the Applicable Series 2011 Local Units for Fair Market Value in accordance with Section 609(d) hereof, but no accommodation on sale price or other terms shall be reached in accordance with Section 3.7(b) of the Power Purchase Agreement, and the Lessee shall accordingly be prospectively entitled to the full use and enjoyment of any such Renewable Energy Projects, the Lessee shall (i) promptly remove such Renewable Energy Projects from the Local Unit Facilities for such Applicable Series 2011 Local Units and (ii) expend such sums, and take all such other actions necessary to return the Capital Improvement Projects, if any, for any such Applicable Series 2011 Local Units to the CIP Acceptance State, or if no Capital Improvement Projects, to the state of the Local Unit Facility prior to the commencement of the Local Unit License Agreement for each respective Series 2011 Local Unit, after giving effect to the normal wear and tear thereon or thereto from that would ordinarily degrade the state of any such Capital Improvement Projects or Local Unit Facility from the date of any such CIP Acceptance Certificate, or if none, from the date of the Applicable Local Unit License Agreement, to the date of any such termination, the intent of this clause being for the Lessee to repair only such damage caused by or on behalf of the Lessee, including by any Contractor, to any such Capital Improvement Projects, if any, or Local Unit Facility, as applicable, from either (A) the Lessee's operation and maintenance of such Renewable Energy Projects or (B) the Lessee's removal of such Renewable Energy Projects.

(c) To the extent this Company Lease Agreement is terminated and the Renewable Energy Projects are sold by the Lessor to the Applicable Series 2011 Local Units for nominal consideration in accordance with Section 609(f) hereof (after a Lessee Event of Default), Lessee shall (i) take no action regarding the removal of any such Renewable Energy Projects

(ii) To the extent the amount on deposit in the Aged Account of the Revenue Fund, including interest earnings thereon, are transferred to the Interest Account of the Debt Service Fund in accordance with the provisions of Section 5.05(4)(b)(i) of the Bond Resolution prior to any Basic Lease Payment Date, the Lessee shall be entitled to a credit in the amount of such transfer against the next due Interest Portion of Basic Lease Payments due and owing from the Lessee, and if not fully applied, against the next due future Interest Portion, and then Principal Portion, of Basic Lease Payments until fully applied. ## ARTICLE IV

### LEASE OF LEASED PROPERTY; TERM OF COMPANY LEASE AGREEMENT

#### SECTION 401. Lease of Leased Property.

(a) The Lessor hereby agrees to (i) finance its share of the Renewable Energy Projects and the Capital Improvement Projects, if any, for the Series 2011 Local Units, through the issuance of the Series 2011 Bonds, the balance of which shall be financed by or on behalf of the Lessee through the Equity Contribution, and (ii) enter into the Local Unit License Agreements with the Series 2011 Local Units, thereby giving the Lessor nominal ownership of the Renewable Energy Projects, and providing the Company with a license and access to the Local Unit Facilities for the Series 2011 Local Units.

(b) The Lessee hereby agrees to (i) design, permit, acquire, construct, install, operate and maintain the Renewable Energy Projects as described on Exhibit A-1 hereof and (ii) design, permit, acquire, construct, renovate, and install the Capital Improvement Projects, if any, as described on Exhibit A-2 hereof, all for the Series 2011 Local Units.

(c) Upon the acquisition of title to the Leased Property from the Contractor (the timing of which does not adversely affect the Lessee's obligations hereunder, including the obligations to make Lease Payments), the Lessor hereby agrees to lease to the Lessee, except for the Reserved Rights, all of its right, title and interest in and to the Leased Property for the duration of the Lease Term hereof, and to grant to the Lessee an option to purchase the Leased Property as set forth in Article VII hereof. The Lessee hereby agrees to take and lease from the Lessor, other than the Reserved Rights, all of the Lessor's right, title and interest in and to the Leased Property on the terms and conditions set forth in this Company Lease Agreement, including, without limitation, all of the Lessee's duties and obligations under the Program Documents. The lease of the Leased Property from the Lessor to the Lessee is also intended to convey to the Lessee any product of the Leased Property, including any right, title and interest of the Lessor in and to the SRBECs and the right to electricity generated from the Renewable Energy Projects for the Series 2011 Local Units at their respective Local Unit Facilities, subject to the terms and conditions of the Program Documents. The Lessor hereby acknowledges the Lessee's intent to exercise such option to purchase the Leased Property during or upon the termination of the Lease Term.

(d) It is an express purpose of this Company Lease Agreement that the benefits and burdens of owning the Leased Property being conveyed by the Lessor to the Lessee pursuant to this Company Lease Agreement be such that the Lessee shall be deemed to be the owner of the Leased Property for purposes of the Code. Accordingly, Lessor and Lessee agree and acknowledge that, for federal income tax purposes: (i) Lessee will treat the use of Series 2011 Bond proceeds to purchase, construct and install the Renewable Energy Projects as construction loan advances of Series 2011 Bond proceeds to Lessee by Authority; (ii) Lessee will treat all payments (or credits against such payments) made under this Company Lease Agreement

100016345-3

- 47 -

as payments of interest and principal to the Authority with respect to such construction loan, with an allocation of principal and interest based upon the Authority's related principal and interest payments on the Series 2011 Bonds; and (iii) Lessee will report all payments made by the Series 2011 Local Units under the Power Purchase Agreements as revenues earned by Lessee. Notwithstanding the foregoing, for State law purposes, Lessor and Lessee agree that under the Program Document structure, any benefit to the Company shall be deemed incidental, the primary purpose of the Renewable Energy Program being to provide the Series 2011 Local Units with electricity at multi-year locked in rates to the greatest extent practicable below tariff, which goal has been effectively realized through the financing structure contemplated by the Program Documents.

#### SECTION 402. Lease Term.

(a) This Company Lease Agreement shall be and remain in effect with respect to the Leased Property (the "Lease Term") commencing on the date of authorization, execution, authentication and delivery of the Series 2011 Bonds that shall finance, among other things, the Renewable Energy Project component of the Leased Property, and continuing until terminated as provided for in this Section 402. The Term of this Company Lease Agreement shall terminate upon the occurrence of the first of the following of events:

(i) The exercise by the Lessee of its option or its requirement to purchase the Lessor's entire interest in the Leased Property pursuant to Article VII hereof;

(ii) The occurrence and continuation of an Event of Default hereunder by the Lessee and the Lessor's election to exercise remedies under this Company Lease Agreement pursuant to Section 1002 hereof;

(iii) Subject to an extension of this Company Lease Agreement in accordance with clause (iv) below, which provisions shall control even if the other requirements of this clause (iii) have been satisfied, the occurrence of all of the following: (A) the payment by the Lessee of all Lease Payments, which requirement as to Basic Lease Payments (unless sooner terminated or extended in accordance with the provisions hereof) shall be fully satisfied on December 15, 2027 (unless extended by an amendment hereto resulting from the issuance of Additional Bonds), (B) the Bonds, including the Series 2011 Bonds, shall no longer be Outstanding under the Bond Resolution, and if the provisions of Section 703(b) are applicable, and (C) on the date specified in the Certificate of Authorized Officer of the Lessee required by Section 703(b)(iii); or

(iv) The expiration date of any extension to the initial term of this Company Lease Agreement, which initial term would be determined by clauses (i), (ii), and (iii) above, as such extension date shall be set forth in any amendment of this Company Lease Agreement (in accordance with the

(b) In the event that the Lessee is unable to comply with its requirements under this Company Lease Agreement prior to the execution of any Acceptance Certificate or if for any reason the design, permitting, acquisition, construction, renovation and installation of any Project is delayed, there shall be no resulting liability on the part of the Lessor and there shall be no diminution in or postponement of the amounts that are due and payable by the Lessee to the Lessor under the terms of this Company Lease Agreement.

**SECTION 505. Additional Rights of Lessee.**

The Lessor agrees that the Lessee shall, at its own expense, have the right to make immaterial changes to any Project or to make such additions, modifications and improvements thereto as in the Lessee's judgment are necessary to enable it to perform its obligations under this Company Lease Agreement without materially impairing the Project or materially changing the design of the Project from the Plans and Specifications; provided, however, that none of the foregoing shall in any way damage the Project or cause the Project to be used for purposes other than those authorized under the provisions of all applicable law. With respect to any such additions (only) to the Project in accordance with the provisions of this Section 505, such additions shall for all purposes of this Company Lease Agreement be deemed to be and remain the property of the Lessee and shall not become part of the Project, and any such item may be removed, altered or changed by the Lessee upon or before the termination of this Company Lease Agreement; provided, however, that such removal, alteration or change shall not damage the Project or, if any such damage shall occur, the Lessee shall repair the same at its sole cost and expense.

**SECTION 506. Maintenance and Use of Project; Lessor Access; Repairs Not to Create Liens.**

(a) With respect to the Renewable Energy Projects or a portion thereof financed under this Company Lease Agreement, the Lessee shall, at its own and sole expense, maintain, preserve and keep such Projects or any portion thereof, as the case may be, in good repair, working order and condition, and shall from time to time make all repairs, replacements and improvements necessary to keep such Projects or any portion thereof in such condition. The requirements to repair and keep the Capital Improvement Projects in good working order shall remain with the owners thereof, the Applicable Series 2011 Local Units.

(b) The Lessee agrees that the Lessor and the Applicable Series 2011 Local Unit shall have the right (but not the obligation) to enter upon the premises at reasonable times and upon reasonable notice in a reasonable manner where the Renewable Energy Projects or a portion thereof, as the case may be, is located in order to inspect the same for the purpose of assuring that such Renewable Energy Projects are being properly maintained, preserved and kept in good repair and condition. The Lessee further agrees that the Lessor or the Applicable Series 2011 Local Unit shall have such rights of access to such Renewable Energy Projects as may be reasonably necessary to cause the proper maintenance, preservation and keeping in good repair of

100016345-3

- 53 -

such Renewable Energy Projects in the event of a failure by the Lessee to perform its obligations hereunder, which rights of access shall in no way imply any obligation on the part of the Lessor or the Applicable Series 2011 Local Unit.

(c) The Lessee shall not permit any mechanic's or materialmen's or other lien to be established or remain against any portion of the Projects for labor or materials furnished in connection with any remodeling, additions, modifications, improvements, repairs, renewals or replacements made by the Lessee pursuant to Section 505 hereof and this Section 506, other than Permitted Encumbrances; provided, however, that if any such lien is established and the Lessee notifies the Lessor of its intention so to do, the Lessee may, in good faith, contest any lien filed or established against the Projects and, in such event, permit the items so contested to remain undischarged and unsatisfied during the period of such contest and any appeal therefrom, unless the Lessor shall notify the Lessee that, in the opinion of independent counsel, by nonpayment of any such item, the interest of the Lessor or the Applicable Series 2011 Local Unit in such Project shall be materially endangered or such Project or any part thereof shall be subject to loss or forfeiture, in which event the Lessee shall promptly pay and cause to be satisfied and discharged all such unpaid items or provide the Lessor and the Applicable Series 2011 Local Unit with full security against any such loss or forfeiture. The Lessor shall cooperate, and shall cause the Applicable Series 2011 Local Unit to cooperate fully with the Lessee in any such contest upon such request at the sole cost and expense of the Lessee.

**SECTION 507. Possession and Enjoyment of Projects during Lease Term.**

(a) From and after the execution and delivery of the REP Acceptance Certificate with respect to the applicable Renewable Energy Projects, the Lessor hereby agrees that during the Lease Term the Lessee, so long as the Lessee is not in default hereunder, shall have the quiet use and enjoyment of such Renewable Energy Projects, and the Lessee shall during such Lease Term peaceably and quietly have, hold and enjoy such Renewable Energy Projects, without suit, trouble or hindrance from the Lessor, any 2011 Local Unit, or any party claiming under or through the Lessor or such Local Unit, except as expressly set forth in the Program Documents. The Lessor and the Applicable Series 2011 Local Unit shall, at the request of the Lessee and at the Lessee's sole cost and expense, join in any legal action in which the Lessee asserts its right to such possession and enjoyment against any third-party to the extent the Lessor and the Applicable Series 2011 Local Unit lawfully may so do; in addition, the Lessee, while not in default hereunder, may in its discretion and at its sole cost and expense bring any such action in the name of the Lessor.

(b) From and after the execution and delivery of the CIP Acceptance Certificate with respect to the applicable Capital Improvement Projects, if any, the Lessor and the Lessee hereby agree that during the Lease Term, the Applicable Series 2011 Local Unit, as fee owner thereof, shall have the quiet use and enjoyment of such Capital Improvement Projects, and the Applicable Series 2011 Local Unit shall during such Lease Term peaceably and quietly have, hold and enjoy such Capital Improvement Projects, without suit, trouble or hindrance from the Lessor or the Lessee, or any party claiming under or through the Lessor or the Lessee, except as

may be expressly set forth in the Program Documents.

**SECTION 508. Lessee's Negligence.**

Subject to Section 608 hereof, the Lessee assumes all risks and liabilities, whether or not covered by insurance, for loss or damage to the Projects, or any portion thereof, and for injury to or death of any person or damage to any property, whether such injury or death be with respect to agents or employees of the Lessee or of Contractors or other third parties, and whether such property damage be to the Lessee's property or to the property of others, which injury, death or damage is proximately caused by the negligent conduct of the Lessee or its officers, employees and agents, including any Contractors. The Lessee hereby assumes responsibility for and agrees to reimburse the Lessor and the Applicable Series 2011 Local Unit for all liabilities, obligations, losses, damages, penalties, claims, actions, costs and expenses (including reasonable attorneys' fees), of whatsoever kind and nature, imposed on, incurred by or asserted against the Lessor or the Applicable Series 2011 Local Unit that in any way relate to or arise out of a claim, suit or proceeding based in whole or in part upon the negligent conduct of the Lessee or its officers, employees and agents, and to the maximum extent permitted by law.

**SECTION 509. Project Costs; Payment.**

(a) The Project Costs to be incurred by the Lessee, or on behalf of the Lessee by any Contractor, relating to the acquisition, construction, and installation of the Renewable Energy Projects and the acquisition, construction, renovation and installation of the Capital Improvement Projects for all Series 2011 Local Units have been estimated by the Lessee under the Company RFP to be an aggregate amount not to exceed the sum of the Maximum Gross Bond Funded Project Cost Amount plus the Equity Contribution. Accordingly, the Lessor shall cause the Series 2011 Bonds to be issued, and further, shall cause the Maximum Net Bond Funded Project Cost Amount to be deposited in the Project Fund upon issuance of the Series 2011 Bonds pursuant to Section 2.03(7)(c)(i) and (ii) of the Bond Resolution. The Lessee represents that such initial deposit of the Maximum Net Bond Funded Project Cost Amount, together with interest to be earned thereon prior to disbursement in accordance with the terms hereof and of the Bond Resolution giving rise to the Maximum Gross Bond Funded Project Cost Amount, together with the Equity Contribution, shall be sufficient to pay all of the Costs to design, permit, acquire, construct, and install all of the Renewable Energy Projects and to design, permit, acquire, construct, renovate, and install all of the Capital Improvement Project Costs, in either case for all of the Series 2011 Local Units on, in or about their Local Unit Facilities and in accordance with the Plans and Specifications.

(b) It is expressly acknowledged by the Lessee and the Lessor that the Lessor shall be under no obligation to issue any Bonds in an amount in excess of the Maximum Net Bond Funded Project Cost Amount to fund any Project Cost, including the Costs of any Completion Project related to either the Renewable Energy Projects or the Capital Improvement Projects of the Series 2011 Local Units on, in or about their Local Unit Facilities, unless the Authority agrees to issue a Series of Additional Bonds pursuant to the provisions of Section

100016345-3

- 55 -

202(h) hereof.

(c) Any Project Costs in excess of such estimated Project Cost amount as set forth in subsection (a) above shall be solely borne by and solely paid from any funds available to the Lessee (which shall not include monies under the Bond Resolution, absent the Lessor's written consent). The Lessee hereby covenants to complete all of the Projects in accordance with the Plans and Specifications regardless of the actual Costs of such Projects and regardless of the amounts remaining on deposit in the Project Fund to pay such Project Costs. To the extent the Lessee shall complete all of the Projects in accordance with the Plans and Specifications in an aggregate amount less than any such deposit, plus estimated investment earnings, in the amount of such estimated Project Costs, any excess amounts remaining on deposit in the Project Fund, after the final Acceptance Certificate shall have been filed by the Lessee in accordance with the terms hereof, shall be applied as a credit to the next due Basic Lease Payments otherwise due and owing by the Lessee in accordance with Section 510(e)(i)(B) hereof and Section 5.02(3)(b) of the Bond Resolution.

(d) The Lessee shall cause moneys on hand from time to time in the Project Fund, held by the Trustee, to be made available for payment of all Project Costs, in the manner provided herein for submission of Draw Papers, including Sections 510 and 511 hereof, and in the Bond Resolution, including Sections 5.02(1) and 5.02(2)(a) thereof. The Lessee may cause moneys on hand from time to time in the Project Fund held by the Trustee to be made available for payment of all Company Development Fees and Expenses up to an aggregate amount of \$300,000 unless the Lessee receives the written acknowledgment of a higher ceiling from the Lessor, through the submission of a Certificate of an Authorized Officer of the Lessee substantially in the form of Exhibit D hereto, and otherwise following the terms set forth in Section 5.02(2)(b) of the Bond Resolution; provided, however, that notwithstanding the foregoing, the Lessee may not withdraw moneys from the Project Fund for payment of Company Development Fees and Expenses in excess of \$500,000, excluding those third-party and other Company Development Fees and Expenses approved by the Authority and paid upon issuance of the Series 2011A Bonds or thereafter, until the Company has satisfied, or caused the satisfaction of, all of the Completion Conditions. The Lessee, at its sole discretion, may apply less of the aggregate amount on deposit in the Project Fund and earmarked for payment of Company Development Fees and Expenses to such purpose, and instead apply all or a portion of such amount (including any interest earned thereon) toward Costs of the Renewable Energy Projects or Capital Improvement Projects in the manner contemplated by Sections 510 and 511 hereof, and Section 5.02(2)(a) of the Bond Resolution. Any moneys remaining on deposit in the Project Fund, including interest earnings, upon the payment of all Project Costs (for which the Company shall submit Draw Papers) and all Company Development Fees and Expenses (for which the Company shall submit such Exhibit D form Certificate), shall be applied in the manner set forth in Section 510(e) hereof.

**SECTION 510. Submission of Draws; Procedures; Acceptance Certificates.**

An amount equal to the lesser of (i) such aggregate amount of funds needed and (ii) the amount of funds available in the Project Fund (and not otherwise earmarked to pay the Costs of the Projects for the other Series 2011 Local Units) shall be applied to the payment of such Project Costs upon submission of the Draw Papers in accordance with subsection (c) below.

(c) Except as otherwise provided in Section 5.11 hereof, the Lessee shall cause the Trustee to make payments from the Project Fund to the Contractors under the Development Contracts or other third-party vendors, in either case for Costs of the Projects, but only after the Lessee shall have supplied the Trustee with a duly authorized, completed and executed requisition from the Lessee substantially in the form of Exhibit C hereto (together with any attachments thereto, the "Draw Papers"), each executed by the Lessee, acknowledged by the Applicable Series 2011 Local Unit (in accordance with Section 4.1(d) of the Local Unit License Agreements, including the authority therein to delegate such right and obligation to the Construction Manager), and acknowledged as to form only by the Lessor (in accordance with Section 4.1(c) of the Local Unit License Agreements, including the authority therein to delegate such right and obligation to the Construction Manager), stating with respect to each such payment to be made: (i) the requisition number, (ii) the name and address of the Contractor, other person, other corporation or other entity to which payment is due or, if for reimbursement to the Lessee, to which Contractor, other person, other corporation or other entity and when payment has previously been made by the Lessee, and as applicable in either case, the Development Contract under which such payment is or was due, (iii) the amount to be paid, (iv) the Renewable Energy Project or Capital Improvement Project to which such payment is to be applied, including the Applicable Series 2011 Local Unit and their Local Unit Facility, (v) that such payment obligation has been properly incurred in accordance with the Plans and Specifications, is an item of the Cost of such Project, is a proper charge against the Project Fund, and has not been the basis of any previous withdrawal, (vi) that attached thereto is a bill, invoice, receipt or other evidence that payment on such Project Cost is due and owing or has been paid by or on behalf of the Lessee, Lessee also agrees to file a monthly Initial Project Workforce Form AA201, and (vii) the amount being requisitioned shall not exceed seventy percent (70%) of any Renewable Energy Project Cost for which payment is being sought, it being expressly understood by the Lessee that for each requisition being submitted, the Lessee shall pay or cause to be paid at least thirty percent (30%) from the Equity Contribution (the ratio of not exceeding seventy percent (70%) payment from requisition and at least thirty percent (30%) payment from Equity Contribution for each Project Cost for which a requisition is submitted shall be defined herein as the "Draw Paper Ratio"), substantially in the form of, and consistent with the instructions included in, Exhibit C-1 attached hereto, with the Lessor and the Division of Public Contracts

All such policies shall provide that the Applicable Series 2011 Local Units and the Lessor shall be given not less than thirty (30) days' notice of each expiration, any intended cancellation and any intended reduction of the coverage provided thereby.

(c) Neither the Applicable Series 2011 Local Units nor the Authority shall be responsible for the sufficiency of any insurance herein required, and shall be fully protected in accepting payment on account of such insurance or any adjustment, compromise or settlement of any loss agreed to by the Applicable Series 2011 Local Units or the Authority, as the case may be.

(d) The Lessee shall cause to be delivered to the Applicable Series 2011 Local Units and the Lessor on each anniversary of the date of issuance of the Series 2011 Bonds a Certificate of an Authorized Officer of the Lessee, satisfactory to the Applicable Series 2011 Local Units and the Lessor, that the insurance policies required by this Company Lease Agreement are in full force and effect.

**ARTICLE VII**

**OPTION TO PURCHASE; PREPAYMENT OF LEASE PAYMENTS**

**SECTION 701. Lessee's Prepayment and Purchase Option; Purchase Option Price.**

(a) The Lessee is hereby granted the option to prepay its Basic Lease Payments in part, in accordance with Section 8.07 of the Bond Resolution. Any partial prepayment shall not affect the Lessor's right, title and interest in and to the Renewable Energy Projects, nor the Series 2011 Local Units' right, title and interest in and to the Capital Improvement Projects. At the Lessee's option, as directed in a Certificate of an Authorized Officer of the Company delivered by the Company to the Trustee, the Lessor, and the County accompanying any such partial prepayment, any such partial prepayment shall be either (i) credited to the next due Interest Portion of Basic Lease Payments due from the Lessee, and if not fully applied, to the next due Principal Portion of Basic Lease Payments due from the Lessee, and then to the next due future Interest Portion, and then Principal Portion, of Basic Lease Payments until fully applied or (ii) applied to defease Outstanding Bonds in the manner contemplated by Article XII of the Bond Resolution, and in the amounts and on the dates as set forth in any such partial prepayment Certificate of the Company, which in the case of such defeasance option selected by the Company, such Certificate of the Company shall be acknowledged by an Authorized Officer of the Authority to the effect that such dates and amounts conform to the requirements of the Bond Resolution. Upon any such partial prepayment, new schedules reflecting the revised Basic Lease Payments due from the Lessee, taking into account any such partial prepayment, shall be attached by the Lessor hereto.

The Lessee may not utilize funds in the County Security Fund or Restoration Security Fund, if any, toward any such partial prepayment; provided, however, that such limitation does not extend to monies previously released from the County Security Fund and transferred to the Aged Account in the Revenue Fund in accordance with Section 5.07(3)(a) of the Bond Resolution at the time of any such partial prepayment; provided, further however, that such limitation does not extend to such amounts that would be eligible for release pursuant to the calculations referred to in Section 5.07(3)(a) of the Bond Resolution immediately after any such partial prepayment (to the extent the Series 2011 Bonds will not be redeemed simultaneously with the prepayment, the Series 2011 Bonds that will be defeased upon the prepayment shall not be considered Outstanding for purposes of such calculations, and therefore can be released and applied to any such prepayment if the calculations so warrant release), to the extent the Lessor has verified such calculations in writing to the Lessee and the Trustee. In any such instance where this limitation does not so extend, the Lessee may direct the Trustee in writing, with a copy to the Lessor, to apply any such amounts in the County Security Fund, if any, to any such partial prepayment, and the Lessor shall cause the Trustee, pursuant to the terms set forth in the Bond Resolution, to promptly comply with any such direction.

(b) The Lessee is further hereby granted the option to prepay and purchase all

of the Lessor's right, title and interest in and to the Renewable Energy Projects (but not the Capital Improvement Projects, if any) in whole, at the times set forth in Section 701(c) hereof, by paying to the Trustee the "Purchase Option Price", which for any date of calculation shall be the sum of (i) the aggregate amount of unpaid principal of the Bonds to their maturity date under the terms of the Bond Resolution and as set forth in the Lessee's notice to the Trustee of such prepayment, (ii) any interest accrued on the Bonds from the last Interest Payment Date thereof on which interest thereon was paid to the final maturity date set forth in clause (i) above, (iii) the redemption premium, if any, applicable to the payment of the Bonds on the maturity date set forth in clause (i) above, and (iv) any costs of redemption or defeasance or other Administrative Expenses incurred by any party to a Program Document in implementing such prepayment.

The Lessee may direct the Trustee in writing, with a copy to the Lessor, that all or a portion of the Purchase Option Price (where all of the Outstanding Bonds shall be paid) shall be funded from the County Security Fund, if any, and the Lessor shall cause the Trustee, pursuant to the terms set forth in the Bond Resolution, to promptly comply with any such direction.

(c) The prepayment options set forth in subsections (a) and (b) above may be exercised by the Lessee at any time by (i) giving written notice to the Trustee and the Lessor of the exercise of such option at least fifty-two (52) days prior to the final maturity date set forth in such notice, and (ii) if the prepayment shall occur before January 15, 2021, complying with any other requirements of Article XII of the Bond Resolution that may be required by the Trustee or the Lessor to defease the Bonds in accordance with the terms of the Bond Resolution, including, without limitation, a verification report from a nationally recognized accounting firm approved by the Trustee and the Lessor to the effect that the amount so prepaid shall equal the Purchase Option Price (for a full prepayment) and shall therefore be sufficient to defease the Bonds (in whole or in part, as the case may be) by paying all of the principal thereof and redemption premium, if any, thereon through and including the final maturity thereof, plus all interest accruing thereon to such final maturity date. Such option shall be exercised by depositing with said notice cash and/or investment Securities in such amount as shall be sufficient, together with interest to accrue thereon, to pay the Bonds to be defeased on said redemption date.

(d) Notwithstanding any provision herein or in any Program Document to the contrary, the Lessee may not advance refund, currently refund or otherwise refund any Series of Bonds with bonds, notes or other obligations of the Lessee, or such other moneys available to the Lessee, and use such moneys to make any prepayments hereunder unless (i) provision has been made by the Lessee for the payment of all (A) principal of, redemption premium if any, and interest on the Series of Bonds being refunded to any redemption date and (B) Administrative Expenses of the Lessor relating thereto, and (ii) if applicable, prior written notification of any such refunding has been given to the Lessor. Notwithstanding the foregoing, the Lessor may, in its sole discretion at the times and under the circumstances and for the purposes set forth in the Bond Resolution, advance refund, currently refund, or otherwise refund any Series of Bonds, the allocation of the benefit from which shall be determined between the Lessor and the Lessee at the time of any such defeasance and/or refunding.

**SECTION 702. Mandatory Prepayment and Purchase of Project; Mandatory Purchase Price.**

(a) Upon the acceleration of the Bonds, the Lessee shall forthwith prepay and purchase all of the Renewable Energy Projects (but not the Capital Improvement Projects, if any) by paying to the Trustee, immediately upon receipt of notice of such acceleration, the "Mandatory Purchase Price", which for any date of calculation shall be the sum of (i) the aggregate amount of the unpaid principal of the Bonds, (ii) any interest accrued on the Bonds from the last Interest Payment Date thereof on which interest thereon was paid to the date that the amount in clause (i) above has been paid in full, and (iii) any costs of acceleration or other Administrative Expenses incurred by any party to a Program Document in implementing such prepayment.

(b) In the event the Mandatory Purchase Price remains unpaid when due, the Lessee shall make an Additional Lease Payment immediately due and payable equal to, for any date of such deficiency, the amount of such deficiency times the per diem Overdue Rate.

**SECTION 703. Effect of Prepayment.**

(a) In the event of a deposit sufficient to purchase the Renewable Energy Projects (but not the Capital Improvement Projects, if any) pursuant to Section 701 or 702 hereof and to pay any and all amounts due hereunder, (i) all of the Lessor's right, title and interest in and to such Renewable Energy Projects (but not the Capital Improvement Projects, as to which the Lessor has no right, title or interest) shall be deemed sold to the Lessee for the consideration set forth in such Sections, (ii) except for the rights of the Series 2011 Local Units to effect a Fair Market Value purchase of their respective Renewable Energy Projects in accordance with Section 609(d) hereof, to the extent all Lease Payments have been made by the Lessee in full, all other covenants, agreements and obligations of the parties hereto under this Company Lease Agreement shall cease, terminate, and be deemed discharged and satisfied, and (iii) the Lessor and its Officers shall take all actions necessary to authorize, execute and deliver to the Lessee any and all documents necessary to vest in the Lessee all of the Lessor's right, title and interest in and to the Renewable Energy Projects (but not the Capital Improvement Projects, as to which the Lessor has no right, title or interest), free and clear of all liens, leasehold interests and encumbrances, including, if necessary, a release of any and all liens or interests created under the provisions of this Company Lease Agreement. In such event, the Trustee shall cause a statement of debits and credits for such period or periods as shall be requested by the Lessor or the Lessee to be prepared and filed with the Lessor and the Lessee, and, upon the request of the Lessor or the Lessee, shall execute and deliver to the Lessor and the Lessee all such instruments as may be desirable in evidence of such discharge and satisfaction.

(b) Notwithstanding anything to the contrary herein or in any Program Document, including without limitation subsection (a) above, to the extent the Lessee has satisfied all of the conditions of subsection (a) above in order to terminate this Company Lease Agreement, including the payment of all amounts due and owing hereunder and under the other Company

**DAMAGE, DESTRUCTION AND CONDEMNATION; USE OF NET PROCEEDS**

**SECTION 801. Damage, Destruction and Condemnation.**

(a) If either (i) the Projects or any portion thereof are destroyed or damaged by fire or other casualty or (ii) title to or the temporary use of the Projects or any part thereof, or the interest of the Lessor, the Applicable Series 2011 Local Unit or the Lessee in the Projects or any part thereof, shall be taken under a valid exercise of the power of eminent domain by any governmental body, other than Sussex County, a division of Sussex County Government, any Series 2011 Local Unit, or by any person, firm or corporation acting under governmental authority, and provided the Lessee shall not have caused an Event of Default hereunder, in which event the Net Proceeds shall be applied as directed by the Lessor, the Lessee shall have the following mutually exclusive rights to cause the application of Net Proceeds sufficient to perform either of the following, which the Lessee may exercise in its sole discretion: (y) the Lessee shall cause the application of any Net Proceeds to the prompt repair, restoration, modification, improvement, construction or installation of the Project by causing the Lessor to transfer, and upon the Lessor's receipt of a Certificate of an Authorized Officer of the Lessee to such effect the Lessor shall so transfer, such Net Proceeds to the Trustee for deposit in the Project Fund, thereby allowing the Lessee to file with the Trustee the appropriate Draw Papers to requisition such Net Proceeds from the Project Fund in accordance with the terms hereof, in which event the Lessee shall continue to be obligated to pay the Lease Payments due hereunder, without adjustment or (z) the Lessee shall exercise its option to purchase the Project in whole by paying the then applicable Purchase Option Price in accordance with Section 701 hereof and causing the Lessor to deposit, and upon the Lessor's receipt of a Certificate of an Authorized Officer of the Lessee to such effect the Lessor shall so deposit, such Net Proceeds with the Trustee in the Revenue Fund, the Debt Service Fund, or such other Fund or Account that would allow the application of the Net Proceeds toward the Purchase Option Price. Subsections (y) and (z) above are mutually exclusive.

(b) If title to or the temporary use of the Projects or any part thereof, or the interest of the Lessor, the Applicable Series 2011 Local Unit or the Lessee in the Projects or any part thereof, shall be taken under a valid exercise of the power of eminent domain by Sussex County, a division of Sussex County Government, or any Series 2011 Local Unit, and provided the Lessee shall not have caused an Event of Default hereunder, in which event the Net Proceeds shall be applied as directed by the Lessor, the Lessee shall have the following mutually exclusive rights to cause the application of Net Proceeds sufficient to perform either of the following, which the Lessee may exercise in its sole discretion: (y) the Lessee shall cause the application of any Net Proceeds to the prompt repair, restoration, modification, improvement, construction or installation of the Project by causing the Lessor to transfer, and upon the Lessor's receipt of a Certificate of an Authorized Officer of the Lessee to such effect the Lessor shall so transfer, such Net Proceeds to the Trustee for deposit in the Project Fund, thereby allowing the Lessee to file with the Trustee the appropriate Draw Papers to requisition such Net Proceeds from the Project

(a) direct the application of the Net Proceeds in the manner as set forth in Sections 801(a)(y) or 801(b)(y) above, thereby requiring the Lessee to complete the work relating to the Projects as so set forth, except that the Lessee shall itself pay any Project Costs in excess of the amount of the Net Proceeds, and, if by reason of any such insufficiency of the Net Proceeds the Lessee shall make any payments pursuant to the provisions of this Section 802(a), the Lessee shall not be entitled to any reimbursement therefrom from the Lessor, nor shall the Lessee be entitled to any diminution of the Lease Payments due hereunder with respect to the Projects;

(b) direct the application of the Net Proceeds in the manner as set forth in Section 801(a)(z) above, thereby requiring the Lessee to make an equity contribution to the extent the Net Proceeds are insufficient to cover the Purchase Option Price and thereupon exercise Lessee's option to purchase the Project in whole, in accordance with Article VII hereof, in which event the Net Proceeds shall be used toward this purpose; or

(c) direct the application of the Net Proceeds consistent with the determination contemplated in Section 801(b)(y) above, thereby causing the Net Proceeds to be applied to the payment of the Interest Portion and, to the extent available, the Principal Portion of the Basic Lease Payments due on the immediately succeeding Basic Lease Payment Dates until all of the Net Proceeds have been so applied, in which event the Lessee shall not be entitled to any reimbursement therefrom from the Lessor nor shall the Lessee be entitled to any diminution of the Lease Payments due hereunder with respect to the Project. **ARTICLE IX**

**ASSIGNMENT, SUBLEASING, MORTGAGING AND SELLING**

**SECTION 901. Assignment by Lessor.**

Except for this Company Lease Agreement and as otherwise provided below and in any other Program Document, including without limitation with respect to its payment obligations under the Power Purchase Agreement to the Series 2011 Local Units under the Local Unit License Agreements, or with respect to the assignment of the Reimbursement Collateral to the County and the County Security Provider, if any, under the County Guaranty Agreement and the County Security Agreement, if any and as applicable, the Lessor shall not assign its obligations under this Company Lease Agreement and no such purported assignment thereof shall be effective. All of the Lessor's right, title and interest in and to this Company Lease Agreement, the Lease Payments and the other amounts due to it hereunder and under the Project shall be assigned by the Lessor to the Trustee pursuant to the pledge of the Trust Estate under the Bond Resolution no later than the execution and delivery hereof.

**SECTION 902. Lease Payments to Trustee.**

The Lessor and the Lessee hereby agree that from and after the adoption of the Bond Resolution and the execution of this Company Lease Agreement, so long as the same shall remain in effect, payment by the Lessee to the Trustee or, if applicable, to the successor thereof of any moneys or sums due hereunder from the Lessee to the Lessor shall satisfy the obligation of the Lessee to pay such money or sums.

**SECTION 903. Assignment and Subleasing by Lessee.**

This Company Lease Agreement may not be assigned or subleased by the Lessee without the prior written consent of the Lessor and the Applicable Series 2011 Local Units, in their sole discretion, as the Lessee entered into this Company Lease Agreement as the successful respondent pursuant to the Company RFP and all applicable law, and the Lessor and the Series 2011 Local Units have selected the Lessee, and not any assignee, to receive the rights, and perform the duties and obligations hereunder. Any such purported assignment or sublease shall be deemed null and void without such prior written consent.

**SECTION 904. Restriction on Mortgage or Sale of Project by Lessee.**

The Lessee shall not mortgage, sell, assign, transfer or convey the Projects or any portion thereof during the Term of this Company Lease Agreement without the prior written consent of the Lessor and the Applicable Series 2011 Local Units, in their sole discretion, as the Program Documents contemplate such Projects being available, directly in the case of the Capital Improvement Projects, or indirectly in the case of the Renewable Energy Projects as a source of power, for the benefit of the Series 2011 Local Units.

**EVENTS OF DEFAULT; REMEDIES**

**SECTION 1001. Events of Default.**

(a) An Event of Default hereunder means the occurrence of any one or more of the following events:

(i) The Lessee fails to (A) make any Basic Lease Payment as it becomes due or (B) make any Additional Lease Payment as it becomes due or maintain any insurance requirement set forth hereunder, and in the case of (B) only, such failure is not cured within thirty (30) days after written notice thereof has been given to the Lessee by the Lessor or the Trustee; provided, however, if the Basic Lease Payment is paid with funds from the County Reserve, such payment will not constitute an Event of Default.

(ii) The Lessee fails to perform or observe any other covenant, condition or agreement to be performed or observed by it hereunder or under any Company Document, and such failure is not cured within ninety (90) days after written notice thereof has been given to the Lessee by the Lessor or the Trustee; provided, however, that if such failure cannot be cured within said ninety (90) day period, the Lessee shall not be in default if it has commenced to cure within such ninety (90) day period, it continuously proceeds with the cure, and if such action to cure the default is acceptable to the Lessor and the Lessor indicates the same in writing.

(iii) The discovery by the Lessor or the Trustee that any material statement, representation or warranty made by the Lessee in this Company Lease Agreement, or in any writing delivered by the Lessee pursuant hereto or in connection herewith, is false, misleading or erroneous in any material respect.

(iv) The Lessee becomes insolvent or admits in writing its inability to pay its debts as they mature or applies for, consents to or acquiesces in the appointment of a trustee, receiver or custodian for the Lessee or a substantial part of its property; or in the absence of such application, consent or acquiescence, a trustee, receiver or custodian is appointed for the Lessee or a substantial part of its property and is not discharged within sixty (60) days; or any bankruptcy, reorganization, debt arrangement, moratorium or other proceeding under bankruptcy or insolvency law, or any dissolution or liquidation proceeding, is instituted by or, if permitted by law, against the Lessee and, if instituted against the Lessee, is consented to or acquiesced in by the Lessee or is not dismissed within sixty (60) days.

(v) The entering of an order or decree appointing a receiver for the Leased Property or for any part thereof or for the revenues thereof with or without the consent or acquiescence of the Lessee, and such order or decree shall not be vacated, discharged or stayed within ninety (90) days after the date of such entry.

(b) Upon the occurrence of an Event of Default under this Section 1001, the Trustee shall transmit a written notice, including electronic mail, of such Event of Default to the Lessor, the Lessee and the Series 2011 Local Units within thirty (30) days of the Trustee's knowledge thereof.

(c) Upon the occurrence of an Event of Default under this Section 1001, all obligations of the Lessee under this Company Lease Agreement shall remain in full force and effect.

#### SECTION 1002. Remedies.

(a) Upon the occurrence and continuation of any Event of Default as described in Section 1001 hereof, at the option of the Lessor, the Mandatory Purchase Price with respect to the Project shall become immediately due and payable by the Lessee upon the Lessor's declaration. So long as the Lessor is not in default hereunder, the Lessor shall have the right to direct all remedial proceedings under this Company Lease Agreement, including the consent to remedies taken upon an Event of Default. Subject to the preceding sentence, the Lessor shall have the right, without any further demand or notice, to take one or any combination of the remedial steps below:

(i) With or without terminating this Company Lease Agreement, take possession of the Renewable Energy Projects, the SRRCs, and any other portion of the Leased Property, and exclude the Lessee from using it; provided, however, that if this Company Lease Agreement has not been terminated, the Lessor shall return possession of same to the Lessee when the Event of Default has been cured; and provided, further, that the Lessee shall continue to be responsible for the Lease Payments due hereunder during the remainder of the Lease Term.

(ii) With or without terminating this Company Lease Agreement, take possession of the Renewable Energy Projects, the SRRCs, and any other portion of the Leased Property, and sell, lease or sublease its interest therein or any part thereof.

(iii) With or without terminating this Company Lease Agreement, take possession of the Renewable Energy Projects, the SRRCs, and any other portion of the Leased Property, and apply any portion of same, or of the proceeds of same (in accordance with clause (ii) above) in accordance with the

provisions of Section 5.07(1)(b) of the Bond Resolution

(iv) With or without terminating this Company Lease Agreement, declare all Lease Payments due or to become due hereunder to be immediately due and payable by the Lessee, whereupon such Lease Payments shall be immediately due and payable.

(v) Take whatever action at law or in equity may appear necessary or desirable to collect the Lease Payments then due and thereafter to become due hereunder with respect to the Project or to enforce performance and observance of any obligation, agreement or covenant of the Lessee under this Company Lease Agreement.

(b) Notwithstanding any other provisions of this Section 1002, in no event shall there be any transfer of any Renewable Energy Project or any interest therein to any person (such as a governmental entity) if such transfer would result in a Tax Benefit Recapture Event as described in Section 609.

#### SECTION 1003. Reinstatement.

Notwithstanding any termination of this Company Lease Agreement that shall be made in accordance with the provisions of Section 1002 hereof, unless the Lessor shall have entered into a firm bilateral agreement providing for the reletting of the Project for a period of at least one year, if, after the maturity of the Outstanding Bonds shall have been accelerated by the Trustee (upon the occurrence of an Event of Default) under the terms of the Bond Resolution, (a) all arrears of interest on such Outstanding Bonds and interest on overdue installments of principal, redemption premium, if any, and (to the extent permitted by law) interest on such Bonds at a rate per annum equal to the highest rate per annum borne by any of the Bonds shall have been paid, (b) the principal and redemption premium, if any, on all Outstanding Bonds that have become due and payable (other than by an acceleration) shall have been paid, (c) all other sums payable under the terms of the Bond Resolution, except the principal of and the interest on such Bonds that by such acceleration shall have become due and payable, and under the terms of the other Program Documents shall have been paid, (d) all other things shall have been performed in respect of which there was an Event of Default, (e) the reasonable fees and expenses of the Lessor, the Trustee, the Series 2011 Local Units, the County, the County Security Provider, and the Bondholders, including Administrative Expenses thereof (including reasonable attorneys' fees paid or incurred) shall have been paid, and (f) such acceleration under the terms of the Bond Resolution is rescinded, then the Lessee's Event of Default hereunder shall be waived without further action by the Trustee or the Lessor or any other Renewable Energy Program Interested Party. Upon such payment and waiver, this Company Lease Agreement shall be fully reinstated as if it had never been terminated, and the Lessee shall be restored to the use, occupancy and possession of the Renewable Energy Projects and the other Leased Property.

#### SECTION 1004. Election of Remedies; No Waiver of Elected Remedies.

No failure on the part of either party to exercise, and no delay in exercising any right or remedy so provided for herein, shall operate as a waiver thereof, nor shall any single or partial exercise by either party of any right or remedy so provided hereunder preclude any other or further exercise of any other right or remedy provided hereunder.

#### SECTION 1005. No Additional Waiver Implied by One Waiver.

In the event any agreement contained in this Company Lease Agreement should be breached by either party and thereafter waived by the other party, such waiver shall be limited to the particular breach so waived and shall not be deemed to waive any other breach hereunder, and shall not be construed to be an implied term hereof or a course of dealing between the parties hereto.

#### SECTION 1006. Agreement to Pay Attorneys' Fees and Expenses.

In the event either party to this Company Lease Agreement should default under any of the provisions hereof and the non-defaulting party should employ attorneys or incur other expenses for the collection of moneys or the enforcement, performance or observance of any obligation or agreement on the part of the defaulting party herein contained, the defaulting party agrees that it shall, on demand therefor, pay to the non-defaulting party the reasonable fees of such attorneys and such other expenses so incurred by the non-defaulting party.

#### SECTION 1007. Late Charges.

Whenever any payment of Lease Payments is not made when due, the Lessee promises to pay to the Lessor, in addition to the amount due, interest thereon at the Overdue Rate provided, however, that this Section 1007 shall not be applicable if or to the extent the application thereof would affect the validity of this Company Lease Agreement.

#### SECTION 1008. Delay; Notice.

No delay or omission to exercise any right or power accruing upon any default shall impair any such right or power or shall be construed to be a waiver thereof. Any such right or power may be exercised from time to time and as often as may be deemed expedient, and any one exercise thereof shall not be deemed an exclusive exercise. To entitle any party to exercise any remedy reserved to it in this Company Lease Agreement, it shall not be necessary to give any notice other than as may be specifically required in this Company Lease Agreement.

(a) Except as set forth in clauses (i) and (ii) below, the obligation of the Lessee to make Lease Payments in full and when due shall be absolute and unconditional in all events, including without limitation any circumstance regarding the Projects, regardless of whether any such event shall be foreseen or otherwise, and regardless of whether any such event shall occur by accident or otherwise. The Lessee hereby acknowledges and irrevocably covenants that the terms of this Company Lease Agreement create a valid and binding obligation of the Lessee to make Lease Payments from any available source under all circumstances.

(i) Lessee shall receive a credit against the Interest Portion of any Basic Lease Payment due and owing on any Basic Lease Payment Date to the extent of all Power Purchase Price Payments made by the Series 2011 Local Units and received by the Trustee since the immediately prior Basic Lease Payment

(ii) Lessee shall receive a credit against the Principal Portion of any Basic Lease Payment due and owing on any Basic Lease Payment Date to the extent of any remaining Power Purchase Price Payments made by the Series 2011 Local Units and received by the Trustee since the immediately prior Basic Lease Payment Date, after accounting for the application of the credit set forth in clause (i) above.

(iii) For purposes of applying this credit, Power Purchase Price Payments made by the Series 2011 Local Units and received by the Trustee within ten (10) Business Days of any Basic Lease Payment Date shall be deemed to have been received by the Trustee the Business Day after such Basic Lease Payment Date (and therefore the Lessee shall not be entitled to a credit for such amounts paid by the Series 2011 Local Units until the following Basic Lease Payment Date). The Lessor shall cause the Trustee, pursuant to the terms of the Bond Resolution, to notify the Company in writing (with a copy to the Lessor) of the aggregate amount of all Power Purchase Price Payments made by the Series 2011 Local Units since the prior Basic Lease Payment Date that are available for such credit, (A) as of the date that is thirty (30) days prior to each Basic Lease Payment Date, and (B) on the Business Day immediately following the ten (10) Business Day credit cutoff date noted above.

(b) Notwithstanding any dispute between the Lessor and the Lessee, or between or among any party hereto and any one or more of any Renewable Energy Program Interested Party or any other person, in any case concerning any provision of any Program Document, the Lessee shall make all Lease Payments in full and when due, and the Lessee shall not withhold any Lease Payment pending final resolution of such dispute, nor shall the Lessee assert against the Lessor, the Trustee, any Renewable Energy Program Interested Party or any other person any right of set-off, recoupment or counterclaim against its obligation to make such Lease Payments, regardless of whether or not the Projects are completed, available for use, or used by the Lessee or any other Renewable Energy Program Interested Party, as applicable.

(c) However, nothing herein shall be construed to release the Lessor from the performance of its obligations hereunder; and if the Lessor should fail to perform any such obligation, the Lessee may institute such legal action against the Lessor as the Lessee may deem necessary to compel the performance of such obligation, but if and only if the Lessee is not in default under the terms of this Company Lease Agreement and if the Lessee shall have paid all amounts that are required to be paid pursuant to the terms of this Company Lease Agreement; and if the Lessee shall have performed all of its obligations under the terms of this Company Lease Agreement and continues to pay and perform as provided herein, the Lessee shall not be precluded from bringing any action it may otherwise have against the Lessor.

### ARTICLE IV

#### LEASE OF LEASED PROPERTY; TERM OF COMPANY LEASE AGREEMENT

##### SECTION 401. Lease of Leased Property.

(a) The Lessor hereby agrees to (i) finance its share of the Renewable Energy Projects and the Capital Improvement Projects, if any, for the Series 2011 Local Units, through the issuance of the Series 2011 Bonds, the balance of which shall be financed by or on behalf of the Lessee through the Equity Contribution, and (ii) enter into the Local Unit License Agreements with the Series 2011 Local Units, thereby giving the Lessor nominal ownership of the Renewable Energy Projects, and providing the Company with a license and access to the Local Unit Facilities for the Series 2011 Local Units.

(b) The Lessee hereby agrees to (i) design, permit, acquire, construct, install, operate and maintain the Renewable Energy Projects as described on Exhibit A-1 hereof and (ii) design, permit, acquire, construct, renovate, and install the Capital Improvement Projects, if any, as described on Exhibit A-2 hereof, all for the Series 2011 Local Units.

(c) Upon the acquisition of title to the Leased Property from the Contractor (the timing of which does not adversely affect the Lessee's obligations hereunder, including the obligations to make Lease Payments), the Lessor hereby agrees to lease to the Lessee, except for the Reserved Rights, all of its right, title and interest in and to the Leased Property for the duration of the Lease Term hereof, and to grant to the Lessee an option to purchase the Leased Property as set forth in Article VII hereof. The Lessee hereby agrees to take and lease from the Lessor, other than the Reserved Rights, all of the Lessor's right, title and interest in and to the Leased Property on the terms and conditions set forth in this Company Lease Agreement, including, without limitation, all of the Lessee's duties and obligations under the Program Documents. The lease of the Leased Property from the Lessor to the Lessee is also intended to convey to the Lessee any product of the Leased Property, including any right, title and interest of the Lessor in and to the SRECs and the right to electricity generated from the Renewable Energy Projects for the Series 2011 Local Units at their respective Local Unit Facilities, subject to the terms and conditions of the Program Documents. The Lessor hereby acknowledges the Lessee's intent to exercise such option to purchase the Leased Property during or upon the termination of the Lease Term.

(d) It is an express purpose of this Company Lease Agreement that the benefits and burdens of owning the Leased Property being conveyed by the Lessor to the Lessee pursuant to this Company Lease Agreement be such that the Lessee shall be deemed to be the owner of the Leased Property for purposes of the Code. Accordingly, Lessor and Lessee agree and acknowledge that, for federal income tax purposes: (i) Lessee will treat the use of Series 2011 Bond proceeds to purchase, construct and install the Renewable Energy Projects as construction loan advances of Series 2011 Bond proceeds to Lessee by Authority; (ii) Lessee will treat all payments (or credits against such payments) made under this Company Lease Agreement

[00016345-5]

- 47 -

as payments of interest and principal to the Authority with respect to such construction loan, with an allocation of principal and interest based upon the Authority's related principal and interest payments on the Series 2011 Bonds; and (iii) Lessee will report all payments made by the Series 2011 Local Units under the Power Purchase Agreements as revenues earned by Lessee. Notwithstanding the foregoing, for State law purposes, Lessor and Lessee agree that under the Program Document structure, any benefit to the Company shall be deemed incidental, the primary purpose of the Renewable Energy Program being to provide the Series 2011 Local Units with electricity at multi-year locked in rates to the greatest extent practicable below tariff, which goal has been effectively realized through the financing structure contemplated by the Program Documents.

##### SECTION 402. Lease Term.

(a) This Company Lease Agreement shall be and remain in effect with respect to the Leased Property (the "Lease Term") commencing on the date of authorization, execution, authentication and delivery of the Series 2011 Bonds that shall finance, among other things, the Renewable Energy Project component of the Leased Property, and continuing until terminated as provided for in this Section 402. The Term of this Company Lease Agreement shall terminate upon the occurrence of the first of the following of events:

(i) The exercise by the Lessee of its option or its requirement to purchase the Lessor's entire interest in the Leased Property pursuant to Article VII hereof;

(ii) The occurrence and continuation of an Event of Default hereunder by the Lessee and the Lessor's election to exercise remedies under this Company Lease Agreement pursuant to Section 1002 hereof;

(iii) Subject to an extension of this Company Lease Agreement in accordance with clause (iv) below, which provisions shall control even if the other requirements of this clause (iii) have been satisfied, the occurrence of all of the following: (A) the payment by the Lessee of all Lease Payments, which requirement as to Basic Lease Payments (unless sooner terminated or extended in accordance with the provisions hereof) shall be fully satisfied on December 15, 2027 (unless extended by an amendment hereto resulting from the issuance of Additional Bonds), (B) the Bonds, including the Series 2011 Bonds, shall no longer be Outstanding under the Bond Resolution, and if the provisions of Section 703(b) are applicable, and (C) on the date specified in the Certificate of Authorized Officer of the Lessee required by Section 703(b)(iii); or

(iv) The expiration date of any extension to the initial term of this Company Lease Agreement, which initial term would be determined by clauses (i), (ii), and (iii) above, as such extension date shall be set forth in any amendment of this Company Lease Agreement (in accordance with the

[00016345-5]

- 48 -

amendment provisions of Section 1103 hereof), to the extent permitted under then applicable law.

(b) Notwithstanding the foregoing, this Company Lease Agreement shall be in effect until all the obligations created hereunder have been fulfilled.

(c) Notwithstanding the foregoing, any termination by reason of clause (a)(ii) above shall not alter or terminate the Lessee's unconditional payment obligations hereunder, including Sections 302 and 309 hereof.

#### SECTION 403. Net Lease.

(a) The Lessee intends for the Lease Payments to be net to the Lessor. The obligation of the Lessee to pay Lease Payments shall be absolute and unconditional and shall in no way be released, discharged or otherwise affected for any reason, including, without limitation, (i) any defect in the condition, quality or fitness for use of, or title to, any Project or (ii) any damage to or abandonment, destruction, requisition or taking of any portion of any Project.

(b) The Lessee shall comply with and pay all (i) local, state and federal taxes incurred with respect to the design, permitting, acquisition, construction, renovation, installation, operation, maintenance, ownership, possession or use of any Renewable Energy Project or the design, permitting, acquisition, construction, renovation or installation of any Capital Improvement Projects, including, without limitation, income, franchise, gross receipts, sales, use, documentary stamp, excise and real and personal property taxes, (ii) payments in lieu of taxes, assessments, licenses, registration fees, freight and transportation charges and any other charges imposed or liabilities incurred with respect to the design, permitting, acquisition, construction, renovation, installation, operation, maintenance, ownership, possession or use of any Renewable Energy Project or the design, permitting, acquisition, construction, renovation or installation of any Capital Improvement Projects, (iii) Lease Payments, and (iv) penalties, fines or interest imposed on any of the foregoing during the Lease Term.

(c) The Lessee shall pay, from a portion of the proceeds of the Bonds or otherwise, all reasonable expenses incurred by the Lessor in connection with all filings and recordings of any documents relating to this Company Lease Agreement, the other Company Documents, or the Lessor's rights hereunder and thereunder. The Lessor shall have the right to make any of the payments required of the Lessee, but shall not be obligated to pay the same, and to charge such payment with interest at the Overdue Rate from the due date thereof through the date of payment as an Additional Lease Payment to be paid by the Lessee with the next Basic Lease Payment due under this Company Lease Agreement.

### CONSTRUCTION OF PROJECT; CARE AND USE; DRAW PROCEDURES

#### SECTION 501. Design of Project.

(a) Within ninety (90) days of the execution and delivery of this Company Lease Agreement, the Lessee shall cause preliminary Plans and Specifications to be prepared by one or more Architects or other Contractors with respect to all of the Projects for all of the Series 2011 Local Units and within the parameters set forth in the Company RFP. In preparing or causing the preparation of such preliminary Plans and Specifications, the Lessee expressly acknowledges that the Lessor shall only be providing financing, through the issuance of the Series 2011 Bonds, for the Maximum Net Bond Funded Project Cost Amount, and that any costs and expenses beyond such amount, except for any Completion Projects agreed in writing to be financed by the Lessor, are to be borne solely and wholly by the Lessee from any available funds.

(b) Copies of the Plans and Specifications, when in form satisfactory to the Lessee, shall be promptly delivered to the Lessor and the Applicable Series 2011 Local Units for the review, comment and approval of the Applicable Series 2011 Local Units. Within five (5) Business Days of receipt, each Applicable Series 2011 Local Unit shall have reviewed, and either commented on or approved the Plans and Specifications prepared by the Lessee for each respective Series 2011 Local Unit. To the extent approval from any Series 2011 Local Unit shall not be received, the Lessee shall promptly modify the Plans and Specifications to address the Series 2011 Local Unit's reasonable concerns, whereupon the Lessee shall resubmit the Plans and Specifications to the Lessor and the Applicable Series 2011 Local Unit for further review, comment and approval. Such process shall continue until the Lessor and Lessee have received the approval of all of the Series 2011 Local Units; provided however, that both parties and the Applicable Series 2011 Local Units shall endeavor to complete the review, comment and approval process within one (1) month of the original submission to the Lessor and the Series 2011 Local Units. Notwithstanding any other provision of this Agreement or any other Company Document, to the extent an Applicable Series 2011 Local Unit does not adhere to the timetable set forth in this Section 501(b), then the required completion date for the respective Renewable Energy Project shall be extended by a time period equal to the delay by the Applicable Series 2011 Local Unit.

(c) Promptly after having received the respective Series 2011 Local Unit approvals of the Plans and Specifications related to their respective Projects, the Lessee shall submit or cause the submission of such Plans and Specifications to all other federal, state or local governmental or quasi-governmental agencies having jurisdiction over the Projects or any part thereof, and shall receive any required Project permits or approvals.

(c) None of the Lessor, the Series 2011 Local Unit or the Trustee makes any warranties or representations or accepts any liabilities or responsibilities with respect to or for the adequacy, sufficiency or suitability of, or defects in or with respect to, the design, permitting, acquisition, construction, renovation or installation of the Project.

#### SECTION 503. Construction Performance Bond and Other Guaranty.

Any Development Contracts authorized to be entered into by the Lessor under the terms of this Company Lease Agreement in connection with the design, permitting, acquisition, construction, and installation of the Renewable Energy Projects and the design, permitting, acquisition, construction, renovation and installation of the Capital Improvement Projects shall be let in accordance with the requirements set forth in Article VII, Sections 7.3, 7.5 and 7.6 of the Company RFP attached as part of Exhibit A-1 hereto. The Lessor shall cause each Contractor to provide a Construction Performance Bond covering, with respect to the portion of the Projects to which the Development Contract applies, the (a) performance of the Development Contract, including coverage for correction of defects developing within one year after completion of construction and commencement of commercial operation of each Project, and (b) payment for labor and materials, in each case issued by a responsible surety company qualified to do business in the State. Such bond or bonds shall name the Lessor, the Lessee as co-obligees, or shall otherwise entitle the Lessor to draw upon such Construction Performance Bond, and shall be in amounts equal to the fixed contract price plus the Equity Contribution, if not so included in the fixed contract price; provided, however, that the one-year post completion and commencement of commercial operation portion may be limited to ten percent of the Development Contract price allocated to such Project in the Development Contract.

#### SECTION 504. Default in Contractors' Performance.

(a) In the event of default of the Contractor, including any subcontractor, under any Development Contract made in connection with any Project, the Lessee shall promptly proceed, either separately or in conjunction with others, to exhaust the remedies of the Lessee against the Contractor or any subcontractor so in default and against each surety for the performance of such Contractor or subcontractor. All such actions shall be construed to be Costs of the Project for purposes of this Company Lease Agreement, inasmuch as the same shall be necessary to enable any such Project to be designed, permitted, constructed, acquired, renovated or installed in accordance with the terms hereof and of the Development Contracts. The Lessee agrees to advise the Lessor, in writing, of the steps it intends to take in connection with any such default. If the Lessee shall so notify the Lessor, the Lessor may, in good faith, in its own name or in the name of the Lessee, with notice to the Lessee, prosecute or defend any action or proceeding or take such other action involving the Contractor, including any subcontractor, or surety that the Lessor deems reasonably necessary, and in such event the Lessor hereby agrees to cooperate fully with the Lessee, but at the sole cost and expense of the Lessor. Any amounts recovered by way of damages, refunds, adjustments or otherwise in connection with the foregoing shall be paid into the Project Fund or the Revenue Fund, as shall be determined by the Lessee.

100016245-51

- 52 -

(b) In the event that the Lessee is unable to comply with its requirements under this Company Lease Agreement prior to the execution of any Acceptance Certificate or if for any reason the design, permitting, acquisition, construction, renovation and installation of any Project is delayed, there shall be no resulting liability on the part of the Lessor and there shall be no diminution in or postponement of the amounts that are due and payable by the Lessee to the Lessor under the terms of this Company Lease Agreement.

**SECTION 505. Additional Rights of Lessee.**

The Lessor agrees that the Lessee shall, at its own expense, have the right to make immaterial changes to any Project or to make such additions, modifications and improvements thereto as in the Lessee's judgment are necessary to enable it to perform its obligations under this Company Lease Agreement without materially impairing the Project or materially changing the design of the Project from the Plans and Specifications; provided, however, that none of the foregoing shall in any way damage the Project or cause the Project to be used for purposes other than those authorized under the provisions of all applicable law. With respect to any such additions (only) to the Project in accordance with the provisions of this Section 505, such additions shall for all purposes of this Company Lease Agreement be deemed to be and remain the property of the Lessee and shall not become part of the Project, and any such item may be removed, altered or changed by the Lessee upon or before the termination of this Company Lease Agreement; provided, however, that such removal, alteration or change shall not damage the Project or, if any such damage shall occur, the Lessee shall repair the same at its sole cost and expense.

**SECTION 506. Maintenance and Use of Project; Lessor Access; Repairs Not to Create Liens.**

(a) With respect to the Renewable Energy Projects or a portion thereof financed under this Company Lease Agreement, the Lessee shall, at its own and sole expense, maintain, preserve and keep such Projects or any portion thereof, as the case may be, in good repair, working order and condition, and shall from time to time make all repairs, replacements and improvements necessary to keep such Projects or any portion thereof in such condition. The requirements to repair and keep the Capital Improvement Projects in good working order shall remain with the owners thereof, the Applicable Series 2011 Local Units.

(b) The Lessee agrees that the Lessor and the Applicable Series 2011 Local Unit shall have the right (but not the obligation) to enter upon the premises at reasonable times and upon reasonable notice in a reasonable manner where the Renewable Energy Projects or a portion thereof, as the case may be, is located in order to inspect the same for the purpose of assuring that such Renewable Energy Projects are being properly maintained, preserved and kept in good repair and condition. The Lessee further agrees that the Lessor or the Applicable Series 2011 Local Unit shall have such rights of access to such Renewable Energy Projects as may be reasonably necessary to cause the proper maintenance, preservation and keeping in good repair of

may be expressly set forth in the Program Documents.

**SECTION 508. Lessee's Negligence.**

Subject to Section 608 hereof, the Lessee assumes all risks and liabilities, whether or not covered by insurance, for loss or damage to the Projects, or any portion thereof, and for injury to or death of any person or damage to any property, whether such injury or death be with respect to agents or employees of the Lessee or of Contractors or other third parties, and whether such property damage be to the Lessee's property or to the property of others, which injury, death or damage is proximately caused by the negligent conduct of the Lessee or its officers, employees and agents, including any Contractors. The Lessee hereby assumes responsibility for and agrees to reimburse the Lessor and the Applicable Series 2011 Local Unit for all liabilities, obligations, losses, damages, penalties, claims, actions, costs and expenses (including reasonable attorneys' fees), of whatsoever kind and nature, imposed on, incurred by or asserted against the Lessor or the Applicable Series 2011 Local Unit that in any way relate to or arise out of a claim, suit or proceeding based in whole or in part upon the negligent conduct of the Lessee or its officers, employees and agents, to the maximum extent permitted by law.

**SECTION 509. Project Costs; Payment.**

(a) The Project Costs to be incurred by the Lessee, or on behalf of the Lessee by any Contractor, relating to the acquisition, construction, and installation of the Renewable Energy Projects and the acquisition, construction, renovation and installation of the Capital Improvement Projects for all Series 2011 Local Units have been estimated by the Lessee under the Company RFP to be an aggregate amount not to exceed the sum of the Maximum Gross Bond Funded Project Cost Amount plus the Equity Contribution. Accordingly, the Lessor shall cause the Series 2011 Bonds to be issued, and further, shall cause the Maximum Net Bond Funded Project Cost Amount to be deposited in the Project Fund upon issuance of the Series 2011 Bonds pursuant to Section 2.03(7)(e)(i) and (ii) of the Bond Resolution. The Lessee represents that such initial deposit of the Maximum Net Bond Funded Project Cost Amount, together with interest to be earned thereon prior to disbursement in accordance with the terms hereof and of the Bond Resolution giving rise to the Maximum Gross Bond Funded Project Cost Amount, together with the Equity Contribution, shall be sufficient to pay all of the Costs to design, permit, acquire, construct, and install all of the Renewable Energy Projects and to design, permit, acquire, construct, renovate, and install all of the Capital Improvement Project Costs, in either case for all of the Series 2011 Local Units on, in or about their Local Unit Facilities and in accordance with the Plans and Specifications.

(b) It is expressly acknowledged by the Lessee and the Lessor that the Lessor shall be under no obligation to issue any Bonds in an amount in excess of the Maximum Net Bond Funded Project Cost Amount to fund any Project Cost, including the Costs of any Completion Project related to either the Renewable Energy Projects or the Capital Improvement Projects of the Series 2011 Local Units on, in or about their Local Unit Facilities, unless the Authority agrees to issue a Series of Additional Bonds pursuant to the provisions of Section

100016345-S)

- 55 -

such Renewable Energy Projects in the event of a failure by the Lessee to perform its obligations hereunder, which rights of access shall in no way imply any obligation on the part of the Lessor or the Applicable Series 2011 Local Unit.

(c) The Lessee shall not permit any mechanic's or materialmen's or other lien to be established or remain against any portion of the Projects for labor or materials furnished in connection with any remodeling, additions, modifications, improvements, repairs, renewals or replacements made by the Lessee pursuant to Section 505 hereof and this Section 506, other than Permitted Encumbrances; provided, however, that if any such lien is established and the Lessee notifies the Lessor of its intention so to do, the Lessee may, in good faith, contest any lien filed or established against the Projects and, in such event, permit the items so contested to remain undischarged and unsatisfied during the period of such contest and any appeal therefrom, unless the Lessor shall notify the Lessee that, in the opinion of independent counsel, by nonpayment of any such item, the interest of the Lessor or the Applicable Series 2011 Local Unit in such Project shall be materially endangered or such Project or any part thereof shall be subject to loss or forfeiture, in which event the Lessee shall promptly pay and cause to be satisfied and discharged all such unpaid items or provide the Lessor and the Applicable Series 2011 Local Unit with full security against any such loss or forfeiture. The Lessor shall cooperate, and shall cause the Applicable Series 2011 Local Unit to cooperate fully with the Lessee in any such contest upon such request at the sole cost and expense of the Lessee.

**SECTION 507. Possession and Enjoyment of Projects during Lease Term.**

(a) From and after the execution and delivery of the REP Acceptance Certificate with respect to the applicable Renewable Energy Projects, the Lessor hereby agrees that during the Lease Term the Lessee, so long as the Lessee is not in default hereunder, shall have the quiet use and enjoyment of such Renewable Energy Projects, and the Lessee shall during such Lease Term peaceably and quietly have, hold and enjoy such Renewable Energy Projects, without suit, trouble or hindrance from the Lessor, any 2011 Local Unit, or any party claiming under or through the Lessor or such Local Unit, except as expressly set forth in the Program Documents. The Lessor and the Applicable Series 2011 Local Unit shall, at the request of the Lessee and at the Lessee's sole cost and expense, join in any legal action in which the Lessee asserts its right to such possession and enjoyment against any third-party to the extent the Lessor and the Applicable Series 2011 Local Unit lawfully may so do; in addition, the Lessee, while not in default hereunder, may in its discretion and at its sole cost and expense bring any such action in the name of the Lessor.

(b) From and after the execution and delivery of the CIP Acceptance Certificate with respect to the applicable Capital Improvement Projects, if any, the Lessor and the Lessee hereby agrees that during the Lease Term, the Applicable Series 2011 Local Unit, as fee owner thereof, shall have the quiet use and enjoyment of such Capital Improvement Projects, and the Applicable Series 2011 Local Unit shall during such Lease Term peaceably and quietly have, hold and enjoy such Capital Improvement Projects, without suit, trouble or hindrance from the Lessor or the Lessee, or any party claiming under or through the Lessor or the Lessee, except as

202(h) hereof.

(c) Any Project Costs in excess of such estimated Project Cost amount as set forth in subsection (a) above shall be solely borne by and solely paid from any funds available to the Lessee (which shall not include monies under the Bond Resolution, absent the Lessor's written consent). The Lessee hereby covenants to complete all of the Projects in accordance with the Plans and Specifications regardless of the actual Costs of such Projects and regardless of the amounts remaining on deposit in the Project Fund to pay such Project Costs. To the extent the Lessee shall complete all of the Projects in accordance with the Plans and Specifications in an aggregate amount less than any such deposit, plus estimated investment earnings, in the amount of such estimated Project Costs, any excess amounts remaining on deposit in the Project Fund, after the final Acceptance Certificate shall have been filed by the Lessee in accordance with the terms hereof, shall be applied as a credit to the next due Basic Lease Payments otherwise due and owing by the Lessee in accordance with Section 510(e)(1)(B) hereof and Section 5.02(3)(b) of the Bond Resolution.

(d) The Lessee shall cause moneys on hand from time to time in the Project Fund, held by the Trustee, to be made available for payment of all Project Costs, in the manner provided herein for submission of Draw Papers, including Sections 510 and 511 hereof, and in the Bond Resolution, including Sections 5.02(1) and 5.02(2)(a) thereof. The Lessee may cause moneys on hand from time to time in the Project Fund held by the Trustee to be made available for payment of all Company Development Fees and Expenses up to an aggregate amount of \$800,000 unless the Lessee receives the written acknowledgment of a higher ceiling from the Lessor, through the submission of a Certificate of an Authorized Officer of the Lessee substantially in the form of Exhibit D hereto, and otherwise following the terms set forth in Section 5.02(2)(b) of the Bond Resolution; provided, however, that notwithstanding the foregoing, the Lessee may not withdraw moneys from the Project Fund for payment of Company Development Fees and Expenses in excess of \$500,000, excluding those third-party and other Company Development Fees and Expenses approved by the Authority and paid upon issuance of the Series 2011A Bonds or thereafter, until the Company has satisfied, or caused the satisfaction of, all of the Completion Conditions. The Lessee, at its sole discretion, may apply less of the aggregate amount on deposit in the Project Fund and earmarked for payment of Company Development Fees and Expenses to such purpose, and instead apply all or a portion of such earmark (including any interest earned thereon) toward Costs of the Renewable Energy Projects or Capital Improvement Projects in the manner contemplated by Sections 510 and 511 hereof, and Section 5.02(2)(a) of the Bond Resolution. Any moneys remaining on deposit in the Project Fund, including interest earnings, upon the payment of all Project Costs (for which the Company shall submit Draw Papers) and all Company Development Fees and Expenses (for which the Company shall submit such Exhibit D form Certificate), shall be applied in the manner set forth in Section 510(e) hereof.

**SECTION 510. Submission of Draws; Procedures; Acceptance Certificates.**

(a) As payments are required for the Project under this Company Lease

Agreement, the Lessee shall prepare and assemble the Draw Papers (as defined below) and submit them to the Trustee.

(b) On or before 10:00 a.m. EST on each date on which the Lessee intends to submit Draw Papers requisitioning funds held by the Trustee in the Project Fund for Costs of the Renewable Energy Projects or Capital Improvement Projects for an Applicable Series 2011 Local Unit (each a "Draw Date"), the Lessee shall advise the Trustee in writing of the aggregate amount of funds needed for disbursement to pay such Project Costs. An amount equal to the lesser of (i) such aggregate amount of funds needed and (ii) the amount of funds available in the Project Fund (and not otherwise earmarked to pay the Costs of the Projects for the other Series 2011 Local Units) shall be applied to the payment of such Project Costs upon submission of the Draw Papers in accordance with subsection (c) below.

(c) Except as otherwise provided in Section 5.11 hereof, the Lessee shall cause the Trustee to make payments from the Project Fund to the Contractors under the Development Contracts or other third-party vendors, in either case for Costs of the Projects, but only after the Lessee shall have supplied the Trustee with a duly authorized, completed and executed requisition from the Lessee substantially in the form of Exhibit C hereto (together with any attachments thereto, the "Draw Papers"), each executed by the Lessee, acknowledged by the Applicable Series 2011 Local Unit (in accordance with Section 4.1(d) of the Local Unit License Agreements, including the authority therein to delegate such right and obligation to the Construction Manager), and acknowledged as to form only by the Lessor (in accordance with Section 4.1(e) of the Local Unit License Agreements, including the authority therein to delegate such right and obligation to the Construction Manager), stating with respect to each such payment to be made: (i) the requisition number, (ii) the name and address of the Contractor, other person, other corporation or other entity to which payment is due or, if for reimbursement to the Lessee, to which Contractor, other person, other corporation or other entity and when payment has previously been made by the Lessee, and as applicable in either case, the Development Contract under which such payment is or was due, (iii) the amount to be paid, (iv) the Renewable Energy Project or Capital Improvement Project to which such payment is to be applied, including the Applicable Series 2011 Local Unit and their Local Unit Facility, (v) that such payment obligation has been properly incurred in accordance with the Plans and Specifications, is an item of the Cost of such Project, is a proper charge against the Project Fund, and has not been the basis of any previous withdrawal, (vi) that attached thereto is a bill, invoice, receipt or other evidence that payment on such Project Cost is due and owing or has been paid by or on behalf of the Lessee. Lessee also agrees to file a monthly Initial Project Workforce Form AA201, and (vii) the amount being requisitioned shall not exceed seventy percent (70%) of any Renewable Energy Project Cost for which payment is being sought, it being expressly understood by the Lessee that for each requisition being submitted, the Lessee shall pay or cause to be paid at least thirty percent (30%) from the Equity Contribution (the ratio of not exceeding seventy percent (70%) payment from requisition and at least thirty percent (30%) payment from Equity Contribution for each Project Cost for which a requisition is submitted shall be defined herein as the "Draw Paper Ratio"), substantially in the form of, and consistent with the instructions included in, Exhibit C-1 attached hereto, with the Lessor and the Division of Public Contracts

when the Lessee has submitted all Draw Papers respecting Costs of such Capital Improvement Projects or the Completion Project related thereto, if any, to be paid from the Project Fund that are eligible to be approved with respect thereto for each such Series 2011 Local Unit, (y) when all such Capital Improvement Projects or Completion Project related thereto, as the case may be, for each such Series 2011 Local Unit have been designed, acquired, constructed, renovated and installed in accordance with the Plans and Specifications therefor, (z) when all such Capital Improvement Projects or Completion Project related thereto, as the case may be, for each such Series 2011 Local Unit have been accepted by such Series 2011 Local Unit, and (B) a statement regarding the funds remaining on deposit in the Project Fund earmarked for any such Capital Improvement Projects, if any, all in accordance with Section 5.02 of the Bond Resolution. Each such REP Acceptance Certificate shall not be filed by the Lessee with the Trustee until so acknowledged by the Applicable Series 2011 Local Unit, and until each such Certificate shall be further acknowledged by an Authorized Officer of the Lessor as to form only. Each such CIP Acceptance Certificate shall not be filed by the Lessee with the Trustee until so acknowledged by the Applicable Series 2011 Local Unit (in accordance with Section 4.3(c) of the Local Unit License Agreements, including the authority therein to delegate such right and obligation to the Construction Manager), and until each such Certificate shall be further acknowledged by an Authorized Officer of the Lessor as to form only (in accordance with Section 4.3(d) of the Local Unit License Agreements, including the authority therein to delegate such right and obligation to the Construction Manager); and

(e) If, upon the completion of the design, permitting, acquisition, construction, renovation and installation of all of the Projects for the Series 2011 Local Units on or prior to December 14, 2012 (as such date may be extended due to a Force Majeure event or events or a Local Unit Event of Default under the Applicable Local Unit License Agreement), as evidenced by the filing of all Acceptance Certificates by the Company, as duly acknowledged by the Series 2011 Local Units and the Lessor, on or prior to December 14, 2012 (as such date may be extended due to a Force Majeure event or events or a Local Unit Event of Default under the Applicable Local Unit License Agreement), all in accordance with the terms hereof, of the Bond Resolution, and of the Local Unit License Agreements for the Series 2011 Local Units, then upon the Trustee's receipt of the final Acceptance Certificate so designated, the Trustee shall, without any further authorization, (i) transfer any surplus funds remaining on deposit in the Project Fund to the Debt Service Fund for application as a credit to the next due Interest Portion of Basic Lease Payments due from the Lessee, and if not fully applied, to the next due Principal Portion of Basic Lease Payments due from the Lessee, and if still not fully applied, then to the next due future interest Portion, and then Principal Portion, of Basic Lease Payments until fully applied, all unless the provisions of Section 5.02 of the Bond Resolution require application otherwise, in which case the Trustee shall (ii) apply any such surplus funds remaining on deposit in the Project Fund in accordance with the terms of Section 5.02 of the Bond Resolution. To the extent the final Acceptance Certificate for all of the Series 2011 Local Units shall not have been filed by the

Equal Opportunity Compliance, through and including the month after the final Acceptance Certificate has been filed.

(d) From time to time, in accordance with the terms of the Company Lease Agreement, the Local Unit License Agreements with respect to the Series 2011 Local Units, and this Bond Resolution, the Lessee shall file with the Trustee, duly authorized, completed, executed, acknowledged, and delivered Acceptance Certificates in the form of Exhibit B hereto at the following times and with respect to the following matters, and upon receipt thereof, the Trustee shall take the following actions:

(i) The Lessee shall file with the Trustee (A) the REP Acceptance Certificates in the form of Exhibit B-1 hereto, one for each Series 2011 Local Unit, signed by an Authorized Officer of the Lessee with respect to the Renewable Energy Projects or, where applicable, any Completion Project related thereto, for each such Series 2011 Local Unit, (x) when the Lessee has submitted all Draw Papers respecting Costs of such Renewable Energy Projects or the Completion Project related thereto, if any, to be paid from the Project Fund that are eligible to be approved with respect thereto for each such Series 2011 Local Unit, (y) when all such Renewable Energy Projects or Completion Project related thereto, as the case may be, for each such Series 2011 Local Unit have been designed, acquired, constructed and installed in accordance with the Plans and Specifications therefor, (z) when all such Renewable Energy Projects or Completion Project related thereto, as the case may be, for each such Series 2011 Local Unit have been accepted by the Lessee and such Series 2011 Local Unit, and (B) a statement regarding the funds remaining on deposit in the Project Fund earmarked for any such Renewable Energy Projects, if any, all in accordance with Section 5.02 of the Bond Resolution. Each such REP Acceptance Certificate shall not be filed by the Lessee with the Trustee until so acknowledged by the Applicable Series 2011 Local Unit (in accordance with Section 4.2(c) of the Local Unit License Agreements, including the authority therein to delegate such right and obligation to the Construction Manager), until each such Certificate shall be further acknowledged by an Authorized Officer of the Lessor as to form only (in accordance with Section 4.2(d) of the Local Unit License Agreements, including the authority therein to delegate such right and obligation to the Construction Manager) and until accompanied by one or more Interconnection Agreements with respect to all such Renewable Energy Projects or Completion Projects related thereto;

(ii) The Lessee shall file with the Trustee (A) the CIP Acceptance Certificates in the form of Exhibit B-2 hereto, one for each Series 2011 Local Unit that is financing Capital Improvement Projects with a portion of the proceeds of the Bonds, signed by an Authorized Officer of the Lessee with respect to such Capital Improvement Projects or, where applicable, any Completion Project related thereto, for each such Series 2011 Local Unit, (x)

Lessee, as duly acknowledged by the Series 2011 Local Units and the Lessor, all in accordance with the terms hereof, of the Bond Resolution, and of the Local Unit License Agreements for the Series 2011 Local Units, on or prior to December 14, 2012, as extended if applicable (thereby causing an Event of Default hereunder, but not under the Bond Resolution), the Trustee shall transfer any funds remaining on deposit in the Project Fund as set forth in a Certificate of an Authorized Officer of the Authority, as required pursuant to the provisions of Section 5.02(3)(b) of the Bond Resolution.

#### SECTION 511. Reimbursement to Lessee from Monies in the Project Fund.

Notwithstanding the provisions of Section 510 hereof to the contrary, the Lessee shall be entitled to submit Draw Papers to the Trustee and receive reimbursement for the amounts set forth in such Draw Papers for advances made with respect to the Projects, prior to a given Draw Date, so long as the Lessee submits the requisite requisition and supporting copies of invoices prior to being reimbursed directly by the Trustee.

#### SECTION 512. Construction Period Insurance.

Each Contractor shall be required to provide and maintain in force during the entire acquisition, construction, renovation or installation period of all Projects, and prior to the Contractor's performance of work under any Development Contract, builder's risk or property damage insurance (in an amount not less than the full value of all work done and materials and equipment provided or delivered by the Contractor and, in any event, not less than the applicable Purchase Option Price at such time), comprehensive liability insurance, worker's compensation insurance and any other insurance required by law or customarily maintained with respect to like projects. All such policies of insurance shall show the Lessor, the Lessee and the Applicable Series 2011 Local Unit as named insureds, in such amounts as their interests may appear. Evidence of such insurance shall be filed with the Lessor. Notwithstanding the foregoing, the EPC Contractor and the Company will not be required to maintain property insurance concurrently. The EPC Contractor shall supply builder's risk insurance until completion and the Company shall supply property insurance thereafter.

#### SECTION 513. Taxes and Other Governmental Charges and Utility Charges.

The Lessee shall pay when due all gas, water, steam, electricity, heat, power, telephone and other charges incurred in the operation, maintenance, use, occupancy and upkeep of the Renewable Energy Projects. The Lessee shall also pay all property and excise taxes and governmental charges of any kind whatsoever that may at any time be lawfully assessed or levied against or with respect to the Renewable Energy Projects or any part thereof or the Lease Payments, which become due during the Term of this Company Lease Agreement with respect thereto, and all special assessments and charges lawfully made by any governmental body for public improvements that may be secured by a lien on the Renewable Energy Projects; provided, however, that with respect to special assessments or other governmental charges that may lawfully be paid in installments over a period of years, the Lessee shall be obligated to pay only

[00016345-5]

- 60 -

such installments as are required to be paid during the Term of this Company Lease Agreement and when the same become due. The Lessee shall not be required to pay any federal, state or local income, inheritance, estate, succession, transfer, gift, franchise, gross receipts, profit, excess profit, capital stock, corporate or other similar tax payable by the Lessor, its successors or assigns, unless such tax is made in lieu of or as a substitute for any real estate or other tax upon property and arises out of or is levied upon the Lessor's interest in the Renewable Energy Projects hereunder.

The Lessee may, at its own expense and in its or the Lessor's name, contest in good faith any such taxes, assessments or utility or other charges (and the Lessor shall cooperate fully in any such contest) and, in the event of any such contest, permit such taxes, assessments or other charges so contested to remain unpaid during the period of such contest and any appeal therefrom, unless the Lessor shall notify the Lessee that, in the opinion of independent counsel, by nonpayment of any such items, the interest of the Lessor in the Renewable Energy Projects shall be materially endangered, or the Renewable Energy Projects or any part thereof shall be subject to loss or forfeiture, in which event the Lessee shall promptly pay such taxes, assessments or charges or provide the Lessor with full security against any loss or forfeiture that may result from nonpayment.

**SECTION 514. Site Visits.**

The Lessor shall visit the site of the Project at least quarterly to monitor the acquisition, construction, renovation and installation of the Projects by the Lessee and/or the Contractors, as the case may be.

**SECTION 515. Construction Manager.**

At its sole discretion, the Lessor may employ one or more Construction Manager, payable from a portion of the proceeds of the Series 2011 Bonds in excess of the Maximum Net Bond Funded Project Cost Amount, to act on behalf of the Lessor in exercising any of its rights, or in discharging any of its duties and obligations under this Company Lease Agreement or other Program Document with respect to the (a) design, permitting, acquisition, construction, installation, operation and maintenance of the Renewable Energy Projects for the Series 2011 Local Units and/or the (b) design, permitting, acquisition, construction, renovation, and installation of the Capital Improvement Projects for the Series 2011 Local Units.

insurance may be maintained as part of or in conjunction with any other liability insurance coverage carried or required to be carried by the Lessee, and may be maintained in whole or in part in the form of self-insurance by the Lessee, provided, however, that such self-insurance complies with the provisions of Section 614 hereof. The Net Proceeds of such liability insurance shall be applied toward extinguishment or satisfaction of the liability with respect to which the Net Proceeds of such insurance shall have been paid.

**SECTION 603. Auto Liability Insurance.**

The Lessee shall procure and maintain or cause to be procured and maintained, throughout the Term of this Company Lease Agreement, a standard comprehensive automobile liability insurance policy or policies in protection of the Lessee, the Lessor, and the Applicable Series 2011 Local Unit. Said policy or policies shall be written in a comprehensive form, shall comply with N.J.S.A. 39:6b-1 et seq. and all local regulations and case law regarding the scope and effect of the New Jersey Compulsory Motor Vehicle Insurance Statute, and shall provide for indemnification of said parties against direct or contingent loss or liability for damages for bodily and personal injury, death or property damage arising from the maintenance, use or operation of any owned or non-owned vehicle used in or in connection with the Projects. Said policy or policies shall provide coverage in an amount not less than \$1,000,000.00, shall be maintained. Before the expiration of any such policy, the party obligated under the terms of this Company Lease Agreement to maintain such insurance shall furnish to the other party evidence that the policy has been renewed or replaced by another policy conforming to the provisions of Article V hereof and this Article VI, unless such insurance is no longer obtainable in which event such party shall notify the other party of this fact and the Lessee shall thereafter self-insure pursuant to the terms of this Article VI. Neither the Trustee nor any Applicable Series 2011 Local Unit shall have responsibility with respect to any determinations as to the sufficiency of any insurance required under this Company Lease Agreement nor as to the compliance by the Lessee with the provisions of the Bond Resolution regarding insurance.

**SECTION 608. Indemnification.**

The Lessee shall (a) indemnify and save harmless the Lessor and the Series 2011 Local Units and their agents, employees, officers and directors from and against any and all claims, demands, liabilities, damages, losses, costs, charges and expenses (including, but not limited to, reasonable attorneys' fees) that the Lessor or the Series 2011 Local Units may incur or be subject to as a consequence, directly or indirectly, of any breach or non-performance by the Lessee of its obligations under this Company Lease Agreement, or negligence or misconduct by the Lessee in

connection with such performance or non-performance, or the ownership, rental, possession, operation, condition, sale or return of the Projects, and (b) reimburse the Lessor or the Series 2011 Local Units for all losses, costs, charges and expenses (including, but not limited to, reasonable attorneys' fees) that the Lessor or the Series 2011 Local Units may incur or be subject to as a consequence, directly or indirectly, of involvement in any legal proceeding or action relating to the foregoing; provided, however, that no indemnification or reimbursement shall be due to the extent that the Lessor or the Series 2011 Local Units, as applicable, has acted with gross negligence or willful misconduct in connection with the liabilities for which the Lessor or the Series 2011 Local Units, as applicable, is seeking indemnification or reimbursement. All amounts that become due from the Lessee under this Section 608 shall be credited with any amounts received by the Trustee from insurance provided by the Lessee, shall be payable by the Lessee within thirty (30) days following demand therefore by the Lessor or the Series 2011 Local Units, as applicable (which demand cannot be made prior to the Lessee's receipt thereof), and shall survive the termination or expiration of this Company Lease Agreement.

(a) Upon the financing of the Renewable Energy Projects with a portion of the proceeds of the Bonds and the filing of the RFP Acceptance Certificates, the Lessor shall be the holder of title to such Renewable Energy Projects for all State law purposes, subject to the lease of the Leased Property contemplated hereby. Upon the filing of the CIP Acceptance Certificates, if any, the parties hereto acknowledge that the respective Series 2011 Local Units shall be the fee owners of the respective Capital Improvement Projects described in any such Certificates. The parties further acknowledge that the Lessor may assign the Reimbursement Collateral pursuant to the terms of the County Security Agreement, if any, and/or the County Guaranty Agreement. So long as no Event of Default shall have occurred and be continuing hereunder, the Lessor shall not sell, assign or alienate all or any part of the Renewable Energy Projects (but such provision shall not apply to the Capital Improvement Projects, the Lessor having no interest therein) or any interest therein to any other Renewable Energy Program Interested Party or other third-party (other than to the Lessee pursuant to Article VII hereof), it being the purpose and intent hereof that the Lessee shall have the option to purchase all of the Lessor's right, title and interest in and to the Renewable Energy Projects during or upon the termination of this Company Lease Agreement, with credit toward the Basic Lease Payments for any such purchase price paid, all in accordance with Article VII hereof.

(b) Upon the termination of this Company Lease Agreement in accordance with Section 402(a)(iii) or (iv) hereof, (i) all of the Lessor's right, title and interest in and to the Renewable Energy Projects (and not the Capital Improvement Projects, the Lessor having no interest therein) shall be deemed sold, for purposes of State law, by the Lessor to the Lessee for the consideration of all previous Basic Lease Payments, and to the extent the Lessor was deemed to have a fee interest therein or to have retained title thereto for purposes of State law, such interest shall be deemed extinguished under State Law and such title thereto shall be deemed

conditions, all in accordance with the provisions of Section 5.2(d) of the Local Unit License Agreement for any such Applicable Series 2011 Local Unit.

(c) Upon the termination of this Company Lease Agreement due to a Lessee Event of Default in accordance with Section 402(a)(ii) hereof, (i) Lessor shall possess full right, title and interest in and to the Renewable Energy Projects for all of the Series 2011 Local Units (but not the Capital Improvement Projects, if any, which title shall remain with the respective Series 2011 Local Units), (ii) Lessee shall have no further leasehold or other right, title and interest in and to such Renewable Energy Projects (nor any such Capital Improvement Projects), (iii) except for the rights of the Series 2011 Local Units to effect a nominal value purchase of their respective Renewable Energy Projects in accordance with subsection (f) below, to the extent all Lease Payments have been made by the Lessee in full, all other covenants, agreements and obligations of the parties hereto under this Company Lease Agreement shall cease, terminate, and be deemed discharged and satisfied, and (iii) the Lessee and its officers shall take all actions necessary to authorize, execute and deliver to the Lessor any and all documents necessary to vest in the Lessor all of the Lessee's right, title and interest in and to the Renewable Energy Projects, free and clear of all liens, leasehold interests and encumbrances, including, if necessary, a release of any and all liens or interests created under the provisions of this Company Lease Agreement. In such event, the Trustee shall cause a statement of debits and credits for such period or periods as shall be requested by the Lessee or the Lessor to be prepared and filed with the Lessee and the Lessor, and, upon the request of the Lessee or the Lessor, shall execute and deliver to the Lessee and the Lessor all such instruments as may be desirable to evidence such discharge and satisfaction.

(f) Upon the termination of this Company Lease Agreement as contemplated in Section 609(c) above, the parties acknowledge that the right, title and interest in and to the Renewable Energy Project developed for any one or more Series 2011 Local Units may be sold by the Lessor to any such Applicable Series 2011 Local Unit for nominal consideration in accordance with the provisions of Section 5.2(a)(iv) of the Local Unit License Agreement for such Applicable Series 2011 Local Unit.

(g) Notwithstanding any other provision of this Section 609, in no event shall there be any transfer of any Renewable Energy Project or any interest therein to any person (such as a governmental entity) if such transfer would result in a Tax Benefit Recapture Event. The expression "Tax Benefit Recapture Event" means an event which would entitle the United States Department of the Treasury or the Internal Revenue Service to require that the Lessee return all or part of the Section 1603 Grant in lieu of tax credit received in connection with the Renewable Energy Projects, or to disallow the Lessee's tax deductions or recapture all or a portion of the investment tax credits previously claimed with respect to investments in energy property for depreciation.

In such event, the Trustee shall cause a statement of debits and credits for such period or periods as shall be requested by the Lessor or the Lessee to be prepared and filed with the Lessor and the Lessee, and, upon the request of the Lessor or the Lessee, shall execute and deliver to the Lessor and the Lessee all such instruments as may be desirable to evidence such discharge and satisfaction.

(c) Upon the termination of this Company Lease Agreement due to an optional or mandatory pre-purchase of the Renewable Energy Projects in accordance with Section 402(a)(i) and Sections 701 or 702, as applicable, hereof, (i) the rights of the Lessor and the Lessee in the title to the Renewable Energy Projects (but not the Capital Improvement Projects, which title shall remain with the respective Series 2011 Local Units) shall be as set forth in Section 703 hereof, (ii) except for the rights of the Series 2011 Local Units to effect a fair market value purchase of their respective Renewable Energy Projects in accordance with subsection (d) below, to the extent all Lease Payments have been made by the Lessee in full, all other covenants, agreements and obligations of the parties hereto under this Company Lease Agreement shall cease, terminate, and be deemed discharged and satisfied, and (iii) the Lessor and its officers shall take all actions necessary to authorize, execute and deliver to the Lessee any and all documents necessary to vest in the Lessee all of the Lessor's right, title and interest in and to the Renewable Energy Projects, free and clear of all liens, leasehold interests and encumbrances, including, if necessary, a release of any and all liens or interests created under the provisions of this Company Lease Agreement. In such event, the Trustee shall cause a statement of debits and credits for such period or periods as shall be requested by the Lessor or the Lessee to be prepared and filed with the Lessor and the Lessee, and, upon the request of the Lessor or the Lessee, shall execute and deliver to the Lessor and the Lessee all such instruments as may be desirable to evidence such discharge and satisfaction.

(d) Upon the termination of the Power Purchase Agreement, the parties acknowledge that (i) the Company and each Series 2011 Local Unit shall have thirty (30) days from any such termination to negotiate a fair market value purchase price for the Renewable Energy Project developed for any such Applicable Series 2011 Local Unit and (ii) to the extent the Company and any such Applicable Series 2011 Local Unit can agree to any such fair market value purchase price for such Renewable Energy Project, the parties acknowledge that the right, title and interest in and to such Renewable Energy Project may be sold by the Lessee to any such Applicable Series 2011 Local Unit for such fair market value price, and any other terms and

to exist any mortgage, pledge, lien, charge, encumbrance or claim on or with respect to the Projects, other than the respective rights of the Lessor and the Lessee as herein provided and the Permitted Encumbrances or in any other Program Document. Except as expressly provided in this Article VI, the Lessee shall promptly, at its own expense, take such action as may be necessary to discharge or remove any such mortgage, pledge, lien, charge, encumbrance or claim if the same shall arise at any time. The Lessee shall reimburse the Lessor and/or the Applicable Series 2011 Local Units, as applicable, for any expense incurred by it in order to discharge or remove any such mortgage, pledge, lien, charge, encumbrance or claim.

(b) The Lessee may, at its own expense and in its name, contest in good faith any taxes, assessments or utility and other charges and, in the event of any such contest, permit the taxes, assessments or other charges so contested to remain unpaid during the period of such contest and any appeal therefrom, unless the Lessor shall notify the Lessee that, in the opinion of independent counsel, by nonpayment of any such items the interest of the Lessor in the Projects shall be materially affected or the Projects or any part thereof shall be subject to loss or forfeiture, in which event the Lessee shall promptly pay such taxes, assessments or charges or provide the Lessor with full security against any loss that may result from nonpayment, in form satisfactory to the Lessor.

**SECTION 611. Trustee Indemnification.**

The Lessee shall (a) indemnify and save harmless the Trustee and its agents, employees, officers and directors from and against any and all liabilities, including, without limitation, all claims, demands, damages, losses, costs, penalties, charges and expenses (including, but not limited to, reasonable attorneys' fees) in any way relating to or arising from (i) the development, ownership, possession, operation, condition, sale, rental, sub-rental or return of the Projects, (ii) the Program Documents, and (iii) any resignation by the Trustee in accordance with Section 10.07(2) of the Bond Resolution; and (b) reimburse the Trustee for all losses, costs, charges and expenses (including, but not limited to, reasonable attorneys' fees) that the Trustee may incur or be subject to as a consequence, directly or indirectly, of involvement in any legal proceeding or action relating to the foregoing; provided, however, that no indemnification or reimbursement shall be due to the extent that the Trustee has acted with negligence or willful misconduct in connection with the liabilities for which the Trustee is seeking indemnification or reimbursement. All amounts that become due from the Lessee under this Section 611 shall be credited with any amounts received by the Trustee from insurance provided by the Lessee, shall be payable by the Lessee within thirty (30) days following demand therefore by the Trustee, and shall survive the termination or expiration of this Company Lease Agreement.

**SECTION 612. Advances.**

**SECTION 613. Net Proceeds of Insurance; Form of Policies.**

(a) Each policy of insurance obtained pursuant to or required by this Article VI shall provide that all Net Proceeds thereunder shall be payable (i) with respect to the Renewable Energy Projects, to the Lessor for deposit with the Trustee in the Project Fund, the Revenue Fund or such other Fund or Account under the Bond Resolution, in any event as directed by the Lessee, but only so long as the Lessee has not caused an Event of Default hereunder, in which latter case such Net Proceeds shall be payable to the Lessor, (ii) with respect to the Capital Improvement Projects, to the Applicable Series 2011 Local Unit, or at their direction, to the Trustee for deposit in the Project Fund, or other Fund or Account under the Bond Resolution, or (iii) if not discernible as to Project or otherwise, payable to the Lessor or at the Lessor's direction, to the Trustee for deposit in the Project Fund, the Revenue Fund, or other Fund or Account under the Bond Resolution.

(b) The Lessee shall pay or cause to be paid when due the premiums for all insurance policies required by this Company Lease Agreement, and shall promptly furnish or cause to be furnished to the Lessor and the Series 2011 Local Units evidence of such payments. All such policies shall provide that the Applicable Series 2011 Local Units and the Lessor shall be given not less than thirty (30) days' notice of each expiration, any intended cancellation and any intended reduction of the coverage provided thereby.

(c) Neither the Applicable Series 2011 Local Units nor the Authority shall be responsible for the sufficiency of any insurance herein required, and shall be fully protected in accepting payment on account of such insurance or any adjustment, compromise or settlement of any loss agreed to by the Applicable Series 2011 Local Units or the Authority, as the case may be.

(d) The Lessee shall cause to be delivered to the Applicable Series 2011 Local Units and the Lessor on each anniversary of the date of issuance of the Series 2011 Bonds a Certificate of an Authorized Officer of the Lessee, satisfactory to the Applicable Series 2011 Local Units and the Lessor, that the insurance policies required by this Company Lease Agreement are in full force and effect.

**SECTION 614. Self-Insurance.**

Self-insurance, in lieu of policy coverage, maintained by the Lessee pursuant to this Article VI shall only be deemed to comply with this Article VI to the extent all of the following are satisfied:

Officers to such effect;

(b) The self-insurance program shall be approved by an Independent Insurance Consultant;

(c) The self-insurance program shall include an actuarially sound claims reserve fund out of which each self-insured claim shall be paid; the adequacy of each such fund shall be evaluated on an annual basis by an Independent Insurance Consultant; and any deficiencies in any self-insurance claims reserve fund shall be remedied in accordance with the recommendation of an Independent Insurance Consultant;

(d) The self-insurance claims fund shall be held in a separate trust fund by an independent trustee, which independent trustee may also be the Trustee serving as such under the Bond Resolution;

(e) The self-insurance program shall comply in every particular with all applicable law; and

(f) In the event the self-insurance program shall be discontinued, the actuarial soundness of its claims reserve fund, as determined by an Independent Insurance Consultant, shall be maintained.

**ARTICLE VII**

**OPTION TO PURCHASE; PREPAYMENT OF LEASE PAYMENTS**

**SECTION 701. Lessee's Prepayment and Purchase Option; Purchase Option Price.**

(a) The Lessee is hereby granted the option to prepay its Basic Lease Payments in part, in accordance with Section 8.07 of the Bond Resolution. Any partial prepayment shall not affect the Lessor's right, title and interest in and to the Renewable Energy Projects, nor the Series 2011 Local Units' right, title and interest in and to the Capital Improvement Projects. At the Lessee's option, as directed in a Certificate of an Authorized Officer of the Company delivered by the Company to the Trustee, the Lessor, and the County accompanying any such partial prepayment, any such partial prepayment shall be either (i) credited to the next due Interest Portion of Basic Lease Payments due from the Lessee, and if not fully applied, to the next due Principal Portion of Basic Lease Payments due from the Lessee, and then to the next due future Interest Portion, and then Principal Portion, of Basic Lease Payments until fully applied or (ii) applied to defease Outstanding Bonds in the manner contemplated by Article XII of the Bond Resolution, and in the amounts and on the dates as set forth in any such partial prepayment Certificate of the Company, which in the case of such defeasance option selected by the Company, such Certificate of the Company shall be acknowledged by an Authorized Officer of the Authority to the effect that such dates and amounts conform to the requirements of the Bond Resolution. Upon any such partial prepayment, new schedules reflecting the revised Basic Lease Payments due from the Lessee, taking into account any such partial prepayment, shall be attached by the Lessor hereto.

The Lessee may not utilize funds in the County Security Fund or Restoration Security Fund, if any, toward any such partial prepayment; provided, however, that such limitation does not extend to monies previously released from the County Security Fund and transferred to the Aged Account in the Revenue Fund in accordance with Section 5.07(3)(a) of the Bond Resolution at the time of any such partial prepayment; provided, further however, that such limitation does not extend to such amounts that would be eligible for release pursuant to the calculations referred to in Section 5.07(3)(a) of the Bond Resolution immediately after any such partial prepayment (to the extent the Series 2011 Bonds will not be redeemed simultaneously with the prepayment, the Series 2011 Bonds that will be defeased upon the prepayment shall not be considered Outstanding for purposes of such calculations, and therefore can be released and applied to any such prepayment if the calculations so warrant release), to the extent the Lessor has verified such calculations in writing to the Lessee and the Trustee. In any such instance where this limitation does not so extend, the Lessee may direct the Trustee in writing, with a copy to the Lessor, to apply any such amounts in the County Security Fund, if any, to any such partial prepayment, and the Lessor shall cause the Trustee, pursuant to the terms set forth in the Bond Resolution, to promptly comply with any such direction.

(b) The Lessee is further hereby granted the option to prepay and purchase all

of the Lessor's right, title and interest in and to the Renewable Energy Projects (but not the Capital Improvement Projects, if any) in whole, at the times set forth in Section 701(c) hereof, by paying to the Trustee the "Purchase Option Price", which for any date of calculation shall be the sum of (i) the aggregate amount of unpaid principal of the Bonds to their maturity date under the terms of the Bond Resolution and as set forth in the Lessee's notice to the Trustee of such prepayment, (ii) any interest accrued on the Bonds from the last Interest Payment Date thereof on which interest thereon was paid to the final maturity date set forth in clause (i) above, (iii) the redemption premium, if any, applicable to the payment of the Bonds on the maturity date set forth in clause (i) above, and (iv) any costs of redemption or defeasance or other Administrative Expenses incurred by any party to a Program Document in implementing such prepayment.

The Lessee may direct the Trustee in writing, with a copy to the Lessor, that all or a portion of the Purchase Option Price (where all of the Outstanding Bonds shall be paid) shall be funded from the County Security Fund, if any, and the Lessor shall cause the Trustee, pursuant to the terms set forth in the Bond Resolution, to promptly comply with any such direction.

(c) The prepayment options set forth in subsections (a) and (b) above may be exercised by the Lessee at any time by (i) giving written notice to the Trustee and the Lessor of the exercise of such option at least fifty-two (52) days prior to the final maturity date set forth in such notice, and (ii) if the prepayment shall occur before January 15, 2021, complying with any other requirements of Article XII of the Bond Resolution that may be required by the Trustee or the Lessor to defease the Bonds in accordance with the terms of the Bond Resolution, including, without limitation, a verification report from a nationally recognized accounting firm approved by the Trustee and the Lessor to the effect that the amount so prepaid shall equal the Purchase Option Price (for a full prepayment) and shall therefore be sufficient to defease the Bonds (in whole or in part, as the case may be) by paying all of the principal thereof and redemption premium, if any, thereon through and including the final maturity thereof, plus all interest accruing thereon to such final maturity date. Such option shall be exercised by depositing with said notice cash and/or Investment Securities in such amount as shall be sufficient, together with interest to accrue thereon, to pay the Bonds to be defeased on said redemption date.

(d) Notwithstanding any provision herein or in any Program Document to the contrary, the Lessee may not advance refund, currently refund or otherwise refund any Series of Bonds with bonds, notes or other obligations of the Lessee, or such other moneys available to the Lessee, and use such moneys to make any prepayments hereunder unless (i) provision has been made by the Lessee for the payment of all (A) principal of, redemption premium if any, and interest on the Series of Bonds being refunded to any redemption date and (B) Administrative Expenses of the Lessor relating thereto, and (ii) if applicable, prior written notification of any such refunding has been given to the Lessor. Notwithstanding the foregoing, the Lessor may, in its sole discretion at the times and under the circumstances and for the purposes set forth in the Bond Resolution, advance refund, currently refund, or otherwise refund any Series of Bonds, the allocation of the benefit from which shall be determined between the Lessor and the Lessee at the time of any such defeasance and/or refunding.

**SECTION 702. Mandatory Prepayment and Purchase of Project; Mandatory Purchase Price.**

(a) Upon the acceleration of the Bonds, the Lessee shall forthwith prepay and purchase all of the Renewable Energy Projects (but not the Capital Improvement Projects, if any) by paying to the Trustee, immediately upon receipt of notice of such acceleration, the "Mandatory Purchase Price", which for any date of calculation shall be the sum of (i) the aggregate amount of the unpaid principal of the Bonds, (ii) any interest accrued on the Bonds from the last Interest Payment Date thereof on which interest thereon was paid to the date that the amount in clause (i) above has been paid in full, and (iii) any costs of acceleration or other Administrative Expenses incurred by any party to a Program Document in implementing such prepayment.

(b) In the event the Mandatory Purchase Price remains unpaid when due, the Lessee shall make an Additional Lease Payment immediately due and payable equal to, for any date of such deficiency, the amount of such deficiency times the per diem Overdue Rate.

**SECTION 703. Effect of Prepayment.**

(a) In the event of a deposit sufficient to purchase the Renewable Energy Projects (but not the Capital Improvement Projects, if any) pursuant to Section 701 or 702 hereof and to pay any and all amounts due hereunder, (i) all of the Lessor's right, title and interest in and to such Renewable Energy Projects (but not the Capital Improvement Projects, as to which the Lessor has no right, title or interest) shall be deemed sold to the Lessee for the consideration set forth in such Sections, (ii) except for the rights of the Series 2011 Local Units to effect a Fair Market Value purchase of their respective Renewable Energy Projects in accordance with Section 609(d) hereof, to the extent all Lease Payments have been made by the Lessee in full, all other covenants, agreements and obligations of the parties hereto under this Company Lease Agreement shall cease, terminate, and be deemed discharged and satisfied, and (iii) the Lessor and its officers shall take all actions necessary to authorize, execute and deliver to the Lessee any and all documents necessary to vest in the Lessee all of the Lessor's right, title and interest in and to the Renewable Energy Projects (but not the Capital Improvement Projects, as to which the Lessor has no right, title or interest), free and clear of all liens, leasehold interests and encumbrances, including, if necessary, a release of any and all liens or interests created under the provisions of this Company Lease Agreement. In such event, the Trustee shall cause a statement of debits and credits for such period or periods as shall be requested by the Lessor or the Lessee to be prepared and filed with the Lessor and the Lessee, and, upon the request of the Lessor or the Lessee, shall execute and deliver to the Lessor and the Lessee all such instruments as may be desirable to evidence such discharge and satisfaction.

(b) Notwithstanding anything to the contrary herein or in any Program Document, including without limitation subsection (a) above, to the extent the Lessee has satisfied all of the conditions of subsection (a) above in order to terminate this Company Lease Agreement, including the payment of all amounts due and owing hereunder and under the other Company

(a) direct the application of the Net Proceeds in the manner as set forth in Sections 801(a)(y) or 801(b)(y) above, thereby requiring the Lessee to complete the work relating to the Projects as so set forth, except that the Lessee shall itself pay any Project Costs in excess of the amount of the Net Proceeds, and, if by reason of any such insufficiency of the Net Proceeds the Lessee shall make any payments pursuant to the provisions of this Section 802(a), the Lessee shall not be entitled to any reimbursement therefor from the Lessor, nor shall the Lessee be entitled to any diminution of the Lease Payments due hereunder with respect to the Projects;

(b) direct the application of the Net Proceeds in the manner as set forth in Section 801(a)(z) above, thereby requiring the Lessee to make an equity contribution to the extent the Net Proceeds are insufficient to cover the Purchase Option Price and thereupon exercise Lessee's option to purchase the Project in whole, in accordance with Article VII hereof, in which event the Net Proceeds shall be used toward this purpose; or

(c) direct the application of the Net Proceeds consistent with the determination contemplated in Section 801(b)(y) above, thereby causing the Net Proceeds to be applied to the payment of the Interest Portion and, to the extent available, the Principal Portion of the Basic Lease Payments due on the immediately succeeding Basic Lease Payment Dates until all of the Net Proceeds have been so applied, in which event the Lessee shall not be entitled to any reimbursement therefor from the Lessor nor shall the Lessee be entitled to any diminution of the Lease Payments due hereunder with respect to the Project. ARTICLE IX

ASSIGNMENT, SUBLEASING, MORTGAGING AND SELLING

SECTION 901. Assignment by Lessor.

Except for this Company Lease Agreement and as otherwise provided below and in any other Program Document, including without limitation with respect to its payment obligations under the Power Purchase Agreement to the Series 2011 Local Units under the Local Unit License Agreements, or with respect to the assignment of the Reimbursement Collateral to the County and the County Security Provider, if any, under the County Guaranty Agreement and the County Security Agreement, if any and as applicable, the Lessor shall not assign its obligations under this Company Lease Agreement and no such purported assignment thereof shall be effective. All of the Lessor's right, title and interest in and to this Company Lease Agreement, the Lease Payments and the other amounts due to it hereunder and under the Project shall be assigned by the Lessor to the Trustee pursuant to the pledge of the Trust Estate under the Bond Resolution no later than the execution and delivery hereof.

SECTION 902. Lease Payments to Trustee.

The Lessor and the Lessee hereby agree that from and after the adoption of the Bond Resolution and the execution of this Company Lease Agreement, so long as the same shall remain in effect, payment by the Lessee to the Trustee or, if applicable, to the successor thereto of any moneys or sums due hereunder from the Lessee to the Lessor shall satisfy the obligation of the Lessee to pay such money or sums.

SECTION 903. Assignment and Subleasing by Lessee.

This Company Lease Agreement may not be assigned or subleased by the Lessee without the prior written consent of the Lessor and the Applicable Series 2011 Local Units, in their sole discretion, as the Lessee entered into this Company Lease Agreement as the successful respondent pursuant to the Company RFP and all applicable law, and the Lessor and the Series 2011 Local Units have selected the Lessee, and not any assignee, to receive the rights, and perform the duties and obligations hereunder. Any such purported assignment or sublease shall be deemed null and void without such prior written consent.

SECTION 904. Restriction on Mortgage or Sale of Project by Lessee.

The Lessee shall not mortgage, sell, assign, transfer or convey the Projects or any portion thereof during the Term of this Company Lease Agreement without the prior written consent of the Lessor and the Applicable Series 2011 Local Units, in their sole discretion, as the Program Documents contemplate such Projects being available, directly in the case of the Capital Improvement Projects, or indirectly in the case of the Renewable Energy Projects as a source of power, for the benefit of the Series 2011 Local Units.

EVENTS OF DEFAULT; REMEDIES

SECTION 1001. Events of Default.

(a) An Event of Default hereunder means the occurrence of any one or more of the following events:

(i) The Lessee fails to (A) make any Basic Lease Payment as it becomes due or (B) make any Additional Lease Payment as it becomes due or maintain any insurance requirement set forth hereunder, and in the case of (B) only, such failure is not cured within thirty (30) days after written notice thereof has been given to the Lessee by the Lessor or the Trustee; provided, however, if the Basic Lease Payment is paid with funds from the County Reserve, such payment will not constitute an Event of Default.

(ii) The Lessee fails to perform or observe any other covenant, condition or agreement to be performed or observed by it hereunder or under any Company Document, and such failure is not cured within ninety (90) days after written notice thereof has been given to the Lessee by the Lessor or the Trustee; provided, however, that if such failure cannot be cured within said ninety (90) day period, the Lessee shall not be in default if it has commenced to cure within such ninety (90) day period, it continuously proceeds with the cure, and if such action to cure the default is acceptable to the Lessor and the Lessor indicates the same in writing.

(iii) The discovery by the Lessor or the Trustee that any material statement, representation or warranty made by the Lessee in this Company Lease Agreement, or in any writing delivered by the Lessee pursuant hereto or in connection herewith, is false, misleading or erroneous in any material respect.

(iv) The Lessee becomes insolvent or admits in writing its inability to pay its debts as they mature or applies for, consents to or acquiesces in the appointment of a trustee, receiver or custodian for the Lessee or a substantial part of its property; or in the absence of such application, consent or acquiescence, a trustee, receiver or custodian is appointed for the Lessee or a substantial part of its property and is not discharged within sixty (60) days; or any bankruptcy, reorganization, debt arrangement, moratorium or other proceeding under bankruptcy or insolvency law, or any dissolution or liquidation proceeding, is instituted by or, if permitted by law, against the Lessee and, if instituted against the Lessee, is consented to or acquiesced in by the Lessee or is not dismissed within sixty (60) days.

[00016345-5]

- 80 -

(v) The entering of an order or decree appointing a receiver for the Leased Property or for any part thereof or for the revenues thereof with or without the consent or acquiescence of the Lessee, and such order or decree shall not be vacated, discharged or stayed within ninety (90) days after the date of such entry.

(b) Upon the occurrence of an Event of Default under this Section 1001, the Trustee shall transmit a written notice, including electronic mail, of such Event of Default to the Lessor, the Lessee and the Series 2011 Local Units within thirty (30) days of the Trustee's knowledge thereof.

(c) Upon the occurrence of an Event of Default under this Section 1001, all obligations of the Lessee under this Company Lease Agreement shall remain in full force and effect.

#### SECTION 1002. Remedies.

(a) Upon the occurrence and continuation of any Event of Default as described in Section 1001 hereof, at the option of the Lessor, the Mandatory Purchase Price with respect to the Project shall become immediately due and payable by the Lessee upon the Lessor's declaration. So long as the Lessor is not in default hereunder, the Lessor shall have the right to direct all remedial proceedings under this Company Lease Agreement, including the consent to remedies taken upon an Event of Default. Subject to the preceding sentence, the Lessor shall have the right, without any further demand or notice, to take one or any combination of the remedial steps below:

(i) With or without terminating this Company Lease Agreement, take possession of the Renewable Energy Projects, the SRECs, and any other portion of the Leased Property, and exclude the Lessee from using it; provided, however, that if this Company Lease Agreement has not been terminated, the Lessor shall return possession of same to the Lessee when the Event of Default has been cured; and provided, further, that the Lessee shall continue to be responsible for the Lease Payments due hereunder during the remainder of the Lease Term.

(ii) With or without terminating this Company Lease Agreement, take possession of the Renewable Energy Projects, the SRECs, and any other portion of the Leased Property, and sell, lease or sublease its interest therein or any part thereof.

(iii) With or without terminating this Company Lease Agreement, take possession of the Renewable Energy Projects, the SRECs, and any other portion of the Leased Property, and apply any portion of same, or of the proceeds of same (in accordance with clause (ii) above) in accordance with the

provisions of Section 5.07(1)(b) of the Bond Resolution

(iv) With or without terminating this Company Lease Agreement, declare all Lease Payments due or to become due hereunder to be immediately due and payable by the Lessee, whereupon such Lease Payments shall be immediately due and payable.

(v) Take whatever action at law or in equity may appear necessary or desirable to collect the Lease Payments then due and thereafter to become due hereunder with respect to the Project or to enforce performance and observance of any obligation, agreement or covenant of the Lessee under this Company Lease Agreement.

(b) Notwithstanding any other provisions of this Section 1002, in no event shall there be any transfer of any Renewable Energy Project or any interest therein to any person (such as a governmental entity) if such transfer would result in a Tax Benefit Recapture Event as described in Section 609.

#### SECTION 1003. Reinstatement.

Notwithstanding any termination of this Company Lease Agreement that shall be made in accordance with the provisions of Section 1002 hereof, unless the Lessor shall have entered into a firm bilateral agreement providing for the reletting of the Project for a period of at least one year, if, after the maturity of the Outstanding Bonds shall have been accelerated by the Trustee (upon the occurrence of an Event of Default) under the terms of the Bond Resolution, (a) all arrears of interest on such Outstanding Bonds and interest on overdue installments of principal, redemption premium, if any, and (to the extent permitted by law) interest on such Bonds at a rate per annum equal to the highest rate per annum borne by any of the Bonds shall have been paid, (b) the principal and redemption premium, if any, on all Outstanding Bonds that have become due and payable (other than by an acceleration) shall have been paid, (c) all other sums payable under the terms of the Bond Resolution, except the principal of and the interest on such Bonds that by such acceleration shall have become due and payable, and under the terms of the other Program Documents shall have been paid, (d) all other things shall have been performed in respect of which there was an Event of Default, (e) the reasonable fees and expenses of the Lessor, the Trustee, the Series 2011 Local Units, the County, the County Security Provider, and the Bondholders, including Administrative Expenses thereof (including reasonable attorneys' fees paid or incurred) shall have been paid, and (f) such acceleration under the terms of the Bond Resolution is rescinded, then the Lessee's Event of Default hereunder shall be waived without further action by the Trustee or the Lessor or any other Renewable Energy Program Interested Party. Upon such payment and waiver, this Company Lease Agreement shall be fully reinstated as if it had never been terminated, and the Lessee shall be restored to the use, occupancy and possession of the Renewable Energy Projects and the other Leased Property.

#### SECTION 1004. Election of Remedies; No Waiver of Elected Remedies.

No failure on the part of either party to exercise, and no delay in exercising any right or remedy so provided for herein, shall operate as a waiver thereof, nor shall any single or partial exercise by either party of any right or remedy so provided hereunder preclude any other or further exercise of any other right or remedy provided hereunder.

#### SECTION 1005. No Additional Waiver Implied by One Waiver.

In the event any agreement contained in this Company Lease Agreement should be breached by either party and thereafter waived by the other party, such waiver shall be limited to the particular breach so waived and shall not be deemed to waive any other breach hereunder, and shall not be construed to be an implied term hereof or a course of dealing between the parties hereto.

#### SECTION 1006. Agreement to Pay Attorneys' Fees and Expenses.

In the event either party to this Company Lease Agreement should default under any of the provisions hereof and the non-defaulting party should employ attorneys or incur other expenses for the collection of moneys or the enforcement, performance or observance of any obligation or agreement on the part of the defaulting party herein contained, the defaulting party agrees that it shall, on demand therefor, pay to the non-defaulting party the reasonable fees of such attorneys and such other expenses so incurred by the non-defaulting party.

#### SECTION 1007. Late Charges.

Whenever any payment of Lease Payments is not made when due, the Lessee promises to pay to the Lessor, in addition to the amount due, interest thereon at the Overdue Rate; provided, however, that this Section 1007 shall not be applicable if or to the extent the application thereof would affect the validity of this Company Lease Agreement.

#### SECTION 1008. Delay; Notice.

No delay or omission to exercise any right or power accruing upon any default shall impair any such right or power or shall be construed to be a waiver thereof. Any such right or power may be exercised from time to time and as often as may be deemed expedient, and any one exercise thereof shall not be deemed an exclusive exercise. To entitle any party to exercise any remedy reserved to it in this Company Lease Agreement, it shall not be necessary to give any notice other than as may be specifically required in this Company Lease Agreement.

The Pledgor will have like title in, and the right to pledge, any other property at any time hereafter acquired by the Pledgor and pledged to the Trustee as Pledged Collateral hereunder.

**Section 3.03 Defense of Title.** The Pledgor will defend the Trustee's right, title and interest in and to the Pledged Collateral against the claims and demands of all other persons and entities.

**Section 3.04 No Transfer.** Except for the transfer effected by this Agreement, the Pledgor will not transfer the Pledged Collateral, or any portion thereof, or suffer or permit any transfer thereof to occur. Any transfer made in violation of the foregoing provisions shall be an immediate Event of Default hereunder without notice or opportunity to cure and shall be void and of no force and effect, and upon demand of the Trustee, shall forthwith be cancelled or satisfied by an appropriate instrument in writing. Without limiting the effect of the immediately preceding clause, the Pledgor, upon the occurrence of an Event of Default, hereby grants to the Trustee an irrevocable proxy to veto the Pledged Equity and to exercise all other rights, powers, privileges and remedies to which a holder of the pledged equity would be entitled (including without limitation (a) giving or withholding written consents, (b) calling special meetings, (c) voting at such meetings, and (d) voting at any time or place) with respect to any action, decision, determination or election by the pledged entities or the holders of the respective equity interests (herein that the Pledged Equity (or any new or additional equity interest in such Pledged Entity) be, or cease to be, a certificated security, and all other matters related to any such action, decision, determination or election, which proxy shall be effective automatically and without the necessity of any action (including any transfer of any pledged equity on the record books of the issuer thereof) by any other person (including the issuer of the Pledged Equity or any officer or agent thereof) as of the date hereof, and which proxy shall only terminate upon the termination of this Agreement.

The Pledgor is not, and will not become, a party to or otherwise be or become bound by any agreement, other than this Agreement and the other Company Agreements, which restricts in any manner the rights of any present or future holder of any of the Pledged Equity with respect thereto. There are no set-offs, counterclaims or defenses with respect to the Pledged Collateral owned by the Pledgor and no agreement, oral or written, has been made with any other person or party under which any deduction or discount may be claimed with respect to such Pledged Collateral and the Pledgor knows of no fact which would prohibit or prevent the Pledgor assigning or granting a security interest in the Pledged Collateral.

**Section 4.01 Transfer Rights.** Subject to the limitation of Section 4.10 hereof, the Trustee shall have the right, at any time and from time to time, to effect the transfer of any or all of the Pledged Collateral, subject only to the provisions of the UCC and any other applicable statute which, in accordance with such statute, cannot be waived, in any one or more of the following ways:

(a) Register in the name of, or transfer to, the Trustee, a nominee or nominee, or designee or designees, of the Trustee; provided that the provisions of Section 5.06 of this Agreement are complied with;

(b) Sell, resell, assign and deliver, in the Trustee's sole and absolute discretion, any or all of the Pledged Collateral (whether in whole or in part and at the same or different times) and all right, title and interest, claim and demand therein and right of redemption thereof, at public or private sale, for cash or upon credit (by the Trustee only), in accordance with the applicable procedures specified in Article V of this Agreement; and

(c) Proceed by a suit or suits at law or in equity to foreclose all or any part of the security interests in the Pledged Collateral and sell the Pledged Collateral or any portion thereof, under a judgment or decree of a court of competent jurisdiction, retaining during the duration of such judicial enforcement all other rights with respect to the Pledged Collateral, including specifically the rights specified hereafter in Article V of this Agreement with respect to such Pledged Entity.

**Section 4.02 Voting Rights.** Upon the occurrence of an Event of Default and during its continuance, the Trustee may exercise, either by itself or by its nominee or designee, in the name of the Pledgor, the rights, powers and remedies granted to the Trustee hereunder and under the other Company Agreements in respect of the Pledged Collateral at any time prior to effecting the transfer of such Pledged Collateral to the Trustee or its nominee or designee, or any third party purchaser, as contemplated in Sections 4.01(a) and (b) above, and whether or not any judicial action as contemplated in Section 4.01(c) above has been commenced or is continuing prior to a final unappealable judgment. Such rights and remedies shall include, without limitation, and the Pledgor hereby grants to the Trustee the right to exercise by delivering notice to the Pledgor and the applicable Pledged Entity, (a) all voting, consent, managerial and other rights relating to the Pledged Equity, whether in the Pledgor's name or otherwise, including without limitation the right to appoint officers, directors, managers and other similar positions and (b) the right to exercise the Pledgor's rights, if any, of conversion, exchange, or subscription, or any other rights, privileges or options pertaining to any of the Pledged Equity, including, without limitation, the

right to exchange, at the Trustee's sole and absolute discretion, any and all of the Pledged Equity upon the merger, consolidation, reorganization, recapitalization or other readjustment of such Pledged Entity, all without liability, except to account for property actually received by the Trustee. The Pledgor hereby irrevocably authorizes and directs each Pledged Entity, on receipt of any such notice (i) to deem and treat the Trustee or its nominee in all respects as a member, partner or shareholder, as applicable (and not merely an assignee of a member, partner or shareholder) of such Pledged Entity, entitled to exercise all the rights, powers and privileges (including, without limitation, the right to vote on or take any action with respect to such Pledged Entity matters pursuant to the Organizational Agreement) thereof, to receive all distributions, to be credited with the capital account and to have all other rights, powers and privileges pertaining to such member, partner or shareholder interest, as applicable, to which the Pledgor would have been entitled had the Pledgor not executed this Agreement and (ii) to file an amendment to the Organizational Agreement of such Pledged Entity admitting the Trustee or such nominee(s) as a member, partner or shareholder in place of the Pledgor.

#### Section 4.03 Power of Attorney.

(a) The Pledgor hereby irrevocably authorizes and empowers the Trustee, and assigns and transfers of the Trustee, and constitutes and appoints the Trustee and any of its assigns, its true and lawful attorney-in-fact (coupled with an interest) and as its agent with full power of substitution for the Pledgor to proceed from time to time in the Pledgor's name, in order to more fully vest in the Trustee the rights and remedies provided for herein, in any statutory or non-statutory legal or other proceeding, including without limitation, any Bankruptcy proceeding affecting any Pledged Entity or the Pledged Collateral and Pledgor's interest in any Pledged Entity or the Pledged Collateral.

(b) The Trustee and any of its assigns, or their respective nominees, may, to the extent permitted by applicable law, either pursuant to such power-of-attorney or otherwise, take any action and exercise and execute any instrument that it determines necessary or advisable to accomplish the purposes of this Agreement, including without limitation: (i) execute and file proof of claim with respect to any or all of the Pledged Collateral against any Pledged Entity and vote such claims with respect to all or any portion of such Pledged Collateral (A) for or against any proposal or resolution, (B) for a trustee or trustees or for a receiver or receivers or for a committee of creditors, and/or (C) for the acceptance or rejection of any proposed arrangement, plan of reorganization, composition or extension; (ii) receive, endorse and collect all drafts, checks and other instruments for the payment of money made payable to the Pledgor representing any interest, payment of principal or other distribution payable in respect of the Pledged Collateral; (iii) execute endorsements, assignments or other instruments of conveyance or transfer in respect of any other property which is or may become a part of the Pledged Collateral hereunder; and (iv) execute releases and negotiate settlements, as appropriate, including on account of, or in exchange for, any or all of the Pledged Collateral, or any payment or distribution received by the Pledgor, or the Trustee on the Pledgor's behalf.

(c) The foregoing power-of-attorney is irrevocable and coupled with an interest, and any similar or dissimilar powers previously given by the Pledgor in respect

appear in or defend any action or proceeding relating to the Pledged Collateral to which it is not a party, or (ii) take any action hereunder or thereunder, or expend any money or incur any expenses or perform or discharge any obligation, duty or liability under the Pledged Collateral.

**Section 4.08 Remedies Cumulative.** The obligations of the Pledgor under this Agreement shall be absolute and unconditional and shall remain in full force and effect without regard to, and shall not be released, suspended, discharged, terminated or otherwise affected by, any circumstances or occurrences except as specifically provided in this Agreement. The rights, powers and remedies of the Trustee under this Agreement shall be cumulative and not exclusive of any other right, power or remedy which the Trustee may have against the Pledgor or any Person pledging collateral pursuant to the other Company Agreements or existing at law or in equity or otherwise. The Trustee's rights, powers and remedies may be pursued singly, concurrently or otherwise, at such time and in such order as the Trustee may determine in its sole and absolute discretion. **THE TRUSTEE SHALL HAVE NO DUTY TO EXERCISE ANY OF THE AFORESAID RIGHTS, POWERS AND REMEDIES AND SHALL NOT BE RESPONSIBLE FOR ANY FAILURE TO DO SO OR DELAY IN SO DOING.**

**Section 4.09 Notice of Exercise of Remedies.** The Pledgor hereby waives notice of acceptance hereof, and except as otherwise specifically provided herein or required by provision of law which may not be waived, hereby waives any and all notices or demands with respect to any exercise by the Trustee of any rights or powers which it may have or to which it may be entitled with respect to the Pledged Collateral, except that notwithstanding the foregoing or anything herein to the contrary, the Trustee shall provide thirty (30) days advance notice prior to the Trustee's exercising any such rights or powers with respect to the Pledged Collateral, stating which time the Pledgor shall have the opportunity to cure the circumstance giving rise to such notice.

**Section 4.10 Limitation.** The Trustee may not sell or otherwise transfer any interest in the Pledged Collateral to a person (such as a governmental entity) if such transfer would result in a Tax Benefit Recapture Event. The expression, "Tax Benefit Recapture Event", means an event which would entitle the United States Department of the Treasury or Internal Revenue Service to require that the Company return all or part of the Section 1603 Grant in lieu of tax credit received in connection with the Renewable Energy Projects, or to disallow the Company's tax deductions or recapture all or a portion of investment tax credits previously claimed with respect to investments in energy property or for depreciation.

of the Pledged Collateral or any Pledged Entity to any Person or any other person or entity (other than the Trustee) are hereby revoked. The power-of-attorney granted herein shall terminate automatically upon the termination of this Agreement in accordance with the terms hereof.

**Section 4.04 Management Rights.** The Trustee may at such time and from time to time thereafter, without notice to, or consent of, the Pledgor or any Person (to the extent permitted by law), but without affecting any of the Obligations, in the name of the Pledgor or in the name of the Trustee: (a) notify any other party to make payment and performance directly to the Trustee, (b) extend the time of payment and performance of, compromise or settle for cash, credit or otherwise, and upon any terms and conditions, any obligations owing to the Pledgor, or claims of the Pledgor under any Organizational Agreement of any Pledged Entity, as applicable, (c) file any claims, commence, maintain or discontinue any actions, suits or other proceedings deemed by the Trustee reasonably necessary or advisable for the purpose of collecting upon or enforcing any Organizational Agreement of any Pledged Entity and (d) execute any instrument and do all other things deemed reasonably necessary and proper by the Trustee to protect and preserve and realize upon the Pledged Collateral or any portion thereof and the other rights contemplated hereby.

**Section 4.05 Right of Substitution.** The Trustee shall have the right, without notice to or consent of the Pledgor, to become, or to designate its nominee, designee, agent or assignee to become, a partner, member, officer or director, as applicable, of any Pledged Entity, in substitution of any existing Person serving in such capacity, subject to the terms of the Organizational Agreement.

**Section 4.06 UCC Rights.** The Trustee may exercise all of the rights and remedies of a secured party under the UCC.

#### Section 4.07 The Trustee Self-Help Rights.

(a) Subject to all applicable laws, the Trustee shall have the right, but not the obligation, to take any appropriate action as it, in its reasonable judgment, may deem necessary to (i) cure any Event of Default, (ii) cause any term, covenant, condition or obligation required under this Agreement or other Company Agreement to be promptly performed or observed on behalf of the Pledgor or (iii) protect the Pledged Collateral and any other security obtained pursuant to the other Company Agreements. All amounts advanced by, or on behalf of, the Trustee in exercising its rights under this Article IV (including, without limitation, reasonable legal expenses and disbursements incurred in connection therewith), together with interest thereon at the Overdue Rate (as defined in the Company Lease Agreement) from the date of any such advance, shall be payable by the Pledgor to the Trustee upon demand therefor and shall be secured by the Pledged Collateral.

(b) The Trustee shall not be obligated to perform or discharge any obligation of the Pledgor or any Pledged Entity as a result of this Agreement. The acceptance by the Trustee of this Agreement shall not at any time or in any event obligate the Trustee to (i)

## ARTICLE V

### SALES OF THE PLEDGED COLLATERAL

**Section 5.01 Right to Conduct Partial Sale of Pledged Collateral.** In connection with any sale of the Pledged Collateral, the Trustee may grant options and may impose reasonable conditions such as requiring any purchaser to represent that any "securities" constituting any part of the Pledged Collateral are being purchased for investment only. If all or any of the Pledged Collateral is sold at any such sale by the Trustee to a third party upon credit, the Trustee shall not be liable for the failure of the purchaser to purchase or pay for the same and, in the event of any such failure, the Trustee may resell such Pledged Collateral. It is expressly agreed that the Trustee may exercise its rights with respect to less than all of the Pledged Collateral, leaving unexercised its rights with respect to the remainder of the Pledged Collateral; provided, however, that such partial exercise shall in no way restrict or jeopardize the Trustee's right to exercise its rights with respect to the remaining Pledged Collateral at a later time or times. The Pledgor hereby waives and releases any and all rights of redemption with respect to the sale of any Pledged Collateral.

**Section 5.02 Sale Procedures.** Except as may be required by any applicable laws, no demand, advertisement or notice, all of which are hereby expressly waived by the Pledgor, shall be required in connection with any sale or other disposition of all or any part of the Pledged Collateral, except that the Trustee shall give the Pledgor at least ten (10) days' prior notice of the time and place of any public sale or of the time and the place at which any private sale or other disposition is to be made, which notice the Pledgor hereby agrees is reasonable. All other demands, advertisements and notices are hereby irrevocably waived by the Pledgor. The notice of such sale shall (a) in case of a public sale, state the time and place fixed for such sale, (b) in case of a sale at a broker's board or on a securities exchange, state the board or exchange at which such sale is to be made and the day on which the Pledged Collateral, or the portion thereof so being sold, first will be offered for sale at such board or exchange, and (c) in the case of a private sale, state the date after which such sale may be consummated. Any such public sale shall be held at such time or times within ordinary business hours and at such place or places as the Trustee may fix in the notice of such sale.

**Section 5.03 Adjournment Credit Sale.** The Trustee shall not be obligated to make any sale of the Pledged Collateral if it shall determine, in its sole and absolute discretion, not to do so, regardless of the fact that notice of sale may have been given, and the Trustee may without notice or publication adjourn any public or private sale, and such sale may, without further notice, be made at the time and place to which the same was so adjourned. Upon each public or private sale of all or any portion of the Pledged Collateral, unless prohibited by any applicable statute which cannot be waived, the Trustee (or its nominee or designee) may purchase all or any portion of the Pledged Collateral being sold, free and clear of, and discharged from, any trusts, claims, equity or right of redemption of the Pledgor, all of which are hereby waived and released to the extent permitted by law, and may make payment therefor by credit against any of the Obligations in lieu of cash or any other obligations.

00016522-5

- 16 -

Section 5.04 Expenses of Sale. In the case of any sale, public or private, of any portion of or all of the Pledged Collateral, the Pledgor shall be responsible for the payment of all reasonable costs and expenses of every kind for the sale and delivery, including, without limitation, brokers' and reasonable attorneys' fees and disbursements and any tax imposed thereon. The proceeds of the sale of the Pledged Collateral shall be available to cover such costs and expenses, and, after deducting such costs and expenses from the proceeds of the sale, the Trustee shall apply any remaining amounts to the payment of the Obligations in the order of priority as set forth in the Company Agreements.

Section 5.05 No Public Registration of Sale. The Pledgor is aware that §9-610(c) of the UCC may restrict the Trustee's ability to purchase the Pledged Collateral at a private sale. The Pledgor is also aware that Securities and Exchange Commission (the "SEC") staff personnel have, over a period of years, issued various No-Action Letters that describe procedures which, in the view of the SEC staff, permit a foreclosure sale of securities to occur in a manner that is public for purposes of Part 6 of Article 9 of the UCC, yet not public for purposes of Section 4(2) of the Securities Act of 1933, as amended (the "Securities Act"). The Pledgor is also aware that the Trustee may wish to purchase certain interests that are sold at a foreclosure sale, and the Pledgor believes that such purchases would be appropriate in circumstances in which such interests are sold in conformity with the principles set forth in such No-Action Letters. §9-603 of the UCC permits the Pledgor to agree on the standards for determining whether the Trustee has complied with its obligations under §9-610. Pursuant to §9-603 of the UCC, the Pledgor specifically agrees that a foreclosure sale conducted in conformity with the principles set forth in such No-Action Letters (a) shall be considered to be a "public disposition" for purposes of §9-610(c) of the UCC; (b) will be considered commercially reasonable notwithstanding that the Trustee has not registered or sought to register the interests under the Securities Act, even if the Pledgor or any Pledged Entity agree to pay all costs of the registration process; and (c) shall be considered to be commercially reasonable, notwithstanding that the Trustee purchases such interests at such a sale.

Section 5.06 Strict Foreclosure. Upon the occurrence of an Event of Default:

(a) The Trustee may, but shall have no obligation to, in its sole and absolute discretion, either negotiate an agreement ("Strict Foreclosure Agreement") with the Pledgor, or make a written proposal ("Strict Foreclosure Proposal") to the Pledgor, to retain the Pledged Collateral in full or partial satisfaction of the financial Obligations in accordance with the procedures specified in §§-620 of the UCC.

(b) In the case of a Strict Foreclosure Proposal, the Pledgor shall, within ten (10) Business Days of the Pledgor's receipt of the Strict Foreclosure Proposal, indicate the Pledgor's (i) acceptance or rejection of such Strict Foreclosure Proposal and (ii) waiver of any right to redeem the Pledged Collateral pursuant to §9-624(c) of the UCC ("UCC Waiver"). The Pledgor's indication of acceptance of a Strict Foreclosure Proposal shall be made by delivering a notice in a form substantially identical to the form attached hereto as Exhibit C.

- 17 -

Section 5.08 Application of Pledged Collateral. All proceeds from the sale of all or any portion of the Pledged Collateral, and all Distributions now or at any time hereafter received or retained by the Trustee pursuant to the provisions of this Agreement shall be applied by the Trustee to the satisfaction of the Obligations in such order and priority as determined by the Trustee in its sole and absolute discretion and in accordance with applicable law.

Section 5.09 Preferences. The Trustee shall have no obligation to marshal any assets in favor of the Pledgor or any other party or against, or in payment of, any or all of the Obligations. To the extent the Pledgor makes a payment or payments to the Trustee, which payment or payments or any part thereof are subsequently invalidated, declared to be fraudulent or preferential, set aside or required to be repaid to a trustee, receiver or any other party under any Bankruptcy law, state or federal law, common law or equitable cause, then, to the extent of such payment or proceeds received, the Obligations intended to be satisfied shall be revived and continue in full force and effect, as if such payment or proceeds had not been received by the Trustee.

Section 5.10 Limitation. The rights and powers of the Trustee set out in this Article V are subject to the limitation of Section 4.10 hereof.

(c) The Trustee shall notify any guarantor, any other creditor with perfected lien rights in the Pledged Collateral, and any Person, or any other person or entity entitled to notice under §9-621 of the UCC ("Interested Parties") of any Strict Foreclosure Agreement or Strict Foreclosure Proposal. Such Interested Party shall, within ten (10) Business Days of receipt of notice thereof, indicate its (i) acceptance or rejection of the Strict Foreclosure Agreement or the Strict Foreclosure Proposal, and (ii) UCC Waiver.

(d) If the Trustee fails to receive (i) the Pledgor's acceptance of a Strict Foreclosure Proposal and UCC Waiver or (ii) acknowledgements from all Interested Parties of acceptance of the Strict Foreclosure Agreement or the Strict Foreclosure Proposal, as applicable) and their respective UCC Waivers, within ten (10) Business Days of receipt of the notice periods specified in subsections (b) and (c) above (collectively the "Notice Period"), then the Pledgor, or such other Interested Party, as applicable, shall be deemed to have objected to the Strict Foreclosure Agreement or the Strict Foreclosure Proposal, as applicable.

(e) Notwithstanding the acceptance of either a Strict Foreclosure Agreement or a Strict Foreclosure Proposal by the Pledgor and each Interested Party within the applicable Notice Period, the Pledgor and the Trustee shall not be required to consummate such transfer of the Pledged Collateral unless and until (i) twenty (20) days have elapsed after the delivery of such acceptance and, (ii) any Interested Party shall have not paid and satisfied the financial Obligations in full within such twenty (20) day period as contemplated under §9-623 of the UCC (a "Redemption"). If a Redemption is consummated, the Pledgor's acceptance shall be deemed to have been revoked with the consent of the Trustee.

(f) If all the conditions specified in subsections (a) through (e) of this Section 5.06 have been satisfied, the Pledgor and each Pledged Entity shall fully cooperate, at their sole expense, in all matters deemed reasonably necessary by the Trustee to effect such transfer of ownership on the records of such Pledged Entity in accordance with any applicable requirements of the Organizational Agreement of such Pledged Entity and/or the Company Agreements. Such cooperation shall include using the Pledgor's best efforts to assist the Trustee in obtaining any necessary review, approvals and other administrative action from such Pledged Entity and the Trustee. Such assistance shall include, at the Trustee's request (i) attending all meetings with, and providing all related financial and operational documents and materials to, such third parties, and (ii) providing such assurances and executing such documentation as is required by such third parties or the Trustee to effect such transfer.

Section 5.07 Receipt of Sales Proceeds. Upon any sale of the Pledged Collateral, or any portion thereof, by the Trustee hereunder (whether by virtue of the power of sale herein granted, pursuant to judicial process or otherwise), the receipt of the proceeds by the Trustee or the officer making the sale shall be a sufficient discharge to the purchaser or purchasers of the Pledged Collateral so sold, and such purchaser or purchasers shall not be obligated to see to the application of any part of the purchase money paid over to the Trustee or such officer or be answerable in any way for the misapplication or non-application thereof.

## ARTICLE VI

### SECURITIES ACT

Section 6.01 Private Securities Sale. If at any time when the Trustee shall determine to exercise its right to sell all or any part of the Pledged Collateral pursuant to Article V of this Agreement, and such Pledged Collateral or the part thereof to be sold shall not, for any reason whatsoever, be effectively registered under the Securities Act, as then in effect, the Trustee may, in its sole and absolute discretion, sell such Pledged Collateral or part thereof by private sale (for securities law purposes) in such manner and under such circumstances as the Trustee may deem necessary or advisable in order that such sale may legally be effected without such registration, provided that at least ten (10) days' notice is given to the Pledgor in accordance with the private sale notice provisions of Article V of this Agreement. Without limiting the generality of the foregoing, in any such event the Trustee, in its sole and absolute discretion (a) may proceed to make such private sale notwithstanding that a registration statement for the purpose of registering such Pledged Collateral or part thereof shall have been filed under such Securities Act, (b) may approach and negotiate with a single potential purchaser to effect such sale, and (c) may restrict such sale to a purchaser who will represent and agree that such purchaser is purchasing for its own account, for investment, and not with a view to the distribution or sale of such Pledged Collateral or part thereof. In the event of any such sale, the Trustee shall incur no responsibility or liability for selling all or any part of the Pledged Collateral at a price which the Trustee may in good faith deem reasonable under the circumstances, notwithstanding the possibility that a substantially higher price might be realized if the sale was made pursuant to a filed registration statement under the Securities Act.

ARTICLE VII

MISCELLANEOUS

Section 7.01 Further Assurances. The Pledgor hereby agrees to sign and deliver to the Trustee financing statements, continuation statements and other documents, agreements, and instruments, in form acceptable to the Trustee, and do such further acts, as the Trustee may from time to time reasonably request or which are reasonably necessary to establish and maintain a valid and perfected security interest in the Pledged Collateral (and to pay any filing fees relative thereto) or to further assure or confirm the Trustee's rights hereunder. Without limiting the foregoing, the Pledgor authorizes the Trustee, to the extent permitted by law, to file such financing statements and amendments thereto and continuations thereof relating to all or any part of the Pledged Collateral without the signature of the Pledgor (including, to the extent permitted by law, to file a photographic or other reproduction of this Agreement).

Section 7.02 No Release Etc. No delay or omission to exercise any remedy, right or power accruing upon a default or an Event of Default shall impair any such remedy, right or power or shall be construed as a waiver thereof, but any such remedy, right or power may be exercised from time to time and as often as may be deemed expedient. A waiver of any default or Event of Default shall not be construed to be a waiver of any subsequent default or Event of Default or to impair any remedy, right or power of the Trustee. Any and all of the Trustee's rights with respect to any Pledged Collateral shall continue unimpaired, and the Pledgor shall be and remain obligated in accordance with the terms hereof, notwithstanding, among other things: (a) any renewal, extension, amendment or modification of, or addition to or supplement to, or deletion from, this Agreement or any other Company Agreement or any other instrument or agreement referred to therein, or any assignment or transfer of any thereof; (b) any waiver, consent, delay, extension of time, indulgence or other action or inaction under or in respect of this Agreement or any other Company Agreement; (c) any exercise or non-exercise of any right, remedy, power or privilege under or in respect of this Agreement or any other Company Agreement; (d) any sale, exchange, release, surrender, or substitution of, or realization upon, any Pledged Collateral (except to the extent otherwise specifically agreed to by the Trustee) or any other security held by the Trustee to cure the financial obligations; (e) the furnishing to or acceptance by the Trustee of any additional security to secure the financial obligations; or (f) any invalidity, irregularity or unenforceability of all or any part of the obligations or of any security therefor.

Section 7.03 Notices. All notices, consents, approvals, demands and requests required or permitted hereunder shall be given in the manner set forth in the Acknowledgment.

Section 7.04 Modification Waiver in Writing. No modification, amendment, extension, discharge, termination or waiver of any provision of this Agreement, nor consent to any departure by the Pledgor therefrom, shall in any event be effective unless the same shall be in a writing signed by the party against whose enforcement is sought, and then such waiver or consent shall be effective only in the specific instance, and for the purpose, for which given. Except as otherwise expressly provided herein, no notice to, or demand on the Pledgor, shall

NOT BEEN WAIVED. EXCEPT AS PROHIBITED BY LAW, THE PLEDGOR HEREBY WAIVES ANY RIGHT IT MAY HAVE TO CLAIM OR RECOVER IN ANY LITIGATION ANY EXEMPLARY, OR PUNITIVE DAMAGES OR ANY DAMAGES OTHER THAN, OR IN ADDITION TO, ACTUAL DAMAGES. THE PLEDGOR CERTIFIES THAT NO REPRESENTATIVE, AGENT OR ATTORNEY OF THE TRUSTEE HAS REPRESENTED, EXPRESSLY OR OTHERWISE, THAT TRUSTEE WOULD NOT, IN THE EVENT OF LITIGATION, SEEK TO ENFORCE THE FOREGOING WAIVER. THIS WAIVER CONSTITUTES A MATERIAL INDUCEMENT FOR TRUSTEE TO ACCEPT THIS AGREEMENT.

Section 7.10 Successors and Assigns. This Agreement and all obligations of the Pledgor hereunder shall be binding upon the successors and assigns of the Pledgor, except that the Pledgor shall not have the right to assign its rights hereunder or any interest herein without the prior written consent of the Trustee. The Trustee shall have the right to assign its interest in this Agreement and all rights and remedies of the Trustee hereunder shall leave to the benefit of the Trustee and its participants, successors and assigns. Neither this Agreement nor anything set forth herein is intended to, nor shall it, confer any rights on any person or entity other than the parties hereto and all third party rights are expressly negated.

Section 7.11 Term Termination of Pledge. This Agreement shall terminate at the end of the recapture period relating to the investment tax credit (or the Section 1603 Grant in lieu of such credit) available to the Company under Sections 38, 46 and 48 of the Code in connection with the Renewable Energy Project, as certified to the Trustee by an Authorized Officer of the Company in a certificate to such effect delivered by or on behalf of the Company to the Trustee and the Authority.

Section 7.09 JURY TRIAL. THE PLEDGOR AND THE TRUSTEE (BY ACCEPTANCE OF THIS AGREEMENT) MUTUALLY HEREBY KNOWINGLY, VOLUNTARILY AND INTENTIONALLY WAIVE THE RIGHT TO A TRIAL BY JURY IN RESPECT OF ANY CLAIM BASED HEREON, ARISING OUT OF, UNDER OR IN CONNECTION WITH THE COMPANY AGREEMENTS CONTEMPLATED TO BE EXECUTED IN CONNECTION HERewith OR ANY COURSE OF CONDUCT, COURSE OF DEALINGS, STATEMENTS (WHETHER VERBAL OR WRITTEN) OR ACTIONS OF ANY PARTY, INCLUDING, WITHOUT LIMITATION, ANY COURSE OF CONDUCT, COURSE OF DEALINGS, STATEMENTS OR ACTIONS OF THE TRUSTEE RELATING TO THE ADMINISTRATION OR ENFORCEMENT OF THE COMPANY AGREEMENTS, AND AGREE THAT NEITHER PARTY WILL SEEK TO CONSOLIDATE ANY SUCH ACTION WITH ANY OTHER ACTION IN WHICH A JURY TRIAL CANNOT BE OR HAS

(a) "Distributions" means all dividends, distributions, liquidation proceeds, cash, profits, instruments and other property and payments or economic benefits or interests to which the Pledgor is entitled with respect to the Pledged Equity whether or not received by or otherwise distributed to the Pledgor, whether such dividends, distributions, liquidation proceeds, cash, profits, instruments and other property and economic benefits are paid or distributed by the Pledged Entities in respect of operating profits, sales, exchanges, refinancing, condemnations or insured losses of the company's assets, the liquidation of the company's assets and affairs, management fees, guaranteed payments, repayment of loans, reimbursement of expenses or otherwise in respect of or in exchange for any or all of the Pledged Equity but shall not include the payment of the Development Fee or any of the proceeds thereof.

(b) "Organizational Agreement" means the limited liability company agreement and other organizational or governing documents, as applicable, of any Pledged Entity.

(c) "Section 1603 Grant" means any payment by the United States Department of Treasury under Section 1603 of Division B of the American Recovery and Reinvestment Act of 2009.

- 6 -

(d) "UCC" means the Uniform Commercial Code, as in effect from time to time in the State where the property subject to this Security Agreement is located.

Section 1.03 Perfection of Security Interest; Further Acts. On or before the issuance of the Series 2011A Bonds, the Pledgor shall (a) enter into such arrangements as may be necessary to give control of any pledged Investment Property to the Trustee within the meaning of §8-106 of the UCC, (b) cause each Pledged Entity to execute and deliver the Agreement and Acknowledgement attached hereto as Exhibit A (the "Acknowledgement"), and (c) promptly take all other actions required to perfect the security interest of the Trustee in the Pledged Collateral under applicable law. It is the intention of the Pledgor and the Trustee that at all times while the Agreement remains in effect, the Pledged Equity shall constitute Investment Property, and, to that end, the Pledgor shall take, and shall cause each Pledged Entity to take, all necessary action to obtain such classification pursuant to the UCC.

Section 1.04 Acts of the Trustee. All of the Pledged Collateral at any time delivered to the Trustee pursuant to this Agreement shall be held by the Trustee subject to the terms, covenants and conditions set forth in the Company Agreements. Neither the Trustee nor any of the Trustee's directors, officers, agents, employees or counsel shall be liable for any action taken or omitted to be taken by such party or parties relative to any of the Pledged Collateral, except to the extent of such party's or parties' own negligence or willful misconduct. The Trustee shall be entitled to rely in good faith upon any writing or other document (including, without limitation, any telegram or e-mail) or any telephone conversation reasonably believed by it to be genuine and correct and to have been signed, sent or made by the proper Person (but the Trustee shall be entitled to such additional evidence of authority or validity as it may, in its sole and absolute discretion request, but it shall have no obligation to make any such request), and with respect to any legal matter, the Trustee may rely in acting or in refraining from acting upon the advice of counsel selected by it concerning all matters hereunder.

Section 1.05 Custody of Pledged Collateral. The Trustee shall not have any duty concerning the collection or protection of the Pledged Collateral or any income thereon or payments with respect thereto, or concerning the preservation of any rights pertaining thereto beyond exercising reasonable care with respect to the custody of any tangible evidence of the Pledged Collateral actually in its possession.

## ARTICLE II

### POWERS OF THE PLEDGOR PRIOR TO AN EVENT OF DEFAULT

Section 2.01 Distributions; Exercise of Rights. Unless an Event of Default has occurred and is continuing, and subject to the terms of the Company Agreements, the Pledgor shall be entitled to (a) receive cash Distributions (including in respect of the Section 1603 Grant or the proceeds from the sale of any SRECs) allocable to the Pledged Collateral, and (b) exercise (but only in a manner that will not (i) violate or be inconsistent with the terms hereof or of any other Company Agreement or (ii) have the effect of impairing the position or interests of the Trustee) the voting, consent, administration, management and all other powers, rights and remedies of the Pledgor with respect to the Pledged Collateral under the Organizational Agreements of any Pledged Entity (including all other rights and powers thereunder which are pledged hereunder or otherwise). If the Pledgor shall become entitled to receive or shall receive from any Pledged Entity (A) any non-cash Distribution as an addition to, on account of, in substitution of, or in exchange for the Pledged Collateral or any part thereof, or (B) upon the occurrence of any Event of Default that is continuing, any cash Distributions, in either case the same shall immediately be remitted to the Trustee (in the exact form received, with the Pledgor's endorsement or assignment or other instrument as the Trustee may deem appropriate) to be held as additional Pledged Collateral for the Obligations or for application thereto, as applicable, and until so remitted, shall be received and held by the Pledgor in trust and as agent for the Trustee. For the avoidance of doubt, any Distribution by the Company (including in respect of the Section 1603 Grant or any proceeds from the sale of SRECs) occurring prior to an Event of Default shall be irrevocable and shall not be subject to refund or recovery by the Trustee, including without limitation, upon the occurrence of an Event of Default.

Section 2.02 Termination of Powers. Upon the occurrence of an Event of Default that is continuing, all such powers, rights and remedies of the Pledgor, which are conditionally permitted pursuant to Section 2.01 of this Agreement, shall cease and the provisions of Article IV of this Agreement shall apply.

ARTICLE III  
REPRESENTATIONS, WARRANTIES  
AND COVENANTS OF PLEDGOR

The Pledgor hereby represents, warrants and covenants with and to the Trustee as follows:

**Section 3.01 Percentage Ownership.** As of the date hereof, the Pledgor owns one hundred (100%) percent of the legal and beneficial ownership interests in and to all Pledged Equity. The Pledgor does not have any outstanding options or rights or other agreements to acquire or sell or otherwise transfer all or any portion of any Pledged Equity.

**Section 3.02 Title to Pledged Collateral.** The Pledgor validly acquired and is the legal and beneficial owner of the Pledged Collateral in which it has granted a security interest, and transferred a collateral interest, herein, free and clear of all Liens except such as are created pursuant to this Agreement. The Pledgor has the legal right to pledge and grant a security interest in the Pledged Collateral as herein provided without the consent of any other person or entity, other than any such consent that has been obtained. The Pledgor will have like title in, and the right to pledge, any other property at any time hereafter acquired by the Pledgor and pledged to the Trustee as Pledged Collateral hereunder.

**Section 3.03 Defense of Title.** The Pledgor will defend the Trustee's right, title and interest in and to the Pledged Collateral against the claims and demands of all other persons and entities.

**Section 3.04 No Transfer.** Except for the transfer effected by this Agreement, the Pledgor will not transfer the Pledged Collateral, or any portion thereof, or suffer or permit any transfer thereof to occur. Any transfer made in violation of the foregoing provisions shall be an immediate Event of Default hereunder without notice or opportunity to cure and shall be void and of no force and effect, and upon demand of the Trustee, shall forthwith be cancelled or satisfied by an appropriate instrument in writing. Notwithstanding any other provisions herein, nothing in this Agreement shall limit the transferability of ownership interests in Pledgor or the admission or withdrawal of members of the Pledgor.

**Section 3.05 Perfected Security Interest.** Giving effect to this Agreement, the Trustee has, with respect to all Pledged Collateral owned by the Pledgor as of the Closing Date, and will have with respect to any other property at any time hereafter acquired by the Pledgor and pledged to the Trustee as Pledged Collateral hereunder, a valid, perfected and continuing first lien upon and security interest in the Pledged Collateral. For purposes hereof, "Closing Date" shall mean the date of issuance of the Series 2011 Bonds.

**Section 3.06 No Financing Statements.** Except for financing statements filed or to be filed in favor of the Trustee as secured party, or such other financing statements expressly permitted with the Trustee's prior written consent, which may be withheld in the Trustee's sole

[00016352-5]

- 9 -

and absolute discretion, there are not now any financing statements under the UCC covering any or all of the Pledged Collateral filed in any public office, and the Pledgor will not authorize the filing of any such financing statements.

**Section 3.07 Certificated Securities.** The Pledgor represents and warrants that if all of the Pledged Equity is not evidenced by a certificated security, it shall promptly take all actions required to perfect the security interest of the Trustee in such Pledged Equity under applicable law as required under Section 1.03 of this Agreement. The Pledgor further agrees to take such additional actions as the Trustee deems necessary or desirable to effect the foregoing and to permit the Trustee to exercise any of its rights and remedies hereunder and agrees to provide an opinion of counsel satisfactory to the Trustee with respect to any such pledge of Equity Interests which are not Certificated Securities promptly upon request of the Trustee. Without limiting the effect of the immediately preceding clause, the Pledgor, upon the occurrence of an Event of Default, hereby grants to the Trustee an irrevocable proxy to vote the Pledged Equity and to exercise all other rights, powers, privileges and remedies to which a holder of the pledged equity would be entitled (including without limitation (a) giving or withholding written consents, (b) calling special meetings, (c) voting at such meetings, and (d) voting at any time or place) with respect to any action, decision, determination or election by the pledged entities or the holders of the respective equity interests therein that the Pledged Equity (or any new or additional equity interest in such Pledged Entity) be, or cease to be, a certificated security, and all other matters related to any such action, decision, determination or election, which proxy shall be effective automatically and without the necessity of any action (including any transfer of any pledged equity on the record books of the issuer thereof) by any other person (including the issuer of the Pledged Equity or any officer or agent thereof) as of the date hereof, and which proxy shall only terminate upon the termination of this Agreement.

**Section 3.08 Fully Paid and Non-Assessable.** All of the Pledged Equity has been duly authorized and validly created and is subject to no options to purchase or similar rights of any Person. The Pledgor is not, and will not become, a party to or otherwise be or become bound by any agreement, other than this Agreement and the other Company Agreements, which restricts in any manner the rights of any present or future holder of any of the Pledged Equity with respect thereto. There are no set-offs, counterclaims or defenses with respect to the Pledged Collateral owned by the Pledgor and no agreement, oral or written, has been made with any other person or party under which any deduction or discount may be claimed with respect to such Pledged Collateral and the Pledgor knows of no fact which would prohibit or prevent the Pledgor assigning or granting a security interest in the Pledged Collateral.

**Section 3.09 Organizational Agreements.** Attached hereto as Exhibit B are true, correct, and complete copies of the Organizational Agreements of each Pledged Entity. The Organizational Agreements are in full force and effect and have not been modified or amended except as attached hereto. The Pledgor is not in default of any of its obligations under the Organizational Agreements nor is the Pledgor aware of a default by any other member in their respective obligations under the Organizational Agreements.

**Section 3.10 Amendments.** The Pledgor shall not allow any Pledged Entity to (a) amend any provision of its Organizational Agreements, (b) dissolve, liquidate, wind-up, merge

[00016352-5]

- 10 -

or consolidate with any other entity or (c) transfer any of its respective assets and properties to any Person except as permitted by the Company Agreements.

**Section 3.11 Authority, Enforceability, Etc.** The execution, delivery and performance of this Agreement by the Pledgor will not cause a violation of or a default under the Organizational Agreements of the Pledgor or any Pledged Entity. The execution and delivery of this Agreement and the performance of the Pledgor's obligations hereunder will not conflict with or result in a breach of the terms or provisions of any (a) applicable law, (b) agreement to which the Pledgor or any Pledged Entity is a party or by which any of its assets are bound, or (c) judgment, decree, arbitration award, or pending litigation to which the Pledgor or any Pledged Entity is subject. No approval by, authorization or consent of, or filing with any governmental authority or any other Person is necessary in connection with the execution, delivery and performance by the Pledgor of this Agreement, or if such approval, authorization, or consent is necessary, it has been obtained. This Agreement constitutes the valid and legally binding obligations of the Pledgor and is fully enforceable against the Pledgor in accordance with its terms, subject to the effects of Bankruptcy, insolvency, reorganization, moratorium or similar laws affecting the enforcement of creditors' rights generally and limitations imposed by general principles of equity. The jurisdiction of organization (as such term is defined in the UCC) and place of business of the Pledgor is set forth in the signature block of the Pledgor. No change has been or will be made in the jurisdiction of organization or place of business of the Pledgor, except upon at least thirty (30) days' prior notice to the Trustee.

ARTICLE IV

EVENTS OF DEFAULT AND REMEDIES

If an Event of Default shall occur during the term of this Agreement and during its continuance:

**Section 4.01 Transfer Rights.** Subject to the limitation of Section 4.10 hereof, the Trustee shall have the right, at any time and from time to time, to affect the transfer of any or all of the Pledged Collateral, subject only to the provisions of the UCC and any other applicable statute which, in accordance with such statute, cannot be waived, in any one or more of the following ways:

(a) Register in the name of, or transfer to, the Trustee, a nominee or nominees, or designee or designees, of the Trustee; provided that the provisions of Section 5.06 of this Agreement are complied with;

(b) Sell, resell, assign and deliver, in the Trustee's sole and absolute discretion, any or all of the Pledged Collateral (whether in whole or in part and at the same or different times) and all right, title and interest, claim and demand therein and right of redemption thereof, at public or private sale, for cash or upon credit (by the Trustee only), in accordance with the applicable procedures specified in Article V of this Agreement; and

(c) Proceed by a suit or suits at law or in equity to foreclose all or any part of the security interests in the Pledged Collateral and sell the Pledged Collateral or any portion thereof, under a judgment or decree of a court of competent jurisdiction, retaining during the duration of such judicial enforcement all other rights with respect to the Pledged Collateral, including specifically the rights specified hereafter in Article V of this Agreement with respect to each Pledged Entity.

**Section 4.02 Voting Rights.** Upon the occurrence of an Event of Default and during its continuance, the Trustee may exercise, either by itself or by its nominee or designee, in the name of the Pledgor, the rights, powers and remedies granted to the Trustee hereunder and under the other Company Agreements in respect of the Pledged Collateral at any time prior to effecting the transfer of such Pledged Collateral to the Trustee or its nominee or designee, or any third party purchasers, as contemplated in Sections 4.01(a) and (b) above, and whether or not any judicial action as contemplated in Sections 4.01(c) above has been commenced or is continuing prior to a final unappealable judgment. Such rights and remedies shall include, without limitation, and the Pledgor hereby grants to the Trustee the right to exercise by delivering notice to the Pledgor and the applicable Pledged Entity, (a) all voting, consent, managerial and other rights relating to the Pledged Equity, whether in the Pledgor's name or otherwise, including without limitation the right to appoint officers, directors, managers and other similar positions and (b) the right to exercise the Pledgor's rights, if any, of conversion, exchange, or subscription, or any other rights, privileges or options pertaining to any of the Pledged Equity, including, without limitation, the

right to exchange, at the Trustee's sole and absolute discretion, any and all of the Pledged Equity upon the merger, consolidation, reorganization, recapitalization or other readjustment of such Pledged Entity, all without liability, except to account for property actually received by the Trustee. The Pledgor hereby irrevocably authorizes and directs each Pledged Entity, on receipt of any such notice (i) to deem and treat the Trustee or its nominee in all respects as a member, partner or shareholder, as applicable (and not merely as an assignee of a member, partner or shareholder) of such Pledged Entity, entitled to exercise all the rights, powers and privileges (including, without limitation, the right to vote on or take any action with respect to such Pledged Entity matters pursuant to the Organizational Agreement) thereof, to receive all distributions, to be credited with the capital account and to have all other rights, powers and privileges pertaining to such member, partner or shareholder interest, as applicable, to which the Pledgor would have been entitled had the Pledgor not executed this Agreement and (ii) to file an amendment to the Organizational Agreement of such Pledged Entity admitting the Trustee or such nominee(s) as a member, partner or shareholder in place of the Pledgor.

#### Section 4.03 Power of Attorney.

(a) The Pledgor hereby irrevocably authorizes and empowers the Trustee, and assigns and transfers of the Trustee, and constitutes and appoints the Trustee and any of its assigns, its true and lawful attorney-in-fact (coupled with an interest) and as its agent with full power of substitution for the Pledgor to proceed from time to time in the Pledgor's name, in order to more fully vest in the Trustee the rights and remedies provided for herein, in any statutory or non-statutory legal or other proceeding, including without limitation, any Bankruptcy proceeding affecting any Pledged Entity or the Pledged Collateral and Pledgor's interest in any Pledged Entity or the Pledged Collateral.

(b) The Trustee and any of its assigns, or their respective nominees, may, to the extent permitted by applicable law, either pursuant to such power-of-attorney or otherwise, take any action and exercise and execute any instrument that it determines necessary or advisable to accomplish the purposes of this Agreement, including without limitation: (i) execute and file proof of claim with respect to any or all of the Pledged Collateral against any Pledged Entity and vote such claims with respect to all or any portion of such Pledged Collateral (A) for or against any proposal or resolution, (B) for a trustee or trustees or for a receiver or receivers or for a committee of creditors, and/or (C) for the acceptance or rejection of any proposed arrangement, plan of reorganization, composition or extension; (ii) receive, endorse and collect all drafts, checks and other instruments for the payment of money made payable to the Pledgor representing any interest, payment of principal or other distribution payable in respect of the Pledged Collateral; (iii) execute endorsements, assignments or other instruments of conveyance or transfer in respect of any other property which is or may become a part of the Pledged Collateral hereunder; and (iv) execute releases and negotiate settlements, as appropriate, including on account of, or in exchange for, any or all of the Pledged Collateral, or any payment or distribution received by the Pledgor, or the Trustee on the Pledgor's behalf.

(c) The foregoing power-of-attorney is irrevocable and coupled with an interest, and any similar or dissimilar powers previously given by the Pledgor in respect

- 13 -

appear in or defend any action or proceeding relating to the Pledged Collateral to which it is not a party, or (ii) take any action hereunder or thereunder, or expend any money or incur any expenses or perform or discharge any obligation, duty or liability under the Pledged Collateral.

Section 4.08 Remedies Cumulative. The obligations of the Pledgor under this Agreement shall be absolute and unconditional and shall remain in full force and effect without regard to, and shall not be released, suspended, discharged, terminated or otherwise affected by, any circumstances or occurrence except as specifically provided in this Agreement. The rights, powers and remedies of the Trustee under this Agreement shall be cumulative and not exclusive of any other right, power or remedy which the Trustee may have against the Pledgor or any Person pledging collateral pursuant to the other Company Agreements or existing at law or in equity or otherwise. The Trustee's rights, powers and remedies may be pursued singly, concurrently or otherwise, at such time and in such order as the Trustee may determine in its sole and absolute discretion. **THE TRUSTEE SHALL HAVE NO DUTY TO EXERCISE ANY OF THE AFORESAID RIGHTS, POWERS AND REMEDIES AND SHALL NOT BE RESPONSIBLE FOR ANY FAILURE TO DO SO OR DELAY IN SO DOING.**

Section 4.09 Notice of Exercise of Remedies. The Pledgor hereby waives notice of acceptance hereof, and except as otherwise specifically provided herein or required by provision of law which may not be waived, hereby waives any and all notices or demands with respect to any exercise by the Trustee of any rights or powers which it may have or to which it may be entitled with respect to the Pledged Collateral, except that notwithstanding the foregoing or anything herein to the contrary, the Trustee shall provide thirty (30) days advance notice prior to the Trustee's exercising any such rights or powers with respect to the Pledged Collateral, during which time the Pledgor shall have the opportunity to cure the circumstance giving rise to such notice.

Section 4.10 Limitation. The Trustee may not sell or otherwise transfer any interest in the Pledged Collateral to a person (such as a governmental entity) if such transfer would result in a Tax Benefit Recapture Event. The expression, "Tax Benefit Recapture Event", means an event which would entitle the United States Department of the Treasury or Internal Revenue Service to require that the Company return all or part of the Section 1603 Grant in lieu of tax credit received in connection with the Renewable Energy Projects, or to disallow the Company's tax deductions or recapture all or a portion of investment tax credits previously claimed with respect to investments in energy property or for depreciation.

of the Pledged Collateral or any Pledged Entity to any Person or any other person or entity (other than the Trustee) are hereby revoked. The power-of-attorney granted herein shall terminate automatically upon the termination of this Agreement in accordance with the terms hereof.

Section 4.04 Management Rights. The Trustee may at such time and from time to time thereafter, without notice to, or consent of, the Pledgor or any Person (to the extent permitted by law), but without affecting any of the Obligations, in the name of the Pledgor or in the name of the Trustee: (a) notify any other party to make payment and performance directly to the Trustee, (b) extend the time of payment and performance of, compromise or settle for cash, credit or otherwise, and upon any terms and conditions, any obligations owing to the Pledgor, or claims of the Pledgor under any Organizational Agreement of any Pledged Entity, as applicable, (c) file any claims, commence, maintain or discontinue any actions, suits or other proceedings deemed by the Trustee reasonably necessary or advisable for the purpose of collecting upon or enforcing any Organizational Agreement of any Pledged Entity and (d) execute any instrument and do all other things deemed reasonably necessary and proper by the Trustee to protect and preserve and realize upon the Pledged Collateral or any portion thereof and the other rights contemplated hereby.

Section 4.05 Right of Substitution. The Trustee shall have the right, without notice to or consent of the Pledgor, to become, or to designate its nominee, designee, agent or assignee to become, a partner, member, officer or director, as applicable, of any Pledged Entity, in substitution of any existing Person serving in such capacity, subject to the terms of the Organizational Agreement.

Section 4.06 UCC Rights. The Trustee may exercise all of the rights and remedies of a secured party under the UCC.

#### Section 4.07 The Trustee Self-Help Rights.

(a) Subject to all applicable laws, the Trustee shall have the right, but not the obligation, to take any appropriate action as it, in its reasonable judgment, may deem necessary to (i) cure any Event of Default, (ii) cause any term, covenant, condition or obligation required under this Agreement or other Company Agreement to be promptly performed or observed on behalf of the Pledgor or (iii) protect the Pledged Collateral and any other security obtained pursuant to the other Company Agreements. All amounts advanced by, or on behalf of, the Trustee in exercising its rights under this Article IV (including, without limitation, reasonable legal expenses and disbursements incurred in connection therewith), together with interest thereon at the Overdue Rate (as defined in the Company Lease Agreement) from the date of any such advance, shall be payable by the Pledgor to the Trustee upon demand therefor and shall be secured by the Pledged Collateral.

(b) The Trustee shall not be obligated to perform or discharge any obligation of the Pledgor or any Pledged Entity as a result of this Agreement. The acceptance by the Trustee of this Agreement shall not at any time or in any event obligate the Trustee to (i)

## ARTICLE V

### SALES OF THE PLEDGED COLLATERAL

Section 5.01 Right to Conduct Partial Sale of Pledged Collateral. In connection with any sale of the Pledged Collateral, the Trustee may grant options and may impose reasonable conditions such as requiring any purchaser to represent that any "securities" constituting any part of the Pledged Collateral are being purchased for investment only. If all or any of the Pledged Collateral is sold at any such sale by the Trustee to a third party upon credit, the Trustee shall not be liable for the failure of the purchaser to purchase or pay for the same and, in the event of any such failure, the Trustee may resell such Pledged Collateral. It is expressly agreed that the Trustee may exercise its rights with respect to less than all of the Pledged Collateral, leaving unexercised its rights with respect to the remainder of the Pledged Collateral; provided, however, that such partial exercise shall in no way restrict or jeopardize the Trustee's right to exercise its rights with respect to the remaining Pledged Collateral at a later time or times. The Pledgor hereby waives and releases any and all rights of redemption with respect to the sale of any Pledged Collateral.

Section 5.02 Sale Procedures. Except as may be required by any applicable laws, no demand, advertisement or notice, all of which are hereby expressly waived by the Pledgor, shall be required in connection with any sale or other disposition of all or any part of the Pledged Collateral, except that the Trustee shall give the Pledgor at least ten (10) days' prior notice of the time and place of any public sale or of the time and the place at which any private sale or other disposition is to be made, which notice the Pledgor hereby agrees is reasonable. All other demands, advertisements and notices are hereby irrevocably waived by the Pledgor. The notice of such sale shall (a) in case of a public sale, state the time and place fixed for such sale, (b) in case of a sale at a broker's board or on a securities exchange, state the board or exchange at which such sale is to be made and the day on which the Pledged Collateral, or the portion thereof so being sold, first will be offered for sale at such board or exchange, and (c) in the case of a private sale, state the date after which such sale may be consummated. Any such public sale shall be held at such time or times within ordinary business hours and at such place or places as the Trustee may fix in the notice of such sale.

Section 5.03 Adjournment; Credit Sale. The Trustee shall not be obligated to make any sale of the Pledged Collateral if it shall determine, in its sole and absolute discretion, not to do so, regardless of the fact that notice of sale may have been given, and the Trustee may without notice or publication adjourn any public or private sale, and such sale may, without further notice, be made at the time and place to which the same was so adjourned. Upon each public or private sale of all or any portion of the Pledged Collateral, unless prohibited by any applicable statute which cannot be waived, the Trustee (or its nominee or designee) may purchase all or any portion of the Pledged Collateral being sold, free and clear of, and discharged from, any trusts, claims, equity or right of redemption of the Pledgor, all of which are hereby waived and released to the extent permitted by law, and may make payment therefor by credit against any of the Obligations in lieu of cash or any other obligations.

100016352-5)

- 16 -

Section 5.04 Expenses of Sale. In the case of any sale, public or private, of any portion of or all of the Pledged Collateral, the Pledgor shall be responsible for the payment of all reasonable costs and expenses of every kind for the sale and delivery, including, without limitation, brokers' and reasonable attorneys' fees and disbursements and any tax imposed thereon. The proceeds of the sale of the Pledged Collateral shall be available to cover such costs and expenses, and, after deducting such costs and expenses from the proceeds of the sale, the Trustee shall apply any remaining amounts to the payment of the Obligations in the order of priority as set forth in the Company Agreements.

Section 5.05 No Public Registration of Sale. The Pledgor is aware that §9-610(e) of the UCC may restrict the Trustee's ability to purchase the Pledged Collateral at a private sale. The Pledgor is also aware that Securities and Exchange Commission (the "SEC") staff personnel have, over a period of years, issued various No-Action Letters that describe procedures which, in the view of the SEC staff, permit a foreclosure sale of securities to occur in a manner that is public for purposes of Part 6 of Article 9 of the UCC, yet not public for purposes of Section 4(2) of the Securities Act of 1933, as amended (the "Securities Act"). The Pledgor is also aware that the Trustee may wish to purchase certain interests that are sold at a foreclosure sale, and the Pledgor believes that such purchases would be appropriate in circumstances in which such interests are sold in conformity with the principles set forth in such No-Action Letters. §9-603 of the UCC permits the Pledgor to agree on the standards for determining whether the Trustee has complied with its obligations under §9-610. Pursuant to §9-603 of the UCC, the Pledgor specifically agrees that a foreclosure sale conducted in conformity with the principles set forth in such No-Action Letters (a) shall be considered to be a "public disposition" for purposes of §9-610(c) of the UCC; (b) will be considered commercially reasonable notwithstanding that the Trustee has not registered or sought to register the interests under the Securities Act, even if the Pledgor or any Pledged Entity agree to pay all costs of the registration process; and (c) shall be considered to be commercially reasonable, notwithstanding that the Trustee purchases such interests at such a sale.

Section 5.06 Strict Foreclosure. Upon the occurrence of an Event of Default:

(a) The Trustee may, but shall have no obligation to, in its sole and absolute discretion, either negotiate an agreement ("Strict Foreclosure Agreement") with the Pledgor, or make a written proposal ("Strict Foreclosure Proposal") to the Pledgor, to retain the Pledged Collateral in full or partial satisfaction of the financial Obligations in accordance with the procedures specified in §9-620 of the UCC.

(b) In the case of a Strict Foreclosure Proposal, the Pledgor shall, within ten (10) Business Days of the Pledgor's receipt of the Strict Foreclosure Proposal, indicate the Pledgor's (i) acceptance or rejection of such Strict Foreclosure Proposal and (ii) waiver of any right to redeem the Pledged Collateral pursuant to §9-624(c) of the UCC ("UCC Waiver"). The Pledgor's indication of acceptance of a Strict Foreclosure Proposal shall be made by delivering a notice in a form substantially identical to the form attached hereto as Exhibit C.

[00016352-5]

- 17 -

Section 5.08 Application of Pledged Collateral. All proceeds from the sale of all or any portion of the Pledged Collateral, and all Distributions now or at any time hereafter received or retained by the Trustee pursuant to the provisions of this Agreement shall be applied by the Trustee to the satisfaction of the Obligations in such order and priority as determined by the Trustee in its sole and absolute discretion and in accordance with applicable law.

Section 5.09 Preferences. The Trustee shall have no obligation to marshal any assets in favor of the Pledgor or any other party or against, or in payment of, any or all of the Obligations. To the extent the Pledgor makes a payment or payments to the Trustee, which payment or proceeds or any part thereof are subsequently invalidated, declared to be fraudulent or preferential, set aside or required to be repaid to a trustee, receiver or any other party under any Bankruptcy law, state or federal law, common law or equitable cause, then, to the extent of such payment or proceeds received, the Obligations intended to be satisfied shall be revived and continue in full force and effect, as if such payment or proceeds had not been received by the Trustee.

Section 5.10 Limitation. The rights and powers of the Trustee set out in this Article V are subject to the limitation of Section 4.10 hereof.

(c) The Trustee shall notify any guarantor, any other creditor with perfected lien rights in the Pledged Collateral, and any Person, or any other person or entity entitled to notice under §9-621 of the UCC ("Interested Parties") of any Strict Foreclosure Agreement or Strict Foreclosure Proposal. Such Interested Party shall, within ten (10) Business Days of receipt of notice thereof, indicate its (i) acceptance or rejection of the Strict Foreclosure Agreement or the Strict Foreclosure Proposal, and (ii) UCC Waiver.

(d) If The Trustee fails to receive (i) the Pledgor's acceptance of a Strict Foreclosure Proposal and UCC Waiver or (ii) acknowledgements from all Interested Parties of acceptance of the Strict Foreclosure Agreement or the Strict Foreclosure Proposal, as applicable) and their respective UCC Waivers, within ten (10) Business Days of receipt of the notice periods specified in subsections (b) and (c) above (collectively the "Notice Period"), then the Pledgor, or such other Interested Party, as applicable, shall be deemed to have objected to the Strict Foreclosure Agreement or the Strict Foreclosure Proposal, as applicable.

(e) Notwithstanding the acceptance of either a Strict Foreclosure Agreement or a Strict Foreclosure Proposal by the Pledgor and each Interested Party within the applicable Notice Period, the Pledgor and the Trustee shall not be required to consummate such transfer of the Pledged Collateral unless and until (i) twenty (20) days have elapsed after the delivery of such acceptance and, (ii) any Interested Party shall have not paid and satisfied the financial Obligations in full within such twenty (20) day period as contemplated under §9-623 of the UCC (a "Redemption"). If a Redemption is consummated, the Pledgor's acceptance shall be deemed to have been revoked with the consent of the Trustee.

(f) If all the conditions specified in subsections (a) through (e) of this Section 5.06 have been satisfied, the Pledgor and each Pledged Entity shall fully cooperate, at their sole expense, in all matters deemed reasonably necessary by the Trustee to effect such transfer of ownership on the records of such Pledged Entity in accordance with any applicable requirements of the Organizational Agreement of such Pledged Entity and/or the Company Agreements. Such cooperation shall include using the Pledgor's best efforts to assist the Trustee in obtaining any necessary review, approvals and other administrative action from such Pledged Entity and the Trustee. ### SECURITIES ACT

Section 6.01 Private Securities Sale. If at any time when the Trustee shall determine to exercise its right to sell all or any part of the Pledged Collateral pursuant to Article V of this Agreement, and such Pledged Collateral or the part thereof to be sold shall not, for any reason whatsoever, be effectively registered under the Securities Act, as then in effect, the Trustee may, in its sole and absolute discretion, sell such Pledged Collateral or part thereof by private sale (for securities law purposes) in such manner and under such circumstances as the Trustee may deem necessary or advisable in order that such sale may legally be effected without such registration, provided that at least ten (10) days' notice is given to the Pledgor in accordance with the private sale notice provisions of Article V of this Agreement. Without limiting the generality of the foregoing, in any such event the Trustee, in its sole and absolute discretion (a) may proceed to make such private sale notwithstanding that a registration statement for the purpose of registering such Pledged Collateral or part thereof shall have been filed under such Securities Act, (b) may approach and negotiate with a single potential purchaser to effect such sale, and (c) may restrict such sale to a purchaser who will represent and agree that such purchaser is purchasing for its own account, for investment, and not with a view to the distribution or sale of such Pledged Collateral or part thereof. In the event of any such sale, the Trustee shall incur no responsibility or liability for selling all or any part of the Pledged Collateral at a price which the Trustee may in good faith deem reasonable under the circumstances, notwithstanding the possibility that a substantially higher price might be realized if the sale was made pursuant to a filed registration statement under the Securities Act.

MISCELLANEOUS

Section 7.01 Further Assurances. The Pledgor hereby agrees to sign and deliver to the Trustee financing statements, continuation statements and other documents, agreements, and instruments, in form acceptable to the Trustee, and do such further acts, as the Trustee may from time to time reasonably request or which are reasonably necessary to establish and maintain a valid and perfected security interest in the Pledged Collateral (and to pay any filing fees relative thereto) or to further assure or confirm the Trustee's rights hereunder. Without limiting the foregoing, the Pledgor authorizes the Trustee, to the extent permitted by law, to file such financing statements and amendments thereto and continuations thereof relating to all or any part of the Pledged Collateral without the signature of the Pledgor (including, to the extent permitted by law, to file a photographic or other reproduction of this Agreement).

Section 7.02 No Release, Etc. No delay or omission to exercise any remedy, right or power accruing upon a default or an Event of Default shall impair any such remedy, right or power or shall be construed as a waiver thereof, but any such remedy, right or power may be exercised from time to time and as often as may be deemed expedient. A waiver of any default or Event of Default shall not be construed to be a waiver of any subsequent default or Event of Default or to impair any remedy, right or power of the Trustee. Any and all of the Trustee's rights with respect to any Pledged Collateral shall continue unimpaired, and the Pledgor shall be and remain obligated in accordance with the terms hereof, notwithstanding, among other things: (a) any renewal, extension, amendment or modification of, or addition or supplement to, or deletion from, this Agreement or any other Company Agreement or any other instrument or agreement referred to herein, or any assignment or transfer of any thereof; (b) any waiver, consent, delay, extension of time, indulgence or other action or inaction under or in respect of this Agreement or any other Company Agreement; (c) any exercise or non-exercise of any right, remedy, power or privilege under or in respect of this Agreement or any other Company Agreement; (d) any sale, exchange, release, surrender, or substitution of, or realization upon, any Pledged Collateral (except to the extent otherwise specifically agreed to by the Trustee) or any other security held by the Trustee to cure the financial obligations; (e) the furnishing to or acceptance by the Trustee of any additional security to secure the financial obligations; or (f) any invalidity, irregularity or unenforceability of all or any part of the obligations or of any security therefor.

Section 7.03 Notices. All notices, consents, approvals, demands and requests required or permitted hereunder shall be given in the manner set forth in the Acknowledgment.

Section 7.04 Modification: Waiver in Writing. No modification, amendment, extension, discharge, termination or waiver of any provision of this Agreement, nor consent to any departure by the Pledgor therefrom, shall in any event be effective unless the same shall be in a writing signed by the party against whom enforcement is sought, and then such waiver or consent shall be effective only in the specific instance, and for the purpose, for which given. Except as otherwise expressly provided herein, no notice to, or demand on the Pledgor, shall

EXCEPT AS PROHIBITED BY LAW, THE PLEDGOR HEREBY WAIVES ANY RIGHT IT MAY HAVE TO CLAIM OR RECOVER IN ANY LITIGATION ANY EXEMPLARY, OR PUNITIVE DAMAGES OR ANY DAMAGES OTHER THAN, OR IN ADDITION TO, ACTUAL DAMAGES. THE PLEDGOR CERTIFIES THAT NO REPRESENTATIVE, AGENT OR ATTORNEY OF THE TRUSTEE HAS REPRESENTED, EXPRESSLY OR OTHERWISE, THAT TRUSTEE WOULD NOT, IN THE EVENT OF LITIGATION, SEEK TO ENFORCE THE FOREGOING WAIVER. THIS WAIVER CONSTITUTES A MATERIAL INDUCEMENT FOR TRUSTEE TO ACCEPT THIS AGREEMENT.

Section 7.10 Successors and Assigns. This Agreement and all obligations of the Pledgor hereunder shall be binding upon the successors and assigns of the Pledgor, except that the Pledgor shall not have the right to assign its rights hereunder or any interest herein without the prior written consent of the Trustee. The Trustee shall have the right to assign its interest in this Agreement and all rights and remedies of the Trustee hereunder shall inure to the benefit of the Trustee and its participants, successors and assigns. Neither this Agreement nor anything set forth herein is intended to, nor shall it, confer any rights on any person or entity other than the parties hereto and all third party rights are expressly negated.
